#### Announcement - - -

This is the first Volume Cumulative Index using the expanded Psychological Abstracts Controlled Indexing Vocabulary.

Index terms have been selected from a newly developed—soon to be published—

Thesaurus of Psychological Terms.

# PUBLISHED MONTHLY BY THE AMERICAN PSYCHOLOGICAL ASSOCIATION, INC. 1200 SEVENTEENTH ST., N. W., WASHINGTON, D. C. 20036

# **EQUAL EMPLOYMENT OPPORTUNITY**

The American Psychological Association endorses equal employment opportunity practices, and we reserve the right to edit all copy and to refuse ads that are not in consonance with the principles of Title VII of the Civil Rights Act of 1964.

Business communications are to be addressed to the Washington Office of the American Psychological Association. Correspondence on production and copyright matters is to be directed to the Managing Editor; on advertising and sales, to the Advertising Manager; and on subscriptions and address changes, to the Subscription Office. Changes of address must reach the Subscription Office by the Tenth of the month to take effect the following month. Copies undelivered because of address changes will not be replaced. Other claims for undelivered copies must be made within four months of publication.

# **Psychological Abstracts**

Nonevaluative summaries of the world's literature in psychology and related disciplines

#### LANGUAGE ABBREVIATIONS

A 4-letter abbreviation appearing next to an abstract number in the Subject Index, e.g., (Russ), 8358, indicates that the article was published in a language other than English (in the example given, Russ = Russian). Those entries without a language abbreviation indicate that the article was published in English.

The following list defines the language abbreviations used:

Afri = Afrikaans Alba = Albanian

Arab = Arabic

Bulg = Bulgarian

Chin = Chinese Czec = Czech

Danh = Danish
Duth = Dutch

Finn = Finnish Flem = Flemish Fren = French

Geor = Georgian Germ = German Grek = Greek

Hebr = Hebrew Hung = Hungarian Iran = Iranian Ital = Italian

Japn = Japanese

Lith = Lithuanian

Norg = Norwegian

Polh = Polish Port = Portuguese

Romn = Romanian Russ = Russian

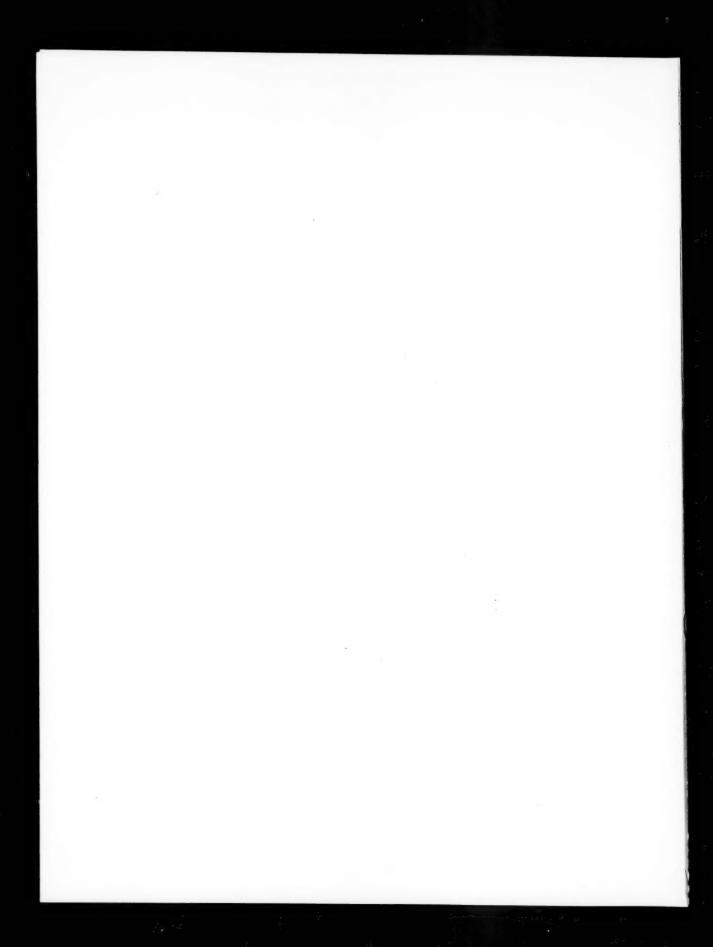

Sloe = Slovene Slok = Slovak Span = Spanish Srcr = Serbo-Croatian

Swed = Swedish

Turk = Turkish

Ukrn = Ukranian

Yugo = Yugoslavian

group counseling & behavior therapy, academic achievement, testanxious college students, 7902

group counseling & coaching, academic achievement & attitude, adult evening students, 5447

group counseling vs. group counseling & multi-media presentation multi-media presentation vs. no treatment, changes in classroom conduct & academic motivation & performance & socio-emotional state & teacher dependence & personal behavior,

group counseling, self concept & academic achievement, education-

ally disadvantaged 3rd-6th graders, 11991 group leader confrontation behavior, group counseling for academic improvement, college students, 3195

group process training vs. no training, group problem solving & cohesiveness & achievement in adult education course, 10016

group systematic desensitization & initial test anxiety level, test anxiety & academic achievement, scholastic probation college students, 3347

group vs. individual academic adjustment counseling, GPA & study orientation, reinstated students, 7967

Head Start program, early school achievement, 11947

heredity, school marks, monozygotic & dizygotic twin pairs & single born primary & secondary school children, 7984

Hidden Figures Test & GPA, creativity affected by checklist procedure & verbal pretraining, undergraduates, 234

high initial learning performance, probability & statistics concepts retention, 6th graders, 12062

high vs. low expectation development & influence, students' academic performance, black ghetto elementary school teachers,

home & family background, high vs. low school achievement, black urban ghetto 5th graders, 7824

home environment, academic achievement, parochial vs. public elementary school kindergartners, 7882

home environments & mother relations & peer involvement & academic achievement & physical ability, hyperactivity, children,

independence training age & ethnographic factors, achievement motivation & behaviors, Chinese mothers in Hawaii & ratings of their 9-12 yr. old sons, 739

individualized instruction & achievement self-image, biology achievement, high school students, 5430

inhibitory effects of high ratio reinforcement program, attending behaviors & academic performance, highly active mildly retarded students, 10059

innovations in closed-circuit televised psychology course, student attitudes & achievement & research directions, 3138

intellectual deprivation, perceptual-motor skills & intellectual performance, junior & senior high school students, 5493

intelligence & ability & achievement measures, cost factor of time in learning, 7th graders, 3126 intelligence & academic achievement, creativity testing, extension of

N. Kogan & K. Joreskog's investigations, 7906 intelligence & achievement & self concept & teacher ratings,

internal control, middle-class elementary school students, 12075

intelligence & personality factors, projective measure of need for achievement & academic achievement, students, 5431 intelligence & sex & home environment, scholastic achievement,

book, 12094 intelligence & social class & school achievement, divergent thinking,

9th-11th graders, 9197 intelligence & visual-motor skills & psycholinguistic abilities,

achievement, 3rd-5th graders, 7781 intelligence test results & counselor techniques of communication,

teacher perception & pupil achievement, 2nd graders & teachers, 7723

intensive vs. regular semester time frame, academic achievement in research methodology, 3226

internal-external control, academic achievement, 4th graders, 12009 interpersonal value patterns & school attitudes & study habits & self concept & sex, school achievement, 11th graders of superior academic ability, 7844

IQ & school grade & grades repeated & academic standing & school attendance, hyperactive vs. normal elementary school children, 5 yr. followup study, 7901

itinerant teacher observations, learning vs. teaching disabilities, academically-troubled children, 9994

language attitudes including confidence-eagerness & ethnicitynonstandardness dimensions, expectations of children's academic performance, teachers, 3351

learning-in-pairs & Glosser-type discussions, reading comprehen-sion skills & academic achievement, black & white male institutionalized delinquent 14 & 15 yr. old disabled readers, 1360

like vs. dislike for school, ability & achievement & attention & locus of control & absenteeism & tardiness, black inner-city 2nd & 3rd vs. 7th garders, 10024

marginal selection & rejection for special college preparatory program, subsequent academic achievement, 7th-8th graders,

marital status & education of mother & father & teacher predictions & race & sex & reading readiness & intelligence & degree of handicap, school success vs. failure, culturally disadvantaged children, 10040

maternal aspirations & socialization practices & social class origins, scholastic achievement, white working class 5th & 6th graders, 5314

maturation & cultural environment, mental preparation for school achievement, 7897

Maturity Scale of Missouri Children's Picture Series & Teachers' Rating Scale of Maturity, school related correlates, elementary school students, 9942

measuring intelligence test potential vs. potential intelligence, experimental & standard WAIS scores vs. GPAs & verbal productivity, college students, 2479

mental abilities & scholastic achievement & personality inventories & socioeconomic & cultural disadvantage indices, kindergarten & 1st-8th grade Negroes & Mexican-American vs. whites, 11953

Miller Analogies Test & undergraduate GPA & age, successful completion of doctoral program in education, male vs. female doctoral program students, 3193

mother's educational attainment & maternal working, IQ & scholastic aptitude & academic achievement & parental & teacher expectations & parental aspiration of child, 3rd-12th graders, 3204 motivational approach to developmental reading program, academic achievement, college fraternity & sorority pledges, 9993

native vs. experimental language of instruction & grade level, learning task performance, bilingual kindergartners through 2nd graders, 11832

noncategory child development program, early intervention in language concepts & academic & social & motor skills, 4.5-6.5 yr. olds with high school failure risks, 7763

nondirective play therapy vs. insight methods vs. behavioral modification vs. developmental vs. traditional group counseling, school achievement & adjustment, kindergartners to 6th graders, 11944

nonverbal teacher behavior, academic task performance & student's teacher evaluations, 2nd & 6th graders, 5407

objectives vs. no objectives, programmed instruction techniques course performance, graduate students, 3256

observational learning procedure, modification of aspiration level & locus of control & grade point average & educational plans, potential high school dropouts, 7836

obsessional traits, academic performance, arts vs. science junior high school students, 11969

Olguin visual method of teaching English as 2nd language, school achievement & socialization, Mexican-American kindergartners & 1st graders, 5574

open classroom experience, self concept & academic & nonacademic achievement, disadvantaged high school students over 16 yr. old, 9880

open elementary school to junior high school transition, school grades & attendance & discipline & satisfaction, 6th graders, 7900 parental aspirations & family socioeconomic status, educational achievement, children, 11898

parental counseling, classroom scores & teacher satisfaction, deprived 1st graders, 5374

perceived success & failure at learning task, self-esteem, nursing students, 11992

perceptual development program placement, academic & social & vocational adjustment & achievement, learning disabled students, 5-10 yr. follow-up, 7804

permanent school records & achievement tests & aptitude & attitude measures, 2nd language acquisition, English-speaking Canadian & Filipino high school students, 1286

perphenazine vs. amitriptyline vs. perphenazine-amitriptyline vs. placebo, symptom & academic & psychological improvement, underachieving & psychoneurotic 4th-6th graders, 3073

personal causation training, teacher & student motivation & student academic achievement & student perception of being treated as origins, black elementary school teachers, 7767
personality & motivation & intelligence, academic performance, 16

yr. olds, 5524

personality characteristics & vocational interests, legal academic achievement, 1st yr. male law students, 1351

personality characteristics, validity of academic information selfreport, high school students, 8014

personality measures, school & college academic achievement, review, 1284

personality traits & class or curriculum placement & family dissension, drug use, high school students, 4298

personality traits & IQ & GPA, self-ratings & peer group-ratings of empathy, high school seniors, 2448

personality traits, academic achievement, Mexican-American 8th graders, 7946

personality, academic attainment in education course, students,

positive messages to parents, positiveness in teaching-learning situations, 2nd & 4th & 6th graders & teachers, 3312

predictor of law school success & possible cultural bias, Law School Admission Test, minority students, 11868

Project Catch-Up, self concept & drop-out rate & academic achievement, Indian- & Mexican- & Anglo-American junior high school students, follow-up evaluation, 7893 psychological & intellectual development & school achievement, 6 8

yr. old Rh-immunized children with severe vs. mild hemolytic disease at birth vs. healthy Ss, 2662

race & socioeconomic status & age & imagery, learning, 1st & 6th graders, 9852

race & socioeconomic status, academic success, lower- & middleclass Negro & white 5th grade boys, 11911

racial & regional inequalities in school resources, academic achievement, students, 9692

reading & arithmetic subtests of Wide Range Achievement Test, school achievement, 6-11 yr. olds, 3309

regional cultures, educational performance, students, 7812

response modes to programed & computer-assisted instruction, achievement, students, 10082

retention in kindergarten vs. placement in transition group, academic achievement & school adjustment, 5 yr. follow-up, 7937 Rotter's construct of personal power & manifest anxiety & occupational aspiration & high school average & class rank &

standardized test scores & socioeconomic variables, academic success prediction & persistence in community college, freshmen college students, 9975

satisfaction, college adjustment, college academic vs. nonacademic dropouts vs. nondropouts, 1370

scholastic achievement & interests & peer status & physical growth

& abilities, modal-age vs. underage boys, 7756 scholastic aptitude & achievement & school-related activities & having job & car & plans for marrying young & socioeconomic status, dating frequency, high school seniors, 6874

school type & socioeconomic status & parental influence, personality development & academic performance, children, book, 1337

season of birth, success in school, 12098

self concept & academic achievement & parent educational background & socioeconomic status & psychological needs, career decision making abilities, community college students,

self concept & age & socioeconomic status & grades & weekly employment & parents' educational background, transfer vs. occupational community college students, 12012

self concept & attitude toward academic success, wrestling performance, high school students, 12036

self-development, academic success & nonsuccess in college & high school, 5556

self-evaluation punitive point system, classroom behavior, 7th & 8th graders, 10060

self-monitoring, oral class participation & daily grades & frequency of extraclassroom visits to teacher's office, potential high school dropouts, 5411

self-reported vs. actual GPAs, high school students, 7730

sensory integration remedial program, academic achievement, learning disabled children with mean CA of 7.4 yr., 1264

severe malnutrition during 1st 2 yr. of life, school classwork & social functioning, male school-age children, 7272

sex & academic group, self concepts, Thai vs. American high school students, 7979

sex & socioeconomic status, factors affecting academic achieve-ment, high school students, Puerto Rico, 7914

sex differences & test anxiety & knowledge of relative ability, subjective probability of failure & school performance, 7th graders, 3173

sibling resemblances & socioeconomic status & achievement, divergent thinking, high school students, 10891

single-sex vs. coeducational schools, attitudes & beliefs & behaviors in scholarship & prestige & popularity & peer influences on behavior & personal goals, secondary school students, 7854

small peer group tutorial approach using The Story Plays, achievement & attitude & self-image, 4th graders, 3269 social & academic competence, vulnerability to schizophrenia &

other psychopathologies, children with schizophrenic & internalizing mothers & externalizing & internalizing children, 9438 social competence, measured academic achievement, educable

retardates, 3158

socioeconomic & family cultural factors, mental abilities & academic success, elementary & secondary school students, 5464

socioeconomic status & academic performance & intelligence & self concept & comparative family conditions, American Indian children in Detroit public schools, Michigan, 7819

special class placement, academic achievement & visual-motor functioning, 6.5-10.5 yr. olds labeled neurologically handicapped,

special minority group educational program, scholastic performance, minority group college students, 9948

staff communications, teacher attitudes toward students & student academic proficiency, elementary school teachers & students,

structured perceptual-motor training vs. table games, perceptual-motor skills & intelligence test & achievement test scores, 9 yr. old educable mental retardates, 7798

student academic attitudes & achievement & teacher estimation of attitudes, 7th & 8th graders, 7779

student knowledge of behavioral objectives, achievement & attitudes in educational psychology, college students, 3282

student sex & academic level & predicted grade & department, rating teacher effectiveness, college students, 12057

student teacher tutoring program, Illinois Test of Psycholinguistic
Abilities score & teacher & tutor ratings, inner city 1st graders,

systematic presentation of academic material & differential reinforcement, disruptive behavior & academic performance, disruptive educable mentally retarded 12-13 yr. old boys, 3091 teacher classroom behavior, French language attrition, high school

3rd yr. French students, 10017

teacher dogmatism & values & personality & attitudes toward education & science, student academic & critical thinking achievement & attitudes toward science, junior high school science teachers & students, 12088

teacher effect, achievement score changes, lst graders entering in consecutive years, 5305

teacher expectancy & attitude toward intelligence, academic achievement & self concept & assigned teacher grades, 2nd graders, 7800

teacher expectations, academic achievement in subject matter skills & class adjustment & written & verbal self-expression, 6-12 yr. old educable retardates, 1364

teacher practices & educational strategies, cognitive performance & emotional behavior, 7-11 yr. olds in educable special classes, 5379 teacher ratings of classroom behavior & Devereux Elementary

School Behavior Rating Scale scores, French & American primary school students, 3330

teacher's personality & educational objectives choice & behavior, academic achievement, junior high school students, 5502 teaching interest & scholastic achievement & personality traits, bureaucratic orientation on Work Preference Schedule, teachers,

timidity, intelligence & achievement & self concept, 5th & 6th graders, 3192

- traditional vs. linear programed text vs. programed materials on slides, achievement & attitudes toward instruction method, students, 10110
- uniocular & alternating squints, visuoperceptual & visuomotor & scholastic skills, 8 yr. olds, 5420
- value education emphasis, academic achievement & GPA & social service participation, 6th graders, 3177
- verbal intelligence & teacher's ratings of school achievement, internalizing & generalizing syntactic rules, 56 yr. olds in Dublin vs. Boston, 10481
- verbal IQ & perception of self in school & race & fate control & socioeconomic status & sex, academic performance, 5th & 6th graders, 9969
- verbal vs. nonverbal tests, IQ & academic achievement, white vs. black vs. Mexican literate vs. illiterate women drug addicts, 9394
- visual skill development & visual disorders of accommodation & convergence & stereopsis, academic achievement, children, 10935 vocabulary test success vs. failure, state anxiety level, 9th graders,
- 7813
- volunteer tutor involvement, self concept & attitudes toward school & teacher & academic achievement, 5th graders, 3259
- within-community income variability index, within-school system
- writing behavior, good vs. average high school student writers,

#### Academic Achievement Motivation

- academic achievement motivation & response set scores on Gumpgookies, Mormon vs. Catholic vs. Jewish vs. Puerto-Rican vs. urban Negro vs. rural Caucasian vs. Hawaiian vs. West Coast Oriental vs. Mexican-American vs. American Indian preschool children, 8777
- academic performance & motivation & individual & status variables, conceptual functioning, disadvantaged high school seniors in special college preparatory program, 1340
- achievement motivation, cheating, college students, 9897
- affective & conceptual & purposive & evaluative variables, academic achievement motivation, high school students, 11890
- attribution theory, achievement motivation & educational process,
- comparison level scale for college testing situation & classroom comparison level choice & achievement motivation & verbal learning & classroom performance & attention, 7983
- group counseling vs. group counseling & multi-media presentation vs. multi-media presentation vs. no treatment, changes in classroom conduct & academic motivation & performance & socio-emotional state & teacher dependence & personal behavior, 6th graders, 3156
- high- & low-approval motivation, self-estimates of academic performance, college students, 5527
- motivational problems, standardized achievement test performance at 2 levels of test difficulty, disadvantaged 3rd graders, 9990
- reinforcement & exposure to token reinforcement, standardized test performance, trainable mentally retarded & normal 4th graders, 11329
- self-motivation, academic effort & performance, undergraduates, 7911
- sex & achievement motivation & sex-biased instruction, performance, junior high school students, 9922
- student-to-student counseling, motivating academic achievement, book, 9865
- unlimited class cuts using 2.5 grade average as cut-off point, earned grades of D & F, junior college students, 5312

## **Academic Achievement Prediction**

- academic achievement prediction, physically disabled college students, 9967
- American College Test, predictive validity, community college students, Appalachia, 11994
- amount of test data information, efficiency in achievement prediction, college students, 10010
- class mean IQ & subject areas & achievement, Learning Environment Inventory scales predictive validity, 10th & 11th
- computer application to college academic success prediction, 11942 concurrent & predictive validity, selected scales of Comparative Guidance & Placement Program as measures of college success prediction, college students, 8207
- differential predictions, reading ability, 1st graders, 11918

- ethnic membership & intellective & nonintellective factors, predicting academic achievement, Anglo vs. Mexican Americans vs. Negro junior high school students, 3354
- figural creativity, predicting grades, college students, 10073
- Frostig Test & training programs, reading failure prediction, 9857 high school origin & sex & curriculum & interruption variables,
- GPA prediction, college students, 10086 Holland's theory of vocational choice & concepts of congruence &
- consistency & homogeneity, satisfaction & achievement prediction in graduate school, graduate school faculty & students, 8063
- impulsiveness in performing task related to engineering, prediction of persistence, engineering school freshmen, 7750
  instrument development & construct validation of alternative
- means, identification of exceptional achievement potential, ethnic minority students, 9912
- Iowa Algebra Aptitude Test & Differential Aptitude Tests scores & 8th grade mathematics average, prediction of final examination grades in algebra, 9th graders, 3263
- Kahn Test of Symbol Arrangement, validity as predictor of college academic achievement, 11826
- Miller Analogies Test & undergraduate GPA & age, successful completion of doctoral program in education, male vs. female doctoral program students, 3193
- motivational patterns, academic achievement prediction, Chinese
- vs. Puerto Rican 2nd & 3rd graders, 12080 nonverbal reasoning, secondary educational performance prediction, children, Fiji, 7726
- paired-associate & concept & principle learning tasks vs. traditional psychological tests, performance prediction validity, white vs. Negro college students, 3275
- past & future academic performance & aptitude, self-made academic predictions, junior college students, 5309 perceptual & visual-motor & intellectual tests, reading retardation
- prediction, preschoolers, 7724
- perinatal factors & infant development, predicting scholastic performance, 10 yr. old low socioeconomic black children, 7928
- personality & IQ measures, school achievement prediction, 6th & 7th graders, 7718
- Rotter's construct of personal power & manifest anxiety & occupational aspiration & high school average & class rank & standardized test scores & socioeconomic variables, academic success prediction & persistence in community college, freshmen college students, 9975
- school readiness & school success prediction, screening questionnaire development, prekindergartners, 7752
- self concept & ethnic differences, academic success prediction, student nurses, 11283
- Shape-O Ball Test, validity & academic achievement prediction,
- kindergartners, 5799 simultaneous & sequential presentation of sensory information effects on intrasensory & audiovisual cross-sensory integration
- skills, prediction of initial reading skills, 1st grade boys, 8022 social intelligence & social teaching methods, academic achievement, college students, 11817
- student self-concept & teacher perception of student academic ability, academic achievement prediction, black vs. white vs. Spanish 6th graders & black vs. white teachers, 11974
- subjective secondary school personality factor evaluations as predictor of college success, college students, 9850
- teacher ratings & comprehensive test batteries, achievement
- predictive value, 1st graders, 7970

  Vane Kindergarten Test, 1st grade achievement prediction, kindergartners, 7896
- verbal-logical & nonverbal-perceptual cognitive processes & sex & race & socioeconomic status, mathematical achievement prediction, 5th graders, 9992
- Wide Range Achievement Test Reading scores & teacher ratings & WISC scores, reading deficit & emotional overlay & reading success prediction, disabled readers, 11949
- 2nd-order multiple regression models, prediction of 1st yr. GPAs, associate degree nursing students, 5531

## **Academic Aptitude**

- academic & art ability self concept, art grades & products ratings, high school students, 7720
- accelerated college programs, 7th-9th graders exceptionally gifted in mathematics & science, 7863
- achievement aptitude & demographic & personality characteristics, academic success & failure & nonacademic withdrawal, freshman nursing students, 7953

aptitude & abilities of intellect & learning, 1361

aptitude & achievement & adjustment measures, stability over time,

7th graders previously tested as 3rd graders, 3357

aptitude & achievement & occupational interests & personality traits & background data during high school, college attendance & career choice, 5 yr. follow-up study of Project TALENT

behavioral objectives vs. ability vs. sex, academic achievement, junior college students, 12050 birth order, National Merit Scholarships Qualification Test scores,

high school students, 5328 canonical correlation, perceptual motor & intellectual abilities,

kindergartners to 3rd graders, 8871 conventional vs. competency-based educational systems, psycholog-

ical effects & learning, 12126

cultural-environmental background & scholastic aptitude & biology course attitude, biology achievement, college students, 5491

curriculum tracks & academic aptitude & achievement & post high school plans & satisfaction with high school experiences, perception of school environment, high school students, 12104

data collection & analysis, similarity judgments of student classroom behavior & academic aptitude & parental relationship, industrial arts teachers, 7754

education & race & aptitude test performance & draft vulnerability, enlistment before becoming draft-eligible, 18 yr. old Air Force enlistees, 1465

instructions to use formula vs. graphic strategies, learning speed in binary task, fast vs. slow learning college students, 10475

instructions to use formula vs. graphic strategies, learning speed on binary task & subjective stress, fast vs. slow learning college students, replication & extension of A. Neufeldt's study, 10474

intelligence & ability & achievement measures, cost factor of time in learning, 7th graders, 3126

interpersonal value patterns & school attitudes & study habits & self concept & sex, school achievement, 11th graders of superior academic ability, 7844

IQ & Scholastic Aptitude Test scores & content vs. visual stimuli,

conformity, white training school inmates, 4511 like vs. dislike for school, ability & achievement & attention & locus of control & absenteeism & tardiness, black inner-city 2nd & 3rd vs. 7th garders, 10024

marginal selection & rejection for special college preparatory program, subsequent academic achievement, 7th-8th graders, progra 10072

mother's educational attainment & maternal working, IQ & scholastic aptitude & academic achievement & parental & teacher expectations & parental aspiration of child, 3rd-12th graders, 3204 nonsimulation mathematics game & student teams, mathematics achievement, low & average-ability 7th graders, 3152

past & future academic performance & aptitude, self-made academic predictions, junior college students, 5309

perceptions of scholastic & professional future & family & interpersonal relationships & forms of reactions to circumstances & events, urbanized Dakar adolescents, Senegal, 6593

personality characteristics & family background & anxiety, discrepancy between academic aptitude & achievement, college students, 11968

quantitative & verbal abilities, vocational interests & personality characteristics, Chinese-American college students, 7002

scholastic aptitude & achievement & school-related activities & having job & car & plans for marrying young & socioeconomic status, dating frequency, high school seniors, 6874

scholastic aptitude & personality & biographical characteristics, nonreturning vs. returning community college students, 7770

Scholastic Aptitude Test math & verbal performance, anagram solving, college students, 206

Scholastic Aptitude Test scores, grade point averages over 4 yr., college students from 1962-1971, 7904

students' personal & scholastic characteristics & type & preferred sources of assistance sought, perception of educational counselor's role & function & personal-professional characteristics, college students, 11869

validity, teacher completed observation questionnaire judging social & general abilities & language & mathematics & memory & task orientation & parental training style & school readiness, kindergartners, 9895

writing behavior, good vs. average high school student writers,

Academic Environment (See also Classroom Environment, College Environment, School Environment)

class mean IQ & subject areas & achievement, Learning Environment Inventory scales predictive validity, 10th & 11th graders, 8012

demic Overachieve

perceptions of internal-external control, superior academic achievement, 6-12 yr. olds, 11871

Academic Specialization

balance sheet" as tallying procedure, improvement of quality of college decision making, high school seniors, 7890

class standing & academic major & family income & rural home

environment, risk taking attitudes, undergraduates, 6662 cultural identification & feelings of discrimination & college major, Asian vs. U.S. born Chinese college students, 4362 intelligence & creativity & critical thinking, selection of college

major, college students, 7741

marginal selection & rejection for special college preparatory program, subsequent academic achievement, 7th-8th graders, 10072

obsessional & hysteroid traits & academic specialization, cause and effect thinking & perceived determinism & internal locus of control & intentionality & salience of actions, female college students, 6990

obsessional traits, academic performance, arts vs. science junior high school students, 11969

occupational values, preprofessional students in law & medicine & engineering & business & education, 7808

personality type, academic major choice, seminary students, 5453 personality variables, consistent & inconsistent & undecided career

preferences, college freshmen, 8013

receiver's status & physical proximity & field of specialization, communication channels & interpersonal interaction, psychology graduate students, 6808

self concept & age & socioeconomic status & grades & weekly employment & parents' educational background, transfer vs. occupational community college students, 12012

stability or change, goals & plans & background characteristics, entering college students, 7748

student personality type, major course selection in choice-free curriculum, college students, 11870

student sex & academic level & predicted grade & department, rating teacher effectiveness, college students, 12057

study specialization, scores on Persian adaptation of Otis-Lennon Mental Ability Tests & achievement test correlations & retest reliability, Iranian secondary school graduates, 7845

Academic Underschievement

behavior modification, unsatisfactory behavior & grades, 8th graders, 10075

client perceptions of group counselors, academic recovery, probationary college students, 3191 clinical characteristics, late adolescent college underachievers, 3333

conceptual tempo & strategy, mathematics achievement & pattern recognition & concept learning, 4th & 6th grade mathematics underachieving boys, 5288 detection of pupils with school problems, 1268

diagnostic individualized goal referenced instruction vs. small group instruction, achievement & attitude, low achieving 6th graders,

diagnostic-prescriptive adaptive teaching, school failure prevention, at risk" kindergartners, 1328

educational milieu & IQ & teacher's behavior report & grades & achievement test scores, underachieving 1st-6th graders, 7825 etiology of school problems, 3326

expectation of failure, instruction & failure of lower-class children, teachers, 7810

factor analysis, revised Illinois Test of Psycholinguistic Abilities, underachieving 4 9 yr. olds, 5332

family factors & self concept & self concept expression, formulation & application & analysis of method of similarities, female adolescent underachievers, 3093

family role, inadequacy & impotence feelings, students flunking out of college, 5423

group encounter & counseling & study skills instruction, academic performance & self-attitudes, underachieving college students, 10077

home & family background, high vs. low school achievement, black urban ghetto 5th graders, 7824

individual vs. peer group rewards, spelling performances, 3rd-4th grade underachievers, 11860

locus of control & praise, academic failure, elementary school students, 5485

lowest meaningful score concept, low achievement & school adjustment & sex differences, 9th graders, 1331

methods & materials adapted to low-reading groups, reading abilities, 1st grade underachievers, longitudinal study, 10005 personality characteristics, successful & dropout & probationary

black & white college students, 3279

preoccupation with aggression, underachievement, 8th 10th graders,

program designed for specific enhancements, modification of self concept & school sentiment, low achieving elementary students,

provision for individual differences & teacher attention, study behavior & completed assignments, female 4th grader of belowaverage academic standing, 1372

self concept, self-disclosure in group counseling, underachieving college students; 7926

self-perception & interpersonal relationships, academic exclusion, college students, 11993

society & school, student failure, 5432

society vs. student-role orientation of counseling for scholastically handicapped, 3143

techniques & evaluation & academic failure prediction form, school psychiatric counseling program for adolescents, 4931

underachievement in reading, aspirations & parental expectations, children, 10052

vocational maturity & aspiration, low socioeconomic male vs. female black & Puerto Rican high school underachievers with high potential, 3184

Acalculia

Accelerated Speech (See Speech Rate)

Acceleration Effects

increased angular acceleration, vestibular adaptation, 21-31 yr. old males, 8312

power law, perception of rotation, airline pilots, 1573

unlagged acceleration control system vs. rate control system with exponential time lag, target acquisition, 174

Accelerometers

Acceptance (Social) (See Social Acceptance)

Accessory Nerve (See Cranial Nerves)

Accident Prevention

administrative & research concerns in high crash risk identification, 3455

classification & data-gathering procedures, accident causes & prevention research, 3419

driver training, effectiveness for accident prevention, Project TALENT data, 3364

red flag vs. slow moving vehicle emblem, detectability of slow moving vehicle, 12131

residential environment design, accident prevention, 8120

**Accident Pronenes** 

clinical & statistical concepts of accident proneness, 3420

duration & distance & speed of moving targets, interdependence in judgments, adults & accident-free vs. accident-prone 9-10 yr. olds, implications for identifying accident liability, 12170

Accidents (See also Air Traffic Accidents, Highway Hypnosis

Accidents, Home Accidents, Industrial Accidents, Motor Traffic Accidents, Pedestrian Accidents, Transportation Accidents)

death by suicide & accidents & disease, postmortem cerebral cortex cortisol amount, patients, 2586

emotional maturity & age & size of farm, farm accident involvement, male & female farm operators & residents, 3384

Accidents (Cerebrovascular) (See Cerebrovascular Accidents)

Accimatization (Thermal) (See Thermal Acclimatization)

Accomplishment (See Achievement)

Accountants

Accreditation (Education Personnel)

Acculturation

acculturation & task complexity & mental age, reversal learning, lower & middle class 6-1 l yr. olds, 8790

acculturation, field dependence, college students & urban & rural Xhosa groups & white college students, 2298

fear & helplessness & sadness & insecurity & social disorientation & status loss & nonunderstanding of other cultures & adjustment problems, noncompletion of course of study, foreign students at German universities, 9898

perceived cultural influence, Sansei Japanese Hawaiians vs. American Caucasians not native to Hawaii, 6675

psychiatric symptomatology, European vs. Israeli born children in Israeli child guidance clinics, 11450

traditional & modern educational & culture-transmission processes, Sisala of northern Ghana, book, 689

Acetazolamide Acetylcholine

acetylcholine perfused through scala tympani with vs. without crossed olivocochlear bundle stimulation, cochlear microphonic & auditory nerve potential, guinea pigs, 6229

carbamylcholine & acetylcholine & epinephrine & norepinephrine, application to brain tissue, behavior of CNS single units, rats, 1891

chlordiazepoxide & pentobarbital & chlorpromazine & methotrimeprazine & imipramine & morphine & d-amphetamine & scopolamine & LSD-25 & phencyclidine, rate of hemicholinium-3

induced brain acetylcholine depletion, rats, 3877

D tetrahydrocannabinol & LSD & phencyclidine & pyrrolidyl & piperidyl isomers of ditran, EEG & acetylcholine release from cerebral cortex, brainstem transected cats, 8611

LSD, acetylcholine level in brain & olfactory bulbs & hypophysis,

neuronal function peripheral transmitters & aromatic amines, diencephalic & brainstem mechanisms, review, 6090

Acetylcholinesterase

acute & chronic amphetamine administration, brain acetylcholinesterase & choline acetylase activities & eating behavior, rats, 3902

amphetamine & pilocarpine, eating habits, rats with & without chronically low acetylcholinesterase levels, 434

chronic diisopropylfluorophosphate & subsequent scopolamine & methyl scopolamine & a-methyl-p-tyrosine, drinking behavior, rats, 6239

Acetylsalicylic Acid (See Aspirin)

Aches (See Pain)

Achievement (See also Academic Achievement, Academic Overachievement, Academic Underachievement, College Academic Achievement, Mathematics Achievement, Reading Achievement)

actual vs. expected achievement valuation, profit sharing in sexually homo-& heterogeneous dyads, university students, 6839

grade average & educational aspirations, factor analytically derived achievement-orientation dimensions, high school & college students. 7841

hope, achievement motivation & time perception, poverty children, 6519

independence training age & ethnographic factors, achievement motivation & behaviors, Chinese mothers in Hawaii & ratings of their 9 12 yr. old sons, 739

instructions to fake & test cues & prior information about test in course, achievement motivation on Thematic Apperception Test & Arnold's Story Sequence Analysis, college students, 12127

intelligence & achievement needs & birth order, rank ordering of values, 4335

intelligence & personality factors, projective measure of need for achievement & academic achievement, students, 5431

internal-external control, information-seeking behavior, Negro college students, 4551

model competence & stringency of modeled self-standards, willingness to adopt high achievement standards for self-reward when model-imposed, children, 2364

motivation & early recognition & remedy, learning disabilities, paranormals, 10101

motivational approach to developmental reading program, academic achievement, college fraternity & sorority pledges, 9993 motivational patterns, academic achievement prediction, Chinese

vs. Puerto Rican 2nd & 3rd graders, 12080 motivational style, consideration in special programs, educable

mentally retarded children, 7888 motivations & personalities, decisions to study medicine, female medical students, 9238

need for achievement & fear of failure, coercive achievement motivation, male vs. female college students, 6946

need for achievement & locus of control, performance & level of aspirations & self-ratings following success or failure, college students, 6937

need for achievement scores vs. job reaction survey & Hertzberg's job satisfaction technique, turnover prediction, Air Force junior officers, 12132

needs for achievement & affiliation & power, color choice, psychiatrists & executives, 11211

needs for achievement & affiliation & power, color choice, psychiatrists & executives, 11211

needs for achievement, job proficiency & employability & training satisfaction, vocational rehabilitation clients, 7670

observational learning procedure, modification of aspiration level & locus of control & grade point average & educational plans, potential high school dropouts, 7836

partialing out of response set scores, achievement motivation test factors, 4 yr. olds & 1st & 2nd graders, 7705

perceived difficulty of task & S's perception of ability & success vs. failure experience, performance intensity, relationship between attributional theory of performance & Atkinson's theory of achievement motivation, 6006

personal & academic correlates, achievement motivation, male students, 5363

personality & motivation & intelligence, academic performance, 16 yr. olds, 5524

positive vs. negative orientation & job training program vs. entry level job, power & effectance & achievement motivation, black disadvantaged male workers, 8102

projective vs. self-report measurement, need aggression & achievement & nurturance, institutionalized acting out adolescents & undergraduates & nursing students, 7275

semantic divergent thinking & need for achievement & sex & IQ, risk taking behavior, 5th graders, 7954

sex of competitor, performance following success, female college students, 10979

sex-role concepts, ego strength & happiness & achievement plans, senior college women, 9166

simulated normative feedback & motivational variables of achievement & affiliation, persistence & subjective probability of success at insolvable figure-tracing task, 12th grade students, 10408

situational achievement motivation as moderator variable, predicting consistency-seeking behavior in expectancy disconfirmation situations, 8942

success vs. failure on easy vs. average vs. difficult tasks, subjective estimates of ability & task preference, 3248

Success-Motivation & Failure-Avoidance & Difference Scales of Success-Failure Inventory, relationship to Marlowe-Crowne Social Desirability scale, college students, 7010

translation vs. natural setting situational method, teaching Hindi as 2nd language, high & low achieving postsecondary school pupils, 3314

unacquainted dyads & performance-related feedback producing failure for 1 member & success for other, interpersonal distance, college students, 2345

visual perceptual handicaps, need achievement motivation & risk taking, kindergartners & lst & 2nd graders, 5368

taking, kindergartners & lst & 2nd graders, 5368
year in school & academic achievement & success context,
motivation to avoid success, female college students, 6965

Achievement Potential

language aptitude & personality factors, audio-lingual foreign language learning, male adult students, 3109

listening comprehension test, identifying college potential, disadvantaged junior high school boys, 7823

Primary Mental Abilities vs. English vs. Spanish WISC vs. Picture Motivation Scale vs. Kohs Block Designs vs. Raven Coloured Progressive Matrices, predictive validity, Mexican American educable mentally retarded children, 11932

Achilles Tendon Reflex

metamphetamine & diazepam & saline, amplitude changes of Achilles tendon & Hoffman reflex during mental task, 1845

Achromatic Color achromatic zone for red light in fovea & green light in periphery, threshold mechanisms for scotopic & photopic retinal system, 3546

lateral movement of achromatizing lens in front of eye, dissociation of stimulus areas of different hue, 1559

Acid Phosphatases

Acids (See also Adenosine, Alanines, Amino Acids, Ascorbic Acid, Aspartic Acid, Aspirin, Deoxyribonucleic Acid, Dopa, Fatty Acids, Folic Acid, Glutamic Acid, Glutamine, Glycine, Heparin, Histidine, Leucine, Lysergic Acid Diethylamide, Methionine, Nicotinic Acid, Nucleic Acids, Phenylalanine, Phosphatides, Ribonucleic Acid, Tryptophan, Tyrosine, Uric Acid)

orotic acid, acquisition vs. extinction vs. reacquisition of conditioned response, isolated metathoracic ganglia vs. headless vs. intact cockroaches, 1932

orotic acids, memory of brightness discrimination task, rats, 8649 total sleep deprivation & urine volume, circadian rhythm of 17-hydroxycorticosteroid & vanillymandelic acid excretion, healthy males, 1821

Acne

Acoustic Nerve

auditory nerve, homolateral & contralateral masking, 10605 Acoustic Reflex

acoustic middle ear reflexes, auditory function, non-anesthetized rabbits, 6102 pure tone vs. noise stimuli, stapedius reflex threshold, young adults,

8275

Acoustic Stimuli (See Auditory Stimulation)
Acrophobia

ACTH (Hormone) (See Corticotropin)
Acting Out

alcoholic intoxication, symbolic acting out of adjustment problem, 25 yr. old male, case study, 4687

cognitive & motoric & affective & moral judgment inhibition, stuttering vs. acting-out vs. normal elementary school boys, 4718 Gestalt therapy, emotional relationship termination, psychotherapy

patients, 11789

projective vs. self-report measurement, need aggression & achievement & nurturance, institutionalized acting out adolescents & undergraduates & nursing students, 7275

recognition memory of emotion stimuli & subjective correlates of stimulation-seeking & emotional responsivity, psychopaths vs. normals vs. acting-out neurotics, 4670

Active Avoidance (See Avoidance Conditioning) Activism (Student) (See Student Activism)

Activist Movements (See also Student Activism)

sex & marital status, attitudes about sex roles, antiwar demonstrators, 6697

**Activities Index** 

Actualization (Self) (See Self Actualization) Acuity (See Perceptual Discrimination)

acupuncture, Bourdon's test & numerical square & word association test performance & spontaneous & task tapping, students, 10624 **Acute Alcoholic Intoxication** 

Acute Psychosis (See also Acute Psychotic Episode, Acute Schizophrenia)

**Acute Psychotic Episode** 

acute psychotic episode in group psychotherapy, group anxiety & activity disruption & intervention techniques, 7421

appropriate length of hospitalization for 1 psychotic episode & staff bias on illness expectancy & physician orientation to suspected illness, hospitalization vs. release, psychiatric patients with criminal records, 2928

cognitive impairment & depressive symptoms before & after L-dopa therapy & acute psychotic disorders, Parkinson's disease patients, 9560

decompensation, acute psychotic episodes, mentally retarded adolescents, 7292

Acute Schizophrenia

extraversion & neuroticism & rigidity & dogmatism & intolerance of ambiguity, abnormality differentiation, brain-damaged & acute schizophrenic & normal males, 11382

figure-rotation errors, personality tests & learning rate, brain-damaged & acute schizophrenics, 9351

Horney holistic-dynamic psychoanalytic theory application, Freudian & nonspecific therapeutic approaches, acute & chronic schizophrenics, review, 1048

insulin injections, plasma free fatty acids & serum cortisol & blood sugar & pulse & systolic blood pressure & evidence for defective

homeostasis, acute schizophrenics, 2622

P-phenylenediamine oxidation using Ravin's method, serum ceruloplasmin activity, acute & chronic schizophrenics & acute catatonic stupor Ss, 2563

paternal & maternal censure, familial schemata, acute & chronic schizophrenics with poor & good premorbid adjustment, 11438 practice & exposure time & difficulty, serial learning, normal vs.

acute schizophrenic vs. brain-damaged male adults, 7091 simple proverbs test, thought disorder, chronic & acute schizophren-

ics & manics & neurotics & personality disordered, 11626 spiral aftereffect duration discontinuity trends, 18-31 yr. old acute schizophrenics, 9275

verbal learning & verbal conditioning, acute vs. chronic & simple vs. paranoid schizophrenics vs. psychotics vs. normals, 995

Adaptability (Personality)

adaptability & interpersonal acceptance, parental teaching behavior, mothers vs. unmarried female college students, 2159

adjustment & creation, adaptation to social change & self development, 6974

age & flexibility-rigidity, job performance adaptability, 1402 analytic vs. client-centered orientation, importance of adaptability

vs. personal conformity & rigidity, psychotherapists, 901 college environment & rigidity vs. flexibility, changes in Omnibus Personality Inventory scores, male vs. female college freshman, 3341

education, components of adaptive capacity of individuals & social systems, 3166

motivations & stimulus barrier, drug dependence, 9331 openness to experience, interpersonal attraction, 6796

rule making participation, rule changing flexibility & generalization, kindergartners vs. 1st graders, 628

sex differences, spontaneous flexibility & field dependency & aptitude to structure ambiguous figures, secondary school students, 10243

Adaptation (See also Dark Adaptation, Sensory Adaptation)

cognitive controls in adaptation to life situation, cognitive style, 10510

ethology, limitations of Darwinian theory of adaptation, 8720

increased angular acceleration, vestibular adaptation, 21-31 yr. old males, 8312

neutral & alarm conditions, adaptation series, 18-35 yr. old stutterers, 11514

Adaptation (Dark) (See Dark Adaptation)

Adaptation (Environmental) (See Environmental Adaptation)

Adaptation (Sensory) (See Sensory Adaptation)
Adaptation (Social) (See Social Adjustment)

Addiction (See also Alcoholism, Drug Addiction, Heroin Addiction) Szondi Test performance as indication of personality, implications for behavior modification, addicts & addiction-prone patients. 7174

Addisons Dise

Adenosine

norepinephrine & cyclic 35-adenosine monophophate, cerebellar synapses, rats, 356

urinary excretion of cyclic adenosine monophosphate, bipolar manic-depressive & manic & schizophrenic episode patients, 933

adjective intrajudge agreement, self-evaluation scale of endogenous

depression, analyst & patient, 9744

category size & preservation vs. disruption of free recall subjective organization & imagery & control group selection & nouns vs. adjectives, free-recall to paired-associate transfer, college students, 10390 empirical judgments of adjectives denoting feeling, college students,

6883

interaction of likeableness adjectives, nonadditivity of impressions, 11044

positive vs. negative superlative word combinations, understanding, school age children, 10888

positively- & negatively-evaluated adjectives representing sociability & responsibility dimensions, impression formation, undergraduates, 2319

prior exposure to high- vs. low-valued personality trait adjectives, impression formation, college students, 11093

serial position of personality-trait adjectives, impression formation, college students, 10384

social class, adjective & adverb usage in writing, Scottish schoolchildren, 2435

Adjudication

court's application & meaning, child custody laws, 6649 defendant's character & suffering, juridic judgment in simulated

jury situation, undergraduates, replication & extension of D. Landy & E. Aronson's study, 4446

legal system involvement & nonmedical factors & physician experience, mental incompetency adjudication, 4677 neighborhood & school & juvenile delinquency, court appearances,

11463

Adjustment/

affective reactions & routine task performance & leisure activities & interpersonal conflicts & physical condition & psychosomatic complaints, 15-35 yr. old drug consumers vs. nonconsumers,

congruity of deference needs & organizational authoritarian presses, academic & organizational achievement & adjustment, U.S. Military Academy 2nd yr. cadets in 1968 & 1969 & 1972, 4538

maternal attitudes & behavior, self-esteem & overall adjustment, 8 14 yr. old children with birth defects, 4679

personal adjustment, authoritarian attitudes toward mentally ill, psychiatric aides, 7034

psychological aids, adjustment to resident care, retarded children & parents, 7675

Psychological Screening Inventory & Adjective Check List human relations participants vs. personal-adjustment clients vs. non-clients, college students, 11105

self concept differential & general adjustment & activity level

relationships, aged, 6606 sex & adjustment & art-science preference & complexity-simplicity & type of school, creativity, adolescents, 6963

#### Adler (Alfred)

Adler vs. Nietzsche, communication therapy & pragmatism & existentialism, 2393

Adler's views of neurotic character, Camus' The Fall hero, 2427

Adlerian approach, social interest attitude changes measurement, entering college students, 5413

Adlerian group counseling, change in psychological problem category & social interest, 9th graders, 5397

therapist creativity, Adlerian psychotherapy, 11530 Administration (Test) (See Test Administration)

Administrators (See Management Personnel)
Administrators (See Management Personnel)
Admission (Hospital) (See Hospital Admission)
Admission (Psychiatric Hospital) (See Psychiatric Hospital Admis-

sion)

Admission Criteria (Student) (See Student Admission Criteria)

Adolescence (See Adolescents)

Adolescent Development

adolescent transformation of self & development, 10932

anorexia nervosa, urinary excretion disorder, male adolescents, case report, 11337

dating frequency & preoccupation with sex & sexual experimentation, middle-class suburban adolescents from beginning of high school through 3 yr. after graduation, 4192

Disengagement Measure development, disengagement from childhood, late adolescent females, 4174

ego function & identity formation, black & white lower socieconomic class male adolescents, 6515

father's response style & ego functioning & helpfulness with adolescent tasks, son's adolescent development & adjustment, 10917

locus of control & self concept in academic vs. social settings, mildly retarded 7th vs. 11th graders vs. nonretarded 7th graders, 9342

open adaptive style, paranoid behavior, late-adolescent males, discussion of A. Heilbrun's developmental model for paranoid behavior, 2125

parental attitudes & home life, adolescent development, exploded" teenage males admitted to mental hospitals, 9324

peer group conformity & individuality, adolescent development, non-Maori New Zealand adolescents, 8781

psychoanalytic treatment & developmental factors, attempted suicide & self-mutilation, adolescents, 7458

self-esteem & self-consciousness & preoccupation with self & self concept stability, self concept development, 3rd 12th graders & adolescents, 2179

socioeconomic status, individual growth, Dakar adolescents, Senegal, 8789

stability of childhood & adolescent adjustments, alcohol & drug use & marital instability & psychotherapy need, physicians, 4591 status aspirations & attitudes, adolescent development, 649

T-group laboratory learning, ego development, high- vs. low-pathology adolescents, 9820

Adolescent Psychology

observation studies, value in increasing proficiency in interpreting adolescent behavior, undergraduates in adolescent psychology course, 3261

#### Adolescents

absence of sex education, case reports of psychological results, adolescents, Afghanistan, 6537

accuracy-emphasized instructions, attribute-identification task

performance, 12th graders, 6077
achievement motivation patterns, low income Caucasian vs.
Mexican-American vs. Negro adolescents, 12005

adaptive style to experienced aversive maternal control, interpersonal distancing following failure, adolescents, 6517

adolescent drivers as members of deviant population, implication for highway safety research & programs, 3410 adolescent judgment, book, 4196

Adolescent Emotional Factors Inventory, clinical interpretation vs. factorial analysis of personality inventories, visually handicapped adolescents, 10240

adolescent 4-8 MMPI profiles, predicting from taxonomic class,

adolescent psychiatric patients, 11397
adolescent-adulthood transition, logical thought processes in operational tasks, high vs. low dogmatic 11th & 12th graders,

affective feeling for film character, evaluation of antisocial act by character, adolescents, 6818

Afrikaans version of Eysenck Personality Inventory & Eysenck Tender-Mindedness scale, prejudice & introversion-extroversion & neuroticism, Afrikaans-speaking high school students, South Africa, 5784

age & culture, parental esteem & self-esteem, advantaged white vs. disadvantaged students, 6470 white vs. disadvantaged black high school

age & intellectual level & psychological stress, social perception organization rigidity, 13-16 yr. old Flemish students, 10419

age & physical maturity vs. learning factors & school environment & socioeconomic status & maternal role expectations, parent orientation, 10-14 yr. old girls, 6622

age & prior performance, distribution of winnings with teammates. 7-15 yr. old boys, 6604

age & sex & task, interpersonal visual behavior in dvads. 4 yr. olds to college students, 6827

age & sex differences, IQ changes over time, 5-13 yr. olds, 6541

age & sex roles & job satisfaction & job analysis, employment & unemployment & retirement, 12184

age & sex, time perception, 13-20 yr. olds, India, 8802

age & syntactic structure, language connectives & disjunctive relationships comprehension & propositional logical thinking, 2nd graders to college students, 6572 age level & word frequency, reading speed, 1st graders to graduate

students, 10823

age, EEG during RT task, 4-16 yr. olds, 8568

age, Self-Disclosure Inventory scores, 12-18 yr. old urban females,

aggressive tendencies & sensation seeking & purpose-in-life, drug abuse & latent aggression, 12-15 yr. old males vs. females, 4303 aging, attitudes & perceptions of experiences, psychiatric outpa-

tients & nonpatients 16-60 yr. old & older, 6505

analysis of suicidal & aggressive & psychotic & psychotic-drug reasons for hospitalization, crisis evaluation questionnaire, adolescents, 7337

anomie & aspirations & educational achievement, frequency of commission of delinquent acts, 11th graders, 7297

anxiety, rote serial learning, male 11th graders, 8412

application of propositional calculus to analysis of adolescent thinking, characterization of Piaget's transformation operations,

application of reflexology in sports activities, conditioning of study & behavior, children & adolescents, 3242

art oriented work experience, behavior modification of classroom behaviors, emotionally disturbed adolescents, 9843

attention & social contact withdrawal, hysterical vomiting, 17 yr. old female, 11527

attitude toward work, adolescents, 2076

attitudes & tastes & interests & work or studies & money & possessions & personality & social characteristics & body & sex, self-disclosure & perception of self-disclosure, parents & teenagers, 586

attitudes toward contemporary issues as evidence of generation gap, adolescents vs. adults, 6548

attitudes toward contemporary issues, high school students vs. parents in noncollege working class semirural community, 4168 attitudes toward mental health, black & Spanish-speaking adolescents, 6536

attitudinal & perceptual orientation toward young people, 60-69 yr. olds, 6481

aversive stimulus vs. rationale vs. mother vs. father as punitive agents, resistance to deviation behavior & self control, middle class Caucasian 14-16 yr. old males, 11091

axon length, dissipation of visual & kinesthetic aftereffects, college students & 14-15 yr. olds, 5897

background orienting & conditioned electrocortical EEG reactions, hyperactive 8-9 vs. 14-15 yr. olds, 9431

behavioral & psychoanalytic approaches, severely disturbed adolescents, 7532

belief similarity & race & amount of information, response to stimulus person, 9th 10th grade Caucasian girls, 11124

birth order & sex & socioeconomic status & family size, adult orientation, 10th & 11th graders, 2185

causes, running away from residential center, adolescent girls, 7536 characteristics, creatively gifted children & youth, research review, 10925

Child's Report of Parental Behavior Inventory, recall of parental acceptance vs. rejection & psychological autonomy vs. control & firm vs. lax control during adolescence, college students, 2070

childhood & adolescent depressive states, proceedings of 4th Congress of Union of European Pedopsychiatrists, book, 7071

- childhood television viewing patterns, marihuana usage, 15-19 yr.
- children & youth & family life, bibliography of research, 2062
- clinical history vs. Rorschach & TAT test results, psychopathological personality structure, infantile & adolescent murderers, 7131
- clinical outpatient treatment, adolescent crisis syndrome, 3 case reports, 7408
- cognitive processes expressed in speech, social adjustment, male high school students, 6970
- cognitive style, field dependence & body concept & academic achievement & self-reliance & personal worth & freedom, adolescent educable retardates. 11819
- combinatorial ability, estimation of possible permutations, adolescents 593
- community & family & school climate & values, class values & social & personal expectations & modal relationships, white working class adolescents, 4230
- community oppression & occupational structure & perception of mobility opportunities, achievement motives & value orientations, black & white adolescent males in rural South, 737
- concepts defined by disjunction vs. conjunction of relevant characteristics, acquisition strategies, 10th-12th graders, 5979
- conditioned hope & success stimulus, fear & maximum jumping height decisions, 15-17 yr. old males, test of Mowrer's 2-factor learning theory, 3641
- constancy & regionality, mental tempo from childhood to adolescence, Tokyo vs. Akita, 8843
- contextual variations & parental behavior, self-esteem, adolescents,
- controlled association & marker tests, factorial structures with divergent- & convergent-production abilities, 17-18 yr. old Yugoslavians & Americans, 5757
- correlational vs. comparative methodology, factor analyses of communication skills & intelligence, deaf children & adolescents, summary of 9 studies, 4627
- crippled motion body locomotion & manipulation & speech abilities, cerebral palsied 3-19 yr. olds, 7243
- cross cultural & sex differences, field dependence & illusion susceptibility & maze performance & visual imagery, Eskimo vs. Caucasian adolescents, 10337
- cultural & social factors & attitudes toward's woman's role & career & educational plans & college choice, achievement motivation & occupational choice, middle class Protestant & Jewish adolescent girls, 576
- cultural environment, drug usage & abuse, preadolescent & adolescent middle-class & ghetto drug users, 4290
- cultural factors, orientation of image in human figure drawings & design tasks, adolescents, 6633
- cultural group, value orientations, adolescents, 4288
- cultural or societal change, personality development, adolescents, longitudinal study, 4085
- dating, self-image convergence between partners, high school Ss, 11046
- decompensation, acute psychotic episodes, mentally retarded adolescents, 7292
- defensive vs. participative management practices in residential child care institutions, attitudes, staff & adolescent residents, 7552
- depression & anxiety & delinquency & learning difficulties & bodily symptoms & phobias & drug abuse & suicide & hypochondria, adolescents in inpatient units, United Kingdom, 962
- desirability of personality dimensions for selves vs. peers vs. other age groups, 15-18 vs. 34-40 vs. 64-74 yr. olds, 6457
- development & characteristics from early childhood into adult life, homosexuality, male & female homosexuals vs. heterosexuals,
- developmental & methodological issues, logical thinking growth, adolescents, 8878
- developmental differences & word frequency, selection strategies in verbal discrimination learning, 4th grade to college level students,
- developmental level & emotional involvement & inconsistency resolution, impression formation, 6-7 & 12 13 & 18 19 yr. olds,
- diagnostic criteria for abdominal epilepsy, children & adolescents,
- digit span test performance, information processing & problem solving on mental addition task, high school students, 10393

- direct magnitude estimation vs. indirect paired comparisons scaling methods, value consensus about seriousness of life events, adolescents & adults, 6585
- directedness & dynamism & plasticity in individual value systems as
- childrearing goals, 15 yr. olds, 601 disadvantaged vs. advantaged status & sex & age, self concept, Negro 8th-12th graders, 11885
- dissociality of minors, legal basis of social programs & psychogenic factors of child neglect & therapeutic intervention & prognosis & prevention, symposium report, 5213
- draft lottery vs. laboratory analogue, attitudes toward alternatives & attribution of responsibility for outcomes to policies leading to
- lottery participation, 19 yr. olds & college students, 4265 drug & alcohol use, 15-25 yr. olds attending psychiatric emergency service, 11478
- drug usage & attitudes & knowledge, rural junior high & high school students, Canada, 8966
- drug usage & therapeutic community treatment, adolescents, 9749
- drug usage patterns, adolescent psychiatric inpatients, 4644 drug usage, 6th-10th graders in rapidly growing suburban community, 8940
- drug use & sexual behavior data, refutation of youth-in-revolt & conformity contentions & counterculture & Consciousness III concepts, 2202
- dynamic interchange in psychodrama, equilibrium & adjustment towards ego harmony, 12-14 yr. olds, 9740
- educational & occupational attitudes, 14-17 yr. old employed school dropouts, 7997
- educational level, belief in superstitions, Arab 8th vs. 11th graders vs. college students, Lebanon, 6783
- EEG, 14-16 yr. old monozygotic vs. heterozygotic twins, 10585
- ego strength & alienation, marihuana usage & extracurricular activity preference, adolescent girls, 8023
- endocrinopathies, delayed sexual maturation, female adolescents, 9271
- estimated harmonic complexity of musical instrument played, Seashore Test of Timbre Discrimination scores, adolescents & young adults, 5815
- ethnic characteristics of social models, social modeling of decisionmaking behaviors, 8th graders, 8908
- ethnicity & task administrator's & S's sex, visual tracking performance, black adolescents, 1588
- exhibitionism, 15 yr. old, 9335 expectations of self & others & disapproval, anxiety & anger,
- adolescent girls, 4149 experiences of death & age, development of concept of death, 9-14 yr. olds, 8787
- experimentally induced changes, moral judgment, average & above average intelligence male adolescents, 10814
- extensive language teaching vs. intensive mathematics teaching vs. ordinary country school, fear structure, 12-13 yr. olds, 1316
- extroversion, ESP, Indian high school students, 9178 factor analysis & correlation of verbal & nonverbal intelligence &
- traditional creativity & M. Wallach & N. Kogan's creativity, black rural 10th & 11th graders, 6961
- family & social & educational & drug use & occupational backgrounds, 15-24 yr. old drug abusers, 10952 family characteristics, antisocial behavior & incarceration, incarcer-
- ated & high school male youth, 7294
- family factors & self concept & self concept expression, formulation & application & analysis of method of similarities, female adolescent underachievers, 3093
- father absence & early vs. late separation, personality development & sex-role typing & interactions with males, 13-17 yr. old firstborn females, 4138
- father absence vs. presence, antisocial behavior, 12-18 yr. old males, 2174
- father's educational level & family size, intelligence & academic
- performance, Iranian 17-19 yr. olds, 8840 father's personality crises & depression, separation & identity formation, adolescent males 18 24 mo. after family therapy, 2934
- father's response style & ego functioning & helpfulness with adolescent tasks, son's adolescent development & adjustment,
- fears & anxiety in childhood & adolescence, 6-18 yr. olds, 10899 field dependence-independence, similarity judgments of hierarchically organized pairs of pictures & words, high school seniors, 8489

field-independence measures & reference tests of abilities & achievements & interests & personality, distinctiveness of field independence, 8th graders, 4544

fluphenazine oenanthate, 48 yr. olds with early childhood psychoses vs. 6-12 yr. olds with latency period psychoses vs. 14-16 yr. old schizophrenics, 9695

frustration, acting out aggression, black vs. white middle class junior high school boys, 4541

general vs. specific items & Vocational Inventory Profile vs. Kuder Preference Record translated into Spanish, vocational interests measurement, 15 yr. old Spanish boys, 5743

genetics & acclimatization, physical growth & development & attainment, adolescent & adult Peruvian Quechua, 10855

group counseling & race & age & basic skills achievement, self concept, 16-20 yr. old economically disadvantaged females in federal job training program, 10140

group counseling, personal & social & school adjustment, black male adolescents, 5446

group effect & task complexity, personality impression formation & judgment polarization, 17-19 yr. old secondary school students, 2367

group leader's experiences, therapeutic-educational youth home for adolescent boys, 5086

group pressure & task difficulty, errors in line estimations as indication of personality stability, 9th & 10th graders, replication of Asch's conformity experiment, 4481

group psychotherapy in playgroups & art therapy & music & dance therapy, severely mentally ill & adolescents with adjustment problems & drug addicts & families, 5209

group screening combined with telephone contact, treatment decisions, adolescents applying for outpatient therapy, 1151

guided fantasy counseling technique, increasing self-awareness & emotional expression, teenagers & young adults, 2909

health motivation, perceived vulnerability & benefits & dental trauma history & intention of taking health action, 8-17 yr. olds, implications for health education, 6502

housewife boredom & marriage role changes & adolescent identity seeking, falling in love with celebrities as form of sexual & escape fantasy, 8999

human figure drawing, adolescent problem diagnosis, book, 9451 human relations laboratory training, creative problem-solving competence, 9th graders, 11106

impoverished social environments, sociogenic brain damage &

learning disabilities, children & adolescents, 7241 incidence of & psychological factors involved in murder, 13-18 yr. olds, 7092

information sources & source usage, acquisition of views toward peace & war, high school students, 9126

inhibition, human movement response on inkblots, 7th graders, 6934 initiation & influence in strategy game, racially mixed groups of black & white 7th & 8th grade boys, 2322

intake interview, group counseling client perceived outcome & attendance & dropout rate, 9th-12th graders, 11828

intelligence & socioeconomic status, time perception, 14-16 yr. olds, 10913

interpersonal relations & school organization, drug education programs, adolescents, 5364

interstimulus interval & reward, recall of incidentally vs. intentionally learned nonsense syllables, 15-17 yr. olds, 8364

intertrial rest interval, alphabet inverted writing task, 16 18 yr. olds,

intra- & interpersonal psychological disturbances, adolescent drug users vs. abstainers, 4700

intrapersonal openness to parents, successful family coping in drug arrest crises, arrested adolescents, 4651 Junior Eysenck Personality Inventory scores, Irish 13-15 yr. olds,

11250 Kahn Test of Symbol Arrangement & nomological network,

prediction of behaviors occurring in token economy program, emotionally disturbed teenagers, 7472 Kibbutz experience, personality development, adolescents, 6638

knowledge of results & assigned line length, line drawing, blindfolded 18-21 yr. olds, 8332

legal & treatment problems, heroin abuse & addiction, San Francisco adolescents, 9732

letters vs. difficult vs. easy random dot patterns, coding & short-term retention of visual information, high school students, 8442

locus of control & extreme behavior, risk taking & persistence & shifts in aspiration level & success estimation, high school students, 4484

locus of control & trust in experimenter, gratification delay, high school students, 4504

locus of control, vocational goals, educable mentally retarded adolescents 9928

logical hypotheses & possible strategies, concept formation, 5-15 yr. olds, 6625

magnitude of offers made by opponent & alternative to bargaining relationship, magnitude of subjective utility parameters in tacit bargaining game, junior & high school students, 6861

maladjustment vs. affective disorder, adolescent psychiatric patients, 7151

male prostitutes serving male clientele, homosexuality vs. heterosexuality, 12-17 yr. olds, 9371

male vs. female co-counselors, self concept, pregnant Negro

teenagers in group counseling, 11784
marihuana & LSD & mescaline & amphetamine & barbiturate & alcohol use, 14-23 yr. old Peruvian psychiatric patients from upper & middle class stable homes with psychological disturbances preceding drug use, 2651

marihuana, clinically induced psychological & neurological effects, 13-24 yr. olds, challenge of H. Kolansky & W. Moore's study, 10695

marihuana, clinically induced psychological & neurological effects, 13-24 yr. olds, critique of H. Kolansky & W. Moore's article, 10673

marihuana, clinically induced psychological & neurological effects, 13-24 yr. olds, longitudinal study, 10646

marihuana, clinically induced psychological & neurological effects, 13-24 yr. olds, support of H. Kolansky & W. Moore's study, 10648 masculinity-femininity, creativity, male adolescents & their parents, 11222

maternal effects, intellectual functioning, parents & their teenage children, 652

maternal starvation during pregnancy, adult mental activity of offspring, 19 yr. old males, 8869

meaningfulness vs. meaninglessness of semantic differential scale, extremity of ratings of game behavior of opponents, 14-16 yr. olds, replication of D. O'Donovan's study, 6835

Meher Baba cult, mysticism & drug rehabilitation & postadolescent role conflict, 2288

MMPI configurations & social competence & life history variables, followup study of internalizing vs. externalizing adolescent psychiatric patients into adulthood, 9458 MMPI Hysteria & Psychopathic Deviate & Schizophrenia &

Hypomania & Social Introversion Scales, personality characteristics, middle & upper middle class drug abusing vs. nondrugabusing adolescents, 2643

MMPI, 13-21 yr. old psychiatric patients, 7130

mobile health unit, neighborhood psychiatry, adolescents & young adults in deprived urban area, 5119

motion pictures, images of adolescent sexual development, 9122 multiple drug use patterns, adolescent marihuana smokers vs.

nonsmokers, Eastern Canada, 4363 Myokinetic Psychodiagnosis test, analysis of intelligence factor,

adolescent females, 2562

new psychotherapy approaches, teenagers, 2856 new technique used in psychodrama, family structure, children & adolescents, 11590

nonverbal transactional metaphor & catalyzing sensitivity technique, group therapy, adolescents, 1201

normal cueness & visual cueness & visual deprivation, balance skill learning rate, normal vs. congenital deaf vs. acquired deaf 12-15 yr. olds, 11388

number of plays of social simulation game called Ghetto, change in attitudes toward ghetto people, high school students, 11081

occupational guidance effectiveness & Goodstein's Indecision & Indecisive Constructs, career decision, disadvantaged high school & college students, 11853

open vs. closed adaptation to aversive maternal control, tolerance for ambiguity, late adolescent males, implications for develop-

mental model of paranoid behavior, 4137
operant techniques, vocational behavior modification, moderately
to severely retarded adolescents, 7669

opinions toward vocational training program, parents of educable retarded adolescents, 9830

Outward Bound School experience, self concept, adolescent boys,

oxazepam, neurotic & psychotic anxieties, 7-17 yr. olds, 11667

paired-associate training during sleep Stages 2 or 1-REM & 4, recognition, high school students, 6012

paradigmatic & syntagmatic attitudes, linguistic association styles, children & adolescents & young adults, 2078

parental & peer & adult attitudes, 13 yr. old Swedish adolescents. 6459

parental acceptance & reinforcement & confrontation & cooperation, nonpersonal goal involvement, 10th yr. lyceum students, 648 parental child rearing attitudes, parents of adolescents who attempted suicide, 2770

parents' perceptions of adolescents' self-concept vs. adolescents' self-concepts, 9th graders & parents, 11047
patient admission & discharge & parental MMPI scores,

hospitalized adolescents, 4794

peer group variables & perceived drug effects & sex, alcohol & selected drug personal use patterns, Neighborhood Corps enrollees, 674

peer vs. authority source & prior experience of agreement vs. disagreement, conforming behavior, adolescents, 4402

perceived family closeness, marihuana & LSD & barbiturate & amphetamine use, 12-22 yr. old students, 4355

perception & conception of others, adolescents & teachers & workers, USSR, 9011

perception of parental behaviors towards them, sex & delinquency & security, 11th graders, 2154

perception of parental training technique & parents' report of training technique, social cognition, 12 & 13 yr. olds, 612

perception of racial characteristics by physical appearance, Puerto Rican secondary school students, 10966

perceptions of scholastic & professional future & family & interpersonal relationships & forms of reactions to circumstances & events, urbanized Dakar adolescents, Senegal, 6593

Persian translation of Cattell's 16 Personality Factor test, personality patterns & comparison with American norms, 17-19 yr. old Iranian high school students, 8950

personal freedom, power psycho-cybernetics, youth, book, 2945 personality abnormalities & prior psychiatric referral & social maladjustment, soft to hard drug use progression, adolescent

females, 11331

personality attributes on MMPI, young nonaddicted drug abusers,

personality factors & general intelligence & high vs. low spatial ability, psychological differentiation, male vs. female 9th graders, 1624

personality structure & characteristics, suicidal adolescents, 11421 personality structure & functions, adjustment reactions, emotionally disturbed 16-19 yr. olds, 9478

personality structure & perceptual organization, associative responses, 14 yr. olds, 583

personality traits & IQ & GPA, self-ratings & peer group-ratings of empathy, high school seniors, 2448

physical proximity & body boundary size, intimacy of self-disclosure interview, high school students, 11136

pictorial depth perception, Zulu 14-16 yr. olds, comment on W.

Hudson's test, 6739 pictorial vs. verbal response requirements, recognition memory, kindergartners vs. 2nd vs. 4th graders vs. high school students,

preparatory set measured by visual perceptual tests & manifest anxiety, high school students, 10345

pretask exercise, gross motor task performance, educable mentally retarded 12-18 yr. olds, 12089

prevention & detection & cure, drug abuse by youth, book, 4905 primary process thinking & sex & aggression, literary productions & Draw-A-Person protocols, creative high school senior girls vs. peers, 4536

procedures of L. Vigotsky vs. B. Inhelder & J. Piaget, free classification, 2 & 4 & 6 & 8 & 12 & 16 yr. olds, 10831

programed environment timeout & response cost magnitudes, antisocial behavior, 15-19 yr. old mildly retarded institutionalized

Project Community, institution of socialization, adolescents, 9772 projection of affect after task performance, 9-16 yr. old educable mentally retarded vs. 10-15 yr. old normals, 7240

projective vs. self-report measurement, need aggression & achievement & nurturance, institutionalized acting out adolescents & undergraduates & nursing students, 7275

psychiatric & physical & drug use & preference questionnaire data, adolescents & young adults, Europe, 10981

psycho-socio-sexual evaluation, recognition & treatment of dangerous sex offenses, adolescents, 9317

psychoanalysis interpretation, vocational interest & choice, childhood through adolescence, 10879

psychoanalytic treatment & developmental factors, attempted suicide & self-mutilation, adolescents, 7458

psychoanalytic views & therapeutic implications & nosologic & diagnostic problems, obsessive-compulsive disorders, children & adolescents, 2739

psychodrama, analytical psychotherapy, children & adolescents,

psychological origins & therapeutic indications & prognosis, protest reactions, adolescents, 2636

psychotherapy, adolescent children of concentration camp survivors, 1221

questionnaire covering participation in business & economics & history & current events & music & art & literature, cultural informational components, high school students, 2296

race & status & attachment to law & to parents, self-esteem & official & personal delinquency evaluations, junior & senior high school students, 4738

racial & social subgroup, racist & prejudiced attitudes, adolescents, 4332

radical physical & physiological & biological & psychological

changes, adolescent psychiatry, 944
Raven's Progressive Matrices & German version of WAIS, behaviorally disturbed 14-19 yr. olds, 4823

reading level & oddity vs. matching directionality training, identification of reversible letters, educable mentally retarded adolescents, 7791

receptivity & egocentrism & self-acceptance, degree & direction of aggression, 10th grade lyceum students, 875

reflection & race of S & E, verbal conditioning of affective self-disclosure, black vs. white male high school students, 9058

reinforcement style of counseling, information-seeking behavior, adolescents, 7735

reinforcing weight gain, anorexia nervosa, 16 & 22 yr. old females, 11546

relationship between personality & intelligence characteristics, high school students, 4479

reliability & validity & predictive validity, French version of WISC adapted to Congolese, 7-15 yr. olds, 5745

religiosity & closeness to family & parental discipline & belief in laws & school problems & sexual experiences & lawbreaking, marihuana usage, high school students, 8893

religious denomination & child-care articles & maternal control, risk-taking behavior, adolescents, 6634

remote associational ability & type of verbal stimulus & serial position of response, response frequency on paired association task, high school students, 10442

representational role obligations & sex differences, distribution of resources, 7-15 yr. olds & 7th 8th graders, 6801

residential mobility, creative thinking, 8th graders, 9186 resistance to temptation & moral development, perceptions of parental behavior, adolescent boys, 4117

rewards vs. costs & teacher ratings vs. self-ratings in token economy program, disruptive behavior & reading skills, adolescents in psychiatric hospital school, 5077

rivalry & coaction & audience components as overall motivational effects of competition, RT movement-time task & arousal & alertness, 7th & 8th graders, 5911

romantic success vs. job satisfaction, adolescents, 11048

rural-urban residence & IQ & locus of control & test anxiety, 9th graders, 590

Santostefano's Miniature Situations Test, factor analysis, normal vs. retarded adolescents, 4863

school attendance areas, attitudes toward school & school related activities, educable retarded adolescents, 9888

school environment perceptions, occupational aspiration level, adolescent boys, 5518 self-actualization & intelligence & age & sex, identity of human

figure drawings, adolescents, 7014 self-assessment scales comparison, high school students, 4531

- self-esteem & family communication & marital satisfaction, 14 & 15 yr. olds, 10878
- self-esteem vs. needs for social inclusion & control of others & for affection, 15 18 yr. old girls, 4524
- self-recording vs. self-recording with backup reinforcers, hours spent practicing, 14 21 yr. olds, 11823
- sensory & perceptual abilities, tactual sensitivity, deaf vs. hearing adolescents, 11483
- sentence mnemonics & connecting verb grammatical restrictiveness,
- paired-associate learning, high school students, 5964 sentence production, 10 19 yr. old normals vs. Parkinsonians vs. patients with left vs. right hemisphere brain lesions vs. patients with dementia, 7171
- sex & adjustment & art-science preference & complexity-simplicity & type of school, creativity, adolescents, 6963
- sex & age & time of day of attempt & family conditions & motivation, attempted sucide, 13 20 yr. olds, 11455
- sex & deafness etiology & degree of deafness, mental development, urban vs. rural deaf 14 yr. olds, 9466
- sex & race & social class & IQ, attitudes on women's work role, 9th graders, 2236
- sex & school grade & race & religion, dissent & alienation, high school students, 622
- sex differences, divergent thinking, 9th 12th graders, 2157
- sex differences, personal problems & interests, U.S.A. vs. Canadian vs. Israeli adolescents, 8881
- sex differences, personality structure, Canadian 14 yr. olds, 6626
- sex differences, spontaneous flexibility & field dependency aptitude to structure ambiguous figures, secondary school students, 10243
- sexual attitudes, U.S. & Australian 13 14 vs. 16 18 yr. olds, 1962 1970, 4193
- Sheehan's nonreinforcement paradigm, stuttering, adolescent male stutterers, 9753
- short-term inpatient multidisciplinary program, mildly retarded adolescents with deviant behavior, 7695
- simultaneous vs. successive presentation of 3-element visual patterns, judged complexity & interestingness & pleasingness, college & high school students, 5814
- single-sex vs. coeducational schools, attitudes & beliefs & behaviors in scholarship & prestige & popularity & peer influences on behavior & personal goals, secondary school students, 7854
- social & imaginative worlds of youth & researchers, youth culture study, 4105
- social attitudes & life styles, 11 16 yr. old Japanese boys vs. American adolescents, 701
- social functioning & mother-child interaction, depressed mothers of adolescents, 9492
- social modeling & planned vicarious reinforcement, number of & knowledge acquisition of & level of interest in modeled behaviors & counseling implications, 10th & 11th graders, 1174
- social structure & interactions of adolescent world, 2171
- social-psychological variables, automobile accident prediction, high
- school graduates in year following graduation, 12130 socialization & social power & social influence of educator, learning information about drugs & change in value orientation toward drugs, adolescents vs. adults, 7769
- societal & environmental factors, adolescent rebellion & drug usage, Swedish populations, 4283
- socioeconomic status & parent-child relations & number of children in family of origin & personality traits, family size expectations, Puerto Rican adolescents, 6733
- socioeconomic status, individual growth, Dakar adolescents, Senegal, 8789
- socioeducational special education, problem children & adolescents,
- spontaneous vs. externally-cued learning, permanent storage of schema, mentally retarded adolescents, 7990
- statistical analysis, suicidal tendencies & suicide attempts, French 12-20 yr. olds, 9473
- stimulus material & sensory function differentiation, hallucination production by suggestion, normal & blind 14-15 yr. olds & college students, 5984
- stimulus presentation rate & age, auditory shadowing & information processing in speech production, 12 & 18 yr. olds, 5933
- strategy types & cognitive factors, maze learning, 5th 11th graders,
- strength of nervous system, short-term memory, 16 18 yr. olds, 6140

- stress, information processing, defensive & nondefensive 15 17 vr. olds, 6966
- structured treatment approach, hospitalized socially deprived adolescents, 5203
- subjective importance of aspects being rated, body image & self concept, 16 21 yr. old male technical students, extension of G. M. Rosen & A. O. Ross's work, 7008
- subjective view of conception & pregnancy & delivery, middle-class 17 yr. old unwed mother, 9023
- suicide, adolescents, book, 7183
- syllable numbers & voicing & articulation place & reliability & sex, syllables per sec. & duration of single exhalation speech production, 17 yr. olds, 6880
- teacher ratings of job ability & employer ratings of job performance, self concept, adolescents with school learning problems, Appalachia, 12125
- teacher vs. student perceptions, adolescent problems, 7-12th graders, 12040
- techniques & evaluation & academic failure prediction form, school
- psychiatric counseling program for adolescents, 4931 television violence preference during formative yrs., aggressive behavior, adolescents, 10 yr. followup study, 9034 test interval length & sex, WISC vs. WAIS performance, mentally
- retarded adolescents, 10100
- therapeutic camping, emotionally disturbed adolescents, 7489
- therapeutic community program, emotional traits & program dropouts, drug-free adolescent vs. adult vs. adolescent psychiatric patient heroin addicts, 9534
- therapeutic measure using development of aversion against toxic liquid, 17 yr. old boy addicted to inhaling vapors of cleaning liquid containing trichlorethylene, 7566
- therapeutic relationship, outpatient psychotherapy, adolescents, book 2952
- therapist & patient as scapegoat & significant mechanisms, group psychotherapy, adolescents in hospital psychiatric unit, 7666 therapy, adolescent sex offenders, 9802
- time attributed to expected life events, Indian vs. American 9th graders, 6726
- time interval estimation, deaf vs. hearing high school students, 2761 token reinforcement, verbal initiations in group therapy, hospitalized adolescents, 7700
- training in divergent & convergent thinking & intelligence & creativity, problem solving, 14-15 yr. olds, 9842
- transferring control from tokens to natural reinforcers, continuation of treatment gains, disadvantaged black problem adolescents,
- transgenerational study, sex-role preferences in marriage, middleclass high school & college students & young adults & middleaged & aged Ss, 6658
- treatment termination & intervention rationale, maintaining therapeutic gains, adolescents, 9540
- unilateral alpha training, visual evoked response, dyslexic 14 yr. old, 8551
- urban vs. suburban vs. small town residence & high vs. low socioeconomic status & sex, attitudes toward environment &
- environmental manipulation, high school students, 11004 value congruence, Catholic high school seniors & parents, 11100
- value preferences, 12 18 yr. old male vs. female middle-class whites vs. lower-class blacks vs. juvenile delinquents of both races, 2604 verbal feedback & monetary incentives, dependency-independency
- & extroversion-introversion scores, educable mentally retarded adolescents, 7609
- verbal mediation, learning, 16 18 yr. old mental retardates, 7734 viewing motion picture film explaining group counseling & group therapy process, decreasing unclarified counseling expectations, adults & adolescents & college students, 7397
- visual & verbal imagination & socio-cultural factors, preference for realistic vs. impressionist paintings, 15-18 yr. olds, 11169
- Williams Scale for the Specification of Position, situational social perception assessment & pathological response patterns, universi-
- ty students & delinquents & psychotic youths, 7329
  work history analysis & occupational aspirations & family relationships, usefulness of J. Holland's occupational classifications & theory of vocational behavior, white vs. black 14 24 yr. old males & females, 1444
- working behind vs. ahead of vs. even with 2nd person, rate of observing personal & partner scores during parallel work situation, high school students, 6876

working in presence of others vs. working in separate rooms vs. working alone, mental & mechanical task performance, 15 18 yr. olds, 11086

youth advocacy program, decreasing youth's contribution to population problem, 6656

Adopted Children

adoption, developmental identification processes, 6 mo. of age to adolescence, 6611

heredity & environment, etiology of psychopathy, biological & adoptive relatives of psychopathic adoptees, 4849 heredity & rearing, etiology of schizophrenia, review of 3 adoption

studies, 4831

nature-nurture interactions in schizophrenia, adopted children, literature review, 7323

Adoption (Child)

biracial adoption dangers, black children, 6663

conception after adoption, 2272

innovative adoption program with high applicant decision-making responsibility, hard-to-place children, 3025

**Adoptive Parents** 

innovative adoption program with high applicant decision-making responsibility, hard-to-place children, 3025

parental fantasies, structuring of family dynamics, adoptive family, 8867

personality characteristics, transracial adoption, white females adopting black child vs. white females unwilling to adopt black child, 2478

Adrenal Cortex Hormones (See also Aldosterone, Corticosterone, Cortisone, Deoxycorticosterone, Hydrocortisone, Prednisolone) electrical stimulation of lateral hypothalamus vs. midbrain tegmentum, brain catecholamine concentrations & adrenocortical

activation of self-stimulatory vs. aversive behavior, rats, 433 good vs. poor sleep habits & day & night adrenocortical activity & MMPI & Cornell Medical Index & Eysenck Personality Inventory, male students, 2474

pituitary-adrenal axis functioning, emotionality & fear motivated responses & generalized activity & agonistic & sexual behaviors, mammals & rats, literature review, 1789

psychosocial stress, neuroendocrine alarm responses & cardiovascular disease, discussion of research with mice & tree shrews & monkeys & humans, 3801

Adrenal Cortex Steroids (See Corticosteroids)

Adrenal Gland Disorders (See also Addisons Disease, Cushings Syndrome)

Adrenal Gland Secretion

handling in infancy, brain morphology & brain & adrenal glands tyrosine hydroxylase activity, 2 & 7 & 12 & 17 & 30 & 60 day old male rats, 6181

over- & understimulation & uncertainty & novelty, adrenaline output & behavior efficiency, healthy humans, 384

psychological stress & group support, 17-hydroxycorticosteroid concentration in urine, helicopter medics vs. Special Forces members in Vietnam combat situation & officers vs. enlisted men,

stimulation of catecholamine secretion, preferential adrenaline vs. noradrenaline secretion in adrenal vein vs. adrenal gland, cats, 1866

Adrenal Gla

dexamethasone, affective behavior & adrenal reactivity following septal lesions, rats, 10679

dietary sodium deprivation, sodium appetite, adrenalectomized rats,

ip injection of 6 hydroxydopamine vs. vehicle solution vs. removal of adrenal medullae vs. sham operation, adrenaline or peripheral

noradrenaline depletion & passive avoidance, rats, 1859 isolation vs. grouping, adrenal & ovarian & hemiuterus & ventral prostate gland weight gain & fighting behavior, hamsters, 358 olfactory & auditory stress under crowding conditions, adrenal

hypertrophy & reproductive failure, mice, 10675

plasma-corticosterone levels, pituitary-adrenal function during shuttle-box avoidance learning, rats, 10536

Adrenal Medulla Hormones (See also Norepinephrine)

psychosocial stimulation, adrenal choline acetyltransferase increase, mice, 6136

abnormal responsiveness to electric shock, altered rates of acquisition & extinction of avoidance behavior, adrenalectomized & hypophysectomized rats, 10622

adrenalectomy & gonadectomy & TACE, conditioned suppression to noxious stimuli, rats, 8663

adrenalectomy, open-field behavior, rats, 6279

circadian rhythm & food access delay & bilateral subdiaphragmatic vagotomy & bilateral adrenal medullectomy, deoxy-D-glucose & methyl-D-glucose induced feeding response, rats, 1841 lithium chloride multiple vs. single exposure, sodium chloride

aversion, adrenalectomized & nonadrenalectomized rats, 8588 ovariectomy & postoperative estrogen & adrenalectomy, body weight & food intake, rats, 6294

p-chlorophenylalanine & reserpine, estrus induction, estrogenprimed ovariectomized vs. adrenalectomized vs. hypophysectomized female mice, 6267

Adrenatine (See Epinephrine)

Adrenergic Blocking Drugs (See also Dihydroergotamine, Phenoxybenzamine, Propranolol)

+ amphetamine & methamphetamine & tyramine & ephedrine vs. phenoxybenzamine & phentolamine & tolazoline vs. atropine & arecoline, epileptiform afterdischarges in chronically isolated slabs of cerebral cortex, cats, 409

beta adrenergic antagonist dl-isoproterenol hydrochloride vs. beta adrenergic antagonist dl-4-[2 hydroxy-3-isopropylaminpropoxy]indole, learned taste aversion mediation, rats, 1893

clonidine & noradrenaline & methysergide & LSD & phentolamine & p-chlorophenylalanine, sleep, chicks & rats & cats, 398

dibenamine & phentolamine mesylate & phenoxybenzamine, evoked visual cortical potentials, rabbits, 1937

septal & hypothalamic electrical stimulation, adrenergic & cholinergic blockade of cardiovascular responses, rabbits, 3945

Adrenergic Drugs (See also Amphetamine, Dextroamphetamine, Ephedrine, Methoxamine, Tyramine) alpha-methyltyrosine, learning behavior & hippocampus activity,

rats, 8590

p-chlorophenylalanine & dopa & starvation, marihuana induced aggressive behavior, rats, 8662 para-chlorophenylalanine, brain serotonin & food intake & u-maze

behavior, rats, 8650

Adrenergic Nerves

dopamine, ileum & heart & vas deferens adrenergic receptors, rabbits & rats, 3894

structural organization, peripheral autonomic innervation apparatus. 6118

Adrenochrom

Adrenocorticotropin (See Corticotropin)

Adrenolytic Drugs (See also Carphenazine, Chlorpromazine, Chlorprothixene)

l-tryptophan & MAO inhibitor & psychotropic drug with antiserotonin & adrenalytic effects, aphrodisiac effect, female schizophrenics, 9578

phenitron vs. haloperidol vs. phenitron & haloperidol, behavioral disruption, cats injected with toxic doses of LSD, 3874

Adult Education

adult development program, comparison with psychoanalytic methods & theory, 9798

adult psychopedagogy, book, 11985 childrearing as adult education course, 5442

conscientization & critical consciousness development, adult education, comments on P. Freire's educational theories, 9986

effective methods & management principles, technology of adult education, book, 3227

group counseling & coaching, academic achievement & attitude, adult evening students, 5447 group process training vs. no training, group problem solving &

cohesiveness & achievement in adult education course, 10016 internal-external control & self concept & age & intelligence & time, arithmetic computation & problem-solving achievement, 18 yr. & older black females in Adult Basic Education Centers, 5513

internal-external goal orientation as enrollment reason & course requirements completion perseverance vs. nonperseverance, 18 55 yr. old adult high school students, 3243

learning projects, adult learning theories & practices, book, 10083 listening to commands manipulating orientation & location & movement, achieving fluency in 2nd language, 17-60 yr. old adult education beginning German students vs. 1st vs. 2nd yr. education beginning undergraduates, 5296

low educational attainment, self concept & backgrounds & educative behaviors, average- & high-learning adults, 3089 professional obsolescence in psychology & medicine & engineering

& contribution of psychology to continuing education, 88

programed textbooks vs. videotape instruction, learning & information retention, adults, 12047

teacher vs. student ratings of educational goals, adult education teachers & adult high school students, 5486

verbal & behavioral methods of nutrition instruction, changes in attitudes & knowledge & action, mothers of malnourished children, 8993

workshop in Christian maturity-growth & caring using laboratory training, self-esteem & attitudes toward religion & religious institution, participants in Presbyterian adult education program,

Adultery (See Extramarital Intercourse)

Adulthood (See Adults)

Adults (See also Aged, Middle Aged, Young Adults)

acoustic spectrum vs. modulation rate of stimulus, cortical evoked response to amplitude modulated complex sound, normallyhearing adults, 10532

age & contemporary life space characteristics, self-derogation, adults, 4152

age & sex & stimulus ambiguity, social conformity on perceptual judgment tasks, 16 21 & 60 80 yr. olds, 4159

age & sex roles & job satisfaction & job analysis, employment & unemployment & retirement, 12184

age, backward dichoptic masking & signal processing time, young vs. middle-aged vs. old Ss, 6540

attitudes toward contemporary issues as evidence of generation gap, adolescents vs. adults, 6548

Benton Visual Retention Test reproduction errors, brain-damaged vs. normal adults, 11459

childhood family size & intactness & working mother, external constraint rejection & subjectivism & intellectual functioning & psychological well-being sense, adult males, 640

chronic marihuana use duration & frequency, symptoms, 20 41 yr. olds, 4753

culture & Western education & age, shape constancy responses, educated & uneducated Senas & educated Europeans & uneducated Mang'anja children & adults, 6731

Czechoslovak version of Kogan-Wallach Choice-Dilemma Questionnaire, validity, college students & adults, 5747

direct magnitude estimation vs. indirect paired comparisons scaling methods, value consensus about seriousness of life events, adolescents & adults, 6585

duration & distance & speed of moving targets, interdependence in judgments, adults & accident-free vs. accident-prone 9 10 yr. olds, implications for identifying accident liability, 12170

genetics & acclimatization, physical growth & development & attainment, adolescent & adult Peruvian Quechua, 1085

harsh parental practices, social desirability response tendencies, 6 12 yr. olds & 18 26 yr. olds, 11040

head inversion & stimulus ambiguity, uprightness constancy, adults vs. 35 yr. old children, 2112

intellectual processes, grasping principles through generalization of elements-stimuli relationships, 5th graders & adults, 6480 mathematical model, developmental study of memory retrieval

processes, children & adults, 10880 moral development level, social attitudes & attitude change, adults & college students, 10943

multidimensional scaling of stimulus similarity judgements in scaling & sorting tasks, adults, 1639
occupation level & gross annual income & education level & rural

vs. urban background, vertical location on Maslow's hierarchy of needs, 25 45 yr. old males, 6954

ontogenetic & generational change, factor stability of Primary Mental Abilities test & Test of Behavioral Rigidity, 21 71 yr. olds, 7 yr. longitudinal study, 4188

patterns in children's answers to adult questions, language capability assessment, 2139

perceptual training procedures, voice onset time discrimination, adults, 10367

Personality Research Form & Strong Vocational Interest Blank & a semantic differential of role related attitudes & Situational Response Test & Empathy Scale & Marlowe-Crowne Social Desirability Scale scores, adult women child aides in preventive mental health program vs. matched controls, 2550

Piaget's theory, application to adult intellectual development, 8873 preferred hand, test-retest reliability of motor performance, 19 42 yr. old males, 4578

present personal time perspective as self-assessment at present vs. 5 yr. retrotension vs. 5 yr. protension, 20 88 yr. olds, 2085

production of personality concept words with negative prefix, semantic differential scale construction, adults vs. 15 yr. olds vs. 10 yr. olds, 2428

reducing environmental stress & increasing varieties of sensory stimulation through compensatory environment program, behav-ior change, profoundly retarded adults with severe behavior problems, 11659

reinforcement amount & frequency in token economy program, work rates, retarded adults, 11485

set order & distraction & age differences, dichotic listening recognition, adults of different ages, 6596

sex & race & socioeconomic status, conversation participation & verbal interaction & encoding style in problem solving communication, adult vs. children dyads, 6809

sex differences, aptitude maturation, noncollege adults, 6971

socialization & social power & social influence of educator, learning information about drugs & change in value orientation toward drugs, adolescents vs. adults, 7769

tone intensity & sleep phase & chlorpromazine sedation, auditory evoked response detection reliability, adults vs. chlorpromazine-sedated 3 4 yr. olds vs. children referred for audiometric diagnosis, 10666

weight & mass & volume conservation, 0 3rd vs. 4th 6th vs. 7th 8th grade level educated adults, 602
Adventitiously Handicapped
global-articulated & verbal-comprehension & attention-concentra-

tion dimensions, cognitive patterning, congenitally totally blind vs. adventitiously totally blind resulting from retinoblastoma vs. normally sighted Ss, 1079

Adverbs

positive vs. negative superlative word combinations, understanding, school age children, 10888

social class, adjective & adverb usage in writing, Scottish schoolchildren, 2435

Advertising (See also Television Advertising)

advertisment size, product advertisement & advertising exposure,

choice of beer brand, descriptions of personalities of buyer, 10186 exposure to product advertisement, factor analysis of perceptual change, 3454

impersonal mass media & behavior modification, advertising produced anxiety, necessity for research attention, 5680

judgments of inherent sexual connotation of products, analysis of sex in advertising, undergraduates, 3424

media exposure patterns of consumer innovators, female homemakers, 11196 over- vs. understatement of product quality, consumer product

ratings, 5661 perceptions & explanations & judgments of television commercials,

5-12 yr. olds, 3457 perceptual speed & billboard layout, advertisement recognition &

recall, college students, 10142 product specificity & product offerings & appeal to males vs.

females, effectiveness of birth control advertising in college newspapers, college students, 10138 testing advertising copy, evaluation of techniques & approach to

measure effectiveness, 3459 Aerospace Personnel (See also Aircraft Pilots, Astronauts)

rank & aerorating & education & region of birth, body size, army aviators, 1970, 8052

visual-time-compression, discrimination of target echoes from noise & clutter on radar displays, technical aerospace personnel, 5671 Aesthetic Preferences

aesthetic judgments vs. personal preferences & previously judged illustrations & scenic resources sampling, landscape appraisal,

aesthetic preferences for complexity-asymmetry & figure drawing performance, creativity vs. perception in art education, 6th graders, 5500

agreeable vs. disagreeable impressions & structural order & exciting vs. soothing stimulation, evaluation of facades of residential buildings, students, 9117

artistic training, aesthetic preferences for pseudo-random computer-generated patterns, college students, 9134

attitude & aesthetic preference differences & importance & trials, deprivation of need for uniqueness effects, 11265

blue & black & green & purple & red & orange & yellow letters printed on brown & grey cardboard, legibility & attractiveness, college students, 11164 cognitive complexity-simplicity & introversion-extroversion, arousal & aesthetic theories of preference for complexity, 1677

cross cultural & age differences, aesthetic preferences for abstract geometric figures, Jamaican vs. American children, 10815

dogmatism & music training, preference for Western classical music styles, Japanese female arts & music students, 4473

extroversion & neuroticism, romantic vs. classical art preferences, college students, 6986

introversion vs. extroversion, preferences for abstract art forms, college students & adults, 6960

paintings, color choices, schizophrenic inpatients vs. normals, 9365

positive vs. negative suggestion, aesthetic preferences, male neurotic vs. stable children, 9411

presentation order & message about artist & preexperimental experience with scale & anchors, aesthetic judgment of paintings, college students, 11155

rated preference & complexity for natural vs. urban environment visual material, college students, 5854

sexual symbolism, polygon preference, art & art-related students,

simultaneous vs. successive presentation of 3-element visual patterns, judged complexity & interestingness & pleasingness, college & high school students, 5814

sound vs. meaning, aesthetic preferences in poetry, college students, 11176

visual & verbal imagination & socio-cultural factors, preference for realistic vs. impressionist paintings, 15 18 yr. olds, 11169 Aesthetics

aesthetics & psychobiology, book, 821

cognitive psychology of visual art & music & literature, psychological aesthetics, review, 822

historical survey, dress design & aesthetics of female breast, 6900 layout of housing developments, aesthetic emotional experiences of general value & structure plan & sociability & vitality & density & variety & functional suitability & comfort, housing development

tenants, 681 musical stimuli, artists' semantic differential ratings of Ss' pastel drawings, nonartists, 9133

psychoanalytic approach, aesthetics, 11185 psychoanalytic observations, form in art, 11195

touch, aesthetic ratings of neutral stimuli, 4471

Actiology (See Etiology)

Affection

choosing to reduce victim's distress, derogation of the victim, 1732 encounter group experiences, dogmatism & self concept & needs for inclusion & affection & control, graduate students in educational psychology & guidance, 9904

facial & vocal & verbal channels & like vs. dislike of communicator, judgments of congruent & incongruent communications of emotions, implications for double blind" theory of schizophrenia & for therapeutic situation, 783

intimacy of other, reciprocity & self-disclosure & liking, female undergraduates, 750

liking of target person & S's sex, value-change vs. destructive power tactics preference, undergraduates, 789

maternal perinatal depression & marital discord & intropunitivity in infant's 1st yr. of life, affectional deprivation & emotional disturbance in early childhood, severely disturbed children in therapeutic nursery, 2625

primary social drive & attachment, affective states, man & animals, 10795

self-esteem vs. needs for social inclusion & control of others & for affection, 15 18 yr. old girls, 4524

stimulus uncertainty & frequency, liking, 10506

therapist proxemic cues, positive indicators of likability, Ss representing client subgroup, 5080

videotaped stimuli of racial & sex pairings in hostile vs. neutral vs. affectionate situations, galvanic skin responses, counselors, 10551

Affective Disturbances (See also Anaclitic Depression, Depression

(Emotion), Involutional Depression, Neurotic Depressive Reaction, Psychotic Depressive Reaction, Reactive Depression)

affective reactions & routine task performance & leisure activities & interpersonal conflicts & physical condition & psychosomatic complaints, 15 35 yr. old drug consumers vs. nonconsumers, 11017

anhedonia, electrical stimulation threshold & pulse & blood pressure & tremor at rest vs. during stress, male psychiatric hospital patients, 4893

antinuclear factor determination, presence of autoimmune antibodies in psychiatric disorders, psychiatric inpatients, 1072 anxiety states vs. depressive illnesses, prognosis of affective

disorders, 7633

anxiety states vs. depressive illnesses, statistical analysis of affective disorder classification, 7476

anxiety vs. depressive syndromes, affective disorders classification, patients with affective disorders, 7627

body build & personality, schizophrenic vs. affective vs. neurotic vs. normal Southern Chinese males, 9463

chronic physical illness among affective disorders, aged, 9441

depression & anxiety & delinquency & learning difficulties & bodily symptoms & phobias & drug abuse & suicide & hypochondria, adolescents in inpatient units, United Kingdom, 962

dexamethasone, affective behavior & adrenal reactivity following septal lesions, rats, 10679

diagnostic & etiological & therapeutic & clinical aspects, mood disorders, book, 9503

dopamine-b-hydroxylase blood values & affective states, psychiatric inpatients & outpatients & normals, 9460

ECS vs. antidepressant drug therapy, spontaneous & metacholinestimulated salivation rates, manic-depressive patients with diagnosis of endogenous vs. symptomatic depression vs. mania, 11340

family history, morbid risk for affective disorder & alcoholism & other psychological disabilities, parents & siblings of hospitalized unipolar depressives, 1015

genetics, classification of affective illness, literature review, 4633 hospitalization length & withdrawal & affective flattening & grid scores & age, psychological construing, schizophrenics, use of D. Bannister & F. Fransella's grid scores, 11513

illness onset & duration & depression & neuroticism in premorbid adjustment, affective disorders outcome, follow-up study, 7513

maladjustment vs. affective disorder, adolescent psychiatric patients, 7151

management & keeping track of dispensed lithium carbonate, lithium clinic, patients with affective disorders, 7373

morbid risks for affective disorders & temperament, relatives of Ss in unipolar & bipolar families, 7099 pleasantness or unpleasantness of material connotations, memory,

psychiatric inpatients suffering from depression, 11435 recurrent affective disorder & lithium, suicide prevention, 9519

Affective Psychosis (See also Involutional Depression, Manic Depressive Psychosis, Psychotic Depressive Reaction) fertility, obsessional neurosis vs. schizophrenia vs. affective

psychosis, 7165 heredity & environmental factors, nosology of bipolar manic depressive vs. unipolar recurrent depressive psychoses, compari-

son of J. A. Angst & C. Perris's results, 7069 heredity vs. environment, bipolar vs. unipolar psychosis, literature

review, 4817 influenza infection & subsequent manic psychosis, case report, 2748 Afferent Stimulation

selective depletion of excitatory & inhibitory axon synaptic vesicles, crayfish, 8495

Afferentiation (See Afferent Stimulation)

**Affiliation Motivation** 

achievement & affiliation motivation, ego identity, white male college students, support for Erikson's theory, 2442

achievement- & affiliation-orientation under neutral & incentive conditions, role-playing performance, 6th grade boys, 1767 affiliation need & social contact & birth order, anxiety, female

students, 11266 birth order, personality measured by EPPS Affiliation & Achievement scales & College Entrance Examination Board verbal aptitude & peer ratings, Air Force Academy freshmen, 11245

caffeine perceived as analgesic vs. perceived as stimulant vs. placebo perceived as analgesic, tendency to affiliate with other in similar situation, college students, 3931

cultural & sex differences, affiliation & achievement drives expressed in reported dream content & projective technique. unmarried college students, New York City vs. Lima, Peru, 2305

cultural differences, positive vs. negative vs. mixed need affiliation, Mexican-American vs. Anglo-American college students, 710 early childhood experiences & high affiliation needs, achievement

motives, females, 9171 EPPS, personality needs, Catholic womens' college students vs. normative sample, 3319

- needs for achievement & affiliation & power, color choice, psychiatrists & executives, 11211
- personality structure & volunteering behavior, affiliation need & influence on WAIS scores, volunteer vs. nonvolunteer secondary school students, 6800
- primary social drive & attachment, affective states, man & animals, 10795
- prior social setting & fear vs. anxiety arousal & birth order, affiliative preference in working situation, college students, 9068 sex & affiliative tendency & rejection sensitivity, seating preferences
- & conversation, 4 person groups of undergraduates, 788 simulated normative feedback & motivational variables of achievement & affiliation, persistence & subjective probability of success at insolvable figure-tracing task, 12th grade students,
- social change, moral teaching & affiliation & power & achievement imageries content, Egyptian stories & folk tales, 661
- volunteer organization affiliation & member organization relations, 2370

- African Bantu traditional & modern medicine, 943
- age & education & culture-related differences, conjunctive vs. disjunctive concept-formation, Americans vs. Liberians, 1680
- body vs. object exchange media, child-mother & child-family communication, 3 yr. old Wolof children, Senegal, 6639
- culture & Western education & age, shape constancy responses, educated & uneducated Senas & educated Europeans & uneducated Mang'anja children & adults, 6731
- culture, concept of intelligence, Uganda, 6780
- developmental differences, point locating in 2-dimensional space, 11 20 yr. old Zulu youth with 0 7 yr. education, 2162
- etiological concepts & treatment methods & traditional attitudes & practices in medicine, East African tribes, 1077
- family structure & environment, personality formation, Morocco,
- haptic perception, 29 73 mo. old Africans, 6510
- intellectual deficits, Nigerian soldiers with brain injuries from high velocity missiles, 11330
- judgment of skin color vs. perception of own skin color & social class & age & region & social mobility, black ethnic identity, U.S.A. blacks & Africans, 667
- macular & retinal pigmentation & stimulus color, Muller-Lyer illusion susceptibility & space perception, Scottish vs. African Malawi university geography students, 119
- motives for teaching career choice, Nigerian primary school teachers, 5519
- multiple discriminant analysis of Illinois Test of Psycholinguistic Abilities, prediction of levels of modernization, 4th graders from
- cultural systems of varying modernization in Sierra Leone, 1533
  perceptions of scholastic & professional future & family &
  interpersonal relationships & forms of reactions to circumstances & events, urbanized Dakar adolescents, Senegal, 6593
- pictorial depth perception, Zulu 14-16 yr. olds, comment on W. Hudson's test, 6739
- Ponzo illusion, Ugandan college students vs. villagers, 8304
- population density, effective relationships, Logoli & Gusii & Kipsigis societies, East Africa, 4326
- practical problems resulting from social change, family psychotherapy, Senegal, 9572
- precocity, African infants, 6632
- psycholinguistic correlates, reading backwardness, implications for teaching English to Africans, 10088
- psychomotor development, 6 mo. to yr. old Wolof children, Senegal,
- reliability & validity & predictive validity, French version of WISC adapted to Congolese, 7 15 yr. olds, 5745
- reproduction of orientation of Kohs-type figures, Icelandic vs. Zambian 3rd graders vs. Zambian laborers, 2232
- Rorschach test, banal & anatomical & sexual responses, Congolese college students, 11234
- social change & cultural influences, psychopathology of childrearing, African women, 10955
- sociocultural influences, type of psychological reaction, Algerian psychiatric patients, 2713
- socioeconomic status, individual growth, Dakar adolescents, Senegal, 8789 traditional & modern educational & culture-transmission processes,

Sisala of northern Ghana, book, 689

- traditional vs. urbanized social & economic & domestic life patterns, psychiatric disorder & depression, rural African pregnant women,
- treatment of possessed, physical & social reintegration, Cap-Vert & Diander Lebous, Senegal, 8963
- visual stimuli symmetry, pattern reproduction, school age children, Zambia 5828
- Zambian occupational prestige hierarchies, relationship to career choices, high school students, 12149

#### Aftercare

- aftercare project for occupational rehabilitation, ex-prisoners, 11618 knowledge of after-care services, prisoners 3-12 days before discharge, 2688
- social hour as sociotherapeutic approach, aftercare in psychiatric department of hospital, 5220

  Aftereffect (Perceptual) (See Perceptual Aftereffect)

#### Afterimage

- afterimage technique, virtual contours in visual perception, 8335
- changing projection surface, immature vs. mature visual afterimag-es, psychiatric patients vs. normal adults, 10364
- faint afterimages of geometric or symbolic figures, ability to visualize & control images, college students, 10484
- immature vs. mature visual afterimages, distortions of changing projection surface, 5898
- line orientation, binocular vs. monocular afterimages, college students, 8344
- lined pattern evoked complementary afterimage, McCullough color aftereffect, 1736
- size & retinal locus & orientation, unitary & fragmentary visibility of single afterimage, 17-30 yr. olds, 1553
- spatial orientation & proximity & bar size & dichoptic viewing, afterimage visibility in presence of 2nd afterimage, 17-35 yr. olds,
- spatial orientation & proximity & bar size & dichoptic viewing, afterimage visibility in presence of 2nd afterimage, 17-35 yr. olds,
- state of distribution of surrounding psychological potential field, identification of modified alphabetical characters, 5917
- test field distance & afterimage apparent size, movement aftereffect duration, college students, 1566

# Age (See Developmental Age Groups) Age Linked Developmental Differences

- absolute vs. relative outcome choice, rivalry, 5 6 vs. 8 10 yr. old Anglo-American vs. Mexican children, 4150
- activity & age & ration size, body weight loss rate, male rats, 3999 actor's age & evaluation & intensity of actor's behavior outcome & context in which actor causes outcome, attributed responsibility &
- personality traits, 3rd 4th graders vs. college students, 4377 age & availability of instances & relationship with memory & attentional factors, inferential capacity on 2-trial identification problems, 4-9 yr. olds, 10416
- age & contemporary life space characteristics, self-derogation, adults, 4152
- age & culture, causal thinking, Mexican vs. American 4th vs. 6th graders, 6711
- age & culture, parental esteem & self-esteem, advantaged white vs. disadvantaged white vs. disadvantaged black high school students, 6470
- age & emotional stability & social stimuli variation, social perception, clinic vs. non-clinic 7 11 yr. old boys, 11088
- age & flexibility-rigidity, job performance adaptability, 1402 age & grade level & country & school system & sex, creative discontinuity, 8-12 yr. olds, England & Scotland & Germany,
- age & grammatical development, lexical & function word disfluencies, 3 6 yr. olds, 6497
- age & health & sex & profession & education, WAIS verbal & perceptual-motor sections, 60 69 & 70 79 yr. olds, 6586 age & hearing ability, understanding time-compressed & expanded
- monosyllables, normal & hearing impaired & aged, 9453
  age & injury severity, memory, 15 65 yr. old patients with severe closed head injuries, 9300
- age & intellectual level & psychological stress, social perception organization rigidity, 13-16 yr. old Flemish students, 10419
- age & mothers' perceptions, ethnic attitudes & stereotypes of Tagalog & Chinese people, Philippine 10 15 yr. olds, 8836
- age & physical maturity vs. learning factors & school environment & socioeconomic status & maternal role expectations, parent orientation, 10 14 yr. old girls, 6622

- age & postnatal test experience, prenatal stress effects on behavior, rats, reply to J. Archer & D. Blackman, 8736 age & prior help, lying behavior in behalf of peer, male 8 & 12 yr.
- olds, 8814 age & prior performance, distribution of winnings with teammates,
- 7-15 yr. old boys, 6604 age & prior training, 24 hr. retention of escape learning, neonatal
- mice, 2021 age & pulmonary function & biochemistry variables, retinal field
- shrinkage, Normative Aging Study veterans, 4087 age & reinforcement value, sex-role labels in girls, black & white 1st
- & 4th grade lower-class females, 10853 age & sex & early stimulation, seizure frequency & onset, gerbils, 6157
- age & sex & education & family status, leisure time activities, 6754 age & sex & education, judging of square size & dot location, 23 68 yr. old teachers & teacher-trainers, 2092
- age & sex & educational & occupational level, fear of success, achievement-motivated women, 9174
- age & sex & educational differences, emotional vs. nonemotional syllogistic reasoning, 20 yr. olds to Ss over 70 yr. old, 6567
- age & sex & expressive ability, recognition & imitation & spontaneous facial expression, nursery school & 2nd & 5th graders, 10850
- age & sex & stimulus ambiguity, social conformity on perceptual judgment tasks, 16 21 & 60 80 yr. olds, 4159
- age & sex & task, interpersonal visual behavior in dyads, 4 yr. olds to college students, 6827
- age & sex & therapist title, patients' preference for therapists, college students, 11319
- age & sex & IQ & GPA, understanding selected concepts of motion, 7 17 yr. olds, 4130
- age & sex developmental level, sex-related fantasy patterns, nursery school & kindergarten students & 1st graders vs. 3rd-5th graders, 10826
- age & sex differences, dynamic & static balancing ability, 3 & 4 & 5 yr. olds, 5827
- age & sex differences, hierarchy of conceptual development, 3 & 4 & 5 yr. olds & kindergartners, 6618
- age & sex differences, IQ changes over time, 5 13 yr. olds, 6541
- age & sex of communicator & target, readiness to transmit bad news, 17 yr. old institutionalized black males, 1018
- age & sex roles & job satisfaction & job analysis, employment & unemployment & retirement, 12184
- age & sex, alterations in DNA-bound amino acids, rats, 6186
- age & sex, attitudes toward foreign nations & ethnic groups, students from lower to middle grades, 11036 age & sex, doll-play technique, English vs. Czech 4 & 6 yr. olds vs.
- Norwegian 5 & 6 yr. olds, 8825
- age & sex, time perception, 13-20 yr. olds, India, 8802
- age & short term memory, inductive thinking, 4.11-11.0 yr. olds,
- age & sleep vs. awake states, heart-rate component of orienting & defensive responses, infants at 6 &/or 12 wk. of age, 10898
- age & social class & suggestion to cluster, free recall & clustering, 1st & 4th grade Canadian children of lower- & middle-class background, 10501
- age & social experience, approach & withdrawal, African mouthbreeding fish, 504
- age & socioeconomic status, active & fantasied & verbal aggression, 6 & 8 & 10 yr. old boys, 4111
- age & socioeconomic status, cognitive performance, 4118
- age & socioeconomic status, level of perceived vulnerabilty to health problems, 8-17 yr. olds, 6501
- age & stimulus compound, optional reversal shifts, 3 18 yr. olds, replication & extension of T. Kendler & H. Kendler's experiment,
- age & stimulus meaningfulness, paired-associate learning, 18 82 yr. old females, 4257
- age & success attained before university entrance & sense of responsibility regarding family & society, mental health, university students, 945
- age & syntactic structure, language connectives & disjunctive relationships comprehension & propositional logical thinking, 2nd graders to college students, 6572
- age & within- vs. cross-modality matching tasks, auditory & visual matching ability, 5-8 yr. old boys, 4164
- age changes & nature of eliciting stimuli, laughter development, 1st year of life, 10920

- age changes, selective perception of verbal materials, 1st & 3rd & 5th & 7th graders, 2146
- age differences & item concreteness, strategies in paired-associate
- learning, young vs. middle-aged vs. old Ss, 6584
  age differences & varied visual fields & stimuli exposure time & complexity & association value & training level, random shape recognition, middle-aged & young adults, 6612
- age differences & CS-UCS interval, instrumental conditioning & avoidance behavior & extinction curves, crayfish, 6437
- age differences, avoidance conditioning & retention, rats, 530 age differences, occupational perceptions, 4th 6th graders vs. high school students vs. college freshmen vs. salesmen vs. employed
- women, 8804
- age differences, reward allocation behavior, 5-7 vs. 9-11 yr. olds, 6561
- age differences, suggestibility measured on modified versions of Stanford Hypnotic Susceptibility Scale, hospitalized veterans, 11384
- age differences, visual RT procedure with regular & irregular preparatory interval conditions, 6 13 yr. old normal & braindamaged children, support for C. Czudner & P. Rourke's theory,
- age level & word frequency, reading speed, 1st graders to graduate students, 10823
- age linked developmental differences, choice of pencil size & ability to use varying diameter pencils, nursery school vs. kindergarten vs. 1st grade children, 12034
- age-linked developmental differences, latency of EEG attenuation & RT change correlations, 7 17 yr. old males, 2192
- age, acquisition & retention of active & passive avoidance learning, rats, 8722
- age, amount of sleep & REM sleep & length of sleep bouts & sleep EEG, 104 1005 day old male rats, 349
- age, backward dichoptic masking & signal processing time, young

- vs. middle-aged vs. old Ss, 6540
  age, behavioral arousal, guinea pigs vs. hamsters, 8713
  age, conservation concept development, 2.4–5.9 yr. olds, 641
  age, declining sensitivity to brightness contours in Muller-Lyer vs. size reflectance-contrast illusion, 3rd & 6th graders & college students, 10929
- age, development of memory of escape response, mice, 8751 age, EEG during RT task, 4 16 yr. olds, 8568
- age, empathic awareness vs. egocentrism, young children, reply to M. Chandler & S. Greenspan's criticism of H. Borke's findings,
- age, free classification of various colored & sized & shaped geometric figures, 25-55 vs. 67-95 yr. olds., 587
- age, judging of physical attractiveness, 5-8 & 11 & 17 yr. olds, 10822 age, large muscle coordination task learning & spare learning capacity, 7 & 8 vs. 17 & 18 yr. olds, 6577
- age, lipid composition of whole homogenates & isolated myelin fractions of brain, mice, 6201
- age, localization of spatial targets, 6 10 yr. olds & undergraduates, 10918
- age, mirror self-image reaction, 3-24 mo. olds, 8778
- age, motor time in RT task, 8.5-17 yr. old boys, 4239 age, probability learning & prediction tasks, old vs. young Ss, 4216 age, Self-Disclosure Inventory scores, 12-18 yr. old urban females,
- 4231 age, sensory-perceptual factors in RT, 18 21 & 54 71 yr. old females,
- 8788 age, social distance, American & Canadian 2nd & 4th & 6th graders,
- age, speech discrimination, 20-40 yr. olds & 60-69 yr. olds, 9379 age, storing facet vs. retrieval aspect of memory in psychological estimates of abilities & skills, 596
- age, syntactical mediation of paired-associate learning, bright upper-socioeconomic-class preschoolers to 2nd graders, 598
- age, transitive organization in positive affect sociograms, nursery school to 6th grade classrooms, 618
- age, WAIS performance, mentally ill affective & schizophrenic & organic & normal elderly survivors & nonsurvivors, 4 yr. longitudinal study, 4712
- aggressive experience in characteristic vs. noncharacteristic modality of S, developmental changes in action & fantasy aggression, 1st & 5th grade boys, 4095
- aging & education, visual trace & short-term memory deficit, 19 27 vs. 46 52 vs. 60 77 vs. 23 29 yr. old men, 2064

aging & smoking, changes in clinical laboratory tests, healthy male veterans over 3-5 yr., 4102

aging, attitudes & perceptions of experiences, psychiatric outpatients & nonpatients 16 60 yr. old & older, 6505

aging, somatosensory evoked potentials, male 9 18 yr. olds & 19 69 yr. olds, 1829

anchor value, adaptation level in weight judgments, 4.8 5.8 vs. 67 & vs. 7.8 8.7 vs. 12 12.11 yr. olds, 4254

apparatus exposure & age, open-field behavior, rats, 485 articulation functions & test-retest performance on speech discrimination tests, 3 & 5 & 7 & 9 & 11 yr. olds, 6588

auditory discrimination development, chicks, 6368

authoritarianism & closed-mindedness & lack of education innovation, older vs. younger school principals, 11863

average vs. superior IQ, conservation & seriation & class inclusion task performance, 45 yr. olds retested at 67 yr. olds, 4169 background orienting & conditioned electrocortical EEG reactions,

hyperactive 8 9 vs. 14 15 yr. olds, 9431 behavioral & morphological & phylogenetic development, angelfish,

262

Bender Visual Motor Gestalt Test scores, 6 7 vs. 11 12 yr. old Navajo Indians vs. Caucasians, 4242

biofeedback control of EEG alpha rhythm, RT, young adults vs. aged Ss, 3841

birthspace & age, sex-typed choice behavior, 3-5 yr. olds, 589

blindness vs. partial-sight & age, conservation of substances, 5 15 yr. olds, 1378

body surface vs. body interior feelings & references to specific body sites, verbal descriptions of emotions, kindergartners & 1st 6th graders, 2208

body weight & age, eating behavior responsiveness to estradiol, rats, 1968

breast-feeding vs. bottle-feeding, tongue thrusting & dental occlusion & lip posture during repose & maxillary arch width, 1st 8th grade males vs. females, 2191

CA & MA & IQ, Mueller-Lyer illusion judgments, 6-9 yr. olds, replication & extension of R. Pollack's developmental study, 4134

categorically grouped vs. random presentation conditions & presence vs. absence of explicit identification of task's categorized nature, free recall of categorized items, kindergartners vs. 3rd vs. 5th graders, 4160

causality cognition stage & humor rating & age & personality differences, humor development, 3 12 yr. olds, 4136

causality judgments in physical vs. social situations, 4 vs. 7 vs. 11 vs. 15 yr. olds vs. college students, 10841

change of form & orientation of visual stimuli, duration of eye fixation & perceptual discrimination, 3 & 6 & 9 & 12 mo. olds, 2151

child's age & time in parent-child center program, maternal teaching styles as mother-child interaction, 5505

chronological & mental age & IQ & sex & etiological classification, abstract-concrete thinking, brain-injured vs. familial educable mentally retarded, 11411

chronological age & mental age & opportunity for social interaction & social behavior & role-taking ability, moral judgment development, mentally retarded, 11365

class placement & age level, attitudes toward school related concepts & achievement test performance, primary & elementary & intermediate school age educationally handicapped children, 11959

classroom group development stages, validation of Tuckman's model, students, 7955

co-observer evaluations, imitative behavior, 5 vs. 10 yr. olds, 10847 conceptual & acoustic similarity & age, free verbal recall, elementary school students, 8829

congenital blindness & deafness, development of tactile-kinesthetic discrimination, 6 14 yr. old congenitally blind & deaf & normal children, 4626

connotation rating & attribution of negative & positive statements to endomorphic or ectomorphic or mesomorphic stimulus figures, body build stereotype relative strength & quality, chubby vs. average build 5 vs. 15 vs. 20 yr. old males, 2143

conservation of number & substance & weight & volume performance, 6.8-74.9 yr. olds, 6571

conservation test of M. Goldschmid & P. Bentler, kindergartners vs. 1st vs. 2nd grade boys, 4116

constancy & regionality, mental tempo from childhood to adolescence, Tokyo vs. Akita, 8843

contemporary issue attitudes, college students vs. parents vs. grandparents, 8805

content & intonation, perceptions of meaning of verbal evaluation statements, kindergartners & 2nd & 4th & 6th & 8th & 10th & 12th graders & college sophomores, 4233

cortical association response area development, kittens vs. adult cats, 8744

cross cultural & age differences, aesthetic preferences for abstract geometric figures, Jamaican vs. American children, 10815

cue selection & mediation of color vs. verbal stimuli, pairedassociate & transfer task performance, 3rd vs. 5th vs. 7th graders,

culture & Western education & age, shape constancy responses, educated & uneducated Senas & educated Europeans & uneducated Mang'anja children & adults, 6731

days after birth, brain waves & spontaneous motor activity, 20 30 day old rats, 3819

degree of material organization during memorization, recall, 1st vs. 3rd vs. 5th vs. 7th graders, 3758

demographic characteristics, preference for private vs. shared room, 10 80 yr. olds, 4165

desirability of personality dimensions for selves vs. peers vs. other age groups, 15 18 vs. 34 40 vs. 64 74 yr. olds, 6457

development of linguistic connectives & attention to order of causally related events & ability to explain temporal order of events, white middle-class 4 & 6 & 8 & 10 yr. olds, 10923

developmental age differences, race & sex attitudes & role awareness & identity & preferences, 3 6 yr. old blacks, 10799 developmental age differences, visual & kinesthetic judgments of

distance, 4 & 6 & 8 yr. olds, 2153 developmental age, conservation task performance & chronological

age & sex & IQ, 5 8 yr. olds, 10882 developmental changes, Filipino & English word association

responses, bilingual Filipino kindergartners & 3rd & 6th & 10th graders, 650 developmental differences & word frequency, selection strategies in

verbal discrimination learning, 4th grade to college level students,

developmental differences, brain responsiveness to flicker stimulation, 1-14 yr. olds, 6627

developmental level & emotional involvement & inconsistency resolution, impression formation, 6-7 & 12-13 & 18-19 yr. olds,

developmental level & intelligence, optional intra- & extradimensional discrimination shifts, preschoolers kindergartners & 2nd & 6th graders & college students, 4154

developmental view, comprehension of filmed messages, children, 6483

disadvantaged vs. advantaged status & sex & age, self concept, Negro 8th 12th graders, 11885

discrimination learning of pictures vs. words, 4th graders & college students, 4207

Down's syndrome, mental development based on developmental quotient determined by motor & adaptive & social behavior measurement, 16 wk. to 18 mo. old Down's syndrome infants vs. normals, 957

drug abuse & at risk" age groups, 8933

ego delay capacity, conceptualization development, 7 8 yr. old disadvantaged impulsive vs. reflective disadvantaged children, longitudinal study, 8786

egocentric communication, peer popularity, kindergartners vs. 2nd vs. 4th vs. 6th graders, 4209

emotional responsivity, simple & complex learning, adult vs. juvenile cercopithecoid monkeys, 505

existential question response, 5 48 yr. olds, longitudinal study, 8860 experimental manipulation & self-perception of relative competence, conformity in group social communication task, Canadian 8th 10th vs. 11th 13th graders, 6804

factorial analysis, field independence & fixity-mobility, 10-83 yr. old males, 6488

family size & kindergarten attendance & sex & age, school readiness, 12031

fragmented subconcepts related to stimulus contexts & perceptual attributes, natural language concept development, 5 6 & 8 9 & 11 12 yr. old schoolchildren, 10906

generalizability of growth curves of intelligence, reanalysis of F. K. Shuttleworth's Harvard Growth Study using sequential methods, 6.2 & 6.6 & 6.10 yr. olds, 2180

genotype & age & ambient temperature, distress signal rate & peak frequency & duration, mice, 8549

geriatric degeneration & factorial analyses of WAIS, cognitive aptitude structure, 8852

Gestalt perception & operational thought, classification of paintings by style & figure, 2nd & 5th graders, 8810

good-bad word effects, tachistoscopic recognition thresholds & recall of words, 4th vs. 7th graders, 4115

grade & sex & socioeconomic differences, value preferences, 4th & 6th graders, 6635

graphic-motor task, EMG gradient increase, 7 14 yr. olds, 8579

group counseling & race & age & basic skills achievement, self concept, 16 20 yr. old economically disadvantaged females in federal job training program, 10140

head inversion & stimulus ambiguity, uprightness constancy, adults vs. 35 yr. old children, 2112

hierarchization & integration & consolidation & structuring, volume concept development within Piaget's theory, 4th vs. 6th vs. 8th vs.

10th graders, 2069 hospitalization length & withdrawal & affective flattening & grid scores & age, psychological construing, schizophrenics, use of D. Bannister & F. Fransella's grid scores, 11513

hypotheses & strategies & stereotypes discrimination learning problems, kindergartners & 2nd & 4th & 6th graders &

undergraduates, 2114 hypothetical vs. actual social situations, racial preferences, 2nd vs.

4th vs. 6th grade Negro vs. Caucasian girls, 10862

identity vs. reversibility by inversion vs. compensation, reasons for judgments on conservation, 1st & 2nd graders, 10844 incentive & incentive-shifts, simple RT, 511 yr. old boys, 2105

income & sex & age & educational level, vulnerability to physical & mental illness, Costa Rica, 9273

independence training age & ethnographic factors, achievement motivation & behaviors, Chinese mothers in Hawaii & ratings of their 9 12 yr. old sons, 739

individual differences & age, visual evoked response parameters, normal 7 74 yr. olds & ill 19 72 yr. olds, 10524

inductive deductive reasoning, 5 14 yr. olds, 10825 infant experience with alcohol & age & sex & strain, voluntary alcohol consumption, rats, 10644

informational analysis & educational level, sequential behavior, 20 35 & 65 80 yr. olds, 592

instructions & temporal & spatial organizational cues & age, shortterm memory, kindergartners & 1st & 4th graders & college students, 10881

internal-external control & self concept & age & intelligence & time, arithmetic computation & problem-solving achievement, 18 yr. & older black females in Adult Basic Education Centers, 5513

intra- & intermodal processing, short-term memory for shape information, 4-6 & 8-9 yr. olds, 6456

intra- vs. extrasubject factors, relative influence on physical & affective & social judgment, 7 vs. 14 yr. olds vs. college students, 2194

IQ & sex & socioeconomic status & CA & MA & special treatment effects, language behavior, 6.9 12.8 yr. old educable retarded children in special classes, 1344

irreversible vs. reversible vs. intermediary sentences & situations, passive sentence comprehension & production, English-speaking 3 6 vr. olds, 10915

irreversible vs. reversible vs. intermediary sentences & situations, passive sentence comprehension & production, Swiss-Germanspeaking 5 8 yr. olds, 10818

judging attributes as belonging to endomorph vs. ectomorph vs. mesomorph & as good vs. bad & as like vs. unlike themselves, body-build stereotype development, 5 6 vs. 14 15 vs. 19 20 yr. old chubby vs. average build males, 4167

judgment of skin color vs. perception of own skin color & social class & age & region & social mobility, black ethnic identity, U.S.A. blacks & Africans, 667

knowledge of relevant information & complexity & codability of stimulus information, visual selective attention, 2nd vs. 6th graders, 4198

late vs. early experience with stimuli, perceptual learning, discrimination, rats, 10705

learning & memory, young vs. old adults, 4184 level 4 & level 5 object permanence concept as discriminated operant response, concept learning & conceptual development, 21-32 mo. olds, 4202 linear vs. nonlinear structural abstract vs. concrete stimulus sets, serial learning, 4th vs. 6th vs. 8th graders, 10817

linguistic rule conformity, free recall, 1st & 5th graders & college students, 10911

locus of control & self concept in academic vs. social settings, mildly retarded 7th vs. 11th graders vs. nonretarded 7th graders, 9342

low vs. middle socioeconomic status & rural vs. urban areas & age &

sex, self concept, black vs. white 3rd 8th graders, 2199 marital status & age & sex & extent of training & religion & residential & work environment & type of work, work & leisure orientation, 15-65 yr. old workers, 8148

maturation & sensitive age parameters, discrimination between man-made flock call & danger call, mallard duckling, 2031

mental operator as task-independent mental capacity construct, validation on number ordering task, 5-10 yr. olds, contribution to J. Pascual-Leone's study, 4103

model vs. practice vs. control condition & additional multiple classification task, observational learning developmental aspects, 2nd vs. 4th vs. 6th graders, 2152

model's race vs. O's age & race, imitation, 3 & 5 & 7 yr. olds & Negro & Caucasian peer models, 10872

modeling & age & sex & bilingualism, length & complexity of sentences, 2nd & 4th graders, 2124

moral development, role taking ability & interpersonal behavior formal aspects, 9 13 yr. olds, 2115 mother vs. father influence & age, moral reasoning, male vs. female children in Iran vs. U.S.A. vs. Canada vs. Guatemala, 8973

multiple cue use & cue validity, Brunswik lens model judgments, 3rd vs. 5th vs. 7th vs. 9th graders, 4186

mutual developmental stake & investment, age & generational differences in perceptions & conflict, 4092

no feedback-no directional instructions vs. feedback only vs. directional instructions only vs. feedback & directional instructions, form discrimination & orientation, children, developmental

noncontingent feedback vs. monetary incentive for accuracy & event schedules, discrimination of acquisition vs. extinction phases of probability learning under state instructions & PRE, 6th graders vs. female college students, 2135

norms categorized by age & sex, Ziler's Draw-a-Man-Test & Raven's Coloured Progressive Matrices, 57 yr. olds, 3533

obesity, social & emotional adjustment, obese vs. nonobese 3rd vs. 5th vs. 8th vs. 11th graders, 2734 ocular aging, binocular depth perception, veterans in Normative

Aging Study, 4089 open space vs. traditional school environments & sex & grade

differences, risk taking, 6th 8th graders, 7708 overt aggression & friendly behavior, middle- vs. working-class 4 vs.

pacing & age decrement interaction, paired-associate learning, aged, 6538 5 yr. old children, 4220

paradoxical sleep deprivation & age differences, propensity for

paradoxical sleep, rats, 6150 parkinsonism degree & onset & age, intellectual functioning, idiopathic parkinsonism patients, 97

peers' sex & sex composition change of dyads, social behavior, black middle-class 3 & 5 yr. olds, 11090

perception recognition speed, 5-9 vs. 10-13 vs. 14-17 vs. 18-24 yr. olds 8853

perceptual shielding vs. nonshielding, nonegocentric spatial perspective task performance, 6 vs. 8 vs. 10 yr. olds, 4100

personality & age, stuttering severity during oral reading & spontaneous speech, 8 21 yr. old stutterers, 11465 personality traits & nervous system characteristics, intelligence,

school children, 9187

persuasive vs. formal logical deducting process, conception of reasoning, 1st vs. 3rd vs. 5th vs. 7th vs. 11th graders, 615 phonetic vs. semantic memory organization bases & sound vs. meaning facilitative instructions & age, verbal false recognition error occurrence, 1st vs. 5th graders, 585

Piagetian operational level, metalinguistic performance, kindergartners vs. 1st graders, 8815

pictorial vs. verbal response requirements, recognition memory, kindergartners vs. 2nd vs. 4th graders vs. high school students,

picture & spoken message with white noise vs. spoken message only with white noise vs. telephone connected to tape recorder with white noise, sentence completion in informal talk, 3 6 yr. olds,

- positive vs. negative reactions to specified & unspecified persons & unspecified issue, cognitive balance, 10 vs. 14 vs. 17 vs. 21 vs. 45 vs. 68 yr. olds, 4128
- postnatal changes, somesthetic evoked potentials, rats, 6328
- practice & age differences, short-term visual memory, young adults vs. aged, 6615
- praise vs. silence vs. criticism following correct response, discrimination learning & retention, 1st vs. 2nd vs. 5th vs. 6th
- present personal time perspective as self-assessment at present vs. 5 yr. retrotension vs. 5 yr. protension, 20 88 yr. olds, 2085
- primary evaluation factor & secondary potency & activity factor, affective meaning system, preschool children, 10845 procedures of L. Vigotsky vs. B. Inhelder & J. Piaget, free classification, 2 & 4 & 6 & 8 & 12 & 16 yr. olds, 10831
- production of personality concept words with negative prefix, semantic differential scale construction, adults vs. 15 yr. olds vs. 10 vr. olds, 2428
- progressive retinal destruction, illumination level & age difference effects on open-field activity & brightness discrimination ability, young mice, 1916
- psycholinguistic antecedent events, spontaneous verbal imitation, 22-24 vs. 28-30 vs. 34-36 mo. olds, 6532
- Psychosocial Maturity Scale, social desirability & psychological
- maturity, black & white 5th vs. 11th graders, 603 race & age & sex & marital status & employment & withdrawal symptoms at admission & hepatic function & nutritional status, Chippewa Indians vs. majority patients with alcohol-related problems, 9495
- race & socioeconomic background & age, postural equilibrium test performance, school age children, 631
- race & socioeconomic status & age & imagery, learning, 1st & 6th graders, 9852
- reaction time & digit-span & time estimation task variability, retardates vs. 1st vs. 3rd vs. 5th vs. college students, 10870
- reading achievement & age, auditory vs. visual processing of single words, 1st vs. 3rd vs. 5th graders vs. college freshmen vs. sophomores, 644
- reflection-impulsivity & field dependence-independence cognitive styles & optimistic-pessimistic responses to frustration threat, 6 vs. 8 vs. 10 yr. old boys, 11210
- reflection-impulsivity & field dependence-independence cognitive styles & verbal intelligence, moral maturity level, preschoolers vs. school age children, 639
- reflectivity-impulsivity, information-processing proficiency, 5th vs. 9th graders, 4190
- regular vs. imagery instructions & semantic correspondence, sentence embedded paired associate learning, 3rd vs. 6th grade students, 2127
- reinforcement type & task & grade level & social class & sex, problem solving & motor learning tasks, 1st & 3rd & 5th graders, 7939
- relevant vs. irrelevant pretraining, crossmodal transfer between vision & touch on foreign letter learning task, 9 vs. 11 yr. old Negro vs. Caucasian males vs. females, 3752
- resolving problems requiring practical intelligence, strategies & conceptual awareness & strategy, 5-7 & 7-10 & over 10 yr. olds, 6564
- reversals of cue reward assignments on alternate errors, concept identification, kindergartners & 1st & 5th graders, application of G. Bower & T. Trabasso's test for noncontinuity processes, 2195
- Rorschach indicators & Piotrowski scales, measurement of senility & cerebral deterioration, 65 69 vs. 75 79 yr. old males, 4814
- rotations on Wechsler Preschool & Primary Scale of Intelligence Geometric & Block Design subtest items, 4 vs. 5 vs. 6 yr. olds,
- rote verbal learning, variation in serial position curve as index of relative difficulty, kindergartners & 1st & 3rd & 5th graders, 2067 salience of odd cue during original training, color oddity problem
- training & transfer to form problems, 3 5 yr. olds, 4127 same sex dyadic interaction vs. working along & age, construction task performance time & use of blocks, 2 vs. 3 vs. 4 vs. 5 vs. 6 yr. olds, 2166
- same vs. reversal conditions, discrimination acquisition & extinction
- rates, kindergartners & 2nd graders, 4108 sampling vs. comparison processing, communication development, 2nd vs. 4th vs. 6th graders, 572
- scholastic achievement & interests & peer status & physical growth & abilities, modal-age vs. underage boys, 7756

- self concept & age & socioeconomic status & grades & weekly employment & parents' educational background, transfer vs. occupational community college students, 12012
- self-actualization & intelligence & age & sex, identity of human figure drawings, adolescents, 7014
- self-appraised vs. stereotyped attitudes about fun & happiness,
- young vs. middle-aged vs. old adults, 8798 self-evaluation of adequacy, perceived body size, male vs. female children at different developmental stages, 4121
- self-programing of sequential shape input & age differences, shape recognition through aperture in free viewing situation, children
- with mean ages of 4.6 & 6.6 & 8.5 yr., 6500 sentence production, 10 19 yr. old normals vs. Parkinsonians vs. patients with left vs. right hemisphere brain lesions vs. patients with dementia, 7171
- separation from nest & isolation & room temperatures, ultrasonic vocalization, mice, 10704
- sequentially-presented shapes under cross-modal vs. intramodal conditions & age differences, recognition, 6 & 8 & 10 yr. olds, 10859
- set order & distraction & age differences, dichotic listening recognition, adults of different ages, 6596
- sets to use time & velocity cues, space estimation, 1st vs. 4th graders vs. undergraduates, 627
- setting & incrementing operations in counting process, simple addition model, children vs. adults, 209
- sex & age & education & occupational & company & job tenure & management level, job satisfaction, 12155
- sex & age & education, school psychologists' tasks & roles, 11904 sex & age & intelligence, logical sequence memory span test
- performance & relationship to reading readiness test performance, kindergarten 2nd kindergarten to 2nd students, 11884
- sex & age & marital status & education, sex-role stereotypes, 8896 sex & age & motivation & experience, prey preferences, hawks, 4048 sex & age & race & socioeconomic status, delinquent behavior vs. official delinquency, 13 16 yr. olds, 9497
- sex & age & time of day of attempt & family conditions & motivation, attempted sucide, 13 20 yr. olds, 11455
- sex & age differences, personal space, 1st 6th graders, 10892 sex & age, association learning & conceptualization & creative self-
- direction, 3-4 vs. 4-4 yr. olds, 6478
- sex & age, neurotic symptomatology & brain damage, hospitalized alcoholics, 2642
- sex & grade level & intelligence, interpersonal attraction, 3rd vs. 8th graders, 11080
- sex & grade level & occupational group, personal & interpersonal values, 9th 12th graders, 12087
- sex & race & age differences, verbal fluency & flexibility & creativity, sighted vs. blind residential vs. day school 6 12 yr. olds,
- sex & race & socioeconomic status, conversation participation & verbal interaction & encoding style in problem solving communication, adult vs. children dyads, 6809
- sex & 1st hospitalization age & diagnosis & psychological history & demographic variables, longevity, 80 yr. old & older former
- psychiatric patients vs. patients deceased at 65 70 yr. old, 9359 sex-role preference & sex-role adoption, risk-taking model imitation,
- 1st vs. 5th graders, 8432 sex, intellectual changes on Wechsler-Bellevue Intelligence Scale & vocabulary & tapping tests, male & female senescent twins, 20 yr. longitudinal study, 577
- sibling position, number & type & intensity of fears, white vs. nonwhite male vs. female upper- vs. lower-class 3rd vs. 6th graders, 9157
- sibling's sex & status & age-space between siblings, sex-role preference, 2nd born 4 6 yr. olds from middle-class 2-child homes vs. singletons, 8785
- signal detection theory, auditory intensity selectivity, 7 8 vs. 13 14 vs. 19 20 yr. olds, 6509
- silence vs. home vs. white noise, Porteus Mazes & word completion & counting task performance, middle- vs. lower-class 2nd vs. 6th graders, 8780
- simple vs. complex maze learning, mature-young vs. aged rats, 4020 skeletal age, fine motor performance, 5 vs. 7 vs. 9 yr. olds, 6533
- skin color & physiognomy of dolls, racial misidentification, male vs. female & black vs. white & 4 vs. 5 vs. 6 yr. olds, 6685
- smoking behavior, social characteristics, Normative Aging Study healthy male smokers vs. nonsmokers, 4205

social vs. prosocial status, sharing behavior, female kindergartners vs. 2nd vs. 6th graders, 2167

sociocultural factors & age & marital status & sex, obsessional traits of personality, Irish vs. English Ss, 2475

socioeconomic status, concrete vs. abstract paired-associate learning task, Negro male kindergartners vs. 3rd vs. 6th graders, application to educational programming, 5557

solid objects vs. photographs vs. drawings of objects as visual stimuli & grade level & sex, visual observation & comparison tasks focusing on color & size & form & form-detail, elementary school students, application to teaching materials & methods selection, 7719

soliloquy & task difficulty & age, problem solving, 5 10 yr. olds, 6462

speed concept development, associated language acquisition, 5.5-9.75 yr. olds, 8826

standardized English reading passages vs. equivalent forms rewritten in Negro dialect vs. nonstandardized reading passages in Negro dialect, recall of printed language patterns, Negro Caucasian low-socioeconomic-status 2nd vs. 4th graders, 4189

stimulus ambiguity & familiarization & age & sex, visual exploration & stimulus preference, 2nd & 6th grade & college students, 2073 stimulus characteristics, recognition memory, 5 & 8 & 12 yr. olds & college students, 610

striatectomy, behavior & electrophysiology, adult vs. neonatal rabbits, 8677

subjective life expectancy estimates & age differences, time perspective evaluation of past & future events localization, 17 55 vr. olds, 6560

subjective vs. objective cues, moral judgment, consequence-vs. motive-oriented 2nd & 4th & 6th graders & college students, 6514 successive strategies, learning to use "lazy susan" lever, 12-24 yr.

susceptibility to visual illusions, middle-aged & elderly Ss, 6489 syntax & vocabulary rules, statement repetition, 6.11 vs. 7.11 vs. 8.10

vs. 9.11 yr. olds, 10889 TAT stimuli, story length production, 5 7 vs. 8 11 vs. 12 15 yr. olds,

test line position & age, Ponzo illusion magnitude, 2nd 8th graders vs. undergraduates, 1637 theoretical & methodological issues, age changes in transfer of

training & forgetting, aged, 6506 thinking style preferences & age & IQ & ethnicity & socioeconomic

status & paired associate learning, school learning proficiency, school age children, 1354

time & space, velocity estimations of motion, 1st vs. 4th graders vs. college students, 6556

toe vs. finger touch-pressure sensation threshold, younger vs. older females vs. males, 5832

verb vs. conjunction verbalization & side by side vs. interactive line drawings vs. interactive photographs, paired-associate recall & recognition, kindergartners & 3rd graders, 2126

vicarious positive vs. negative reinforcement, task choosing, 1st vs. 3rd graders, replication of Barnwell & Sechrest's study, 6460

visual & active vs. passive tactual horizontal-vertical illusions, spatial perception, 5 14 yr. olds vs. male college student, 2111 visual & kinesthetic factors, handwriting, 3 12 yr. olds, 10336

visual stimuli meaningfulness & familiarity & age differences, perceptual recognition, 18 83 yr. old Ss, 4139

visual vs. tactual input & age, reversal vs. nonreversal learning, 47 yr. olds, 638

vocal labels, short-term memory for pictures, younger vs. older hearing vs. deaf children, 7107 voice sound pressure level & rate in words/min & sentence rate, oral

reading & impromptu speaking, 40 50 vs. 61 70 vs. 70 80 yr. olds, 6587

WISC subtest administration on different test occasions, intellectual differentiation, 6 11 yr. olds, longitudinal investigation, 2158

year in school & academic achievement & success context, motivation to avoid success, female college students, 6965 Young Children's Social Desirability Scale, social desirability,

economically disadvantaged 4 & 5 yr. olds, 10798 16 PF scores & age & sex, time-estimation accuracy, 13-69 yr. old males & females, 3539

2-choice discrimination task & visual angle, pictorial size-in-depth

relations perception, 4 vs. 7 yr. olds vs. adults, 10849
3-choice probability learning task, problem-solving strategies, reflective vs. impulsive 6 vs. 8 yr. olds, 4082

A. Routtenberg's 2-arousal hypothesis of cortical excitation & F. Post's somatic explanation of psychiatric abnormality & Synonym Learning Test & Digit Copying Test of Kendrick Battery of Tests, assessment of cognitive functions in senescence, elderly males & females, 9381

absence vs. presence of supportive services facilitating viable independent community living, selection criteria & preferred dispositions for institutionalized care, elderly, 9788

activity level & sense of personal autonomy, life satisfaction, 65-87 vr. olds, 6598

addiction age & drugs of choice & abuse, aging white male addicts.

age & education & occupational & financial & marital status & individual health perception & self-care & household task performance & social activity, morale, retired men 65 yr. old & older, 2193

age & health & sex & profession & education, WAIS verbal & perceptual-motor sections, 60 69 & 70 79 yr. olds, 6586

age & sex & education, judging of square size & dot location, 23 68 yr. old teachers & teacher-trainers, 2092

age & sex & educational differences, emotional vs. nonemotional syllogistic reasoning, 20 yr. olds to Ss over 70 yr. old, 6567

age & sex & social class & marital status & social involvement, psychological health, people over 65 yr. old, longitudinal study, 4243

age & sex & stimulus ambiguity, social conformity on perceptual judgment tasks, 16 21 & 60 80 yr. olds, 4159

age & stimulus meaningfulness, paired-associate learning, 18 82 yr. old females, 4257

age differences & item concreteness, strategies in paired-associate

age unterences & item concreteness, strategies in paired-associate learning, young vs. middle-aged vs. old Ss, 6584 age integrated vs. segregated living arrangements & activity level, successful aging & morale, retirement community residents, 2170 age, backward dichoptic masking & signal processing time, young

vs. middle-aged vs. old Ss, 6540

age, free classification of various colored & sized & shaped geometric figures, 25 55 vs. 67 95 yr. olds., 587 age, preference for later retirement, older workers, 4204

age, probability learning & prediction tasks, old vs. young Ss, 4216 age, sensory-perceptual factors in RT, 18-21 & 54-71 yr. old

females, 8788

age, speech discrimination, 20 40 yr. olds & 60 69 yr. olds, 9379 age, WAIS performance, mentally ill affective & schizophrenic & organic & normal elderly survivors & nonsurvivors, 4 yr. longitudinal study, 4712

aging & sex & personal background & characteristics, self-image & involvement & self-evaluation & freedom & values, 45-70 yr. olds, 4084

aging, attitudes & perceptions of experiences, psychiatric outpa-tients & nonpatients 16 60 yr. old & older, 6505 aging, progressive activity of manio-melancholic psychosis, patients

over 65 yr. old, 4838 aging, somatosensory evoked potentials, male 9 18 yr. olds & 19 69

yr. olds, 1829 alcoholism or drinking problems & hostile attitudes, discipline

problems, institutionalized older veterans, 9277 analytical vs. global field approach & attention-concentration &

verbal-comprehension, aged Ss, 5970

attitudes toward aged & aging, psychiatrists, 9242 attitudes toward death & dying, denial, aged, 4158

attitudinal & perceptual orientation toward young people, 60 69 yr. olds, 6481

attitudinal agreement vs. disagreement with old vs. young stranger, interpersonal attraction, old vs. young Ss, 6508 biofeedback control of EEG alpha rhythm, RT, young adults vs.

aged Ss, 3841 chronic physical illness among affective disorders, aged, 9441

Allport Vernon Lindzey Study Values

test-retest reliability, MMPI & Thorndike Dimensions of Temperament & Occupational Interest Inventory & Allport-Vernon-Lindzey Study of Values & Eysenck Personality Inventory & 16 PF & Otis Quick-Scoring Mental Ability Tests, male inmates, 2670

# Alopecia Alpha Rhythm

alpha rhythms detection & electronic feedback control of visual & auditory displays & clocks & counters & computer sampling routines, 8502

assumptions of response singularity & of attenuation intervals functional equivalence, consideration of occipital EEG alpha rhythm response as time series, 318

biofeedback control of EEG alpha rhythm, RT, young adults vs. aged Ss, 3841

EEG alpha & beta activity, automatization & vigilance & arithmetic performance, university students, 6096

EEG alpha-rhythm recordings from symmetric hemispheric points in parieto-occipital & parieto-temporal & temporo-occipital region, significance as test of cerebral hemisphere dominance, 16 49 yr. olds, 3779

EEG, 14 16 yr. old monozygotic vs. heterozygotic twins, 10585 free-response ESP, EEG percent-time alpha & mean alpha

frequency, 1649

patterned flashes, alpha attenuation & pattern discrimination, 1805 precognition performance, EEG alpha frequency & directional shift, male undergraduates, 1648

social & cognitive & EEG effects, alpha feedback training, 3836 unilateral alpha training, visual evoked response, dyslexic 14 yr. old,

visual afferentation, alpha rhythm & EEG, blind Ss, literature review, 7246

Alphabets (See also Initial Teaching Alphabet, Letters (Alphabet)) traditional orthography vs. initial teaching alphabet vs. orthographies providing graphic cues, differentiation of grapheme-phoneme units, kindergartners, 3277

Altitude Effects

altitude & high temperature, tracking & monitoring & mental arithmetic, aviation employees, 1401

genetics & acclimatization, physical growth & development & attainment, adolescent & adult Peruvian Quechua, 10855

3 vs. 20 vs. 24 vs. 45 hr. exposure to hypobaric conditions equivalent to 15,000 ft., simple & complex decision making & psychomotor task performance, enlisted military personnel, 10533

Altruis

affect, altruism, 7-8 yr. olds, 11108

altruistic act performance, likelihood of performing 2nd altruistic act. 4410

ambiguity of emergency situation, helping behavior, college students, 9019

attractiveness & dependency, occurrence of social exchange rules & altruism & reciprocity, 9052

harm-doing, voluntary guilt expiation through altruistic behavior, adult females, 6854

highly preferred vs. low priority interpersonal reinforcer, agreeing to help another person, undergraduates, 9048

introvert-extrovert & altruistic-manipulative characteristics, empathy & respect & genuineness, counselor trainees, 7038 personality factors, altruism, college students & philanthropists,

self concept & social influences, altruistic behavior, aged, 4451

socially useful behavior, altruistic states, book, 11115 stereotypic conservative college student vs. factory worker vs. hippie dressed male Es, altruistic responses to simple requests, male Ss,

Alveoli (Lung) (See Pulmonary Alveoli)

Alzheimers Disea

Amaurotic Familial Idiocy

absence of quantitative increase in total amount of gangliosides & essentially normal pattern of ganglioside distribution, Jansky-Bielschowsky type of late infantile amaurotic idiocy, 10 yr. old

Ambiguity (Stimulus) (See Stimulus Ambiguity)
Ambiguity (Tolerance) (See Tolerance For Ambiguity)

Ambition (See Aspirations)

Ambivalence

ambiguity, mental disturbance, 919

group experiences, personality & involvement & commitment, preservice teachers, 3212

psychotherapy termination, suicide, 11567

Amblyopia

Maxwell spot centroid, measuring fixational eccentricity, applica-tion with adults & 49 yr. olds, 8298

spatial & temporal organization, language development & speech disturbances, amblyopic children, 7156

vigilance & emotionality, posture variations, 5 & 7 & 9 & 11 yr. old normal & amblyoptic girls, 969 Amenorrhea (See also Pseudocyesis, Stein Leventhal Syndrome)

Amentia (See Mental Retardation)

American Indians

academic achievement motivation & response set scores on Gumpgookies, Mormon vs. Catholic vs. Jewish vs. Puerto-Rican vs. urban Negro vs. rural Caucasian vs. Hawaiian vs. West Coast Oriental vs. Mexican-American vs. American Indian preschool children, 8777

Bender Visual Motor Gestalt Test scores, 6-7 vs. 11-12 yr. old Navajo Indians vs. Caucasians, 4242

control program, tranquilizer distribution in clinic for American Indians, 5076

ethnic background & white urban culture contact & training in WISC Similarities & Block Design strategies, verbal regulation of behavior & IQ, 6-15 yr. old Indian vs. white Canadians, 4221

group vs. individual reward, cooperative vs. competitive behavior, Blackfoot Indian vs. urban Canadian 7-11 yr. olds, 4183

hallucinating presence of recently deceased family member, mourning process, Hopi Indian women, 10997 initiation rites, aggression & dependence & validity of Freudian

theory of culture, 8-10 yr. old Hopi boys, 686

multitrait-multilanguage approach to translation equivalence, isolation of culturo-linguistic differences on suicide questionnaire, Navajo-English bilingual high school students, 825

necessity for legal education, American Indians, 12091

profile, Indian aged, 8783

Project Catch-Up, self concept & drop-out rate & academic achievement, Indian- & Mexican- & Anglo-American junior high school students, follow-up evaluation, 7893

race & age & sex & marital status & employment & withdrawal symptoms at admission & hepatic function & nutritional status, Chippewa Indians vs. majority patients with alcohol-related problems, 9495

refutation of myths about American Indians & urban life adjustment problems & study centers, 4316

self-esteem, intelligence & reading achievement & attitudes, 4th grade Pima Indians, 5400

sex & race of Anglo-American & American Indian figures, distance between figures as if getting acquainted, Anglo-Americans vs. American Indians, 6725

socioeconomic status & academic performance & intelligence & self concept & comparative family conditions, American Indian children in Detroit public schools, Michigan, 7819

staff & patient attitudes toward psychiatric treatment, differential inpatient psychiatric care, Indians & Metis with personality disorders, 11631

success correlates & evaluation, federal program for improving employability, emigrants from Indian reservations, 8902

successful negotiation of government contract & selection of entry in community for visibility & acceptance & direct & indirect consultation services provision & systematic program evaluation method, community mental health consultation program development, rural American Indian population, 2917 suicide, American Indians, 11324

verbal flexibility & originality & fluency, rural vs. middle- vs. lowerincome urban vs. lower-income vs. impoverished Indians, 11268 Amine Oxidase Inhibitors (See also Iproniazid, Isocarboxazid,

Lysergic Acid Diethylamide, Nialamide) Amine Oxidases (See also Monoamine Oxidases)

Amines (See also Amitriptyline, Amphetamine, Atropine, Bufote-nine, Catecholamines, Chlordiazepoxide, Chlorimipramine, Chlorisondamine, Chlorpromazine, Chlorprothixene, Cocaine, Dextroamphetamine, Diphenhydramine, Dopamine, Ephedrine, Epinephrine, Galanthamine, Guanethidine, Histamine, Homatropine, Hydroxylamine, Hyoscyamine (L-), Imipramine, Mecamylamine, Meperidine, Methamphetamine, Methoxamine, Methylphenidate, Norepinephrine, Orphenadrine, Phenmetrazine, Phenoxybenzamine, Physostigmine, Puromycin, Scopolamine, Serotonin, Sympathomimetic Amines, Thalidomide, Trihexyphenidyl, Tryptamine, Tyramine)

amphetamine & hydroxyamphetamine & dihydroxyphenylalanine & 5-hydroxytryptophan & reserpine & syrosingopine & methyl-ptyrosine & p-chlorophenylalanine & chlorpromazine & cyproheptadine, amphetamine state conditioned avoidance & recall, albino

biogenic amine hypothesis of depression, consideration of interactions between catecholamines & indoleamines & false transmitters, 4798

daily urinary elimination of phenethylamine, normals vs. Ss with endogenous depression vs. mania vs. schizophrenics, 9338

- morphine injection, brain concentrations of noradrenalin & dopamine & 5-hydroxytryptamine & 5-hydroxyindoleacetic acid & motor activity, mice, 381
- morpholino- & pyrrolidino- & cyclo-octyl-derivatives of betaalanine, brain amines & amino acids, 1901
- neuronal function peripheral transmitters & aromatic amines, diencephalic & brainstem mechanisms, review, 6090
- Amino Acids (See also Alanines, Aspartic Acid, Cysteine, Dopa, Folic Acid, Glutamic Acid, Glutamine, Glycine, Histidine, Leucine, Methionine, Phenylalanine, Tryptophan, Tyrosine)
- age & sex, alterations in DNA-bound amino acids, rats, 6186 barbital prolonged administration & subsequent withdrawal, behavior & EEG & brain cortical g-aminobutyric acid content, rats, 6226
- barbiturate & hydantoin group drugs, g-aminobutyric acid content in cerebral hemispheres, mice, 8668
- chlorpromazine acute & chronic administration, brain amino acids, rats, 3901
- d-tubocurarine & interactions with g-aminobutyric acid & bicuculline & picrotoxin, cerebral cortex & shock-produced inhibition, cats, 8629
- dietary amino acid pattern, food preference behavior, rats, 3844
- epileptogenic temporal & frontal brain lobes, amino acid contents in focal vs. surrounding regions, patients undergoing surgery for focal epilepsy, 11795
- flashing vs. constant light vs. dark imprinting procedures, regional incorporation of radioactive lysine & uracil into acid-insoluble brain substances. I day old chicks. 3767
- brain substances, I day old chicks, 3767
  morpholino- & pyrrolidino- & cyclo-octyl-derivatives of betaalanine, brain amines & amino acids, 1901
- p-nitromethylamphetamine, brain noradrenaline & dopamine & 4,a-dimethyl-m-tyramine & 5 hydroxytryptamine & tyrosine & g-amino-n-butyric acid & tryptophan, rats, 412

#### Aminotransferases (See Transaminases) Amitriptyline

- acridane vs. amitriptyline, antidepressant activity, depressed
- outpatients, 2969
  amitriptyline & desipramine & dibenzepine & imipramine & nortriptyline, urinary bladder & sphincter tonus changes, patients,
- autonomic effects of amytriptyline & amytriptyline with protriptyline & imipramine, correlation with antidepressant action, endogenous depressives, 11790
- demographic & sociological & clinical characteristics, amitriptyline treatment program success & dropout rate, depressed females, 7429
- imipramine & dibenzapine & thioridazine & amitriptyline, endogenous depression, 2839
- perphenazine vs. amitriptyline vs. perphenazine-amitriptyline vs. placebo, symptom & academic & psychological improvement, underachieving & psychoneurotic 4th-6th graders, 3073
- standard thrice daily vs. sustained release single dose amitriptyline, depressive patients, 2879

#### **Ammonium Bromide**

### Ammons Full Range Picture Vocab Test

### Amnesia (See also Fugue Reaction)

- amnesic agents, step-through latency in passive avoidance tasks & role of stress, 438
- caudate stimulation, retrograde amnesia threshold & gradient, rats, 6263
- delayed footshock ECS pairings, amnesia, rats, replication of A.M. Schneider & W. Sherman's study, 3891
- duration of detention period & time interval between detention & learning & CR strength, passive-avoidance CR level & amnesia, mice, 8756
- ECS after reactivation of consolidated memory trace, retrograde amnesia for fear conditioning, rats, replication of J. R. Misanin & R. R. Miller & D. J. Lewis's study, 8608
- ECS induced amnesia, avoidance behavior recovery using ice water immersion as aversive training stimulus & footshock as recovery stimulus, rats, 6322
- ECS, passive-avoidance behavior & amnesia during acquisition &
- consolidation & testing, rats, 8653 instructions regarding rehearsal & presentation rates & critical item exposure duration, anterograde vs. retrograde amnesia in shortterm memory, college students, 8375
- massed vs. spaced retest, anticholinesterase-induced amnesia, rats,

- nature & mechanisms of disturbance in object naming, amnesic aphasics & normal adults & schoolchildren, 9482
- reestablishment of continuity with training situation, prevention of ECS-induced amnesia for passive avoidance task, rats, 3851
- resistance to reminder effect, flurothyl-induced retrograde amnesia for learned peak-suppression, cockerel chicks, 3869
- single ECS following retention interval & pre-ECS reinstatement of memory cues, amnesia for maze learning, rats, 6289 transcorneal electroconvulsive shock, recovery from amnesia for
- avoidance behavior, rats, 1913
- transient global amnesia, etiology & syndrome mechanisms, 43 & 59 yr. old men, 972
- traumatic amnesias, book, 4836
- unilateral spreading depression, retrograde amnesic effects & interference with stimulus control, rats, 6313

#### Amniotic Fluid

- Ansobarbital amphetamine vs. amobarbital, Borg's Cycling Strength & Endurance Test performance, 19-21 yr. old military recruits & 21-25 yr. old male teacher trainees, 1842
- amylobarbitone sodium & placebo combinations, learning transfer, adults, 1902

### Amobarbital Sodium (See Amobarbital)

#### Amphetamine

- (+)-amphetamine applied iontophoretically to brainstem neurons following reserpine vs. a-methyl-paratyrosine vs. bis-(1-methyl-4homopiperazinyl-thiocarbonyl)- disulphide, excitatory & inhibitory actions on single brainstem neurons, rats, 1840
- (+)-amphetamine sulphate dosage, conditioned anxiety & suppression of bar pressing, rats, 1849
- amphetamine & methamphetamine & tyramine & ephedrine vs. phenoxybenzamine & phentolamine & tolazoline vs. atropine & arecoline, epileptiform afterdischarges in chronically isolated slabs of cerebral cortex, cats, 409
- acute & chronic amphetamine administration, brain acetylcholinesterase & choline acetylase activities & eating behavior, rats, 3902
- affective reactions & routine task performance & leisure activities & interpersonal conflicts & physical condition & psychosomatic complaints, 15-35 yr. old drug consumers vs. nonconsumers, 11017
- alchohol & marihuana & LSD & D-amphetamines & barbiturates & heroin use, 28 yr. old male, 4771
- amphetamine & cocaine, turnover rate of brain catecholamines & motor activity, rats, 1853
- amphetamine & hydroxyamphetamine & dihydroxyphenylalanine & 5-hydroxytryptophan & reserpine & syrosingopine & methyl-p-tyrosine & p-chlorophenylalanine & chlorpromazine & cyproheptadine, amphetamine-state conditioned avoidance & recall, albino rats, 446
- amphetamine & myristicin & macromerine, EEG depression & excitation & hallucinations & spikes & grand mal seizure & neurovegetative disturbances & ejaculation, rats & cats & rabbits, 382
- amphetamine & pilocarpine, eating habits, rats with & without chronically low acetylcholinesterase levels, 434
- amphetamine analogues, a-methyl-p-tyrosine induced catalepsy, rats, 455
- amphetamine dose & food deprivation length, free-feeding behavior, rats, 3872
- amphetamine in large doses, monoamine metabolites in urine & cerebrospinal fluid & behavior, physically healthy nonschizophrenic male amphetamine abusers, 2566
- amphetamine vs. amobarbital, Borg's Cycling Strength & Endurance Test performance, 19-21 yr. old military recruits & 21-25 yr. old male teacher trainees, 1842
- amphetamine vs. b,b-difluoroamphetamine, brain metabolism & CNS stimulation, mice, 10619
- amphetamine vs. L-ephedrine p-hydroxylated derivations & unilateral lesion of nigrostriatal pathways, rotational behavior & striatum endogenous dopamine content on brain's intact side, rat,
- amphetamine withdrawal, affective state & sleep patterns & methoxy-hydroxyphenylglycol excretion, hospital amphetamine users, 7684
- amphetamine, choice behavior in operant keys-pecking behavior, pigeons, 8683
- amphetamine, hypothalamic feeding regulation, 10606

amphetamines & amphetamine analogues, psychopharmacology & mechanisms of action & influence on animal & human behavior, symposium papers, 1961

amphetamines, pharmacological studies on central effects, 6284 anxiety & depression syndromes, heroin vs. amphetamine use, young inpatient addicts, 4721

apomorphine vs. amphetamine, dose-related lever-pressing behavior, rats, 3875

atropine vs. amphetamine, induced adipsia, 10628

azaphen & imipramine & subsequent amphetamine, shock avoidance reflex, rats, 1933

contingency contracting, deceleration of amphetamine use, female adult, 11553

corpus striatum chronic lesions, reserpine- & apomorphine- &

amphetamine- & haloperidol-induced syndromes, rats, 10614 d- & l-amphetamine vs. cocaine vs. L-dopa vs. methylphenidate vs. pemoline magnesium hydroxide, stereotyped behavior, cats, 8768 d-amphetamine & scopolamine & chlordiazepoxide, suppression of

self-stimulation by tetrabenazine & physostigmine & chlorpromazine & pentobarbital, rats, 3939

demographic & social & behavioral & psychological characteristics, usage patterns for marihuana & amphetamines & opium & LSD & barbiturates & cocaine & glue & heroin, college students, 4324

desipramine & imipramine & protriptyline & benztropine & d- & lamphetamine & p-chloroamphetamine & cocaine & pretreatment with nialamide, O-methylated noradrenaline & normetanephrine & nor-O-methylated dopamine & 3-methoxytyramine levels in brain & locomotor & rearing & stereotyped behaviors, rats, 8670

ECS premedication with amphetamine sulfate, therapeutic advantages, depressive thymolepticoresistant patients, 2951

family antecedents & frequent psychosexual disorders & abnormal premorbid personalities, amphetamine abuse, patients in private psychiatric clinic, 11683

fenfluramine & AN 448, subjective effects, amphetamine-dependent prisoners, 11611

haloperidol & amphetamine, lever-pressing & jumping in noiseescape situations, rats, 430

imipramine & dexphenmetrazine & amphetamine sulphate, REM & NREM sleep & sleep duration, patients suffering from narcolepsy-cataplexy & sleep paralysis & hypnagogic hallucinations, 7626

LSD & marihuana & hashish & amphetamine usage & personality & attitudinal & behavioral correlates, driving behavior, 12153

marihuana & LSD & mescaline & amphetamine & barbiturate & alcohol use, 14-23 yr. old Peruvian psychiatric patients from upper & middle class stable homes with psychological disturbances preceding drug use, 2651

metamphetamine & diazepam & saline, amplitude changes of Achilles tendon & Hoffman reflex during mental task, 1845

methylamphetamine, stereotyped behavior & locomotory activity & startle reactivity & orienting responsiveness, rats, 406

narcotics & LSD & marihuana & amphetamines & barbiturates, National Institutes of Mental Health supported research & education & information programs, 3847

nicotine vs. amphetamine, activity, rats, 6295 outpatient psychotherapy vs. hospitalization, amphetamine &

barbiturate & hallucinogen abuse, persons attending walk-in psychiatric clinic, 1092

p-nitromethylamphetamine, brain noradrenaline & dopamine & 4,a-dimethyl-m-tyramine & 5 hydroxytryptamine & tyrosine & gamino-n-butyric acid & tryptophan, rats, 412 pentobarbital & diazepam & chlordiazepoxide & amphetamine &

chlorpromazine, shock-punished responding, pigeons, 10655
perceived family closeness, marihuana & LSD & barbiturate &

amphetamine use, 12-22 yr. old students, 4355 posttrial injections of amphetamine & pentylenetetrazol & strychnine, performance in Lashley III maze & shuttle box, rats,

psychopathology on MMPI & parental drug use & prior psychiatric treatment & perceived drug effects, casual vs. moderate vs. heavy amphetamine users, 4643

scopolamine & d-amphetamine, avoidance facilitation, rats, 3854

scopolamine & scopolamine methyl nitrate & amphetamine & lorazepam & chlorpromazine, conditioning of food aversions, rats, 3858

serotonin & amphetamine & scopolamine, habituation of exploratory activity & spontaneous alternation in maze, rats, 8680

sexual behavior & attitudes, male vs. female 16 28 yr. old unmarried chronic amphetamine users, 9357

tobacco & alcohol & marihuana & LSD & mescaline & barbiturate & amphetamine use, Bender-Gestalt Test performance, college students, 6647

Amphetamine (D-) (See Dextroamphetamine)

Amphetamine (DI-) (See Amphetamine)

Amphetamine Sulfate (See Amphetamine)
Amphibia (See also Frogs, Salamanders, Toads)

plifiers (Apparatus)

differential microvolt signal generator, adjustible waveform parameters for signal tracing, 6193

inexpensive & wideband & high gain & physiological amplifier, 8693 Amplitude (Response) (See Response Amplitude)

Amputation (See also Mastectomy)

Amputees prosthetic check-out assessment & training, below-elbow amputees, 5207

Amygdaloid Body

amygdala vs. inferotemporal cortex resections, visual orienting & habituation, rhesus monkeys, 3852

amygdalectomy, mixed reinforcement schedule contrast effects, rats,

amygdalectomy, orienting behavior & classical conditioning & pituitary adrenal cortical system regulation, monkeys, 424

amygdaloid lesions & photic stimuli, visual evoked potentials & locomotor & appetitive behavior, rats, 6312

amygdaloid lesions, reversal learning, deermice, 6249

benactyzine & atropine & anticholinesterase galanthamine, hippocampo-amygdaloid evoked potential changes, cats, 10633

biting attack, associated electrographic changes in amygdala & hippocampus, monkeys, 6121

carbachol & eserine injection into amygdaloid complex, EEG seizures & behavior convulsions, rats, 354

complex sensory stimulation & conditioned phasic motor inhibition, amygdaloid unit activity, cats, 303

electrolytic destruction of 1 amygdaloid complex & electrical stimulation of intact amygdala to develop kindled epileptic focus, long-term prograde effect on CER acquisition, rats, 1910

hypothalamus & amygdalin complex, thirst regulation, animals,

lesions of amygdaloid & corticomedial amygdaloid nuclei, freezing & avoidance of unconditioned & conditioned threat stimuli, male

rewarding vs. nonrewarding electrical median forebrain bundle stimulation, norepinephrine & serotonin release from amygdala,

septal & amygdaloid lesions & solution concentrations, saccharin & quinine preferences, rats, 1890

Amylases

Amytal (See Amobarbital)

Anaholism

Anaclitic Depression

lithium carbonate, bipolar & unipolar depression, hospitalized depressives, 2871

Anagram Problem Solving high vs. low self-esteem, success & liking relationship in anagram

problem, college students, 4549 intentional vs. incidental cue utilization in verbal problem solving, individual differences measured by Remote Associates Test & R scale of MMPI, 1729

physical letter manipulation & solution effort distribution, effectiveness for anagram solving, 207
Scholastic Aptitude Test math & verbal performance, anagram

solving, college students, 206

set, anagram solution time, undergraduates, 247

solution-word difficulty vs. summed digram frequency, anagram solving & relative transition probability, undergraduates, 3747

spelling vs. pronunciation practice & pronounceability, anagram problem solving, undergraduates, 5966

Taylor Manifest Anxiety scores & introversion-extroversion & GSR, verbal ability & problem solving, college students, 9211

transition probability & word frequency, anagram solving, college students, 10428

Analeptic Drugs (See also Bemegride, Picrotoxin, Strychnine) pharmacology of narcotics & antagonists, drug abuse, 9334

Analgesic Drugs (See also Aspirin, Atropine, Codeine, Dihydroergotamine, Eugenol, Heroin, Hyoscyamine (L-), Meperidine, Methadone, Morphine, Novocaine, Papaverine, Phenacetin, Potassium Bromide, Quinine, Scopolamine)

antenatal & perinatal psychologic variables, reaction to sedative & analgesic drugs administered during labor, 6232

carbidine vs. carbidine & pyronal, pain sensitivity, 8635

cutaneous nociceptive stimulation & analgesics, pain thresholds,

dextropropoxyphene self-administration, rhesus monkeys, 10685 narcotic analgesics, acute toxicity & respiratory depression & convulsions in relation to brain catecholamine levels, mice, 10615 neuroleptanalgesia, neurosurgical patients undergoing cordotomy & rhizotomy, 7498

reserpine & tetrabenazine pretreatment, tremorine dosage for analgesia, mice, 3955

synthetic alternates vs. opiate vs. codeine, pain & cough relief, 7691

**Analog Computers** 

analog frequency analyzer & digital computer methods, quantitative EEG analysis of electrosleep, 22-41 yr. old male volunteers, 3804 Analysis Of Covariance

interitem-covariance matrix, implications for test theory, 10255 multivariate analysis introduction, educational psychology researchers. 8248

Analysis Of Variance

analysis of variance & regression analysis techniques, factor analysis, 5806

comparison of 4 global measures, estimation of association strength in multivariate analysis of variance, 1545

computer programs simulating educational experiments to exclude teacher variance in hierarchical analysis of variance designs, curriculum treatment difference detection, 12044

data transformation in 2-way analysis of variance, 10275 discriminant analysis & step-down analysis & contrasts on classification variable & 2-group breakdown, analysis of k-group multivariate analysis of variance problem, 8247

empirical comparison, Bartlett M vs. Cochran C vs. Hartley F max vs. Levene modified analysis of variance Z tests of homogeneity of variance, 10280

intraclass correlation procedures, estimating magnitude effect within experimental design, 10248 likelihood ratio test of G. Box & Geisser-Greenhouse Conservation

E Test & estimation of epsilon as approximation vs. exact multivariate analysis of variance, univariate analysis of variance for repeated measures, 1550

monotone analysis of variance, application to reduction of numerical data from magnitude estimations or graphic ratings to rank orders, 64

multivariate analysis introduction, educational psychology researchers, 8248

multivariate extensions of univariate measures of association, 8220 pattern recognition methods vs. regression analysis, utilization in sociological research, 5807

pattern recognition, measurement of latent variables of social objects, 5768

random variation & behavior direction, structural & functional analysis, 8229

testing for significant relationships, invariance of multivariate configurations, 3525

Type IV errors & interactions, extension of L. A. Marascuilo & J. R. Levin's notion, 5774

unweighted vs. weighted analyses with transformed correlation coefficients, illustration in 3-factor unreplicated analysis of variance design, 58

1- & 2- & 3-treatment experimental designs, operating instructions for analysis of variance programs for PDP-8, 3469

1- & 2-way analysis of variance procedures, 1-subject & N-subject successive treatment reversal designs, 1519

2-dimensional model, analysis of dimensions of social interaction in standard problem-solving task, married couples, 11078

Analysts (See Psychoanalysts) Analytical Psychotherapy Anaphylactic Shock

muscle relaxant injection & habituation & sensitization & conditioning trials, pupillary dilation conditioning, paralyzed

subcutaneous rabbit serum injections followed by antidote antigen, local anaphylaxis, depressive psychosis patients, 7461

Anatomical Systems/

Anatomy/

anatomy of human nervous system, book, 6093

body surface vs. body interior feelings & references to specific body sites, verbal descriptions of emotions, kindergartners & 1st-6th graders, 2208

Ancestors (See also Grandparents, Parents)

Androgens (See also Testosterone) adrogens & progestogens, frigidity & impotence & nymphomania & satyriasis & homosexuality & lesbianism & transvestism & transsexualism, 9614

androgenic stimulation at birth & pre- & postnatally, sexual development & masculine mating responses, female beagles, 6224 cyproterone acetate & testosterone & gonadotropin & androgen, reproductive behavior, North American pumpkinseed sunfish,

early castration & fluoxymesterone vs. testosterone propionate, adult mating behavior following exogenous testosterone & penile development, male rats, 3896

neonatal androgen & castration, adult behavior, hamsters, 6237

prenatal hormones, gender identity & gender role, 3814 Anemia

Anescephaly
Anesthesia (Feeling) (See also Hysterical Anesthesia)

tetrahydrocannabinol vs. morphine, hot plate & tail flick tests of analgesia, rats & mice, 363

Anesthesiology

hypnosis, dental anesthetic, 11609

Anesthetic Drugs (See also Chloroform, Cocaine, Ether (Anesthetic), Eugenol, General Anesthetics, Hexobarbital, Lidocaine, Local Anesthetics, Methohexital, Novocaine, Pentobarbital, Quinine, Tetracaine, Thiopental)

device for administering volatile anesthetics, stereotaxic surgery,

EEG tracings, clinical stages of anesthesia, 10677 ether anesthesia, cease in initial responses to acoustic stimulation in auditory area of cortex, cats, 10595

flurazepam hydrochloride & interaction with pentobarbital, general anesthesia during fixed interval reinforcement & alternated punished & unpunished reinforcement schedules, rats, 3865

gamma-hydroxybutyrate anesthesia & surgery & plasma thyroid-stimulating hormone & thyroxine levels, 18-51 yr. old patients, 2975

halothane anesthesia, input-output relations of EEG spectral

components, dogs, 1904
ketamine as ECS therapy anaesthetic, West Indian patients, 2810
ketamine, narcosis & ECS & electronarcotic coma & arousal, psychotic & neurotic & pathological personality patients, 7628

non-hydrogen-bonding anesthetics, memory & electrophysiology, chickens, 10665

non-hydrogen-bonding anesthetics, memory formation, 443

intracranial aneurysm, clinical observations, surgical management & mortality rate, 2819

Anger (See also Hostility)

anger arousal & need for social approval, aggression, college students, 4458

Anger Self-Report, aggression awareness & expression, psychiatric patients & college students, 4911

angering vs. nonangering technique by confederate & viewing hostile-aggressive vs. neutral film strip, anger level, college students, 2320

attribution of arousal to electric shock vs. sexually exciting story vs. nonawareness, self-ratings of anger & aggressive behavior, male college students, 6810

expectations of self & others & disapproval, anxiety & anger, adolescent girls, 4149

frustration vs. aggression & expressing vs. not expressing anger, subsequent aggressive behavior & attitude toward aggressee, school of education students, 741

interpersonal verbal attack from white peer, anger & aggression & vascular arousal, black undergraduates, 4405

- measurement using intensity ratings of depression & anger & sexual arousal, subjective emotional arousal, behavior therapy clients,
- previous anger vs. nonanger conditions & film displays of unsuccessful retaliation, inhibition of aggression, undergraduates, 2330
- rage-reduction diagnostic technique, psychiatric evaluation, 3-6 yr. olds presenting confusing clinical pictures, 4684
- reciprocal inhibition therapy, anger & aggression, female student nurses, 2885
- recognizability of behaviors associated with sadness vs. anger vs. depression vs. hostility vs. fear vs. anxiety, college students, 9159 reformatory environment, anger, female offenders, 7332
- trait anxiety & sex & anger, aggressive behavior, college students, 862
- Anger Self Report **Angina Pectoris**
- Angiography Angiotensin
- Angst (See Anxiety)
- Anguish (See Distress)
- Animal Aggressive Behavior (See also Attack Behavior, Threat Postures)
- age & social experience, approach & withdrawal, African mouthbreeding fish, 504
- aggression & defeat, brain macromolecules, mice, 282
- aggressive & scent gland associated behavior & listening postures, intra- & interspecific differences, captive & wild collared peccary, 4063
- agonistic behavior & dominance relationships, male blue gourami, 4013
- agonistic behavior in pairs, gerbils, 2033
- ambient temperature & population density, aggressive behavior, aggressive vs. nonaggressive mouse strains, 4021
- Batesian mimic vs. distasteful model & background color, artificial prey consumption, birds, 6395
- behavioral & morphological & phylogenetic development, angelfish,
- bilateral olfactory bulbectomy, aggressive & sexual behavior, hamsters, 414
- bilateral removal of olfactory bulb vs. intranasal application of zinc sulfate to induce anosmia, aggressive behavior, mice, 10617
- biting attack, associated electrographic changes in amygdala & hippocampus, monkeys, 6121
- body posture & size & sex of test animals, agonistic responses, spider crabs, 6383
- brain catecholamines & serotonin, isolation & reactivity & aggression, mice, 344
- brain lesions, eating & drinking & irritability & aggression & copulation, rats, 10663
- characteristics of foster parents & length of training, imprinting & orientation of begging & early & mature sexual behavior & aggressive drives, 4 species of pigeons, 486
- conspecific fish & prey-objects, aggressive behavior, 4 species of piranhas, 4046
- control of shock, subsequent shock-elicited aggression, rats, 4044
- courtship behavior, 3-spined vs. 10-spined stickleback, 8773 critical period of testosterone uptake, neonatal organization of
- aggression, female mice, 3838 death of fawn, antagonistic behavior & dominance & territoriality,
- female deer, 2019 development of agonistic behavior, hand reared coyotes from birth
- to 8 wk., 1994 device for presenting mouse or frog remotely vs. manually in controlled manner, neurophysiological study of mouse- & frogkilling, rats, 2012
- differential preweaning social isolation, emotional reactivity & open field behavior & starvation stress tolerance, rats, 2011
- display patterns & social relationships over 5 yr. period, zoo group of Gelada baboons, 2047
- electrical brain stimulation vs. skin shock & environmental conditions, primary vs. secondary aggression, rhesus monkeys,
- electrical stimulation of hypothalamus by which attack is elicited, excitation of specific brain parts & CNS, cats, 10683
- encounter outcomes & species differences in social & nonsocial behaviors, interspecific fighting & relative dominance status, wild

- field observations of reproductive behavior along shallow water in natural situation, nesting & agonistic & courtship behavior, 3spined stickleback, 2060
- forebrain ablation, long-term memory deficits for habituation of
- predatory behavior, gold fish, 1922 frustrative nonreward & shock vs. shock only vs. frustrative nonreward only, aggressive behavior, rats, 2056
- grasping prey with mouth vs. pinning & grasping with forepaws vs. killing bites vs. tossing prey grasped in mouth, phylogenesis of predatory behavior, small predatory mammals, 1988
- imprinted stimulus, aggressive behavior, ducklings, 10747 incentive distance & aggressive interaction, dominance hierarchy,
- Japanese quail, 2024 intensification of dark patches on chests by dye as supranormal threat stimulus, growth rates & weight & dominance relationships
- & aggression, hamsters, 4050 interspecies sexual discrimination & approach-avoidance conflict, Uca pugnax vs. Uca pugilator fiddler crabs, 479
- interstrain aggressive interactions, infantile handling, mice, 536 intra- & interspecific aggression, labyrinth fish & catfish, 511
- intracisternal injection of 6-hydroxydopamine, behavioral task performance & whole brain norepinephrine levels & behavioral stimulation produced by d-amphetamine & foot-shock-induced aggression & active avoidance acquisition, rats, 1953
- ip vs. oral glucose administration & cold environment & acidosis & corn vs. protein-free diets, marihuana induced aggressive behavior, food-deprived rats, 366
- isolation vs. grouping, adrenal & ovarian & hemiuterus & ventral prostate gland weight gain & fighting behavior, hamsters, 358 isolation, aggressiveness, convict fish, 502
- lactation, aggressive behavior toward intruder mice, postpartum mice, 3793
- long-term immobilization stress, serum dopamine-b-hydroxylase & hypothalamic tyrosine hydroxylase activity & shock-induced fighting behavior, rats, 6161
- mercurochrome, height distribution & aggressive reaction & time to locate food, depigmented & normal Barbus conchonius, 1881
- nui brain lesions, hypothalamically & naturally elicited components of biting attack & threat, cats, 8592
- model features of color & shape & length, aggressive behavior & defense of breeding territories, nesting male longear sunfish, 2007 neonatal androgenization with testosterone propionate & castration
- & retreatment with testosterone propionate & matching with untreated diestrous female, aggression, hamsters, 6300
- normal food ration & severe food deprivation, agonistic behavior & intergroup interactions, rhesus monkeys, 524 olfactory experience, aggression, Mus musculus & Peromyscus
- maniculatus, 557 orbital frontal lesions, enhanced aversive & reduced aggressive
- reactions, rhesus monkeys, 8597 p-chlorophenylalanine & dopa & starvation, marihuana induced
- aggressive behavior, rats, 8662
- parasagittal cuts at 3 anterior-posterior positions, eating & drinking & irritability & aggression & copulation, rats, 10662
- persistence & vigor, shock-induced aggression, gerbils, 4005
- physiological model, aggressive behavior, 317 pituitary-adrenal axis functioning, emotionality & fear motivated responses & generalized activity & agonistic & sexual behaviors,
- mammals & rats, literature review, 1789 population density & aggressive interaction outcome & fighting frequency changes & loss of opportunity to dig, aggression & territoriality, captive vs. wild male Cichlids, 1998
- positive reinforcement of incompatible behaviors, intraspecies
- aggression reduction, rats, 10702 prefrontal & anterior temporal cortex lesions, social & sexual behavior & affect, rhesus monkeys, 8658
- prey size, ingestion behavior, snakes, 4040 prolonged isolation, aggressive behavior & body weights & somatic
- & behavioral abnormalities, mice, 6222 ratio requirement for reinforcement, adjunctive attack & displace-
- ment preening, pigeon, 8742 reactivity & exploratory behavior & prey-killing ability & pack integration & activities coordinated by socialization & social facilitation & leader-follower relationships, individual differences responses to animate & inanimate moving & nonmoving stimuli, wolf cubs, 1996
- reinforcement schedules & D-tetrahydrocannabinol, induced aggression, pigeons, 6238

remote-controlled underwater television system & establishing dominant-subordinate relationships & territoriality & reproduc-tive behavior, social structure, bicolor damselfish, 2020

role & significance of protective coloration & threatening behavior, owl species, 2044

sensory alterations, shock-induced fighting & mouse killing, blinded vs. devibrissaed vs. bulbectomized rats, 1846

sequential behavior in agonistic encounters, pairs of male golden hamsters, 520

sex & age & motivation & experience, prey preferences, hawks, 4048 shock & cage size & sex of stimulus animal, copulatory & aggressive responses, rats, 488

shock punishment, preference for food vs. aggressive display, Siamese fighting fish, 8726

shock-induced aggression & free operant avoidance training & unavoidable shock, fighting in response to shock, female rats,

social interaction & attraction to overhead moving objects, weaned elephant seal pups, 10770

standardized environmental conditions in breeding season & dyadic interactions, aggression, male polecats, 2029

steroid hormones, aggressive behavior, mammals, 360

stocking rates, aggressive behavior, pigs, 6369 stria terminalis lesions, agonistic behavior, rats, 1919

sulpyrid, muricide reactions & aggressiveness & exploratory behavior & brain 5-hydroxytryptamine turnover, rats & mice,

tail removing by freezing with liquid nitrogen, aggression, mouse,

testosterone propinate administered neonatally & genotype, agonistic behavior, female mice, 467

testosterone propionate & estradiol & corn oil administered neonatally & in adulthood, activity of regional brain choline acetylase & fighting behavior, mice, 8612

testosterone propionate administration, pup-killing, ovariectomized vs. normal female mice, 6244

testosterone propionate of preputial glands applied to male's coat, dose-related aggression against injected females, castrate male mice, 3934

testosterone proprionate, pup killing induction, nulliparous female & male albino mice, 6258

testosterone vs. testosterone propionate vs. androstenedione vs. dihydrotestosterone vs. progesterone vs. estradiol benzoate, isolation induced intermale fighting, castrate male mice, 3928

testosterone, postnatal development of aggression, female & castrated mice, 10664

theoretical issues, motivational systems for animal agonistic behavior, 327

tricyclic antidepressants & enactyzine & levomepromazine & chlorprothixene, blocking aggressive-defensive reactions, cats, 10689

ultrasound & aggressive behavior, rats & 14 species of small mammals, 6424

unhabituated vs. habituated live male vs. mirror vs. model, aggressive threat display, male Siamese fighting fish, 4010 upright posture, shock-elicited aggression, rats, 6394

variation of interval in food presentation on response-initiated fixed interval schedule, attack on target & response rate on target key, pigeons, 10717

varied septal lesions, septal rage syndrome localization, rats, 6314 6-hydroxydopamine, depletion of brain norepinephrine & facilitation of aggressive behavior, rats, 3966

Animal Behavior (See Animal Ethology)

Animal Biological Rhythms (See also Animal Circadian Rhythms) biological rhythms, humans & animals, book, 313

intrauterine contraceptive devices, seasonal sexual behavior duration, macaques, 6367

season & exposure to male, intensity of estrus & proportion of days in estrus, Ilama, 284

social behavior & group organization & reproductive cycles & reproductive behavior, caged vervet vs. Sykes' monkeys, 541 transition analysis, identification of active & inactive behavior

cycles, isolated male zebra finches, 6433 Animal Breeding (See also Selective Breeding)

alcohol preference & fluid intake multiple-bottle test procedures, end bottle preference, inbred mice, 2000

alcohol vs. water preference, 3 strilines of high alcohol preference mouse strains, 324

companion presence, exploratory behavior & escape attempts, 2 strains of inbred male mice, 329

density & nesting material availability & sibling-nonsibling matings, reproduction, deer mice, 10777

diallel cross fixed-effects model for maternal effects analysis of sexual behavior, male mice from 3 inbred strains & their reciprocal hybrids, 336

domestication, reproduction & social dominance & unsignaled operant & active & passive avoidance & bar-pressing for water, wild vs. domestic rats, 6352

genetic analysis, shuttle-box avoidance learning & wheel-running activity, inbred strains of mice & their hybrid crosses, 6169

genetic factors, learning & exploratory behavior, diallel-crosses of inbred mice, 3807

high & low iodine-releasing by genetic selection based on thyroid gland release, open-field behavior & water-maze learning & seizure susceptibility & endocrine & organ measures, mice, 264 maternal influences & additive & nonadditive genetic effects & sex

linkage, mating behavior, low- vs. high-mating vs. randombred lines of chickens, 273

maze learning & exploratory behavior in 4-alley Lashley maze, wild vs. domestic rats, 8703

model features of color & shape & length, aggressive behavior & defense of breeding territories, nesting male longear sunfish, 2007 observations of development, hole vs. open breeding owls, 2042

olfactory & auditory stress under crowding conditions, adrenal hypertrophy & reproductive failure, mice, 10675

same vs. opposite strain, mate choice, female mice of 2 inbred strains, 348

sensitivity & response topography to shock, between-strain variation in rate of avoidance learning, mice from 6 strains & hybrids, 339

standardized environmental conditions in breeding season & dyadic interactions, aggression, male polecats, 2029

strain differences, mating behavior, Sprague-Dawley vs. Long-Evans vs. Wistar male rats, 8746

strain differences, prelaying behavior & response to suboptimal stimuli, domestic fowl, 8775 taped down shell cap to prevent hatching, plasticity of rotatory component of hatching behavior, chick embryos, 6418

testing delay length, short-term memory & conceptual behavior in t

maze, inbred mouse strains, 1970 time spent in breeding area & age & sex & directions of travel, migratory orientation near breeding area, marbled salamanders,

triple test vs. diallel cross breeding design, applications from literature to behavior, Drosophila melanogaster & mice & rats,

varied social environments, social behavior adaptability, inbred &

noninbred mice, 10703

Animal Circadian Rhythms

circadian & illumination & sound factors, day & night measures of cage activity, monkeys, 4081

circadian rhythm & food access delay & bilateral subdiaphragmatic vagotomy & bilateral adrenal medullectomy, deoxy-D-glucose & methyl-D-glucose induced feeding response, rats, 1841 endogenous daily rhythmicity, termination of refractory period,

sparrows, 8570 maturation of brain serotonin circadian rhythm, rat, 1815

ocular & encephalic photoreceptors, role in photoperiodic control of reproduction, blinded Japanese quail, 6271

reanalysis of meals & intermeal intervals & raw data, free-feeding patterns, rats, 10764 septal lesions, home cage lighting effects on drinking behavior, rats, 3904

sleep & EEG & body & eye movement & temperature, circadian rhythms, monkeys, 6117

temporal patterns of activity automatically recorded in early summer, Merino castrated male sheep with restricted lateral

movement, 555 Animal Communication (See also Animal Distress Calls)

air- & substrate-borne tones, rapping sound amplitudes & attenuation & sound detection, ghost crabs, 2003 chemicals & movement & sound, animal communication, 6448

comparative approach, communication of affect, book, 8701 experimental studies, communication, monkeys, 6409 frequency & duration & interval between chirp, calling & rivalry &

agreement, male & female grasshoppers, 570
species & sex differences, electric signaling, electric fish, 510

spectral analysis & tape playback, communication & evolution of distress & alarm & rival calls, tree creepers, 2054

technical requirements, electrical telestimulation system for recording significant group social signals, squirrel monkeys, 3930 vocalization characteristics, territorial social organization, East African monkeys, 6400

Animal Courtship Behavior (See also Animal Courtship Displays) behavioral mutants in biological control, light & darkness effects on mating behavior, Drosophila flies, 294

captivity, courtship & copulatory behavior, green acouchi, 516 courtship behavior, 3-spined vs. 10-spined stickleback, 8773

evolutionary development & size & species & age, courtship movements, 15 species of ducks, 512

field observations of reproductive behavior along shallow water in natural situation, nesting & agonistic & courtship behavior, 3spined stickleback, 2060

frequency & duration & interval between chirp, calling & rivalry & agreement, male & female grasshoppers, 570

functional castration by short photoperiod exposure & estradiole benzoate vs. testosterone propionate injections, sexual receptivity & courtship behavior & copulatory patterns, male vs. female Japanese quails, 3848

interspecies sexual discrimination & approach-avoidance conflict, Uca pugnax vs. Uca pugilator fiddler crabs, 479

new calling, reproductive behavior & parental recognition, blackbilled gulls, 4007

reproductive behavior, pomacentrid fish, 2040 social control, sex research, coral-reef fish, 6421

Animal Courtship Displays

display behavior, lizards, literature review, 3985

**Animal Distress Calls** alarm calls, description & comparison, 4 species of Mediterranean warblers, 3990

conditioned suppression of distress calls, imprinted ducklings, 507 genotype & age & ambient temperature, distress signal rate & peak frequency & duration, mice, 8549

maturation & sensitive age parameters, discrimination between man-made flock call & danger call, mallard duckling, 2031

spectral analysis & tape playback, communication & evolution of distress & alarm & rival calls, tree creepers, 2054 suppression of distress vocalization, visual imprinting in emergence

of filial attachments, ducklings, 8735

ultrasonic distress calls, maternal behavior, rodents, 8752

Animal Division Of Labor

tetrahydrocannabinol & chlorpromazine & amylobarbitone, social patterns & labor division achieved, rats, 422

Animal Dominance

agonistic behavior & dominance relationships, male blue gourami, 4013

agonistic behavior in pairs, gerbils, 2033

death of fawn, antagonistic behavior & dominance & territoriality, female deer, 2019

domestication, reproduction & social dominance & unsignaled operant & active & passive avoidance & bar-pressing for water, wild vs. domestic rats, 6352

encounter outcomes & species differences in social & nonsocial behaviors, interspecific fighting & relative dominance status, wild mice, 10701

food deprivation level, food getting dominance, rats, 10785 frequency & duration & interval between chirp, calling & rivalry & agreement, male & female grasshoppers, 570

hierachy & group density, social structure & territoriality, cockroach, 4008

housing in pairs of subordinate & dominant Ss, adrenocortical & gonadal activity & behavioral differences, male mice, 3769

intensification of dark patches on chests by dye as supranormal threat stimulus, growth rates & weight & dominance relationships & aggression, hamsters, 4050

isolation vs. imprinting vs. group rearing for 2 wk. posthatch, peck-order hierarchies, chickens, 4031

learning rate & selective breeding responses for learning & heritabilities of learning phenotypes & heterosis & overdominance, animals, critical review, 340

preempting perches & food competition, social dominance measurement, monkeys, 10718

prolonged isolation, aggressive behavior & body weights & somatic & behavioral abnormalities, mice, 6222

psychoanalytic-developmental & role theory predictions, sex-role identification, father- vs. mother-dominated 20-35 yr. old male neurotics, 4752

remote-controlled underwater television system & establishing dominant-subordinate relationships & territoriality & reproductive behavior, social structure, bicolor damselfish, 2020

social control, sex research, coral-reef fish, 6421

social rank & sex & hormonal conditions, use of exercise wheel, voles & lemmings, 1985

territorial exclusion, reproductive isolation, gerbils, 4071

value-free social science & behavior modification, cultural values of conquest & control, 3026

vegetation & conspecific rivals, nest site selection, male sticklebacks, 4032

Animal Drinking Behavior acquisition of fixed-ratio reinforcement schedule, extinction of alcohol drinking, rats, 8706

alcohol preference & fluid intake multiple-bottle test procedures, end bottle preference, inbred mice, 2000

alcohol vs. water preference, 3 sublines of high-alcohol-preference mouse strains, 324

amygdaloid vs. brainstem neuron refractory periods, stimulus-

bound eating & drinking, rats, 10671 bilateral septal lesions, saccharin preference & water deprivation effects on DRL 20-sec schedule of barpressing, hamsters, 3903

brain lesions, eating & drinking & irritability & aggression & copulation, rats, 10663

cholecystokinin-pancreozymin, eating & drinking, mice, 408 chronic diisopropylfluorophosphate & subsequent scopolamine & methyl scopolamine & a-methyl-p-tyrosine, drinking behavior, rats, 6239

classical conditioning, eating & drinking elicited by hypothalamic stimulation, rats, 3908

cortical spreading depression in CS-UCS interval, disruption of saccharin-aversion learning produced by postdrinking lithium chloride injections, rats, 370

cortical spreading depression, food & water intake & body weight, ventromedial hypothalamic vs. sham lesioned static obese rats,

dietary sodium deprivation, sodium appetite, adrenalectomized rats, 10638

discriminative stimulus, elicitation of water-reinforced responding & drinking, water-satiated rats, 4078

electrical stimulation & lesions of zona incerta & lateral hypothalamus, drinking & feeding, rats, 10631

ethanol dependence induced artificially, subsequent ethyl alcohol preference, monkeys, 6297 extinction of food-reinforced responding, schedule-induced polydip-

sia, rats, 2028 food & water deprivation, blood serum osmolality & behavior, rats,

frequency of measurement readings, food & water consumption &

urinary electrolytes deviations, rats, 6210 genetic regulation, selection for increased or decreased water intake, rats, 8759

housing density, alcohol intake, rats, 6245

infant experience with alcohol & age & sex & strain, voluntary alcohol consumption, rats, 10644

infant handling & aversive stimuli, adult & drinking behavior, rats,

intrahypothalamic norepinephrine & carbachol, eating & drinking behavior, rats, 3958

large septal lesions vs. medial forebrain bundle ablations at septum level, reactivity to handling & responsivity to quinine & saccharin solutions & footshock, rats, 365

lateral hypothalamic leisons & pretreatment with a-methyl-ptyrosine, facilitation of recovery, rats, 3889 lateral preoptic lesions, disruption of preference for glucose, rats,

lesions in lateral septum & ventral hippocampus & medial septal & amygdala, suppression of drinking behavior when noise paired with electric shock & internal & external environment control, rats, 10654

liquid &/or solid diets differing in carbohydrate &/or triglyceride, conditioned satiety, rats, 8708

lithium chloride illness vs. pulsed vs. continuous electric shock, drinking, rats, 1878

long-term observation, food & water intake & body weight, monkeys, 6380

methadone syrup solution consumption, food & liquid intake & activity, rats, 3884

methamphetamine vs. saline, water consumption, 6 vs. 23 hr. water deprived rats, 10639

parasagittal cuts at 3 anterior-posterior positions, eating & drinking & irritability & aggression & copulation, rats, 10662

preference for barpressing with food reinforcement vs. free food & free water, hungry & thirsty rats, 8764

rapid hypobaric hypoxia transition, water & food consumption & body weight & feeding activity, rats, 10783

schedule-induced polydipsia & subsequent substitution of increasing ethanol concentrations for water, behavioral maintenance of high concentrations of blood ethanol & physical dependence, rats, 6250

schedule-induced polydipsia, inconstancy of drinking bursts, rats, 4030

septal & amygdaloid lesions & solution concentrations, saccharin & quinine preferences, rats, 1890

septal & amygdaloid lesions, visual discrimination under nonreinforcement & reinforcement conditions & eating & drinking & body weight, rats, 6326

septal lesions, home cage lighting effects on drinking behavior, rats,

sodium barbital, deprivation-induced water consumption, rats, 8641 sodium vs. sodium potassium diet deficiency vs. repleteness, potassium chloride preference, rats, 6119

stimulus relevance, control of drinking & conditioned fear responses, domestic chicks, 547

stomach distention & fluid concentration changes, thirst, waterdeprived rats, 1865

stomach loading, voluntary alcohol consumption & deprivation effect, rats, 6317

stomach loads of hypertonic NaCl, food & water intake & weight loss, ovariectomized & sham-operated rats, 3922

sucrose vs. saccharin solution & restricted vs. available food, food consumption, rats, 8728

tetrahydrocannabinol & dosage, food & water intake, rats, 6262 trihexyphenidyl, schedule-induced alcohol drinking, reactive vs.

nonreactive rat strains, 6282 unexpected aversive stimulus, freezing" & time to return to drinking, water-deprived rats from high avoidance & low avoidance & control avoidance strains vs. their parents, 566

Animal Environments

ambient temperature & population density, aggressive behavior, aggressive vs. nonaggressive mouse strains, 4021

apparatus exposure & age, open-field behavior, rats, 485

behavior before vs. during vs. after separation from mother- vs. isolation-rearing environments, infant monkeys, 10709

captivity, courtship & copulatory behavior, green acouchi, 516 captivity, physiology & behavior, hopping mouse, 556

circadian & illumination & sound factors, day & night measures of cage activity, monkeys, 4081

complexity of rearing environment, memory storage, mice, 6378 density & nesting material availability & sibling-nonsibling matings, reproduction, deer mice, 10777

diet protein level & spatial & tactual & visual environmental enrichment & impoverishment, starting latencies & maze time & errors in Hebb-Williams maze, male rat pups, 3978

differentially superimposed magnetic fields & alley shape & number of trials, speed & deviation from straightforward exit path & exit angle, goldfish & planaria, 1984

early environmental restriction, reversibility of learning deficits, rats, 6347

ecology & population dynamics & behavioral traits & comparisons to African species, St. Kitts green monkey, 535

electrical brain stimulation vs. skin shock & environmental conditions, primary vs. secondary aggression, rhesus monkeys,

enclosures, social behavior, benthic fish, 8753 enriched or standard laboratory environment, long-term retention of avoidance learning, rats, 532

enriched vs. isolated vs. social rearing environment, dendritic branching in visual cortex, rat, 8571

enriched vs. wire-mesh cage environment, discriminated avoidance learning, aged rats, 4004

environment, nature of conditioned reinforcement, pigeons, 10699 field observations in different forest habitats, general abundance & population densities, Malaysian primates, 554

genetic structure vs. environment, postnatal neural development, mice & rats & cats & humans, 8499

genotype & environment, ultrasound production, male-female mice pairings, 10719

genotype-environment interaction & infantile stimulation, bodybuild & open-field ambulation & defecation & escape-avoidance behavior, rats, 287

habituation to disturbances in natural habitat, fiddler crabs, 6442 handling habituation & individual vs. group housing, exploration & activity in Greek cross maze, gerbil vs. rat, 562

housing density, alcohol intake, rats, 6245

housing in isolation vs. small social groups & duration of each, imprinting, chicks, 514

housing in pairs of subordinate & dominant Ss, adrenocortical & gonadal activity & behavioral differences, male mice, 3769

immobilization time following food deprivation, gastric pathology, wild rats, 6206

imprinting in laboratory vs. natural settings, 4025 individual housing duration, avoidance acquisition & extinction & plasma corticosterone basal level, rats, 6165

ip vs. oral glucose administration & cold environment & acidosis & corn vs. protein-free diets, marihuana induced aggressive behavior, food-deprived rats, 366

isolation & aggregation, water content of mouse brain, mice, 8512 isolation in quiet environment vs. aggregation in noisy environment, brain incorporation of carbon atoms of D-mannose & D-glucose

injected subcutaneously, mice, 374
isolation vs. foster mothers & play-enriched vs. minimally
stimulating environment, early development & sexual behavior,

male rats, 4023 isolation vs. imprinting vs. group rearing for 2 wk. posthatch, peckorder hierarchies, chickens, 4031

magnetic fields & star visibility, migratory orientation, European robins, 567

maternal malnutrition vs. normal diet & enriched environment vs. individual caging, maze performance, nonlittermate male rats,

methamphetamine & enriched environments, cerebral changes, rats,

physical barrier temporary installation, infant & maternal proximal relationship & reciprocal response patterns, rhesus monkeys,

population density & food dispersion, development of prism-induced aftereffects, newly hatched chicks, 2037

preweaning handling vs. no handling & rearing in standard cage vs. small mouse cage, post weaning behavior & resistance to food & water deprivation, rats, 2041

prior residence & use of space, social & enclosure behavior, Benthic fish, 533

rearing in enriched vs. impoveri-hed environments, postsynaptic opaque regions in asymmetric round vesicle synapses of occipital cortex, rats, 345

secondary reinforcement from environmental stimuli, morphine dependent rats, 3924 septal lesions, home cage lighting effects on drinking behavior, rats,

3904 social & environmental conditions, aberrant sexual behavior, South

African male ostriches, 6425 standardized environmental conditions in breeding season & dyadic

interactions, aggression, male polecats, 2029 static vs. alternating vs. pulsed vs. no magnetic fields, reactivity to fields & maintenance of stimulation level & behavioral & neurophysiological implications, bees, 326

stocking rates, aggressive behavior, pigs, 6369 varied social environments, social behavior adaptability, inbred & noninbred mice, 10703

vegetation & conspecific rivals, nest site selection, male sticklebacks, 4032

**Animal Escape Behavior** 

age, development of memory of escape response, mice, 8751 auditory stimulus paired with reduction in incentive quantity, active avoidance, rats, 564

avoidance conditioning using light as CS & brief shock as UCS, general activity, goldfish, 2001 bilateral septal vs. cortical control lesions & shock escape &

avoidance & food reinforcement, discriminative responding, rats,

companion presence, exploratory behavior & escape attempts, 2 strains of inbred male mice, 329

control of shock, subsequent shock-elicited aggression, rats, 4044 depletion of peripheral sympathetic noradrenaline induced by hydroxydopamine, escape & avoidance responding, rats, 8610

differentially superimposed magnetic fields & alley shape & number of trials, speed & deviation from straightforward exit path & exit

angle, goldfish & planaria, 1984 electric shock & duration & S's position relative to electrodes, detection & reaction & escape & debilitation thresholds, goldfish,

electrical junctions & dendrite spikes in fast flexor motoneurons, escape behavior, crayfish, 8581

escape training in electrified t-maze, uridine incorporation into

polyribosomes, mice, 1831

genotype-environment interaction & infantile stimulation, bodybuild & open-field ambulation & defecation & escape-avoidance behavior, rats, 287 haloperidol & amphetamine, lever-pressing & jumping in noise-

escape situations, rats, 430

handling & sex & repeated testing, open-field defecation & ambulation as indices of emotionality, rats, 8771

hexa- & tetrahydro-nicotinic acid esters, spontaneous activity & learning & retaining escape reaction & physical capacity, mice, 431

intensity of fear in running & jumping, fear-motivated behavior, rats, 6388

intertrial interval variations & tube diameter, tube escape speed, paramecium, 6381

lability in afferent limb of circuit, habituation in ceasing to escape,

crayfish, 8580

lesions in lateral septum & ventral hippocampus & medial septal & amygdala, suppression of drinking behavior when noise paired with electric shock & internal & external environment control, rats, 10654

maturation & sensitive age parameters, discrimination between man-made flock call & danger call, mallard duckling, 2031

neural circuit exciting lateral giant fiber, escape response, crayfish, 8582

predaceous starfish, escape reactions elicited by starfish toxic steroid saponins, marine invertebrates, 496

prefrontal lesions, avoidance & escape reflexes, cats, 8699

prolonged rewarding brain stimulation, adaptive vs. aversive behavior, rats, 376

reward magnitude & shift, escape of fear-eliciting stimuli, rats, 525 scopolamine & benzacine & galanthamine, passive avoidance conditioning & memory, mice, 10634

scopolamine vs. treatment withdrawal, acquisition & performance, rats, 8594

self-stimulation of ventromedial hypothalamus, positive correlation of stimulation threshold with thresholds to stop feeding & escape, rats, 3853

shock predictability & escapability, conditioned emotional response & basal emotional level, male rats, 6386

UCR to shock vs. conditioned key-peck response, response

topography, pigeons, 552 unavoidable & inescapable shock, choice of longer vs. stronger signaled shock over shorter vs. weaker signaled shock, rats, 10700

Animal Ethology (See also Animal Aggressive Behavior, Animal Biological Rhythms, Animal Circadian Rhythms, Animal Communication, Animal Courtship Behavior, Animal Courtship Displays, Animal Distress Calls, Animal Division Of Labor, Animal Dominance, Animal Drinking Behavior, Animal Escape Behavior, Animal Exploratory Behavior, Animal Feeding Behavior, Animal Hoarding Behavior, Animal Innate Behavior, Animal Instinctive Behavior, Animal Maternal Behavior, Animal Mating Behavior, Animal Nocturnal Behavior, Animal Play, Animal Sex Differences, Animal Sexual Receptivity, Animal Social Behavior, Animal Vocalizations, Attack Behavior, Hibernation, Imprinting, Migratory Behavior, Nest Building, Territoriality, Threat Postures)

agonistic behavior control & dominance relationship ontogeny & nonaggressive playful interaction development & cohabitation, social interaction development, 21–50 day old coyotes & beagles & wolves & coyote-beagle & wolf-malamute hybrids in dyads, 1972

behavior patterns, southern Asia land-walking fish, 565 captivity, physiology & behavior, hopping mouse, 556 classification of behavior, Richardson's ground squirrel, 537

ecology & ethology & social organization, East African carnivores & ungulates & hares & rodents, 4024

ecology & population dynamics & behavioral traits & comparisons to African species, St. Kitts green monkey, 535

ethological study, children's behavior, book, 10883

ethology, limitations of Darwinian theory of adaptation, 8720 maternal separation vs. maternal removal & immediate replacement, offspring growth & open-field behavior, rats, 10776

methamphetamine, intergeneric behavioral differences, grasshopper & deer mice & meadow vole & 4 strains of Mus musculus, 3948 natural conditions of life vs. nonreductive-behavioristic study approach, interpersonal relations, theoretical discussion of

parturition & related behavior, primates, 6355

ethologists vs. humanists, 4445

phylogenesis & adaptedness of behavior vs. general principles regarding processes & mechanisms of biological significance, prefrontal cortex evolution & behavioral functions, 8573 primary social drive & attachment, affective states, man & animals, 10795

radio-tracking of movements, female raccoons & their young, 6428 review of research in animal behavior development, biological basis

for comparative psychopathology of animals & man, 499 social behavior & organization & development, Polynesian vs. roof rats. 6404

social ethology, historical overview & recent research review, 491

strain & litter size, emotionality, mice, 10729

striatectomy, behavior & electrophysiology, adult vs. neonatal rabbits, 8677

temporal patterns of activity automatically recorded in early summer, Merino castrated male sheep with restricted lateral movement, 555

transition analysis, identification of active & inactive behavior cycles, isolated male zebra finches, 6433

turtle behavior & ecology & physiology, bibliography, 6145
Animal Exploratory Behavior

activity vs. immobility conditioning & curarization & punishment, heart rate conditioning, rats, 6135

apomorphine, raised reactivity vs. motor disturbance in stereotyped motor patterns, rats, 6235

between-vs. within-Ss design, free vs. forced vs. alternating free & forced exploration, rats, 6440

body weight, exploratory activity, genetically obese mice, 271

cage size, open-field behavior during social isolation, rats grouphoused since weaning, 6436

companion presence, exploratory behavior & escape attempts, 2 strains of inbred male mice, 329

conditioned reinforcement, 1-trial exploration learning, waterdeprived rats, 6339

electric shock, exploratory behavior, rats, 10693

food vs. brain-stimulation reinforcement, conditioned approach & contact behavior, rats, 6305

genetic factors, learning & exploratory behavior, diallel-crosses of inbred mice, 3807

handling & sex & repeated testing, open-field defecation & ambulation as indices of emotionality, rats, 8771 handling habituation & individual vs. group housing, exploration &

activity in Greek cross maze, gerbil vs. rat, 562 intercorrelation of experimental observation methods, exploratory

& motor behavior & learning & conditioning, albino rats, 477 isolate vs. seminaturalistic rearing, investigatory behavior of odors from stressed & unstressed conspecifics, rats, 4060 low-frequency whole-body vibration, body weight & open-field

activity & body damage, rats, 6445 maze learning & exploratory behavior in 4-alley Lashley maze, wild

vs. domestic rats, 8703 methamphetamine, visual exploratory behavior & spontaneous motor activity, rhesus monkeys, 3909

methylmercury poisoning of mother during pregnancy, offspring open field & swimming behavior & brain weight & protein & choline acetyltransferase & cholinesterase, mice, 6323

methylphenidate, inhibition of exploratory behavior, rats, 1885 odors from stressed vs. nonstressed conspecifics vs. clean runways, open-field responses, rats, 2049

ontogenetic & phylogenetic & social significance of inguinal contact & sociosexual vs. socioinfantile patterns, social investigatory behavior & passivity & inhibition, dogs, 1995

pituitary-adrenal axis functioning, emotionality & fear motivated responses & generalized activity & agonistic & sexual behaviors, mammals & rats, literature review, 1789

postweaning & maze training & exploration & handling, learning & performance, water-deprived rats, 10696

prenatal injection of methylmercury dicyandiamide, hatchability & open field activity & detour learning, chicks, 3950

protein & sensory deprivation during suckling period, growth & exploratory activity, rats, 6255

reactivity & exploratory behavior & prey-killing ability & pack integration & activities coordinated by socialization & social integration & activities coordinated by socialization & social facilitation & leader-follower relationships, individual differences responses to animate & inanimate moving & nonmoving stimuli, wolf cubs, 1996

serotonin & amphetamine & scopolamine, habituation of exploratory activity & spontaneous alternation in maze, rats, 8680

sulpyrid, muricide reactions & aggressiveness & exploratory behavior & brain 5-hydroxytryptamine turnover, rats & mice,

6-hydroxydopamine-induced neonatal sympathectomy, open field activity & avoidance learning & retention & sexual behavior & endogenous norepinephrine in lower brainstem & cerebral cortex & hypothalamus, rats, 6299

**Animal Feeding Behavior** 

access to solid & sweet liquid food simultaneously vs. sweet liquid food reinforcement in operant conditioning situation, feeding behavior, obese vs. diabetic vs. viable yellow vs. littermate control mice, 1827

active electric localization, search for food, electric fish, 1801 activity & age & ration size, body weight loss rate, male rats, 3999 amphetamine dose & food deprivation length, free-feeding behavior,

rats, 3872

amygdaloid lesions & photic stimuli, visual evoked potentials & locomotor & appetitive behavior, rats, 6312

amygdaloid vs. brainstem neuron refractory periods, stimulusbound eating & drinking, rats, 10671

appetitive barpressing, hippocampal EEG & visual evoked responses, rats, 6182

Batesian mimic vs. distasteful model & background color, artificial prey consumption, birds, 6395

body weight & age, eating behavior responsiveness to estradiol, rats, 1968

brain lesions, eating & drinking & irritability & aggression & copulation, rats, 10663

chlordiazepoxide & amphetamine effects interaction, food intake & spontaneous motor activity, rats, 6277

cholecystokinin-pancreozymin, eating & drinking, mice, 408

circadian rhythm & food access delay & bilateral subdiaphragmatic vagotomy & bilateral adrenal medullectomy, deoxy-D-glucose &

methyl-D-glucose induced feeding response, rats, 1841 classical conditioning, eating & drinking elicited by hypothalamic stimulation, rats, 3908

continuous vs. intermittent access to food, caloric compensation, rats. 3992

cortical lesions, hypothalamic stimulated eating, rats, 10667

cortical spreading depression & food deprivation, glucose licking duration, rats, 6256

cortical spreading depression, food & water intake & body weight, ventromedial hypothalamic vs. sham lesioned static obese rats, 10692

desalivation, sucrose & glucose & fructose solution selection & ingestion, rats, 359

dietary amino acid pattern, food preference behavior, rats, 3844 dietary sodium deprivation, sodium appetite, adrenalectomized rats,

electrical stimulation & lesions of zona incerta & lateral hypothalamus, drinking & feeding, rats, 10631

electrical stimulation of lateral hypothalamus vs. quinine adultera-tion of milk, responses to taste & caloric aspects of liquid food, rats, 1947

electrolytic lesions dorsolateral & lateral to lateral hypothalamic feeding center, weight loss & chronic gnawing, rats, 8665

exchange of blood from jugular veins of hungry & satiated Ss by pump controlled cross-circulation, modification of feeding behavior & evidence for humoral factors, 1945

food & water deprivation, blood serum osmolality & behavior, rats,

food deprivation for 6 days, preference for food vs. receptive female, male rats, 2039

food deprivation level, food getting dominance, rats, 10785 food sharing behavior, douc monkeys, 6390

food-olfactory cue conditioning & feeding behavior relations to habitat, food preference, mice, 1987

free feeding, differential maintenance of concurrent operants with conditioned reinforcement, pigeons, 8731

frequency of measurement readings, food & water consumption & urinary electrolytes deviations, rats, 6210

hay dispenser device for operant conditioning experiments with ruminants, goats & sheep, 6342

high vs. low food density, hunting behavior, great tits, 551 hyperphagia & obesity due to bilateral lesions in ventromedial hypothalamus, food deprivation & palatability effects on latency to eat, rats, 3954

ingestion of food samples at nest site, feeding preferences during weaning wild rat pups, 3997

insulin subcutaneously injected, lateral hypothalamic induced feeding, rats, 8593

intrahypothalamic norepinephrine & carbachol, eating & drinking behavior, rats, 3958

intraventricular 6-hydroxydopamine injections, feeding behavior,

lateral hypothalamic leisons & pretreatment with a-methyl-ptyrosine, facilitation of recovery, rats, 3889 lever touch vs. press & reinforcement pellets caloric value, operant

conditioning, female mice, 6375

liquid &/or solid diets differing in carbohydrate &/or triglyceride, conditioned satiety, rats, 8708 long-term observation, food & water intake & body weight,

monkeys, 6380 maintenance schedule & body weight loss, hunger drive, rats, 2058

mercurochrome, height distribution & aggressive reaction & time to locate food, depigmented & normal Barbus conchonius, 1881 methadone syrup solution consumption, food & liquid intake & activity, rats, 3884

olfaction & gustation loss, food aversion acquisition, rats, 6143 open field behavior & straight alley running speed & feeding & social-sexual behaviors, ornate box turtles & wood turtles, 6382

ovariectomy & postoperative estrogen & adrenalectomy, body weight & food intake, rats, 6294

parasagittal cuts at 3 anterior-posterior positions, eating & drinking & irritability & aggression & copulation, rats, 10662 posterior ventromedial hypothalamus lesions, adrenergic feeding

following intracranial noradrenaline injections, rats, 1880

preference for barpressing with food reinforcement vs. free food & free water, hungry & thirsty rats, 8764 prey size, ingestion behavior, snakes, 4040

proportion of food obtained by pecks at dusk, pecking choices at 2 disks for food, pigeon, 3989

rapid hypobaric hypoxia transition, water & food consumption & body weight & feeding activity, rats, 10783

reanalysis of meals & intermeal intervals & raw data, free-feeding patterns, rats, 10764

reinforcing hypothalamic stimulation, eating elicited through same electrodes, rats, 8630 self-stimulation of ventromedial hypothalamus, positive correlation

of stimulation threshold with thresholds to stop feeding & escape, rats, 3853 septal & amygdaloid lesions, visual discrimination under nonrein-

forcement & reinforcement conditions & eating & drinking & body weight, rats, 6326 sex & age & motivation & experience, prey preferences, hawks, 4048

shock punishment, preference for food vs. aggressive display, Siamese fighting fish, 8726 stomach loads of hypertonic NaCl, food & water intake & weight

loss, ovariectomized & sham-operated rats, 3922 streptozotocin-induced diabetes, basal feeding rate & meal size, rats,

sucrose vs. saccharin solution & restricted vs. available food, food

consumption, rats, 8728 tetrahydrocannabinol & dosage, food & water intake, rats, 6262

ventromedial hypothalamus functions, obesity & hunger, 6175 **Animal Hoarding Behavior** 

anosmia & blindness vs. sham operations, hoarding of food & nonfood items, rats, 3970

cortical & hippocampal lesions, hoarding behavior, rats, 3976 Animal Innate Behavior

body pattern & pattern component classification & chromatic expression & body pattern behavior response maturation,

formation of natural conditioned reflexes connected with innate behaviors, mammals, 549

habituation vs. fatigue & constant vs. intermittent brain stimulation, gnawing, chronically implanted prairie dogs, 8599

learning vs. maturation, change in inability to mate with passive females after successful copulation with sexually active females, sexually mature inexperienced male rats, 4042

phenobarbital, social behavior & comfort activity & brood care, herring gull, 1839

reinforcing properties & differential responsiveness to conspecific vs. alien species song, white-crowned sparrows, 10767

serial CS component similarity, consummatory licking suppression, rats, 10728

social interaction & attraction to overhead moving objects, weaned elephant seal pups, 10770

species-specific defensive behavior similarity & shock & appetitive motivation, thigmotaxis & avoidance behavior acquisition rates, rats. 6379

successive presentations & paired comparisons of stimuli, color preference role in pecking responses, neonatal herring gull chicks, 2023

theta activity, behavioral correlates, rats vs. guinea pigs vs. rabbits vs. cats, 1833

Animal Instinctive Behavior

display behavior, lizards, literature review, 3985

frequency & rate & duration of repetitive auditory stimuli, following, chicks, 6371

grasping prey with mouth vs. pinning & grasping with forepaws vs. killing bites vs. tossing prey grasped in mouth, phylogenesis of predatory behavior, small predatory mammals, 1988 olfactory control, choice behavior, rodents, 10779

pair formation & maintenance, monogamous desert wood louse,

paternal behavior development, monkeys, 10771

population density & aggressive interaction outcome & fighting frequency changes & loss of opportunity to dig, aggression & territoriality, captive vs. wild male Cichlids, 1998

ratio requirement for reinforcement, adjunctive attack & displacement preening, pigeon, 8742

reinforcing properties & differential responsiveness to conspecific vs. alien species song, white-crowned sparrows, 10767

self-licking of nipple lines & genital pelvic region & female hormone treatment, mammary gland development & grooming patterns, pregnant & ovariectomized virgin female rats, 6333

strain differences, prelaying behavior & response to suboptimal stimuli, domestic fowl, 8775

suppression of distress vocalization, visual imprinting in emergence of filial attachments, ducklings, 8735

Animal Maternal Behavior

behavior before vs. during vs. after separation from mother- vs. isolation-rearing environments, infant monkeys, 10709 cross-transfusing blood, humoral factors in maternal behavior at

parturition, mother & virgin rats, 333

death of fawn, antagonistic behavior & dominance & territoriality, female deer, 2019

ergocornine prolactin release interference, maternal behavior, postpartum female rats, 3935

estradiol & progesterone & prolactin, induction of maternal behavior, nulliparous rats, 6269

gonadal hormones in infancy, maternal behavior, testosterone injected female & castrated male rats, 3947

infant-mother attachment patterns, monkeys, 6423

infantile tactual stimulation & maternal influences, emotionality, rats, 10763

labor duration & licking of neonate, great apes & man vs. nonprimate mammals, 311

lactation and performance experience, retrieval of young, female Richardson ground squirrel, 528

maternal influences & additive & nonadditive genetic effects & sex linkage, mating behavior, low- vs. high-mating vs. randombred lines of chickens, 273

mother separation, proximity & nipple contact & activity & distress & social play, 21 42 wk. old rhesus monkeys, 6384

natural observation, mother-infant relationships, wild chimpanzees, 6441

new calling, reproductive behavior & parental recognition, black-billed gulls, 4007

parturition & related behavior, primates, 6355

phenobarbital, social behavior & comfort activity & brood care, herring gull, 1839

physical barrier temporary installation, infant & maternal proximal relationship & reciprocal response patterns, rhesus monkeys,

physical barrier temporary installation, infant & maternal proximal relationship & reciprocal response patterns, rhesus monkeys,

prefrontal & anterior temporal cortex lesions, social & sexual behavior & affect, rhesus monkeys, 8658

prepregnancy & prenatal stress in 5 consecutive pregnancies, rats & their offspring, 2045

radio-tracking of movements, female raccoons & their young, 6428 strain differences, prelaying behavior & response to suboptimal stimuli, domestic fowl, 8775

ultrasonic distress calls, maternal behavior, rodents, 8752

Animal Mating Behavior (See also Animal Sexual Receptivity) amphetamine & myristicin & macromerine, EEG depression & excitation & hallucinations & spikes & grand mal seizure & neurovegetative disturbances & ejaculation, rats & cats & rabbits,

382 androgenic stimulation at birth & pre- & postnatally, sexual development & masculine mating responses, female beagles, 6224 artificial clasping, behavioral & EEG patterns, female toads, 6112

basal forebrain electrical stimulation, mating behavior, rats, 6253 behavioral mutants in biological control, light & darkness effects on mating behavior, Drosophila flies, 294

bilateral olfactory bulbectomy, aggressive & sexual behavior, hamsters, 414

bilateral vs. unilateral olfactory bulbectomy vs. sham operations, sexual behavior, mice, 8682

brain lesions, eating & drinking & irritability & aggression & copulation, rats, 10663

captivity, courtship & copulatory behavior, green acouchi, 516 characteristics of foster parents & length of training, imprinting & orientation of begging & early & mature sexual behavior & aggressive drives, 4 species of pigeons, 486

cyproterone acetate & testosterone & gonadotropin & androgen, reproductive behavior, North American pumpkinseed sunfish,

density & nesting material availability & sibling-nonsibling matings, reproduction, deer mice, 10777

diallel cross fixed-effects model for maternal effects analysis of sexual behavior, male mice from 3 inbred strains & their reciprocal hybrids, 336

domestication, reproduction & social dominance & unsignaled operant & active & passive avoidance & bar-pressing for water, wild vs. domestic rats, 6352

early castration & fluoxymesterone vs. testosterone propionate, adult mating behavior following exogenous testosterone & penile development, male rats, 3896

electrical stimulation of hypothalamus preoptic area, copulatory behavior, male rats, 8645

estrous & diestrous conditions, homospecific male mouse odor preferences, female mice, 6123

estrus vs. diestrus condition, operant máting choice, rats, 6374 ethamoxytriphetol antagonism, behavioral & morphological effects of estradiol benzoate, rats, 3920

field observations of reproductive behavior along shallow water in natural situation, nesting & agonistic & courtship behavior, 3spined stickleback, 2060

food deprivation for 6 days, preference for food vs. receptive female, male rats, 2039

functional castration by short photoperiod exposure & estradiole benzoate vs. testosterone propionate injections, sexual receptivity & courtship behavior & copulatory patterns, male vs. female Japanese quails, 3848

hypothalamic stimulation, copulation & ejaculation, sexually experienced rats, 1848

intrauterine contraceptive devices, seasonal sexual behavior duration, macaques, 6367

isolation vs. foster mothers & play-enriched vs. minimally stimulating environment, early development & sexual behavior, male rats, 4023

learning vs. maturation, change in inability to mate with passive females after successful copulation with sexually active females. es after successful copulation with sexually active females, sexually mature inexperienced male rats, 4042

lithium, aggressive & sexual behavior, humans & animals, review of recent studies, 3957

maternal influences & additive & nonadditive genetic effects & sex linkage, mating behavior, low- vs. high-mating vs. randombred lines of chickens, 273

neonatal androgen & castration, adult behavior, hamsters, 6237 new calling, reproductive behavior & parental recognition, blackbilled gulls, 4007

ocular & encephalic photoreceptors, role in photoperiodic control of reproduction, blinded Japanese quail, 6271

olfactory bulb ablations, hormonally-induced mating behavior, spayed female mice, 3968

ontogenetic & phylogenetic & social significance of inguinal contact & sociosexual vs. socioinfantile patterns, social investigatory behavior & passivity & inhibition, dogs, 1995

open field behavior & straight alley running speed & feeding & social-sexual behaviors, ornate box turtles & wood turtles, 6382 pair formation & maintenance, monogamous desert wood louse,

parachlorophenylalanine, mounting behavior, rats, 8655

parasagittal cuts at 3 anterior-posterior positions, eating & drinking & irritability & aggression & copulation, rats, 10662

peripheral electric shock, mating behavior initiation, rats, 4019

pituitary-adrenal axis functioning, emotionality & fear motivated responses & generalized activity & agonistic & sexual behaviors, mammals & rats, literature review, 1789

prefrontal & anterior temporal cortex lesions, social & sexual behavior & affect, rhesus monkeys, 8658

prolonged interintromission delays, copulatory behavior, hamsters,

10759 remote-controlled underwater television system & establishing dominant-subordinate relationships & territoriality & reproduc-

tive behavior, social structure, bicolor damselfish, 2020

reproductive behavior, pomacentrid fish, 2040 reproductive cycle stage, pair formation & distance spacing & contact responses on shore & in laboratory, Harmothoe

imbricata, 4001 rostral medial forebrain bundle & olfactory tubercle lesions, sexual

behavior, male rats, 10629

same vs. opposite strain, mate choice, female mice of 2 inbred strains, 348

season & exposure to male, intensity of estrus & proportion of days in estrus, llama, 284

sexual behavior codes, social behavior, animals & men, book, 4364 sexual behavior, Malachiidian Anthocomus, 2015

sexual selection, animal & human evolution, book of readings, 8900 social & environmental conditions, aberrant sexual behavior, South African male ostriches, 6425

social behavior & group organization & reproductive cycles & reproductive behavior, caged vervet vs. Sykes' monkeys, 541

strain differences, mating behavior, Sprague-Dawley vs. Long-Evans vs. Wistar male rats, 8746

succession of vaginal & behavioral changes in continuous cycling, sexual behavior, rats, 2002

tetrabenazine, copulatory behavior, male rats, 8609

ultrasonic postejaculatory vocalizations, male rats, 8704

vegetation & conspecific rivals, nest site selection, male sticklebacks,

6-hydroxydopamine-induced neonatal sympathectomy, open field activity & avoidance learning & retention & sexual behavior & endogenous norepinephrine in lower brainstem & cerebral cortex & hypothalamus, rats, 6299 Animal Motivation

(+)-amphetamine sulphate dosage, conditioned anxiety & suppression of bar pressing, rats, 1849

ad lib vs. satiation vs. restricted feeding, t-maze preference for food vs. sensory-activity, handled vs. nonhandled rats, 10793

age, behavioral arousal, guinea pigs vs. hamsters, 8713 alcohol preference & fluid intake multiple-bottle test procedures,

end bottle preference, inbred mice, 2000 apparatus exposure & age, open-field behavior, rats, 485

aversive conditioning, heartrate & general activity & panel pressing,

aversive stimulation, preference for familiarity, rats, 3982 avoidance conditioning using light as CS & brief shock as UCS, general activity, goldfish, 2001

brain lesions, eating & drinking & irritability & aggression & copulation, rats, 10663

chemical manipulation & drive system excitation & site of stimulation, physiological bases of drive & punishment systems during self-stimulation, rats, 8667

cholinergic stimulation of midline thalamic nuclei, alterations of defensive reactions, rats, 3862

circadian & illumination & sound factors, day & night measures of cage activity, monkeys, 4081

continuous vs. partial reward delay, motivational effects of nonreward in double alleyway, rats, 8762

DC vs. radio-frequency current ventromedial hypothalamus lesions vs. ventromedial hypothalamus destruction & percentage body weight loss, motivated behavior, rats, 420

derived motives & cues predicting consequences, review, 482 desipramine & imipramine & protriptyline & benztropine & d- & 1amphetamine & p-chloroamphetamine & cocaine & pretreatment with nialamide, O-methylated noradrenaline & normetanephrine & nor-O-methylated dopamine & 3-methoxytyramine levels in

brain & locomotor & rearing & stereotyped behaviors, rats, 8670 dorsomedial hypothalamic lesions, hypophagia & hypodipsia & hypoactivity, rats, 8591

drive, correct responses in position reversal learning & t-maze & discrimination learning & running time, rats, 6341

ECS & footshock, proactive changes in activity level, rats, 3915 EEG, sleep & development, 2 41 mo. old chimpanzees, 8496

electrical rhythmic activity in primary sensory cortex, immobility, unrestrained awake cats, 8556

field observations of reproductive behavior along shallow water in natural situation, nesting & agonistic & courtship behavior, 3spined stickleback, 2060

food deprivation for 6 days, preference for food vs. receptive female, male rats, 2039

food deprivation level, food getting dominance, rats, 10785

hypothalamic lesions, postingestion EEG synchronization, rats,

immunosympathectomy, activity & hypothermia, mice, 3965 incentive distance & aggressive interaction, dominance hierarchy, Japanese quail, 2024

intensity of fear in running & jumping, fear-motivated behavior, rats, 6388

learning theories & animal behavior studies, psychology of motivation & intentions & incentives, 1755

low vs. high drive & large vs. small reward & number of training trials, resistance to extinction, rats, 6439

magnesium pemoline intracranial injections, depression of spontaneous activity, goldfish, 3892

maternal protein restriction, maze learning & curiosity & activity, rat offspring, 8770 odors from stressed vs. nonstressed conspecifics vs. clean runways,

open-field responses, rats, 2049

open field behavior & straight alley running speed & feeding & social-sexual behaviors, ornate box turtles & wood turtles, 6382 partial vs. continuous reinforcement, response persistence during satiated testing, albino rats, 2025

pituitary-adrenal axis functioning, emotionality & fear motivated responses & generalized activity & agonistic & sexual behaviors,

mammals & rats, literature review, 1789 preference for barpressing with food reinforcement vs. free food & free water, hungry & thirsty rats, 8764

qualitative upshift in reward, pre- vs. postshift alley run times in double runway, rats, 6453

reactivity & exploratory behavior & prey-killing ability & pack integration & activities coordinated by socialization & social facilitation & leader-follower relationships, individual differences responses to animate & inanimate moving & nonmoving stimuli, wolf cubs, 1996

repeated exposure to small chamber, activity & defectation decreases & heart rate increases during habituation sessions, rats, application of P. Groves & R. Thompson's dual-process theory of habituation, 302

rewarding activity vs. response to increased drive following food

&/or water deprivation, wheel running, rats, 521
septal lesions, response to frustrative nonreward in Amsel double runway, rats, 3929

septal vs. ventromedial hypothalamic lesions, preference for

obtaining food by bar pressing, rats, 460 sex & age & motivation & experience, prey preferences, hawks, 4048 shifts in body weights & method of weight maintenance, straight alley performance, rats, 1976 shock-elicited defensive behavior, passive avoidance performance,

rats, 1971

social rank & sex & hormonal conditions, use of exercise wheel, voles & lemmings, 1985

stimulus novelty, digging behavior, rats, 10778

stress & food deprivation & intermittent food schedule & electric shock, highest probable response energization, rats, 6392 testosterone, persistence in food preference search, chicks, 8585

tetrahydrocannabinol, behavior, rats, 1923

theoretical issues, motivational systems for animal agonistic behavior, 327

Animal Navigation (See Migratory Behavior)

**Animal Nocturnal Behavior** 

**Animal Play** 

agonistic behavior control & dominance relationship ontogeny & nonaggressive playful interaction development & cohabitation, social interaction development, 21 50 day old coyotes & beagles & wolves & coyote-beagle & wolf-malamute hybrids in dyads, 1972 imprinting & play & imagination, animal & human infancy, book,

mother separation, proximity & nipple contact & activity & distress & social play, 21-42 wk. old rhesus monkeys, 6384

paternal behavior development, monkeys, 10771

play activities following play deprivation, 18-24 day old goats, 1979 play behavior & mock fighting, sea lion pups, 1990

**Animal Sex Differences** 

age & sex & reproductive status, aggressive behavior, free-ranging chacma baboons, 2038

avoidance probability & sex differences, 1-way vs. shuttle-avoidance performance, rats & gerbils, 478 birth order & sex differences & sex preferences, social-emotional

behavior, 6-11 mo. old monkeys, 2048

body posture & size & sex of test animals, agonistic responses, spider crabs, 6383

delivery mode & early handling & sex, weaning weight adrenocorti-cal reactivity & open field behavior, rats, 10768

functional castration by short photoperiod exposure & estradiole benzoate vs. testosterone propionate injections, sexual receptivity & courtship behavior & copulatory patterns, male vs. female

Japanese quails, 3848 genotype & environment, ultrasound production, male-female mice pairings, 10719

gonadectomy, body weight & quinine aversion & shock threshold, rats, 8646

handling & sex & repeated testing, open-field defecation & ambulation as indices of emotionality, rats, 8771

infant experience with alcohol & age & sex & strain, voluntary alcohol consumption, rats, 10644

maternal influences & additive & nonadditive genetic effects & sex linkage, mating behavior, low- vs. high-mating vs. randombred

lines of chickens, 273 olfactory experience, odor-choice behavior & food approach latency in presence of odors & male sexual responsivity, guinea pigs, 6360 sex & age & motivation & experience, prey preferences, hawks, 4048 sex differences, emotionality & open-field behavior, rats, 6403

shock & cage size & sex of stimulus animal, copulatory & aggressive responses, rats, 488

social rank & sex & hormonal conditions, use of exercise wheel, voles & lemmings, 1985

species & sex differences, electric signaling, electric fish, 510 stomach loads of hypertonic NaCl, food & water intake & weight loss, ovariectomized & sham-operated rats, 3922

testosterone proprionate, pup killing induction, nulliparous female & male albino mice, 6258

ventromedial hypothalamus vs. septum vs. medial forebrain vs. dorsal longitudinal fasciculus lesions, reactivity to footshock, male vs. female rats, 10612

**Animal Sexual Receptivity** 

artificial clasping, behavioral & EEG patterns, female toads, 6112 bilateral vs. unilateral olfactory bulbectomy vs. sham operations, sexual behavior, mice, 8682

estrogen & progesterone injections & bilateral monopolar electrode stimulation in medial preoptic areas vs. medial basal hypothalamus, sexual receptivity, ovariectomized rats, 6298

estrogenic vs. estrogen & progesterone stimulation on day of expected estrus, sexual receptivity activity, ovariectomized rats,

estrous & diestrous conditions, homospecific male mouse odor preferences, female mice, 6123

functional castration by short photoperiod exposure & estradiole benzoate vs. testosterone propionate injections, sexual receptivity & courtship behavior & copulatory patterns, male vs. female Japanese quails, 3848

olfactory experience, odor-choice behavior & food approach latency in presence of odors & male sexual responsivity, guinea pigs, 6360

ontogenetic & phylogenetic & social significance of inguinal contact & sociosexual vs. socioinfantile patterns, social investigatory behavior & passivity & inhibition, dogs, 1995

p-chlorophenylalanine, male vs. female sexual behavior, testosterone-injected female rats, 1946

preejaculatory stimulation by male, luteal response induction, female mouse, 6405

reproductive cycle stage, pair formation & distance spacing & contact responses on shore & in laboratory, Harmothoe imbricata, 4001

season & exposure to male, intensity of estrus & proportion of days in estrus, llama, 284

shock & cage size & sex of stimulus animal, copulatory & aggressive responses, rats, 488

single unit activity evoked by mild stimulation, cautaneous mechanoreceptors of glans penis, cats, 3777

social rank & sex & hormonal conditions, use of exercise wheel, voles & lemmings, 1985

succession of vaginal & behavioral changes in continuous cycling, sexual behavior, rats, 2002

testosterone propionate & progesterone, sexual receptivity, ovariectomized rats, 474

testosterone propionate-induced sexual arousal, anogenital exploration, rats, 6318

Animal Social Behavior (See also Animal Aggressive Behavior, Animal Communication, Animal Courtship Behavior, Animal Courtship Displays, Animal Distress Calls, Animal Division Of Labor, Animal Dominance, Animal Maternal Behavior, Animal Mating Behavior, Animal Sexual Receptivity, Attack Behavior, Threat Postures)

age & social experience, approach & withdrawal, African mouthbreeding fish, 504

agonistic behavior control & dominance relationship ontogeny & nonaggressive playful interaction development & cohabitation, social interaction development, 21 50 day old coyotes & beagles & wolves & coyote-beagle & wolf-malamute hybrids in dyads, 1972

behavior observation, individual & social behavior in newly formed groups, stumptail macaques, 538

biology & social behavior, Afghan wood louse, 2043

birth order & sex differences & sex preferences, social-emotional behavior, 6 11 mo. old monkeys, 2048

cage size, open-field behavior during social isolation, rats grouphoused since weaning, 6436

conservation program, social behavior, gibbons, 6345

cross-species vs. inter-species vs. isolation housing, inter- & intraspecies social attraction, rats & gerbils & hamsters, 4077

developmental history & social parameters of ladder invention & use, feral-born chimpanzees in captivity, 527

display patterns & social relationships over 5 yr. period, zoo group of Gelada baboons, 2047

ecological & behavioral study, rhesus monkeys in North India, 6397 ecology & ethology & social organization, East African carnivores & ungulates & hares & rodents, 4024

enclosures, social behavior, benthic fish, 8753

encounter outcomes & species differences in social & nonsocial behaviors, interspecific fighting & relative dominance status, wild mice, 10701

factor analyses, social interaction in affiliative & hostile & fearful conditions, monkeys, 10715

field & laboratory studies, social organization, Saimiri & Callicebus monkeys, 6402

food sharing behavior, douc monkeys, 6390 hierarchy & group density, social stru

ierachy & group density, social structure & territoriality, cockroach, 4008

housing density, alcohol intake, rats, 6245

infant handling & aversive stimuli, adult & drinking behavior, rats,

infant-mother attachment patterns, monkeys, 6423

isolation & aggregation, water content of mouse brain, mice, 8512 long- & short-term social deprivation, sociability, rats, 4037

mirror image stimulation, hypnosis represented by tonic immobility, chickens, 4017

natural observation, mother-infant relationships, wild chimpanzees,

normal food ration & severe food deprivation, agonistic behavior & intergroup interactions, rhesus monkeys, 524

ontogenetic & phylogenetic & social significance of inguinal contact sociosexual vs. socioinfantile patterns, social investigatory

behavior & passivity & inhibition, dogs, 1995
open field behavior & straight alley running speed & feeding &
social-sexual behaviors, ornate box turtles & wood turtles, 6382 pair formation & maintenance, monogamous desert wood louse,

peer separation & isolation & reunion, behavior, 31 58 mo. old male rhesus monkeys, 8709

phenobarbital, social behavior & comfort activity & brood care, herring gull, 1839

physical barrier temporary installation, infant & maternal proximal relationship & reciprocal response patterns, rhesus monkeys,

population density & food dispersion, development of prisminduced aftereffects, newly hatched chicks, 2037

prefrontal & anterior temporal cortex lesions, social & sexual behavior & affect, rhesus monkeys, 8658

presence of co-reared rats & running together vs. alone, risk taking in choice behavior, rats, 6434

presence of other rat, heart rate, rats, 8538

prior residence & use of space, social & enclosure behavior, Benthic fish. 533

protein deficiency, social development, rhesus monkeys, 3846

psychosocial stimulation, adrenal choline acetyltransferase increase, mice, 6136

reproductive cycle stage, pair formation & distance spacing & contact responses on shore & in laboratory, Harmothoe imbricata, 4001

social behavior & group organization & reproductive cycles & reproductive behavior, caged vervet vs. Sykes' monkeys, 541 social behavior & organization & development, Polynesian vs. roof rats, 6404

social ethology, historical overview & recent research review, 491 social interaction & attraction to overhead moving objects, weaned elephant seal pups, 10770

social organization, army ants, book, 8760

technical requirements, electrical telestimulation system for recording significant group social signals, squirrel monkeys, 3930 territorial exclusion, reproductive isolation, gerbils, 4071

tetrahydrocannabinol & chlorpromazine & amylobarbitone, social patterns & labor division achieved, rats, 422

theoretical propositions, primary social relationships & attachments, dogs & human infants, 6429

threat by hornet, group defensive behavior of clustering & rocking & oscillating & vocalizing, Eastern honeybee, 546

tunnel depth & working in pairs, speed of excavation, ants, 559 varied social environments, social behavior adaptability, inbred & noninbred mice, 10703

ventrolateral midbrain tegmentum lesions, homecage behavioral changes & periodic abnormalities, cat, 447

Animal Vocalizations (See also Animal Distress Calls)

behavior modification, howling, 7 mo. old Basenji dog, 6447 biological mechanisms, development of babbling & development of song dialects, normal vs. deaf infants & normal vs. deaf vs. acoustically isolated birds, 9424

birth order & sex differences & sex preferences, social-emotional behavior, 6-11 mo. old monkeys, 2048

electrical stimulation of septum, arterial blood pressure & motor

activity & pulmonary respiration & vocalization, toads, 1883 frequency & duration & interval between chirp, calling & rivalry & agreement, male & female grasshoppers, 570

genotype & age & ambient temperature, distress signal rate & peak frequency & duration, mice, 8549

male-female duet singing, African drongo, 563

maturation & sensitive age parameters, discrimination between man-made flock call & danger call, mallard duckling, 2031

mobility during conditioning & intertrial interval variability, conditioning vocalization, rats, 10723

new calling, reproductive behavior & parental recognition, black-billed gulls, 4007

prefrontal & anterior temporal cortex lesions, social & sexual behavior & affect, rhesus monkeys, 8658

reinforcing properties & differential responsiveness to conspecific vs. alien species song, white-crowned sparrows, 10767

separation from nest & isolation & room temperatures, ultrasonic vocalization, mice, 10704

threat by hornet, group defensive behavior of clustering & rocking & oscillating & vocalizing, Eastern honeybee, 546

ultrasonic postejaculatory vocalizations, male rats, 8704

ultrasound & aggressive behavior, rats & 14 species of small mammals, 6424

vocalization characteristics, territorial social organization, East African monkeys, 6400

animal parapsychology, recent experiments, 6419

animal pharmacology, abstracts of papers, 6213 animal phobias & feeding problems, psychoanalytic treatments,

only children, 11531

APA guidelines, animal usage in school science behavior projects, 8158

competition & attraction & aversion & sex & age, visual interaction, humans & animals, 10731

development of agonistic behavior, hand-reared coyotes from birth to 8 wk., 1994

ECS & ECT, seizure-induced changes in substrates of CNS metabolism & function, animals & psychiatric patients, 3880

hippocampal destruction vs. damage to neocortex, hypothesis behavior & frustration, animals, 10636

hippocampal destruction, recent memory deficit, humans vs. animals, 1160

hypothalamus & amygdalin complex, thirst regulation, animals, 10588

lateral superior olivary nucleus convolutional organization, cochlear coiling, animals, 8576

pets as link to nature in technological society & use in education & treatment of emotionally disturbed children, 2008 pets, human development, book, 10868

stimuli aligned in horizontal or vertical vs. oblique orientations, perception & discrimination, man & animals, 1556

theory of chains with complete links, application to learning process & evolutive systems with preferential events, 8776

uncontrolled traumatic events, etiology & possible cures of behavioral effects, animals, review of studies, 6430

Animism

animal cliches, students in veterinary medicine/animal sciences or husbandry, 6666

anthropomorphic relationships to nonhuman objects, 7-12 yr. old schizophrenics vs. normals, 7333

kinesthetic responses in Rorschach test, anima & animus functions, healthy vs. neurotic adults, 1500

long-term cultural change, moral reasoning & animistic thinking, 2nd & 5th & 6th graders, comparison with J. Piaget's 1929 results,

psychoanalytic theories, primitive society & animism & magic, book, 8969

Antiemetic Drugs (See also Carphenazine, Chlorpromazine, Chlorprothixene, Fluphenazine, Perphenazine, Prochlorperazine, Promethazine, Sulpiride)

Antiepileptic Drugs (See also Diphenylhydantoin, Potassium aparoxyl, phenobarbital indicated therapy conditions, 1 day to 13 yr. olds, 9714 Bromide, Primidone, Sodium Bromide, Strontium Bromide)

Antihistaminic Drugs (See also Chlorpheniramine, Chlorprothixene, Diphenhydramine, Orphenadrine, Promethazine)

paraldehyde & barbiturates & phenothiazine & butyrophenone & antihistamines & benzodiazepine, alcohol withdrawal treatment & complications, 9613

Antihypertensive Drugs (See also Chlorisondamine, Chlorpromazine, Guanethidine, Hexamethonium, Hydralazine, Iproniazid, Mecamylamine, Methyldopa, Pargyline, Phenoxybenzamine, Rauwolfia, Reserpine)

a-methyltyrosine & reserpine, operant shuttle-box & t-maze task performance, 6-hydroxydopamine treated & centrally-sympathectomized rats, 10607

Antiparkinsonian Drugs (See Antitremor Drugs)

Antipathy (See Aversion)

Antipsychotic Drugs (See also Antischizophrenic Drugs, Butyrylperazine, Carphenazine, Chlorpromazine, Chlorprothixene, Fluphenazine, Nialamide, Perphenazine, Prochlorperazine, Promazine,

Reserpine, Tetrabenazine, Trifluoperazine, Triflupromazine) haloperidol vs. clopenthixol vs. chlorpromazine, EEG measures, chronic schizophrenics, 9759

mesoridazine & chlorpromazine, relapsed schizophrenics, 7359

Antischizophrenic Drugs (See also Butyrylperazine, Carphenazine, Chlorpromazine, Chlorprothixene, Fluphenazine, Perphenazine, Prochlorperazine, Promazine, Trifluoperazine, Triflupromazine)

Antisocial Behavior (See also Battered Child Syndrome, Child Abuse, Crime, Homicide, Juvenile Delinquency, Rape, Recidivism, Shoplifting, Theft)

affective feeling for film character, evaluation of antisocial act by character, adolescents, 6818 aversive stimulus vs. rationale vs. mother vs. father as punitive agents, resistance to deviation behavior & self control, middle class Caucasian 14 16 yr. old males, 11091

behavioral control vs. irresponsible behavior & eugenic family milieu vs. negative social identity & optimism vs. self-defeatism in socialization process, delinquency prediction & style, institutionalized delinquent teenage girls, 7096

child's physical attractiveness & sex & severity & type of transgression, evaluation of transgression & advocated punishment, female college students, 4397

closed psychotherapeutic ward, antisocial females, 9640

criminal history seriousness, troublesome behavior, follow-up study of women patients transferred to civil mental hospital from hospital for criminally insane, 2881

deviance & charisma & rule-defined behavior, 9045

egocentricity & gratification delay inability & risk taking, primary vs. neurotic sociopaths, 9350 family characteristics, antisocial behavior & incarceration, incarcer-

ated & high school male youth, 7294

father absence vs. presence, antisocial behavior, 12 18 yr. old males,

hypnosis, antisocial behavior, 11654

hypnosis, antisocial behavior, 11802

hypnosis, antisocial behavior, review, 11707

job incompetence, family disintegration & antisocial behavior as concerns of preventive psychiatry, disabled workers, 11344

labeling deviance & social control, book, 11487

learning theory approaches in psychotherapy, criminal behavior treatment, 7636

lengthy death row confinement, adjustment & projection & health complaints & adoption of antisocial life style & ego strength, inmates, 4689

live modeling & role-playing & discussion vs. contingency system rewarding imitative social responses during role-playing on continuous schedule vs. verbal-symbolic-modeling approach in groups, antisocial behavior, institutionalized male adolescent offenders, 9754

marihuana, physical & mental illness & social degeneracy, 10970 personal relationship with hypnotist & knowledge of experiment & hypnosis, antisocial behavior, college students, 11573

positive social reinforcement, delinquency & subtype delinquent behavior, delinquents vs. college students, test of Patterson's etiological model, 11628

prisoner role assumption, understanding criminal behavior, counseling & clinical psychology graduate students, 2725

programed environment timeout & response cost magnitudes, antisocial behavior, 15 19 yr. old mildly retarded institutionalized boys, 4958

seduction & law, 8954

social function of family & analytic group therapy, destructive aggression, patients with mother-child symbiosis conflicts, 9510 status & deviance & sanctions in groups, critical review of literature, 9107

televised verbal &/or behavioral conforming vs. deviant vs. no peer model, resistance to deviation, 1st & 2nd graders, 11139

threat of severe vs. moderate vs. mild negative sanction, cheating, deviants vs. nondeviants, 2638

1970 laws concerning antisocial behavior & social rehabilitation & education, criminals & juvenile delinquents & social & sexual deviants, 1022

Antisocial Personality

affective parent-child interrelationships involving love vs. hate, social psychopathology & primary causes of violence, 1052

dependency vs. aggressive vs. neutral verbalization choice & frustration, dependence expression, psychopathic vs. neurotic vs. subcultural 16 22 yr. old male delinquents, 1065

MMPI Hysteria & Psychopathic Deviate & Schizophrenia & Hypomania & Social Introversion Scales, personality characteristics, middle & upper middle class drug abusing vs, nondrugabusing adolescents, 2643

modeling & vicarious reinforcement, impulsive response style, psychopathic & neurotic delinquents, 11770

recognition memory of emotion stimuli & subjective correlates of stimulation-seeking & emotional responsivity, psychopaths vs. normals vs. acting-out neurotics, 4670

stimulants & depressants, cognitive & motor test performance, nonpatient males with neurotic vs. psychotic vs. psychopathic vs. normal MMPI patterns, 407

TAT, assessment of therapeutic change after community based

treatment, antisocial 9-14 yr. old boys, 2912

Antispasmodic Drugs (See also Atropine, Chlorprothixene, Hyoscyamine (L-), Meperidine, Nitroglycerin, Orphenadrine, Papaverine, Trihexyphenidyl)

Antitremor Drugs (See also Diphenhydramine, Orphenadrine, Trihexyphenidyl)

amantadine & L-dopa, rigidity & tremor, parkinsonian syndrome patients, 7372

Antitubercular Drugs (See also Iproniazid, Isoniazid) Antitubocurarine Drugs (See also Neostigmine)

Antonyms Ants

naturalistic & laboratory observations & research utility & habit reversal learning, ants, 6373

social organization, army ants, book, 8760

tunnel depth & working in pairs, speed of excavation, ants, 559

Anxiety (See also Anxiety Neurosis, Castration Anxiety, Separation Anxiety)

(+)-amphetamine sulphate dosage, conditioned anxiety & suppression of bar pressing, rats, 1849

academic ability & occupational aspirations & biographic & demographic characteristics, husband-wife anxiety levels, married male graduate students, 12015

achievement motivation & anxiety, competition effects on physical performance, physical education majors, 11912

active vs. simulated electrosleep treatment, anxiety & sleep disturbance & depression, neurotic & depressed outpatients, 1220 affiliation need & social contact & birth order, anxiety, female students, 11266

aggression & locus of control, dental anxiety & behavior, 9164

aggression anxiety, retention & learning ability, college males, 5392 anticipated contact with therapist, anxiety & defense mechanism use, neurotic depressive vs. S with free floating anxiety & multiple phobias, 11538

anxiety & aggression, value as danger warnings vs. pathological reactions & ego development, 7199

anxiety & depression syndromes, heroin vs. barbiturate vs. amphetamine use, young inpatient addicts, 4721

anxiety & depression, patterns of emotions, book, 11228

anxiety & depression, physiological measures indicating risk of coronary atherosclerosis, male postal employees, 4852

anxiety & ego strength & previous experience, challenge & threat as meaning of selected clinical nursing situation, female nursing students, 888

anxiety & fear, attitudes toward life insurance & predicting life insurance purchasing behavior, 3368

anxiety & intelligence & access to primitive thought modes, Remote Associates Test validity, 5776

anxiety & masculine identification & self concept & body image, vasectomy vs. nonvasectomy patients, 6930

anxiety & neuroses self-awareness & psychotherapy, contemporary society, 7448

anxiety & repression & personality dimension of other, self-disclosure, student nurses, 808

anxiety & response mode & subject matter familiarity & learning time, achievement in computer-assisted learning, 7880 anxiety & task difficulty levels & memory support & estimated task

competency, concept identification, 1675 anxiety denial, educational achievement, 3200

anxiety level & REM vs. NREM sleep, post-arousal visualization performance, calm vs. tense young adult males, 1772

anxiety level, perceptual RT, college students, 10362 anxiety levels, cardiac dysrhythm vs. infarct patients, 4770 anxiety questionnaires, methodological problems, 9199

anxiety reduction & arousal reconditioning procedures, homosexuality related sexual impotence, case report, 11674

anxiety states vs. depressive illnesses, prognosis of affective disorders, 7633 anxiety states vs. depressive illnesses, statistical analysis of affective

disorder classification, 7476 anxiety type & item difficulty sequencing, mathematics aptitude test

performance, college students, 12100 anxiety vs. depressive syndromes, affective disorders classification,

patients with affective disorders, 7627 anxiety-evoking film viewing & psychological differentiation &

gender identity, sex of figure drawing choice, males, 4492 anxiety, cue intake range & attention in signal detection task, 3536

anxiety, development of empathy during counseling & guidance institute training, counselor trainees, 905

anxiety, learning in negative transfer paradigm in competitive vs. noncompetitive situation, college students, 8457 anxiety, orgasm, 9356

anxiety, problem solving performance, 4th graders, 12099

anxiety, rote serial learning, male 11th graders, 8412 anxiety, Sensation-Seeking Scale scores, college students, 2445

anxiety, theory & research, book, 9210

aroused state anxiety, memory organization & immediate recall of words, college students, 6058

assertion training vs. normal hospital milieu therapy program, personal space & self-reported anxiety, psychotic male neuropsychiatric inpatients, 2804

audiotape & film therapy education program showing good group therapy behavior, therapy group interaction & member anxiety & member-group attraction, undergraduates, 9778

auditory masking, anxiety level & dysfluency frequency & selected vocal characteristics, stutterers, 11325

balance & agreement & attraction, pleasantness & tension & consistency rating of hypothetical social situations, college students, 9041 benzodiazepines, anxiety-reducing activity by reduction of brain

serotonin turnover, rats, 1964

chlordiazepoxide vs. imipramine vs. chlorpromazine, anxiety reduction, genetically timid & normal dogs, 6296

- classical aversive conditioning with random vs. repeated vs. single CS-UCS pairings, CR extinction, high vs. low anxiety undergraduates 8435
- complex mathematics vs. traditional instruction, traditional mathematics knowledge & postclass fatigue & IQ & creativity & school attitude & anxiety level & judgment & perseveration & need for achievement, 2nd 5th grades, 5455

construction details for laboratory equipment for Prisoner's Dilemma game using conventional relays, 786

continuous recording technique, gastric vascular tonicity, rats, 8601 current device, brain stimulation, 8692

cutaneous electrical stimulation, pain-free touch sensations, 1568 design & development of computer-controlled laboratory, 1490 detecting & recording head movements, apparatus, 10293

device for administering volatile anesthetics, stereotaxic surgery, rats. 1892

device for presenting mouse or frog remotely vs. manually in controlled manner, neurophysiological study of mouse- & frogkilling, rats, 2012

digitally programable attenuator, circuit schematic & parts list & device description, 3502

diode matrix circuit, electronic drinkometer operation during footshock, 1982

discharge tube light source of variable intensity, use in flicker & tachistoscopic & RT & visual threshold & evoked brain potential experiments, 78

driving simulator training, skill transfer to real automobiles, 23 27 yr. old driving trainees, 5632

dual lead slip-ring for use with tail-shock electrodes, 480 economical easily recordable GSR apparatus for use during systematic desensitization, 9817

EEG surveillance, recovery from epileptic seizure, apparatus, 8572 generating ECS, easily built & inexpensive apparatus, 8697 harness & electrode connector, electrical & physical contact with

rats when standard grid is useless, apparatus, 10775

hay dispenser device for operant conditioning experiments with ruminants, goats & sheep, 6342

heart rate recording technique, chicken embryo, 6129 improved stereotaxic headclamp, rats, 6272

interference filter, construction of monochromator to produce light,

lickometer, device for recording unreinforced tube licking, rats, 8767 low-interference & low-heat build-up & direct-current fluorescent lighting system, noise interference reduction in psychophysiologic experimental chambers, 6155

magnetic tape stimulus programer using touch-tone equipment, programing multiple aperiodic stimuli, 6178 Mallory Crime Alert CA-2 device, detecting gross motor movements

in humans, 8279 micro-iontophoretic drug application, description of unit for improved constant current source, 3887 nose-poke apparatus & videotaping & free-operant testing methods, determination of competition & dominance hierachies, rats, 542

observational apparatus obtaining continuous stable measure, phobic behavior over time, college student, 5191

operant conditioning apparatus response detector & feeder, octopus, 10742

playing cards mounted on refillable calendar base, programming fixed & variable reinforcement schedules, applicability to variety of experimental environments, 8172

portable observation-experimental booth apparatus, 3492

programing multiple variable-interval schedules of reinforcement, apparatus, 10205

psi tests with internally different machines, 8188

psychobiology research, experimental apparatus, chimpanzees, 2059 pupilometry using advanced-design oculometer, 8289

push-button switch using thumb skin conduction, differences in readiness potential, 6132

recording apparatus, sleep duration & distribution in clinical situation, patients, 2904

simultaneous kymograph recording apparatus, index finger & thumb & wrist movements during writing, 10329

solid state digital display timer/counter, apparatus, 10234

stereotaxic techniques & postoperative care & restraint devices, nervous system studies, chimpanzees, 1847

stimulus generating & control unit, use for research in & teaching of sensorimotor skills, 145

systems analysis engineering approach, testing device for assessment of neuromuscular system functioning, 2572

technical requirements, electrical telestimulation system for recording significant group social signals, squirrel monkeys, 3930 time stick, measuring manual action & RTs, 5916

tungsten electrodes, chronic implantation in cochleae, bats, 8627 3-relay alternator circuit for operant conditioning experiments, 4029

**Apparent Distance** apparent distance of point of light with respect to inducing frames, apparent movement of stationary point of light, 3575

familiar vs. relative size cues & surface texture, relative distance judgments, adults, 5877

real vs. imputed distance, time judgments, Kappa phenomenon, 10349

target speed & size & field dependence, near-far judgments, enlisted

men, 3626 Apparent Movement (See also Autokinetic Illusion)

accommodative vergence, apparent movement & perceived location change of stimulus, adults, 1630

alternating brightness & darkness dominance, stroboscopic phenomena, 5885

apparent distance of point of light with respect to inducing frames, apparent movement of stationary point of light, 3575

apparent motion rate & discontinuity, strength & duration of visual aftereffect, undergraduates, 1558

color & intensity & stripe width of moving patterns & movement direction, contingent movement aftereffects & color transposition, 1622

factor analytic study & possible dynamic & static dimensions, autokinetic response measures, 3571

high- vs. low-implied movement, response latencies in autokinetic movement task, college students, 10296

linear perspective & monocular movement parallax cues, Ames window perceived oscillation, 5817

optical distortion from wearing face mask & head rotation about vertical axis in air & water, loss of visual position constancy underwater, Navy enlisted men, 1585

practice, magnitude estimation of visual velocity, 1608

rotation speed & field brightness & sweep speed & spatial separation of visual display, visual persistence for apparent movement, extension of R. N. Haber & L. G. Standing's direct measure of visual persistence, 1579

underlying processes differences, figural aftereffects & apparent motion & paracontrast, college students, 5851

Apparent Size

age, declining sensitivity to brightness contours in Muller-Lyer vs. size reflectance-contrast illusion, 3rd & 6th graders & college students, 10929

CA & MA & IQ, Mueller-Lyer illusion judgments, 6 9 yr. olds, replication & extension of R. Pollack's developmental study, 4134 disparity magnitude & direction, stereoscopic size & distance of enclosed lines of Ponzo illusion, 8286

hypnotic age regression vs. imagination instructions, size constancy, undergraduates, 1616

inducing circles size & distance between inducing & test circles, apparent size of test figures, 8283

mathematical modeling, estimation of distance by means of perceived size of reference-point & gradient & perceived velocity, 10291

moving speed, perceived size of moving figures, college students, 5903

peripheral stimulus eccentricity & illumination level & light adaptation, visual angle & apparent size & distance perception, male undergraduates, 3607

test field distance & afterimage apparent size, movement aftereffect duration, college students, 1566

visual frame & vertical-horizontal illusion, apparent shape & size perception, laboratory employees, 8293

pperception

Appetite (See also Hunger)

dietary sodium deprivation, sodium appetite, adrenalectomized rats, 10638

imipramine & dimethacin, Clyde Mood Scale scores & appetite & salivation vs. anticholinergic activity, 355

learning, development of specific food appetites, rats, 4038

Appetite Depressing Drugs (See also Amphetamine, Dextroamphetamine, Phenmetrazine)

conditioned stimulus associated with formalin administration, water & sodium intake, rats, 473

fenfluramine & AN 448, subjective effects, amphetamine-dependent prisoners, 11611

mazindol treatment, weight & skinfold thickness reduction, obese adults, 9621

phentermine resinate, anorectic effects, 24-28 yr. old moderately overweight females, 5214

trimepramine & levophacetoperane vs. trimepramine & placebo, fatigue in depressive states, 9783

Appetite Disorders (See also Anorexia Nervosa, Hyperphagia, Obesity)

Applied Psychology (See also Clinical Psychology, Community Psychology, Consumer Psychology, Counseling Psychology, Educational Psychology, Engineering Psychology, Industrial Psychology, Medical Psychology, Military Psychology, School Psychology, Social Psychology)

cooperative research between economics & applied behavioral analysis, behavioral economics, 5070

experimental method in performance psychology, problems resulting from inappropriate methods, 8101 field-unit automated data-processing command & control system, linking laboratory experimentation & applied research psychologists, 8042

income patterns & trends, American Psychological Association industrial & organizational psychologists, 1960 1970, 914 interdisciplinary approach & field study, applied psychology as

social ecology, undergraduates, 5310 need for new research paradigm & inmate-related decisions guidelines, correctional psychology, 2827

social & clinical & applied psychology with emphasis on human behavior, book of readings, 9

Apprehension (See Anxiety)

Apprenticeship

shop floor contact amount & age & training & education & company type & size, view of motivation of workpeople,

corporate production engineers, 1403
training school practical examination scores & psychological problems absence & family stability & apprenticeship length & age, vocational adaptation prediction, working retardates, 12152

Approval (Social) (See Social Approval)

Apraxia

instructions & response-delay intervals & noise & visual monitoring & error prediction & recognition & nature & loci, phonemic accuracy, apraxics, 11361

oral & limb apraxia, nonretarded vs. organic vs. nonorganic retarded children with deviant articulation, 11425

Aptitude (See Ability/)

Aptitude (Academic) (See Academic Aptitude)

Aptitude Measures (See also Army General Classification Test, Coll Ent Exam Bd Scholastic Apt Test, Differential Aptitude Tests, General Aptitude Test Battery, Graduate Record Examination, Modern Language Aptitude Test, School And College Ability Test, SRA Primary Mental Abilities Test) academic achievement, individually vs. group administered Visual Motor Gestalt Test, 1st graders, 10038

American College Test, predictive validity, community college students, Appalachia, 11994

aptitude & videotape vs. programmed instruction methods interaction, training methods for large groups, teacher trainees,

controlled association & marker tests, factorial structures with divergent- & convergent-production abilities, 17 18 yr. old Yugoslavians & Americans, 5757

development & use of arithmetic test as aid in educationalvocational counseling for youth, 5347

Differential Officer Battery, differentiation of combat & administra-

tive & technical leadership potential, incoming commissioned officers, 5631

elementary psychology examinations emphasizing productive thinking & originality & Scholastic Aptitude Test scores, college students, 5437

factorial personality dimensions & ability & attainment, Terman-Merrill Vocabulary Test & Raven's Progressive Matrices & Vernon's Test of Graded Word-Reading & Schonell's Mechanical Arithmetic & sex, 10 yr. old children, 5584

field-independence measures & reference tests of abilities & achievements & interests & personality, distinctiveness of field independence, 8th graders, 4544
Full-Range Picture Vocabulary Test adaptation, group English-

language vocabulary knowledge test construction, large school system students, 5529

Griffiths Extension Scale, extension of previous study to use in older children, 5 8 yr. old normals vs. abnormals, Colombia, 11859

highly vs. moderately vs. minimally ambiguous task structure, conceptual behavior on Object Sorting Task, 7 vs. 8 vs. 9 yr. olds, 4123

intelligence & personality & achievement & interest & aptitude test scores & demographic variables, prediction of rehabilitation success, potential rehabilitants, 5018

legal & privacy invasion concerns, public school personality & ability testing, 5546

material rewards, increases in test scores on Nelson Reading Test, 5568

material vs. verbal rewards, aptitude test scores, white vs. black prison inmates, 11510

paired-associate & concept & principle learning tasks vs. traditional psychological tests, performance prediction validity, white vs. Negro college students, 3275

patterns in children's answers to adult questions, language capability assessment, 2139

personality factor inclusion in addition to aptitude study, student evaluation, 9946

predictive validity compared to GPAs, Career Planning Profile vs. Comparative Guidance & Placement Program vs. Differential Aptitude Test vs. American College Test, community college students, 8002

predictive validity of Psychoeducational Inventory of Basic Learning Abilities, identification of learning disabled child, kindergartners, 10001

predictive value of IQ tests & diagnostic value of aptitude test, remedial programs for individual needs, 3189

relationship among & between selected measures of concept formation, aptitude & achievement & intelligence, 8th graders,

Scholastic Aptitude Test scores, grade point averages over 4 yr., college students from 1962 1971, 7904

tasks employing Jensen's 2-level theory of mental abilities, spastic & athetoid cerebral palsied children, 9467

test measurement & factor analysis, structure of human abilities, book, 879

tests of phonological & semantic & syntactic aptitudes, 5 6 yr. olds, timed vs. untimed conditions, originality scores on Torrance Tests

of Creative Thinking Circles test, 12th graders, 1278 transposition & expressiveness, theatrical talent index, student

actors, 11173 validity, teacher completed observation questionnaire judging social

& general abilities & language & mathematics & memory & task orientation & parental training style & school readiness, kindergartners, 9895 Arachni

Arapaho Indians (See American Indians)
Architects

psychosocial analysis, patron-architect relationships, F.L. Wright & H.V.D. Shaw, book, 1473

Architecture

agreeable vs. disagreeable impressions & structural order & exciting vs. soothing stimulation, evaluation of facades of residential buildings, students, 9117

architectural & educational framework, school of special instruc-tion, slightly & moderately mentally retarded, 10000

architectural psychology, proceedings of conference at Dalandhui, University of Strathclyde, book, 11148

architecture & engineering & behavioral science, graduate program & preliminary research in architectural psychology, 5684 modified map-sketching technique, town planning, 2394

museum environmental design, early research, 8111 originality vs. neutral instructions, fluency & originality on Unusual Uses Test, architecture students, 6947

subjective urban space estimation, architecture students, 5813 theater & photography & architecture & journalism, visual literacy, stimulating student involvement, 9977

Arecoline

+ amphetamine & methamphetamine & tyramine & ephedrine vs. phenoxybenzamine & phentolamine & tolazoline vs. atropine & arecoline, epileptiform afterdischarges in chronically isolated slabs of cerebral cortex, cats, 409

atropine sulfate pretreatment, arecoline- vs. saline-cued leverpressing discrimination, female albino rats, 456

mecamylamine, discrimination between nicotine- & arecolineproduced cues, rats, 10676

Arecoline Hydrobromide (See Arecoline)

identity vs. reversibility by inversion vs. compensation, reasons for judgments on conservation, 1st & 2nd graders, 10844

offensive & defensive strategies, argument, 778

source credibility & recipient commitment, examining message content & counterargument production, 2335

Arithmetic (See Mathematics Education)

Arm (Anatomy)

**Army General Classification Test** 

boredom, galvanic skin potential & skin conductance & heart rate & TAT & general intelligence scale of Army General Classification Test scores, female undergraduates & Army enlisted men, 3812 Army Personnel

adaptive training program, Army helicopter pilots, Institute of Aviation conference, 5652

age & rank & wife's or girlfriend's attitude to service & service-life satisfaction, prediction of reenlistment, Australian Regular Army men in 1st service term, 3431

body size, army men, 1966, 8153

continuous military operations, selected military tasks, Army enlisted men, 5597

exposure to sea level & 13,000 & 15,000 & 17,000 ft. hypoxic conditions, RT to peripheral flashes of stimulus lights during central target monitoring, soldiers, 10554 hypertension, Yugoslavian soldiers at induction & during service &

at dismissal, 7280

rank & aerorating & education & region of birth, body size, army aviators, 1970, 8052

token economy operant conditioning, character or behavior disorders, active duty U. S. Army personnel, 9724

Arousal (Physiological) (See Physiological Arousal)

Arousal (Sexual) (See Psychosexual Behavior)

Arrest (Law) (See Legal Arrest)

Arrhythmias (Heart) (See also Bradycardia, Fibrillation (Heart), Tachycardia)

high rate of information transmission & emotional tension in binary choice task, suppression of sinus arrhythmia, 10466

Art (See also Crafts, Drawing, Painting (Art), Photographic Art, Sculpturing) academic & art ability self concept, art grades & products ratings,

high school students, 7720

art education, creation & appreciation of art, book, 2401

cognitive psychology of visual art & music & literature, psychological aesthetics, review, 822 comparative psychology & art, book, 9115

engaging in art experience & continuance in creative endeavors, health conditions & longevity, persons over 65 yr. old, 2100

international exchange & psychological study of children's art, fostering international understanding & cooperation, 4247

LSD vs. self-hypnosis, catathymic experience & psychedelic art & psychotherapy, artists & hallucinogenic drug users & artistic laymen vs. LSD users, 8622

measurable discovery process variables in problem formulation, creativity in final product, college art students, 6945 psychoanalytic viewpoint, artistic creativity as ego function, 6981

psychological aspects, visual art, book, 9135

psychopathology in artistic creation & literature, 2616 questionnaire covering participation in business & economics & history & current events & music & art & literature, cultural informational components, high school students, 2296 sexual symbolism, polygon preference, art & art-related students,

spontaneous artistic creations, dynamics indicating part of overall clinical context of psychosis, schizophrenics, 4671

Art Education

aesthetic preferences for complexity-asymmetry & figure drawing performance, creativity vs. perception in art education, 6th graders, 5500

art & music experiences integrated with social studies & language arts, self concept & school experience enrichment & positive life attitudes, mentally retarded high school students, 3136

art education, creation & appreciation of art, book, 2401 art education, mentally retarded, literature review, 10092

ceramics in educational programs, social & emotional & mental

growth, handicapped & gifted children, 7835 drawing lessons, formation of space representation, 1st 4th form

pupils, 1291
Flash Lab teaching methods, representation accuracy & looking & drawing behavior, college students in beginning drawing class,

Gestalt perception & operational thought, classification of paintings by style & figure, 2nd & 5th graders, 8810

obsessional traits, academic performance, arts vs. science junior high school students, 11969

teachers' personality, verbal behavior & teaching technique & instructional content, art teachers, 12108

**Art Therapy** 

art as psychotherapeutic technique, children, book, 2920 art oriented work experience, behavior modification of classroom behaviors, emotionally disturbed adolescents, 9843 art therapy, improvement in mental functioning, psychotic patients,

art therapy, 8-11 yr. olds, 7525 drawing of hallucinations, schizophrenic patient, 9682

expressive & interpretative art setting, 8 yr. old boy, 9529

film making as interpretative art therapy, Swiss psychiatric hospital,

group psychotherapy in playgroups & art therapy & music & dance therapy, severely mentally ill & adolescents with adjustment problems & drug addicts & families, 5209

picture-drawing, marital therapy, 3067 teaching art & aesthetic concepts & art interpretation, art therapy program, mental health center, 9674

teaching techniques tailored to individual needs, individual & group art therapy, 7428 Arterial Pulse

affective visual stimulation, individual differences in heart rate & cephalic pulse amplitude of orienting vs. defensive responses, college students, 6144

college students, 6144
anhedonia, electrical stimulation threshold & pulse & blood
pressure & tremor at rest vs. during stress, male psychiatric
hospital patients, 4893
atropine & propranolol & epinephrine, marihuana induced
cardiovascular effects, doctors, 8589
breathing amplitude & cycle time & eyeblink rate & latency & finger
pulse volume & heart rate & GSR & voice latency, detection of

deception, college students, 6120

factor analysis methodology, individual differences in conditioned cardiac responses, college students, 6205
fatigue & arousal in simulated car driving, steering errors & brake RT & subjective fatigue & pulse rate & respiratory rate & skin resistance & neck muscle tension, 20-25 yr. old psychology & driving school students, 8057

incentive level & difficulty & novelty in choice serial RT task, pulse & respiration rate & pulse volume & skin conductance level & muscle tension, 22-59 yr. old females, 6208

insulin injections, plasma free fatty acids & serum cortisol & blood sugar & pulse & systolic blood pressure & evidence for defective homeostasis, acute schizophrenics, 2622

nonpainful aversive visual stimuli, vasomotor conditioning of finger pulse volume, high vs. low anxiety prone male college students,

propranolol vs. sotalol vs. placebo, subjective mood self-ratings & EEG & finger tremor & pulse rate & skin conductance & RT & key tapping & card sorting & WAIS Digital Symbol Substitution Test, 19-29 yr. olds, 1895

pulse rate, experimental psychophysiology without polygraphs, practices of great physicians of antiquity, 6170

Arteries (Anatomy) (See also Aorta, Carotid Arteries)
Arteriosclerosis (See also Atherosclerosis, Cerebral Arteriosclerosis) Arthritis (See also Rheumatoid Arthritis)

body image, mother-child relationship, woman with rheumatoid arthritis, 11458

Arthropoda (See also Ants, Arachnida, Bees, Beetles, Butterflies, Cockroaches, Crabs, Crayfish, Crustacea, Diptera, Drosophila, Grasshoppers, Insects, Larvae, Mantis, Moths)

place restrainment & exposure to moving stripe patterns & elicitation of positive-feedback optokinetic responses, control of locomotory movements, lobster & crayfish & locust & cockroach & blowfly & sphinx moth, 1983

Articulation (Speech)

articulated & acoustic stimuli similarity, short-term recall of verbal items, 6018

articulation & auditory discrimination ability, predicting word recognition deficits, 1st graders, 8017

articulation & delayed language & prosody & voice disorders, sequential interaction patterns, experienced vs. inexperienced clinicians, 11312

articulation functions & test-retest performance on speech discrimination tests, 3 & 5 & 7 & 9 & 11 yr. olds, 6588

auditory masking, anxiety level & dysfluency frequency & selected vocal characteristics, stutterers, 11325

confusion of English consonant clusters, lipreading, college students, 11158

defective & superior & deviant articulation & speech sound stimulability, oral sensory discrimination & auditory tasks, kindergartners & 1st graders, 10919

Edinburgh Articulation Test, 3-6 yr. olds, 6524

electronic gating, perception of partial vs. complete deletions of consonant-vowel syllables, 11165

EMG, lip-muscle function during coarticulation of labial speech sounds, normally-speaking S, 10558 extraexperimental associations & interference, motor recall &

articulatory decay, 1st & 2nd graders, 10521 home training program with monitoring & reinforcement, automat-

ing articulatory responses, children, 10500

lateral-view cinefluorographic analyses of selected lingual conso-nants, articulatory velocity & patterns, 11162

nature of transconsonantal vowel, terminal formant frequency transition values, college students, exploration of S. Ohman's findings on perceptual correlates, 11167

normal speaking conditions & sensory deprivation, labial movement & articulation, 11177

personality & age, stuttering severity during oral reading & spontaneous speech, 8-21 yr. old stutterers, 11465

phonetic pretraining with sound in initial vs. final position vs. no pretraining, pronunciation of foreign sound & positive positional transference, college students, 5987

phonology & acoustics & psychoacoustics, phonetic segments, 2432 subvocal activity, acoustic confusion in short-term memory, collegeage females, 5978

syllable numbers & voicing & articulation place & reliability & sex, syllables per sec. & duration of single exhalation speech production, 17 yr. olds, 6880

training task of timed correct sound production of words while reading at increased rates of speech, conversational speech in home & school & simulated home environments, 8-11 yr. olds,

Articulation Disorders (See also Dysarthria, Stammering, Stuttering) language cues of whole words & nonsense syllables, speech sound discrimination, articulatory defective & proficient children, 2719 oral & limb apraxia, nonretarded vs. organic vs. nonorganic retarded children with deviant articulation, 11425 token reinforcement procedure modifications in classroom, consonant speech-sound articulation, 6-8 yr. olds with severe articulation problems, 5439

Artificial Limbs (See Prostheses)

Artificial Pacemakers Artificial Respiration

Artistic Ability (See also Musical Ability)

academic & art ability self concept, art grades & products ratings, high school students, 7720

transposition & expressiveness, theatrical talent index, student actors, 11173

Artists

altered consciousness states & free association & sensory deprivation & regressive style, visual imagery imaginative elaboration & vividness & unreality, schizophrenics & artists & engineers, 7300

musical stimuli, artists' semantic differential ratings of Ss' pastel drawings, nonartists, 9133

psychoanalytic approach, aesthetics, 11185

psychoanalytic speculations, homosexuality or impotence of

Leonardo da Vinci, 4467

Arts (See also Architecture, Art, Autobiography, Biography, Crafts, Dance, Drama, Drawing, Literature, Motion Pictures (Entertainment), Music, Musical Instruments, Painting (Art), Photographic Art, Poetry, Prose, Sculpturing, Theatre)

Artwork (See Art) Asceticism

Ascorbic Acid

Ashkenazim (See Judaism)

Asia

absence of sex education, case reports of psychological results, adolescents, Afghanistan, 6537

causes & problems of drug & heroin abuse, American military in Vietnam 4616

educational level, belief in superstitions, Arab 8th vs. 11th graders vs. college students, Lebanon, 6783

family structure & dominance, achievement motivation, American vs. Iranian college students, 8917

father's educational level & family size, intelligence & academic performance, Iranian 17-19 yr. olds, 8840

manifest anxiety & time spent in U.S.A., attitudes towards disabled, American & Asian college students, 736

stereotyped attitudes during war toward Indians & Indonesians & Iranians & Pakistanis & Saudi Arabians & Turks, Pakistani university students, 4300

Aspartic Acid

Asphyxia (See Anoxia)

**Aspiration Level** 

aspiration level & verbal ability, writing task performance, medical students, 3677

level of aspiration test using marking task & timed intervals & goals vs. performance, 872

locus of control & extreme behavior, risk taking & persistence & shifts in aspiration level & success estimation, high school students, 4484

magnitude of offers made by opponent & alternative to bargaining relationship, magnitude of subjective utility parameters in tacit bargaining game, junior & high school students, 6861

need for achievement & locus of control, performance & level of aspirations & self-ratings following success or failure, college students, 6937

partner's failure or success & task involvement & aspiration level & sex differences, perception of own success or failure, 11058

physical & psychic & social personal conditions vs. level of aspirations, behavioral disturbances, 2742

satisfied vs. adjusted vs. ambitious aspirations & unconfident vs. realistic vs. confident judgments & high vs. normal vs. low performance, personality aspects, students, 4516

verbal motivation, level of aspiration, disadvantaged 9-12 yr. old Negro boys, 5549

Aspirations (See also Educational Aspirations, Occupational Aspirations)

Purpose For Your Life" instrument, self assessment & future planning, secondary & college students, 1274 Vision Finder," instrument for exploring & planning future life &

method of use, junior & senior high school students, 1348 ambition, learning & school achievement, 7th graders, 1341 anomie & aspirations & educational achievement, frequency of commission of delinquent acts, 11th graders, 7297

aspiration, social & objective goal expectations & income & living standards & work satisfaction & job change reasons, 18-30 yr. old female factory workers, 5601

aspirations, selection of psychology as field, Brazilian psychology students, 1375

careers & marriage attitudes & life plans, female junior high school & high school & college students, 7934

community & family & school climate & values, class values & social & personal expectations & modal relationships, white working class adolescents, 4230

life goals & plan determinants, black vs. white high school seniors, 7774

life purpose concept, vocational counseling, 1266

maternal aspirations & socialization practices & social class origins, scholastic achievement, white working class 5th & 6th graders, 5314

mother's educational attainment & maternal working, IQ & scholastic aptitude & academic achievement & parental & teacher expectations & parental aspiration of child, 3rd-12th graders, 3204

single-sex vs. coeducational schools, attitudes & beliefs & behaviors in scholarship & prestige & popularity & peer influences on behavior & personal goals, secondary school students, 7854

status aspirations & attitudes, adolescent development, 649 underachievement in reading, aspirations & parental expectations, children, 10052

ation (Political) (See Political Assassination)

Assertiveness

Assertive training using videotape-mediated models & directed practice, psychotherapy patients, 9735 assertive training vs. modeling vs. assertive training plus modeling, assertivetraining vs. wassertive training plus modeling, assertive training vs. wassertive training plus modeling, assertive training vs. wideotape feedback, teaching nonverbal components of assertive training, case report, 10498

childhood training & discipline, aggressiveness & assertiveness, female graduate students in elementary education vs. clinical psychology vs. physical science, 9834

dominance & assertive behavior, aggression, kindergartners, 10809 facilitation of assertive behavior, guide for laymen & professionals, book, 2314

group assertive training vs. discussion groups, fear of social confrontation reduction, female college students, 2988

selective operant conditioning, deconditioning assertive modes of behavior, 45 yr. old female, 2944

socioenvironmental treatment vs. systematic desensitization vs. relaxation training, inducing assertive behavior, chronic schizophrenics, 5251

verbal conditioning & assertive training, suppression of hallucinatory & delusional behavior, 20 yr. old male paranoid schizophrenic, 11703

sment (See Measurement/)

Assimilation (Cultural) (See Cultural Assimilation) Assistance (Social Behavior)

age & prior help, lying behavior in behalf of peer, male 8 & 12 yr. olds, 8814

anticipation of reciprocity, willingness to request & receive help, undergraduates, 763 bystander presence, response to demand-without-threat nonemer-

gency situation, college students, 4427 causal locus & social pressure & task involvement, help-seeking

behavior, 11107 failure feedback & embarrassment & assistant & task sex type &

expectancy of audience interaction & self-esteem & sex role ideology, help seeking, males, 4453 identifiable needs & motives for reports of concern for elderly

neighbors, elderly Ss, 2164 law & order stage & political activism, level of moral development &

moral behavior & need for structure, undergraduates, 4517 perception of need & resources & one's role in helping interaction,

helping behavior implementation, application to institutional referral process, 9007

personality & self-concern & acquaintance, empathy & emergency helping, 6829

Personality Research Form & Strong Vocational Interest Blank & a semantic differential of role related attitudes & Situational Response Test & Empathy Scale & Marlowe-Crowne Social Desirability Scale scores, adult women child aides in preventive mental health program vs. matched controls, 2550

S-target racial similarity, negative response reduction in mixed-motive games & helping behavior & aggression, 11060

sentiment & valence & desire for goal attainment, socially mediated Zeigarnik effects, 6817

social influence, diffusion of responsibility in emergency, college students, 6790

target- vs. victim-oriented appeals for help & legitimacy of appeal, compliance, 4425

Association Learning (Paired) (See Paired Associate Learning) Associationism

configural properties & Gestalt vs. associationism theory predictions, sentence memory, college students, 5921

underlying logic of associational & behavioristic & Freudian psychology & group therapy & its societal setting, 4941 ssociations (Contextual) (See Contextual Associations)

Associations (Groups) (See Organizations) Associations (Word) (See Word Associations)

Associative Processes (See also Cognitive Contiguity, Connotations, Contextual Associations)

aphasia, associating characteristic color to form, brain damaged patients, 4658

associative facilitation & interference, Stroop Color-Word Test, college students, 88

associative verbal encoding as aspect of language performance, reading achievement, 9 yr. olds, 3260

associative vs. organizational processes, memory, 6076

associative vs. rhyming cues vs. both, word clustering & free recall, undergraduates, 3671

Associatron, description of machine model of associative memory & application for concept formation & game playing, 1486

background color, percentage of correct or incorrect responses in verbal discrimination learning performance, college students, 6032

control & nurturance in maternal childrearing, non dominant word meaning identification & scanning & word associations, male undergraduates, 2468

degree of material organization during memorization, recall, 1st vs. 3rd vs. 5th vs. 7th graders, 3758

difficulty level & semantic vs. nonsemantic orienting task, recall & organization of highly associated words, college students, 10438

forward vs. backward associations in paired associate learning, college students, 8393

hypnotic susceptibility, Freud's free association technique, 11787 limbic lesions, stimulus-reinforcement associations in vision, monkeys, 1886

list novelty & list organization & trial blocks, generalization of associative clustering tendencies, 15-19 yr. old retardates, 4622

nonpictorial stimulus, recovery effect in free recall following free association fantasy, male college students, 1691 novel figures presentation, associative response norms & type-token ratios & uncertainties, undergraduates, 5953

organization & association, memory, 5936

orthographic & acoustic & associative memory attributes & age,

recognition, 1st & 3rd graders & college students, 6496
pairs of small & medium & large circles associated with related vs.
unrelated words, visibility fluctuations in luminous target, high school & college students, 92

picture vs. word manipulations & relevant value relatedness, rulelearning problems, college students, 5928

qualitative & quantitative reductions in restricted verbal associations, aphasics, 929

reading status & stimulus order & associative task type, acquisition of visual-auditory associations, 7 yr. olds, 10287

sampling vs. comparison processing, communication development, 2nd vs. 4th vs. 6th graders, 572

schooling amount, paired-associate & verbal-discrimination learning & retention & associative & acoustic memory encoding & word associations, average 10.4 yr. old Colombian children, 2120

short- vs. long-latency associative RT units & high vs. low meaningfulness & single vs. multiple associations vs. silent vs. aloud rehearsal, free recall, college students, 8423

statistical association measures, discussion of G. Glass & R. Hakstian's argument against indiscriminate use & suggestions for appropriate applications, 1532

stimulus-object realism & recall vs. recognition testing methods, object-word paired-associate learning, 1st grade beginning readers, 10074

Thorndike-Lorge vs. Kucera-Francis count, frequency shifts of Kent-Rosanoff words, 1502

threat control vs. no control, cue utilization, 1708

verbal labels, recognition memory for form, college students, 5952 3-layer neuronal net, model of associative memory, 5963

Asthenia (See also Myasthenia)

Guided Self-Rating Anxiety-Depression Scale for use in clinical psychopharmacology, intensity & recurrence ratings for anxiety & depression & somatopsychic asthenia & somatization & hypochondriasis & sleep disturbance, 7460 **Asthenic Personality** 

Asthma

biofeedback assisted relaxation training, supplemental treatment method, 6-15 yr. old bronchial asthmatic patients, 4981 occupational vs. love vs. sex vs. death conflict situations, asthmatic

& pulmonary tuberculosis symptom initiation, male vs. female patients, 1066

perception of parent-child relations, respiratory & allergic & neurotic illness, undergraduates reporting hay fever & sore throat & asthma & neurotic symptoms, 2473

Rorschach penetration & interference phenomena scores, 9-15 yr. old children with duodenal ulcers & bronchial asthma & healthy

siblings, 1011

sexual problems, asthma & eczema, 11348

Astrology Astronauts

Asylums (See Psychiatric Hospitals)

Ataractic Drugs (See Tranquilizing Drugs) Ataraxic Drugs (See Tranquilizing Drugs)

Ataxia

chronic methamphetamine intoxication, analysis & indexing of ataxia & dystonic posture & transient & patterned movements, cats, 378

Machado disease, blood analyses & pneumoencephalograms & nerve & muscle biopsies & nerve conduction & diabetes, Portuguese emigrants to U.S.A., 2699

Atheism

Atherosclerosis

anxiety & depression, physiological measures indicating risk of coronary atherosclerosis, male postal employees, 4852

Athetosis

L-dopa & dopamine & 3-methoxy-tyramine & dexamphetamine injections into rostromedial part of caput caudati & pretreatment with a-methyl-para-tyrosine, athetoid & choreiform hyperkinesias, cats, 367

reinforcement contingencies, pursuit rotor tracking task perform-ance, 18 yr. old cerebral-palsied tension athetoid quadriplegic, 5192

tasks employing Jensen's 2-level theory of mental abilities, spastic & athetoid cerebral palsied children, 9467

Athletic Participatio

athletic personality type, aggression & achievement orientation, college football players, 2481

initial training level & changes in training, transfer from specific to nonspecific environment, factor analysis & probability forecasting of athletic abilities, 1757

intelligence, soccer players vs. other vocationally defined groups, 3375

lever pressing RT & ball kicking action time, champion level soccer players, 3605

motivational techniques, muscular strength development, literature review, 5358

personality characteristics, temporal-spatial uncertainty & probability of physical harm & nature of competition, athletes, 3100

personality traits & kinesthetic augmentation & reduction, college female athletes vs. nonathletes, 3124

personality traits & motor skill dimensions of players, profile & magnitude & consistency of each position's player stereotyping, football coaches, 8025

personality traits, athletic activities participation, high school students, 4490

personality variables, football performance, high school & college football players, 7958

self concept & academic achievement, athletic achievement, college students, 9890

sports competition, personality development, junior high & senior high & college students & adult female athletes, 7907

sports-related vs. nonsports-related words, emotional reaction in word association test, international target-shooting competitors, tangible & token rewards, pole-vaulting performance, 15 yr. old track team members, 7739

Word Association Test & GSR before competition, emotional reactivity rate, top athletes, 1735

Atlas (Stereotaxic) (See Stereotaxic Atlas)

**Atmospheric Conditions** 

detection thresholds for sudden atmospheric pressure changes, 5913 exercise at normal & increased atmospheric pressures, speech intelligibility, application to diver communication, 5655

hyperbaric nitrogen saturation, sleep & heart rate & EEG, aquanauts, 10572

methamphetamine & exercise & atmospheric pressure, plasma hexosamine, male rats, 3868

moist air, physiological & affective responses, sedentary humans, psychrometric tables, 12192

motor vehicle sound emission characteristics & atmospheric sound absorption, steady-state sound pressure levels in homogeneous infinite cities, 1453

weather & internal-external control, mood, college students, 11221 Atomism (See Reductionism)

Atria (Heart) (See Heart Auricles)

Atrophy (Muscular) (See Muscular Atrophy)

Atropine

+ amphetamine & methamphetamine & tyramine & ephedrine vs. phenoxybenzamine & phentolamine & tolazoline vs. atropine & arecoline, epileptiform afterdischarges in chronically isolated slabs of cerebral cortex, cats, 409 atropine & propranolol & epinephrine, marihuana induced

cardiovascular effects, doctors, 8589

atropine administration to ventromedial hypothalamus, punished & unpunished operant responding, squirrel monkeys, 6291

atropine injection in caudate nuclei, maintenance of instrumental motor conditioned responses, cats, 3946

atropine sulfate pretreatment, arecoline- vs. saline-cued leverpressing discrimination, female albino rats, 456

atropine vs. amphetamine, induced adipsia, 10628 benactyzine & atropine & anticholinesterase galanthamine, hippocampo-amygdaloid evoked potential changes, cats, 10633

habituation to food, conditioned aversion to food paired with

atropine methylnitrate injections, rats, 3974

parachlorophenylalanine & scorolamine & naloxene & a-methyl tyrosine & methscopolamine & atropoine & morphine, body temperature & activity level, morphine tolerant & nontolerant rats, 3938

reserpine & phentolamine & phenoxybenzamine & haloperidol & chlorpromazine & imipramine & atropine & mepyramine & nalorphine, morphine-induced activation, mice, 6236

tetanic antidromic stimulation of ganglion cells & atropine & nicotine, sympathetic postganglionic neuron discharge activity,

bullfrog, 3918 Attack Behavior

anosmia produced by olfactory bulbectomy vs. deafferentation,

mouse killing, rats, 1949 conspecific fish & prey-objects, aggressive behavior, 4 species of piranhas, 4046

free-operant avoidance conditioning, lever attacking behavior, rats, 10766 object novelty, learned avoidance of unpalatable prey, chicks, 6432

sensory alterations, shock-induced fighting & mouse killing, blinded vs. devibrissaed vs. bulbectomized rats, 1846

ventral midbrain tegmentum electrical stimulation, biting attack, cats, 1838

Attainment (Achievement) (See Achievement)

Attempted Suicide

act of rationality & personal integrity, pseudosuicide, case studies of serious but nonlethal suicide gestures, 4703

analysis of suicidal & aggressive & psychotic & psychotic-drug reasons for hospitalization, crisis evaluation questionnaire, adolescents, 7337

background & mental status, suicidal attempts in jail, 11332 communication of suicidal intent, psychiatric patients, 5-11 yr.

follow-up, 7178 death wish vs. self-injury act vs. terminal outcome, operational definition of self-destructive motivation, 951

defense styles, dependent-dissatisfied vs. satisfied-symbiotic vs. unaccepting type suicide attempters, 1053

depression & personality defects, suicidal behavior variations, female psychiatric inpatients, 9399

long-term prognosis after attempted suicide, book, 9433

mental health services at suicide clinic, suicide attempters, 7658 MMPI items vs. profiles, identification of suicidal groups, nonsuicidal neuropsychiatric controls & threatened & attempted suicides, 2606

parental child rearing attitudes, parents of adolescents who attempted suicide, 2770

personal-social police report form for threatened & attempted suicide cases, police role in suicide prevention, 1198

personality characteristics, college students with history of suicide vs. other student groups, 7168

psychiatric diagnosis, Ss attempting suicide, 9498

psychoanalytic treatment & developmental factors, attempted suicide & self-mutilation, adolescents, 7458

psychodynamics, dual suicide, male homosexuals, case study, 7311 psychological characteristics, frustrated suicides, 11431

psychological variable identification, suicide-attempter vs. nonsuicide-attempter depressive females, 4811

sex & age & time of day of attempt & family conditions & motivation, attempted sucide, 13-20 yr. olds, 11455

sex & age differences, self-poisoning, Hobart, Australia vs. Edinburgh, Scotland, 4720

sex & moon phase, suicide attempts, 4877

socioeconomic & biographical & medical data & vocabulary test & visual retention test & personality & projective test data, 25-40 yr. old suicide attempt females vs. physically ill Ss vs. normals, 2630 statistical analysis, suicidal tendencies & suicide attempts, French 12-

20 yr. olds, 9473

suicidal ideation & behavior, degree of hopelessness, college students vs. suicidal gesture/threat vs. serious suicide attempt hospitalized patients, 983

suicide & attempted suicide, symposia papers, book, 9490

suicide prevention center evaluation, depressive & suicidal inpatients, 1197

urban predominance & age & sex & depression, attempted suicides, Mid-Sussex, England, 9376

violations & accident rates, persons hospitalized for suicidal gestures, 2599

Attendance (School) (See School Attendance)

Attendants (Institutions)

attitudes toward mental retardation, cues for intervention, institutional charge attendant personnel, 11709

attitudes toward working residents, attendants in state residential institution for retarded, 2523

child care residential institutions, therapist vs. child care worker roles, 9608

construction of forced-choice measurement technique, measuring performance behavior effectiveness, attendants in hospitals for retarded, 907

domain rivalry & resolution through training program, nurses & child care workers in children's psychiatric hospital, 5045

employment in institutions for retarded & hierarchical position, selfactualization, residential personnel, 4587

in-service interpersonal dynamics training program, role & attitude change, attendants in state hospital for criminally insane, 2553 reference group & cognitive dissonance theory, resistance to

resident training in mental retardation facilities, second charge attendants & charge attendants & supervisors, 902

residential child care treatment, role of child care worker as agent of change, 9244

rigidity vs. flexibility, custodial vs. rehabilitation role, hospitals for aged, 5030

role playing vs. lecture method, teaching behavior modification, female institutional attendants, 11291

size-of-setting & staff-to-resident ratio & level of patient functioning, attitudes toward & expectations for mentally retarded, female aides, 4928

trading stamps token reinforcement & on ward training program, time & quality of interaction, attendants of severely retarded children, 9231

age & availability of instances & relationship with memory & attentional factors, inferential capacity on 2-trial identification problems, 4-9 yr. olds, 10416 analytical vs. global field approach & attention-concentration &

verbal-comprehension, aged Ss, 5970

anxiety, cue intake range & attention in signal detection task, 3536 apparatus to measure disjunctive RT, determination of active attentiveness to light stimuli, children, 4101

attention & awareness in continuous verbal test, heart rate, therapists & college students, 8565

attention & false heart rate feedback, behavior & physiological responses, college students, replication & extension of S. Valin's study, 10587

attention & observing responses & choice behavior, simultaneous discriminations, chicks, 6142

attention & peripheral retina movements, reading process, 5893 attention & short-term memory, prediction in alternating or repeating sequences, nursery school & kindergarten children, test of R. Bogartz's theory, 10444

attention & social contact withdrawal, hysterical vomiting, 17 yr. old female, 11527

attention during meditation, technique for study, 10517

attention measures in visual & auditory modalities, right vs. left hemiplegics recovering from cerebral vascular accidents, 4663

attention to point of light, receptive fields of cells in superior colliculi, rhesus monkeys, 6137

attention-getting & holding processes, visual preferences, 4 mo. olds,

attention, heart rate, evaluation of J. Lacey & B. Lacey's hypothesis, 10545

attention, EEG correlates, college students, 8504 attentional strategies in dichotic listening, recall of word-digit pairs & serial position effects, college students, 3701 attitude toward reality & secondary process activity & school's role,

mastery of reality & capacity for reality testing, children, 2097 auditory distraction, time estimation by verbal estimation method,

graduate students, 3613 auditory distraction, Stroop Color-Word Test & random generation

task, male undergraduates, 5905 auditory neglect, 9369

auditory stimulus & environment, heart rate, newborn, 10576

aversive parental stimulation, attention deployment patterns, good & poor premorbid schizophrenics, 11372

behavior modification techniques vs. traditional educational methods, evoking attending behavior & transference to readiness skill, preschool retardates, 3321

color-digit interference task & Stroop Color-Word Test & cognitive control dimensions, retardates vs. normals, 2773

comparison level scale for college testing situation & classroom comparison level choice & achievement motivation & verbal learning & classroom performance & attention, 7983

concentration & excitability, reaction time & visual discrimination of lit bulbs, 8269

concentration & voluntary motor activity, EMG changes, patients with tardive dyskinesias, 7188

conditions at time of direction-giving, listening-responding behavior to teacher-given directions, 1st graders designated as ineffective listeners & responders, 10025

cumulative expectancy, alertness & skin resistance, college students, 8520

discrimination learning vs. perceptual screening training to attend to relevant cues, use of concept of intent in judgments of social & achievement behaviors of story characters, 5-8 yr. olds, 6637

distractibility, performance on self-paced serial RT task requiring attention, 8340

distraction tone, visual RT performance, normal & brain-damaged & chronic alcoholic males, 9311

distraction, Continuous Performance Test of attention, braindamaged & non-brain-damaged 12-17 yr. old institutionalized & noninstitutionalized retardates, 948

disturbances in figure-ground perception & visual-motor coordina-tion & attention & RT, bacterial meningitis during childhood, 4824

divided attention, attending to & repeating back continuous speech while sight reading or memorizing visual verbal & nonverbal

effective treatment modes with reference to attention span & verbal communication & ideation, schizophrenics, 9794

expectant attention & intention to respond & feedback, contingent negative variation, 18-32 yr. olds, 8575

experience & perceptual narrowing, performance in dangerous environments, 8261

free time & required verbalization & attention during stimulus

presentation, imitative learning, 3rd graders, 10854 functional vs. nominal perceptual cues, attentive behavior in solving visual motor perceptual tasks, educable retardates, 3291

habituation speed of GSR component of orienting response, auditory vigilance performance, college students, 1646

Hoe 264 & heptobarbital, sleep & polygraphic measures of vigilance & attention & EEG & arm muscle contraction & RT & pneumogram & EKG & galvanic skin resistance & blood pressure, young adults, 3881

hypnotic susceptibility & vertex late component, visual & auditory evoked responses under selective visual & auditory attention

conditions, 288

information overload & response constraints & auditory noise while executing 2 different tasks, performance & physiological correlates, operators, 8108

inhibitory effects of high ratio reinforcement program, attending behaviors & academic performance, highly active mildly retarded students, 10059

instructional pace, classroom attentiveness, college students, 9914 intelligence & personality type, attentiveness to color on color-word

interference test, 12-14 yr. old boys, 11258 intra- vs. extradimensional stimulus-change cards in card sorting task, orienting reflex & attention to concept utilization, college & graduate students, 3718

irrelevant colors, reading of color names, 17-21 yr. olds, replication of W. Gumenik & R. Glass's reversed form of Stroop Color-Word Test interference, 3565

knowledge of relevant information & complexity & codability of stimulus information, visual selective attention, 2nd vs. 6th graders, 4198

L-dopa, memory & visual-motor performance & attention & mood, parkinsonism patients, 5243

like vs. dislike for school, ability & achievement & attention & locus of control & absenteeism & tardiness, black inner-city 2nd & 3rd vs. 7th garders, 10024

listening ability, learning, book, 1688

listening to compressed speech, attention & concentration & abstraction of important information & spoken information processing, disadvantaged 3rd & 6th graders, 3324

methylphenidate & other stimulant drugs, ability to sustain attention & impulsivity control, hyperactive children, 7431

methylphenidate, Choice Reaction Time Task & Serial Reaction Task & Visual & Auditory Continuous Performance Test measures of attention, hyperactive 5.10-13.4 yr. olds, 1238

microanalysis, active optical & acoustic attention deviation & duration, 70 yr. old & 25-45 yr. old males, 3553

monotic vs. dichotically alternating clicks & number of clicks & repetition rates, interaural attention shifting, college students,

mother's vs. stranger's voice, vocalization & looking & heart rate & physical activity, middle-vs. working-class infants, 11030

movement response treatment vs. traditional concept teaching method, concept learning & attentiveness & verbal memory for new material, lower-class black 4 yr. olds & heterogeneous kindergartners to 4th graders, 3182

multiple-cue learning with redundant relevant cues, extended version of D. Zeaman & B. J. House's 1-look model of selective attention, 242

nicotine & saline, attention task performance, rats, 8659

orienting response, attention span & relevant cue discriminability in relevant redundant cue problem of concept identification, male college students, 1743

parental self-recording, contingent attention to & increase of appropriate child behavior, mothers of deviant 5 yr. olds, 1148 peripheral cue relevance of location-specific stimuli under aroused

states, perceptual field narrowing, college students, 10354 polyvalent drug abuse, cognitive functioning & attention, drug abstinent addicts without abstinence symptoms, 11498

presentation of unattended-channel processing on attended, memory for unattended input, college students, 8373

problem of sustained attention, vigilance, book, 5900

psychotic mothers & degree of psychosis, selective & sustained attention, 5-6 yr. olds, 4688

pyrithioxin, intellectual & attentive & psychomotor functions, vascular & atrophic celebropathy & involuntional psychosis patients, 7482

quasi-simultaneously presented irrelevant message, dichotic listen-

reaction to persuasion, left- vs. right-eye movement predominance upon inward direction of attention, college students, 6760

- reduced auditory stimulation, attention & pegboard & sorting & cancellation & echo drum task performance, autistic & psychotic children, 7137
- redundant vs. novel visual targets, fixation time, 17-96 hr. old infants, 4120
- reinforcement contingencies, attention span & generalization of task-related stimulus control, 11 & 13 yr. old retardates, 2723
- reticular formation, selection mechanisms & attention, review of D. Broadbent's theory, 8365
- RTs in choice reaction task, localization of divided-attention effects, 3652
- scores on standard Bender Visual Motor Gestalt Test vs. Bender memory vs. 2 Benders modified with extraneous backgrounds, 6-11 yr. old readers vs. nonreaders, 4211
- selective attention & set & interference, schizophrenic graphic representations, nonparanoid schizophrenics vs. paranoid schizophrenics & sleep-deprived college students, 11456
- selective attention for color & form of complex stimulus display, occipital & temporal cortex electrical activity, monkeys, 3827
- selective attention to rapid & random auditory stimuli, auditory evoked potential, 22-60 yr. olds, 3839
- selective attention vs. stimulus generalization interpretation, reversal learning on brightness discrimination & easy-to-hard effect, rats,
- selective cue & cue location attention, visual discrimination, rats,
- shadowing vs. monitoring techniques of attention control vs. 1-trial serial recall technique & serial position effect, response organization & detection probability, college students, 3753
- sinusoidal gratings of various spatial frequencies as masking stimuli, detection & vernier acuity tasks, evidence for attentional mechanism, 1570
- size estimation & reaction time & vigilance tasks & Goldstein-Scheerer Object Sorting Test & proverb-interpretation task, attention dysfunction, schizophrenics & nonschizophrenic psychiatric patients, 9384
- skill vs. chance instructions, task persistence time & attention breaks, internal vs. external male vs. female 4th & 5th graders, 10102
- solid objects vs. photographs vs. drawings of objects as visual stimuli & grade level & sex, visual observation & comparison tasks focusing on color & size & form & form-detail, elementary school students, application to teaching materials & methods selection,
- spatial proximity of noise elements to targets & noise element presentation following target letter onset, voicing of target letter in visual display, 1584
- speech cues vs. silence & mother vs. inanimate object, peekaboo
- game response & smiling, 4 mo. old boy, 6507 stimuli color variability, habituation of attention on cue-related task, 4 & 5 yr. old children, 4234
- stimulus content, attentive looking behavior, paranoid vs. nonparanoid schizophrenics, 4784
- stimulus modality, optical & acoustic attention duration, university
- graduates, 82 stimulus similarity & preference & saliency, concept attainment,
- 10405 taxonomy of selection mechanisms, analysis of stimulus selection at
- various levels of competing stimuli, college students, 6066 teacher attention, digit reversal behavior, 8 yr. old child, 1302
- teacher ignoring & praise, teacher-directed vs. child-directed talk & child-directed social behavior & use of girls' toys & appropriate vs. disruptive class behavior, 7 yr. old retarded boy, 1356
- test anxiety & relevant & irrelevant interruptions, emotional arousal & reading test performance, undergraduates, 7903 threat magnitude & repression-sensitization & avoidability of threat,
- attention & responsivity to remote danger, college students, 3735 timing with portable, wireless clock-switch, increased classroom attending behavior, 1st grade students, 1386
- viewer distraction & commitment, television advertising persuasiveness & attitude change, 8044
- visual distraction, visual attention during vigilance task, aphasic vs. nonaphasic 6-7 yr. olds, 10377
- visual stimulus discrepancy, fixation time & attention, 45 month old Caucasian infants, 647
- Attenuation (Stimulus) (See Stimulus Attenuation)
- **Attitude Change**
- acceptance & impact as cognitive mediators, attitude formation & attitude change, college students, 6700

- act attitude vs. normative belief persuasive messages, cooperative vs. competitive behavioral intentions & Prisoner's Dilemma game behavior, undergraduates, 740
- Adlerian approach, social interest attitude changes measurement, entering college students, 5413
- anti-Vietnam war film & expectations, attitudes & boomerang effect, 20-25 yr. old college students, 6740
- arousal, cognitive dissonance reduction, 10488 attitude change & behavior toward retarded children in special
- classes, Norwegian & American nonretardates, 3179 attitude change, social-psychological analysis of becoming hypno-tized, psychologists, 9254
- attitude conflict & belief importance, GSR & traditional-modern attitude change, Hong Kong Chinese college students, 8907
- attitude of education institute group leader, attitude toward education, teachers, 5539
- attitude toward school desegregation & internal-external control & differential social reinforcement, attitude change, black college students, 6765
- attitude-discrepant behavior consequences, self-perception theory & attitude change, undergraduates, use of J. Bem's interpersonal replication method to study J. Cooper & S. Worchel's findings,
- attitude-related behavior, attitude belief, community residents, 8898 attitudes & attitude change research, social problems applications, book of readings, 6704
- attitudes toward sex roles, 1966 vs. 1970, Finland, 8928
- basic encounter group, perception of self & spouse & leader & attitude change, married couples, 2817
- behavior modification vs. counseling training sessions, attitude toward student problem behavior, high school teachers, 5484 caste-system changes & abolition of untouchability, intercaste
- attitudes, rural & urban populations, India, book, 2212 choice & aversive consequences & truth-telling potential & financial inducement, judgment of actions in forced compliance situation & attitude change, college students, 2224
- classical conditioning, positive vs. negative attitude change, 8361 collection of paragraphs on values of U.S. presidents, application of
- integration theory to attitude change, 2213 college experiences, attitude changes, economically deprived college
- students, 1309
- commitment & decisioning & pretest information level, attitude change, college students, 10009

  commitment to future interaction, responsiveness to extreme
- consonant communication, 4329 communication & media & audience effects, attitude change toward
- automobile safety responsibility, 2309 communication discrepancy, attitude change, bibliography, 6737
- conceptual & methodological problems in definitions, interrelation-ships between beliefs & attitudes & intentions & behaviors, 1968 1970 review, 680
- confluence of choice & consequence in role playing, dissonance & attitude change, college students, 770 counterargument availability & message structure, persuasion,
- college students, 766
- counterattitudinal advocacy & reinforcement, attitude change & dissonance, college students, 693
- degree of monolithism in mode of perception of others & minority
- influences, submission to new norms, college students, 11012 differences across years & universities, evaluations of moral
- behavior, college students, 8926 directed terminal & instrumental value change, improvement in
- psychotherapy, psychiatric patients, 11772 discrepancy & issue involvement, opinion change, L. Festinger's cognitive dissonance theory vs. C. I. Hovland & O. J. Harvey &
- M. Sherif's assimilation-contrast theory, 654 discrepancy between own & other-source opinion & other-source
- credibility, attitude change, undergraduates, 8961 double blind study of haloperidol in acute schizophrenics, anxiety & attitude changes, staff members within structured milieu, 9767
- ego involvement, attitude change in speech communication, 11202 ego-involvement & communication discrepancy & communicator prestige, attitude change, Canadian college students, 685
- embarking on vs. returning from 1 yr. stay in Germany, attitudes toward Germans & stereotype changes, French workers, 6705 expectation of continued role playing, attitude change, female
- undergraduates, 734
- experimentally induced changes, moral judgment, average & above average intelligence male adolescents, 10814

exposure to President Nixon's Vietnam speech, pre- & postspeech war attitudes, undergraduates, 6703

family attitudes, nursing home placement, 10991

feedback of information about values & attitudes of self & others, long-term cognitive & behavioral change, college students, 6747

graduate students as therapists in group & individual therapy, clients' attendance at voluntary meetings & correctional officers' attitude change, state prison inmates, 2960

guided moral discussion, moral judgment level, 16-20 yr. old institutionalized offenders, 5056

high vs. low situational demand & justification, role playing & attitude change toward police after campus riot, 2247

improvisation & role-taking skill, role playing induced attitude change, college students, use of A. Elms's & E. Lee-Teng's & T. Sarbin & D. Jones's & V. Cline's measure of predictive accuracy, 9060

in-service interpersonal dynamics training program, role & attitude change, attendants in state hospital for criminally insane, 2553

intention & aversive consequences, arousal of cognitive dissonance,

interaction of ego defense mode & ego involvement, opinion

change, junior college students, 724 intercultural contact & international stance, attitude change toward national hosts, American servicemen in Far East countries & civilians in Hawaii, 670

involvement & competence & discrepancy, opinion change, 671

latitude of acceptance & rejection width, individual differences in attitude change, 2326

latitude of rejection as indicator of involvement, comment of O. Markley's procedures for attitude research, 8982

low- vs. high-involvement in belief, resistance to persuasion, 7th & 8th graders, 11074

making abstract nature of nuclear war concrete by viewing movie of Hiroshima, sensitization & anxiety & provocation threshold &

tolerable casualty threshold, 6687 managerial human relations training program, attitude changes & organizational effectiveness, 18 mo. longitudinal study, 8074

messages based on operationalizations of knowledge & social adjustment & values, attitude change toward socialized medicine, self-rated liberal vs. conservative undergraduates, 8985

meta-attitude manipulation, attitude change in psychotherapy, psychiatric inpatients, 11622

modifying black-white concept attitudes, racial attitudes on Preschool Racial Attitude Measure II & Pick-A-Class Test, black & white 1st graders, 7971

moral development level, social attitudes & attitude change, adults & college students, 10943

multiple exposure to persuasive communication & source credibility & initial opinion, attitude change & learning, 2378

number of plays of social simulation game called Ghetto, change in attitudes toward ghetto people, high school students, 11081

personal responsibility-for-consequences, attitude change, college students, integration & extension of forced compliance literature,

personality & institutional affiliation & attitude changes toward culture of deprived child, teachers, 10029

physiological feedback with bogus pipeline paradigm, racial attitude & stereotype change, college students, 11008

positive or negative reinforcement & need for social approval, attitude change, 735

pregnancy, body attitude & personality change, women, 1832

pregnant vs. nonpregnant condition & color of communicator & recipient, attitude & behavior on rooming-in & breast feeding, black & white pregnant women, 713

prior attitudes, postmanipulation attitudes in forced-compliance, college students with extreme vs. neutral attitudes, 11035

prior information & favorable vs. nonfavorable emotional appeal, attitude change toward little-known country, undergraduates, replication & extension of P. Lewan & E. Scotland's study, 8992 prior information & initial attitude, susceptibility to emotional

appeals, college students, 4359 racial confrontation group, self-reported interpersonal attitudes &

intrapersonal behavior, white & black members of post-masters education program, 3153

reaction to persuasion, left- vs. right-eye movement predominance upon inward direction of attention, college students, 6760 reality testing, attitudes & self-evaluation, 9th graders, 9935

redundant vs. nonredundant & attitude congruent vs. incongruent stimuli, attitude change on social judgment scales, college students, 6742

regulating & stabilizing of social standards & stereotypes, consciousness & attitudes & behavior, 8938

relevant vs. irrelevant expertise influence source, student activism opinion change, internal vs. external college students, 6750

religiously-oriented drug rehabilitation program, attitudinal & personality changes, heroin addicts, 7613

repetition frequency of discrepant communication, attitude change,

repressor vs. sensitizer vs. neutral ego-defensive style & selective exposure, attitude change, college students, 2297

required tutoring, attitude toward black children, white education students, 5498

role identification & democracy simulation game structure, political

attitudes, 14-17 yr. olds, 1322 role reversal to facilitate attitude change & negotiation & interpersonal attraction & conflict resolution, literature review, 2341

sculpture workshop for teacher candidates & disadvantaged children, teacher attitude change & design judgment & children's self concept, 11939

self & interpersonal attributions about source of communication. attitude change, 10972

self-esteem & issue familiarity, attitude change occurring prior to exposure to persuasive communication, college students, 9029

simulation games, modification of prejudicial attitudes toward blacks, white teacher trainees, 5303

social change & social problems & social movements, antipathy to marriage, males & females, 8979

social values as part of evolutionary process, application to scientific values & development of scientific knowledge, 6718

socialization & social power & social influence of educator, learning information about drugs & change in value orientation toward drugs, adolescents vs. adults, 7769

socioeconomic status, changes during college in family & peer independence & liberalism & social consciousness & cultural sophistication & satisfaction with administration & faculty & major & students & study habits & extracurricular activities, students at Catholic college for women, 11982

source message association & credibility, opinion change, undergraduates, 9144

suggestibility & attitude change, faith-healing, nature & relationship & similarity of psychotherapy, 11562

supervisory training program, program evaluation & attitudinal changes, police sergeants, 12160
T-group sessions, attitude change & dogmatism & trust, college

students, 5475

teacher attitudes toward learning, changes in pupil attitudes, 4th & 5th & 6th graders, 5429

verbal & behavioral methods of nutrition instruction, changes in attitudes & knowledge & action, mothers of malnourished children, 8993

verbal communication with student canvassers vs. written communication, attitude change & petition signing, 8955

verbalization vs. nonverbalization in 2-sided self argumentation, opinion change, college students rated for rigidity & extroversion & neurotic tendencies, 215

viewer distraction & commitment, television advertising persuasiveness & attitude change, 8044

viewing filmed classroom sequences, dogmatism attitude change, teachers in middle class vs. lower class vs. Catholic parochial suburban areas, 12033

vocal pitch & speaking rate, perceived speaker credibility & attitude change, 9071

workshop in Christian maturity-growth & caring using laboratory training, self-esteem & attitudes toward religion & religious institution, participants in Presbyterian adult education program,

4-wk rotation in psychiatry, attitude change toward mental illness, medical students, 11305

Attitude Formation

acceptance & impact as cognitive mediators, attitude formation & attitude change, college students, 6700

deafness, formation of social attitudes toward general institutional categories, deaf college students, 2694

discussion groups homogeneous vs. heterogeneous with respect to status, formulation of opinions, psychologists & social workers,

food deprivation-satiation, conditioning positive attitudes to new stimuli with food word stimuli, college students, 3748 information sources & source usage, acquisition of views toward

peace & war, high school students, 9126

mass media, information dissemination & attitudes & opinions, USSR, 9143

retention interval & word association long-term retention of conditioned attitudes, 10470

Attitude Inventories (See Attitude Measures)

Attitude Measurement

"situational threshold" concept, attitude measurement, 6696

across- vs. within-concepts factor analyses, overcoming problem of concept-scale interaction in semantic differential research, 2218 advance notice, mail survey response, homogeneous groups, 2281

affective values having a quasi-simplex structure, individual differences in pair comparisons, 26

attitude scale responses, prediction of social interaction with Africans, South African college students, 6728

attitude-behavior discrepancies, test of Fishbein's model to reduce sources of discrepancy, 4340

attitudes toward action, action prediction, college students, 8997 bias & societal pressure, religious belief & "belief in God" measurement, undergraduates, 2231

Bock's model & racial attitudes, trait attribution & relational judgments, 4320

conceptual & methodological problems in definitions, interrelationships between beliefs & attitudes & intentions & behaviors, 1968 1970 review, 680

conflicting values resolution, inconsistency among questionnaire item responses, 8978

direct magnitude estimation vs. indirect paired comparisons scaling methods, value consensus about seriousness of life events, adolescents & adults, 6585

doll technique, racial ethnocentric measurement, black & white kindergartners to 2nd graders, 700

employee attitudes measurement, 12139

existential question response, 5-48 yr. olds, longitudinal study, 8860 factor analysis of religious measures, dimensionality of religion, college students, 6777

free response vs. multiple choice measures, attitude surveys on gasoline pollution, 8937

increased response rate to mail questionnaires, large samples of general public, 2233

latitude of rejection as indicator of involvement, comment of O. Markley's procedures for attitude research, 8982

Likert-type & semantic differential scales, measuring attitudes toward police, middle & upper class college graduates, 8959

measurement model, mass media effects on attitudes & behavior, 4287

measuring attitude towards treatment & punishment of offenders, probation & parole officers, 2721 measuring instrument development, attitudes toward obesity,

college students, 10947 own-categories scale vs. binocular-rivalry work attitude measures,

unemployed 17-70 yr. olds, 8072 problem of concept-scale interaction in semantic differential

research, criticism of J. Bynner & D. Romney's solution, 2264

referents as stimuli, social attitudes measurement & factor validity,

short nondirectional item format based on catch-phrases" representing familiar controversial issues, measuring social attitudes, 10283

spatial forms & localization, differentiation of positive & negative attitudes, 2282

standardized polling questions, stability of self-reported protest activity & political attitude measurement, college students, 8895

subjective evaluations of health & economy & crime & education & social mobility & physical environment & participation vs.

selected demographic & attitudinal variables, life quality, 2293

Tucker's 3 mode vs. Carroll & Chang's INDSCAL model, multidimensional scaling of attitude statements & political candidates, 729

white vs. black Es, Situational Attitude Scale scores, white college students, 2294

Attitude Measures (See also Allport Vernon Lindzey Study Values, Minnesota Teacher Attitude Inventory, Opinion Attitude And Interest Survey, Parent Attitude Research Instrument, Rehab Counselor Judgement Scale, Situational Attitude Scale, Wilson Patterson Conservatism Scale, Work Attitude Scale)

Adlerian approach, social interest attitude changes measurement, entering college students, 5413

attitude scale, attitudes toward reading, students, 3302

attitudes toward education, factorial congruence of Kerlinger's ES-VII & Oliver & Butcher's Survey of Opinions about Education, 5550

attitudes toward rights & roles of women in contemporary society, Attitudes toward Women Scale, male & female college students & their parents, 6764

comments on R. Boshier's rotation of factor matrices of Conservatism Scale, New Zealand, 8236

construction & validation, Marburg scales of parent-child relations,

development & validation, goal oriented course evaluation system, college students, 7966

development & validation, projective measure of interpersonal values, 4306

E's race & anonymity & need for approval, responses to attitude scale measuring prejudice towards blacks, white college students, 726

education level, achievement test & attitude scale performance, 1st term enlistees, 10154

employee attitude survey, personnel feedback instrument for management, 1394

increased response rate to mail questionnaires, large samples of general public, 2233

Katz & Braly assessment & Stereotype Differential techniques, ethnic stereotypes, Filipino education students, 683

Likert-type scale, reliability for measurement of authoritarian attitudes toward school children, elementary school teachers & future teachers, 7765

low negative correlations between positive & negative halves of conservatism scales, G. Wilson & J. Patterson Conservatism Scale & California F Scale & discussion of F. Kerlinger's theory, 8240

model for predicting attitudes, violence for social change, 16 64 yr. old Negro & Caucasian males, implications for law enforcement officials, 9010

multiple discriminant analysis of Personal Orientation Inventory & Tennessee Self Concept Scale & Differential Value Profile & Mehrabian Achievement Scales & personal data questionnaire, identification of variables discriminating between groups differing in self-actualization level, freshman college students, 8026

multiple discriminant approach to item validity, attitude survey item analysis, officers & noncommissioned officers & airmen, 10246 nonrisk materials & unrelated attitude items, group polarization

research, college students, 2331

proportion of scale used & testing time & usage of uncertain category, optimal number of alternatives for Likert-scale items, college students, 8231 Rehabilitation Counselor Judgement Scale, risk-taking in rehabilita-

tion counselor decision-making, Ss in general area of counseling, 1193

reliability & validity, liberalism-conservatism scale development, white vs. black college students vs. middle-aged middle-class graduates, 6744

Rokeach categories vs. open-ended responses, dogmatism scores, college students, 11261 rotation of factor matrices of Conservatism Scale, New Zealand,

8199 statistic validity determination, Opinion, Attitude & Interest Survey,

survey data, social policy & value judgments, 2284

Survey of Interpersonal Values completed as political figure would, images of political figures & political preferences, 4295

teacher & course folklore, attitudes on course evaluation questionnaire, graduate students, 9824

Terman Attitude-Interest Analysis Test Form A vs. WISC verbal scale scores, written vs. oral efficiency in similar tasks, 10-16 yr. olds, 10046

Tucker's 3 mode vs. Carroll & Chang's INDSCAL model, multidimensional scaling of attitude statements & political candidates, 729

validation, personnel attitudes & morale scales, Air Force personnel, 8154

white vs. black Es, Situational Attitude Scale scores, white college students, 2294

**Attitude Similarity** 

attitude & personality-similarity & personal construct theory, interpersonal attraction, group of friends vs. nonfriends, 6802 attitude agreement, male vs. female friendships, college students, 9112

attitude conflict & belief importance, GSR & traditional-modern attitude change, Hong Kong Chinese college students, 8907

attitude similarity & aggressiveness of aggressor vs. victim, ratings of interpersonal aggression & attraction & justification-deserve, 9008 attitude similarity between dating partners, 3rd party's perception of marital success chances, college students, 4406

attitude similarity, amount of money approved for loan, graduate students, 9911

attitudes toward contemporary issues, high school students vs. parents in noncollege working class semirural community, 4168 attitudinal agreement vs. disagreement with old vs. young stranger,

interpersonal attraction, old vs. young Ss, 6508 attitudinal reinforcement magnitude shifts, instrumental response speed, male undergraduates, 3711 belief similarity & race & amount of information, response to

stimulus person, 9th-10th grade Caucasian girls, 11124 commitment to future interaction, responsiveness to extreme consonant communication, 4329

communications attitudes & agreement, inadvertent nonverbal reflective behaviors, 6719

concepts of educational process, community college faculty vs. students, 11998

congruence & disparity, preferences for instructional objectives & roles, teachers & students, 9837

facilitation vs. frustration & attitude similarity & race, interpersonal attraction, college students, 6822

initial similarity, interpersonal attraction, undergraduates & courting couples, criticism of W. Griffitt & D. Byrne's reinforcement paradigm, 9055

modeling & model-O similarity on social activism measure, imitation & generalization of aggressive verbal behavior, 9031 paradigmatic study, attitude similarity & attraction, reply to P. H. Wright's criticism of W. Griffitt & D. Byrne's study, 9015

partial vs. continuous reinforcement with similar attitudes,

acquisition & extinction, college students, 10451
physical attractiveness & attitude similarity measured by pupilome-

try technique, changes in interpersonal attraction, 4422 social attitudes & life styles, 11-16 yr. old Japanese boys vs. American adolescents, 701

value similarity & counselor experience & formality, client reactions to initial counseling interviews, college students, 11785

Attitude Tests (See Attitude Measures)

adjustment & attitudes toward disease, hemophiliacs & parents of hemophiliacs, 9447

age & socioeconomic status, level of perceived vulnerabilty to health problems, 8-17 yr. olds, 6501

amount & importance of activities & position, perception of work climate dimensions, Roman Catholic diocesan priests, 10175

attitude & aesthetic preference differences & importance & trials, deprivation of need for uniqueness effects, 11265

attitude set, generalization of verbally conditioned self-acceptance responses, 2453

attitude toward work, adolescents, 2076

attitude-behavior discrepancies, test of Fishbein's model to reduce sources of discrepancy, 4340

attitudes & attitude change research, social problems applications, book of readings, 6704

attitudes & behavior, selected readings, book, 4357

attitudes & beliefs, changes in smoking behavior, 7th & 9th graders,

attitudes & justification of violence, American men, book, 8894 attitudes & social conditions, European-Aboriginal relations, Australia, book, 4356

attitudes & values future, college students of present vs. 20 yr. ago,

attitudes toward action, action prediction, college students, 8997 attitudes toward contemporary issues as evidence of generation gap, adolescents vs. adults, 6548

attitudes toward educational programs for gifted children, superintendents, 10076

attitudes toward mental health, black & Spanish-speaking adolescents, 6536

attitudes toward participation in psychiatric board examinations, patients & their trainee therapists, 7031 attitudes toward student & black protest, white working class adults

with less than high school education, 2287

attitudes toward use of allied mental health workers & community mental health ideology, professional mental health workers, 4561 attitudes toward violence for social control & social change, social

indicators, American males, 6699

attitudes toward working residents, attendants in state residential institution for retarded, 2523

attitudinal & perceptual orientation toward young people, 60-69 yr. olds, 6481

background sociological & attitudinal & personality factors & age, unwed mothers vs. institutionalized aggressively delinquent girls, 925

behavior-determining experiences & judgments based on attitude vs. knowledge, attitude dimensions, 691

belief-relevant vs. belief-irrelevant condition & dependency on external cues, inferring attitudes from behavior, college students,

beliefs about consequences of using birth control pills times evaluation of beliefs, behavioral intention to use birth control pills, female college students, 8934

biographical & personality & attitude & program variables, initial participation & service duration in campus mental health volunteer hotline program, college students, 3059

choice & initial attitude salience & counterattitudinal behavior salience, cognitive dissonance vs. self-perception theories, college students, 11129

communications attitudes & agreement, inadvertent nonverbal reflective behaviors, 6719

conceptual & methodological problems in definitions, interrelationships between beliefs & attitudes & intentions & behaviors, 1968-1970 review, 680

concern for personal health, endorsement of beliefs about smoking activity, smokers vs. nonsmokers, 10950

contemporary issue attitudes, college students vs. parents vs. grandparents, 8805

criminal punishment, attitudes toward legal institutions & selfesteem & commitment to inmate subculture, prisoners, 9378 critical review of M. Fishbein's model for prediction of behavioral intention, 11051

defensive vs. participative management practices in residential child care institutions, attitudes, staff & adolescent residents, 7552

demographic variables & cooperation & competition & personality, high vs. low sympathy towards Women's Liberation Movement, female college students, 2279

dimensional analysis, attitudinal patterns towards life experiences, 65 & 70 yr. olds, 2 yr. study, 10908

dogmatism & belief vs. disbelief systems, cognitive differentiation & cognitive isolation, undergraduates, 847

draft lottery vs. laboratory analogue, attitudes toward alternatives & attribution of responsibility for outcomes to policies leading to lottery participation, 19 yr. olds & college students, 4265

E bias & S's suspicion of deception & attitudes toward psychology experiments & current issues, dot-estimation conformity task, undergraduates, 2311

E's baseline behavior, operant conditioning of opinion statements, undergraduates, 10433

educational differences, intercaste attitudes, male Ss, India, 6646 expressive self-testing attitudes & degree of risk in chosen occupational field, naval pilots from high vs. low risk aviation specialties, 12178

fulfillment vs. violation of group expectations about authoritarian vs. participative leadership styles, attitudes & decision making, undergraduates, 803

hospitalization benefit attitudes, psychiatric inpatients & their residents, 7465

intelligence, attitudes toward elderly, family members of geriatric patients, 4617

international comparison, attitudes toward women & family, 657 interviewer characteristics, interviewee responses in survey of drinking practices, 10202

juvenile delinquency attitudes & behaviors, 1st offender vs. recidivist vs. normal 16-18 yr. olds, 11363 knowledge & attitude effects on behavior, 3329

knowledge & provisions & attitudes at universities to meet psychosocial & educational-vocational guidance needs of homosexual students, deans of students & directors of counseling & male homosexual college students, 3106

knowledgeability & alienation & educational expectations & perception of school facilities, decision to send child to integrated school, black mothers in southern black community, 663

moral development level, social attitudes & attitude change, adults & college students, 10943

negative attitudes towards poor & opposition to guaranteed minimum annual income & authoritarianism & internal locus of control, endorsement of Protestant Ethic, college students, 2271

perceptions & attitudes toward school psychology graduate training, practicing school psychologists vs. school psychologist trainers,

perceptions & background & attitudes, environmental concern, 2226 personal value systems, administrative behavior simulations & organizational effectiveness of naval officers, 12143

personality & attitudinal & biographical characteristics of drinking drivers, traffic accidents & violations, 3434

present & background personal & environmental characteristics, homemaker- vs. career-oriented women, 8991

prior attitudes, postmanipulation attitudes in forced-compliance, college students with extreme vs. neutral attitudes, 11035

progressive & traditional educational attitudes in relation to individual differences, functioning of language &/or learning disability development project, educational personnel, 12022

ratings, attitudes toward guidance counselors, referred vs. volunteer clients, 9846

regional comparison, attitudes toward abortion, physicians in New York vs. Virginia, 7050

repeated exposure to televised violence, attitudes toward violence, youthful offenders, 9408

sampling of social attitudes & social class, criticism of H. Eysenck's conclusions, 8914

social class & religion & educational level & college major, professional psychological help-seeking attitude, high school & college students, 2238

specificity of attitude object & presence of significant person during assessment, attitudes & behavior relationship, 9110

urban vs. suburban vs. small town residence & high vs. low socioeconomic status & sex, attitudes toward environment &

environmental manipulation, high school students, 11004
varied levels of beliefs & race with primacy, evaluative semantic
differential scales & behavior differentials, college students, 11026 Attorneys

age & recidivism rate & type of crime, teacher & lawyer & physician prison inmates, 11444

lawyer's role, involuntary psychiatric hospitalization, New York, 2926

legal system unresponsiveness to blacks & poor & deprived, reevaluation of lawyer's role in society & law school admission policy regarding blacks, 10980

Rorschach vista responses & Terman Group Test, intelligence, Brazilian lawyers, 2449

university psychiatric clerkship program, law students, 7021 Attraction (Interpersonal) (See Interpersonal Attraction) Attribution

performance evaluation & expectancy & evaluator honesty, formation of causal attribution & interpersonal attraction, 11069 self & interpersonal attributions about source of communication, attitude change, 10972

Audiences audience size, nonfluency, college male stutterers vs. pseudo-stutterers vs. nonstutterers, 2749

failure feedback & embarrassment & assistant & task sex type & expectancy of audience interaction & self-esteem & sex role ideology, help seeking, males, 4453

Audiology

Audiometry (See also Bone Conduction Audiometry)

acoustic middle ear reflexes, auditory function, non-anesthetized

amplitude & phase of cancellation tone adjustment, nonlinear distortion products, support for J. Goldstein's model for distortion product generation, 109

ascending vs. descending measurement methods, pure tone thresholds, brain-injured adults, 7090

audiologic procedures, assessing hearing sensitivity, severely mentally retarded, 7150

monaural & antiphasic psychometric detection functions invariance, 5876

Mossbauer measurement technique, tympanic membrane & stapes footplate response, frogs & toads & spotted gecko & dragon lizard & dove. 10582

nonverbal instructions & special auditory tests, diagnosis of hearing loss, normally intelligent hearing impaired 5-9 yr. olds, 3230

pause adjustment mechanism & measurement system, electronic measurement of silent interval duration as parameter in perception of speech pauses, 8296

pure tone vs. noise stimuli, stapedius reflex threshold, young adults,

pure-tone & speech & Bekesy audiometry, simulated hearing loss, normal hearing adults, 1575

time-averaged holography at various SPLs, tympanic membrane vibratory characteristics, living & freshly dead cats, 305

tone intensity & sleep phase & chlorpromazine sedation, auditory evoked response detection reliability, adults vs. chlorpromazinesedated 3-4 yr. olds vs. children referred for audiometric diagnosis, 10666

verbal auditory screening, identifying normal hearing, trainable retardates, 3332

white noise in speech discrimination tests, diagnosis of hearing impairments, normal & hearing impaired, 9644

audio vs. no modeling & experiential vs. didactic supervision, learning to respond with empathy to counseling clients, college students, 2545

audiotape & prosthetic device, acquisition of information from exhibits, 11188

audiotape vs. checklist vs. personal data questionnaire interview involvement procedures, getting action on guidance goals, overachieving 9th graders, 10067

audiotaped directed group, perceived problems & rational thinking & self concept & perceived responses of others, college students, 11262

aural message length, immediate vs. delayed recall, Braille vs. large-

type reading, blind high school students, 11850 client personality, inhibition felt during audiorecorded sessions, college students with personal-social vs. educational-vocational problems, 11606

cognitive style & instructional modes of reading printed material vs. listening to recorded audio presentations, achievement, 10th & 11th graders, 7768

digital programer for use with audio tape decks, functioning & wiring circuits & components, 8170

exposure to audiotape or videotape production demonstrating expression specificity, expression concreteness, 1st yr. education student counselees, 8020

exposure to audiotaped models of teaching episodes with high indirect verbal interaction, verbal pattern when teaching, preservice teachers, 1383

survey results, interest in audiotapes & other audiovisual media as means of providing information, psychologists, 5731

verbal vs. vocal vs. visual communication with videotapes & audiotapes & transcripts, amount & kind of information conveyed & difficulty with different sources & information processing from multiple modes, graduate student Os, 6890 video- vs. audio-recording of counseling interviews vs. nonrecord-

ing, counselor vs. client ratings on excitation & inhibition & client evaluation of counseling vs. counselor ratings of self-exploration, college students, extension of C. J. Gelso's previous findings, 1240

ual Aids (Educational) (See Educational Audiovisual Aids) Audiovisual Communications Media (See also Audiotapes, Closed Circuit Television, Educational Audiovisual Aids, Educational Television, Film Strips, Motion Pictures, Motion Pictures (Educational), Motion Pictures (Entertainment), Photographs, Radio, Television, Television Advertising, Videotapes) audiovisual presentation of selected writings & slides & background

music, awareness of emotions & feelings, college students, 11833 survey results, interest in audiotapes & other audiovisual media as means of providing information, psychologists, 5731

Audiovisual Instruction (See also Televised Instruction, Videotape

Instruction)

aural vs. visual vs. simultaneous aural-visual presentation of poems, recall, 3rd grade students, 1333 Audition (See Auditory Perception)

## **Auditory Cortex**

auditory cortical lesions, visual pattern discrimination, cats, 3871

auditory system anatomy & physiology, review, 295 electrical stimulation of cochlea & auditory pathways, stimulus

generalization from acoustic to electric stimulus, cats, 1851 evoked potential comparision, cortical auditory gyrus ectosylvius

medius vs. anterior areas, dogs, 3845

evoked potentials & unit responses in auditory cortex, laminar study, postnatal cats, 308

neural associations between visual & auditory & somatosensory areas & frontal cortex, monkeys, 8546

pure-tone auditory stimuli, cerebellar & auditory evoked potentials, anesthetized vs. unanesthetized cats, 1965

simultaneously & successively presented tones, frequency specificity of auditory evoked response, 1790

unilateral ablation of auditory cortex, complex sound localization, cats, 8694

Auditory Discrimination (See also Loudness Discrimination, Pitch Discrimination)

age, speech discrimination, 20-40 yr. olds & 60-69 yr. olds, 9379 articulation & auditory discrimination ability, predicting word recognition deficits, 1st graders, 8017

assessing potential auditory learning disabilities, Test of Non-Verbal Auditory Discrimination, 6-8 yr. olds, 7743

auditory & visual sequential & visual spatial pattern matching, reading ability, good & poor readers, 3114

auditory discrimination & memory span & sound blending ability, reading achievement, 2nd graders with visual problems, 5435 auditory discrimination development, chicks, 6368

auditory discrimination of standard & black English sounds, 1st vs. 3rd vs. 5th grade speakers of black vs. standard English, 6599

auditory discrimination, Gellner theory of auditory perception validity, retardates, 9298

auditory intensity differentiation, persistence of dynamism effects & development of generalization gradients during extinction, rats,

auditory perceptual training program, auditory memory span & auditory figure ground perception & auditory discrimination ability, kindergartners, 1362

auditory training program, auditory discrimination & reading achievement, educable retarded children, 7711

auditory verbal deficits, word recognition & reading comprehension

disorders, reading disabled vs. normal reading children, 11981 auditory-visual discrimination music-lab program vs. regular band curriculum, auditory-visual discrimination skills & instrument playing & full band performance, high school students, 9901

auditory-visual integration ability & developmental level economic background, reading ability, 1st-4th graders, 12054

binaural click signals with differences in interaural time & intensity & overall click level lateralization performance on lever-pressing task, squirrel monkeys, 6366

click position in constituent syntactic structure, judgment of click location superimposed on recorded sentences, 115 concurrent variation of response bias & sensitivity, operant

discrimination between standard auditory intensity & attenuated comparison values, rats, 2053

crossed olivo-cochlear bundle transection, behavioral measurement of pure tone thresholds & perceptual signal-to-noise ratio, cats, 400

defective & superior & deviant articulation & speech sound stimulability, oral sensory discrimination & auditory tasks, kindergartners & 1st graders, 10919

delta-9-tetrahydrocannabinol, temporal & auditory discrimination, monkeys, 1862

differential vs. nondifferential reinforcement, response control by auditory stimuli location, squirrel monkeys, 10727 difficult auditory discrimination, discrimination reversal in condi-

tioned emotional response experiment, rats, 4047 discrimination thresholds, sound intensity discrimination latencies,

emphasizing visual vs. auditory vs. kinesthetic aspects, teaching word recognition, bicultural & bilingual adults, 11965

estimated harmonic complexity of musical instrument played, Seashore Test of Timbre Discrimination scores, adolescents & young adults, 5815

faulty auditory discriminations & categorizations & slow evolvement of language rules, childhood aphasia, 2614

interaural time & intensity, detection of difference between dichotic signals & diotic tones of same frequency, male college students & adult 107

leading & trailing tone temporal proximity, frequency discrimination of short duration tone, high school students vs. experienced listeners, 154

monetary reinforcement & interstimulus intervals, recognition of musical stimuli recurring in context, college students majoring in music & high school students at music camp, 8281

perceptual training procedures, voice onset time discrimination, adults, 10367

personal vs. formal treatment, hearing discrimination, U.S. Navy enlisted men, implications for military personnel interaction, 8048 programed instruction in auditory vowel discrimination, learning rate & transfer to word recognition, severely hearing impaired 5-

11 yr. olds, 11886

recognition of melodic inversion vs. retrograde vs. retrograde inversion transformations, college students, 8278 repeated testing & contrasts using Wepman Auditory Discrimina-

tion Test, phonological discrimination assessment, kindergartners & 1st graders, 4151

signal duration, detectability of interaural time & level differences,

similarity of word & color name sounds, RT on Stroop Color-Word Test, undergraduates, 3560

simple RT & vigilance tasks, association cortex potentials & auditory stimuli, 8555

simultaneous consonant & vowel phoneme same different judgments, right handed undergraduates, 1574

socioeconomic status, auditory discrimination abilities, special education vs. normal 8-13 yr. olds, 11499

talents for auditory processing & imitation & planning & producing finely controlled motor sequences & phonological system & grammatical rule abstraction & symbolization & discourse, language acquisition, children, 2173

temporal order & related vs. unrelated sounds & oral vs. card-ordering responses, thresholds for auditory sequence identification, undergraduates, 1660

training & pitch discrimination & musical intelligence, melodic interval discrimination, junior high school students, 5892

unilateral ablation of superior temporal cortex, auditory sequence discrimination, monkeys, 8604

very short sound duration, vowel sound discrimination, 168 visual & auditory sequencing tasks, expressive vs. semantic aphasics,

visual vs. aural presentation, similarity-dissimilarity ratings of phonemes, 1562 white noise in speech discrimination tests, diagnosis of hearing impairments, normal & hearing impaired, 9644

within-stimulus vs. extra-stimulus prompting procedures, teaching auditory & visual discrimination, autistic children, 12070

**Auditory Displays** aural vs. aural-visual displays of tracking error, human operator dynamics for compensatory tracking, 5692

visual displays of task errors & supplementary auditory displays, dual-axis tracking task performance, 3423

visual vs. auditory vs. electrocutaneous continuous error information feedback, unidimensional compensatory tracking, college students, 114

**Auditory Evoked Potentials** auditory & tactile & electric & visual stimulation & modality

pairing, evoked slow vertex potentials, 8511 auditory evoked potentials, normal hearing Ss, literature review, 312 binary decisions in signal detection, auditory average evoked

potential late components, 323 binaural tone stimulation, monopolar & bipolar auditory evoked scalp responses, 6159

binaurally delivered stimulus intensity change in stage 1-REM vs. stage 2 vs. stage 3 vs. stage 4 sleep vs. wakefulness, auditory evoked brain response, 1834

desensitization, EEG & auditory evoked potentials, students, 10525 evoked potential comparision, cortical auditory gyrus ectosylvius medius vs. anterior areas, dogs, 3845

evoked response thresholds vs. conventional manual audiometry, acoustically-evoked vertex responses, Ss with peripheral hearing losses, 2576

hypnotic susceptibility & vertex late component, visual & auditory evoked responses under selective visual & auditory attention conditions, 288

auditory sensitivity & response bias estimated by signal detection analyses, EKG arousal cycle, 21-28 yr. olds, 6122

auditory system anatomy & physiology, review, 295 auditory threshold, acoustic perception, 8317

auditory training program, blind kindergartners to 3rd graders,

auditory vs. visual proficiency, 7-13 yr. old normal 3rd-6th graders vs. 11-16 yr. old behaviorally disordered 5th-7th grade boys, 8294 auditory-auditory & visual-visual & auditory-visual tasks, audiovisual integration development, normal & deficient reading 8 13 yr. olds, 10926

auditory-perceptual & vocal & visual-perceptual & motor & oralmotor functions, language comprehension, 72-91 mo. old dysphasic boys & normals, 11508

backward masker fringe & diotic & pulsed dichotic tonal signals, signal detection, 5907

biosensory stimulation, semantic processing, college students, 8419 carrier frequency & modulation depth & modulation frequency of amplitude-modulated & pure-tone signals, stimulus generalization of conditioned respiration response, goldfish, 1993

cerebral auditory dominance, speech behavior & processing & learning strategies, children & adults, 6099

cerebral dominance, auditory perception, right-handed vs. left-handed vs. ambidextrous Ss vs. monozygotic twins, 5896

components in auditory-visual integration, reading performance, 2nd graders, 7759

dichotic listening recall, patients with congenital vs. infantile hemispherectomy, 4805

differential vs. nondifferential reinforcement, response control by auditory stimuli location, squirrel monkeys, 10727

divided attention, attending to & repeating back continuous speech while sight reading or memorizing visual verbal & nonverbal stimuli, 189

duration & amplitude of noise markers bounding temporal gap, silence duration judgments, 3 undergraduates, 1551

extroversion & neuroticism & sex & time of day & tonic & phasic electrodermal activity & tonic occipital EEG, auditory vigilance task performance, college & graduate students, 5835

feedback & stimulus characteristics, auditory information process-

ing, graduate students, 6062 field dependence vs. independence, time estimation of auditory stimulus in differental prevailing fields, 127

Initial Teaching Alphabet reading program, reading improvement, 8 12 yr. olds with auditory perceptual disturbances, 7933

intentional teaching & peer modeling & tangible & social & symbolic rewards, listening skills, 82-120 mo. old educable mentally retarded children, 10043

intercorrelational validity study, auditory & visual functioning tests, use as basis for reading instruction determination, 5373

intra- vs. cross-modal testing & clause position & intonation contours & lexical material, word recognition latencies, male undergraduates, 1679

laterality, speech perception, 1826 laterality, speech perception, 1826

light vs. tone masking & central processing, auditory recognition, college students, 10339

listening & reading & grammatical structure, language development, 2417

listening ability, learning, book, 1688

listening skills instruction, GPAs, junior college freshmen, 10115

listening to tapes of story vs. philosophical treatise, EMG recordings of tongue biopotentials, 4th form pupils & undergraduates, 267 masker & signal duration & diotic & dichotic listening conditions, tone detection, 5889

monaural & antiphasic psychometric detection functions invariance,

monaural relative phase, 2-tone signal subjective quality, 108 monaural vs. binaural voice presentation masked by background voices, diagnosis of hearing deficiencies & prediction of binaural hearing aid benefits, normal-hearing & monaural hypacusic males, 2634 movement & pressure & pain & light & sound responsiveness & mother communication of emotions & fetal hunger & conditioning, prenatal development, 8832

multivariate model with 2 cognitive spaces for auditory & visual modes differing in modal axis, chromesthesia, 8417

musical perception & past piano study & solfeggio, reproductive musical memory, 6037

paradoxical phase of sleep, reactive capability of auditory system, cats with chronically implanted electrodes, 8657

perception of dichotically presented phoneme sequences & digits, aphasic & nonaphasic left- & right-brain damaged patients, 1086 periodicity instability, interaural time-of-arrival difference detection, 1651

quasi-simultaneously presented irrelevant message, dichotic listening, 10320

quiet vs. noise conditions during auditory vigilance, autonomic reactivity, extroverts vs. introverts, 8287

reading achievement & age, auditory vs. visual processing of single words, 1st vs. 3rd vs. 5th graders vs. college freshmen vs. sophomores, 644

reading vs. listening presentation mode, learning programed material, college students, 5295

recall of dichotic auditory stimuli, incidence & distribution of earorder responding, 8-30 yr. olds, 3624

right- vs. left-ear presentation & normal vs. permuted sentences & semantic neutrality vs. constraint, speed & accuracy of sentence recall, college students, 10321

Screening Test of Auditory Perceptual Skills, reading success predictions, 1st graders, 5499

set order & distraction & age differences, dichotic listening recognition, adults of different ages, 6596 signal detection theory, auditory intensity selectivity, 7-8 vs. 13-14

vs. 19-20 yr. olds, 6509

signal intensity & frequency, tone detection, high school male & adult female trained listeners, 1661

simultaneous & sequential presentation of sensory information effects on intrasensory & audiovisual cross-sensory integration skills, prediction of initial reading skills, 1st grade boys, 8022

simultaneous vs. successive presentation of test tone with masker for threshold, lateral inhibition in hearing, 116

socioeconomic class & cross-modal transfer, auditory-visual integration, 7 & 9 yr. olds, 6465

spectral edge vs. rejected band as minimum adequate stimulus & low- vs. high-pass edge effectiveness, negative afterimage in hearing, 131

speech & body motion synchrony, speaker-hearer, 2400

stimulus modality, optical & acoustic attention duration, university graduates, 82

stimulus presentation rate & age, auditory shadowing & information processing in speech production, 12 & 18 yr. olds, 5933 stimulus rate & number, early components of averaged electroencephalic response, 10543

stimulus structure of auditorily presented digit strings, scanning strategies, college students, 8345

subvocal activity, acoustic confusion in short-term memory, collegeage females, 5978

synchronization vs. pseudo-synchronization, cadence frequency, informed vs. naive Ss, 10312

tachistoscopic presentation of array of consonants & stimulus duration, spatial & verbal codes & short term memory, college students, 10319

talents for auditory processing & imitation & planning & producing finely controlled motor sequences & phonological system & grammatical rule abstraction & symbolization & discourse, language acquisition, children, 2173

teaching listening, elementary school, book, 3148

tone alone vs. tone plus monaural noise vs. tone plus dichotic noise, auditory autokinesis, normally hearing Ss, 10310

visual & auditory & olfactory short-term memory, normal & paranoid & nonparanoid schizophrenics & Ss with acute & chronic brain syndromes, 7102

visual vs. auditory presentation & retention interval, trigram retention, college students, 8460

visual/tactual-kinesthetic & auditory/tactual-kinesthetic modalities, estimation of short time durations, college students, 10343

word form configuration training program, visual perceptual behavior and reading achievement, strong vs. weak visile vs. audile learning disabled 1st & 2nd graders, 7959

2-channel auditory signal detection, correlated vs. uncorrelated vs. opposite-phased signals, female college students, 162

Auditory Stimulation (See also Auditory Feedback, Delayed Auditory Feedback, Filtered Noise, Loudness, Noise Levels (Work Areas), Pitch (Frequency), Speech Pitch, Ultrasound, White Noise)

acoustic similarity & interference, short-term recognition memory, 10439

acoustic spectrum vs. modulation rate of stimulus, cortical evoked response to amplitude modulated complex sound, normallyhearing adults, 10532

acoustical stimulation, EEG & EKG & EMG & plethysmogram & pneumogram measures during orienting responses, subacute sclerosing leucoencephalitis, 9312

acquaintance with auditory-vocal components of language code, deaf education, profoundly deaf children, 12078

age & sleep vs. awake states, heart-rate component of orienting & defensive responses, infants at 6 &/or 12 wk. of age, 10898 age, sensory-perceptual factors in RT, 18-21 & 54-71 yr. old females,

8788 air- & substrate-borne tones, rapping sound amplitudes &

attenuation & sound detection, ghost crabs, 2003 all vs. some reinforced training trials, stimulus generalization & discrimination along click frequency continuum, naive female

pigeons, 1991 alpha rhythms detection & electronic feedback control of visual & auditory displays & clocks & counters & computer sampling routines, 8502

anchor effects, pitch discrimination, undergraduates, 1552

aphasia type & interstimulus interval & auditory vs. visual modality, temporal stimulus ordering, brain-damaged 32-61 yr. olds & 45-60 yr. olds with laryngectomies & 17-27 yr. old students, 4874

arousal value in auditory vigilance task, EEG, college students, 8521 articulated & acoustic stimuli similarity, short-term recall of verbal items, 6018

asymmetrically & symmetrically presented continuous & intermittent 1000-Hz tones, equilibrium, 5844

auditory & tactile & electric & visual stimulation & modality pairing, evoked slow vertex potentials, 8511

auditory & temperature stimulus intensity, heart rate & skin potential & skin resistance change, 2-5 wk. old infants, 8508

auditory CS & intertrial interval variation, Pavlovian cessation conditioning, dogs, 6412

auditory deprivation, diagnosis of hearing loss & therapy, infants, 2728

auditory distraction, time estimation by verbal estimation method, graduate students, 3613

auditory distraction, Stroop Color-Word Test & random generation task, male undergraduates, 5905

auditory frequency thresholds & response latency, cortical evoked potentials, guinea pigs, 8626 auditory neglect, 9369

auditory pre-reward stimulus & free reward, facilitation & extinction of operant conditioning, pigeons, 8755

auditory sequencing ability, left brain-damaged Ss with vs. without aphasia vs. right brain-damaged Ss, 4602

auditory stimulation accompaning reinforcement, children, apparatus, 10203

auditory stimulation using tone pairs differing in acoustic energy, loudness discrimination & decision function model, male Ss, 148 auditory stimulation, digital vasomotor activity, 19-21 yr. old soldiers, 8539

auditory stimulation, skin conductance orienting activity, schizophrenics, 9360

auditory stimulus & environment, heart rate, newborn, 10576 auditory stimulus intensity judgments, cortical evoked responses & heart rate & RT, male college students, 8506

auditory stimulus paired with reduction in incentive quantity, active avoidance, rats, 564

auditory threshold, acoustic perception, 8317

auditory vs. visual vs. tactile vs. auditory-visual-tactile stimulation with training materials, learning & retention, college students,

auditory vs. visual word presentation & serial position, immediate & delayed recall, 10461

auditory-visual stimulus modality & cue-signal sequence & interval, signal detection, 5859

aversive noise treatment, 19 yr. old stutterer, 9679

binaural click signals with differences in interaural time & intensity & overall click level lateralization performance on lever-pressing task, squirrel monkeys, 6366

binaural click stimuli, responses of medial geniculate units, squirrel monkeys, 6196

binaurally delivered stimulus intensity change in stage 1-REM vs. stage 2 vs. stage 3 vs. stage 4 sleep vs. wakefulness, auditory evoked brain response, 1834

bogus heart rate feedback vs. noise increase vs. no change feedback in responding to noxious stimuli, GSR & verbal reports of discomfort & unpleasantness, college students, 3803

carrier frequency & modulation depth & modulation frequency of amplitude-modulated & pure-tone signals, stimulus generalization of conditioned respiration response, goldfish, 1993

catch trial type, auditory RT, variable criterion model reanalysis of data from D. LaBerge's experiment, 1594

change in auditory stimulation, habituation & dishabituation of cardiac decelerative responses, 4 month olds, 2081

circadian & illumination & sound factors, day & night measures of cage activity, monkeys, 4081

classical music to mask background noise, learning disabilities, 7-14 yr. olds, 8009

classically conditioned nictitating membrane response, investigating inhibitory control of auditory frequency dimension, rabbits, 8750 compound visual & auditory stimulation, predictive formula for sensory & active storage, 3705

consonant presentation in auditory & visual & auditory-visual modalities, lipreading, normal-hearing & severely hearing-impaired & profoundly deaf 9-15 yr. olds, 11371

constant level clicks during all-night sleep, averaged electroencephalic response, college students, 10568

contents & duration of interstimulus interval, short-term memory for complex novel sounds in delayed comparison recognition task, 3682

contralaterally presented thermal noise with continuous vs. discontinuous background, magnitude of DL for intensity, normal adults, 144

counting vs. motor responses to signal vs. nonsignal tone stimuli, heart rate & skin conductance, right-handed male college students, 6111

cross-modality comparisons of averaged evoked potentials to visual & auditory & electrical stimulation, vigilance changes & stimulus intensity, cats, 8644

decrease in sound intensity, secondary reinforcing properties to another stimulus, rats, 6376

decreased vs. increased auditory & visual stimuli, thought processes of cognitive focusing & reasoning & concept formation, chronic nonparanoid female schizophrenics, test of interference theory of schizophrenic psychological deficit, 4766

delayed auditory feedback, speech rate, 3616

dichotic ear order & listening, memory decay, alcoholics vs. Korsakoff alcoholics, 4699

differential vs. nondifferential reinforcement, response control by auditory stimuli location, squirrel monkeys, 10727

digital approximations, generating complex waveforms, 3501

digital generation of acoustic stimuli, program operation & implementation & adaptation, 10335 digitally programable attenuator, circuit schematic & parts list &

device description, 3502

duration & amplitude of noise markers bounding temporal gap, silence duration judgments, 3 undergraduates, 1551 duration discrimination of acoustically defined intervals in 1-8 sec.

range, 25-40 yr. old females, 5856 electrical stimulation of cochlea & auditory pathways, stimulus generalization from acoustic to electric stimulus, cats, 1851

Embedded Figures Test score & spontaneous electrodermal activity & resting heart rate & habituation rate of electrodermal & vasomotor responses to auditory stimulation, male undergraduates, 2492

10430

trace vs. delay auditory stimuli, eyelid conditioning, 4-6 yr. old children, 2205

unilateral brain damage, perception of temporal order of audiovisual stimuli, patients with left vs. right hemispheric lesions, 11352

variation in auditory stimulus, individual differences in nonspecific electrodermal responding & recovery of electrodermal component of orienting reaction, 6177

vibration vs. touch vs. noise emitted by vibrator vs. food as reinforcement & operant button-pressing, 8-12 yr. old trainable institutionalized retardates, 4826

visual vs. auditory interference, short term retention, college students, 8427

visual vs. auditory stimulus presentation mode & visual vs. auditory feedback, time-interval reproduction responses, 8263

visual vs. auditory stimulus presented singly vs. simultaneously in reverberation vs. anechoic rooms, visual vs. auditory autokinesis, graduate students, 10373

**Auditory Thresholds** 

ascending vs. descending measurement methods, pure tone thresholds, brain-injured adults, 7090

auditory frequency thresholds & response latency, cortical evoked potentials, guinea pigs, 8626

auditory perceptual training, frequency discrimination, 5-7 yr. olds, 8866

auditory threshold, acoustic perception, 8317

body tilt, perception of auditory midline & differential limen, 8259

continuous & gated sinusoid masking, tonal signal detection, 129
contralaterally presented thermal noise with continuous vs.
discontinuous background, magnitude of DL for intensity, normal adults, 144

crossed olivo-cochlear bundle transection, behavioral measurement of pure tone thresholds & perceptual signal-to-noise ratio, cats, 400

diabetes onset & duration, light touch & 2-point discrimination & visual flicker fusion & auditory fusion & electric taste thresholds, patients with juvenile diabetes & their close relatives, 938

discrimination thresholds, sound intensity discrimination latencies, 8265

exposure to high-frequency noise, temporary threshold shifts, chinchillas, 10760

feigned deafness & ascending vs. descending mode, Stenger Test, young adults, 9718

high masked-threshold levels simulating moderate to severe hearing loss, auditory temporal integration, normal females, 103

intense auditory stimulation, threshold shifts & organ of Corti anatomical injuries, monkeys, 6274

latency data, implications for threshold & nonthreshold models of signal detection, 173

LSD, auditory stimuli sensitivity using stimulus generalization procedure, rats, 6247

middle ear volume reduction, auditory thresholds, Kangaroo rat, 6443

monaural acoustic clicks judged for loudness magnitude of sensation levels, average electroencephalic responses, normalhearing young adults, 10567

neural pulses summation vs. energy summation, prediction of auditory masking function slopes, 146

prolonged exposure to noise, temporary threshold shifts, chinchillas, 10714

pure tone vs. noise stimuli, stapedius reflex threshold, young adults, 8275

pure-tone & speech & Bekesy audiometry, simulated hearing loss, normal hearing adults, 1575

reference intensity & attenuation rate & starting intensity, binaural loudness balance, 8350

short pulses vs. continuous tones & between-pulse signal off-time, auditory thresholds, goldfish, 2030

signal detection theory, auditory intensity selectivity, 7-8 vs. 13-14 vs. 19-20 yr. olds, 6509

signal frequency, behavioral & human vertex auditory evoked response thresholds, normal hearing adults, 10548

simultaneous vs. successive presentation of test tone with masker for threshold, lateral inhibition in hearing, 116

speech & musical recordings of uniform SPL with superimposed artificial reverberations varying in period & SPL, subjective scales of rumble, audio technicians, 5636

speech & noise source position & background noise presence vs. absence, directional threshold of intelligibility, normally-hearing 19-52 yr. olds, 10369

stimulus rate & number, early components of averaged electroencephalic response, 10543

superior temporal lobe lesions & stimulus duration, single acoustic signal frequency & intensity detection & RT & thresholds, braindamaged patients, 4745

temporal order & related vs. unrelated sounds & oral vs. card ordering responses, thresholds for auditory sequence identification, undergraduates, 1660

## Aunts

Aurally Handicapped (See also Deaf, Partially Hearing Impaired)

auditory deprivation, diagnosis of hearing loss & therapy, infants,

auditory perceptual training, language development & academic achievement, children with perceptual dysfunction, 3120

expressed attitudes toward disability & family, observed motherchild interaction, mothers of hearing-impaired preschoolers, 9406 high frequency impairment, language & verbal ability, 6-15 yr. olds, 10039

programed instruction in auditory vowel discrimination, learning rate & transfer to word recognition, severely hearing impaired 5-11 yr. olds, 11886

sentence structure variations of transformational-generative grammar, comprehension of visual speech & implications for curriculum planning in hearing rehabilitation, college students,

verbal-tonal system, hearing deficiency rehabilitation, 1111 vowel item speech discrimination, patients with Meniere's disease vs. presbycusis vs. noise-induced hearing loss vs. normal hearing,

Auricles (Heart) (See Heart Auricles) Auricular Fibrillation (See Fibrillation (Heart)) Australia

aboriginal policy & practice, Australia, book, 8968

aboriginal settlements, survey of institutional communities in eastern Australia, book, 4317

age & rank & wife's or girlfriend's attitude to service & service-life satisfaction, prediction of reenlistment, Australian Regular Army men in 1st service term, 3431

attitudes & social conditions, European-Aboriginal relations, Australia, book, 4356

cross-cultural differences, attitudes toward industrial psychologists, management personnel, Australia & New Zealand & United States, 8080

education & urbanization & immigration, ethnocentrism, Australians, 6652

educational objectives & societal needs, contemporary psychiatric education, irrelevance of undergraduate medical education to psychiatry in Australia, 11303

historical survey of mental illness & hospitals & public health statistics, social psychiatry, Victoria, Australia, 11778

psychological stresses, renal homotransplantation, Australian hospital, 11596

psychological training, Australia, 7022

psychology education, issues regarding requirements for universities, Australia, 7046

psychology education, role of colleges of advanced education, Australia, 7064

rating person descriptions with corresponding behavioral statements, racial prejudice, Australian vs. New Zealand college students, 8971

sex & age differences, self-poisoning, Hobart, Australia vs. Edinburgh, Scotland, 4720

sexual attitudes, U.S. & Australian 13-14 vs. 16-18 yr. olds, 1962-

sophistication & culture similarity to European society, eidetic & memory imagery, 8-12 yr. old Australian Aborigines, 728 structure & growth, Australian aboriginal population, book, 10978

Austria

multiplicative vs. distance approach of quantitative analogues of Heider's balance theory, perceptions of international relations, 6 11 yr. olds from Britain vs. Austria vs. Belgium vs. Greece, 704 Viennese atmosphere & people, personal & intellectual development of S. Freud, 5737

Authoritarianism adolescent-adulthood transition, logical thought processes in operational tasks, high vs. low dogmatic 11th & 12th graders,

10905 age & authoritarianism, militancy & hostility expression, blacks in

Detroit, Michigan, 699

attitudes toward mental retardation, cues for intervention, institutional charge attendant personnel, 11709 authoritarian character & social environments & political move-

ments, book, 8998 authoritarian tendencies & expectations for child, maternal teaching

style, Caucasian mothers of 1st graders, 6610 authoritarianism & acceptance of hospital authority, mothers of 5

yr. olds who were hospitalized vs. never hospitalized, 8857 authoritarianism & closed-mindedness & lack of education

innovation, older vs. younger school principals, 11863 authoritarianism & dogmatism, orientations toward Vietnam War,

college students, 6686 authoritarianism/dogmatism, suggestibility in visual & tactual &

word-recognition tasks involving cojudgment by prestigious figure, male college students & female nurses & school teachers, 6991 authoritarianism, academic achievement, college students, 10104

authoritarianism, counselor effectiveness, Navy counselors, 11289 authoritarianism, mental health in affluent society, 9564 California F Scale vs. Rokeach Dogmatism Scale, authoritarianism

measurement, college students, 2511 college educational background, dogmatic attitudes, police college

students, 11070

congruity of deference needs & organizational authoritarian presse academic & organizational achievement & adjustment, U.S. Military Academy 2nd yr. cadets in 1968 & 1969 & 1972, 4538

directive vs. nondirective counseling & race, counselor style preference, black vs. white open- vs. closed-minded high school students, 10064

dogmatism & belief vs. disbelief systems, cognitive differentiation & cognitive isolation, undergraduates, 847

dogmatism & discrepant vs. supportive vs. balanced information exposure, GSR & eye movements, students, 6933

dogmatism & intelligence & race, cognitive behaviors, 12th graders, 3683

dogmatism & music training, preference for Western classical music styles, Japanese female arts & music students, 4473

dogmatism & prejudice, Roman Catholic religious vs. Roman Catholic lay persons vs. members of other Christian sects, 8909 dominance drive & sadism, human sexual behavior, 4342

economic threat, conversion rates in authoritarian & nonauthoritarian churches, 2291

encounter group experiences, dogmatism & self concept & needs for inclusion & affection & control, graduate students in educational psychology & guidance, 9904

exposure to consistent cultural norms, differential learning hypothesis of correlation between prejudice & authoritarianism, lower class white South Africans, 716

fulfillment vs. violation of group expectations about authoritarian vs. participative leadership styles, attitudes & decision making, undergraduates, 803

Gestalt vs. Transactional Analysis treatment, anxiety & self esteem & personal adjustment & risk taking & creativity & authoritarian-

hair length & reading material choice & obedience to instructions, authoritarianism on California F Scale, males, 4521

high vs. low dogmatism, differential T-group behaviors, 759 internal-external control & authoritarianism, interpersonal trust & self-esteem & social desirability, concern about overpopulation & intention to limit family size, nursing & college students, 6676

IQ & personality traits & demographic characteristics & parentchild relations, dogmatism, college students, 6936

level of education, authoritarianism, adults, U.S.A. vs. Finland vs. Costa Rica vs. Mexico, 730

Likert-type scale, reliability for measurement of authoritarian attitudes toward school children, elementary school teachers & future teachers, 7765

needs identification, salesman strategies & hostility-warmth & dominance-submission, 5605

negative attitudes towards poor & opposition to guaranteed minimum annual income & authoritarianism & internal locus of control, endorsement of Protestant Ethic, college students, 2271

Omnibus Personality Inventory non-authoritarian scales, satisfaction with academic advising, college students, 9991

open-closed mindedness & social desirability, depression in relation to critical authority situation of final oral examination, doctoral candidates, 7703

patient's prior experiences, emotions & feelings induced in therapists, 11686

personal adjustment, authoritarian attitudes toward mentally ill, psychiatric aides, 7034

power-dependence relations, psychotherapeutic interaction, 9649 preference for conservative vs. liberal candidate, dogmatism, 2289

psychotherapy & authority & repression, distinction conventional model of authority & authority itself, 9525 response set forms, decision making behavior, high & low dogmatic

teachers, 11862 response to authority & acceptance vs. rejection of Christian commitment, obedience, college students, 10946

self-acceptance & self-satisfaction & philosophic beliefs democratic & authoritarian classroom behaviors, teachers, 10036

self-esteem vs. needs for social inclusion & control of others & for affection, 15-18 yr. old girls, 4524

sex & grade level & demographic mobility, dogmatism & interpersonal values & attitude toward school, high school students, 7857

sociological & personality measures & intelligence, acceptance vs. rejection of rational vs. irrational authoritarianism, Australian adults, 859

T-group sessions, attitude change & dogmatism & trust, college students, 5475

teacher dogmatism & values & personality & attitudes toward education & science, student academic & critical thinking achievement & attitudes toward science, junior high school science teachers & students, 12088

teaching interest & scholastic achievement & personality traits, bureaucratic orientation on Work Preference Schedule, teachers, 5441

value-free social science & behavior modification, cultural values of conquest & control, 3026

verbal IQ & arithmetic problem solving & reading comprehension & self-perception of creativity & teacher ratings of creativity & teacher dogmatism, verbal creativity scores, 2nd & 4th & 6th graders, 3338

viewing filmed classroom sequences, dogmatism attitude change, teachers in middle class vs. lower class vs. Catholic parochial suburban areas, 12033

world population & urbanization & marriage & racism & minorities & education & authoritarian political control & war in Southeast Asia, changing value systems, 8964
Authoritarianism (Parental) (See Parental Permissiveness)
Authoritarianism Rebellion Scale development & validation of Authoritarianism-Rebellion Scale, values and the state of the property of the state o

undergraduate student political groups, 42

Autism (See also Early Infantile Autism) differential diagnosis, autism vs. mental retardation, 7223 narcissism concept & pathological splitting & symbiotic illness characteristics, differentiation of autism & schizophrenia & symbiotic aspects of schizophrenia, 11550 psychodynamic model & implications for treatment, mothers of

autistic children, 4833

superficial- vs. self-disclosure demand, pathological verbalization & delusional & autistic responses, paranoid vs. nonparanoid schizophrenics vs. nonpsychotic psychiatric patients, 4861

Autistic Children

ambiguous vs. nonambiguous stimuli, training in prepositional usage, 3 & 5 & 7 yr. old autistic children, 2733 behavior modification, verbal behavior, autistic children, literature

review, 7470

mother-child & therapist-child & mother-therapist interaction, patterns of nonverbal & verbal communication during psychotherapy, autistic child from 3-5 yr. old, 2901

operant conditioning of speech sounds, 6 yr. old autistic-symbiotic boy with no speech, 7643 operant conditioning procedures, language training & behavior, autistic children, 3037

reduced auditory stimulation, attention & pegboard & sorting & cancellation & echo drum task performance, autistic & psychotic children, 7137 self-stimulation & its suppression, discrimination learning, autistic

children, 11422

token economy & nonpunitive discouragement of bad behavior, social & learning behavior, hyperaggressive boys & normal 24 yr. olds & nontalking ghetto & autistic children, 7833

within-stimulus vs. extra-stimulus prompting procedures, teaching auditory & visual discrimination, autistic children, 12070

**Autistic Thinking** 

Autobiography autobiographies & history, psychologists, book, 10217

autobiographies of college students, teaching & research tool in

personality development study, 3214 autobiography of F. C. Thorne, 10232

autobiography of H. Helson, 10210 autobiography of Irwin A. Berg, 10196

autobiography of R. I. Watson, 10235

autobiography of W. B. Webb, 10236

cognitive psychology, autobiography of W. A. Hunt, 10211 differential psychology, autobiography of A. Anastasi, 10190

epistemology & rationality & utility in psychology, autobiography of W. R. Garner, 10206

experimental psychology, autobiography of J. Kagan, 10215 experimental psychology, autobiography of P. T. Young, 10237 social psychology, autobiography of M. B. Smith, 10230

teaching & research in psychology, autobiography of W. P. McKeachie, 10220

Autoeroticism (See Masturbation)

**Autogenic Training** 

Autohypnosis self-hypnosis, reading rate & comprehension, 3756

self-hypnosis, symptomatic hypnotherapy of recalcitrant bladder, case report, 7672

systematic self-relaxation & self-suggestions, cardiac surgery postoperative reactions, 11617

Autoimmune Disorders (See Immunologic Disorders)

**Autokinetic Illusion** 

autokinetic illusion, review of theories & measures & independent variables, 8305

factor analytic study & possible dynamic & static dimensions, autokinetic response measures, 3571

high- vs. low-implied movement, response latencies in autokinetic movement task, college students, 10296

marihuana, visual autokinetic phenomenon, 22-38 yr. olds, 10681 oscillatory eye movement & head & body reorientation, autokinetic illusion, 10307

tone alone vs. tone plus monaural noise vs. tone plus dichotic noise, auditory autokinesis, normally hearing Ss, 10310

visual vs. auditory stimulus presented singly vs. simultaneously in reverberation vs. anechoic rooms, visual vs. auditory autokinesis, graduate students, 10373

**Automated Information Coding** 

Automated Information Processing (See also Automated Information Coding, Automated Information Retrieval, Automated Information Storage)

automated system for human accountability, coordination of services in community mental health center, 9538

automatic data-gathering, characteristic patterns of driver's performance, 1467 field-unit automated data-processing command & control system,

variability, spider phobics & nonphobics, 11722

autonomic physiologic arousal during jump sequence, parachute jumping performance, sport parachulists, 3787
biofeedback & control of visceral & neural processes, application to

treatment of essential hypertension & premature ventricular contractions & tension headaches & vomiting & migraine & Raynaud's disease & production of muscle relaxation in systematic desensitization therapy, 7639

peripheral autonomic functioning, emotional behavior, examination of James-Lange theory of emotion, 285

structural organization, peripheral autonomic innervation appara-

Autonomic Nervous System Disorders (See also Dysautonomia)

cold pressor test, pupillary dilation & constriction as indices of autonomic dysfunction, remitted schizophrenic, 9444 iris muscles response changes as indicators of autonomic

dysfunction, active vs. remitted psychotics vs. normals, 9445

Autonomy (Government)

life crisis requiring autonomy, 1st hallucinogenic drug experience, 848 Autopsy

Autoregulation (See Homeostasis)

Autosome Disorders (See also Crying Cat Syndrome, Downs Syndrome, Neonatal Autosome Disorders, Trisomy 18, Trisomy

congenital autosomal abnormalities, severe mental retardation, 4642 XYY syndrome, 10-19 yr. old antisocial & asocial & aggressive behavior disordered inpatients & juvenile delinquents, 466

autosomal-recessive inheritance of mathematical & technical skills, schoolchildren, 6207

chromosomal aberrations affecting autosomes, intelligence level, 9412

Aversion (See also Hate)

aversion vs. desensitization, homosexuality, 9517

cortical spreading depression in CS-UCS interval, disruption of saccharin-aversion learning produced by postdrinking lithium chloride injections, rats, 370

exposure to odor of stressed conspecific communicator urinating or defecating, alarm pheromone phenomenon, mice, 8758

goal orientation vs. aversion, electrodermal recovery rate, medical students, 6125

interstimulus interval & time estimation, signaled & unsignaled shock aversiveness, college students, 8472

introversion-extroversion, aversion to social isolation & corporal punishment, 3rd-5th graders, 6982

lithium chloride illness vs. pulsed vs. continuous electric shock, drinking, rats, 1878

lithium chloride multiple vs. single exposure, sodium chloride aversion, adrenalectomized & nonadrenalectomized rats, 8588 multiple schedule with component consisting of two-link chain, aversiveness of signaled vs. unsignaled shock, rats, 10756

olfaction & gustation loss, food aversion acquisition, rats, 6143 reaction to aversive event in free-responding situation, reactive vs. anticipatory responses, 490

static vs. alternating vs. pulsed vs. no magnetic fields, reactivity to fields & maintenance of stimulation level & behavioral & neurophysiological implications, bees, 326

tasting without ingesting by curarizing or infusing flavored solution into oral cavity, taste-aversion learning, rats, 377

**Aversion Therapy** 

altering temporal contingency between aversive scene CS & UCS using J. Cautela's covert sensitization procedures, aversion toward selected foods in weight control program, volunteers, 3008

aversive imagery therapy using hypnosis, 27 yr. old male clothing fetishist, 2865

aversive noise treatment, 19 yr. old stutterer, 9679

aversive stimuli changes, self-report overt behavioral measures of

aversive vs. nonaversive quality & contiguous presentation of UCS, covert sensitization, college students, 9639 avoidance conditioning, homosexuality, reply to T. MacDonough's

critique, 5007

cognitive dissonance arousal & reduction in therapist, therapy, 5063 covert conditioning & sensitization & positive reinforcement & self-instruction & self-reinforcement, clinical applications, 7347

covert sensitization therapy, male exhibitionists, 9306 effectiveness & mode of action, aversion therapy, 7563

electric aversion therapy, alcoholism & peripheral neuropathy, 60 yr. old male, 4967

electroshock aversion therapy, self-mutilation, severely mental defective females, 4994

learning paradigms in anticipatory avoidance technique, secondary homosexuality, comment on controversy between MacDonough & Feldman, 9787

low intensity shock contingent on reinforced response, suppression of alcohol-coke-maintained behavior, long-term alcoholics, 7420 negative practice applied contingently, smoking behavior, 7592

olfactory aversion therapy, 24 yr. old male homosexual, 11574 self-monitoring & mild aversion treatment, trichotillomania, 22 yr. old female, 2788

shock administration, stuttering, 21 yr. old male, case report, 11581 therapeutic measure using development of aversion against toxic liquid, 17 yr. old boy addicted to inhaling vapors of cleaning liquid containing trichlorethylene, 7566

timing-of-punishment & overt vs. covert response mode, cigarette smoking aversion therapy, 7477

visual imagery accompanied by electric shock, phobic behavior reduction, snake phobic Ss, 5001

Aversive Stimulation

aversive parental stimulation, attention deployment patterns, good & poor premorbid schizophrenics, 11372

aversive properties of withdrawing positive reinforcement, recent literature review, 1981

aversive stimulation, preference for familiarity, rats, 3982

aversive stimulus vs. rationale vs. mother vs. father as punitive agents, resistance to deviation behavior & self control, middle class Caucasian 14-16 yr. old males, 11091

aversive vs. nonaversive quality & contiguous presentation of UCS, covert sensitization, college students, 9639

beta adrenergic antagonist dl-isoproterenol hydrochloride vs. beta adrenergic antagonist dl-4-[2 hydroxy-3-isopropylaminpropoxy]indole, learned taste aversion mediation, rats, 1893

bogus heart rate feedback vs. noise increase vs. no change feedback in responding to noxious stimuli, GSR & verbal reports of discomfort & unpleasantness, college students, 3803 classical aversive conditioning procedure, sympathetic innervation

& influences on cardiac contractility vs. heart rate, dogs, 10574

classical aversive conditioning with random vs. repeated vs. single CS-UCS pairings, CR extinction, high vs. low anxiety undergraduates, 8435

control of aversive stimuli, prediction of stimuli, 1695

ECS induced amnesia, avoidance behavior recovery using ice water immersion as aversive training stimulus & footshock as recovery stimulus, rats, 6322

Fear Survey Schedule & Reinforcement Survey Schedule, delineation of reinforcing & aversive stimuli & therapeutic implications, 14-16 yr. old male juvenile offenders, 9316

imagined vs. real aversive stimulation, role playing & deception in social psychology experiments, college students, 11122 infant handling & aversive stimuli, adult & drinking behavior, rats,

locus of control, stress reactions to predictable & unpredictable aversive events, inmate volunteers, 11385

nonpainful aversive visual stimuli, vasomotor conditioning of finger pulse volume, high vs. low anxiety prone male college students, 1808

observational learning of aversive Pavlovian stimulus contingency, vicarious conditioned acceleration, rats, 2032

prenatal exposure to extreme low frequency rotating magnetic field, conditioned suppression, rats, 2026

prenatal exposure to extremely low frequency-low intensity rotating magnetic field, thyroid & testicle weight, rats, 1817

random vs. response-contingent verbal aversive stimulus, verbal disfluency frequency in reading passage, normal-speaking adults,

repetitive stimulation & aversive conditioning, cochlear microphonic & auditory-nerve action potential, cats with unilaterally tenotomized middle-ear muscles, 10635

stimuli paired with aversive stimulation schedules, reinforcing properties & discriminative cue preference, rats, 6362

stimulus light preceding timeout & point-loss periods & response cost, operant responding, college students, 8448 unexpected aversive stimulus, "freezing" & time to return to drinking, water-deprived rats from high avoidance & low avoidance & control avoidance strains vs. their parents, 566

vigilance, anxiety aroused by noxious event uncertainty, 849 Aviation (See also Flight Instrumentation, Spaceflight)

induced anxiety act, state & trait anxiety measures, Naval flight students, 1395

job satisfaction differences among 97 career ladders, interest & utilization of talents & training, airmen, 3392

parameters of decision making, aviation performance, aircraft pilots, 10131

small television-type raster displays in airborne applications, alphanumeric character legibility, 1417

technical feasibility, automation of ground control approach training in aircraft simulator, F-4 pilots, 1400 Aviation Safety (See also Air Traffic Control)

brief high-intensity airplane anticollision light backscatter, occipital EEG & heart rate & respiration & skin potentials & eyeblinks, instrument rated pilots & nonpilots, 3460

changing instrument inadequacies & suggested modifications, pilots, 5696 information required for instrument flight & altitude & direction

meaningfully vs. arbitrarily shaped coded or noncoded knobs, speed & accuracy of identification & operation during visual loading, test pilots & engineers & draftsmen, 5679

Aviators (See Aircraft Pilots) Avoidance

avoidance probability & sex differences, 1-way vs. shuttle-avoidance performance, rats & gerbils, 478

bilateral septal vs. cortical control lesions & shock escape & avoidance & food reinforcement, discriminative responding, rats, 6285

British Mark VII Submarine Escape Immersion Suit vs. U.S. Navy Steinke Hood & side- vs. tube- vs. top-egress escape trunk & team size, egress capability, submarine escape training instructors, 3443

extinction, aggression intensity for avoidance or escape from aversive tone, college students, extension of J. Kelly & D. Hake's research, 10435

- high & low demand instructions, behavioral avoidance & confinement time & anxiety & heart rate & respiration, claustrophobics, 3813
- lesions of amygdaloid & corticomedial amygdaloid nuclei, freezing & avoidance of unconditioned & conditioned threat stimuli, male rats, 6228
- perceptual & locomotor memory components, escape & avoidance learning, male rats, 4036
- social modeling vs. desensitization, dentist avoidance, 11763
- social organization of touching initiated by nursing staff, touch avoidances, extremely disabled elderly in geriatric setting, 11807
- Avoidance Conditioning
  (+)-amphetamine sulphate dosage, conditioned anxiety & suppression of bar pressing, rats, 1849
- (8-lysine)-de -9-glycinamide -vasopressin vs. lysine vasopressin & lysine vasopressin after tryptic digestion, extinction of avoidance response & endocrine activity, rats, 372
- abnormal responsiveness to electric shock, altered rates of acquisition & extinction of avoidance behavior, adrenalectomized & hypophysectomized rats, 10622
- ACTH & lysine vasopressin & vasopressin & oxytocin, passive avoidance, rats, 1903
- age differences & CS-UCS interval, instrumental conditioning & avoidance behavior & extinction curves, crayfish, 6437
- age differences, avoidance conditioning & retention, rats, 530 age, acquisition & retention of active & passive avoidance learning,
- rats, 8722 amnesic agents, step-through latency in passive avoidance tasks &
- amnesic agents, step-through latency in passive avoidance tasks & role of stress, 438
- amphetamine & hydroxyamphetamine & dihydroxyphenylalanine & 5-hydroxytryptophan & reserpine & syrosingopine & methyl-ptyrosine & p-chlorophenylalanine & chlorpromazine & cyproheptadine, amphetamine state conditioned avoidance & recall, albino rats, 446
- appetitive CSs, instrumental avoidance behavior, 10765
- auditory CS & intertrial interval variation, Pavlovian cessation conditioning, dogs, 6412
- auditory stimulus paired with reduction in incentive quantity, active avoidance, rats, 564
- aversive conditioning, heartrate & general activity & panel pressing, dogs, 332
- avoidance acquisition, electrocorticogram & EKG & EMG arousal threshold with tone as stimulus, rats, 337
- avoidance conditioning & shock, GSR & heart rate, college students, 3820
- avoidance conditioning using light as CS & brief shock as UCS, general activity, goldfish, 2001
- avoidance contingency with vs. without supporting escape contingency, operant responses, rats, 1980
- avoidance of unreinforced hues, honeybees, 506
- azaphen & imipramine & subsequent amphetamine, shock avoidance reflex, rats, 1933
- bait shyness occurring when flavor CS is followed by illness UCS, prolonged CS-UCS interval, role of gustatory system, rats, 4018
- bilateral frontal pole vs. anterior-medial vs. posterior medial vs. occipital cortical brain lesions, retention of passive avoidance learning, mice, 1874
- blocked trials duration & number & total time, avoidance extinction, rats, 6426
- chlordiazepoxide & drug-state changes, 2-way shuttle avoidance, rats, 6276
- classical vs. nondifferential punishment extinction procedures & discriminative cues, discriminated barpress avoidance, rats, 6387
- compounding discriminative stimuli controlling variable-interval limited-hold avoidance, response summation, dogs, 8740 concurrent appetitive-aversive schedules, nondiscrimination avoid-
- ance extinction, rats, 6407 conditioned avoidance training, polyribosomes of brain, mice, 1830 contingency probability schedule, acquisition & maintenance & elimination of avoidance & GSR & heart rate response, 3681
- cortical spreading depression, instrumental avoidance learning, rats,
- counterconditioning vs. forced exposure, extinction of avoidance responding & conditioned fear, rats, 10792
- CS exposure length & blocking of response, rapid elimination of avoidance behavior, rats, 6346
- CS paired with avoidable vs. unavoidable shock, alteration of Sidman avoidance baselines, dogs, 4051

- cyclazocine & LSD, Sidman discriminated-avoidance performance, rats. 1967
- D-9-tetrahydrocannabinol, avoidance & food-reinforced responding, adult male monkeys, 3895
- depletion of peripheral sympathetic noradrenaline induced by hydroxydopamine, escape & avoidance responding, rats, 8610
- dexamethasone & early experience with electric shock, adult avoidance behavior, rats, 1879
- diazepam & methylphenidate prior to shock traumatization in infancy, avoidance conditioning in adulthood, rats, 10620
- differential properties of compound eye system & caudal photoreceptors, light stimulus habituation & avoidance learning, normal vs. eyeless crayfish, 270
- domestication, reproduction & social dominance & unsignaled operant & active & passive avoidance & bar-pressing for water, wild vs. domestic rats, 6352
- ECS & scopolamine & physostigmine, acquisition of 1-way avoidance task, rats, 10610
- ECS induced amnesia, avoidance behavior recovery using ice water immersion as aversive training stimulus & footshock as recovery stimulus, rats, 6322
- ECS, passive-avoidance behavior & amnesia during acquisition & consolidation & testing, rats, 8653
- consolidation & testing, rats, 8653 ECS, 1-trial discriminated avoidance, rats, 1951
- electrical septal stimulation & lesions, escape & avoidance learning & brain histology, lizards, 6315
- electrolytic lesions of centrum-medianum & parafascicularis complex of thalamus, acquisition & retention of active-avoidance responses, rats & cats & monkeys, 375
- enriched or standard laboratory environment, long-term retention of avoidance learning, rats, 532
- enriched vs. wire-mesh cage environment, discriminated avoidance learning, aged rats, 4004
- epileptic foci in visual cortex due to penicillin applications, passive avoidance learning, rats, 3850
- escape pretraining & bilateral spreading depression, active avoidance acquisition, rats, 1924
- food deprivation, free-operant avoidance behavior & body weight, rats, 10755
- food-shock conflict, experimental neurosis, cats, 6364
- free-operant avoidance conditioning, lever attacking behavior, rats, 10766
- genetic analysis, shuttle-box avoidance learning & wheel-running activity, inbred strains of mice & their hybrid crosses, 6169
- habituation to food, conditioned aversion to food paired with atropine methylnitrate injections, rats, 3974
- head-poke response vs. leverpress as avoidance operant, rats, replication of A. G. Forgione's discriminated avoidance procedure, 8716
- hippocampal lesions, passive avoidance consolidation time, rats, 10669
- hippocampal lesions, shuttlebox avoidance behavior & discussion of fear hypothesis & associated adrenocorticotropic hormone levels, rats, 6218
- hippocampectomy, discriminated over-press avoidance acquisition, rats, 3953
- hippocampus stimulation, conditioned avoidance acquisition speed, male cats, 1877
- increase over time in stimulus generalization to apparatus, frequency & probability & amplitude of avoidance CRs, rabbits, 501
- individual housing duration, avoidance acquisition & extinction & plasma corticosterone basal level, rats, 6165
- intercorrelation of experimental observation methods, exploratory & motor behavior & learning & conditioning, albino rats, 477
- intracisternal injection of 6-hydroxydopamine, behavioral task performance & whole brain norepinephrine levels & behavioral stimulation produced by d-amphetamine & foot-shock-induced aggression & active avoidance acquisition, rats, 1953
- ip injection of 6 hydroxydopamine vs. vehicle solution vs. removal of adrenal medullae vs. sham operation, adrenaline or peripheral noradrenaline depletion & passive avoidance, rats, 1859
- L-dopa, prevention of haloperidol-induced blockade of conditioned avoidance response, rats, 6310
- lithium chloride illness vs. pulsed vs. continuous electric shock, drinking, rats, 1878
- localized ECS, impedance of taste aversion learning, rats, 6286 loss vs. lack of control over shock, subsequent ability to learn shock avoidance & emotional arousal, college students, 1754

lysine vasopressin subcutaneous injections after training vs. before retention trial & shock vs. no shock, passive avoidance learning & resistance to extinction, rats, 6214

magnesium pemoline, performance on 1-way avoidance task in absence of discrete CS vs. excitatory properties of strong CS, rats, 1858

medazepam, conditioned avoidance response & maze behavior, rats,

morphine sulfate multiple injections, shuttle-box behavior, rats,

multiple classical conditioning trials within each t-maze trial, t-maze learning, earthworms, 10781

object novelty, learned avoidance of unpalatable prey, chicks, 6432 operant conditioning & shock, intestinal relaxation & contraction discriminative shock-avoidance learning, curarized rats, 6092 oxazepam, conflict behavior & avoidance learning deterioration,

male rats, 3962

p-chlorophenylalanine, Sidman avoidance response, rats, 3963 Pavlovian analysis, avoidance conditioning, goldfish, 10794

perceptual & locomotor memory components, escape & avoidance learning, male rats, 4036

piracetam vs. saline & hypoxia, passive avoidance training, rats, 452 plasma-corticosterone levels, pituitary-adrenal function during shuttle-box avoidance learning, rats, 10536
posttrial injections of amphetamine & pentylenetetrazol &

strychnine, performance in Lashley III maze & shuttle box, rats,

prefrontal lesions, avoidance & escape reflexes, cats, 8699 pretraining compatible & incompatible responses, subsequent oneway & shuttle-avoidance performance, rats, 10698

pretrial vs. posttrial administration of picrotoxin vs. sodium pentobarbital, learning & memory of shuttle-box avoidance response, goldfish, 8639

probabilistic shock schedules, acquisition & asymptotic responding & extinction of avoidance response, rats, 6406

prompt signal offset, shuttle box avoidance response maintenance,

punishment & response prevention of avoidance responding, immediate generalized & enduring effectiveness, college students, 5962

radiation- & lithium-chloride, conditioned taste aversions, rats, 10594

reaction to aversive event in free-responding situation, reactive vs. anticipatory responses, 490

reestablishment of continuity with training situation, prevention of ECS-induced amnesia for passive avoidance task, rats, 3851

relief sequence & magnitude, avoidance conditioning, 8485 response prevention, repeated acquisition & extinction of avoidance,

response-independent shocks, conditioned avoidance responding, rats. 6415

response-independent shocks, extinction & maintenance of avoidance behavior, rats, 2005

response-shock interval & shock intensity, free operant avoidance responding, pigeons, 4035

ribaminol, discriminated leverpress avoidance learning, 1864 RNA & protein & both brain extracts injections from trained

donors, active-passive dark avoidance, rats, 3979 RNA-fraction extract from trained Ss intracranial injections &

extract concentration, avoidance learning, goldfish, 6225 RNA-protein brain extracts from trained vs. control Ss injected

intracranially & injection-testing interval, avoidance behavior, goldfish, 6231 RNA-protein brain extracts intracranially injected & donor

performance level, nonreinforced avoidance behavior, goldfish, safety signals, extinction of discriminated avoidance response,

female rats, 8721

scopolamine & benzacine & galanthamine, passive avoidance conditioning & memory, mice, 10634

scopolamine & d-amphetamine, avoidance facilitation, rats, 3854 scopolamine & scopolamine methyl nitrate & amphetamine & lorazepam & chlorpromazine, conditioning of food aversions, rats, 3858

scopolamine hydrobromide & methylscopolomine hydrobromide, passive avoidance response retention, mice, 390

scopolamine, passive avoidance learning & retention & locomotor activity, male mice, 462

scopolamine, spontaneous motor activity & avoidance response acquisition, male albino rats, 444

scopolamine, u-shaped retention curve of partially learned shuttle avoidance response, rats, 3969

Securigera Securidaca seed & extract & day & time of treatment, conditioned avoidance & serotonin depletion effects, mice, 6215 selective hippocampal complex deafferentation, avoidance behavior, rats, 3973

sensitivity & response topography to shock, between strain variation in rate of avoidance learning, mice from 6 strains & hybrids, 339

septal area lesions, running-wheel avoidance behavior, rats, 3967 septal lesions, acquisition of nonappetitive passive avoidance tasks, rats, 1958

septal lesions, free-operant avoidance task performance, rats, 6292 septal lesions, passive avoidance task performance, gerbils, 10602 septal lesions, punishment of free-operant avoidance responding, rats, 3961

septal lesions, suppressive effects of punishment of operant responding, rats, 3960

septal vs. dorsal hippocampal vs. ventral hippocampal lesions & pre-vs. postoperative approach training, conflict resolution, rats, 8613 shock intensity & age & genotype, passive-avoidance conditioning, mice, 330

shock intensity & duration, Sidman avoidance acquisition & prediction from 1st session response, rats, 6420

shock-elicited defensive behavior, passive avoidance performance, rats. 1971

shock-induced aggression & free operant avoidance training & unavoidable shock, fighting in response to shock, female rats,

species-specific defensive behavior similarity & shock & appetitive motivation, thigmotaxis & avoidance behavior acquisition rates, rats, 6379

stimulus relevance, control of drinking & conditioned fear responses, domestic chicks, 547

substantia nigra & caudate nucleus lesions, avoidance learning, rats,

successive competition DNA-RNA hybridization, detecting presence or absence of qualitative changes in RNA species during shock avoidance conditioning, 10541

synthetic rat scotophobin intracranial injections, light vs. dark

avoidance learning, goldfish, 6233 tetrahydrocannabinol, learning & retention of avoidance performance, rats, 8628

time-correlated stimuli, response patterning on avoidance schedule, rhesus monkeys, 10741

training in 2-way shuttle avoidance, generalization in extinction along frequency & intensity dimensions of CS, rats, 8711

transcorneal electroconvulsive shock, recovery from amnesia for avoidance behavior, rats, 1913

trifluoperazine administration at 5-10 vs. 11-16 vs. 17-22 vs. 23-28 days old, avoidance conditioning at 75 days old, infant rats, 1872 unilateral vs. bilateral aspiration lesions & contralateral irritative

lesions of hippocampus vs. overlying neocortex, brightness discrimination & avoidance learning, rats, 1966 unsignalled avoidance behavior in shuttlebox during acquisition &

visual CS & nonlight stimuli, high response levels under massed practice & avoidance levels, C3H & DBA mice, contribution to J. Wilcock & D. Thiessen's review, 6103

water deprivation & CS preexposure duration, taste-aversion learning, rats, 6365

water deprivation, acquisition & performance of conditioned taste aversion, rats, 4015

within-Ss vicious circle effect & punished extinction phases, selfpunitive avoidance behavior, gerbils, 1973

6-hydroxydopamine-induced neonatal sympathectomy, open field activity & avoidance learning & retention & sexual behavior & endogenous norepinephrine in lower brainstem & cerebral cortex & hypothalamus, rats, 6299

ability & motivation, currency of professional knowledge, engineers,

abstraction vs. sensory awareness & need for their reunification, conversation with R. Arnheim, 6905

attention & awareness in continuous verbal test, heart rate, therapists & college students, 8565

attribution of arousal to electric shock vs. sexually exciting story vs. nonawareness, self-ratings of anger & aggressive behavior, male college students, 6810

audiovisual presentation of selected writings & slides & background music, awareness of emotions & feelings, college students, 11833 awareness of immediate university situation & larger political

events, alienation, college students, 11073

awareness of response alternatives, cloze task performance, college students, implications for search & retrieval paradigm, 10514

awareness training, nonverbal perception, 11187 awareness, skeletal muscle EMG response training & retraining, 8525

conflict paradigm, race awareness, 2nd graders, 10951

demand-characteristics phenomena, verbal operant conditioning,

direct vs. vicarious vs. perceived racial conflict, awareness of different black liberation groups, black vs. white 7th-12th graders,

feelings of competence & pressure to conform, compliance & manipulation awareness, 4439

information vs. cooperation vs. information-cooperation preexperimental instructions, awareness in verbal conditioning, college students, 3755

interpersonal manipulation, perception of manipulator & awareness & effectiveness of manipulative intent, 4440

knowledgeability & alienation & educational expectations & perception of school facilities, decision to send child to integrated school, black mothers in southern black community, 663

level of training in behavioral objectives & possession of objectives, attitudes toward & use of objectives in learning task, college students, 12019

synchronization vs. pseudo-synchronization, cadence frequency, informed vs. naive Ss, 10312

theoretical context & definition of opposite & restrictions on its conceptual domain & conceptualization of openness to affective experience as perceptual-symbolic process, Roger's concept of openness to experience, 4529

therapeutic goals awareness, therapeutic movement, 11678

verbal operant conditioning awareness, learning, college students, 10378

Axons

axon length, dissipation of visual & kinesthetic aftereffects, college students & 14-15 yr. olds, 5897

electrical junctions & dendrite spikes in fast flexor motoneurons, escape behavior, crayfish, 8581

EMG, double discharge in partially denervated muscles & association with axon reflex, patients, 7285 selective depletion of excitatory & inhibitory axon synaptic vesicles,

crayfish, 8495 Babbling (See Infant Vocalization)

Babies (See Infants)

Babinski Reflex

age & sex & reproductive status, aggressive behavior, free-ranging chacma baboons, 2038

cervical sympathetic nerve trunk stimulation & intracarotid levarterenol infusion, cerebral blood flow, baboons, 8624

display patterns & social relationships over 5 yr. period, zoo group of Gelada baboons, 2047

L-5-hydroxytryptophan & D, L-parachlorophenylalanine, behavior-al & electrographic effects with preexisting photosensitivity & epileptiform activity, baboons, 8685

percutaneous peripheral nerve stimulation, summated cortical evoked responses, deafferented monkeys & baboons, 8603

Back (Anatomy) (See also Lumbosacral Region)

camptocormia & associated psychological symptoms, review & case report, 7105

Background (Family) (See Family Background)

Backward Masking (See Masking)

Bacterial Disorders (See also Bacterial Meningitis, Gonorrhea,
Pulmonary Tuberculosis, Syphilis, Tetanus (Disease), Tuberculosis)

**Bacterial Meninoitis** 

disturbances in figure-ground perception & visual-motor coordina-tion & attention & RT, bacterial meningitis during childhood, 4824

Badminto

Bahama Islands

Balance (See Equilibrium)

Ballet (See Dance)

**Bannister Repertory Grid** 

extension of Bannister's method & outcome of computing program, coefficient of convergence for consistency measurement in repertory grids, 8245
Repertory Grid Test measurement of loose contruing" concept

derived from personal construct theory, 9281

Barbital

barbital prolonged administration & subsequent withdrawal, behavior & EEG & brain cortical g-aminobutyric acid content, rats, 6226

sodium barbital, deprivation-induced water consumption, rats, 8641

**Barbiturate Poisoning** 

Barbiturates (See also Amobarbital, Barbital, Hexobarbital, Methohexital, Pentobarbital, Phenobarbital, Secobarbital, Thiopental)

alchohol & marihuana & LSD & D-amphetamines & barbiturates & heroin use, 28 yr. old male, 4771

anxiety & depression syndromes, heroin vs. barbiturate vs. amphetamine use, young inpatient addicts, 4721

barbiturate & hydantoin group drugs, g-aminobutyric acid content in cerebral hemispheres, mice, 8668

barbiturates & tranquilizers, clinical observations & EEG, children with sleep disturbances, 7620

blood barbiturate levels, psychological or physiological nervousness prior to dose & drug metabolism, barbiturate-dependent patient, 2767

chronic administration of barbiturates with phenmetrazine, differential diagnosis of resultant psychosis, 2 case reports, 3064

demographic & social & behavioral & psychological characteristics, usage patterns for marihuana & amphetamines & opium & LSD

& barbiturates & cocaine & glue & heroin, college students, 4324 diazepam &/or barbiturates, ECS therapy, narcosis patients, 9553 gallamine triethiodide vs. pentobarbital, visual electrocortical

response maturation, kittens,, 448

marihuana & LSD & mescaline & amphetamine & barbiturate & alcohol use, 14 23 yr. old Peruvian psychiatric patients from upper & middle class stable homes with psychological disturbances preceding drug use, 2651 narcotics & LSD & marihuana & amphetamines & barbiturates,

National Institutes of Mental Health supported research & education & information programs, 3847

orbital cortex ablation, persistent thalamic & cortical barbiturate spindle activity, cats, 6242 outpatient psychotherapy vs. hospitalization, amphetamine & barbiturate & hallucinogen abuse, persons attending walk-in psychiatric clinic, 1092

paraldehyde & barbiturates & phenothiazine & butyrophenone & antihistamines & benzodiazepine, alcohol withdrawal treatment &

complications, 9613

perceived family closeness, marihuana & LSD & barbiturate & amphetamine use, 12-22 yr. old students, 4355

phenobarbital as substitute for secobarbital or pentobarbital or tuinal, outpatient barbiturate withdrawal program, 5028

tobacco & alcohol & marihuana & LSD & mescaline & barbiturate & amphetamine use, Bender-Gestalt Test performance, college students, 6647

Bargaining

cooperative vs. competitive dyadic situation, intergroup mixedmotive bargaining, college students, 2332

cooperative vs. exploitative perception of opponent & constituent trust vs. distrust & contingent vs. noncontingent fee, bargaining behavior, negotiators, 758

dyadic game-type experiment, acquisition of information, 2457 emotional stability & radicalism/conservatism & personal relations & theoretical value & exhibition & cooperativeness, behavior in 2person bargaining game, 785

extremity of offer & concession rate & relative information about payoffs, bargaining outcomes, college students, 4382

payoffs, bargaining outcomes, college students, 4362 magnitude of offers made by opponent & alternative to bargaining relationship, magnitude of subjective utility parameters in tacit bargaining game, junior & high school students, 6861 nonbinding suggestion vs. binding decision vs. selection of best of bargainer's proposals vs. no 3rd party intervention & high-vs. low-need to save face, bargaining behavior prior to vs. after intervention, male college students, 774

opponent's concession rate & information about opponent's payoff schedule, bargaining behavior, college students, 9078

representational role obligations & sex differences, distribution of resources, 7-15 yr. olds & 7th 8th graders, 6801

structural game characteristics & situational variables, behavior in bargaining & negotiation tasks, 6797

task-relevant information & strategy formation & group vs. individual preparation, bargaining toughness in dyads, undergraduates, 775

variable perspective, bargaining perspective & process in simulated labor-management dispute, college students, 11042

Barometric Pressure (See Atmospheric Conditions)

Baroreceptors

**Barrett Lennard Relationship Invent** 

**Barron Welsh Art Scale** 

Basal Ganglia (See also Amygdaloid Body, Caudate Nucleus, Globus Pallidus) dysfunction of basal ganglia, psychomotor slowing, aged & brain-

damaged Ss, 984

L-dopa, urinary excretion of L-dopa & dopamine & homovanillic acid & vanilmandelic acid & cerebrospinal fluid & basal ganglia concentrations, Parkinson's disease patients, 2903

psychotropic drugs, basal ganglia dysfunctions, 2830

**Basal Metabolism** 

chlorpromazine & amphetamine, basal metabolism & conditioned reflex activity under stress conditions, rats, 1918

Basal Readers (See Reading Materials)

**Basal Skin Resistance** 

Baseball (See Sports)

Basketball

Bass (Fish) **Bass Famous Sayings Test** 

Rate **Battered Child Syndrome** 

Bayes Theorem (See Statistical Probability)

Beavers

Beer

choice of beer brand, descriptions of personalities of buyer, 10186 group discussion & beer, modification of risk preferences in decision making, 24-40 & 58-68 yr. old men, 3860

Bees

avoidance of unreinforced hues, honeybees, 506

delayed vs. immediate reinforcement, color learning, honey bees, 8729

static vs. alternating vs. pulsed vs. no magnetic fields, reactivity to fields & maintenance of stimulation level & behavioral & neurophysiological implications, bees, 326

threat by hornet, group defensive behavior of clustering & rocking

& oscillating & vocalizing, Eastern honeybee, 546

Beetles

**Behavior Change** 

acoustic stimulus duration, increased behavioral responses, newborn infants, 10871

behavior contrast, children, 10927

chemical environment, behavioral adjustment, 723

consultation & behavior modification, behavior change & psychosocial implications, problem children, 7701

feedback of information about values & attitudes of self & others, long-term cognitive & behavioral change, college students, 6747 inexact personality interpretations, behavior change in therapy,

knowledge & attitude effects on behavior, 3329

levodopa, hyperkinesia & behavioral changes, monkeys, 10674 modified 6 Area Framework concept, behavioral patterns in community development, 2379

own-behavior expectation prediction & behavioral conformity prediction to conflicting expectations concerning performance, expectational formation & behavior, 2385

psychophysiological measurement, behavioral change, 9686 reducing environmental stress & increasing varieties of sensory stimulation through compensatory environment program, behav-ior change, profoundly retarded adults with severe behavior problems, 11659

religious salvation, emotional & behavioral changes, 15-75 yr. old Protestants, 4367

self-attribution, maintenance of behavior change following treatment, obese Ss. 7578

tetrahydrocannabinol, monitored behavioral changes & RT metabolism of cerebral serotonin, rats, 8616

Behavior Disorders (See also Addiction, Alcoholism, Antisocial Behavior, Attempted Suicide, Battered Child Syndrome, Cheating, Child Abuse, Confabulation, Crime, Deception, Drug Abuse, Drug Addiction, Head Banging, Heroin Addiction, Homicide, Juvenile Delinquency, Korsakoffs Psychosis, Maling-ering, Nail Biting, Pathological Lying, Rape, Recidivism, Self Mutilation, Shoplifting, Suicide, Tantrums, Theft, Truancy, Wernickes Syndrome)

academic remediation program using behaviorally oriented principles, social behavior & academic improvement, 2nd & 6th

grade behavior problem children, 7932

atypical patterns in locus of control, nonadaptive behavior, black & white 8-10 yr. old males & high & low IQ 8-14 yr. old males & females, 2456

auditory vs. visual proficiency, 7-13 yr. old normal 3rd-6th graders vs. 11-16 yr. old behaviorally disordered 5th-7th grade boys, 8294 behavior diagnostic system, disturbed classroom behavior syndromes, elementary school students, 12082

behavior disorders, school-aged children, book, 940

behavior management training program, performance in day camps including children with behavior problems, counselors, 9256

behavior modification training, response patterns toward problem children, teachers, 5377

behavior modification, 4-11 yr. old severely disturbed children, 3018 behavior problems, young children, book, 2637

causes, running away from residential center, adolescent girls, 7536 computer analysis of telemetered brain waves, automatic recognition of ritualistic behaviors, freely moving chronic schizophrenic,

congenital background, behavior disturbance, 7309

contingency management using recess time loss as punishment, elimination of disruptive classroom behavior, institutionalized retarded adolescents, 1142

contingent mother availability, aversive & prosocial behavior in mildly aversive situation, 2-3 yr. olds, 9574

droperidol, agitation & self-destructive & combative behavior, emergency room patients, 9701

early diagnosis & prevention & treatment, abnormal infants, 981 early intervention, outcome differences, children with behavior disorders, 7405

expectancy estimates for success, normal vs. conduct disturbed 8 12

yr. old boys, 10013 factorial dimensions of problem & nonproblem behaviors, diagnostic categories for children's disorders, 4 & 5 & 6 yr. olds,

family council involvement, reeducation of child who destroys another's property, 4977

field-dependence & impulsivity, 8-13 yr. old males with serious vs. moderate behavioral & learning disorders, 3219

Goodenough Draw-A-Person Test vs. Picture Interpretation Test vs. Quick Test Form, 6-13 yr. olds with behavior or learning or emotional difficulties, 2652

institutional reinforcement of retarded behavior, 11554

intelligence testing & developmental task approach, psychoeduca-tional programing, children with learning & behavioral problems,

length of stay in holiday camps & psychodrama & group therapy & leader ratings & sociometric test, diagnosis & treatment, boys to 15 yr. old with behavior disorders, 1222

methylphenidate, classroom conduct & personality problems & deviant behavior & student-teacher interaction, emotionally disturbed & disruptive & poor school adjusted children, 7474 milieu therapy, self-injurious behavior, institutionalized elderly,

monoamine metabolism disorder resulting in behavior deviations, genetically based minimal brain dysfunction in latency-age children, supportive literature review, 4897

operant conditioning by psychiatric patient-mother, deviant child, 5150 parental anxiety & child behavior disorder, direction of causality,

11432

perceptual-motor & behavior problems identification checklist, children, 7293

persistent disturbance vs. spontaneous improvement, behavior disordered children, longitudinal study using E. M. Bower's screening device, 9909

personalities of mothers & children, mother-son interaction, Caucasian mothers & normals vs. withdrawn vs aggressive behavior disordered sons. 1070

physical & psychic & social personal conditions vs. level of aspirations, behavioral disturbances, 2742

pretherapy measures of experiencing & adjustment levels, shortterm play therapy outcome prediction, 8-12 yr. old boys referred to child guidance center, 2846

Raven's Progressive Matrices & German version of WAIS,

behaviorally disturbed 14-19 yr. olds, 4823

reducing environmental stress & increasing varieties of sensory stimulation through compensatory environment program, behav-ior change, profoundly retarded adults with severe behavior problems, 11659

rewards vs. costs & teacher ratings vs. self-ratings in token economy program, disruptive behavior & reading skills, adolescents in psychiatric hospital school, 5077

small group methods of special classes & social group work services, integration of mental health concepts in schools, educationally handicapped secondary school students, 3238

social class & similarity to own child's maladaptive behavior, treatment-seeking attitude, parents of problem vs. normal children, 5169

stereotactic hypothalamotomy procedures & results, behavior disorders, 1223

suicidal behavior, medical & social implications, 2657

systematic presentation of academic material & differential reinforcement, disruptive behavior & academic performance, disruptive educable mentally retarded 12-13 yr. old boys, 3091

teacher ignoring & praise, teacher-directed vs. child-directed talk & child-directed social behavior & use of girls' toys & appropriate vs. disruptive class behavior, 7 yr. old retarded boy, 1356

thioridazine & dextroamphetamine, behavior & cognition, elementary school students with behavior disorders, 9590

timeout from positive reinforcement & social isolation, classroom disruptive behavior, mentally retarded children, 7989

token economy & nonpunitive discouragement of bad behavior, social & learning behavior, hyperaggressive boys & normal 2-4 yr. olds & nontalking ghetto & autistic children, 7833

token economy operant conditioning, character or behavior disorders, active duty U. S. Army personnel, 9724 token economy, disruptive behavior, retarded children selected as

behavior problems in nursery school, 3092 training parents in group situation to use behavior modification techniques, maladaptive behavior frequency, learning disabled children, 5255

Turner's syndrome with epilepsy & mental deficiency & behavioral disorders, 13-yr-old boy, case report, 939

XYY syndrome, mental subnormality & genital abnormalities & behavior disorders, males under 14 yr. old, 11417

Behavior Modification (See also Aversion Therapy, Behavior Therapy, Classroom Behavior Modification, Management, Implosive Therapy, Reciprocal Inhibition Therapy, Systematic Desensitization Therapy, Token Economy Programs)

actual vs. imagined fear stimulus, covert reinforcement, fear reduction, female student nurses, 11601

adult model offering contingent praise, acquisition & generalization of question-asking behavior, disadvantaged Mexican-American 2nd graders, 5587

ambiguous vs. nonambiguous stimuli, training in prepositional usage, 3 & 5 & 7 yr. old autistic children, 2733

anthropological critique, behavior modification, 4959

assertive training using videotape-mediated models & directed practice, psychotherapy patients, 9735 assessment instruments, behavior modification treatment strategy &

progress, survey of behavioral psychologists, 7190

autoshaping techniques, operant conditioning, institutionalized mental retardates, 4939

behavior management training program, performance in day camps including children with behavior problems, counselors, 9256 behavior modification & drug therapy, token system, retarded

women, 2947

behavior modification & linguistic procedures & interpersonal events, approach to speech development & remediation, 7642

behavior modification in improved grooming, self-esteem & ward behavior, hospitalized psychotics, 9576 behavior modification principles & observational techniques training, residential treatment effectiveness, child care workers,

behavior modification program, behaviorally retarded institutionalized males, 2873

behavior modification teaching methods instruction, programed instruction for severely handicapped children, teaching volun-

behavior modification techniques, nurse-patient interaction, nurses & children, 9712

behavior modification techniques, rehabilitating drinking drivers, 11656

behavior modification training & intervention strategies, changing children's behaviors, parents, 4253

behavior modification training program, psychiatric residents, 2860 behavior modification training, exceptional children as therapists, younger learning disabled children, 1161

behavior modification use & criticisms, mental hospitals, 5117

behavior modification vs. counseling training sessions, attitude toward student problem behavior, high school teachers, 5484

behavior modification, howling, 7 mo. old Basenji dog, 6447

behavior modification, mentally retarded, 2798 behavior modification, mentally retarded, book, 3056

behavior modification, occupational therapy, state hospitalized retardates, 2916

behavior modification, therapeutic recreation, institutionalized retardates, 2989

behavior modification, use of technology to turn analogy & paradigm into theory, 7544

behavior modification, verbal behavior, autistic children, literature review, 7470

behavior modification, 4-11 yr. old severely disturbed children, 3018 behavior reinforcement & learning theory, counselor training, student teachers, case report, 11287

behavior theory & behavior modification, integrative theory of

psychological usage in individuals, book, 2906 behavior therapy methods & theories & systematic desensitization vs. behavior modification, 4960

behavioral imitative procedures, therapeutic language training, preschool ghetto children, 7942 candy vs. token reinforcers & reinforcement schedule & sex & over-

vs. underconformity, response rate, 11-16 yr. old retardates, 2743

conditioned hope & success stimulus, fear & maximum jumping height decisions, 15-17 yr. old males, test of Mowrer's 2-factor learning theory, 3641

contingency contracting, weight control, 18-33 yr. olds, 1185 degree of effort & payoff contingencies, trash recycling, middle class

families, 6669

duration of isolation period, suppression of aggression & tantrums & self-destruction, 7-21 yr. old institutionalized retardates, 1252

extinction & counterconditioning vs. timeout & extinction & counterconditioning vs. timeout & counterconditioning, behavior modification in marble dropping task, preschoolers, 10820 financial resources & administrative structure & support &

consultants, behavior modification program implementation, 2874

hierarchy reinforcement system, behavior modification, trainable mentally retarded children, 12056

home training program with monitoring & reinforcement, automat-ing articulatory responses, children, 10500 imitation & verbal command teaching methods, verbal behavior

modification, 3 yr. old hearing impaired girl, 4940

immediate feedback via use of wireless FM microphone & receiver, behavior modification in classroom, student teachers, 3318 informational feedback, weight loss, obese Ss, 7606

initial ward-wide programs, behavior modification, retarded children, 2852

initially fearful & terminally fearless vs. initially & terminally fearless model behavior, snake-phobic female college students,

institutional reinforcement of retarded behavior, 11554

instructions & verbal models & verbal conditioning, modification of verbal behavior, 6021

intensive teaching unit, improved behavioral skills, severely & profoundly retarded women, 2796

learning, formation & modification of habits, book, 11215

liabilities vs. assets experimental behavior chains training, smoking rate, smokers, 9768

live modeling & role-playing & discussion vs. contingency system rewarding imitative social responses during role-playing on continuous schedule vs. verbal-symbolic-modeling approach in groups, antisocial behavior, institutionalized male adolescent offenders, 9754

maternal verbal reinforcement play behavior modification, 3 yr. old, 10388

mother reinforcement for observing & modeling her child's therapist, maladaptive parent-child interaction changes, hyperactive retarded 4 yr. old boy & his mother, 1226

motivation & face validity of treatment presentation & daily record keeping vs. double satiation treatment method, modification of smoking behavior in treatment follow-up, 5177

multifactorial treatment approach, teaching adaptive anger respon-

ses, 19 yr. old self-burning female, 11731

nondirective play therapy vs. insight methods vs. behavioral modification vs. developmental vs. traditional group counseling, school achievement & adjustment, kindergartners to 6th graders,

operant based training program, modifying parental child management behavior, parents with behavior problem children, 11638

operant conditioning techniques & systematic desensitization, treating depression, literature review, 11759

operant conditioning techniques in treatment, mentally ill children,

operant conditioning, behavior modification, preschoolers & 3rd & 7th & 9th graders, 11908

operant conditioning, control of nocturnal enuresis, 7 yr. old girl,

operant techniques, vocational behavior modification, moderately to severely retarded adolescents, 7669

parent training program in use of behavior modification, parents of retardates, 11603

parental in-home token reinforcement, social & chore behaviors, 5 10 yr. olds with behavior problems, 11570

parental self-recording, contingent attention to & increase of appropriate child behavior, mothers of deviant 5 yr. olds, 1148

positive reinforcement of incompatible behaviors, intraspecies aggression reduction, rats, 10702

power-dependence relations, psychotherapeutic interaction, 9649 programmed instruction manual in behavior therapy & modification techniques, book, 7539

psychoanalytic & operant approaches & programed techniques, reading problems amelioration, 7746

psycholinguistic theory & behavior modification techniques, language training, mental retardates, 7388

punishment of preseizure behavioral chain components, seizure control, children, 9819

restraint of crawling & priming of walking procedure, locomotion, profoundly retarded children, 1199

role playing vs. lecture method, teaching behavior modification, female institutional attendants, 11291

selective operant conditioning, deconditioning assertive modes of behavior, 45 yr. old female, 2944

self-control program using behavior modification techniques, reducing smoking, 5047

self-modification, suppression of inflammatory scratching, 21 yr. old female, 11804

self-reporting & peer-reporting, room cleaning behavior, 12-16 yr. old boys in behavior modification program for delinquents, 11600 shaping group participation, behavioral changes & reduction in stuttering, 9667

social modeling & planned vicarious reinforcement, number of & knowledge acquisition of & level of interest in modeled behaviors

& counseling implications, 10th & 11th graders, 1174 stimulus satiation & presence vs. absence of future help expectations, smoking rate, 9782

systematic desensitization & behavioral training, university quiz

participation difficulties, college students, 11814 systematic desensitization vs. placebo treatment with vs. without false GSR feedback, snake & spider phobia modification, 9673
Szondi Test performance as indication of personality, implications

for behavior modification, addicts & addiction-prone patients, 7174

teacher attention, digit reversal behavior, 8 yr. old child, 1302 teacher ignoring & praise, teacher-directed vs. child-directed talk &

child-directed social behavior & use of girls' toys & appropriate vs. disruptive class behavior, 7 yr. old retarded boy, 1356 token economy program, crying & no smiling, 20 yr. old institutionalized female, 1211

training in behavioral reinforcement counseling techniques, information-seeking behavior of students, rural high school counselors, 3258

training in taking responsibility for failure & expectations & attribution of failure, alleviation of learned helplessness in problem solving, 8-12 yr. olds, 7783

training parents in group situation to use behavior modification techniques, maladaptive behavior frequency, learning disabled children, 5255

treatment management in group therapy, passive dependence on drugs, chronic psychiatric outpatients, 5139

value-free social science & behavior modification, cultural values of conquest & control, 3026

varied reinforcements in behavior modification, replacing used equipment, weight-lifters, 8371

verbal & behavioral methods of nutrition instruction, changes in attitudes & knowledge & action, mothers of malnourished children, 8993

verbal instruction & imitation & manual guidance, table manners, institutionalized retardates, 11704

verbal instructions vs. concrete modeling vs. combined methods vs. chaining, assembly task performance, moderately & mildly retarded adults employed in sheltered workshop, 5224

visual scanning training, impulsive behavior modification, 2nd vs. 4th grade impulsive boys, 3311

weekly newsletter as reinforcement technique, nursing personnel conducting behavior modification programs, 5159

withdrawal of parental attention, vomiting, retarded child, 7520 Behavior Problems

alcoholism or drinking problems & hostile attitudes, discipline problems, institutionalized older veterans, 9277 behavior modification, unsatisfactory behavior & grades, 8th

graders, 10075
behavior problems frequencies & demographic characteristics, 5-15
yr. old county school population, book, 10912

consultation & behavior modification, behavior change & psychosocial implications, problem children, 7701

demographic characteristics & self-help skills & physical handicaps & problem behaviors & education & occupation & placement, institutionalized Down's syndrome patients, 7284

educational systems accommodation of broad range of individual differences, learning & behavior disorders, longitudinal study from kindergarten to 3rd grade, 12064

factor analysis & orthogonal rotation of factor matrix, behavioral problems, 6-20 yr. old deaf students, 11470

field-dependence/independence, mother's ability to implement

behavior therapy, problem children, 11598 individual differences & group & setting characteristics, potentially disruptive behaviors & teachers' reactions, unsocialized-psycho-

pathic vs. inadequate-immature emotionally disturbed 8-11 yr. olds, 12096 male-female co-counseling vs. single counselor technique, classroom behavior, 3rd 5th grade behavior problem boys, 11966

operant based training program, modifying parental child manage-ment behavior, parents with behavior problem children, 11638 overcorrective relaxation procedure, agitative-disruptive behavior,

retardates, 7685 parental contingency management, modification of echolalic speech, blind & behaviorally-deficient 8 yr. old boy, 7573

parental in-home token reinforcement, social & chore behaviors, 5 10 yr. olds with behavior problems, 11570

peer reprograming vs. equating conditions between experimental & regular classrooms & teacher training in behavior management techniques, generalization & maintenance of treatment effects in token economy systems, 3rd-6th grade problem students, 5572

persistent disturbance vs. spontaneous improvement, behavior disordered children, longitudinal study using E. M. Bower's screening device, 9909

school & home environment factors, psychological problems in school children, 5304

socioeducational special education, problem children & adolescents,

Behavior Therapy (See also Aversion Therapy, Implosive Therapy, Reciprocal Inhibition Therapy, Systematic Desensitization

activity program vs. therapeutic relationship, developing patient independence & competence in environmental interaction, 5064 adaptation of classical & operant conditioning behavioral techniques. niques, improved therapist-patient relationships, 11 yr. old male,

arbitrary & natural reinforcement, effectiveness of behavior therapy & client-centered therapy, 7446

aversion vs. desensitization, homosexuality, 9517

behavior therapy & psychotherapy using multiple therapists, treatment of shared patient", 1255

behavior therapy & videotape feedback, teaching nonverbal components of assertive training, case report, 10498

behavior therapy methods & theories & systematic desensitization vs. behavior modification, 4960

behavior therapy research strategies & study areas, 7387

behavior therapy techniques, modification of what clients say to themselves, 5131

behavior therapy unit supervision session transcript illustrating conceptual difficulties, discussion of patient with fear of success,

behavior therapy, 1950 1969 bibliography, book, 11697 behavior therapy, 1970, book, selected readings, 9551

ehavioral & psychoanalytic approaches, severely disturbed adolescents, 7532 behavioral &

work programs, handicapped, annotated bibliography, book, 11712 Bibliotherapy

bibliotherapy as adjunct to psychotherapy, improved mental health, pastoral counselors, 5230 Bile

## Bilingualism

bilingualism, free recall & serial recall learning, Spanish-English

speaking 9–12 yr. olds, 5440
Children's English Proficiency Test as reliable screening instrument, Anglo vs. Negro vs. Mexican-American preschoolers, 1382

cross-language factor stability of personality, Personality/Attitude Schedule, English vs. translated versions, male business managers, Belgium & Denmark & England & Finland & France & Greece & Switzerland & U.S.A., 2452

cultural plurality & biculturality & bilingualism, psychotherapeutic processes, Mexican Americans, 9733

developmental changes, Filipino & English word association responses, bilingual Filipino kindergartners & 3rd & 6th & 10th graders, 650

emphasizing visual vs. auditory vs. kinesthetic aspects, teaching word recognition, bicultural & bilingual adults, 11965

ethnic identity of E & language of experimental task & bilingual vs. nonbilingual school attendance, paired associate learning task,

bilingual Puerto Rican 4th & 5th graders, 1345 language habits & background noise, understanding letter sound sequences, bilingual & unilingual Ss, 3574

modeling & age & sex & bilingualism, length & complexity of sentences, 2nd & 4th graders, 2124

native vs. experimental language of instruction & grade level, learning task performance, bilingual kindergartners through 2nd graders, 11832

norm development, Hand Test & Peabody Picture Vocabulary Test, bilingual 1st-3rd graders, 10033

planned Bilingual Early Childhood Educational Program vs. Parental Involvement Program & traditional day-care center, Spanish-speaking preschool children, criticism of S. Nedler & P. Sebara's study, 5405

semantic & phonetic preference test, separation of word sounds & meanings, 4-9 yr. old Afrikaans-English bilinguals vs. unilinguals, 10858

speech & language therapy, bilingual educational program, Mexican-American school children, 3271

taboo & neutral words, state anxiety & RTs, male bilingual students,

transcultural language disability characteristics, 1st-3rd grade dyslexic Chinese children simultaneously learning to read & write in English & Chinese, 5456

## Binocular Vision

accommodation vs. visual image size correction, size constancy, 5869

binocular disparity & depth cues, monocular & binocular subjective contours, 85

binocularly activated neurons in visual cortex, binocular responses of simple & complex neurons with disparity changes, cats, 3822

contour density & dioptic vs. dichoptic presentation of patterned light flashes, visually-evoked cortical response, normal adults, 111 disparity magnitude & direction, stereoscopic size & distance of

enclosed lines of Ponzo illusion, 8286

line orientation, binocular vs. monocular afterimages, college students, 8344

luminance & duration & stimulus size & response to signal onset vs. termination & monocular vs. binocular viewing, visual RT, 171

monocular & binocular & dichoptical viewing of linear arrays, letter recognition serial position curves, left & right eye dominant Ss, monocular & binocular viewing & visual angles, size perception of standard & comparison rod located at different distances from S, 5874

monocular vs. binocular judgments with varying luminance-duration parameters to each eye, detection rates, 8346

monocular vs. binocular viewing, lightness & object embeddedness in background, 3569

ocular aging, binocular depth perception, veterans in Normative Aging Study, 4089

own-categories scale vs. binocular-rivalry work attitude measures, unemployed 17-70 yr. olds, 8072

patterns of changes, binocular contour rivalry, 5823
progressive increase of packing density of texture elements, distance
bisection judgments under monocular vs. binocular conditions, criticism of study of J. J. Gibson & J. Purdy & L. A. Lawrence, 1628

selectivity & locus of suppression, binocular rivalry, 3543

stationary vs. rhythmical rotation of head about vertical axis & white vs. textured background, absolute distance estimation, Navy enlisted men, 8280

voluntary eye movement & convergence, binocular appreciation of depth, 1587

## **Binomial Distribution**

numerical empirical Bayes procedure, obtaining interval estimate, 10263

Biochemistry (See also Neurochemistry)

age & pulmonary function & biochemistry variables, retinal field shrinkage, Normative Aging Study veterans, 4087

aging & smoking, changes in clinical laboratory tests, healthy male veterans over 3-5 yr., 4102

fasting whole blood uridine diphosphate glucose elevation, depressive symptoms, psychotics, 9363

eneral biological processes, reaction to aggression, 309 height & weight & obesity & muscularity & linearity & biacromial-

bi-iliac ratio & muscle strength, homosexual vs. heterosexual men,

molecular organicity, mental illness, 9390 schizophrenia, biochemical & sleep studies, literature review, 1960

serum from schizophrenic patients, cellular lactate stimulation & tryptophan uptake, chickens, 8660 stressful training, serum lactic acid variability, Navy enlisted underwater demolition team trainees, 5670

**Biographical Inventories** 

academic ability & occupational aspirations & biographic & demographic characteristics, husband-wife anxiety levels, married male graduate students, 12015

biographical & career-oriented information questionnaire, values, Thai college students, 9000

determining scoring-key equivalence across samples, reliability estimates for biographical inventory, 8222 Leiter Population profiles development, diagnosis of socioeconomic

maladjustment, hospital patients, 8227 life history data, leadership identification, adult volunteer 4-H

leaders, 3094 life history factors & sex differences, creative abilities, potential

teachers, 11927

longitudinal case histories, conceptualization of premonitory suicidal cues in terms of perturbation & lethality, high IQ males,

precollege experience & biographical data, college leadership role development, male groups, 5318

refusal vs. nonrefusal to complete nonrequired Leadership Concept Scale, Amsterdam Biographical Questionnaire scores, students,

socioeconomic & biographical & medical data & vocabulary test & visual retention test & personality & projective test data, 25-40 yr. old suicide attempt females vs. physically ill Ss vs. normals, 2630

Biography (See also Autobiography) Anan'ev/B. G., obituary, 3462

Andreas-Salome/L., biography & contribution to psychoanalysis,

applications of psychoanalysis to biographical literature & history & anthropology, problems in method, 5202 biographical data & analysis of writings, sexual inhibition of E. A.

Biology (See also Botany, Neurobiology, Zoology) biological determination, human behavior & social bonds, book, 3833

biological framework, study of man, book, 3843

cultural-environmental background & scholastic aptitude & biology course attitude, biology achievement, college students, 5491

Herbert Spencer lectures, biology & human sciences, book, 10578 individualized instruction & achievement self-image, biology achievement, high school students, 5430

IQ & abstract reasoning & sex, learning biological concept using audio vs. visual vs. written advance organizers, 7th graders, 11988

physiological models & biology, unification & dedifferentiation descriptions in mystics' writings, book, 11019

psychobiology, chimpanzees, literature review, 2034 psychobiology, overview of recent research, book, 8548

synaptic nervous function quantum description, conceptual dualism resolution among biology & physics & chemistry & conditioned reflex phenomenological status, 6151

Biopsy

Biosynthesis

short- & long-term morphine & short-term cocaine administration, brain serotonin biosynthetic systems, rats, 6283

Birds (See also Blackbirds, Budgerigars, Canaries, Chickens, Doves, Ducks, Geese, Penguins, Pigeons, Quails, Robins, Sea Gulls) alarm calls, description & comparison, 4 species of Mediterranean warblers, 3990

Batesian mimic vs. distasteful model & background color, artificial prey consumption, birds, 6395

biological mechanisms, development of babbling & development of song dialects, normal vs. deaf infants & normal vs. deaf vs. acoustically isolated birds, 9424

chlorpromazine & levomepromazine & fluphenazine & butaperazine, motor & psychic activity, free living herring gulls, 3863

endogenous daily rhythmicity, termination of refractory period, sparrows, 8570

food reinforcement schedules, key-pecking, common crows, 6416 high vs. low food density, hunting behavior, great tits, 551 imprinting, arousal, precocial birds, 10769

low & high voltage high & slow frequency EEG & EMG sleep & wakefulness, owls, 261

magnetic fields & star visibility, migratory orientation, European robins, 567

male-female duet singing, African drongo, 563

observations of development, hole vs. open breeding owls, 2042 reinforcing properties & differential responsiveness to conspecific

vs. alien species song, white-crowned sparrows, 10767 role & significance of protective coloration & threatening behavior, owl species, 2044

sex & age & motivation & experience, prey preferences, hawks, 4048 social & environmental conditions, aberrant sexual behavior, South African male ostriches, 6425

spectral analysis & tape playback, communication & evolution of distress & alarm & rival calls, tree creepers, 2054

strain differences, prelaying behavior & response to suboptimal stimuli, domestic fowl, 8775

successive presentations & paired comparisons of stimuli, color preference role in pecking responses, neonatal herring gull chicks, 2023

transition analysis, identification of active & inactive behavior cycles, isolated male zebra finches, 6433

Birth (See also Premature Birth)

antenatal & perinatal psychologic variables, reaction to sedative & analgesic drugs administered during labor, 6232 birth in summer vs. winter, Raven's Matrices & Jalota's General

Mental Ability tests, 18-25 yr. olds, 863 birthspace & age, sex-typed choice behavior, 3 5 yr. olds, 589 cross-transfusing blood, humoral factors in maternal behavior at parturition, mother & virgin rats, 333

delivery mode & early handling & sex, weaning weight adrenocorti-cal reactivity & open field behavior, rats, 10768

expectations & fear of childbirth & coping mechanisms & reactions to sensory stimulation & interpersonal communications about childbirth, choice of childbirth procedure, pregnant women, 6738 parturition & related behavior, primates, 6355

planning preventive services, recidivism & postdelivery school withdrawal, followup study, 7427

pregnancy & gestation & delivery & neonatal disorders & multiple complications, early development, infants at birth & 1 yr. & 2 yr.,

psychological & medical & familial advantages, natural childbirth, book, 4241

psychoprophyloxis vs. traditional method in childbirth, concepts of self & wife, 1st-time fathers, 608

rank & aerorating & education & region of birth, body size, army aviators, 1970, 8052

season of birth, success in school, 12098

sex & religion & social & ethnic background & marital status & birth & development & family history, patients with Gilles de la Tourette's syndrome, 9455

sexual identity & idiosyncratic meaning of childbirth & premorbid character structure & puerperal endocrine change gradient, postpartum psychotic disorders, case reports of women, 11347

16 PF & Cornell Medical Index & H.I.P. Pregancy Questionnaire & Loevinger Parent Attitude Test, psychological aspects of preeclamptic toxaemia, married primiparae, 7261

Birth Control (See also Coitus Interruptus, Contraceptive Devices, Diaphragms (Birth Control), Intrauterine Devices, Oral Contraceptives, Tubal Ligation, Vasectomy)

contraception method & use, sexual behavior, never-married undergraduates, 4271

counseling, vasectomy as contraceptive procedure, 7617 family sociology & function & sex roles & parental role

socialization, zero population growth, 10945 internal-external control & authoritarianism, interpersonal trust & self-esteem & social desirability, concern about overpopulation & intention to limit family size, nursing & college students, 6676

New England Psychological Association's Eleventh Annual

Meeting, proceedings, 8174

population control & government birth control propaganda, India,

self vs. husband's responsibility for oral contraceptive use, successful birth control, Iranian women & husbands, 2295 sex education & birth control, guide for parents of retardates, book,

subconscious factors & physician attitude, contraceptive failure, 4763

**Birth Injuries** 

perinatal complications, impulsive criminality, 9398

Birth Order

affiliation need & social contact & birth order, anxiety, female students, 11266

birth order & family size, higher education, Maori vs. European New Zealand college students & Maori trade school trainees, 6691

birth order & personality adjustment, California Test of Personality & Institute of Personality & Ability Testing Children's Personality Questionnaire, elementary school children, 6549

birth order & sex & socioeconomic status & family size, adult orientation, 10th & 11th graders, 2185

birth order & sex differences & sex preferences, social-emotional behavior, 6-11 mo. old monkeys, 2048 birth order & sex, institutionalized schizophrenic adults, 4760

birth order & sex, social behavior ratings & aggression & independence, 3-4 yr. olds, 4178

birth order, academic achievement & college attendance, high school students, 11960

birth order, achievement, white vs. Mexican-American vs. black students, 3169

birth order, leadership representation & success & neurosis

proneness & violent crime commission, military personnel, 3398 birth order, personality measured by EPPS Affiliation & Achievement scales & College Entrance Examination Board verbal aptitude & peer ratings, Air Force Academy freshmen, 11245

birth order, National Merit Scholarships Qualification Test scores, high school students, 5328

birth-order research, review, 6641

family size & birth order, independence of intelligence, 2nd-12th graders, 8837

father absence & early vs. late separation, personality development & sex-role typing & interactions with males, 13-17 yr. old firstborn females, 4138

fear vs. embarrassment stress & presence of friendly vs. neutral person, affiliative behavior & physiological stress, 1st vs. later born college students, 4388

firstborn phenomenon, psychiatric residents, 7039

intelligence & achievement needs & birth order, rank ordering of values, 4335

mother's perceptions & emotional & developmental deviation prediction, psychiatric evaluation 4 yr. later, 1 mo. old firstborn infants, 4631

motivational & birth order factors & personality characteristics & school & state board examination & job performance & values & interests, nurses, review of research studies, 7049

ordinal birth position & psychological need structure & self-evaluation, nonverbal rigidity, 2508

ordinal position, psychographic characteristics, first- vs. lastborn vs. neither first- nor lastborn female college students, 2497

prior social setting & fear vs. anxiety arousal & birth order, affiliative preference in working situation, college students, 9068

recently hypothesized biases arising from long-term population trends, birth order effect, review of previously reported & unreported data, 727

sibling position, number & type & intensity of fears, white vs. nonwhite male vs. female upper- vs. lower-class 3rd vs. 6th graders, 9157

sibling sex & ordinal position, male psychosexual development, college students, 8819

sibling's sex & status & age-space between siblings, sex-role preference, 2nd born 4-6 yr. olds from middle-class 2-child homes vs. singletons, 8785

social class & birth order, maternal care & infant development, neonates, 2176

trait oppositeness siblings, adult sibling pairs, 11226

Birth Rites

Righ Traum

early detection of birth or before birth trauma, institutionalized brain-damaged children, 7622

Bisexuality

Bitterness (See Taste Stimulation)

**Black Power Movement** 

age & authoritarianism, militancy & hostility expression, blacks in Detroit, Michigan, 699

black power movement & community control, social work reorientation, 4292

direct vs. vicarious vs. perceived racial conflict, awareness of different black liberation groups, black vs. white 7th-12th graders, 675

provision of psychiatric treatment facilities, black activism, 2867 Blackbirds

reserpine, territory maintenance, male red-winged blackbirds, 6302

Blacks (See Negroes)

**Blacky Pictures Test** Riadder

amitriptyline & desipramine & dibenzepine & imipramine & nortriptyline, urinary bladder & sphincter tonus changes, patients, 2783

Rlind anosmia & blindness vs. sham operations, hoarding of food & nonfood items, rats, 3970

auditory training program, blind kindergartners to 3rd graders, 12079

aural message length, immediate vs. delayed recall, Braille vs. largetype reading, blind high school students, 11850

blindness vs. partial-sight & age, conservation of substances, 5-15 yr. olds 1378

change of residence, depression & dermatoid & demonopathic delirium, 74 yr. old with posttraumatic blindness, 11436

congenital blindness & deafness, development of tactile-kinesthetic discrimination, 6-14 yr. old congenitally blind & deaf & normal children, 4626

congenital retinal blindness, mental retardation & neurologic involvement, congenitally blind children, 7121

development & education & training of blind children, book, 1326 diagnosis & instruction, deaf-blind children, book, 7341

equal loudness contours & loudness perception, blind vs. sighted adults, 2775

evaluative instrument subtests, blind & partially blind preschoolers, 9867

exploratory activity, haptic perception, blind, literature review, 7112 global-articulated & verbal-comprehension & attention-concentration dimensions, cognitive patterning, congenitally totally blind vs. adventitiously totally blind resulting from retinoblastoma vs. normally sighted Ss, 1079

haptic perception of Mueller-Lyer illusion, congenitally vs. blinded in adulthood vs. sighted but blindfolded vs. sighted nonblindfolded Ss. 10351

individual & adjunctive therapeutic services at rehabilitation center, visually impaired clients, 5270

intelligence, sighted vs. blind retinoblastoma patients vs. siblings, 4765

kinesic training, nonverbal communication, blind, 4924

knowledge of students' information-gathering pathways, teachers of deaf & blind, educational implications, 987

magnitude & temporal order congruency, 3-term series problem solving, blind vs. sighted 7-9 yr. olds, 7248

modification of standard category judgment technique, analysis of predecision behavior, blind & normal & hemiplegic males, 9413 modified Polish version of MMPI, blind, 7198

motor ability & memory & understanding, learning braille, blind children, 7100

ocular & encephalic photoreceptors, role in photoperiodic control of reproduction, blinded Japanese quail, 6271

orientation & mobility & living skills before & after training workshop, preliminary performance test battery, 11-20 yr. old blind Ss, 7389

parental contingency management, modification of echolalic speech, blind & behaviorally-deficient 8 yr. old boy, 7573

potential of monocularly blind, faster reading, speed-readers, 10051 pretesting training program, braille recognition test accuracy & speed, high school students, 10087

prevocational education program, blind students, 11857 reading problems, legally blind 15 yr. old boy & 26 yr. old man, implications for school assignments & expectations, 9461 realization of & coping with blindness, 4904

semantic space, school-related attitudes toward curricular areas & people, retarded vs. disturbed vs. blind vs. deaf students, 1377

sex & race & age differences, verbal fluency & flexibility & creativity, sighted vs. blind residential vs. day school 6-12 yr. olds, 11926

size cues vs. no cues, weight perception, congenitally vs. adventitiously blind Ss, 7191

social adjustment to blindness, book, 7227

spatial sense of blind, research plan, 7189

speech characteristics & language development, blind children, 7266 stimulus material & sensory function differentiation, hallucination production by suggestion, normal & blind 14-15 yr. olds & college students, 5984

tactile displays, provisional bibliography, book, 11840 tactual motor scanning, compound figures perception, congenitally blind vs. normally seeing with eyes closed vs. persons blinded after birth vs. normally seeing children, 7196

teaching English as 2nd language, Catholic Guild rehabilitation program, blind 9-63 yr. olds, 9771

teaching techniques, institutionalized blind retarded children, 5179

videotape, education, deaf-blind children, 9916 visual afferentation, alpha rhythm & EEG, blind Ss, literature review, 7246

Blindness (Color) (See Color Blindness) Blood (See also Blood Plasma, Blood Serum) blood barbiturate levels, psychological or physiological nervousness prior to dose & drug metabolism, barbiturate-dependent patient, 2767

chlordiazepoxide, blood corticosterone during repeated electric shock stress, rats, 8637

clinical method, testing abnormal in vitro haemolysis from catecholamine metabolites, schizophrenia, 9366

fasting whole blood uridine diphosphate glucose elevation, depressive symptoms, psychotics, 9363

instructional differences in locus & level of arousal, intensity of blood phobia, 5050

Machado disease, blood analyses & pneumoencephalograms & nerve & muscle biopsies & nerve conduction & diabetes, Portuguese emigrants to U.S.A., 2699

ospolot, alkaline reserve & decrease of blood pH and pCO, 2 68 yr. old epileptic patients, 2859

photic frequency & pulse-to-cycle fraction & blood oxygen level, perceived duration, 3568

pregnancy & menstrual cycle, blood monoamine oxidase levels, nursing students & pregnant women & men, 6134

single & repeated alcohol doses & blood elimination rate, sleep stages & EEG frequencies & heart & respiration rates & GSR, 21-30 yr. old students, 3951

ventriculocisternal perfusion of inulin-COOH, blood-brain barrier effect, newborn & developing kittens & adult cats, 457

viewing bloody vs. nonbloody victim, reaction to a victim in need of help, study of I. Piliavin & J. Rodin & J. A. Piliavin theory of bystander intervention, 2367

Blood and Lymphatic Disorders (See also Anemia, Blood Coagulation Disorders, Blood Group Incompatibility, Hemophilia, Leukemias, Malaria, Porphyria, Rh Incompatibility, Toxoplas-

Blood Cells (See also Erythrocytes, Leucocytes, Lymphocytes) **Blood Circulation** 

cervical sympathetic nerve trunk stimulation & intracarotid levarterenol infusion, cerebral blood flow, baboons, 8624

chlorpromazine vs. tizercine & aseptic inflammation, permeability of blood-brain barrier for uranine vs. I-albumine, rats, 3919

choroid plexus & choroidal epithelium, LSD accumulation & distribution between blood & brain, frogs, 8695 cigarette smoking, stress response & RT to traffic light signals & heart rate & blood pressure & calf blood flow & respiration rate & 16 PF scores, 1835

endogenous vs. reactive depression, salivation & EMG & skin conductance & blood flow, depressive patients, 2706

exchange of blood from jugular veins of hungry & satiated Ss by pump controlled cross-circulation, modification of feeding behavior & evidence for humoral factors, 1945

intermittent & continuous cross-circulation, regulation of food intake & role of blood-borne factors, monkeys, 469 orthostatic tolerance, measurement & assessment, implications for

man-machine systems, 3449

repeated negative downhill work, respiratory & circulatory & temperature measurement, 2641 yr. old males, 276 stress levels & driving situation difficulty level, steering & braking & traffic indicators operation RTs & heart rate & blood pressure & respiration & calf blood flow & 16 PF scores, 19-26 yr. olds, 3365 thermic measurement method, rapid variations of local cerebral

blood flow, rabbits & cats, 1792

**Blood Coagulation** Blood Coagulation Disorders (See also Hemophilia)

Blood Disorders (See Blood and Lymphatic Disorders)

**Blood Flow** 

Blood Glucose (See Blood Sugar)

Blood Group Incompatibility (See also Rh Incompatibility)

**Blood Groups** 

Blood Plasma (See also Blood Serum)

ethinamate, simultaneous EEG & plasma level assessment, 20-46 yr.

incubation with plasma from schizophrenics vs. controls, uptake of tryptophan by neural tissue, rat brain slices, 8689 individual housing duration, avoidance acquisition & extinction &

plasma corticosterone basal level, rats, 6165

intravenous infusion of L-tryptophan, tryptophan & tyrosine distribution in plasma ultrafiltrate & whole plasma & erythrocytes & cerebrospinal fluid & brain regions, dogs, 425
manic-depressive psychosis, average blood calcium & magnesium

levels, female patients, 2703

methamphetamine & exercise & atmospheric pressure, plasma hexosamine, male rats, 3868

P-phenylenediamine oxidation using Ravin's method, serum ceruloplasmin activity, acute & chronic schizophrenics & acute catatonic stupor Ss, 2563

plasma levels of estradiol & progesterone throughout menstrual cycle, women with regular menstrual migraine, 1061

probenecid concentrations, acid monoamine metabolites in plasma & cerebrospinal fluid, psychiatric inpatients, 1060

schizophrenic symptoms & plasma protoporphyrin level, Erythro-poietic Protoporphyria syndrome, 16 yr. old white male, 9348 od Plutelets

blood platelet monoamine oxidase activity, chronic & newly hospitalized & withdrawn from phenothiazine medication schizophrenic & manic-depressive & depressed patients, 4797

Blood Pressure (See also Diastolic Pressure, Systolic Pressure) anhedonia, electrical stimulation threshold & pulse & blood pressure & tremor at rest vs. during stress, male psychiatric hospital patients, 4893

cigarette smoking, stress response & RT to traffic light signals & heart rate & blood pressure & calf blood flow & respiration rate & 16 PF scores, 1835

electrical stimulation of brain, autonomic & motor responses & respiration & blood pressure, toads, 1884

electrical stimulation of septum, arterial blood pressure & motor activity & pulmonary respiration & vocalization, toads, 1883 field dependence-independence, venous blood pressure in forearms

during rest & white noise & emotional words & mental arithmetic, male college students, 6194

Hoe 264 & heptobarbital, sleep & polygraphic measures of vigilance & attention & EEG & arm muscle contraction & RT & pneumogram & EKG & galvanic skin resistance & blood

pressure, young adults, 3881 L-dopa vs. D,L-5-hydroxy tryptophan, behavioral & cardiovascular effects during consciousness, dogs, 3879

septal & hypothalamic electrical stimulation, adrenergic & cholinergic blockade of cardiovascular responses, rabbits, 3945 stress levels & driving situation difficulty level, steering & braking &

traffic indicators operation RTs & heart rate & blood pressure & respiration & calf blood flow & 16 PF scores, 19-26 yr. olds, 3365

Blood Pressure Disorders (See also Essential Hypertension,

Hypertension, Hypotension, Syncope)
Blood Proteins (See also Gamma Globulin, Hemoglobin, Immunoglobulins, Serum Albumin, Taraxein)

chlorpromazine vs. tizercine & aseptic inflammation, permeability of blood-brain barrier for uranine vs. I-albumine, rats, 3919

sex hormone secretion & fasting, plasma protein-bound iodine & blood glucose concentration, prisoners of XYY constitutions,

Blood Ser

dopamine-b-hydroxylase blood values & affective states, psychiatric inpatients & outpatients & normals, 9460

elevated levels of serum creatine phosphokinase activity vs. Inpatient Multidimension Psychiatric Scale profiles, psychotics vs. nonpsychotic patients, 9352

food & water deprivation, blood serum osmolality & behavior, rats,

lithium carbonate, sodium & potassium & calcium & magnesium ion concentrations in urine & serum, male rats, 351 serum from schizophrenic patients, cellular lactate stimulation &

tryptophan uptake, chickens, 8660

stressful training, serum lactic acid variability, Navy enlisted underwater demolition team trainees, 5670

Rlood Suga

insulin dosage & classical conditioning, blood glucose level, rats, 6335

insulin injections, plasma free fatty acids & serum cortisol & blood sugar & pulse & systolic blood pressure & evidence for defective homeostasis, acute schizophrenics, 2622

sex hormone secretion & fasting, plasma protein-bound iodine & blood glucose concentration, prisoners of XYY constitutions, 9358

**Blood Transfusion** 

cross-transfusing blood, humoral factors in maternal behavior at parturition, mother & virgin rats, 333

exchange of blood from jugular veins of hungry & satiated Ss by pump-controlled cross-circulation, modification of feeding behavior & evidence for humoral factors, 1945

Blood Vessels (See also Aorta, Arteries (Anatomy), Capillaries (Anatomy), Carotid Arteries, Veins (Anatomy))

contingency & cognitive factors, failure to effect long-interval differential Pavlovian conditioning of GSR & digital volumepulse change, college students, 6050

psychophysiological assessment using tonic & phasic modes of palmar skin conductance & finger blood & pulse volumes, linguistic response complexity to syntactically different sentences.

Blue Collar Workers (See also Industrial Foremen, Skilled Industrial Workers, Unskilled Industrial Workers)

aspiration, social & objective goal expectations & income & living standards & work satisfaction & job change reasons, 18-30 yr. old female factory workers, 5601

attitudes toward student & black protest, white working class adults with less than high school education, 2287

industrial plant hierarchical level, evaluation scales based on conceptions of ideal supervisors, workers & middle management,

perceptions of each other, construction workers & college students, 6793

signal detection theory, type I & II errors in industrial inspection, factory inspectors, 3448 work pressure, group cohesion, industrial blue-collar workers, book, 5642

Body (Pineal) (See Pineal Body)

Body Fluids (See also Amniotic Fluid, Bile, Blood, Blood Plasma, Blood Serum, Cerebrospinal Fluid, Lymph, Mucus, Saliva, Sweat, Urine)

CNS control of body water homeodynamics, analysis & model, 1794 septal area vs. cortical lesions & body fluid manipulation, food & water intake, rats, 1948

stomach distention & fluid concentration changes, thirst, waterdeprived rats, 1865

**Body Height** 

CA & intelligence & actual height & perceived height, human figure-drawing size, learning disabled children, 11338

dextroamphetamine & methylphenidate, height & weight changes, hyperactive children, 3009

malnutrition & biosocial correlates of height, cognitive development, tall vs. short children, 6573

47,XYY syndrome & height, institutionalization, male juvenile delinquents, 2580

Body Image (See also Body Image Disturbances, Phantom Limbs) alphabet letters, psychoanalytic significance in terms of body, 11580 anxiety & masculine identification & self concept & body image,

vasectomy vs. nonvasectomy patients, 6930 bodily awareness & social life & valuing as relevant experiential continuities, self-concept assessment, 2517

Body Cathexis Scale & Homonym Test, body cathexis & bodily

concern, mothers & daughters, 637
body concept, phenomenological & dialogical investigation, 6964
body image as represented by human figure drawings, elementary
school age boys described by teacher as hyperactive vs. clinically

diagnosed as hyperactive vs. normals, 4645 body image in figure drawings, recovered vs. permanently paralyzed poliomyelitic patients, 4739

body image, mother-child relationship, woman with rheumatoid arthritis, 11458

body imagery, perceptual learning, 8302

body part judgment & exposure time, adaptation to visually distorted stimuli, professional ballet dancers vs. nondancers, 1606 body stimuli & stimuli recognized vs. not recognized as human figures, estimates of distances between body landmarks, college students, 3620

classroom activities & games, development of body image & kinesthetic self & psychological self, 7830

cognitive style, field dependence & body concept & academic achievement & self-reliance & personal worth & freedom, adolescent educable retardates, 11819

ego & body boundary firmness, sexual receptivity, graduate student couples, 4495

exercises in structured creative play activities, training in body awareness & discovery of differences between correct & reversed images, children who use reversals, 10068

judging attributes as belonging to endomorph vs. ectomorph vs. mesomorph & as good vs. bad & as like vs. unlike themselves,

body-build stereotype development, 5-6 vs. 14-15 vs. 19-20 yr. old

chubby vs. average build males, 4167 Lowenfeld Mosaic & Incomplete Man & Copy Forms & Unusual Uses Tests, constructional ability & body parts understanding & ability to copy geometric forms & verbal ideational fluency, Chinese vs. Italian vs. Negro vs. Puerto Rican disadvantaged 4 yr. old Head Start students, 2263

orienting response measured by GSR & vasoconstrictions as nonverbal indicator, body awareness, neurological patients, 926 perceptual field-independence & sophistication-of-body concept,

social distance selection, psychiatric hospital staff, 769 pregnancy, body attitude & personality change, women, 1832

uestionnaire to assess body image, 6926

self-evaluation of adequacy, perceived body size, male vs. female children at different developmental stages, 4121

sex of E & S & body percept, body part verbal concept identification, undergraduates, 4533

subjective importance of aspects being rated, body image & self concept, 16-21 yr. old male technical students, extension of G. M. Rosen & A. O. Ross's work, 7008

Body Image Disturbances (See also Phantom Limbs)

body image as representation of lowered self-esteem, psychotic & neurotic aggression, 7260

hyperkinetic syndrome behavioral abnormalities & body image & spatial orientation disturbances & neurological abnormalities, exceptional reading ability, brain damaged children, 11446

magnetic test, new projective mosaic performance test of personality for assessment of somatic disorders & disturbed body image & capacity for abstraction, 950

omitting arms/hands & legs/feet on Draw-A-Person test, body image disturbances, schizophrenics, 11424

**Body Language** 

cold & warm association & warm exchange, kinetic behavior using object- & body-focused hand movements as scoring system, field independent & dependent Ss, 2329

evaluation & potency & responsiveness, nonverbal communication,

kinesic training, nonverbal communication, blind, 4924

representation theorem for relation of nonexact measurement with error variations, set of real-line intervals, 2359

syntax & intonation & paralanguage & body motion in interpersonal verbal exchange, taking speaking turns in conversation, 754

**Body Rocking** 

music therapy using preferred music cessation contingent on rocking, rocking behavior decrease, institutionalized retarded young adults, 7484 music therapy, decreasing hand movement & rocking, profoundly retarded child, 7656

reinforcement of alternative behaviors, reducing stereotyped rocking, profoundly retarded children, 11689

rhythm & topography, stereotyped body-rocking, profoundly retarded patients, 11440

speech & body motion synchrony, speaker-hearer, 2400 Body Sway Testing

originator of postural or body sway test of hypnotic susceptibility, C. L. Hull vs. Lucien Moutin, 10520

origins of Postural Sway test, discussion by A. M. Weitzenhoffer, 10496

sinusoidal stimulus currents & frequency variability, trapezoidal & sinusoidal galvanic body-sway response, 6110

Body Temperature (See also Skin Temperature, Thermoregulation

(Body))

differential stress of parents & basal body temperature, sex ratio of offspring, rats & humans, 8561

high cockpit temperatures, heart rate & deep body & skin temperature & urine output & sweat loss & performance in instrument flight task simulator, instrument rated pilots, 3403 immunosympathectomy, activity & hypothermia, mice, 3965

intracerebral implantation of carbachol, water intake & body temperature, rats, 3905

long exposure to cold water, controlling wet submersible, underwater pilots, 1464

neuroleptic drugs, body temperature, literature review, 6293

parachlorophenylalanine & scopolamine & naloxene & a-methyl tyrosine & methscopolamine & atropoine & morphine, body temperature & activity level, morphine tolerant & nontolerant rats, 3938

repeated negative downhill work, respiratory & circulatory & temperature measurement, 26-41 yr. old males, 276

reserpine & morphine & propiram fumerate, 4 or 5-diazoimidazole-5 or 4-carboxamide & diazobenzenesulfonamide benzenesulfonate & N-ethylmaleimide induced writhing syndrome & hypothermia, rats, 3910

sleep & EEG & body & eye movement & temperature, circadian rhythms, monkeys, 6117

tryptophan metabolites, head twitches & body temperature & salivation & diarrhea, mice & rats, 3925

**Body Types** (See Somatotypes) Body Weight (See also Obesity, Underweight)

activity & age & ration size, body weight loss rate, male rats, 3999

age & birth weight & socioeconomic status, Bayley Scales of Infant Development, mono- vs. dizygotic twins at 3 & 6 & 9 & 12 & 18 & 24 mo. of age, 4255

altering temporal contingency between aversive scene CS & UCS using J. Cautela's covert sensitization procedures, aversion toward selected foods in weight control program, volunteers, 3008 bilateral lesions of lateral hypothalamus, weight regulation with

high-fat diet & water & sucrose & saccharin solutions, rats, 428 body weight & age, eating behavior responsiveness to estradiol, rats, 1968

body weight, exploratory activity, genetically obese mice, 271

brain weight, brain growth, mice, 8518

contingency contracting, weight control, 18-33 yr. olds, 1185

cortical spreading depression, food & water intake & body weight, ventromedial hypothalamic vs. sham lesioned static obese rats,

covert sensitization vs. realistic attention-control, anxiety reduction & weight loss, overweight undergraduates, 5066

DC vs. radio-frequency current ventromedial hypothalamus lesions vs. ventromedial hypothalamus destruction & percentage body weight loss, motivated behavior, rats, 420

delivery mode & early handling & sex, weaning weight adrenocorti-cal reactivity & open field behavior, rats, 10768

dextroamphetamine & methylphenidate, height & weight changes, hyperactive children, 3009

electrolytic lesions dorsolateral & lateral to lateral hypothalamic feeding center, weight loss & chronic gnawing, rats, 8665

food deprivation, free-operant avoidance behavior & body weight, rats, 10755

gonadectomy, body weight & quinine aversion & shock threshold, rats, 8646

intensification of dark patches on chests by dye as supranormal threat stimulus, growth rates & weight & dominance relationships & aggression, hamsters, 4050

isolation vs. grouping, adrenal & ovarian & hemiuterus & ventral prostate gland weight gain & fighting behavior, hamsters, 358 judging attributes as belonging to endomorph vs. ectomorph vs. mesomorph & as good vs. bad & as like vs. unlike themselves,

body-build stereotype development, 5-6 vs. 14-15 vs. 19-20 yr. old chubby vs. average build males, 4167

low birthweight, maturation of visual evoked responses, lowbirthweight vs. preterm infants, 8875 low-frequency whole-body vibration, body weight & open-field

activity & body damage, rats, 6445

maintenance schedule & body weight loss, hunger drive, rats, 2058 maternal starvation during pregnancy, adult mental activity of offspring, 19 yr. old males, 8869

mazindol treatment, weight & skinfold thickness reduction, obese adults, 9621

negative vs. positive covert reinforcement, weight reduction, 7557 neonatal intensive medical care, intellectual & social development, low birthweight infants, 5107

ovariectomy & postoperative estrogen & adrenalectomy, body weight & food intaké, rats, 6294

amphetamine vs. b,b-difluoroamphetamine, brain metabolism & CNS stimulation, mice, 10619

brain & sensory-motor systems relative to verbal-symbolic functions & mechanisms of feedback & feedforward, verbal communication development, 0-48 mo. olds, 2121

brain mechanisms, perception & purposive behavior & learning & memory & language & thought & artificial brains, book, 3818 brain norepinephrine & serotonin, central oxygen toxicity, 1798

brain structure & function, cognitive processes & learning & memory & emotion, book, 10553

brain weight & corpus callosum width & cingulate gyrus height & cortical mantle width & volumes of thalamus & lenticular nucleus & hippocampus & temporal lobe & total cortex, chronic schizophrenics, 9439

brain weight, brain growth, mice, 8518 chlorpromazine vs. tizercine & aseptic inflammation, permeability of blood-brain barrier for uranine vs. I-albumine, rats, 3919

electrical septal stimulation & lesions, escape & avoidance learning & brain histology, lizards, 6315

environment, brain physiological & biochemical features responsible for intelligence, 6183

epileptogenic temporal & frontal brain lobes, amino acid contents in focal vs. surrounding regions, patients undergoing surgery for focal epilepsy, 11795

handling in infancy, brain morphology & brain & adrenal glands tyrosine hydroxylase activity, 2 & 7 & 12 & 17 & 30 & 60 day old male rats, 6181

integrative development of brain & behavior, dogs, book, 1800 intravenous infusion of L-tryptophan, tryptophan & tyrosine distribution in plasma ultrafiltrate & whole plasma & erythrocytes & cerebrospinal fluid & brain regions, dogs, 425

isolation & aggregation, water content of mouse brain, mice, 8512 maturation of brain serotonin circadian rhythm, rat, 1815

median midbrain raphe lesions, 5-hydroxyindoleacetic acid in forebrain & cerebrospinal fluid, rats, 3870

methamphetamine & enriched environments, cerebral changes, rats, 450

morpholino- & pyrrolidino- & cyclo-octyl-derivatives of betaalanine, brain amines & amino acids, 1901

neonatal thyroid deficiency, brain myelination, rats, 1935 neurological exercises through levels of pons & midbrain & cortex &

cortical hemispheric dominance, prevention of reading problems, 1st graders, 5 yr. follow-up study, 10096 prefrontal system size, delayed alternation, hedgehog & tree shrew

& bush baby, 8543 prenatal maternal handling & rearing with aunts, behavior & brain weight & whole-brain serotonin, rats, 1820

scaled ratio of body to brain weight, comparative index for relative importance of brain size, mammals of widely varying body mass, 3802

sensory system single neuron properties & motor system & asymmetry of cerebral hemisphere function in man, brain functions, review, 263

testosterone propionate & estradiol & corn oil administered neonatally & in adulthood, activity of regional brain choline acetylase & fighting behavior, mice, 8612

third-dimensional manifold of mind & body, 10212

2-step immunoadsorption procedure, isolation of antigenically different fraction of brain MAO, 296

**Brain Ablation** (See Brain Lesions)

**Brain Concussion** 

Brain Damage (See also Brain Concussion, Brain Lesions, Hypothalamus Lesions)

ascending vs. descending measurement methods, pure tone thresholds, brain-injured adults, 7090

auditory sequencing ability, left brain-damaged Ss with vs. without aphasia vs. right brain-damaged Ss, 4602

brain damage vs. no brain damage & right vs. left brain damage, WAIS factor analysis, hospitalized patients, 2729

cerebral cortex function & organization, damage & associated dysfunctions, understanding for planning rehabilitation by physiotherapists & occupational therapists, 5115

chronic focal brain missile wounds, visual localization impairment patterns, males, 11468

cranio-cerebral trauma, hallucinations & delusions & schizophrenic psychosis, head-injured 39-45 yr. olds, 7116

decerebrate rigidity as indicator, damage to mesencephalic-pontine segment of brainstem, 4740

dichotic listening recall, patients with congenital vs. infantile hemispherectomy, 4805

distraction, Continuous Performance Test of attention, braindamaged & non-brain-damaged 12-17 yr. old institutionalized & noninstitutionalized retardates, 948

factor defined intellectual abilities, adults with right hemisphere vs. left hemisphere vs. no cerebral lesions, 1057

impoverished social environments, sociogenic brain damage & learning disabilities, children & adolescents, 7241

institutionalization, IQ variations, brain-damaged vs. non-braindamaged retarded girls, 1173 intellectual deficits, Nigerian soldiers with brain injuries from high

velocity missiles, 11330

intelligence & social class, neurological abnormality in infancy,

lateral auditory stimulation, simple RT, hemiplegic patients, 9284 left vs. right hemisphere cerebral lesions damage, naming process & reading, normals & right- & left-hemisphere-damaged patients,

matching dot field density between half fields & crossed tactile localization & other tasks, patients with total vs. partial agenesis of corpus callosum, 4674

neurological & psychological deficits, missile wounds of brain, book, 2704

perception of dichotically presented phoneme sequences & digits, aphasic & nonaphasic left- & right-brain damaged patients, 1086 psychic process disturbances resulting from focal brain lesions, development of new neuropsychological approaches, 1014

right vs. left brain damage, forced-choice semantic differential

judgments of connotative meaning, aphasia patients, 7127 septal dysfunction, response alteration on basis of proprioceptive cues & negative response magnitude to unpalatable solutions & water intake & overresponse to positively-motivating stimuli, 2623 sex & age, neurotic symptomatology & brain damage, hospitalized

alcoholics, 2642 structures & neurological bases & morphological substrate of optico-spatial agnosia, Ss with focal brain lesions, 997

traumatic amnesias, book, 4836

visually & completely secluded classroom environments, mental task performance, brain injured vs. cultural familial mentally retarded vs. normal children, 7822

WAIS & maximum rate of information acceptance, patients with alcoholic dementia, 7201

Walton-Black Modified Word Learning Test, detecting general cortical damage, Irish 16-20 yr. olds, 11717

writing performance with eyes closed, normal Ss, comparison to letter duplications & omissions of right hemispheric lesioned patients, 4762

Brain Damaged (See also Minimally Brain Damaged)

age differences, visual RT procedure with regular & irregular preparatory interval conditions, 6-13 yr. old normal & braindamaged children, support for C. Czudner & P. Rourke's theory, 2600

aphasia type & interstimulus interval & auditory vs. visual modality, temporal stimulus ordering, brain-damaged 32-61 yr. olds & 45-60 yr. olds with laryngectomies & 17-27 yr. old students, 4874

aphasia, associating characteristic color to form, brain damaged patients, 4658

associative & perseverative tendencies, verbal thinking in problem solving, 19-63 yr. old frontal lobe brain-lesioned patients, 4664

Benton Visual Retention Test reproduction errors, brain-damaged

vs. normal adults, 11459

Benton Visual Retention Test, measuring psycho-organic disturbances, brain injured patients, 11555

Categories Test, abstract-spatial concept development & use, 9 yr.-10 yr. 11 mo. old poor vs. normal readers vs. brain damaged children, 928

cerebral dominance, intelligence, nonbrain damaged Ss with superior & average & retarded intelligence & lateral brain damaged Ss with average & retarded intelligence, 11336

chronological & mental age & IQ & sex & etiological classification, abstract-concrete thinking, brain-injured vs. familial educable mentally retarded, 11411

correlation with German Wechsler-Bellevue Scale, Wechsler Intelligence Test for Psychiatric Patients applicability, braindamaged patients, 9364

distraction tone, visual RT performance, normal & brain-damaged & chronic alcoholic males, 9311

dysfunction of basal ganglia, psychomotor slowing, aged & braindamaged Ss, 984

early detection of birth or before birth trauma, institutionalized brain-damaged children, 7622

extraversion & neuroticism & rigidity & dogmatism & intolerance of ambiguity, abnormality differentiation, brain-damaged & acute schizophrenic & normal males, 11382

figure-ground distractibility & short-term memory, brain damaged vs. normal children, test of Werner & Strauss's theory, 998

figure-rotation errors, personality tests & learning rate, braindamaged & acute schizophrenics, 9351

frontal & nonfrontal right & left hemisphere brain damage, visual vs. auditory vs. kinesthetic short-term memory, patients, 7219

habituation rate to various types of stimuli & classification technique, unconscious brain-damaged patients, 9361 hyperkinetic syndrome behavioral abnormalities & body image &

spatial orientation disturbances & neurological abnormalities, exceptional reading ability, brain damaged children, 11446

left vs. right brain damage, emotional reaction to failure, 11380 mislocations in visual space, 18-80 yr. olds with hemianopsias vs. optic chiasm lesion patients, 9321

multiple statistical tests, neuropsychological investigations, braininjured 20-70 yr. olds, 11637

oral scale development based on Behavioral Rating Inventory for Autistic Children, preoral & oral sucking & biting behavior & oral traits, psychotic & retarded & brain damaged & character disordered & neurotic latency-aged male children, 4702 parent- & client- & profession-related problems, services for retardates with brain damage or dysfunction, 2813

personality traits, teachers of emotionally disturbed vs. educable retardates vs. brain injured vs. regular elementary teachers, 12039 physical movement, cognitive development, brain-damaged children, 11507

practice & exposure time & difficulty, serial learning, normal vs.

acute schizophrenic vs. brain-damaged male adults, 7091 recognition of tachistoscopically presented verbal & nonverbal stimuli in lateral visual fields, patients with right- vs. lefthemispheric brain damage, 4856

right- vs. left-hemispheric lesions, complicated ideational processes, brain-damaged male patients, 4726

sentence production, 10-19 yr. old normals vs. Parkinsonians vs. patients with left vs. right hemisphere brain lesions vs. patients with dementia, 7171

short messages & sequential presentation & feedback & organization of learning & schedules & memory aids, adapting care for memory problems, brain-damaged patients, 9589

spatial frequency & visual acuity, spatial contrast sensitivity, patients with cerebral lesions, 9293

superior temporal lobe lesions & stimulus duration, single acoustic signal frequency & intensity detection & RT & thresholds, braindamaged patients, 4745

time perception, aphasic vs. brain damaged vs. normal persons, 11473

treatment aims in rehabilitation, occupational therapy, braindamaged patients, 4921

unilateral brain damage, perception of temporal order of audiovisual stimuli, patients with left vs. right hemispheric lesions,

unilateral cerebral damage, RT to laterally applied mild electric current, left hemiplegic patients, 11413

variable preparatory intervals & rate of development of cerebral

disease, RT, brain-damaged Ss, 9417 visual & auditory & olfactory short-term memory, normal & paranoid & nonparanoid schizophrenics & Ss with acute & chronic brain syndromes, 7102

Brain Disorders (See also Acalculia, Acute Alcoholic Intoxication, Agraphia, Alcohol Intoxication, Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Anencephaly, Aphasia, Athetosis, Brain Concussion, Brain Damage, Brain Lesions, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chronic Alcoholic Intoxication, Delirium Tremens, Encephalitis, Epilepsy, Epileptic Seizures, Grand Mal Epilepsy, Hydroce-phaly, Hypothalamus Lesions, Korsakoffs Psychosis, Microcephaly, Minimal Brain Disorders, Organic Brain Syndromes, Parkinsons Disease, Petit Mal Epilepsy, Picks Disease, Presenile Dementia, Senile Dementia, Senile Psychosis, Toxic Encephalopathies, Toxic Psychoses)

acoustical stimulation, EEG & EKG & EMG & plethysmogram & pneumogram measures during orienting responses, subacute sclerosing leucoencephalitis, 9312

AHOP syndrome of adiopositas & hyperthermia & oligomenorrhea & parotid enlargement, diencephalic disturbances, 2 case reports,

cerebral cortex function & organization, damage & associated dysfunctions, understanding for planning rehabilitation by physiotherapists & occupational therapists, 5115

cerebral dysfunction symptomatology, children, literature review,

child guidance clinic admittance & subsequent adjustment, children

with cerebral dysfunction, 10 yr. follow-up study, 5075 depression & hyperkinesis, children with minimal brain dysfunction & emotional disturbance, 4913

digital computer processing technique, on-line detection of paroxysmal EEG abnormalities, 2591
EEG & behavioral aspects & arterial ammonia level, night sleep,

cirrhotics in porto-caval encephalopathy, 1004 EEG & birth abnormalities, high & low visual-perceiving retarded readers & normal readers, 9287

EEG vs. psychometric testing, brain lesion diagnosis, adult patients, 4855

eye & vision abnormalities, abnormal brain electrical activity & pathological behavior patterns, 5-18 yr. olds, 4614

frontal vs. central vs. temporal vs. occipital brain lesions, perception of patterns with different statistical characteristics, cerebrovascular diseased patients, 974

GABA-enhancing chemotherapy, gamma-aminobutyric acid deficiency & psychogenic learning impediment & emotional disorders, learning disordered children, 7623 inefficiency in total brain activity, visual agnosias, case records, 11333

intelligence & social class, neurological abnormality in infancy, 11399

ipsilateral focal seizures produced by cerebral neoplasm on same side as hemisphere lesions, case history, 7173

LSD, Halstead-Reitan neuropsychological battery & Halstead-Wepman Aphasia Test performance, 17-24 yr. old LSD users vs. normals, 476

magnesium pemoline vs. d-amphetamine vs. placebo, 6-12 yr. olds with minimal brain dysfunction, 9566

neuroleptic & anticonvulsive & methylphenidate drug treatment, minimal brain dysfunction, 2-12 yr. old children, 3063

Ozeretki-Gollnitz method of determining motricity vs. clinical findings & EEG & case history, lesional organic substrate detection, 7 14 yr. old explosive personality children, 2690

psychomotor testing, unilateral cerebral lesion detection, patients

with equivocal or negative motor symptons, 7120 rehabilitation methods, Ss with brain diseases & deteriorated psychic functions, 1243

right cerebral dysfunction, personality & nonverbal cognitive process, 3rd & 4th grade learning disabled vs. normal Ss, 7867 Selected Designs test, cerebral dysfunction screening, nonclinical

settings, 9290

septal dysfunction, response alteration on basis of proprioceptive cues & negative response magnitude to unpalatable solutions & water intake & overresponse to positively-motivating stimuli, 2623

WAIS & Holtzman Inkblot Technique scores & patterns, 45-64 yr.
old Veterans Administration Domiciliary non psychiatric vs. chronic brain syndrome residents, 2160

3- & 6-week periods of residential camping, physical fitness & adaptive behavior, noninstitutionalized 7-21 yr. olds with brain dysfunction syndromes, 1320

Brain Dysfunction (See Brain Disorders)

Brain Injuries (See Brain Damage)
Brain Lesions (See also Hypothalamus Lesions)
amphetamine vs. L-ephedrine p-hydroxylated derivations & unilateral lesion of nigrostriatal pathways, rotational behavior & striatum endogenous dopamine content on brain's intact side, rat,

amygdala vs. inferotemporal cortex resections, visual orienting & habituation, rhesus monkeys, 3852

amygdalectomy, mixed reinforcement schedule contrast effects, rats,

amygdalectomy, orienting behavior & classical conditioning & pituitary adrenal cortical system regulation, monkeys, 424 amygdaloid lesions & photic stimuli, visual evoked potentials &

locomotor & appetitive behavior, rats, 6312

amygdaloid lesions, reversal learning, deermice, 6249 anosmia produced by olfactory bulbectomy vs. deafferentation, mouse killing, rats, 1949

auditory cortical lesions, visual pattern discrimination, cats, 3871 bilateral anterior & posterior hippocampal lesions, spatial & visual discrimination & stimulus acquisition & reversal shifts & transfer,

bilateral frontal pole vs. anterior-medial vs. posterior medial vs. occipital cortical brain lesions, retention of passive avoidance learning, mice, 1874

bilateral hippocampal or cortical lesions made by aspiration, go & no-go task with bar pressing reinforced on alternate trials, rats,

bilateral lesions of 1 or both somatosensory cortex areas, tactile discrimination, rats, 1868

bilateral olfactory bulbectomy, aggressive & sexual behavior, hamsters, 414

bilateral resection of dorsolateral or orbitofrontal cortex, spatial alternation retention, monkeys, 8652

bilateral septal lesions, saccharin preference & water deprivation effects on DRL 20-sec schedule of barpressing, hamsters, 3903 bilateral septal vs. cortical control lesions & shock escape &

avoidance & food reinforcement, discriminative responding, rats,

brain bisection, eye & paw preference, cats, 10609 brain lesions, eating & drinking & irritability & aggression & copulation, rats, 10663

callosal section, restitution of function & development of new function, epileptics, 11401

Centrum-Medianum-Parafascicularis lesion, food-reinforced oper-ant response frequency increase & CER intensity & persistence decrease measured by conditioned suppression, rats, 1856

cerebellum lesions, delayed reaction & classical conditioning, turtles, 8674

cerebral commissurotomy, superiority of minor hemisphere in perception of part-whole relations, humans, 10658

cerebral cortex & striatum removal, sleep reduction, cats, 468

chlorpromazine & perphenazine & haloperidol & lesions of mesence-phalo-diencephalic brain parts, cataleptic response, rats,

complete transection of fornix, reversal of position habit, rats, 1882 corpus striatum chronic lesions, reserpine- & apomorphine- & amphetamine- & haloperidol-induced syndromes, rats, 10614

cortical & hippocampal lesions, hoarding behavior, rats, 3976 cortical lesions, hypothalamic stimulated eating, rats, 10667

corticotectal pathway removal, electrophysiological study & effects on single units in superior colliculus, cats, 10661

crossed olivo-cochlear bundle transection, behavioral measurement of pure tone thresholds & perceptual signal-to-noise ratio, cats,

D tetrahydrocannabinol & LSD & phencyclidine & pyrrolidyl & piperidyl isomers of ditran, EEG & acetylcholine release from cerebral cortex, brainstem transected cats, 8611

dexamethasone, affective behavior & adrenal reactivity following septal lesions, rats, 10679

dorsal hippocampus lesions, conditioned alimentary reaction under food satiation vs. deprivation, cat, 393

dorsolateral & orbital prefrontal cortex lesions, development &

cortical plasticity, monkeys, 8620 dorsolateral frontal & inferotemporal lesions, learning set acquisi-

tion & retention, monkeys, 8651 dorsolateral frontal lesions, conditioned discrimination & responsiveness to novel cues & reversal vs. nonreversal shift learning, monkeys, 6266

electrical septal stimulation & lesions, escape & avoidance learning

& brain histology, lizards, 6315

electrical stimulation & lesions of zona incerta & lateral hypothalamus, drinking & feeding, rats, 10631

electrolytic destruction of 1 amygdaloid complex & electrical stimulation of intact amygdala to develop kindled epileptic focus, long-term prograde effect on CER acquisition, rats, 1910

electrolytic lesions dorsolateral & lateral to lateral hypothalamic feeding center, weight loss & chronic gnawing, rats, 8665 electrolytic lesions of centrum-medianum & parafascicularis

complex of thalamus, acquisition & retention of active-avoidance responses, rats & cats & monkeys, 375

entorhinal area ablations & fornix section, spatial & object reversal, monkeys, 417

evoked responses, postulated neural circuit associated with sleepwaking process in lower brainstem, decerebellate intact cats & transected & transected split preparations, 361

forebrain ablation, long-term memory deficits for habituation of predatory behavior, gold fish, 1922

frontal association cortex lesions, behavioral changes, cats, 8690 frontopolar lesions, utilization of response-produced visual cues,

rats, 8640 hemispheric deconnexion, perception of bilateral chimeric figures,

commissurotomy patients, 11433 hierarchical classification & correlation of lesioned brain areas with tests standardized for specific areas of intellectual functioning,

organization of intellectual abilities in specific brain regions, 315 hippocampal destruction vs. damage to neocortex, hypothesis behavior & frustration, animals, 10636

hippocampal destruction, recent memory deficit, humans vs. animals, 1160

hippocampal lesions, passive avoidance consolidation time, rats,

hippocampal lesions, shuttlebox avoidance behavior & discussion of fear hypothesis & associated adrenocorticotropic hormone levels, rats, 6218

hippocampal stimulation, postsynaptic responses of brain stem reticular neurons, cerebellectomized & curarized & artificially ventilated cats, 394

hippocampectomy, auditory startle responses, rats, 6241

hippocampectomy, discriminated over-press avoidance acquisition, rats, 3953

increasing muscle stretch, stretch reflex dynamic & static components, decerebrate vs. spinal cats, 10604

interhemispheric cortical commissure bisection, hand preference constancy, monkeys, 1900

large septal lesions vs. medial forebrain bundle ablations at septum level, reactivity to handling & responsivity to quinine & saccharin solutions & footshock, rats, 365

lateral preoptic lesions, disruption of preference for glucose, rats, 3933

lateral striate vs. inferotemporal vs. dorsolateral frontal lesions, masked visual pattern detection & discrimination, rhesus

left vs. right hemisphere cerebral lesions damage, naming process & reading, normals & right- & left-hemisphere-damaged patients,

lesion effects on eye movements, activity of superior colliculus, rhesus monkeys, 6336

lesions in lateral septum & ventral hippocampus & medial septal & amygdala, suppression of drinking behavior when noise paired with electric shock & internal & external environment control, rats, 10654

lesions of amygdaloid & corticomedial amygdaloid nuclei, freezing & avoidance of unconditioned & conditioned threat stimuli, male rats, 6228

lesions of fornix, familiarity discrimination, rats, 8615

limbic lesions, stimulus-reinforcement associations in vision, monkeys, 1886

low-frequency tone bursts, brain stem & spinal cord responses, unanesthetized decerebrate & chloralose anesthetized cats, 475

medial prefrontal cortex removal, classical defensive conditioned reflexes & heart rate, dogs, 8675

medial vs. lateral prefrontal lesions, asymmetrical & symmetrical reinforced differentiation, dogs, 8607

median midbrain raphe lesions, 5-hydroxyindoleacetic acid in forebrain & cerebrospinal fluid, rats, 3870

midbrain lesions, hypothalamically & naturally elicited components of biting attack & threat, cats, 8592

midline section of interhemispheric commissure, left- vs. right-hand performance in delayed tactile pattern matching, 17-46 yr. old patients, 1024

midprincipalis lesions, delayed response performance, monkeys,

motor & sensory & cognitive test performance, subtentorial lesioned vs. supratentorial CNS diseased adult patients matched vs. unmatched for IQ, 2709

neocortical lesions, conditioned nictitating membrane responses, rabbits, 3937

nucleus pulvinaris thalami lesions, open technique, monkeys, 6254 olfactory bulb ablations, hormonally-induced mating behavior, spayed female mice, 3968

optic tectum vs. posterior vs. anterior telencephalon bilateral aspiration, visual discrimination learning, sharks, 1875 orbital & lateral frontal vs. inferotemporal ablations, visual

discrimination learning & retention, monkeys, 437

orbital & lateral prefontal vs. inferotemporal ablations, tactile discrimination learning, monkeys, 435

orbital cortex ablation, persistent thalamic & cortical barbiturate spindle activity, cats, 6242

orbital frontal lesions, enhanced aversive & reduced aggressive reactions, rhesus monkeys, 8597

orbital vs. frontal ablations, nonreversal shifts, monkeys, 436

orbital vs. proreal vs. medial precruciate lesions, left leg right leg differentiation, dogs, 8678

partial prefrontal lesions localization, behavioral disorder systematization, animals, 8636

prefrontal & anterior temporal cortex lesions, social & sexual behavior & affect, rhesus monkeys, 8658

prefrontal cortical ablation, evoked skin potential reflexes, kittens & cats, 8696

prefrontal lesions, avoidance & escape reflexes, cats, 8699

pretrigeminal brain stem transection, orienting response hypernormality, cats, 8698

proreal lesions, delayed alternation & spatial reversal & go left go right tasks, dogs, 8638

right vs. left cerebral cortical lesions & practice with 1 hand-performance with other, unimanual motor skill learning, 11394 rostral medial forebrain bundle & olfactory tubercle lesions, sexual

behavior, male rats, 10629 selective frontal cortex ablation, movement organization & delayed alternation behavior, monkeys, 6259

selective frontal cortex ablation, movement organization & delayed alternation behavior, rhesus monkeys, 8617

selective hippocampal complex deafferentation, avoidance behavior, rats, 3973

sensory alterations, shock-induced fighting & mouse killing, blinded vs. devibrissaed vs. bulbectomized rats, 1846

sentence production, 10-19 yr. old normals vs. Parkinsonians vs. patients with left vs. right hemisphere brain lesions vs. patients with dementia, 7171

septal & amygdaloid lesions & solution concentrations, saccharin & quinine preferences, rats, 1890

septal & amygdaloid lesions, visual discrimination under nonreinforcement & reinforcement conditions & eating & drinking & body weight, rats, 6326

septal area lesions & base-line activity levels, conditioned & unconditioned heart-rate response, rats, 3878

septal area lesions, running-wheel avoidance behavior, rats, 3967 septal area vs. cortical lesions & body fluid manipulation, food & water intake, rats, 1948

septal damage, successive free-operant discrimination with fixed component durations & minimization of negative stimulus responding, rats, 10613

septal lesions & extended training in mediated environment, differential reinforcement of low rates efficiency, rats, 6273 septal lesions, acquisition of nonappetitive passive avoidance tasks,

rats. 1958

septal lesions, behavioral reactivity & averaged visual evoked responses to discrete series of photic stimuli, rats, 10678 septal lesions, free-operant avoidance task performance, rats, 6292

septal lesions, home cage lighting effects on drinking behavior, rats, 3904

septal lesions, passive avoidance task performance, gerbils, 10602 septal lesions, punishment of free-operant avoidance responding,

septal lesions, response to frustrative nonreward in Amsel double runway, rats, 3929

septal lesions, suppressive effects of punishment of operant responding, rats, 3960

septal vs. dorsal hippocampal vs. ventral hippocampal lesions & pre-vs. postoperative approach training, conflict resolution, rats, 8613 septal vs. ventromedial hypothalamic lesions, preference for obtaining food by bar pressing, rats, 460 serotonin levels & hippocampal ablation, modulation of behavioral

arousal, rats, 1960 simultaneous posterior neodecortication vs. successive damage with 1 wk. interoperative interval vs. successive damage with training during interoperative period, retention of discrimination learning, rats, 10687

split brain, functional asymmetry in visual discrimination learning & paw preference, cats, 472

stria terminalis lesions, agonistic behavior, rats, 1919

striate cortex & temporal cortex lesions, discrimination learning on basis of orientation of stripes with random hue differences shift to task with hue as relevant dimension, tree shrews, 3917

striate cortex ablation, visual discrimination, tree shrews, commen-

tary on J. P. Ward & R. B. Masterson's paper, 6331 striatectomy, behavior & electrophysiology, adult vs. neonatal rabbits, 8677

substantia nigra & caudate nucleus lesions, avoidance learning, rats,

sulcus principalis lesions, spatial delayed-alternation & placereversal learning, rhesus monkeys, 8598

superior colliculus lesions, visual stimuli localization & discrimination, squirrel monkeys, 8684

symptom localization & time factor analysis, granular prefrontal cortex functions, primates & man & homologues in rodents & carnivores, 8681

total vs. partial ablation of dorsolateral frontal cortex, supplementary articular-somesthetic & kinesthetic cues & delayed alternation performance, monkeys, 388

training between 2 successive unilateral posterior neocortical ablations, retention of black-white discrimination habits, rats,

unilateral ablation of auditory cortex, complex sound localization, cats, 8694

unilateral ablation of superior temporal cortex, auditory sequence discrimination, monkeys, 8604

unilateral cortical lesions, paw preferences, cats, 8769

unilateral posterior cortical lesions, nonvisual deficits as reflection of spatial progression impairment, rats, 3943

unilateral precentral lesion & midsagittal transection of corpus callosum & thalamus, role of massa intermedia in motor performance, rhesus monkey, 3927

unilateral visual decortications & anterior cortex vs. striate cortex lesions, performance of diametrically opposed discriminations, rats, 10643

unilateral vs. bilateral aspiration lesions & contralateral irritative lesions of hippocampus vs. overlying neocortex, brightness discrimination & avoidance learning, rats, 1966

usefulness of visual images, memory treatment, verbal memory defective adults, 9421

varied septal lesions, septal rage syndrome localization, rats, 6314 ventrolateral midbrain tegmentum lesions, homecage behavioral changes & periodic abnormalities, cat, 447

ventromedial hypothalamic nucleus vs. septal nuclear complex lesions, behavioral perseveration, rats, 410

ventromedial hypothalamus vs. septum vs. medial forebrain vs. dorsal longitudinal fasciculus lesions, reactivity to footshock, male vs. female rats, 10612

1-vs. 2-stage fornix lesions, alternation performance, rats, 6264

Brain Mapping (See Stereotaxic Atlas) Brain Maps (See Stereotaxic Atlas)

Brain Neoplass

EEG vs. brain scan as tumor detection methods, patients with supratentorial brain tumors, 2603

infant brain stem tumors, age of occurrence & symptoms & differential diagnosis, 2621

ipsilateral focal seizures produced by cerebral neoplasm on same side as hemisphere lesions, case history, 7173 localized EEG inactivity, diagnosis of intracranial hematomas &

cerebral tumors & cerebrovascular lesions, 9522

Brain Stem (See also Medulla Oblongata, Pons, Reticular Formation)

ascending & descending excitatory influences, brain stem reticulum, rats, 306 chlorpromazine, brain stem nuclear structures single neuron unit

discharges, cats, 3964 drocannabinol & LSD & phencyclidine & pyrrolidyl & piperidyl isomers of ditran, EEG & acetylcholine release from cerebral cortex, brainstem transected cats, 8611

decerebrate rigidity as indicator, damage to mesencephalic-pontine segment of brainstem, 4740

evoked responses, postulated neural circuit associated with sleep waking process in lower brainstem, decerebellate intact cats & transected & transected split preparations, 361

eye movements in alert state, activity of brain stem neurons, monkeys, 6166

hippocampal stimulation, postsynaptic responses of brain stem reticular neurons, cerebellectomized & curarized & artificially ventilated cats, 394

infant brain stem tumors, age of occurrence & symptoms & differential diagnosis, 2621

lateral superior olivary nucleus convolutional organization, cochlear coiling, animals, 8576

low-frequency tone bursts, brain stem & spinal cord responses, unanesthetized decerebrate & chloralose anesthetized cats, 475 LSD, acetylcholine level in brain & olfactory bulbs & hypophysis,

neuronal function peripheral transmitters & aromatic amines, diencephalic & brainstem mechanisms, review, 6090

pretrigeminal brain stem transection, orienting response hypernormality, cats, 8698 superior colliculus lesions, visual stimuli localization & discrimina-

tion, squirrel monkeys, 8684

6-hydroxydopamine-induced neonatal sympathectomy, open field activity & avoidance learning & retention & sexual behavior & endogenous norepinephrine in lower brainstem & cerebral cortex & hypothalamus, rats, 6299

Brain Stimulation (See also Chemical Brain Stimulation, Electrical

Brain Stimulation, Spreading Depression)

amygdaloid vs. brainstem neuron refractory periods, stimulusbound eating & drinking, rats, 10671 antidromic stimulation of transcallosal fibers, recurrent excitatory

pathways in epileptogenesis, cats, 8586 brain stimulation, pyramidal & extrapyramidal control of tonic

mechanisms, barbiturate anesthetized cats, 10593 current device, brain stimulation, 8692

environmental temperature stress, electrical vs. radiant heat selfstimulation of preoptic & lateral hypothalamus, rats, 3975

ether anesthesia, cease in initial responses to acoustic stimulation in auditory area of cortex, cats, 10595

ethyl alcohol, adrenal cortex functional changes, rats, 10682

hexobarbital & viadrie & sodium oxybutirate, stimulation transmission in cortico-spinal system, cats, 8642

hippocampal stimulation, postsynaptic responses of brain stem reticular neurons, cerebellectomized & curarized & artificially ventilated cats, 394

human voice stimulation, neuronal discharge patterns, cats, 8686 limbic ICS & lesions, physiological & clinical changes, severely

incapacitated psychiatric patients, 7510 phase related differences between alpha rhythm averages obtained under nonstimulus vs. stimulus conditions, somatosensory evoked potential averaging, 432

posterior hypothalamic stimulation, conditioned suppression of food-reinforced barpressing behavior, rats, 6290

prolonged rewarding brain stimulation, adaptive vs. aversive behavior, rats, 376

reinforcing hypothalamic stimulation, eating elicited through same electrodes, rats, 8630

sensory evoked activity in dorsal vs. ventral regions, medial geniculate body, cat, 8540

tetrapolar technique, DC shifts in rheoencephalograms, chronicallyimplanted & acutely-prepared cats, 10649

Bravery (See Courage)

Brazil

aspirations, selection of psychology as field, Brazilian psychology students, 1375

development of mental health programs & clinics & counseling bureaus & personnel training & government agencies, Brazil, 9557 illiteracy & social variables, nonverbal intelligence test, urban & suburban vs. rural Brazilians, 2229

osychopharmacological research, Brazil, bibliography, 416

Rorschach vista responses & Terman Group Test, intelligence, Brazilian lawyers, 2449

Breakthrough (Psychotherapeutic) (See Psychotherapeutic Breakthrough)

Breast

historical survey, dress design & aesthetics of female breast, 6900

**Breast Feeding** 

breast-feeding vs. bottle-feeding, tongue thrusting & dental occlusion & lip posture during repose & maxillary arch width, vs. bottle-feeding, tongue thrusting & dental 1st-8th grade males vs. females, 2191

pregnant vs. nonpregnant condition & color of communicator & recipient, attitude & behavior on rooming-in & breast feeding, black & white pregnant women, 713

unrestricted vs. token breast-feeding vs. bottle-feeding, early development & security, human infants, 8844

**Breast Neoplasms** 

hypophysectomy, intellectual functioning & personality attributes, white female patients suffering from metastatic breast cancer,

Breathing (See Respiration)

Breeding (Animal) (See Animal Breeding)

Brief Psychotherapy
confrontation-problem solving therapy, confusional & delirious
states, physically ill patients, 9607
group intake procedures & brief therapy & use of expertise,
improved patient treatment & effective staff training & use of time, 4968

once-weekly individual psychotherapy with maximum 6 mo. period, follow-ups of 20 cases, 9779

paradox communication, psychotherapeutic resistance, short-term psychotherapy patients, 9550 parental attitudes toward psychotherapeutic evaluation & treatment child evidence.

ment, child guidance clinic in rural area, 11556

short- vs. longer-term vs. no psychotherapy & length of record & age, recidivism rates, criminals in maximum security prison, 7392 short-term intensive group therapy, behavior improvement & recidivism rate, 14-19 yr. old delinquents, 5118

short-term psychotherapy, compulsive personality & obessive-compulsive neurotics, 7661

university research & training program in brief psychotherapy,

**Brightness Perception** 

ambient illumination level, form & brightness discrimination, squirrel monkeys, 8766

artificial & natural pupil, form & slope of power functions for brightness, 166

background lightness, contrast & assimilation, college students, support for H. Helson's hypotheses of differential stimulation & area-luminance, 5862

background reflectance, brightness & brightness difference magnitude judgments, undergraduates, 3558

changing illumination, brightness changes in complex field, reexamination of D. Jameson & L. M. Hurvich's study of brightness constancy, 3608

heat & shock procedures, learning speed & age effects in brightness discrimination, rats, 10601

orotic acids, memory of brightness discrimination task, rats, 8649 perception of assimilation & contrast in regard to brightness, theory combining aspects of Helmholtz's unconscious inference & Koffka's gestalt theory, 3563

perceptual pretraining, dimensional prepotency in brightness & form simultaneous discrimination, kindergartners & 1st graders,

progressive retinal destruction, illumination level & age difference effects on open-field activity & brightness discrimination ability,

young mice, 1916
pulse number under nonoptic & dichoptic inphase & dichoptic

antiphase, fusion Hertz, graduate students, 97 right-left vs. left-right order & stimulus onset asynchronies & flank width, brightness estimates of sequentially presented & partially overlapping rectangles, undergraduates, 1586

steady & intermittent illumination, border enhancement, 8326 viewing lines in different orientations in stabilized images, time

course of whole- & partial-fade frequencies & durations, 86 whole brain homogenates from trained Ss injected intraperitoneally, light-dark discrimination, rat, 6325

aides (See also Ammonium Bromide, Calcium Bromide, Lithium Bromide, Potassium Bromide, Sodium Bromide, Strontium Bromide)

**Bronchial Disorders** 

perception of parent-child relations, respiratory & allergic & neurotic illness, undergraduates reporting hay fever & sore throat & asthma & neurotic symptoms, 2473

**Brothers**

business & industry, individual personality, book, 3407

factor analysis of proportional price changes, 425 common stocks for 44 quarter-year periods, 3388

questionnaire covering participation in business & economics & history & current events & music & art & literature, cultural informational components, high school students, 2296

salvation through reciprocation & reversal & neutralization & moralization, guilt & indignation generated by social debt & credit accumulation in reciprocal transaction, Hawaiian messian-

ic sect of Japanese origin, 707
Business And Industrial Personnel (See also Accountants, Architects, Blue Collar Workers, Clerical Personnel, Industrial Foremen, Industrial Psychologists, Management Personnel, Middle Level Managers, Sales Personnel, Secretarial Personnel, Skilled Industrial Workers, Top Level Managers, Unskilled Industrial Workers, White Collar Workers)

age & occupation & education & job tenure, job satisfaction, engineers & salesmen & clerical workers & assemblers & janitors & maintenance men, 3414

anticipated job loss, productivity & absenteeism & lateness, about to be laid off vs. kept on workers, 1423 assessment method & defensiveness, job satisfaction, insurance

company clerks, 10162

career mobility & organizational type, tenure & identification, Roman Catholic priests vs. professionals in research & development laboratories, 5629

cross-cultural differences, job satisfaction, employees from 3 foreign subsidiaries of electronics firm, 12185

degree of job man-machine interaction, alienation as measured by absenteeism, industrial workers, 8064

differentiation & work group size & level, successful organizational change, industrial plant personnel, 5628

discrepant vs. multiplicative scores, longitudinal & concurrent prediction of job satisfaction, engineers, 10177

exposure to greater number & diversity of information sources, individual's information source value, research & development firm professionals, 3399

fatigue, vigilance & RT with vs. without circadian rhythm alterations, railway workers, 1398

group training program emphasizing self-awareness & sensitivity to others & basic interviewing skill development, interpersonal cognitive complexity-simplicity, Employment Security & Manpower Administration employees, 3366

heavy vs. light job strain & perception of age, willingness to retire, 55 64 yr. old British male factory operatives, 1430

human behavior, businessmen, book, 10171

hypothesis formation & elaboration & testing against available information displays, problem solving, power plant operators,

inservice cross-cultural educational programs, preparation for increasing intercultural contact, employees, 5630

ob-analysis questionnaire resulting in meaningful job dimension identification, prediction of aptitude requirements & pay rates, job analysts & supervisors & business & industry incumbents, 1437

Kuder Occupational Interest Survey & Gordon's Survey of Interpersonal Values & modification of Edwards Personal Preference Schedule identification of successful entrepreneurs, successful entrepreneurs, 3400

mental health education for supervisors, responding to needs of employees, 3045

mental models, diagnostic process in problem solving, power plant operators, 10136

motivations, social participation in environment through work, construction workers, 12136

observation & questionnaire, time spent talking & reading & writing on job, professional & technical & administrative & clerical personnel in communications laboratory, 3411

office-garden vs. traditional office building, satisfaction with working conditions, older more experienced vs. younger less experienced workers, 8150

organizational & personality, leadership style, management personnel, use of E. Ghiselli's self-description inventory & L. Porter's managerial attitudes questionnaire, 10179

perceived status recognition within work status structure, social psychological withdrawal from work role, oil refinery & automobile manufacturer employees, 12183

perceptions & values & philosophies of sponsor, questionnaire design, industrial managers, 1388
personality traits relevant to cooperation in tractor production

mutual choice, coworkers, 1461

positive vs. negative orientation & job training program vs. entry level job, power & effectance & achievement motivation, black disadvantaged male workers, 8102

psychological tests & Cattell's 16 PF, psychological characteristics, head frame operators & engine drivers, 10126

raw scoring vs. formula scoring, predicting coached performance ratings, different occupational groups in chemical corporation, 10284

role conflict & ambiguity as behavioral predictors, organizational behavior model, vice-presidents & supervisors & staff personnel of manufacturing firm, 1426

sequential analysis, nature & method of information presentation, power plant operators, 10147

sex & age & job type & level, job attitudes, 12187 social-psychological needs satisfaction, office workers, 8035

test battery measuring dexterity & motor coordination & visual acuity & speed & tolerance for monotony, efficiency for personnel selection in electronics industry, 10127

traditional vs. sensitivity training methods, social skill training & evaluation for use in catering industry, restaurant staff, 11056

trainee reaction & learning, supervisory training program evaluation, textile technology workers, 10169

work characteristic questionnaire, perception of worker needs vs. self-reported needs, factory employees & union leaders & managers, 3391

work type & job classification & stress, alcoholism incidence, 9487 working under pressure, job satisfaction & mental health & production, managers & workers in manufacturing organization, book, 10128

**Business Mana** 

group productivity & drive & cohesiveness, organizational management implications, literature review, 1459

leadership variance & organization's environmental constraints, sales & earning & profit margin, large corporations, 1432

**Business Organizations** 

expectations of corporate life, college students, implications for management recruiting, book, 10184

job continuation & satisfaction & personal style, establishing & effecting organizational change roles, U. S. business school graduates in South American organizations, 8037

job satisfaction & performance evaluation & path-goal perceptions & turnover, role assimilation in complex organizations, new nonacademic employees in large university, 3433

leadership variance & organization's environmental constraints,

sales & earning & profit margin, large corporations, 1432
perception of need deficiencies & expected job satisfaction in
military & business organizations & public utility, business school students, 3393

psychosocial aspects of health in work organizations, issues & orientation, 8087

taxonomic approach to organizational environment, organizational structure & economic success, branch offices of stock brokerage

work environment, organizational climate & attitudes, financial institution, 8116

**Business Students** 

aesthetic & social & theoretical values, 1st yr. vs. graduating business school vs. graduating technical school business students vs. lower & middle level managers, 8115

instructions to be accurate vs. general-vs. specific-faking, Edwards Personal Preference Schedule performance, business administration undergraduates, 10125

job continuation & satisfaction & personal style, establishing & effecting organizational change roles, U. S. business school graduates in South American organizations, 8037

perception of need deficiencies & expected job satisfaction in military & business organizations & public utility, business school students, 3393

Cartoons (Humor)

aggressive cartoons & sex & group size, group play, kindergartners,

directionality of transitory dominance in jokes & cartoons depicting superior-subordinate relationships, humor appreciation, college students & professionals & businessmen, 4460

familiar vs. unfamiliar cartoon strips & anxiety level, perceived

humor, college students, 3740

incongruity- & resolution-removed cartoon forms, appreciation & comprehension of cartoon humor, 2nd & 3rd & 6th & 7th graders,

sex role identification, humor stimuli comprehension, schizophrenics & normal medical patients, 11367

viewing comic strips, determining emotion-producing situations, 8 yr. old boys, 10834

Case Report

flooding" treatment, 31 yr. old with movement epilepsy &

agoraphobia, 9720

absence of quantitative increase in total amount of gangliosides & essentially normal pattern of ganglioside distribution, Jansky-Bielschowsky type of late infantile amaurotic idiocy, 10 yr. old

act of rationality & personal integrity, pseudosuicide, case studies of serious but nonlethal suicide gestures, 4703

adaptation of classical & operant conditioning behavioral techniques, improved therapist-patient relationships, 11 yr. old male,

administration & initiation of services & community advisory council, initial planning & operation of urban mental health center, black neighborhood 1966 1970, 9596

affection transfer to therapist, psychoanalytic grief treatment, elderly woman, 7640

afterthought, development by Freud & role in psychoanalysis, Wolf Man as example, 1182

aggressiveness & feelings of giddiness & anxiety & muscular tension, 30 yr. old woman in analysis, 7608
AHOP syndrome of adiopositas & hyperthermia & oligomenorrhea & parotid enlargement, diencephalic disturbances, 2 case reports, 7197

alchohol & marihuana & LSD & D-amphetamines & barbiturates & heroin use, 28 yr. old male, 4771

alcoholic intoxication, symbolic acting out of adjustment problem, 25 yr. old male, case study, 4687

anorexia nervosa, urinary excretion disorder, male adolescents, case report, 11337

anxiety reduction & arousal reconditioning procedures, homosexuality related sexual impotence, case report, 11674

appendicitis, family reaction & child psychosis, 7 yr. old girl, 11497 associations to key words from dream symbols, visual & graphic displays of language patterns & psychodynamic associations, oral-dependent 40 yr. old hospitalized male, 7317

attention & praise contingent upon weight loss per week, obese mildly retarded 14 yr. old female, 2854

attention & social contact withdrawal, hysterical vomiting, 17 yr. old female, 11527

aversive imagery therapy using hypnosis, 27 yr. old male clothing fetishist, 2865

aversive noise treatment, 19 yr. old stutterer, 9679

behavior reinforcement & learning theory, counselor training, student teachers, case report, 11287

behavior therapy & videotape feedback, teaching nonverbal components of assertive training, case report, 10498 behavioral contracting to change reinforcement contingencies

maintaining drinking, 44 yr. old alcoholic & his wife, 9697 body image, mother-child relationship, woman with rheumatoid arthritis, 11458

camptocormia & associated psychological symptoms, review & case report, 7105

cannabis smoking, psychosis, 21 yr. old college student, 9325

case report, phenomenological psychopathology, book, 9484 case studies, childhood development, book, 10895

change of residence, depression & dermatoid & demonopathic delirium, 74 yr. old with posttraumatic blindness, 11436 chronic administration of barbiturates with phenmetrazine,

differential diagnosis of resultant psychosis, 2 case reports, 3064 classical & uncharacteristic hysterical symptoms & treatment & outcome, adult woman, 5012

clinical & psychopathological aspects, exhibitionism, case reports & literature review, 2605

clinical outpatient treatment, adolescent crisis syndrome, 3 case reports, 7408

combined behavior therapy & psychotherapy, male homosexuality treatment, case history, 1172

contingency contracting, deceleration of amphetamine use, female adult, 11553

contingent & noncontingent visual feedback, digital performance, deaf cerebral palsied 11 yr. old, 11745

contingent vs. noncontingent reinforcement periods, verbalizations, nontalking 5 yr. old Negro girl in Head Start program, 2790 counterconditioning by sips of ginger ale, vomiting habit, 60 yr. old

female, 2959 covert conditioning in behavior treatment, drug-taking behavior,

drug-dependent college dropout, 7451 covert reinforcement & sensitization, heterosexual vs. homosexual

urges, 21 yr. old male, 11648 covert sensitization, homosexual behavior extinction, case study, 11583

covert sensitization, homosexuality, 22 yr. old male, contribution to J. Cautela's technique, 5206

cruelty to animals in children, 18 case histories, 4875

data collection during sleep & wakefulness, excessive frequency of micturition, 24 vr. old male, 4910

desire for self-punishment vs. asphyxia induced pleasure, masturbation, case report, 9332

drawing of hallucinations, schizophrenic patient, 9682

drawing of hallucinations, schizophrenic patient, 9682

dual transference therapy, 15 yr. old girl with anorexia nervosa, 7650 EEG & EKG during attack, vasodepressor reaction in upright position & heart rate & peripheral vascular resistance, 37 yr. old pilot with micturition syncope, 2610

EEG patterns, ESP scores in forced-choice experiments, case report, 8545

EEG, wakefulness, 63 yr. old woman, 8534

fective transference development in psychotherapy, black psychiatric resident & 11 yr. old white Southern girl, 7395 effective transference development in

ego impairments, multiple-drug abuse, case history of young man,

EKG recordings diagnosis, cardiac neuroses, 27 yr. old male, 7254 electric aversion therapy, alcoholism & peripheral neuropathy, 60 yr. old male, 4967

epilepsy showing only schizophrenic symptoms, 2 case reports, 11474

epilepsy with jacksonian somatosensory manifestations, family case history of 4 siblings, 2766

establishing desirable mental attitudes in patients & their families prior to childbirth postpartum depressions, 30 yr. old pregnant mother, 3021

exhibitionism, 15 yr. old, 9335

expressive & interpretative art setting, 8 yr. old boy, 9529

extinction procedure using reinforcement removal, treatment of tantrum behavior, female 28 mo. old, 11642

family case history of drug addiction, myopathic patient, 4734 family therapy & social casework, treatment modalities & speech goals, girl & family, 3011

fatherhood, mental illness, literature review & case reports, 7206 fictional living psychopathology, 28 & 46 yr. old males, 7117

fixed-ratio & fixed-interval reinforcement schedules, response rate & alcohol consumption, 34 yr. old chronic alcoholic, 9710

flooding in vivo, obsessive-compulsive neurosis, 25 yr. old male,

fragmentary psychoanalytic treatment, acute homosexual panic, 27 yr. old male, 5112

G-group ring chromosome, retarded 16 yr. old female, 2724

group psychotherapy techniques, transsexualism, case report, 7453 handwriting & drawing & Revised Stanford-Binet Intelligence Scale performance over 6 month period from symptom onset to death, 14 yr. old girl with inclusive encephalitis, 1005

homogamy in intellectual abilities, case report of husband & wife with 61 point IQ difference, 2684

homosexuality patterns, boys, 4 case reports, 9405

hypnosis & psychotherapeutic interviews, hyperhidrosis, 11 yr. old girl, 9541

hypnotherapy, sexual fetishism, case report, 11691

hypnotic induction resistance, 23 yr. old female rape victim, 11613 implosive therapy, germ & crowd phobia, female undergraduate, 3003

inefficiency in total brain activity, visual agnosias, case records, 11333

influenza infection & subsequent manic psychosis, case report, 2748 intense oral fixation & development of oral incestuous fantasies, xerostomia during insight therapy, 57 yr. old woman, 5101

introjection of therapist as symptom & diagnosis & treatment suggestions, 3 male patients, 5178

ipsilateral focal seizures produced by cerebral neoplasm on same side as hemisphere lesions, case history, 7173

Jocasta mothering, genius development, case study of George Sand, 8784

lack of stimulation & temporal dimension of Freud's anxiety theory, trauma, 28 yr. old woman, 7298

lithium carbonate, psychiatric & biochemical profiles, 24 yr. old female manic depressive, 5197

long-term hemodialysis treatment, secondary gain & self vs. hospital treatment management, 2 case studies, 7419

long-term psychoanalytically-oriented psychotherapy, spasmodic torticollis, 35 yr. old man, 1155

love affair with previous psychoanalyst, subsequent psychoanalytic implications, young female with transient psychotic episodes,

LSD induced body image & self-concept & external world perception disturbances, depersonalization symptoms & characteristics, 17 yr. old male, 471 malingering & factitious illness, 30 yr. old female with self-induced phlebotomy, 2763

imidazo-quinazoline derivative, narcolepsy & cataplexy, 7625

imipramine & dexphenmetrazine & amphetamine sulphate, REM & NREM sleep & sleep duration, patients suffering from narcolepsy-cataplexy & sleep paralysis & hypnagogic hallucinations, 7626

striated motor channels & psychic life, dreams & cataplexy & epilepsy, 1788

Cataracts

parachlorophenylalanine induced phenylketonuria, cataractogenesis, immature rats, 3893

Catatonia

chlorpromazine-induced catatonia, manic patient, 9804

Catatonic Schizophrenia

cerebrospinal-fluid activity of glutamic oxaloacetic transaminase & lactic dehydrogenase & aldolase, 22-62 yr. old hospitalized chronic schizophrenic paranoid & hebephrenic & catatonic & hebephrenic-catatonic females, 955

P-phenylenediamine oxidation using Ravin's method, serum ceruloplasmin activity, acute & chronic schizophrenics & acute

catatonic stupor Ss, 2563

psychoanalysis, superego conflict, catatonic schizophrenic male, 11739

Catecholamines (See also Dopamine, Epinephrine, Norepinephrine) a-methyltyrosine & reserpine, operant shuttle-box & t-maze task performance, 6-hydroxydopamine treated & centrally-sympathectomized rats, 10607

apomorphine induced motility, role of dopaminergic systems, rats,

benztropine & erhybenztropine & diphenylpyraline & brompheniramine & chlorpheniramine & methixene, catecholamines accumulation in central dopamine nerve terminals, rats, 1871

biogenic amine hypothesis of depression, consideration of interactions between catecholamines & indoleamines & false transmitters, 4798

brain catecholamines & serotonin, isolation & reactivity & aggression, mice, 344

chlorpromazine & its metabolites, synthesis & turnover of catecholamines formed from C-tyrosine in brain, mice, 3936

circadian variation in urinary excretion of catecholamines & 17hydroxy-corticosteroid as evidence of intellectual circadian

periodicity, students vs. day vs. night workers, 3826
clinical method, testing abnormal in vitro haemolysis from
catecholamine metabolites, schizophrenia, 9366
electrical stimulation of lateral hypothalamus vs. midbrain tegmentum, brain catecholamine concentrations & adrenocortical activation of self-stimulatory vs. aversive behavior, rats, 433

H-DOPA peripheral administration during pre- & postnatal development, brain production of [H] catecholamines, 405

imipramine vs. chlorimipramine pre- & posttreatment, L-dopa induced behavior & brain catecholamine & serotonin levels, rats,

intraventricular 6-hydroxydopamine injections, feeding behavior, rats, 6338

narcotic analgesics, acute toxicity & respiratory depression & convulsions in relation to brain catecholamine levels, mice, 10615

prolonged sleep deprivation, circadian variation & psychomotor performance & psychological ratings & catecholamine excretion & diuresis & fatigue, 20-64 yr. old military officers, 386

stimulation of catecholamine secretion, preferential adrenaline vs. noradrenaline secretion in adrenal vein vs. adrenal gland, cats,

6-hydroxydopamine, depletion of brain norepinephrine & facilitation of aggressive behavior, rats, 3966

Categorizing (See Classification (Cognitive Process))

Catharsis

abreactive test modification technique, reducing debilitating effects of high test anxiety, 8th graders, 3115 catharsis through annoyance, displaced aggression, 2347

cathartic & diagnostic values, play therapy, review of positions of Freud & Melanie Klein & Anna Freud, 2840

prototype of cathartic cure, critical review & new data on Breuer's report of Anna O", 4998

role playing intellectual insight & emotional catharsis & reduction of interpersonal conflict, female college students open vs. not open to feeling life, 1104

Catheterization

Cathexis

information-processing model, Freud's concept of cathexis, 4489 success-failure decathexis, dream incorporation, male undergraduates, 7009

Catholicism (Roman) (See Roman Catholicism)

Cats

-amphetamine & methamphetamine & tyramine & ephedrine vs. phenoxybenzamine & phentolamine & tolazoline vs. atropine & arecoline, epileptiform afterdischarges in chronically isolated slabs of cerebral cortex, cats, 409

amphetamine & myristicin & macromerine, EEG depression & excitation & hallucinations & spikes & grand mal seizure & neurovegetative disturbances & ejaculation, rats & cats & rabbits,

382

antidromic stimulation of transcallosal fibers, recurrent excitatory pathways in epileptogenesis, cats, 8586

armine introduction into motor area of right hemispheres, motor CR, cats, 8621

atropine injection in caudate nuclei, maintenance of instrumental motor conditioned responses, cats, 3946

auditory cortical lesions, visual pattern discrimination, cats, 3871 benactyzine & atropine & anticholinesterase galanthamine, hippocampo-amygdaloid evoked potential changes, cats, 10633

berberine hydrochloride, amphetamine induced activity & pentobarbitol sleeping time & amphetamine toxicity & pentylenetetra-zol seizures & ECS convulsions & pain threshold & barbiturate hyperalgesia, cats & mice & rats, 3956

binocularly activated neurons in visual cortex, binocular responses of simple & complex neurons with disparity changes, cats, 3822

brain bisection, eye & paw preference, cats, 10609 brain stimulation, pyramidal & extrapyramidal control of tonic mechanisms, barbiturate anesthetized cats, 10593

cerebral cortex & striatum removal, sleep reduction, cats, 468 chlorpromazine vs. stelazine vs. diazepam vs. chlordiazepoxide, EEG & dendritic & transcallosal responses, tracheotomized & scalped & craniotomized & artificial breathing rabbits & cats, 3940

chlorpromazine, brain stem nuclear structures single neuron unit discharges, cats, 3964

chronic methamphetamine intoxication, analysis & indexing of ataxia & dystonic posture & transient & patterned movements, cats, 378

click-shock pairing upon discharge rate & pattern, modification of unit discharges in medial geniculate nucleus, cats, 1962 clonidine & noradrenaline & methysergide & LSD & phentolamine & p-chlorophenylalanine, sleep, chicks & rats & cats, 398

complex sensory stimulation & conditioned phasic motor inhibition, amygdaloid unit activity, cats, 303

conditioned movement responding, changes in somesthetic cortical evoked potentials, cats, 3778

cortical association response area development, kittens vs. adult

corticotectal pathway removal, electrophysiological study & effects on single units in superior colliculus, cats, 10661

cross-modality comparisons of averaged evoked potentials to visual & auditory & electrical stimulation, vigilance changes & stimulus intensity, cats, 8644

crossed olivo-cochlear bundle transection, behavioral measurement of pure tone thresholds & perceptual signal-to-noise ratio, cats, 400

D tetrahydrocannabinol & LSD & phencyclidine & pyrrolidyl & piperidyl isomers of ditran, EEG & acetylcholine release from cerebral cortex, brainstem transected cats, 8611

d- & l-amphetamine vs. cocaine vs. L-dopa vs. methylphenidate vs. pemoline magnesium hydroxide, stereotyped behavior, cats, 8768

d-tubocurarine & interactions with g-aminobutyric acid & bicuculline & picrotoxin, cerebral cortex & shock-produced inhibition, cats, 8629

different descending systems, flexor & extensor activity during locomotion, thalamic & mesencephalic cats, 10660

differential termination of extero- & proprioceptive components of cuneocerebellar tract, mossy fiber inputs & processing skin & muscle information, cats, 280

dorsal hippocampus lesions, conditioned alimentary reaction under food satiation vs. deprivation, cat, 393

electrical rhythmic activity in primary sensory cortex, immobility, unrestrained awake cats, 8556

electrical stimulation of cochlea & auditory pathways, stimulus generalization from acoustic to electric stimulus, cats, 1851

electrical stimulation of hypothalamus by which attack is elicited, excitation of specific brain parts & CNS, cats, 10683

electrolytic lesions of centrum-medianum & parafascicularis complex of thalamus, acquisition & retention of active-avoidance responses, rats & cats & monkeys, 375

EMG of neck & limb & respiratory muscles & different environmental temperatures, sleep patterns, cats, 8552

ether anesthesia, cease in initial responses to acoustic stimulation in auditory area of cortex, cats, 10595

evoked potentials & unit responses in auditory cortex, laminar study, postnatal cats, 308

evoked responses, postulated neural circuit associated with sleepwaking process in lower brainstem, decerebellate intact cats &

transected & transected split preparations, 361
fenfluramine vs. p-chlorophenylalanine, sleep patterns, cats, 6280
free field auditory stimulation, inferior colliculus neuronal response,

cats. 1807 frontal association cortex lesions, behavioral changes, cats, 8690 gallamine triethiodide vs. pentobarbital, visual electrocortical response maturation, kittens,, 448

genetic structure vs. environment, postnatal neural development, mice & rats & cats & humans, 8499

head-tilting during positional reflexes from labyrinth, limb responses, intact & decerebrate cats, 445

hexobarbital & viadrie & sodium oxybutirate, stimulation transmission in cortico-spinal system, cats, 8642

hippocampal stimulation, postsynaptic responses of brain stem reticular neurons, cerebellectomized & curarized & artificially ventilated cats, 394

hippocampus stimulation, conditioned avoidance acquisition speed, male cats, 1877

human voice stimulation, neuronal discharge patterns, cats, 8686 increasing muscle stretch, stretch reflex dynamic & static components, decerebrate vs. spinal cats, 10604

L-dopa & dopamine & 3-methoxy-tyramine & dexamphetamine injections into rostromedial part of caput caudati & pretreatment with a-methyl-para-tyrosine, athetoid & choreiform hyperkinesias, cats, 367

lithium carbonate, EEG at cortical & subcortical levels, cats, 8600 low-frequency tone bursts, brain stem & spinal cord responses unanesthetized decerebrate & chloralose anesthetized cats, 475

mechanical & thermal stimuli, Type II slowly adapting receptors & field receptors in saphenous nerve response patterns, cats, 10527 medial geniculate nucleus pattern & paw shock, unitary discharge rate, cats, 8531

mescaline vs. noradrenaline vs. 5-hydroxytryptamine, single cortical neurons, cats, 1844

midbrain lesions, hypothalamically & naturally elicited components of biting attack & threat, cats, 8592

models based on neuronal spike train as stochastic point process, nervous system information processing, cats, 10581

monaural & binaural pure tone stimulation, frequency organization of ventral medial geniculate body, cats, 1786

monitoring amplitude of evoked potentials at brainstem auditory nuclei, computer signal detection, cats, 260

muscle relaxant injection & habituation & sensitization & conditioning trials, pupillary dilation conditioning, paralyzed cats, 10659

orbital cortex ablation, persistent thalamic & cortical barbiturate spindle activity, cats, 6242

paradoxical phase of sleep, reactive capability of auditory system, cats with chronically implanted electrodes, 8657

peripheral denervation & death, spontaneous skin potential response, cats, 6337

phenitron vs. haloperidol vs. phenitron & haloperidol, behavioral disruption, cats injected with toxic doses of LSD, 3874 pontocerebellar pathways, visual control of movement, cats, 8619 prefrontal cortical ablation, evoked skin potential reflexes, kittens &

cats, 8696 prefrontal lesions, avoidance & escape reflexes, cats, 8699

pretrigeminal brain stem transection, orienting response hypernormality, cats, 8698

pure-tone auditory stimuli, cerebellar & auditory evoked potentials, anesthetized vs. unanesthetized cats, 1965

repetitive stimulation & aversive conditioning, cochlear microphonic & auditory-nerve action potential, cats with unilaterally tenotomized middle-ear muscles, 10635

sensory evoked activity in dorsal vs. ventral regions, medial geniculate body, cat, 8540

single & repetitive thalamic stimulation, excitatory & inhibitory influences on pyramidal tract neurons, cats, 1943

single unit activity evoked by mild stimulation, cautaneous mechanoreceptors of glans penis, cats, 3777

sleep & wakefulness, synaptic transmission in ventrolateral thalamic nucleus, cats, 8517

sleep & waking, simple spike firing patterns of cerebellar Purkinje cells, cats, 6168

sleep & waking, spontaneous discharge rates of cerebellar Purkinje cells, cats, 8530

sleep, changes in interhemispheric amplitude relationships in EEG, male humans & female cats & male rabbits, 3794

somatic & visual & auditory stimulation during wakefulness & sleep, primary cortical areas control, cats with chronically implanted electrodes, 8623

spatial & temporal transient response sensitivity of lateral geniculate neurons in visual receptive fields, cats, 8542

standardized environmental conditions in breeding season & dyadic interactions, aggression, male polecats, 2029

stationary & nonstationary unit discharge rate & pattern & phasic arousal, medial geniculate body, cats, 1803

stimulation of catecholamine secretion, preferential adrenaline vs. noradrenaline secretion in adrenal vein vs. adrenal gland, cats,

switchboard vs. statistical theories, learning & memory, cats & humans, 8533

tetrapolar technique, DC shifts in rheoencephalograms, chronicallyimplanted & acutely-prepared cats, 10649

thermic measurement method, rapid variations of local cerebral blood flow, rabbits & cats, 1792

theta activity, behavioral correlates, rats vs. guinea pigs vs. rabbits vs. cats. 1833

time-averaged holography at various SPLs, tympanic membrane vibratory characteristics, living & freshly dead cats, 305 tricyclic antidepressants & enactyzine & levomepromazine &

chlorprothixene, blocking aggressive-defensive reactions, cats, 10689

unilateral ablation of auditory cortex, complex sound localization, cats, 8694

unilateral cortical lesions, paw preferences, cats, 8769 variable-interval schedule vs. free-reward situation, postreinforcement EEG synchronization phenomenon, cats, 10577 ventral midbrain tegmentum electrical stimulation, biting attack,

cats, 1838

ventriculocisternal perfusion of inulin-COOH, blood-brain barrier effect, newborn & developing kittens & adult cats, 457

ventrolateral midbrain tegmentum lesions, homecage behavioral changes & periodic abnormalities, cat, 447 visual feedback from paw movements, visually guided behavior,

kittens, 8733

wakefulness & synchronized sleep & steady photic stimulation, tonic response of central visual path neurons, midpontine- pretrigeminal cats, 368

Cattell Culture Fair Intell Test (See Culture Fair Intelligence Test) Cattell Infant Intelligence Scale (See Infant Intelligence Scale) Cattle

dl-isoproterenol injection into cerebroventricles & subsequent b antagonists vs. l-norepinephrine & antagonist, food intake & hypophagia & anorexia, sheep & cattle, 6220 Caucasians

absolute vs. relative outcome choice, rivalry, 5 6 vs. 8 10 yr. old Anglo-American vs. Mexican children, 4150 academic achievement motivation & response set scores on Gumpgookies, Mormon vs. Catholic vs. Jewish vs. Puerto-Rican vs. urban Negro vs. rural Caucasian vs. Hawaiian vs. West Coast Oriental vs. Mexican-American vs. American Indian preschool children, 8777

academic self concept, achievement, black vs. white 6th graders, 7277

achievement motivation patterns, low income Caucasian vs. Mexican-American vs. Negro adolescents, 12005

adaptive regression & nonverbal communication skills, creative ability, black vs. white preadolescents, 2155

age & culture, parental esteem & self-esteem, advantaged white vs. disadvantaged white vs. disadvantaged black high school

Anglo-American & Mexican-American stereotypes, implications for school counseling with cultural approach, 7761

assaultiveness & race, personal space, assault-prone male adolescent prisoners, 2678

attitude survey on race related questions, cognitive differentials, black vs. white college teachers in Afro-American study program,

attitudes toward home vs. hospital care of mental retardates, Mexican- vs. Anglo-Americans & middle- vs. low socioeconomic status Ss, 8913

attitudes toward student & black protest, white working class adults

with less than high school education, 2287 belief similarity & race & amount of information, response to stimulus person, 9th 10th grade Caucasian girls, 11124

Bender Visual Motor Gestalt Test scores, 6 7 vs. 11 12 yr. old Navajo Indians vs. Caucasians, 4242

birth order, achievement, white vs. Mexican-American vs. black students, 3169

black awareness & orientation for achievement, academic achievement, urban high school black & white students, 8024

black students at white colleges, book, 10111

black vs. white examiner, aggressive & autonomic stress reactions, black vs. white youthful offenders, 7259

black vs. white interviewer, acceptance of interviewer's situation definition, white male undergraduates, 9106

childhood experience & family background & marital relations & life style & self-esteem, family size, 35 45 yr. old white middle class couples, 6717

client's retrospective reports, therapy evaluation, black female clients & white psychotherapist, 11608

climate & economy of state, migration into state, 20 44 yr. old whites vs. nonwhites, 8887

cognitive style & personality dimensions, sensitivity training effectiveness, black machine operators & their white supervisors

& predominantly white low-level supervisors, 10149 community & family & school climate & values, class values & social & personal expectations & modal relationships, white working class adolescents, 4230

community oppression & occupational structure & perception of mobility opportunities, achievement motives & value orientations, black & white adolescent males in rural South, 737

cross cultural & sex differences, field dependence & illusion susceptibility & maze performance & visual imagery, Eskimo vs. Caucasian adolescents, 10337

demographic characteristics, attitudes toward blacks & social action, 16 69 yr. old white urban residents, 6661

directive vs. nondirective counseling & race, counselor style preference, black vs. white open- vs. closed-minded high school students, 10064

doll technique, racial ethnocentric measurement, black & white

kindergartners to 2nd graders, 700 drug abuse patterns, white activist & nonwhite militant college students, 4267

E's race & anonymity & need for approval, responses to attitude scale measuring prejudice towards blacks, white college students,

effective transference development in psychotherapy, psychiatric resident & 11 yr. old white Southern girl, 7395

ego function & identity formation, black & white lower socieconomic class male adolescents, 6515

ethnic background & vocational-educational aspirations & socioeconomic status & sex, perceptions of secondary school counselors' functions & personal attributes, high school graduates, 3246

ethnic background & white urban culture contact & training in WISC Similarities & Block Design strategies, verbal regulation of behavior & IQ, 6 15 yr. old Indian vs. white Canadians, 4221

ethnic group differences, ability to reproduce direction & orientation, Anglo-Saxon American & bilingual Spanish-American 8-12 yr. olds, 4156

ethnic group, test performance & predictive validity & job performance, Negro & white & Spanish surnamed clerks, 8127

ethnic membership & intellective & nonintellective factors, predicting academic achievement, Anglo vs. Mexican Americans vs. Negro junior high school students, 3354

ethnic-social class & intelligence & achievement motivation, ability to delay gratification, white vs. black children, 8879

exposure to consistent cultural norms, differential learning hypothesis of correlation between prejudice & authoritarianism, lower class white South Africans, 716

facial & vocal cues, nonverbal communication in school setting, black vs. white 9th & 10th graders, 11909

familiarization, ratings of pictures of blacks & whites, 9 11 yr. old whites, 11052

family ethnicity & social status & community of origin & residential mobility background, behavioral retardation, Anglo & Mexican-American children, 7212

father absence, dependency & hypermasculinity, Negro vs. white male adolescent delinquents, 2693

feedback behavior in mixed small group discussions, Japanese- vs. Caucasian-Americans, 4434

frustration, acting out aggression, black vs. white middle class junior high school boys, 4541

group guidance sessions, self concept changes, black vs. white vs. Mexican-American 4th & 5th graders, 5523 group pressure & race of group members, visual discrimination task,

black vs. white 9th grade males, 2388 group psychotherapy & psychodrama, social & racial attitudes,

racially mixed patient groups in community mental health clinic, 7455

humor, induced anxiety reduction, black vs. white male undergraduates, 3730

hypothetical vs. actual social situations, racial preferences, 2nd vs. 4th vs. 6th grade Negro vs. Caucasian girls, 10862

initiation & influence in strategy game, racially mixed groups of black & white 7th & 8th grade boys, 2322

intelligence & cognitive style & direct learning ability measurement, black vs. white lower- vs. middle-class 6 10 yr. olds, 5533 interpersonal verbal attack from white peer, anger & aggression &

vascular arousal, black undergraduates, 4405 interracial counseling, clients' & counselors' ratings of relationship quality, black & white clients & counselors, 7582

language maturity & usage, white vs. Negro 3rd graders from low

socioeconomic groups, 8779 life goals & plan determinants, black vs. white high school seniors, 7774

long-term clinical follow-up & family study, divorce, black & white

psychiatric patients, 9499 low vs. high availability of social stimulus in verbal conditioning

paradigm with black reinforcing agent, efficacy of stimulus as social reinforcer, black vs. white college students, 4270

low vs. middle socioeconomic status & rural vs. urban areas & age & sex, self concept, black vs. white 3rd 8th graders, 2199

Lowenfeld Mosaic Test, psychological development, equally disadvantaged black vs. white preschoolers, 2141

material vs. verbal rewards, aptitude test scores, white vs. black

prison inmates, 11510

maternal aspirations & socialization practices & social class origins, scholastic achievement, white working class 5th & 6th graders,

mental abilities & scholastic achievement & personality inventories & socioeconomic & cultural disadvantage indices, kindergarten & 1st 8th grade Negroes & Mexican-American vs. whites, 11953 midsemester integration stress, state & trait anxiety & self-esteem, white vs. black male vs. female 4th 6th graders, 9893

MMPI scores as reflection of values, discrimination in employee screening & diagnosis & need for test based on black norms, blacks vs. whites, 6952

model's race vs. O's age & race, imitation, 3 & 5 & 7 yr. olds &

Negro & Caucasian peer models, 10872 modeling & social reinforcement, racial preferences, 6 10 yr. old white children, 10894

modifying black-white concept attitudes, racial attitudes on Preschool Racial Attitude Measure II & Pick-A-Class Test, black & white 1st graders, 7971

Myers-Briggs Type Indicator scores, Negro vs. Caucasian under-graduates, 6968

paired-associate & concept & principle learning tasks vs. traditional psychological tests, performance prediction validity, white vs. Negro college students, 3275

parental occupation, criterion for standardization of WISC, black vs. white elementary school children, 9933

perceived cultural influence, Sansei Japanese Hawaiians vs. American Caucasians not native to Hawaii, 6675

personality characteristics, successful & dropout & probationary black & white college students, 3279

personality characteristics, transracial adoption, white females adopting black child vs. white females unwilling to adopt black child, 2478

Piagetian simultaneity & order of events tasks, time conservation, Afro- & Anglo-American 7 & 9 & 11 yr. olds, 2099

play-like vs. verbal- vs. nonverbal-feedback testing conditions, creative ability, lower class 4 yr. old blacks & whites, 3119 political & racial & Vietman War attitudes, racist & hawk

stereotypes, U.S. white ethnics, 2246

potential for black retaliation & white aggressive behavior, white rewarding behavior, black & white college students, 8910

references to symbolic representation of outgroups, ethnic attitudes, 6 & 8 & 10 yr. old upper-class whites, South Africa, preferences 6727

preferences toward normal white & black physically handicapped male adolescents, retarded white & black non-physically handicapped male adolescents, 3229

pregnant vs. nonpregnant condition & color of communicator & recipient, attitude & behavior on rooming-in & breast feeding, black & white pregnant women, 713

psychological & maternal influence correlates, personality integration, black vs. white lower- vs. middle-class 5th grade boys, 4086

Psychosocial Maturity Scale, social desirability & psychological maturity, black & white 5th vs. 11th graders, 603

race & counselor experience level, counselor effectiveness, black college students, 4969

race & expressed experience of hypnotist, hypnotic susceptibility, college students, 10387

race & sex & socioeconomic background & peer & counselor & teacher relationships, self-disclosure patterns within school setting, black & white junior & senior high school students, 3292

race & sex of perceivers & expressors, judgments of photographs depicting enactment of different emotions, undergraduates, 9037 race & social class, beliefs & values & social norms, jobs & job-

seeking behavior, working-class & unemployed black & white males, 3386 race & social class, postfeedback evaluation of ability & effort & difficulty & luck as causes of achievement task performance,

white vs. black 5th graders, 597 race & socioeconomic background, impact of nonverbal affect

communication, white & black 4th graders, 4180 race & socioeconomic status, academic success, lower- & middle-

class Negro & white 5th grade boys, 11911 race of E, intelligence test performance, Negro & white elementary

school children, 5302 racial attitudes & stereotypes, correctable potential" & personality

trait evaluations & sentencing of Negro & Caucasian offenders, Caucasian undergraduates playing part of juvenile court judge, 2216

racial differences & socioeconomic status, reading achievement after 2 yr. remedial program, kindergartners designated as high risk,

racial differences, interpersonal maturity & locus of control & future time perspective & guilt, black vs. white juvenile delinquents,

racial differences, perceived interviewer trustworthiness, black vs. white penitentiary inmates, 7279

racial differences, Eysenck Personality Inventory Extroversion &

Neuroticism scores, black vs. white college students, 8944 racial/ethnic group membership & sex & preschool racial/ethnic group contact, racial & ethnic group identification & preference, white & black & Mexican-American 4 yr. olds, 11016

reference-other support & ethnic attitudes, intergroup behavior, white college students, 11061

relevant vs. irrelevant pretraining, crossmodal transfer between vision & touch on foreign letter learning task, 9 vs. 11 yr. old Negro vs. Caucasian males vs. females, 3752

religious belief in free will & orthodoxy & denominationalism & extrinsic religious orientation, predicting anti-Negro prejudice, white adults, 10998

religious organization preferences & attitudes & practices as evidence of culture shock, rural migrants vs. residents at places of origin & destination, white Protestants, 11005

required tutoring, attitude toward black children, white education students, 5498

responses to white vs. black TV commercial actors, white & black females, 3444

retrospective life history data, occupational success levels, black & white 30 39 yr. old men, 10133

S race & sex & E race, classroom-related risk-taking behavior, white

& black college students, 4386 self-perceived & ascribed characteristics, Mexican-American & Anglo & bicultural college students, 8970 sex & race & social class & IQ, attitudes on women's work role, 9th

graders, 2236

sex & race norms, personal space definitions & differential seating behavior, black & white Ss, 11092

sex & race of Anglo-American & American Indian figures, distance between figures as if getting acquainted, Anglo-Americans vs. American Indians, 6725

simulation games, modification of prejudicial attitudes toward blacks, white teacher trainees, 5303

skin color & physiognomy of dolls, racial misidentification, male vs. female & black vs. white & 4 vs. 5 vs. 6 yr. olds, 6685

social & ethnic background & style & competence levels, cognitive functioning & performance, implications for school instruction, middle-class white vs. working-class Puerto Rican preschool children, 1304

social attitudes of conservatism & prejudice, personal adjustment, English-speaking white schoolchildren, South Africa, 865

social status as power function of income & education, Mexican- & Anglo- & Afro-American college students, 705

socioeconomic status & differences in Southern black & white speech, origins of black speech, 4369

socioeconomic status & sex & race & urban vs. rural environment, self concept, children, 9216

socioeconomic status & success vs. failure vs. neutral feedback, contingent vs. noncontingent self-reinforcement, black vs. white 7 9 yr. olds, 624

socioethnic factors in films of different teacher behaviors, imitation of teachers, white advantaged vs. black disadvantaged 3rd & 4th grade males vs. females, 5528

special teacher education program, attitudinal change towards inner-city teaching, beginning white teachers, 3133

speech of whites, relationship to speech of American Negroes, 4321 spontaneous movement responses, black lower-class vs. white lowermiddle-class 4 yr. olds, 5842

standardized English reading passages vs. equivalent forms rewritten in Negro dialect vs. nonstandardized reading passages in Negro dialect, recall of printed language patterns, Negro vs. Caucasian low-socioeconomic-status 2nd vs. 4th graders, 4189

stimulus class & serial position & single- vs. multiple-match procedure, correct response & response latency in short-term memory, white middle class vs. black disadvantaged lower class 6 7 yr. olds, 8426

student self-concept & teacher perception of student academic ability, academic achievement prediction, black vs. white vs. Spanish 6th graders & black vs. white teachers, 11974

supervision of whites by blacks, interracial difficulties in working together in simulated organization, undergraduates, 1448

syntactical transformations, conservation of meaning task, urban black & white high school students with dialectal differences,

therapist personality type, interethnic psychotherapy with white therapist & black patient, 2994

thinking style preferences & age & IQ & ethnicity & socioeconomic status & paired associate learning, school learning proficiency, school age children, 1354

value preferences, 12 18 yr. old male vs. female middle-class whites vs. lower-class blacks vs. juvenile delinquents of both races, 2604 verbal attitude & voice tone, behavior toward blacks, white northern

liberal male college students, 4456 verbal behavior in black & white & integrated classrooms, white

preservice teachers, 7733 verbal vs. nonverbal tests, IQ & academic achievement, white vs. black vs. Mexican literate vs. illiterate women drug addicts, 9394

video-taped TV sequences of black & white children in leadership roles, concept attainment & social preference, kindergartners in integrated black-&-white & all-white classrooms, 1277

videotape focused feedback, facilitative genuineness in cross-racial counseling, black & white male & female school counselors, 10106

videotapes of same- vs. different-race stimulus persons involved in problem-solving task, attribution of motivation, Caucasian vs. Negro male college students, 2316

voice quality of black vs. white speaker, perceptual characteristics attributed to speaker, 13 yr. old students at all-black vs. all-white vs. integrated junior high schools, 3196

white & black voices, I.Q. scores, black & white 1st 4th graders, 10426

white vs. black model depicting liberal vs. stringent self-reward behavior standards following reported task performance scores, task performance & self-reward behavior, black vs. white 15 17 yr. old institutionalized delinquent males, 1003

white vs. black Es, Situational Attitude Scale scores, white college students, 2294

word associations, Caucasian vs. Negro junior high school students, 11001

## Caudate Nucleus

atropine injection in caudate nuclei, maintenance of instrumental motor conditioned responses, cats, 3946

caudate nuclear stimulation vs. novel visual stimulation vs. both, disruption of habituation, rats, 373

caudate nucleus motor & spatial functions, egocentric spatial localizations, 8554

EEG recordings from cortex & deep brain structures, slow electric processes during emotional stimulation, middle-aged postencephalic parkinsonian Ss, 4864

electrical stimulation of cortical-caudate pairs, delayed successive visual discrimination, monkeys, 8602

electrodermal palmar stimulation, evoked potentials in caudate nucleus, rhesus monkeys, 6203

substantia nigra & caudate nucleus lesions, avoidance learning, rats,

Celiac Plexus (See Autonomic Ganglia)

Celibacy (See Sexual Abstinence)

Cell Nucleus

Cells (Biology) (See also Auditory Neurons, Axons, Blood Cells, Bone Marrow Cells, Chromosomes, Cones (Eye), Connective Tissue Cells, Dendrites, Epithelial Cells, Erythrocytes, Germ Cells, Leucocytes, Lymphocytes, Motor Neurons, Neurons, Ovum, Rods (Eye), Sensory Neurons, Sperm)

extracellular recording of optic tectum units, visual receptive fields of single cells, pigeons, 10550

## Central America

comparative psychiatric research, Latin America, 5931

history of psychiatry, Argentina, 7533

income & sex & age & educational level, vulnerability to physical & mental illness, Costa Rica, 9273

level of education, authoritarianism, adults, U.S.A. vs. Finland vs. Costa Rica vs. Mexico, 730

maternal role incompatibility, maternal employment & fertility, urban Latin America, 8929

mental health facilities & programs, Honduras, 9739

mother vs. father influence & age, moral reasoning, male vs. female children in Iran vs. U.S.A. vs. Canada vs. Guatemala, 8973

Central Nervous System (See also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Corpora Quadrigemina, Corpus Callosum, Cranial Spinal Cord, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Frontal Lobe, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Lumbar Spinal Cord, Medulla Oblongata, Meninges, Mesencephalon, Motor Cortex, Neural Analyzers, Occipital Lobe, Optic Chiasm, Optic Lobe, Parietal Lobe, Pons, Pyramidal Tracts, Reticular Formation, Sacral Spinal Cord, Somatosensory Cortex, Spinal Cord, Spinothalamic Tracts, Superior Colliculus, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Thoracic Spinal Cord, Ventral Roots, Visual Cortex)

amphetamine vs. b,b-difluoroamphetamine, brain metabolism & CNS stimulation, mice, 10619

amphetamines, pharmacological studies on central effects, 6284 berberine hydrochloride, amphetamine induced activity & pento-

barbitol sleeping time & amphetamine toxicity & pento-zol seizures & ECS convulsions & pain threshold & barbiturate hyperalgesia, cats & mice & rats, 3956

insperangesia, cats & mice & rats, 3956
biochemically- & electrically-induced seizures, CNS & EEG & REM sleep & neurophysiology, 5245
carbamylcholine & acetylcholine & epinephrine & norepinephrine, application to brain tissue, behavior of CNS single units, rats, 1891

chimpanzees, comparative literature review, 1804

CNS & behavior, chimpanzees, literature review, book, 1822

CNS control of body water homeodynamics, analysis & model, 1794 ECS & ECT, seizure-induced changes in substrates of CNS metabolism & function, animals & psychiatric patients, 3880

electrical stimulation of hypothalamus by which attack is elicited, excitation of specific brain parts & CNS, cats, 10683

environment & CNS, learning & developmental disturbances, children, 619

experimental alteration of CNS morphology & function, 6320

light & tactual stimulation of siphon & electrical stimulation of distal siphon nerve, habituation & dishabituation of siphon

withdrawal response, Aplysia, 10564 nicotine, tranquilizing & electrophysiological effects, rabbits & mice, 451

peripheral & central nervous sytem, coding sensory data, mammals, book, 8564

stereotaxic techniques & postoperative care & restraint devices, nervous system studies, chimpanzees, 1847 Central Nervous System Disorders (See also Acalculia, Agraphia,

Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Anencephaly, Apharia, Arachnoiditis, Ataxia, Athetosis, Bacterial Meningitis, Brain Concussion, Brain Damage, Brain Disorders, Brain Lesions, Brain Neoplasms, Cerebral Palsy, Cerebrovascular Accidents, Chorea, Delirium Tremens, Dysautonomia, Encephalitis, Encephalomyelitis, Epilepsy, Epileptic Seizures, Grand Mal Epilepsy, Huntingtons Chorea, Hydroce-phaly, Hypothalamus Lesions, Infectious Meningitis, Korsakoffs Psychosis, Meningitis, Microcephaly, Minimal Brain Disorders, Myelitis, Neurosyphilis, Organic Brain Syndromes, Parkinsons Disease, Petit Mal Epilepsy, Picks Disease, Poliomyelitis, Presenile Dementia, Senile Dementia, Senile Psychosis, Toxic Psychoses, Viral Meningitis)

meningioma with hypertension, necessity for brain scan & arteriogram in diagnosis, 50 yr. old female, 7111

motor & sensory & cognitive test performance, subtentorial lesioned vs. supratentorial CNS diseased adult patients matched vs. unmatched for IQ, 2709

personality correlates of severe stress, Maudsley Personality Inventory, mothers of children with major CNS malformations,

psychological death as adaptive response to life-threatening illness, male with multiple myeloma, 9282

Central Nervous System Drugs (See CNS Affecting Drugs)
Central Tendency Measures (See also Mean, Median, Mode)
CER (Conditioning) (See Conditioned Emotional Responses)

Cerebellar Cortex (See Cerebellum) Cerebellar Nuclei (See Cerebellum)

Cerebellum)
Cerebellum)
Cerebellum)

cerebellum lesions, delayed reaction & classical conditioning, turtles, 8674

- differential termination of extero- & proprioceptive components of cuneocerebellar tract, mossy fiber inputs & processing skin & muscle information, cats, 280
- model of cerebellum as anesotropic spatial filter, 269
- motor & sensory & cognitive test performance, subtentorial lesioned vs. supratentorial CNS diseased adult patients matched vs. unmatched for IQ, 2709
- norepinephrine & cyclic 35-adenosine monophophate, cerebellar synapses, rats, 356
- prenatal protein deprivation, neonatal cerebellar development in vitro, mice, 3849
- pure-tone auditory stimuli, cerebellar & auditory evoked potentials, anesthetized vs. unanesthetized cats, 1965
- sleep & waking, simple spike firing patterns of cerebellar Purkinje cells, cats, 6168
- sleep & waking, spontaneous discharge rates of cerebellar Purkinje cells, cats, 8530
- Cerebral Anoxia
- Cerebral Aqueduct (See Cerebral Ventricles)
- Cerebral Arteriosclerosis
- Cerebral Cortex (See also Amygdaloid Body, Auditory Cortex, Basal Ganglia, Caudate Nucleus, Cerebral Ventricles, Corpus Callosum, Frontal Lobe, Globus Pallidus, Gyrus Cinguli, Hippocampus, Limbic System, Motor Cortex, Occipital Lobe, Parietal Lobe, Somatosensory Cortex, Temporal Lobe, Visual Cortex)
- + amphetamine & methamphetamine & tyramine & ephedrine vs. phenoxybenzamine & phentolamine & tolazoline vs. atropine & arecoline, epileptiform afterdischarges in chronically isolated slabs of cerebral cortex, cats, 409
- anodal polarization to dorsolateral prefrontal cortex, delayed response tasks acquisition, monkeys, 1934
- bilateral hippocampal or cortical lesions made by aspiration, go & no-go task with bar pressing reinforced on alternate trials, rats,
- brain weight & corpus callosum width & cingulate gyrus height & cortical mantle width & volumes of thalamus & lenticular nucleus & hippocampus & temporal lobe & total cortex, chronic schizophrenics, 9439
- cerebral cortex & striatum removal, sleep reduction, cats, 468
- cerebral cortex function & organization, damage & associated dysfunctions, understanding for planning rehabilitation by physiotherapists & occupational therapists, 5115
- cerebral hemisphere asymmetries, processing of visual information, 8577
- cerebral hemisphere integration, visual information processing, college students, 8513
- conditioning vs. pseudoconditioning, unit responses & movement behavior in thalamus & cortex, rat, 8514
- cortical & hippocampal lesions, hoarding behavior, rats, 3976 cortical association response area development, kittens vs. adult
- cats, 8744
- d-tubocurarine & interactions with g-aminobutyric acid & bicuculline & picrotoxin, cerebral cortex & shock-produced inhibition, cats, 8629
- death by suicide & accidents & disease, postmortem cerebral cortex cortisol amount, patients, 2586
- differential specialization of cerebral hemispheres, sameness & difference perception, right handed male college students, 1583 dorsolateral & orbital prefrontal cortex lesions, development & cortical plasticity, monkeys, 8620
- EEG recordings from cortex & deep brain structures, slow electric processes during emotional stimulation, middle-aged postencephalic parkinsonian Ss, 4864
- electrical rhythmic activity in primary sensory cortex, immobility, unrestrained awake cats, 8556
- ether anesthesia, cease in initial responses to acoustic stimulation in auditory area of cortex, cats, 10595
- habituation of thalamo-cortical circuit & internal inhibition, 6127 I-glutamine & I-glutamic acid iv under basal conditions & in hypoglycemic coma, cerebral blood flow & cerebral metabolism,
- male schizophrenics, 7086 LSD, acetylcholine level in brain & olfactory bulbs & hypophysis, rats, 8634
- neocortical lesions, conditioned nictitating membrane responses, rabbits, 3937
- orbital cortex ablation, persistent thalamic & cortical barbiturate spindle activity, cats, 6242

- phylogenesis & adaptedness of behavior vs. general principles regarding processes & mechanisms of biological significance, prefrontal cortex evolution & behavioral functions, 857
- rearing in enriched vs. impoverished environments, postsynaptic opaque regions in asymmetric round vesicle synapses of occipital cortex, rats, 345
- RT task with warning signal, cortical & subcortical slow potentials during preparatory interval, monkeys, 3825
- selective frontal cortex ablation, movement organization & delayed
- alternation behavior, monkeys, 6259 simultaneous posterior neodecortication vs. successive damage with I wk. interoperative interval vs. successive damage with training during interoperative period, retention of discrimination learning,
- rats, 10687 starvation, cortical synapses development, rats, 10608
- striate cortex ablation, visual discrimination, tree shrews, commentary on J. P. Ward & R. B. Masterson's paper, 6331
- symptom localization & time factor analysis, granular prefrontal cortex functions, primates & man & homologues in rodents & carnivores, 8681
- thermic measurement method, rapid variations of local cerebral blood flow, rabbits & cats, 1792
- 6-hydroxydopamine-induced neonatal sympathectomy, open field activity & avoidance learning & retention & sexual behavior & endogenous norepinephrine in lower brainstem & cerebral cortex & hypothalamus, rats, 6299
- Cerebral Dominance (See also Lateral Dominance)
- bilateral vs. unilateral nondominant ECS therapy, 9727
- cerebral auditory dominance, speech behavior & processing & learning strategies, children & adults, 6099
- cerebral commissurotomy, superiority of minor hemisphere in perception of part-whole relations, humans, 10658
- cerebral dominance, auditory perception, right-handed vs. left-
- handed vs. ambidextrous Ss vs. monozygotic twins, 5896 cerebral dominance, intelligence, nonbrain damaged Ss with superior & average & retarded intelligence & lateral brain damaged Ss with average & retarded intelligence, 11336
- EEG alpha-rhythm recordings from symmetric hemispheric points in parieto-occipital & parieto-temporal & temporo-occipital region, significance as test of cerebral hemisphere dominance, 16 49 vr. olds, 3779
- hand & cerebral dominance, language functions & dyslexia, 9291 hemispheric deconnexion, perception of bilateral chimeric figures, commissurotomy patients, 11433
- interhemispheric cortical commissure bisection, hand preference
- constancy, monkeys, 1900 interhemispheric transfer, pattern discrimination acquired during unilateral cortical spreading depression, rats, 8596
- intracarotid sodium amytal test, cerebral dominance for speech, stutterers, 923
- linguistic & nonlinguistic auditory stimulation to right & left ear, averaged encephalic response, normal Ss, 325
- right vs. left cerebral cortical lesions & practice with 1 hand-performance with other, unimanual motor skill learning, 11394
- right vs. left sided symptoms & cerebral dominance, tracking &
- trapping performance, Parkinson's disease patients, 2583 right vs. left visual field stimulation, letter matching & auditory memory scanning & phoneme comparison RTs, right-handed adults, 6030
- sensory system single neuron properties & motor system & asymmetry of cerebral hemisphere function in man, brain functions, review, 263
- stimuli directed to left vs. right hemisphere vs. both hemispheres, color naming response latency, right- vs. left- vs. mixed-handed college students, 5830
- unilateral cerebral damage, RT to laterally applied mild electric
- current, left hemiplegic patients, 11413
  verbal vs. nonverbal stimuli in right vs. left visual half-field, stimuli perception & identification, 18 25 yr. olds, 5883
- visual informaton, cross & within field integration, right-handed graduate & undergraduate students, 8276
- Cerebral Embolisms
- Cerebral Hemorrhage
- oxygen under high pressure, communication function, poststroke aphasic patients, 11752 Cerebral Ischemia
- Cerebral Lesions (See Brain Lesions)
- Cerebral Palsy

Bender Gestalt Test, perceptual & visuo-motor defects, cerebral palsied 6 12 yr. olds, 4809

clinico-pathological correlates & clinical syndromes & diagnoses, nonprogressive motor disorders including in utero & postnatal nervous system lesions, 4705

contingent & noncontingent visual feedback, digital performance, deaf cerebral palsied 11 yr. old, 11745

crippled motion body locomotion & manipulation & speech abilities, cerebral palsied 3-19 yr. olds, 7243

reinforcement contingencies, pursuit rotor tracking task performance, 18 yr. old cerebral-palsied tension athetoid quadriplegic, 5192

severity of disability, perception of mother's rearing behaviors, cerebral palsied vs. normal children, 7166

tasks employing Jensen's 2-level theory of mental abilities, spastic & athetoid cerebral palsied children, 9467

### Cerebral Thrombos

Cerebral Vascular Disorders (See Cerebrovascular Disorders) Cerebral Ventricles

choroid plexus & choroidal epithelium, LSD accumulation &

distribution between blood & brain, frogs, 8695 planometer vs. linear measurements of lateral ventricle size, psychometric intelligence & abstraction ability & motor & sensory performance, neurological patients, 11442
Cerebrospinal Fluid

amphetamine in large doses, monoamine metabolites in urine & cerebrospinal fluid & behavior, physically healthy nonschizophrenic male amphetamine abusers, 2566

cerebrospinal-fluid activity of glutamic oxaloacetic transaminase & lactic dehydrogenase & aldolase, 22-62 yr. old hospitalized chronic schizophrenic paranoid & hebephrenic & catatonic & hebephrenic-catatonic females, 955

ECS & ECT, seizure-induced changes in substrates of CNS metabolism & function, animals & psychiatric patients, 3880 intravenous infusion of L-tryptophan dopamine & 5 hydroxyindoles

metabolism in brain & cerebrospinal fluid, male beagle dogs, 426 intravenous infusion of L-tryptophan, tryptophan & tyrosine

distribution in plasma ultrafiltrate & whole plasma & erythrocytes & cerebrospinal fluid & brain regions, dogs, 425

L-dopa, urinary excretion of L-dopa & dopamine & homovanillic acid & vanilmandelic acid & cerebrospinal fluid & basal ganglia concentrations, Parkinson's disease patients, 2903
median midbrain raphe lesions, 5-hydroxyindoleacetic acid in

forebrain & cerebrospinal fluid, rats, 3870

probenecid concentrations, acid monoamine metabolites in plasma & cerebrospinal fluid, psychiatric inpatients, 1060 Cerebrovascular Accidents

rehabilitation program, error analysis of relearning motor skills, right vs. left hemiplegics & hemiparetics, 1120

Cerebrovascular Disorders (See also Cerebral Anoxia, Cerebral Arteriosclerosis, Cerebral Embolisms, Cerebral Hemorrhage, Cerebral Ischemia, Cerebral Thromboses, Cerebrovascular Accidents)

attention measures in visual & auditory modalities, right vs. left hemiplegics recovering from cerebral vascular accidents, 4663 cerebrovascular injuries & prolonged coma, EEG & sleep cycles &

REM & NREM sleep, 7264

localized EEG inactivity, diagnosis of intracranial hematomas & cerebral tumors & cerebrovascular lesions, 9522

pyrithioxin, intellectual & attentive & psychomotor functions, vascular & atrophic celebropathy & involuntional psychosis patients, 7482

structured activities & role of family & social worker & therapist, self-satisfaction & confidence through success & independence, male hemiplegics, 7495

videotaping of S & immediate playback, rehabilitation, stroke patients with perceptual difficulties, case study, 4963

Cerebrum Affecting Drugs (See also Chlorpromazine)
Certification (Professional) (See Professional Certification)

Certified Public Accountants (See Accountants)

Cervical Plexus (See Spinal Nerves)

Cervix

CFF (Vision) (See Critical Flicker Fusion Threshold)

Chains (Markov) (See Markov Chains)
Chance (Fortune) (See also Binomial Distribution, Probability,
Response Probability, Statistical Probability)

additive transformations of payoff matrix & experimental setting, information purchase strategies, college students & gamblers,

draft lottery vs. laboratory analogue, attitudes toward alternatives & attribution of responsibility for outcomes to policies leading to lottery participation, 19 yr. olds & college students, 4265

high vs. low draft lottery position, externality, male undergraduates, criticism of L. A. McArthur's findings, 9179

internal skill-based vs. external environment-based events, directvs. choice-based subjective probability, college students, 3695 minimal preferences on lotteries, criticism of J. von Neumann & O.

Morgenstern's preference axioms using convex linear combina-tions of probability distributions, 202

practice vs. chance, nail puzzle test performance, male college students, reexamination of W. Blumenfeld's hypothesis, 196

prexamination confidence judgments & posttest subjective perform-ance ratings & causality attributions before vs. after knowledge of results with test outcome, college students, 1285

Change (Organizational) (See Organizational Change)

Change (Social) (See Social Change)
Change (Stimulus) (See Stimulus Change)
Chaplains

Character (See Personality/)

Character Development (See Personality Development)

Character Disorders (See Personality Disorders) Character Formation (See Personality Development)

Character Traits (See Personality Traits)

Charitable Behavior

affect, altruism, 78 yr. olds, 11108

characteristics & motivation, kidney transplantation donors, 7630 donor choice & family stress, kidney transplant patients, 7644

familiarity with victim & sex differences, helping in minor emergency, chronic schizophrenics, 9468

informed consent problem, renal donor selection, 7445 modeling & direct reinforcement, generosity, young children, 2165 self concept & personality traits & job satisfaction, helpful behavior,

resident hall student advisors, 12090

social & psychological factors, heart transplant donors & their families, 7411 social vs. prosocial status, sharing behavior, female kindergartners

vs. 2nd vs. 6th graders, 2167 Cheating

achievement motivation, cheating, college students, 9897 cheating in & outside school, college prep vs. general students from high schools, 12069

Hindi version of Maudsley Personality Inventory adaptation, neuroticism & extroversion, Indian college students suspected vs. not suspected of cheating, 6996

privileged vs. deprived status & introversion-extroversion, cheating, 10 yr. old boys, extension of G. M. Stephenson & J. H. White's study, 8870

resistance to temptation & moral development, perceptions of parental behavior, adolescent boys, 4117

threat of severe vs. moderate vs. mild negative sanction, cheating, deviants vs. nondeviants, 2638

Chemical Brain Stimulation

(+)-amphetamine applied iontophoretically to brainstem neurons following reserpine vs. a-methyl-paratyrosine vs. bis-(1-methyl-4-homopiperazinyl-thiocarbonyl)- disulphide, excitatory & inhibitory actions on single brainstem neurons, rats, 1840

actinomycin D injection into hippocampal area, maze performance of learned position discrimination task, rats, 1917 armine introduction into motor area of right hemispheres, motor

CR, cats, 8621

atropine administration to ventromedial hypothalamus, punished & unpunished operant responding, squirrel monkeys, 6291

atropine injection in caudate nuclei, maintenance of instrumental motor conditioned responses, cats, 3946

carbachol & eserine injection into amygdaloid complex, EEG seizures & behavior convulsions, rats, 354

carbachol vs. eserine vs. norepinephrine applied to diencephalic or limbic regions, deprivation-induced drinking, rats, 1950

carbamylcholine & acetylcholine & epinephrine & norepinephrine, application to brain tissue, behavior of CNS single units, rats, 1891

chemical manipulation & drive system excitation & site of stimulation, physiological bases of drive & punishment systems during self-stimulation, rats, 8667

chlordiazepoxide & pentobarbital & chlorpromazine & methotrimeprazine & imipramine & morphine & d-amphetamine & scopolamine & LSD-25 & phencyclidine, rate of hemicholinium-3 induced brain acetylcholine depletion, rats, 3877 cholinergic stimulation of midline thalamic nuclei, alterations of defensive reactions, rats, 3862

dl-isoproterenol injection into cerebroventricles & subsequent b antagonists vs. l-norepinephrine & a agonist, food intake & hypophagia & anorexia, sheep & cattle, 6220 epileptic foci in visual cortex due to penicillin applications, passive

avoidance learning, rats, 3850

intracerebral implantation of carbachol, water intake & body temperature, rats, 3905

intracranial chemical injection, behavior, critical review, 6309

intrahypothalamic norepinephrine & carbachol, eating & drinking behavior, rats, 3958

L-dopa & dopamine & 3-methoxy-tyramine & dexamphetamine injections into rostromedial part of caput caudati & pretreatment with a-methyl-para-tyrosine, athetoid & choreiform hyperkinesias, cats, 367

magnesium pemoline intracranial injections, depression of spontaneous activity, goldfish, 3892

mescaline vs. noradrenaline vs. 5-hydroxytryptamine, single cortical neurons, cats, 1844

micro-iontophoretic drug application, description of unit for improved constant current source, 3887

morphine injected intravenously vs. intraventricularly vs. into restricted parts of ventricular system, behavioral inhibition & EEG activation, rabbits, 8584

morphine injection, brain concentrations of noradrenalin & dopamine & 5-hydroxytryptamine & 5-hydroxyindoleacetic acid & motor activity, mice, 381

naloxone hydrochloride administration in thalamus vs. neocortical & hippocampal & hypothalamic & tegmental brain areas, morphine abstinence precipitation, morphine-dependent male rats, 6332

posterior ventromedial hypothalamus lesions, adrenergic feeding following intracranial noradrenaline injections, rats, 1880

RNA-fraction extract from trained Ss intracranial injections & extract concentration, avoidance learning, goldfish, 6225

RNA-protein brain extracts from trained vs. control Ss injected intracranially & injection-testing interval, avoidance behavior, goldfish, 6231

RNA-protein brain extracts intracranially injected & donor performance level, nonreinforced avoidance behavior, goldfish,

synthetic rat scotophobin intracranial injections, light vs. dark avoidance learning, goldfish, 6233

systematic nalorphine administration vs. cerebraventricular system injection, morphine withdrawal symptoms, rabbits, 3900

ventriculocisternal perfusion of inulin-COOH, blood-brain barrier

effect, newborn & developing kittens & adult cats, 457

Chemical Elements (See also Barium, Calcium, Calcium Ions, Carbon, Chloride Ions, Cobalt, Copper, Helium, Hydrogen, Iron, Lead (Metal), Lithium, Magnesium, Magnesium Ions, Mercury (Metal), Metallic Elements, Nitrogen, Nonmetallic Elements, Oxygen, Phosphorus, Potassium, Potassium Ions, Sodium, Sodium Ions, Strontium)

Chemistry (See also Biochemistry, Neurochemistry)

Creative Product Inventory, increasing job creativity & evaluating creative products, research chemists, 11197

synaptic nervous function quantum description, conceptual dualism resolution among biology & physics & chemistry & conditioned reflex phenomenological status, 6151

Chemoreceptors (See also Carotid Body)

Chemotherapy (See Drug Therapy)

Chess

Chest (See Thorax)

Cheyenne Indians (See American Indians)

Chi Square Test

chi-square analysis & probabilities, agreement & reliability of judges & raters in psychological research, 44

attention & observing responses & choice behavior, simultaneous discriminations, chicks, 6142

auditory discrimination development, chicks, 6368

clonidine & noradrenaline & methysergide & LSD & phentolamine

& p-chlorophenylalanine, sleep, chicks & rats & cats, 398 electrical stimulation of 1,500 brain loci, types & frequencies of evoked motor patterns & anatomical localization & influence of external cues, chickens, 439

flashing vs. constant light vs. dark imprinting procedures, regional incorporation of radioactive lysine & uracil into acid-insoluble brain substances, I day old chicks, 3767

food deprivation & suspension over visual cliff, tonic immobility, chickens, 10736

frequency & rate & duration of repetitive auditory stimuli, following, chicks, 6371

heart rate recording technique, chicken embryo, 6129

housing in isolation vs. small social groups & duration of each, imprinting, chicks, 514

imprinting on neutral object, conditioned imitative reaction, chicks,

imprinting to 0 vs. 1 vs. 2 discriminanda, discrimination learning

rapidity, chicks, 6361
innate auditory preferences vs. prenatal auditory stimulation, imprinting, chick, 10732

isolation vs. imprinting vs. group rearing for 2 wk. posthatch, peck-order hierarchies, chickens, 4031

maternal influences & additive & nonadditive genetic effects & sex linkage, mating behavior, low- vs. high-mating vs. randombred lines of chickens, 273

mirror image stimulation, hypnosis represented by tonic immobility, chickens, 4017

non-hydrogen-bonding anesthetics, memory & electrophysiology, chickens, 10665

object novelty, learned avoidance of unpalatable prey, chicks, 6432 optic afferent system development, chick embryos, 8562

population density & food dispersion, development of prisminduced aftereffects, newly hatched chicks, 2037

prenatal injection of methylmercury dicyandiamide, hatchability & open field activity & detour learning, chicks, 3950

prior light vs. dark exposure, imprinting process, domestic chicks,

psychotomimetic drugs, behavior & brain neurochemistry, neonate chickens, 8687

rearing by broody vs. nonbroody hen vs. in social vs. isolation conditions, initial preference for nonbroody hen vs. rotating light, chicks, 4056

resistance to reminder effect, flurothyl-induced retrograde amnesia for learned peak-suppression, cockerel chicks, 3869

restraining in presence of E vs. nonpresence of E & E's proximity & visual orientation to S, immobility duration, chickens, 8727

serum from schizophrenic patients, cellular lactate stimulation & tryptophan uptake, chickens, 8660

social vs. isolated rearing & home cage vs. strange environment, reaction to strange environment, chicks, 508

stimulus relevance, control of drinking & conditioned fear responses, domestic chicks, 547

taped down shell cap to prevent hatching, plasticity of rotatory component of hatching behavior, chick embryos, 6418 testosterone, persistence in food preference search, chicks, 8585 Chicks (See Chickens)

Child Abuse (See also Battered Child Syndrome)

change in family & childrearing attitudes, intrafamily violence & mental illness, 4716

criminal procedure rights, application to child-protection legislation, 4277

prediction typology, child abuse, 7089 Child Behavior Diagnostic Inventory

Child Day Care

child day care services, needs & recommendations for United States, 10856

child density & care rates & poor amenities & overcrowding, juvenile delinquency, 11443

educational & disciplinary & therapeutic interventions, treatment of family situation via observation & division of center, population of child center, 7393

home rearing vs. day care, quality of infant-mother relationship manifested in fear of strangers & exploratory behavior & eating patterns & sleeping routines, 3 24 mo. olds, 4217 required vs. optional activities, day care play participation, 4 5 yr.

olds, 10420 selection methodology, selecting adults for child care training

program, 9240
Child Discipline (See also Parental Permissiveness)

adult misinterpretation of children's behaviors & resulting repression, child's place in society, 1567

behavior modification training & intervention strategies, changing children's behaviors, parents, 4253

behavior problems, young children, book, 2637 childhood training & discipline, aggressiveness & assertiveness, female graduate students in elementary education vs. clinical psychology vs. physical science, 9834

family emotional relationships & parental role models & parental discipline, aggression, 4th-6th grade boys, 4114

parental acceptance & family stability & consistency of care & discipline & physiological & psychological intactness & innate personality differences, development of individual coping styles, 20 yr. longitudinal study from infancy to childhood, 8806

religiosity & closeness to family & parental discipline & belief in laws & school problems & sexual experiences & lawbreaking, marihuana usage, high school students, 8893

Child Guidance Clinics

child guidance clinic admittance & subsequent adjustment, children with cerebral dysfunction, 10 yr. follow-up study, 5075 child services, urban mental health center, 5071

demographic & attitudinal questionnaire, treatment acceptance

demographic & attitudinal questionnaire, treatment acceptance prediction, child guidance clinic applicants, 7441
domain rivalry & resolution through training program, nurses & child care workers in children's psychiatric hospital, 5045
mental health services, children, India, 7559

parental attitudes toward psychotherapeutic evaluation & treatment, child guidance clinic in rural area, 11556

parental rejection & social background & religion & age & intelligence & personality & childhood experiences & child's age & sex & intelligence & personality, child guidance clinic patients, Northern Ireland, 2942

preparation groups, parents of children accepted for psychiatric clinic evaluation, 9808

psychotherapy to complement home tutoring, disturbed children expelled from school, 9677

residential group project description, mothers of children referred to guidance clinic, 7507

resistance & over- or under-involvement & professional narcissism, school mental health consultation, child guidance clinicians, 3107 social class & number of children & ages & mother working, day &

time preferences for appointments, social work cases in child guidance center, 4930

staff supports, child guidance & community mental health clinics, 11597

validity of abbreviated form of Marianne Frostig Developmental Test of Visual Perception, 5 8 yr. old children in child guidance

verbal & motor reeducation & psychotherapy, child guidance center program, childhood neurosis & prepsychotic syndrome patients, 7556

Child Psychiatric Clinics (See Child Guidance Clinics)

prolonged exposure to noise, temporary threshold shifts, chinchillas, 10714

Chloral Hydrate

Chloralose

Chlordiazepoxide

benzoctamine & chlordiazepoxide, anxious outpatients, 7611 butabarbital sodium vs. chlordiazepoxide, improvement & therapeutic effect, younger vs. older psychiatric outpatients vs. nursing home patients, 1237

chlordiazepoxide & amphetamine effects interaction, food intake & spontaneous motor activity, rats, 6277

chlordiazepoxide & drug-state changes, 2-way shuttle avoidance, rats. 6276

chlordiazepoxide & pentobarbital & chlorpromazine & methotrimeprazine & imipramine & morphine & d-amphetamine & scopolamine & LSD-25 & phencyclidine, rate of hemicholinium-3 induced brain acetylcholine depletion, rats, 3877

chlordiazepoxide vs. imipramine vs. chlorpromazine, anxiety reduction, genetically timid & normal dogs, 6296

chlordiazepoxide vs. saline, starting & running responses in straight runway with shock motivation, rats, 401 chlordiazepoxide, blood corticosterone during repeated electric

shock stress, rats, 8637

chlorpromazine vs. stelazine vs. diazepam vs. chlordiazepoxide, EEG & dendritic & transcallosal responses, tracheotomized & scalped & craniotomized & artificial breathing rabbits & cats,

d-amphetamine & scopolamine & chlordiazepoxide, suppression of self-stimulation by tetrabenazine & physostigmine & chlorpromazine & pentobarbital, rats, 3939

delta-9-tetrahydrocannabinol & chlordiazepoxide, shock-elicited fighting & fixed interval food-reinforced lever-pressing, male albino rats, 419

diazepam & chlordiazepoxide & nitrazepam & oxazepam, motor coordination & orienting reaction disturbances peculiar to tolerance development, mice & rats, 10616 doxepin vs. chlordiazepoxide, ambulatory vs. hospitalized psycho-

neurotics, 11777

pentobarbital & diazepam & chlordiazepoxide & amphetamine & chlorpromazine, shock-punished responding, pigeons, 10655 phenobarbital vs. diazepam vs. chlordiazepoxide vs. chlorproma-

zine, audiogenic seizures, rats sensitive to sound, 3916 secobarbital & chlordiazepoxide addiction using self-infusion

preference procedure, rhesus monkeys, 3882 single vs. repeated chlordiazepoxide dosages, anxiety reduction, 21

30 yr. olds, 1229

tablet vs. capsule chlordiazepoxide medication, consumption rate & anxiety & irritability & phobias & insomnia, anxious patients, 2897

Chloride Ions

Chlorimiprami

chlorimipramine treatment, hospitalized females with depressive forms of schizophrenia & manic depressive psychosis, 298

chlorimipramine vs. dolibrax, primary enuresis, children, 7652

chlorimipramine, depression, literature review, 7624

chlorimipramine, depressive states, 7526 chlorimipramine, EEGs taken at intervals paralleling clinical

intervals, depressed inpatients, 1215 imipramine & desipramine & chlorimipramine & doxepin, REM & EEG & muscle tension during sleep, adult males, 1861

imipramine vs. chlorimipramine pre- & posttreatment, L-dopa induced behavior & brain catecholamine & serotonin levels, rats, 3886

Chlorisondamine

Chloroform

Chlorpheniramine

Chlorpromazine

amphetamine & hydroxyamphetamine & dihydroxyphenylalanine & 5-hydroxytryptophan & reserpine & syrosingopine & methyl-p-tyrosine & p-chlorophenylalanine & chlorpromazine & cyproheptadine, amphetamine state conditioned avoidance & recall, albino

chlordiazepoxide & pentobarbital & chlorpromazine & methotrimeprazine & imipramine & morphine & d-amphetamine & scopolamine & LSD-25 & phencyclidine, rate of hemicholinium-3 induced brain acetylcholine depletion, rats, 3877

chlordiazepoxide vs. imipramine vs. chlorpromazine, anxiety reduction, genetically timid & normal dogs, 6296

chlorpromazine & amphetamine, basal metabolism & conditioned

reflex activity under stress conditions, rats, 1918 chlorpromazine & its metabolites, synthesis & turnover of catecholamines formed from C-tyrosine in brain, mice, 3936

chlorpromazine & levomepromazine & fluphenazine & butaperazine, motor & psychic activity, free living herring gulls, 3863 chlorpromazine & methylphenidate, pattern discrimination learning & relearning & extinction, rats, 8633

chlorpromazine & pentobarbital & morphine & d-amphetamine, temporal discrimination, pigeons, 6311

chlorpromazine & perphenazine & haloperidol & lesions of mesence-phalo-diencephalic brain parts, cataleptic response, rats,

chlorpromazine acute & chronic administration, brain amino acids, rats, 3901

chlorpromazine dosage, EEG laterality & voltage, chronic schizophrenic women, 9758

chlorpromazine repeated administration after CCl poison vs. partial hepatectomy, methionine S incorporation, rats, 1938

chlorpromazine vs. lithium, stimulus significance assessment changes, clinical & animal experimental contexts, 404

chlorpromazine vs. stelazine vs. diazepam vs. chlordiazepoxide, EEG & dendritic & transcallosal responses, tracheotomized & scalped & craniotomized & artificial breathing rabbits & cats,

chlorpromazine vs. tizercine & aseptic inflammation, permeability of blood-brain barrier for uranine vs. I-albumine, rats, 3919

chlorpromazine-induced catatonia, manic patient, 9804 chlorpromazine, behavior, 1863

chlorpromazine, brain stem nuclear structures single neuron unit discharges, cats, 3964

chlorpromazine, inhibition of L-tryptophan or 5-methoxy-N,N-dimethyltryptamine induced hyperactivity & hyperpyrexia, rats treated with monoamine oxidase inhibitor, 1876

chlorpromazine, psychomotor stimulant self-administration, rhesus monkeys, 3980

chlorpromazine, resistance of leverpressing to extinction under varying habit strength & drive levels, rats, 3942 chlorpromazine, EEG dose-response relationships, female chronic

schizophrenics, 1227

chlorpromazine, Nurses Observation Scale for In-Patient Evaluation & Brief Psychiatric Rating Scale & global assessment, psychogeriatric patients, 2800

d-amphetamine & scopolamine & chlordiazepoxide, suppression of self-stimulation by tetrabenazine & physostigmine & chlorpromazine & pentobarbital, rats, 3939

dextroamphetamine & chlorpromazine & hydroxyzine, behavior & performance, hyperactive 6 11 yr. olds, 7471

ethanol & chlorpromazine administration, chlorpromazine vs. alcohol metabolism, chronic mental patients, 2853

haloperidol vs. clopenthixol vs. chlorpromazine, EEG measures, chronic schizophrenics, 9759

injectable chlorpromazine vs. haloperidol, agitated acute psychotics & chronics with acute exacerbation, 2996

loxapine succinate vs. chlorpromazine, EEG changes as side effects, 24-58 yr. old chronic schizophrenic inpatients, 3020

mesoridazine & chlorpromazine, relapsed schizophrenics, 7359 mesoridazine vs. chlorpromazine, therapeutic effects, hospitalized

mental patients, 5152 pentobarbital & diazepam & chlordiazepoxide & amphetamine & chlorpromazine, shock-punished responding, pigeons, 10655 phenobarbital vs. diazepam vs. chlordiazepoxide vs. chlorproma-

zine, audiogenic seizures, rats sensitive to sound, 3916

psilocybin & chlorpromazine, spatial- & optical distortion, college students, 1869

reserpine & phentolamine & phenoxybenzamine & haloperidol & chlorpromazine & imipramine & atropine & mepyramine & nalorphine, morphine-induced activation, mice, 6236

scopolamine & scopolamine methyl nitrate & amphetamine & lorazepam & chlorpromazine, conditioning of food aversions, rats, 3858

tetrahydrocannabinol & chlorpromazine & amylobarbitone, social patterns & labor division achieved, rats, 422

thioridazine & chlorpromazine & averaged electroencephalic

audiometry during sleep, mentally retarded adults, 9707
tone intensity & sleep phase & chlorpromazine sedation, auditory evoked response detection reliability, adults vs. chlorpromazine-sedated 3 4 yr. olds vs. children referred for audiometric diagnosis, 10666

tricyclic antidepressants & enactyzine & levomepromazine & chlorprothixene, blocking aggressive-defensive reactions, cats,

tricyclic antidepressants & enactyzine & levomepromazine & chlorprothixene, blocking aggressive-defensive reactions, cats,

# Chlorprothixene Choice Behavior

response to authority & acceptance vs. rejection of Christian commitment, obedience, college students, 10946
Chromosome Disorders (See also Autosome Disorders, Crying Cat

Syndrome, Deletion (Chromosome), Downs Syndrome, Klinefelters Syndrome, Neonatal Autosome Disorders, Neonatal Chromosome Disorders, Neonatal Sex Chromosome Disorders, Nondisjunction (Chromosome), Sex Chromosome Disorders, Translocation (Chromosome), Trisomy, Trisomy 18, Trisomy 21, Turners Syndrome)

chromosomal aberrations, classification of manifest & subclinical schizophrenic forms, psychotics, 4889

chromosome analysis & enlarged short arms of 21 22 chromosome, psychoinfantilism, female patients, 2705

G-group ring chromosome, retarded 16 yr. old female, 2724 & eyes & extremities, mentally retarded 9 yr. old male, 9276

nonpsychotic organic brain syndrome & age-related chromosome

loss, Stroop Color-Word test performance, senescent twins, 7085 physical & psychological & intellectual history, XYY chromosome abnormality, case history of identical dull-normal black twin boys, 2720

47 XYY chromosome complement, social & psychological &

physical variables, males, literature review, 1036
47 XYY karyotype, aggressiveness & exaggerated tendencies, prisoners & psychologically abnormal offenders, 980 47,XYY syndrome & height, institutionalization, male juvenile

delinquents, 2580

omes (See also Autosomes, Sex Chromosomes)

chromosome analysis & enlarged short arms of 21-22 chromosome, psychoinfantilism, female patients, 2705

medical history & physical examination & karyotype & somatotype & anthropometric measurements & Eysenck Personality Inventory scores & neuroticism & extroversion, lesbians, 7132

Chronic Alcoholic Intoxication

altered motor control, chronic alcoholics vs. nonalcoholic patients. 9420

carbamazepine, dysphoric symptoms, chronic alcoholics, 11564 personality changes & changed motivational sphere, chronic alcoholics, 930

Chronic Psychosis (See also Chronic Schizophrenia)

group phenomena developed as systems of social defense against anxiety, chronic psychotics, 7136

injectable chlorpromazine vs. haloperidol, agitated acute psychotics & chronics with acute exacerbation, 2996

Chronic Schizophrenia

blood platelet monoamine oxidase activity, chronic & newly hospitalized & withdrawn from phenothiazine medication schizophrenic & manic-depressive & depressed patients, 4797

brain weight & corpus callosum width & cingulate gyrus height & cortical mantle width & volumes of thalamus & lenticular nucleus & hippocampus & temporal lobe & total cortex, chronic schizophrenics, 9439

cerebrospinal-fluid activity of glutamic oxaloacetic transaminase & lactic dehydrogenase & aldolase, 22 62 yr. old hospitalized chronic schizophrenic paranoid & hebephrenic & catatonic & hebephrenic-catatonic females, 955

chlorpromazine dosage, EEG laterality & voltage, chronic schizophrenic women, 9758 chlorpromazine, EEG dose-response relationships, female chronic

schizophrenics, 1227

coefficient of variation of mean absolute EEG voltage & delta band spectral intensity & age & prior medication, arousal, chronic schizophrenics, 9396

computer analysis of telemetered brain waves, automatic recognition of ritualistic behaviors, freely moving chronic schizophrenic,

decreased vs. increased auditory & visual stimuli, thought processes of cognitive focusing & reasoning & concept formation, chronic nonparanoid female schizophrenics, test of interference theory of schizophrenic psychological deficit, 4766

digital computer period analysis & analog power spectra, EEG findings, chronic schizophrenics, 4737 familiarity with victim & sex differences, helping in minor emergency, chronic schizophrenics, 9468

fluspirilene maintenance therapy vs. pipothiazine undecylenate, female chronic schizophrenics, 11797

haloperidol vs. clopenthixol vs. chlorpromazine, EEG measures,

chronic schizophrenics, 9759 Horney holistic-dynamic psychoanalytic theory application, Freudi-

an & nonspecific therapeutic approaches, acute & chronic schizophrenics, review, 1048 long-term use of tranquilizing medication & discontinuation effects,

hospitalized chronic schizophrenics, literature review, 11721 loxapine succinate vs. chlorpromazine, EEG changes as side effects, 24 58 yr. old chronic schizophrenic inpatients, 3020

mesoridazine & chlorpromazine, relapsed schizophrenics, 7359

P-phenylenediamine oxidation using Ravin's method, serum ceruloplasmin activity, acute & chronic schizophrenics & acute catatonic stupor Ss, 2563

paternal & maternal censure, familial schemata, acute & chronic schizophrenics with poor & good premorbid adjustment, 11438 pathology of volitional effort & rehabilitative therapy process,

chronic schizophrenics & protracted depressive Ss, 996 personal & social adjustment & socioeconomic & marital status & age & symptoms & remission prognosis & characteristics, schizophrenics, literature review, 4719

pimozide vs. trifluoperazine vs. placebo, psychiatric symptoms & behavior & scales & extrapyramidal symptoms rating scale, chronic schizophrenics, 1207

pimozide, chronic schizophrenics, 2864

pimozide, psychotic symptoms & affective behavior & energy level & attention & social adjustment, chronic schizophrenic patients previously on penfluridol & haloperidol, 4932

premorbid adjustment & paranoid status & chronicity, schizophren-

primary reinforcement, response to experimenter, socially withdrawn chronic schizophrenics, 4781

resocialization in preparation for hospital release, chronic hospitalized schizophrenics, 9813

sensory stimulation & remotivation, NOSIE-30 scale ratings & personal neatness & positive factors & total assets & manifest psychosis, chronically regressed schizophrenics, 4936

sentic cycles method of M. F. Clynes, subjective anxiety & depression & hostility & sleep disturbance relief & coping, mental health professionals & psychiatric patients & chronic schizophrenics, 9592

severity of handicaps & social circumstances, failure to discharge from hospital, inpatients & outpatients male chronic schizophren-

ics, 11466

simple proverbs test, thought disorder, chronic & acute schizophrenics & manics & neurotics & personality disordered, 11626

social census & premorbid adjustment & chronicity & diagnosis, form discrimination, 20 60 yr. old male schizophrenic-paranoid

socioenvironmental treatment vs. systematic desensitization vs. relaxation training, inducing assertive behavior, chronic schizophrenics, 5251

sodium & potassium electrolyte saliva concentrations, adrenocortical activity, hospitalized vs. nonhospitalized acute & chronic schizophrenics & neurotics & depressives & surgical cases & normals, 11360

sulpiride, 16 64 yr. old chronic hospitalized schizophrenics unresponsive to previous treatment, 3060

thioproperazine-levopromazine combination, chronic schizophrenics, 11575

token reinforcement & feedback, delusional verbal behavior, chronic paranoid hospitalized schizophrenics, 5272

token reinforcement & loss of reinforcement, bizarre verbalizations, chronic schizophrenics, 11737

paranoid schizophrenics vs. psychotics vs. normals, 995
Cichlids verbal learning & verbal conditioning, acute vs. chronic & simple vs.

population density & aggressive interaction outcome & fighting frequency changes & loss of opportunity to dig, aggression & territoriality, captive vs. wild male Cichlids, 1998

Cigarette Smoking (See Tobacco Smoking)
Circadian Rhythms (Animal) (See Animal Circadian Rhythms)
Circulation (Blood) (See Blood Circulation)

Circulatory Disorders (See Cardiovascular Disorders)

Cirrhosis (Liver)

EEG & behavioral aspects & arterial ammonia level, night sleep, cirrhotics in porto-caval encephalopathy, 1004

Cities (See Urban Environments)

Citizenship Civil Rights Movement

attitudes toward student & black protest, white working class adults with less than high school education, 2287

Civil Servants (See Government Personnel)

Clairvoyance (See also Precognition) attitudes toward ESP & sex, clairvoyance & precognition performance, university students, 147

control of aversive stimuli, prediction of stimuli, 1695

ESP teaching machine, learning clairvoyance & perception, 3625 known vs. unknown targets, sex identification of person in concealed photograph, 1642

personality factors & psychosomatic conditions, ESP & clairvoy-ance, 14 yr. old boys in classroom situation, 3614

predicted probability & probability of success & belief in ESP, control group performance in clairvoyant research, 3629

psi phenomena & telepathy & clairvoyance & precognition & psychokinesis, relationships to perceptual & memory & motor processes, 93

self-induced altered conscious vs. sensory-bombardment induced altered vs. waking states, clairvoyant perception of art prints in sealed envelopes, 5722

Class Attitudes (See Socioeconomic Class Attitudes)
Classical Conditioning (See also Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Unconditioned Responses, Unconditioned Stimu-

additive & suppressive summation & response averaging to compounded stimuli & stimulus control model, generalization peak shift in free operant & classical conditioning, literature review, 253

alternation training techniques with tone as CS, conditioned

adaptation to prismatic displacement, undergraduates, 3591 amygdalectomy, orienting behavior & classical conditioning & pituitary adrenal cortical system regulation, monkeys, 424 auditory CS & intertrial interval variation, Pavlovian cessation

conditioning, dogs, 6412

- augmented heart rate feedback, cardiac conditioning, male rhesus monkeys, 6131
- aversive conditioning, heartrate & general activity & panel pressing, dogs, 332
- cerebellum lesions, delayed reaction & classical conditioning, turtles, 8674
- classical aversive conditioning procedure, sympathetic innervation & influences on cardiac contractility vs. heart rate, dogs, 10574
- classical aversive conditioning with random vs. repeated vs. single CS-UCS pairings, CR extinction, high vs. low anxiety undergraduates, 8435
- classical conditioning vs. exposure to intense heterosexual stimuli, heterosexual arousal, male homosexuals, 1149
- classical conditioning, eating & drinking elicited by hypothalamic stimulation, rats, 3908
- classical conditioning, positive vs. negative attitude change, 8361 classical vs. pseudo-conditioning, unit behavior in hippocampal
- circuits, rats, 8563 classically conditioned nictitating membrane response, investigating
- inhibitory control of auditory frequency dimension, rabbits, 8750 cognitive expectancies & preexposure to high vs. low vs. no shock,
- classical conditioning measured by GSR, college students, 6034 conditioned inhibition training, nictitating membrane response, rabbits, 8743
- conditioned responses in reticular formation, rats, 8737
- conditioned suppression of distress calls, imprinted ducklings, 507 contingency & cognitive factors, failure to effect long-interval differential Paylovian conditioning of GSR & digital volume-
- pulse change, college students, 6050 CS vs. no stimulus vs. UCS vs. paired CS-UCS, acquisition & maintenance & extinction of jaw-movement pseudo-CRs & CRs,
- current research & theory, classical conditioning, book, 6348 ECS, 1-trial appetitive learning vs. 1-trial heart rate conditioning, rats, test of consolidation hypothesis of memory storage, 8691
- electrical brain stimulation as UCS & lights as rewarded & unrewarded stimuli in discriminative classical conditioning & counterconditioning of sniffing response, hippocampal EEG correlates, rats, 3907
- electrical stimulation of medial &/or lateral hypothalamus, barpress self-stimulation & shuttle-box preference & cardiovascular classical conditioning, rabbits, 8673
- emotional responses classically conditioned to words, social behavior, bibliography, 10508
- food deprivation-satiation, conditioning positive attitudes to new stimuli with food word stimuli, college students, 3748
- food vs. brain-stimulation reinforcement, conditioned approach & contact behavior, rats, 6305
- habituation & differential conditioning & summation vs. reacquisition, conditioned inhibition, mental retardates vs. nonretardates, 2592
- insulin dosage & classical conditioning, blood glucose level, rats, 6335
- interstimulus interval, time estimation processes in classical conditioning, college students, 8475 interstimulus interval, trace & delay classical eyelid conditioning,
- severely & profoundly retarded 17 23 yr. olds, 1045 medial prefrontal cortex removal, classical defensive conditioned
- reflexes & heart rate, dogs, 8675 multiple classical conditioning trials within each t-maze trial, t-maze
- learning, earthworms, 10781 muscle relaxant injection & habituation & sensitization &
- conditioning trials, pupillary dilation conditioning, paralyzed cats, 10659
- neocortical lesions, conditioned nictitating membrane responses, rabbits, 3937
- noise as CS & shock as UCS, classical vs. pseudoconditioning of heart rate, mice, 298
- nonpainful aversive visual stimuli, vasomotor conditioning of finger pulse volume, high vs. low anxiety prone male college students, 1808
- nonreinforcement & different reinforcement schedules, classical eyelid conditioning, 10453
- observational learning of aversive Pavlovian stimulus contingency, vicarious conditioned acceleration, rats, 2032
- omission training, jaw-movement CR to water UCS, rabbits, 10739 operant vs. classical conditioning, task performance, high facilitat-
- ing vs. high debilitating anxiety undergraduates, 8454 Pavlovian analysis, avoidance conditioning, goldfish, 10794

- response-contingent changes in UCS intensity, nictitating membrane response, rabbit, 3998
- retention interval & word association long-term retention of conditioned attitudes, 10470
- trace vs. delay auditory stimuli, eyelid conditioning, 4 6 yr. old children, 2205
- UCS shock durations & unreinforced CS presentations, resistence to extinction, rats, 10773
- US magnitude, classical reward conditioning & extinction of jaw-movement response & URs & CRs & pseudo-CRs, rabbits, 8763 Classificat (Psychiatric Taxonomies) (See Psychodiagnostic Typolo-
- gies)

- gies)
  Classificat (Psychodiagnostic Proc) (See Psychodiagnosis)
  Classification (Cognitive Process)
- acquisition order of transitivity vs. conservation vs. class inclusion of length & weight, Canadian kindergartners & 1st & 2nd graders & American 2nd graders, 10813
- age & social class & suggestion to cluster, free recall & clustering, 1st & 4th grade Canadian children of lower- & middle-class background, 10501
- age, free classification of various colored & sized & shaped geometric figures, 25 55 vs. 67 95 yr. olds., 587
- analyzable vs. unanalyzable stimuli, similarity judgments & classification, undergraduates, 1700
- aroused state anxiety, memory organization & immediate recall of words, college students, 6058
- association level & category membership & cues, free recall & clustering, college students, 10459
- associative & cognitive processes, clustering in free recall, elementary school students, 8830
- associative vs. rhyming cues vs. both, word clustering & free recall, undergraduates, 3671
- binary-classification response time, human information processing capabilities, 6033
- categorical & grammatical scoring systems, word association, college students, 11174
- categorical organization in acquisition, recognition latency, college students, 6023
- categorically grouped vs. random presentation conditions & presence vs. absence of explicit identification of task's categorized nature, free recall of categorized items, kindergartners vs. 3rd vs. 5th graders, 4160
- categorization training, nonverbal grouping & category name & function & individual name & function learning & transfer, retarded adults, 7591
- category cues, free recall, retarded adults, 4723
- category dominance & instance dominance, categorization time for words, college students, 10456
- category size & hierarchical level & access mode, long-term memory retrieval time, 5988
- category size & intact vs. random subjective units, free recall to paired-associate transfer, 10392
- category size, semantic-memory retrieval, 6007 chosen vs. assigned number of categories, categorization & recall
- ability, undergraduates, 1762
  classification & seriation operations with problems concerning inanimate objects vs. social events, 60 120 mo. olds, 8835
- cognitive tempo, discrimination skill in color-form sorting, impulsive vs. reflective 3 5 yr. olds, 6531
- comparisons of successively presented visual patterns in perception & short-term memory, classification RTs, college students, 6064
- complex sentences from factual articles arranged in blocked vs. random order vs. unrelated sentences, category clustering during free recall, college freshmen, 1669
- field dependence-independence, similarity judgments of hierarchically organized pairs of pictures & words, high school seniors,
- form-class clustering vs. syntactic organization, free recall, 10427 formal languages classification by Chomsky, study of rational series
- & noncommutative variables algebra, 11157 frequency of stimulus, naming category members for nouns & adjectives, college students, support for noun categories organization of semantic memory store, 6016
- functional deformation in operative images, error minimization in estimation & classification tasks with vs. without standards, 5879 grouped vs. ungrouped words & position in list, free recall, college students, 8391

hierarchical stimulus & preference structures, free vs. restricted classification of 1-dimensional stimuli, college students, 5991

identifying & classifying vs. viewing & naming concepts, mediation of perceptual sets, 4 & 5 yr. olds & college students, 10930 including any number vs. as many vs. as few as possible objects,

object sorting, use of R. Gardner's form, 3710

individual sequenced vs. terminal objective vs. no instruction, multiple-classification problem solution, 5 vs. 6 vs. 7 yr. olds, 635 instructions & list length & reversal transfer task, verbal

discrimination vs. 2-category classification task, 8466
integration & directionality & redundancy & inhibition as
facilitators of information processing, analysis of perceptual
coding test scores, 1st & 8th & 9th graders, 5918

knowledge of relevant information & complexity & codability of stimulus information, visual selective attention, 2nd vs. 6th graders, 4198

list novelty & list organization & trial blocks, generalization of associative clustering tendencies, 15 19 yr. old retardates, 4622

locus of control, free recall category clustering, college students,

manipulation & classification & concept development vs. traditional arithmetic training, Piagetian tasks of cognitive development, disadvantaged 1st graders, 5425

measures & need for theoretical approaches, category clustering, 5946

memory load, choice & classification RTs, right-handed undergraduates, 1780

mental development level, classification learning, 4 & 5 & 7 yr. olds, 8816

model vs. practice vs. control condition & additional multiple classification task, observational learning developmental aspects, 2nd vs. 4th vs. 6th graders, 2152

multidimensional scaling of stimulus similarity judgements in scaling & sorting tasks, adults, 1639

number of category scales, judgment of nouns according to attribute scales, 1760

number of pictures & mode of problem representation & numerical differences of disjoint subsets in problem, solution of verbal problems requiring quantitative class inclusion, educable mentally retarded in special education classes, 10095

pattern meaningfulness & organizational unity, discrimination latency, 10340

pattern recognition & exemplar vs. logical rule category definition, classification & categorization, 3732

personality integration, cognitive differentiation & cognitive integration & information yield on classification task, college students, 4542

presentation mode & ordering of organized hierarchical information, acquisition & retention of hierarchy of connections between letters, college students, 8440

probe & target spatial orientation combinations, form identity & category matching RT, undergraduates & medical technicians, 3675

procedures of L. Vigotsky vs. B. Inhelder & J. Piaget, free classification, 2 & 4 & 6 & 8 & 12 & 16 yr. olds, 10831

recognition vs. recall task expectation & visual &/or semantic categorization, visual memory retrieval, 8387

reduced auditory stimulation, attention & pegboard & sorting & cancellation & echo drum task performance, autistic & psychotic children, 7137

related & unrelated words in varied arrangements, recall & clustering mechanisms, 3743

retrieval rules & semantic coding, short-term memory, 5924

scanning processes in long-term memory, 6074

similarity vs. identity matching, response latency & visual recognition, replication & extension of R. Sekular & M. Abrams,

speed/accuracy tradeoff & practice, stage durations in memory-search task, 17 34 yr. olds, 6015

stimulus encoding & additivity of effects, sorting time in card sorting task, college students, 1722

stimulus figures presentation in passive receiving active instrumental & active verbal procedures, concept learning, 12 13 yr. olds, test of R. Rommetveit's theory, 645

target set size & familiarity, reaction time, implications for models of human information processing, 8377

taxonomic category shifting, free recall, 8403 taxonomic word categories, memory search, 6031 verbalizing hypotheses &/vs. making category responses, concept acquisition, college students, 3757

word categorization, cued & free recall, 5959

word list organization & use of retrieval rule, immediate & delayed recall of graphemic bases, kindergartners, 7816 3-cue selection models, multidimensional stimulus classification,

alternatives to C. Spiker & W. Croll & A. Miller's analysis, 3646 Classification (Psychiatric Process) (See Psychodiagnosis)

Classification Systems (See Taxonomies)

education programs to foster sexual equality, pupil cooperation in classroom, 12121

group behavior psychology & diagnosis & evaluation, classroom psychodynamics, 12102

sroom Behavior Modification

academic remediation program using behaviorally oriented principles, social behavior & academic improvement, 2nd & 6th grade behavior problem children, 7932

art oriented work experience, behavior modification of classroom behaviors, emotionally disturbed adolescents, 9843

behavior consultation & teacher aide observers, classroom discipline, 4th graders, 9861

behavior modification techniques use by teachers, multihandicapped students, 5469

behavior modification techniques vs. traditional educational methods, evoking attending behavior & transference to readiness skill, preschool retardates, 3321

behavior modification training, response patterns toward problem children, teachers, 5377

behavior modification with teacher attention as reinforcer, unintelligible verbal response decrease, 5th grade girls, 8005

behavior modification, classroom discipline, literature review, 12124 behavior modification, special education classroom, retardates, 3168 behavior modification, unsatisfactory behavior & grades, 8th graders, 10075

changing teachers' rate of approving & disapproving responses, modification of appropriate & inappropriate classroom behaviors, elementary school students, 11979

classroom behavior modification & informal classrooms, rejoinder to R. Winett & R. Winkler's straw-man model, 12027

classroom discipline & group management, book, 7871 classroom instruction in behavioral principles, tardiness behavior, high school students, 5384

classroom operant conditioning techniques, book, 7702

classroom token economy & intrinsic reinforcers & reinforcement contingency, assignment completion & quiet behavior & academic achievement, 5th & 6th graders, 5497

classroom use & implementation by teachers, behavior modification, book, 1342

consultation & behavior modification, behavior change & psychosocial implications, problem children, 7701

contingency reinforcement system, study behavior & academic performance in laboratory vs. classroom setting, 5 & 7 & 9 yr. old sisters & 3rd graders, 11961

contingent point loss vs. gain, inappropriate classroom verbaliza-tions & quiet behavior, 5th & 6th graders, 5496

contingent recreation activity room access, daily quiz achievement & on-task" classroom behaviors, culturally-deprived students,

contingent teacher remarks, nontask classroom behavior modification, 2nd & 5th graders, 11914 differential probability of reinforcement of correct test responses,

study behavior, elementary school students, 10094

escape/avoidance reinforcement motivation, application of behav-ior modification techniques learned in workshop, elementary school teachers, 11844

group counseling vs. group counseling & multi-media presentation vs. multi-media presentation vs. no treatment, changes in classroom conduct & academic motivation & performance & socio-emotional state & teacher dependence & personal behavior, 6th graders, 3156

guizzes & discussion of impending quizzes & attendance credit, university lecture attendance, undergraduates, 1324

home environment reinforcers & parent & teacher trainers, classroom behavior modification, educable retardates, 11591

individual vs. peer group rewards, spelling performances, 3rd 4th grade underachievers, 1860 individualized instruction & token economy, classroom behavior, 12 17 yr. old male junior high school student disruptors, 7949

inhibitory effects of high ratio reinforcement program, attending behaviors & academic performance, highly active mildly retarded students, 10059

intentional teaching & peer modeling & tangible & social & symbolic rewards, listening skills, 82 120 mo. old educable mentally retarded children, 10043

knowledge of predicted results, observational recordings of behavior in classroom behavior modification situation, 7865

male-female co-counseling vs. single counselor technique, classroom behavior, 3rd 5th grade behavior problem boys, 11966

methylphenidate, classroom conduct & personality problems & deviant behavior & student-teacher interaction, emotionally disturbed & disruptive & poor school adjusted children, 7474

modeling vs. shaping vs. combined procedures, social withdrawal & peer interaction, nursery school social isolates, 2970

modification of low self-confidence, behavioral changes, 5th & 6th graders, 3160

operant conditioning, social behaviors & positive school attitudes development & language & concept learning, 3-5 yr. olds, 11907 peer modeling group size, response facilitation in classroom, high

school students, 9996

peer reprograming vs. equating conditions between experimental & regular classrooms & teacher training in behavior management techniques, generalization & maintenance of treatment effects in token economy systems, 3rd 6th grade problem students, 5572

peer- vs. teacher-administered programs & feedback & standard withdrawal vs. back-up reinforcer withdrawal but maintenance of feedback, token program effectiveness in reducing disruptive behavior, psychiatric hospital resident children, 9579

planned behavior modification project & independent reading, behavior-based laboratory course in educational psychology, students, 3131

praise as positive social reinforcement, time to get ready to work,

4th graders, 10079 preferred activities vs. advanced work as reward & buddy system, classroom behavior, 8th graders, 10065

reading approach used at Mentecito School in California, reading skills & classroom behavior, students, 3352

reading selected programed textbook paradigm, learning & applying classroom management techniques & attitudes toward teaching

profession, student teachers, 9966 rewards vs. costs & teacher ratings vs. self-ratings in token economy program, disruptive behavior & reading skills, adolescents in

psychiatric hospital school, 5077 self- vs. externally regulated reinforcement, disruptive classroom behavior, 1st & 2nd graders, 11841

self-evaluation punitive point system, classroom behavior, 7th & 8th graders, 10060

self-monitoring, oral class participation & daily grades & frequency of extraclassroom visits to teacher's office, potential high school dropouts, 5411

semantic counter conditioning, classroom behavior & attitudes, elementary school children, 12106

social & parental & token reinforcement, assignment completion & accuracy, 7 yr. old hyperactive male, 7929

social reinforcement, question asking behavior in learning discussions, 5382

structured lessons & group & individually contingent events & conditioned reinforcers, classroom behavior modification, 7th

student participation in goal definition & clarification & measurement modification suggestions, behaviorist approach in education, 5582

teacher ignoring & praise, teacher-directed vs. child-directed talk & child-directed social behavior & use of girls' toys & appropriate vs. disruptive class behavior, 7 yr. old retarded boy, 1356 teacher reinforcement, deviant classroom behavior reduction & self-

evaluation, elementary pupils, 5334

teacher training techniques, teacher contingent reinforcement rate & on-task" behavior, 11915

teacher verbal & token reinforcement & tangible back-up reinforcers, on-task behavior level, problem 2nd graders, 9910 theoretical understanding & teacher skills development, classroom management, book, 1307

timeout from positive reinforcement & social isolation, classroom disruptive behavior, mentally retarded children, 7989

timing with portable, wireless clock-switch, increased classroom attending behavior, 1st grade students, 1386

token reinforcement procedure modifications in classroom, consonant speech-sound articulation, 6-8 yr. olds with severe articulation problems, 5439

topic sequencing, Premackian reinforcement of classroom behavior, 5th graders, 3188

transferring control from tokens to natural reinforcers, continuation of treatment gains, disadvantaged black problem adolescents,

videotape feedback, setting criterion rates of teacher praise, elementary school teachers in behavior analysis follow through classrooms, 12067

Classroom Discipline

attitudes toward pupil control & selection of educational framework & classroom approach, teachers of emotionally disturbed children, 8019

attitudes toward pupil tracking & student selection & corporal punishment, teachers, 11872 behavior consultation & teacher aide observers, classroom

discipline, 4th graders, 9861

behavior diagnostic system, disturbed classroom behavior syndromes, elementary school students, 12082

behavior modification, classroom discipline, literature review, 12124 changing teachers' rate of approving & disapproving responses, modification of appropriate & inappropriate classroom behaviors, elementary school students, 11979

classroom behavior ratings & subject area, academic grades, female high school students, 11971

classroom discipline & group management, book, 7871

classroom influence & pupil control ideology, elementary school teachers, 5369

classroom management, learning package programs functioning & implementation, 7981

contingent recreation activity room access, daily quiz achievement & on-task" classroom behaviors, culturally-deprived students, 7956

data collection & analysis, similarity judgments of student classroom behavior & academic aptitude & parental relationship, industrial arts teachers, 7754

individual differences & group & setting characteristics, potentially disruptive behaviors & teachers' reactions, unsocialized-psychopathic vs. inadequate-immature emotionally disturbed 8 11 yr. olds, 12096

individualized instruction & token economy, classroom behavior, 12 17 yr. old male junior high school student disruptors, 7949

instructional pace, classroom attentiveness, college students, 9914 introversion-extroversion, aversion to social isolation & corporal punishment, 3rd 5th graders, 6982

open elementary school to junior high school transition, school grades & attendance & discipline & satisfaction, 6th graders, 7900 physical appearance & type of offense committed & past discipline

record, discipline decisions, public school disciplinarians, 3287 praise as positive social reinforcement, time to get ready to work, 4th graders, 10079

pupil- vs. teacher-determined rule codes, classroom misbehavior, 5th & 6th graders, 9915 school psychology history & new directions & changes in discipline,

5383 self- vs. externally regulated reinforcement, disruptive classroom

behavior, 1st & 2nd graders, 11841 self-evaluation punitive point system, classroom behavior, 7th & 8th graders, 10060

self-monitoring, oral class participation & daily grades & frequency of extraclassroom visits to teacher's office, potential high school dropouts, 5411

teacher ratings of classroom behavior & Devereux Elementary School Behavior Rating Scale scores, French & American primary school students, 3330

teacher ratings, disciplinary situations, 1st-10th graders, 9943 videotape playback process, language skills & intelligence & self concept & classroom behavior, educable mentally retarded children, 12110

### Classroom Environment

class size & lesson length in teaching 1st foreign language, vocabulary & comprehension, 7th graders, 7855 classroom architecture, classroom behavior, 3rd graders, 5586

classroom sexual composition, sex-role association for reading, middle-class Anglo- & Mexican-American male 1st 3rd graders in parochial & public schools, 11000

developmental-psychological viewpoint, problems of playroom possession" & acquisition", 4th graders, 5445

experimentally structured planned environment with vs. without self-knowledge exercises & discussion, increasing self-esteem, 5th graders, 3305

group behavior psychology & diagnosis & evaluation, classroom psychodynamics, 12102

kindergarten experience, classroom language acquisition, lower- vs. middle-class kindergartners, 9866

meaningful auditory stimulation, self-paced addition or division

problem performance, 3rd & 6th graders, 9957 moderate heart stress, classroom behavior, 9 yr. old children, 11941 organization of classroom activities, "integrated day" in school,

peer group status, perception of classroom learning climate, 5th & 6th graders, 3349

personality profiles & appropriateness of responses to simulated inner-city classroom situations, effective inner-city teachers & preservice teachers with profiles similar vs. dissimilar to effective teachers, 1343

preservice training in Adlerian vs. non-Adlerian principles, classroom climate & social structure, student teachers, 5510

residential & social mobility, situational & chronic anxiety & classroom autonomy & structure preference & Omnibus Personality Inventory scores, undergraduates, 2483

subcultural group integration in cultural enrichment program, 5 8 yr. old disadvantaged black elementary school students, 3276

teacher attitude, perceptions of classroom climate & self concept, children with learning & adjustment problems, 3328 teacher's personality & educational attitudes & perceptions of

children & classroom behavior, psychological climate of classroom, elementary school teachers & classes, 7899

visually & completely secluded classroom environments, mental task performance, brain injured vs. cultural familial mentally retarded vs. normal children, 7822

#### Classroom Instruction (See Teaching) Classroom Teachers (See Teachers)

achievement motivation training, enhanced classwork & life-management talents, teachers, 11999

classroom behavior intensity & frequency, judgment of aggressive behavior of schoolchildren, female education students, 11864 content analysis of classroom situations, effective teacher performance, 11913

progressivity, methods of dealing with concrete classroom situations, teachers, 12118

Claustrophobia
high & low demand instructions, behavioral avoidance & confinement time & anxiety & heart rate & respiration, claustrophobics, 3813

transcendental meditation & yoga as reciprocal inhibitors, claustrophobic male college student & 40 yr. old female with profuse perspiration, 2806

#### Cleft Palate

hearing loss & congenital anomalies & therapy & environmental causes, intelligence measures, 4 16 yr. old cleft-lip &/or cleftpalate children, 9395

Clergy (See also Chaplains, Ministers (Religion), Monks, Nuns, Priests, Rabbis)

attitudes toward celibacy, sexuality & intersubjective relationship & commitment & authenticity, male & female Catholic clergy, 4302 dimensionality, sociopolitical attitudes, students & clergymen &

policemen, 6692 mental health consultation as aid in pastoral work, clergymen, book, 9554

passive-receptiveness & dependency, Roman Catholic priests vs. Portestant clergymen, 9177

postgraduate secular counseling education need, clergymen, 7041 Clerical Personnel

age & occupation & education & job tenure, job satisfaction, engineers & salesmen & clerical workers & assemblers & janitors & maintenance men, 3414

ethnic group, test performance & predictive validity & job performance, Negro & white & Spanish surnamed clerks, 8127 exceptions in bigrams free-recall, verbal reconstructive memory,

Army enlisted men & student nurses & clerical workers, 10507 neuroticism & extroversion, success in card-punch operator training, females, 10172

observation of TV screens showing little movement, visual monitoring & alarm pressing RT, office workers & prison officers,

training procedure changes, assimilation of minority group members into clerical work force, 8147

weighted application blank, clerical turnover prediction, bank clerks, replication of E. Fleishman & J. Berniger's study, 1449

Clerical Secretarial Skills instructions to think of what's being typed, learning while typing, secretarial students, 1726

IQ & reading ability & vocational education classroom setting, ability to learn clerical skills, 17 26 yr. old mildly retarded girls,

#### Clerks (See Clerical Personnel)

#### **Client Centered Therapy**

analytic vs. client-centered orientation, importance of adaptability vs. personal conformity & rigidity, psychotherapists, 901 arbitrary & natural reinforcement, effectiveness of behavior therapy

& client-centered therapy, 7446

client-centered vs. rational vs. ient-centered vs. rational vs. gestalt therapeutic approach, constructs of dimensions of client responses, experienced counselor raters, 2558

extratherapy intervention, attrition reduction & total therapy involvement, low-prognosis clients, 5249

symptomatic-suggestive & directive & nondirective methods, counseling growth & changes, 5053

#### Client Characteristics

A-B therapist, client-therapist matching & therapy outcomes, clinical psychology doctoral students & their clients, 11649

client personality, inhibition felt during audiorecorded sessions, college students with personal-social vs. educational-vocational problems, 11606

client's retrospective reports, therapy evaluation, black female clients & white psychotherapist, 11608 counselor function & client's value change, 3046

counselor role & client values, guidelines for resolution of values dilemma in counseling, 2862

counselor-client racial differences, anticipation & perception of counselor behavior, black college students, 3087

distorted views & attitude set, treatment of lower-class patients, psychiatrists, 2875

experimental intervention procedure, alteration of counseling expectations toward client-counselor mutuality & continuance in counseling, clients, 1195

experts' initial outcome hypothesis, differential use of retarded client characteristics to predict rehabilitation outcome, 5011

perceptions of intake interview communication quality, clients vs. counselors, 11650

philosophic values for client & counselor, 2807

post-intake interview videotape designed to raise client expectancies, client expectations, counseling service clients, 11647

previous experiences, absence at psychodiagnostic interview, social security outpatients, 7119

social class & number of children & ages & mother working, day & time preferences for appointments, social work cases in child guidance center, 4930

University of Wisconsin Regional Rehabilitation Institute scale for measuring degree & direction of change in client, vocational rehabilitation success, 1210

video- vs. audio-recording of counseling interviews vs. nonrecording, counselor vs. client ratings on excitation & inhibition & client evaluation of counseling vs. counselor ratings of self-exploration, college students, extension of C. J. Gelso's previous findings, 1240 vocational-education vs. personal problem & internal external control & counselor style, client satisfaction, 11753

## Client Counselor Interaction (See Psychotherapeutic Processes)

### Clients

adjective intrajudge agreement, self-evaluation scale of endogenous depression, analyst & patient, 9744

client power & self-help groups, clinical & social applications & professional & educational implications, 3061

client-centered view of therapist role, group therapy processes, 7540 conceptualization of patient as customer with legitimate requests & expectations, implication for providing services, walk-in psychiat-

ric clinic patients, 7531 consultant role expectations, potential clients, 1257

counselor trainees counseling effectiveness ratings, counselor educators vs. clients trained vs. nontrained in objective rating techniques, 11304

interracial counseling, clients' & counselors' ratings of relationship quality, black & white clients & counselors, 7582

low counselor empathy & warmth & genuineness, high vs. low client self-experiencing, female college students, 1188

middle-class lifestyle & credit & prestige & status & wealth accumulations, cultural addiction, rehabilitation counselors in U.S.A., 11308

ratings, attitudes toward guidance counselors, referred vs. volunteer clients, 9846

Saint-Exupery's The Little Prince, contact vs. contract in psychotherapy, psychotherapist & client, 11711

social worker-client racial difference, casework relationship, 5068 symptomatic & psychogenic diagnoses & patient motivation, rapid hypno-analysis, 11560

value similarity & counselor experience & formality, client reactions to initial counseling interviews, college students, 11785

viewing motion picture film explaining group counseling & group therapy process, decreasing unclarified counseling expectations, adults & adolescents & college students, 7397

worker-client cognitive styles, perception of casework relationship, clients, 9615

Climacteric Depression (See Involutional Depression)

Climacteric Paranoia (See Involutional Paranoid Psychosis)

Climate (Organizational) (See Organizational Climate)

Climax (Sexual) (See Orgasm)

Clinical Judgment (Med Diagnosis) (See Medical Diagnosis)

Clinical Judgment (Not Diagnosis)

chi-square analysis & probabilities, agreement & reliability of judges & raters in psychological research, 44

clinical judgment vs. SVIB scores, SVIB support of expressed vocational choice, Ss experienced in clinical judgment, 8140 clinical study, learning disabled lower elementary school students,

9520

configural processes, clinical judgment of mental illness severity, undergraduates, 190

distinct clinical methods analogous to objective examination & free association & phenomenological reduction & participant observation, modern psychiatry, 11295

establishing onset of illness as criterion, psychotherapy vs. medication as treatment choices, 5172

global ratings vs. self-ratings vs. checklists vs. questionnaires vs. O ratings, drug trial distress change measurement, neurotic patients, 2908

lithium carbonate prophylaxis, bipolar depression & personality

structure, clinical vs. research applications, 1925 natural & contrived situations, judgmental policy equations concerning suicide lethality ratings, suicide prevention center workers, 11557

research model considering humanness of judge, methodology in studies of clinical judgment, 1146

Clinical Judgment (Psychodiagnosis) (See Psychodiagnosis)
Clinical Methods Training (See also Clinical Psychology Grad
Training, Clinical Psychology Internship, Community Mental
Health Training, Counselor Education, Mental Health Inservice Training, Psychiatric Training, Psychoanalytic Training, Psychotherapy Training)

changing role as neurologist's assistant & recommended training in basic medical science, EEG technologist, 4566

conference vs. symposium approach, interprofessional education concerning mental retardation, university students from various health professional schools, 4590

death awareness, suicide prevention training, college students & police officers, 9228

distinct clinical methods analogous to objective examination & free association & phenomenological reduction & participant observa-tion, modern psychiatry, 11295

education modes, EEG technologists, 4564

educational objectives & societal needs, contemporary psychiatric education, irrelevance of undergraduate medical education to psychiatry in Australia, 11303

instructions & verbal prompts & monetary reinforcement for reinforcing patients in token economy program, reinforcement dispensing rates, psychiatric aides, 9252

learning & growth phenomenology, selection & training for crisis intervention, volunteer trainee, 9233

necessity for theoretical courses & observation & clinical practice in psychology & linguistics, training of reeducators of dyslexia, 7025 pluralistic approach, teaching psychiatry, agreement with L. Haven's statements, 11309

postdoctoral training in clinical psychology, problems in defining future role of education in clinical psychology, 9255

prisoner role assumption, understanding criminal behavior, counseling & clinical psychology graduate students, 2725

psychiatric principles training program for general practitioners,

psychodrama techniques, training in family crisis intervention, policemen, 4933

psychosocial aspects of illness & disability, interface between neurology & psychiatry, joint teaching conference, 4565

reference group & cognitive dissonance theory, resistance to resident training in mental retardation facilities, second charge attendants & charge attendants & supervisors, 902

research tools & training methods, measuring & developing diagnostic & problem solving skills, neurologists & neurology residents, 4554

self-perceptions of education & professional socialization & importance of specific training experiences, current satisfaction with job & career, metropolitan vs. nonmetropolitan psychotherapeutic psychologists, 2520

sex & competence of O, frequency & quality of modeling in psychotherapy analogue situation, graduate clinical psychology students vs. clinical psychologists, 4584

specific problems & improvements & sources of bias & training, clinical judgment, 9786

supervision of counselors & therapists & supervisory relationships, book, 2543

theoretical & practical syllabus for training educational psychologists, survey of student supervisors, 7040

trading stamps token reinforcement & on ward training program, time & quality of interaction, attendants of severely retarded children, 9231

training in clinical assessment, counselors & therapists, 9268

training procedures & duties, utilization as behavioral technicians in token economy program for chronically mentally ill inpatients, college students, 9250

training program revisions using exaddicts as teachers & internship training, treatment of drug addicts, mental health professionals,

work conferences, attitudes toward mentally retarded, experienced vs. inexperienced rehabilitation counselors vs. experienced educators vs. guidance personnel, 892

workshops, utility for keeping up-to-date on therapeutic procedures & supervision & research, practitioners, 7057

Clinical Psychologists

clinical vs. experimental subgroup & introductory psychology textbooks, frequency counts of psychologists' names, 3493

concern with psychological dysfunction vs. psychiatric illness, changing role, clinical psychologists in Britain's National Health Service, 11281

descriptive study, information needs & practices, clinical psychologists, 7056

everyday life events, implications for clinical psychologists dealing with children, 11599

mismatch between job requirements & concepts & methods applied, continuing unpopularity of clinical psychology in Britain, 11321

postdoctoral training in clinical psychology, problems in defining future role of education in clinical psychology, 9255 therapist empathy, client self-exploration & therapy outcome, counseling & clinical psychologists at university counseling center & their undergraduate clients, 2537

training & system used & administration & scoring & interpretation

differences, Rorschach Test, survey of clinicians, 5754 workshops, utility for keeping up-to-date on therapeutic procedures & supervision & research, practitioners, 7057

Clinical Psychology abnormal psychology, book, 4808

assessment techniques & psychopathology & behavioral change techniques, advances in experimental clinical psychology, book,

chronological review of development, clinical psychology, 1487 inical psychology contributions in Psychological Abstracts, 1927-1970, 1021 clinical

clinical psychology development, post graduate training program, reply to J. Graham White, 11292 clinical psychology, multidisciplinary approach to speech & hearing disorders treatment, 9533

mismatch between job requirements & concepts & methods applied, continuing unpopularity of clinical psychology in Britain, 11321

need for & advantages of experimental & clinical psychologist communication, book, 2533

social & clinical & applied psychology with emphasis on human behavior, book of readings, 9

social vs. clinical psychology, realizing optimum personal development, 11670

staff size & salary schedules, American Psychological Association approved vs. not-approved agency clinical psychology programs, 2556

structure of mental health field, lack of mutual help between experimental & clinical psychology, 9512 viability of clinical psychology, necessity for reorientation, 11322

Clinical Psychology Grad Training childhood training & discipline, aggressiveness & assertiveness, female graduate students in elementary education vs. clinical psychology vs. physical science, 9834

clinical psychology development, post graduate training program, reply to J. Graham White, 11292

discriminating counselor interpersonal skills in self & other, clinical vs. counseling graduate students, 7044

doctoral programs in clinical psychology, 2nd order relevance of selection & training & job placement policy, 7048 graduate students as therapists in group & individual therapy, clients' attendance at voluntary meetings & correctional officers' attitude change, state prison inmates, 2960
Clinical Psychology Internship

articulation & delayed language & prosody & voice disorders, sequential interaction patterns, experienced vs. inexperienced clinicians, 11312

changing role as neurologist's assistant & recommended training in basic medical science, EEG technologist, 4566

clinical specialist as role model, psychiatric training in epilepsy treatment, student nurses, 11284

education modes, EEG technologists, 4564

EEG technology & interpretation, interdisciplinary professional team, 3832

social & psychological factors, adoption of automated information system, medical researchers & clinicians in hospital settings, 5735 Clinics (See also Child Guidance Clinics, Psychiatric Clinics, Walk

In Clinics) free clinics vs. traditional social agencies, service immediacy & record keeping & hours & trust & friendliness, young people's

clinic, 7433 Karen Horney clinic, helping emotionally disturbed individuals & infusion of mental health in society, 1216

physicians employed in clinics & their detection of emotional

disturbances, patients 15 yr. old or older, 11736

self-report form as predictor of consultation for psychological & psychosomatic & organic problems at university health service, university freshmen, 4929

staff size & salary schedules, American Psychological Association approved vs. not-approved agency clinical psychology programs, 2556

Clipped Speech (Mechanical)

Cliques (See Social Groups)

Clitoris Cloniding

Closed Circuit Television

closed circuit television & instant replay, use in marathon group

closed-circuit TV & videotape self-confrontation & dyadic confrontations, self-assessment, student teachers, 5307

innovations in closed-circuit televised psychology course, student attitudes & achievement & research directions, 3138

self-confrontation via closed circuit TV in teacher education, analysis of assessments of pedagogical experts, report of data from previous study, 11834

self-confrontation via closed-circuit television, teacher training, 5308

self-confrontation via closed-circuit TV in teacher education, analysis of student teachers' self-assessment & assessment by pedagogical experts, report of data from previous study, 11835 self-confrontation via closed-circuit TV, self-concept, student

teachers, report on data from previous study, 11837

televised simulated instruction, subsequent teaching performance, teacher trainees, 7851

2-way closed-circuit television, medical treatment & psychiatric education, 7065

Closure (Perceptual) (See Perceptual Closure) Clothing Fashions

counselor attire, client disclosure & perception of counselor attractiveness, male college students, 1236

dress style of hitchhiker & geographical location & socioeconomic area of city, ride offering, drivers, 2227

historical survey, dress design & aesthetics of female breast, 6900

Cloze Testing

awareness of response alternatives, cloze task performance, college students, implications for search & retrieval paradigm, 10514 cloze procedure, measuring readibility & intelligibility of training

materials & translations, 10259

cloze procedure, readability test for training materials & translations, 12157

cloze procedures, psycholinguistics of schizophrenic language, schizophrenics & nonschizophrenics psychiatric patients &

nonpatients, 11493 cloze technique, task performance, internals vs. externals, 8398 flexibility & speed of closure & associational fluency & verbal comprehension, cloze performance, college students, 6035

Clubs (Social Organizations)

**Cluster Analysis** 

analytical method, identification of homogeneous classes, 8203 cluster analysis, application to measuring moral value differences, urban vs. rural & grammar vs. technical school students, 5444

cluster analysis, profiles for occupational counseling, college students, 9958

cluster-analysis using multivariate subgrouping procedure, study of organizational units, 12171

clustering indexes, similarity between Frankel-Cole & Hudson-Dunn versions, 8221

direct & longitudinal cluster analyses, mental ability & genetic relations, 8847

discrimination & cluster analysis, sleep staging systems, unrestrained chimpanzees, 10557

hierarchical clustering algorithms for partitioning object set into optimally homogenous groups, extension of S.C. Johnson, 1523 iterative cluster analysis, correlations between items & linear combination expressed in terms of covariance matrix of items as

alternate method, 57 occupational clustering technique & strategies for personnel program implementation, 3412

pattern recognition methods vs. regression analysis, utilization in sociological research, 5807

strategy for combining items which form most reliable cluster analysis, test reliability, 5752

variables & probabilities selection, hit rate of multiple discriminant classification analysis, 8230

stering (See Cluster Analysis)

CMA Scale (See Childrens Manifest Anxiety Scale) CNS (Nervous System) (See Central Nervous System)

CNS Affecting Drugs (See also Amobarbital, Amphetamine, Analeptic Drugs, Barbital, Bemegride, Caffeine, Calcium Bromide, Cerebrum Affecting Drugs, Chlorpromazine, Clonidine, CNS Depressant Drugs, CNS Stimulating Drugs, Dextroamphetamine, Ephedrine, Glutethimide, Haloperidol, Hydantoins, Lithium Bromide, Methamphetamine, Methylphenidate, Pentylenetetrazol, Pipradrol, Scopolamine, Strychnine)

d- & l-amphetamine vs. cocaine vs. L-dopa vs. methylphenidate vs. pemoline magnesium hydroxide, stereotyped behavior, cats, 8768 methylphenidate & other stimulant drugs, ability to sustain

attention & impulsivity control, hyperactive children, 7431
CNS Depressant Drug Antagonists (See Analeptic Drugs)
CNS Depressant Drugs (See also Amobarbital, Barbital, Calcium Bromide, Chlorpromazine, Glutethimide, Haloperidol, Lithium Bromide, Scopolamine)

CNS Stimulating Drugs (See also Amphetamine, Analeptic Drugs, Bemegride, Caffeine, Clonidine, Dextroamphetamine, Ephed-rine, Methamphetamine, Methylphenidate, Pentylenetetrazol, Picrotoxin, Pipradrol, Strychnine)

chlorpromazine, psychomotor stimulant self-administration, rhesus monkeys, 3980

clonidine & apomorphine, locomotor activity, normal vs. reserpine vs. methyltyrosine vs. FLA-63 vs. spiroperidol vs. phenoxybenzamine pretreated mice, 418 magnesium pemoline vs. d-amphetamine vs. placebo, 6 12 yr. olds

with minimal brain dysfunction, 9566

magnesium pemoline, bar press response extinction, rats, 10627

magnesium pemoline, performance on 1-way avoidance task in absence of discrete CS vs. excitatory properties of strong CS, rats, 1858

Coaches (See Teachers)

Coagulation (Blood) (See Blood Coagulation)

Coagulation Disorders (Blood) (See Blood Coagulation Disorders) Coalition Formation

achieved power, probabilistic mixed-motive coalition formation, 6788

coalition strength, formation of contractual norms restricting power tactics usage, male undergraduates, 790

interpersonal choice game, formation & disintegration of coalitions, college student triads, 806

response timing & reward source & behavioral processes, choices in Prisoner's Dilemma Game, college students, 9111

uncertainty conditions, coalition formation, undergraduates, comparison of T. Caplow's minimum resource theory & coalition expected utility model, 4452

Cobalt

Cocaine

age & race & marital status & employment & drug taking length & criminal activity, cocaine abuse, methadone maintenance patients, 9563

amphetamine & cocaine, turnover rate of brain catecholamines & motor activity, rats, 1853

d- & l-amphetamine vs. cocaine vs. L-dopa vs. methylphenidate vs. pemoline magnesium hydroxide, stereotyped behavior, cats, 8768 demographic & social & behavioral & psychological characteristics, usage patterns for marihuana & amphetamines & opium & LSD

& barbiturates & cocaine & glue & heroin, college students, 4324 desipramine & imipramine & protriptyline & benztropine & d- & lamphetamine & p-chloroamphetamine & cocaine & pretreatment with nialamide, O-methylated noradrenaline & normetanephrine & nor-O-methylated dopamine & 3-methoxytyramine levels in brain & locomotor & rearing & stereotyped behaviors, rats, 8670

short- & long-term morphine & short-term cocaine administration, brain serotonin biosynthetic systems, rats, 6283

Cochles

acetylcholine perfused through scala tympani with vs. without crossed olivocochlear bundle stimulation, cochlear microphonic & auditory nerve potential, guinea pigs, 6229

cochlear inner vs. outer hair cells, generated potential & functional differences, guinea pigs, 1795

electrical stimulation of cochlea & auditory pathways, stimulus generalization from acoustic to electric stimulus, cats, 1851

Hearing Measurement Scale, cochlea disabled males, 9705 hybrid-computer simulation of L. Peterson & E. Bogert's cochlea model, 117

intense auditory stimulation, threshold shifts & organ of Corti anatomical injuries, monkeys, 6274

intensive noise & neomycin, cochlea damage, guinea pigs, 403 lateral superior olivary nucleus convolutional organization, cochlear coiling, animals, 8576

priming for audiogenic seizures, cochlear & behavioral responses, BALB/c mice, 6189

repetitive stimulation & aversive conditioning, cochlear microphonic & auditory-nerve action potential, cats with unilaterally tenotomized middle-ear muscles, 10635

tungsten electrodes, chronic implantation in cochleae, bats, 8627

Cochran Q Test adaptation for dichotomous data use & establishment of significance levels for coefficient using Cochran's Q-test,

Kendall's coefficient of concordance, 35 Cockroaches

ierachy & group density, social structure & territoriality, cockroach, 4008

orotic acid, acquisition vs. extinction vs. reacquisition of conditioned response, isolated metathoracic ganglia vs. headless vs. intact cockroaches, 1932

place restrainment & exposure to moving stripe patterns & elicitation of positive-feedback optokinetic responses, control of locomotory movements, lobster & crayfish & locust & cockroach & blowfly & sphinx moth, 1983

Codeine

synthetic alternates vs. opiate vs. codeine, pain & cough relief, 7691
Codeine Sulfate (See Codeine)

Coeds (See College Students)

Coeducation

coeducational vs. homogeneous sex-groups, classroom behavior & achievement & interaction, 1st graders, 3289

single-sex vs. coeducational schools, attitudes & beliefs & behaviors in scholarship & prestige & popularity & peer influences on behavior & personal goals, secondary school students, 7854 Coefficient (Phl) (See Phi Coefficient)

Coffee (Drug) (See Caffeine)

Cognition

dogmatism & intelligence & race, cognitive behaviors, 12th graders, 3683

magnification & diminishment & restriction of visual field, mood & affect & cognition & perception, undergraduates, 3468

subjective probability model of cognitive organization, Socratic effect," college students, 8452

teacher practices & educational strategies, cognitive performance & emotional behavior, 7 11 yr. olds in educable special classes, 5379 **Cognitive Ability** 

availability & quantity & quality & range & timing of visual & auditory & tactile & kinesthetic stimuli in infancy, cognitive disturbances, young children, 1016
behavioral & mood & cognitive functioning rating scales, geriatric psychopharmacology, literature review, 1050

Brunswik's research model allowing for ecological relevance, cognitive disorders, 973

ceramics in educational programs, social & emotional & mental growth, handicapped & gifted children, 7835 cognition deficits, studies, book, 982

cognitive abilities & number & quality of questions, questioning strategies in puzzle solving, 8 10 yr. olds, 6595

cognitive growth cycles, mental development, 10840

combinatorial ability, estimation of possible permutations, adolescents, 593

developmental dyslexia as specific cognitive disorder, 947 EEG, mental activity, male juvenile delinquents, 9374

factor defined intellectual abilities, adults with right hemisphere vs. left hemisphere vs. no cerebral lesions, 1057

genetic & dominance & assortive mating & environmental factor correlations, cognitive ability, monozygotic twins reared apart & together, 10531

geriatric degeneration & factorial analyses of WAIS, cognitive aptitude structure, 8852

hemispheric assymmetry on tachistoscopic task, cognitive abilities, males vs. females, 5968

information feedback & learner control & cognitive ability, state anxiety & C.A.I. task performance, female college students, 11929 intellectual ability & self-esteem & self-concept & father identification, attitudes toward crimes without victims, college students,

MA, Piagetian reasoning assessment achievement, normal vs. retarded 6 20 yr. old children, longitudinal study, 9469

maternal starvation during pregnancy, adult mental activity of offspring, 19 yr. old males, 8869 mental abilities & scholastic achievement & personality inventories

& socioeconomic & cultural disadvantage indices, kindergarten & 1st 8th grade Negroes & Mexican-American vs. whites, 11953

modes of information coding, reasoning & memory tasks, 13 15 yr. old educable retardates & 5 6 yr. old nonretardates matched for MA, 954

overextensive concept boundaries & irrelevant theme interpenetration, cognitive defects, schizophrenics, 1037

parkinsonism degree & onset & age, intellectual functioning, idiopathic parkinsonism patients, 971

physical activity program in swimming vs. physical education, perceptual-motor development & primary mental abilities, 4 6 yr. olds, 7784

Piagetian tasks & egocentrism index & Stanford-Binet Vocabulary subtest & Raven Progressive Matrices & Test of Behavioral Rigidity, performance levels & interrelationships among tasks, 55-79 yr. olds, 6613

Processing Mode Hierarchy, cognitive efficiency, children, 573 sex & cognitive ability & response modes, content mastery of slide-tape presentation, junior college freshmen, 9963

social class & cultural background, mental abilities, Israeli 1st graders, 10401

social reinforcement vs. no reinforcement, persistence scores, high verbal low spatial & high spatial low verbal 4th graders, 2074 test demands & ethnic differences, response style in cognitive tasks,

preschool age children, 10421

verbal behavior, use in assessment of cognitive abilities, children, 2109

verbalization & reinforcement, concept-solution efficiency, introverted vs. extroverted 11 & 12 yr. olds, 8424

visually & completely secluded classroom environments, mental task performance, brain injured vs. cultural familial mentally retarded vs. normal children, 7822

**Cognitive Complexity** 

attribute vs. dimensional approach, measurement of cognitive complexity & integration of incongruent information in impression formation task, 6043

cognitive complexity & cognitive similarity & sex, dyadic communication, 9017

cognitive complexity stability, construing social issues, college

students, 6935 cognitive complexity-simplicity & introversion-extroversion, arousal & aesthetic theories of preference for complexity, 1677

expectancy confirmation-disconfirmation & cognitive complexity-simplicity, affective state, college students, 2455

facilitative level & cognitive complexity changes, 1st yr. psychology

graduate students, 11877

group training program emphasizing self-awareness & sensitivity to others & basic interviewing skill development, interpersonal cognitive complexity-simplicity, Employment Security & Manpower Administration employees, 3366

integrated & cognitive complexity & extreme response style & construct integration, college drug users vs. nonusers, 2447

integrative complexity & nonspecific set, letter-isolation problem solving, female undergraduates, 3734

measuring cognitive complexity & affective values of literary stimuli, college students, 10448

negative vs. positive figure perception on evaluative vs. nonevalua-tive traits, cognitive complexity, graduate students, 9091 tachistoscopically flashed consonants under posthypnotic cue influence, shifts in mental concentration level, 20 yr. old hypnotic

college students, 10395

validity of hierarchical measure of cognitive complexity, 8246

**Cognitive Contiguity** 

Cognitive Development (See also Intellectual Development, Language Development, Perceptual Development) acculturation & task complexity & mental age, reversal learning,

lower & middle class 6 11 yr. olds, 8790

acquisition order of transitivity vs. conservation vs. class inclusion of length & weight, Canadian kindergartners & 1st & 2nd graders & American 2nd graders, 10813

adolescent-adulthood transition, logical thought processes in operational tasks, high vs. low dogmatic 11th & 12th graders,

age & culture, causal thinking, Mexican vs. American 4th vs. 6th graders, 6711

age & sex & IQ & GPA, understanding selected concepts of motion, 7 17 yr. olds, 4130

age & sex differences, hierarchy of conceptual development, 3 & 4 & 5 yr. olds & kindergartners, 6618

age & stimulus intensity, transition from concrete to abstract cognitive processes, educable mentally retarded vs. normal children, 11447

age & within- vs. cross-modality matching tasks, auditory & visual matching ability, 5 8 yr. old boys, 4164

age, temporal integration, kindergartners to 9th graders, 10909

associative & cognitive processes, clustering in free recall, elementary school students, 8830

average vs. superior IQ, conservation & seriation & class inclusion task performance, 45 yr. olds retested at 67 yr. olds, 4169

Bender Gestalt Test, use as conceptual development test, 4 13 yr. olds, 1539

Categories Test, abstract-spatial concept development & use, 9 yr. 10 yr. 11 mo. old poor vs. normal readers vs. brain damaged children, 928

causality cognition stage & humor rating & age & personality differences, humor development, 3-12 yr. olds, 4136 causality judgments in physical vs. social situations, 4 vs. 7 vs. 11 vs.

15 yr. olds vs. college students, 10841

cognition deficits, development of new educational programs & teaching methods, 1367

cognitive & Piagetian social-cognitive tasks, developmental differences, 6 13 yr. old emotionally disturbed vs. normal children, 7141 cognitive activities & social-historical context, memory abilities development, review of American & Soviet research & theory,

cognitive baselines, developmental learning & competence rule system differentiation, young children, 595

cognitive development & thought & language relationship, discussion of L. Vygotsky's theories & experiments, 6493

cognitive encounter with external data, development of memorizing vs. perceiving, pre-schoolers & 1st & 5th graders, 10802

cognitive structure, early social behavior, infants, 6592 cognitive theory, inference & cognitive development, 10838

cognitive training, implications for educational TV programing for disadvantaged children, 5501

cognitively structured stimulation in educational program, creative growth & expression, 1st graders, 1353

conception of images vs. verbal descriptions of objects, 10 12 yr. olds, review of L. Vygodsky's & J. Piaget's theories, 8796

conceptual teaching based on Piaget's developmental theory, class-field learning coordination, graduate social work students, India,

conceptualization & measurement issues, growth of competence,

infants, 6469 conservation vs. nonconservation, semantic distinction of lexically marked adjectives, 3rd 6th graders, 4129

conversion of Piagetian experiments into test items for assessing cognitive development, 2200

cumulative learning, cognitive development theory, 10842

development of linguistic connectives & attention to order of causally related events & ability to explain temporal order of events, white middle-class 4 & 6 & 8 & 10 yr. olds, 10923

developmental & methodological issues, logical thinking growth, adolescents, 8878

developmental differences, point locating in 2-dimensional space, 11 20 yr. old Zulu youth with 0 7 yr. education, 2162

ego delay capacity, conceptualization development, 7 8 yr. old disadvantaged impulsive vs. reflective disadvantaged children, longitudinal study, 8786

emotional & cognitive & interpersonal confrontation of birth defect, self-esteem & overall adjustment, 8 14 yr. old children, 4678

emotional factors & development of intellectual skills vs. nature of educational environment, preschool education, 10056

ethnic background & white urban culture contact & training in WISC Similarities & Block Design strategies, verbal regulation of behavior & IQ, 6 15 yr. old Indian vs. white Canadians, 4221

ethnic group differences, ability to reproduce direction & orientation, Anglo-Saxon American & bilingual Spanish-American 8 12 yr. olds, 4156

experience & emotional & social & cultural factors, cognitive development & rate & sequence, 2117

factorial analysis, field independence & fixity-mobility, 10 83 yr. old males, 6488

fantasy as expression of cognitive structures modified in development, cognitive residues theory, 6581 form-color stimuli relationships, names for & matches to form-color

stimuli, 4 5 yr. olds, 8842

fragmented subconcepts related to stimulus contexts & perceptual attributes, natural language concept development, 5 6 & 8 9 & 11 12 yr. old schoolchildren, 10906

Gestalt perception & operational thought, classification of paintings by style & figure, 2nd & 5th graders, 8810

height-width compensation concept mastery, susceptibility to conservation concept training, kindergartners, 4106 hierarchization & integration & consolidation & structuring, volume

concept development within Piaget's theory, 4th vs. 6th vs. 8th vs. 10th graders, 2069

highly cognitively-structured small group activities vs. traditional preschool program, language & cognitive development, disadvantaged preschoolers & kindergartners, 3322

highly vs. moderately vs. minimally ambiguous task structure, conceptual behavior on Object Sorting Task, 7 vs. 8 vs. 9 yr. olds, 4123

hypotheses & strategies & stereotypes discrimination learning problems, kindergartners & 2nd & 4th & 6th graders & undergraduates, 2114

identifying & classifying vs. viewing & naming concepts, mediation of perceptual sets, 4 & 5 yr. olds & college students, 10930 identity vs. equivalence conservation & visual vs. kinesthetic

perceptual modality, level of understanding of conservation of weight concept & rate of concept development, 5 12 yr. olds, 646

identity vs. reversibility by inversion vs. compensation, reasons for judgments on conservation, 1st & 2nd graders, 10844

imagery capacity & verbal/visual crosscoding, spatial visualization, 67 vs. 10 11 yr. olds, 12083

implicit metric scaling technique for dichotomous data recovering a higher" level than simple ordinal scale, cognitive growth assessment, 2080

inability for grouping according to similarity & ability for grouping partially according to similarity & grouping entire stimulus array according to similarity, free classification, preschool children,

incongruity- & resolution-removed cartoon forms, appreciation & comprehension of cartoon humor, 2nd & 3rd & 6th & 7th graders, 2183

inductive deductive reasoning, 5 14 yr. olds, 10825 instruction, performance on Piagetian experiments of cognitive development, children, 2107

instructions & temporal & spatial organizational cues & age, shortterm memory, kindergartners & 1st & 4th graders & college students, 10881

intellectual realism, drawings of familiar object with distinctive

features, 5 9 yr. olds, 6495 judgment of fuller & emptier glasses, relational reasoning development, 5 & 6 & 7 & 9 yr. olds, 2178

language & thought development, preschool children, 6559 language development, methods for study of early cognitive functioning, infants & preschool age children, 6476 learning & mental & emotional development, newborns to 5 yr. olds,

book, 8782

level 4 & level 5 object permanence concept as discriminated operant response, concept learning & conceptual development, 21 32 mo. olds, 4202

malnutrition & biosocial correlates of height, cognitive development, tall vs. short children, 6573

manipulation & classification & concept development vs. traditional arithmetic training, Piagetian tasks of cognitive development, disadvantaged 1st graders, 5425

mathematic & scientific precocious development, cognitive & affective aspects, 6th 9th graders, 12086

mathematical model, developmental study of memory retrieval processes, children & adults, 10880

measures of optimal performance, assessment of cognitive development, 2071

mental development level, classification learning, 4 & 5 & 7 yr. olds,

mental operator as task-independent mental capacity construct, validation on number ordering task, 5 10 yr. olds, contribution to

J. Pascual-Leone's study, 4103 microenvironment of mother & child vs. macroenvironment of society vs. biological factors as predictors, physical growth &

mental development, 1 3 yr. olds, 4148 mother-infant interaction, cognitive development, 7 mo. olds, 4133 neonatal characteristics & mother-child interactions during 1st 9 mo. & mental & motor development during 1st yr., Zinacanteco

Indian neonates & 19 mo. olds & their mothers, Mexico, 2088 nonverbal testing methods, ontogenesis of certain logical operations, Piaget's formulation, 2087

number concept & conservation, Piagetian tasks, 5 15 yr. old schizophrenics, implications for educational program planning,

object permanence concept of Piaget & psychoanalytic libidinal object concept, cognitive & emotional development, 2133

observational learning through modeling & elicitation, hypothesis-& constraint-seeking conceptual strategies, 6 & 8 & 10 yr. old boys, 2102

oneness & linear vs. numerical magnitude concepts development, 3 4.11 yr. olds, 4227

ontogenetic & generational change, factor stability of Primary Mental Abilities test & Test of Behavioral Rigidity, 21 71 yr. olds, 7 yr. longitudinal study, 4188

optimal vs. reverse sequence, hypothesized hierarchy of double classification tasks, kindergartners, 10821

optimum learning model, developing component skills of substance conservation, nursery school children & kindergartners, 630 orthographic & acoustic & associative memory attributes & age, recognition, 1st & 3rd graders & college students, 6496

parent educational background, child psychomotor development & adaptability, 10801

perception & intelligence & emotions in child development, review of research & theory in USSR, 1960 1970, 4181

perceptual cues, additive composition of classes, kindergarten & 1st grade students, 8880

perceptual tableaux & Piaget's constructionist theory of objects in infancy, critical examination, 2186

persuasive vs. formal logical deducting process, conception of reasoning, 1st vs. 3rd vs. 5th vs. 7th vs. 11th graders, 615

physical growth & familial social factors, cognitive functioning, 3 6 yr. olds, 6539

physical movement, cognitive development, brain-damaged children, 11507

physical objects appearance vs. reality vs. identity judgments, 45 yr. olds, 6545

Piaget-derived riddle definitions, riddle structure & content & function, 5 14 yr. olds, 2163

Piaget's cognitive development principles, IQ test development, 5785

Piaget's conception of structure in cognitive psychology, implications for curriculum theory & development, 3288

Piaget's equilibration model of change & imitation model, cognitive structure development, 3-8 yr. olds, 2138

Piaget's theory of stages, ordinal stages of cognitive development, conference papers & discussion, book, 2118

Piaget's views of cognitive development, early cognitive intervention programs effectiveness, disadvantaged urban children, 7547

Piaget's vs. P. Gal'perin's interpretation, teaching concept of weight & mass consistency, 4 6 yr. olds, 8874

Piaget's 3-stage model of conservation acquisition, ordinal investigation of number & liquid quantity conservation, kindergartners & 1st & 2nd graders, 10812

Piagetian formal thought" characteristics & growth & experimental confirmation & assessment with British Intelligence Scale, 2145

Piagetian development stages, reversal vs. extra-dimensional vs. nondimensional shift learning, 2nd & 3rd graders, 6608 Piagetian developmental theory & diagnostic statistical procedures

& learning & language & sociocultural research, 2129
Piagetian operational level, metalinguistic performance, kindergart-

ners vs. 1st graders, 8815 Piagetian principles, popularity of A. A. Milne's Winnie-the-Pooh,

Piagetian tests & WISC & Early School Personality Questionnaire & Rorschach Test performance, kindergarten through 3rd grade

longitudinal study, 6486

Piagetian tests of operational & causal thinking, cognitive development, 5 9 yr. olds, 2103

Piagetian vs. psychometric theories of intelligence & practical implications, 2104

procedures of L. Vigotsky vs. B. Inhelder & J. Piaget, free classification, 2 & 4 & 6 & 8 & 12 & 16 yr. olds, 10831

Processing Mode Hierarchy, cognitive efficiency, children, 573 psychoanalytical vs. cognitive vs. behavioral approaches, moral

development, 2082 psychoeducational enrichment college preparatory counseling program, emotional & cognitive development, disadvantaged entering college students, 7706

reflection-impulsivity & field dependence-independence cognitive styles & verbal intelligence, moral maturity level, preschoolers vs. school age children, 639

semantic & phonetic preference test, separation of word sounds & meanings, 4-9 yr. old Afrikaans-English bilinguals vs. unilinguals,

sex & age, association learning & conceptualization & creative selfdirection, 3 4 vs. 4 4 yr. olds, 6478

sex & deafness etiology & degree of deafness, mental development, urban vs. rural deaf 14 yr. olds, 9466

social & ethnic background & style & competence levels, cognitive functioning & performance, implications for school instruction, middle-class white vs. working-class Puerto Rican preschool children, 1304

spatial-positional & verbal & nonverbal stimulus cues & development of ability to form internal representations of stimulus events, memory task, kindergarten students, 6479

specificity & possibilities in studies of dysontogenesis of mental development, childhood pathopsychology, 1007 speech & development of mental processes, children, book, 4171

speed concept development, associated language acquisition, 5.5 9.75 yr. olds, 8826

structured science curriculum in Piagetian type operations, cognitive coping, 3rd graders, 7737

tachistoscopically flashed consonants under posthypnotic cue influence, shifts in mental concentration level, 20 yr. old hypnotic college students, 10395

task complexity, horizontal-vertical line representation, 79 yr. olds. 4173

theory of stages in cognitive development, 2168

trained variation in teachers' supportive behaviors, learning of cognitive concepts & motor skills, 3 & 4 & 5 yr. olds, 3236

visual vs. tactual input & age, reversal vs. nonreversal learning, 4-7 yr. olds, 638
WISC performance scale, quantitative retardations & qualitative

perturbations in cognitive processes, dyslexic 7 10 yr. olds, 4751

Cognitive Discrimination cognitive tempo, discrimination skill in color-form sorting, impulsive vs. reflective 3 5 yr. olds, 6531

contingency & cognitive factors, failure to effect long-interval differential Pavlovian conditioning of GSR & digital volumepulse change, college students, 6050

correct vs. incorrect vs. correct & incorrect item presentation, verbal discrimination learning, college students, 8441

developmental differences & word frequency, selection strategies in verbal discrimination learning, 4th grade to college level students, 10876

ethnographic semantics, identification of cognitive discriminations important in perceptions of environment, prostitutes, 6695 event schedules & values & state vs. trial instructions, ability to

discriminate acquisition from extinction in probability learning task & partial reinforcement effect college students, 1744 fading procedures, oddity acquisition, kindergartners, 582

field-d ependence & intellectual-perception & figure drawing, Jewish traditional vs. nontraditional vs. Anglo-Saxon Protestant boys, 672

instructions & word imagery & situational frequency, verbal discrimination learning, undergraduates, 3736 mediator priming & inhibition, discrimination transfer & free recall,

kindergartners & 3rd graders, 8813
noncontingent feedback vs. monetary incentive for accuracy & event schedules, discrimination of acquisition vs. extinction phases of probability learning under state instructions & PRE, 6th graders vs. female college students, 2135 normative frequency & list size, correct word selection from list of

category members, undergraduates, 3672

orienting response, attention span & relevant cue discriminability in relevant redundant cue problem of concept identification, male college students, 1743

personality characteristics, communicative & discriminative ability, counselor trainees, 11282

positive stimulus & negative stimulus feedback information in discrimination learning, positive vs. negative vs. neutral stimulus recall, 2nd & 3rd graders, 10493

praise vs. silence vs. criticism following correct response, discrimination learning & retention, 1st vs. 2nd vs. 5th vs. 6th graders, 2188

reinforcement-test interval distribution in paired-associate & verbal discrimination learning, short- vs. long-term retention, college students, 5993

relevant & stimulus dimensional responses & nondimensional & conceptual discrimination, consecutive intradimensional & extradimensional & control shifts, 50-61 mo. olds, 6614

response cost & positive reinforcement, discrimination learning, 69 yr. olds, 10851

response reinforcement to critical vs. noncritical features, letter discrimination, 4 yr. olds, 10512

salience of odd cue during original training, color oddity problem training & transfer to form problems, 3 5 yr. olds, 4127 same vs. reversal conditions, discrimination acquisition & extinction

rates, kindergartners & 2nd graders, 4108 self-reinforcement determinants, discrimination learning, children,

2134 semantic factors in color comparison task, locus of color-word

interference, undergraduates, 87 serial vs. parallel vs. integrality model, encoding & discrimination

processes, 1684 task relationships instructions, free recall to verbal discrimination learning transfer, undergraduates, 3663

trigram letter position reversals, matching discriminations, 1st grade beginning readers, 4244

verbal pretraining, kindergartners, 2189 multidimensional generalization behavior,

Cognitive Diss

arousal, cognitive dissonance reduction, 10488

attitude-discrepant behavior consequences, self-perception theory & attitude change, undergraduates, use of J. Bem's interpersonal replication method to study J. Cooper & S. Worchel's findings,

choice & initial attitude salience & counterattitudinal behavior salience, cognitive dissonance vs. self-perception theories, college students, 11129

choice between 2 equally attractive organizations, postdecision dissonance reduction & self perception, adult male students, 10155

choice vs. no choice & public vs. anonymous essay writing conditions, dissonance vs. incentive effect, 16 17 yr. old students,

cognitive consequences, forced noncompliance, college students,

cognitive dissonance arousal & reduction in therapist, therapy, 5063 conflicting values resolution, inconsistency among questionnaire item responses, 8978

confluence of choice & consequence in role playing, dissonance & attitude change, college students, 770

counterattitudinal advocacy & reinforcement, attitude change & dissonance, college students, 693

discrepancy & issue involvement, opinion change, L. Festinger's cognitive dissonance theory vs. C. I. Hovland & O. J. Harvey & M. Sherif's assimilation-contrast theory, 654

draft lottery vs. laboratory analogue, attitudes toward alternatives & attribution of responsibility for outcomes to policies leading to lottery participation, 19 yr. olds & college students, 4265

high vs. low conflict & unknown vs. known decision consequences, free choice behavior, college students, application of D. Bem's self-perception hypothesis & interpersonal simulation technique to J. Jecker's conflict experiment, 6878

induction of threat to self-esteem, arousal & resolution of affect, college students, 6976

intention & aversive consequences, arousal of cognitive dissonance,

introspective data from intraindividual conflict situations, problems of reliability & convergent & discriminant validation, 575.

involvement & competence & discrepancy, opinion change, 671 magnitude & rectifiability of harm & information value, reporting

accidental harm-doing, college students, 767
person perception & attitude similarity, persuasion, 9049
prior attitudes, postmanipulation attitudes in forced-compliance,

college students with extreme vs. neutral attitudes, 11035 psychiatry's responsibility, social dissonance between values & their

reality function, 5247

redundant vs. nonredundant & attitude congruent vs. incongruent stimuli, attitude change on social judgment scales, college students, 6742

reference group & cognitive dissonance theory, resistance to resident training in mental retardation facilities, second charge attendants & charge attendants & supervisors, 902 reported cognitive dissonance, anxiety, 4497

resolution of cognitive dissonance, religious vs. nonreligious college students, 6743

self-esteem & inequity dissonance, input & outcome undercompensation, college students, 3408

situational achievement motivation as moderator variable, predicting consistency-seeking behavior in expectancy disconfirmation situations, 8942

verbal intervention, locus of control ideology & cognitive dissonance & militant attitudes, black studies vs. social studies high school classes, 5359

**Cognitive Generalization** 

cognitive decentration level & social status among peers & concept comprehension, school-related concept communication in 2-child communication task, black inner-city 2nd & 4th graders, 9067 differential reinforcement & imitation, conversational speech unit generalization, nonverbal retardates, 9346

list novelty & list organization & trial blocks, generalization of associative clustering tendencies, 15 19 yr. old retardates, 4622

preexposure identification with instructor & postexposure identification with staff models, fear decrease, student nurses, 2526 synchronization vs. pseudo-synchronization, cadence frequency, informed vs. naive Ss, 10312

synchronized vs. spontaneous cadenced movement regulation, experimental models, 10374

verbalization of model's behavior, vicarious learning of abstract vs. conceptual rule & generalization & retention, 5th graders, 4262

Cognitive Mediation

acceptance & impact as cognitive mediators, attitude formation & attitude change, college students, 6700

age, syntactical mediation of paired-associate learning, bright upper-socioeconomic-class preschoolers to 2nd graders, 598

chaining-over vs. nonchaining paradigm groups & anticipation interval, recall & resistance to unlearning of verbal mediating associates, college students, 8376

cue selection & mediation of color vs. verbal stimuli, pairedassociate & transfer task performance, 3rd vs. 5th vs. 7th graders,

frustration, cognitive regression of concrete reasoning ability, 78 yr. old boys, 3708

mediation practice, field dependence-independence & test anxiety & reading achievement, 3rd graders, 5481

mediational models, reversal & nonreversal shift learning, 8409 mediational processes as function of task orientation toward recall, intentional vs. incidental learning, 10418

mediator priming & inhibition, discrimination transfer & free recall, kindergartners & 3rd graders, 8813

relational vs. absolute response reinforcement & verbal mediators, intermediate size transposition task performance, 1st graders,

Venn diagrams vs. multiple-choice Venn diagrams as visual transformational mediators, rule learning, college students, 10099 verbal mediation, learning, 16 18 yr. old mental retardates, 7734

verbal vs. pictorial prompting, paired-associate learning, undergrad-uates, criticism of M. W. Daehler & J. C. Wright's capturing

explanation, 3670 Cognitive Processes (See also Abstraction, Anagram Problem Solving, Associative Processes, Choice Behavior, Classification (Cognitive Process), Cognitive Contiguity, Cognitive Discrimination, Cognitive Generalization, Cognitive Mediation, Concept Formation, Connotations, Contextual Associations, Decision Making, Divergent Thinking, Group Problem Solving, Ideation, Inductive Deductive Reasoning, Inference, Logical Thinking, Management Decision Making, Problem Solving, Reasoning, Semantic Generalization, Thinking, Transposition (Cognition))

information processing model for cognitive processes with consciousness properties, 1763

information processing, 4th graders, extension of Jensen's dual-process intelligence theory applicability, 8389 information-processing model, Freud's concept of cathexis, 4489

integration & directionality & redundancy & inhibition as facilitators of information processing, analysis of perceptual coding test scores, 1st & 8th & 9th graders, 5918

intellectual & emotional & motivational evaluation of questions,

answer variability prediction, 3725 intellectual deficits, Nigerian soldiers with brain injuries from high velocity missiles, 11330

memory, concept learning abilities, 1681

intellectual processes, grasping principles through generalization of elements-stimuli relationships, 5th graders & adults, 6480 interaction of affective & cognitive factors, examination situations,

interference & verbal encoding, short-term memory deficits,

Korsakoff patients, 937 intermittent vs. continuous noise & noise intensity & testing time, serial search performance, 5985

internal & external connectedness in semantic memory, simple cognitive structure acquisition, 5982 internal vs. external locus of control of reinforcement, ego

functioning & personality & intellectual correlates, elderly, 8827 interval between stimuli required to identify accurately 1st stimulus, visual information processing speed, inner-city vs. suburban 1st & 3rd & 6th graders, 10297

intra- vs. extradimensional stimulus-change cards in card sorting task, orienting reflex & attention to concept utilization, college & graduate students, 3718

intuition vs. logical thought, learning mathematics, implications for mathematics curriculum development, 11900

irrelevant information & presentation irregularity, pacing of rehearsal in sequential short-term memory, college students, 5998 irrelevant information & processing mode, speeded visual discrimination, college students, 8399

Kagan's Matching Familiar Figures Test, response quickness & visual analysis skill & time estimation accuracy & concept

identification problem-solving ability, 2nd graders, 2131 language structure, cognitive information coding, book, 10483 lateral eye movements, reading speed & cardiac responsivity & ability to process speeded information & preference for visual or auditory modes, college students, 1742

learning process categories & inability to generalize about conditions & outcome of learning across categories, 204

learning theory vs. cognitive interpretation, secondary reinforcement, 10457

length of performance on simple cognitive task, body contact with confederate & sex of confederate, male & female college students, letter & word set size & visual & auditory modality & presentation rate, naming latency facilitation & recognition RT, adults, 3704

light vs. tone masking & central processing, auditory recognition, college students, 10339

linear combination of symbolic & observational information, recency vs. primacy in impression formation, 2343

linguistic form & inferred information, mental representation & sentence memory, 212

linguistic relativity & cultural heritage, causality, 833

isstening to compressed speech, attention & concentration & abstraction of important information & spoken information processing, disadvantaged 3rd & 6th graders, 3324

long-term memory organization, recognition latency, 10436 Luquet/G. H., analysis of studies of children's thought & actions, 10819

MA, Piagetian reasoning assessment achievement, normal vs. retarded 6 20 yr. old children, longitudinal study, 9469

marihuana, peripheral light detection as function of information processing demands in vision, 10657

measurable discovery process variables in problem formulation, creativity in final product, college art students, 6945

mechanical problem solving task, hypothesis formation & heuristic techniques, college students & 9th graders, 213

memory load, RT, college students, 5954

memory search for CRC & CCC trigrams, college students, 5942 menstrual cycle & estrogen level, cognitive styles & performance,

females, 3765
mental &/or physical practice, learning & retention & bilateral
transfer of motor skill, female college students, 5837

mental load, blinking, college students, 3694

mental models, diagnostic process in problem solving, power plant operators, 10136

mentation & sensory awareness & ESP & energy utilization & environment & habit systems, human potential actualization, 10224

mnemonic instruction intended to generate intraverbal vs. imaginal processes & trial number & duration & intent to learn, paired-associate recall, Navy recruits, 3636

model of human as information processor by mathematically simulating choice RT & memory storage retrieval & perceptual information processing research, 3-dimensional visual identification task, model vs. human males, 158

motivational characteristics, cognition & cognitive organization,

motor & sensory & cognitive test performance, subtentorial lesioned vs. supratentorial CNS diseased adult patients matched vs. unmatched for IQ, 2709

motor activity, mental activity, school children, 8437

multiple vs. single storage system, structure of memory & educational implications, 8414

multivariate model with 2 cognitive spaces for auditory & visual modes differing in modal axis, chromesthesia, 8417

negativism & locus of control & fulfillment & cognitive processes, involvement of agents in projects of own choosing, 6977

ontogenetic & generational change, factor stability of Primary Mental Abilities test & Test of Behavioral Rigidity, 21 71 yr. olds, 7 yr. longitudinal study, 4188

operative logic, reasoning & cognitive processes, book, 8447

paced vs. unpaced decision-time & rare vs. common verbal material, recognition memory, college students, 5974

parameters of original stimulus list, measuring clustering in free recall, 10431

perception of parental training technique & parents' report of training technique, social cognition, 12 & 13 yr. olds, 612 perceptions of situations, cognitive dimensional model, college

perceptions of situations, cognitive dimensional model, college students, replication of D. Magnusson's study, 1619 perceptual-motor-tracking, monitoring & information processing &

pattern discrimination & group problem solving, 8295 personality traits & cognitive processes, solving personal problems,

personality traits & cognitive processes, solving personal problems, 6041 Piaget's 3-stage model of conservation acquisition, ordinal

Piaget's 3-stage model of conservation acquisition, ordinal investigation of number & liquid quantity conservation, kindergartners & 1st & 2nd graders, 10812

Piagetian formal thought" characteristics & growth & experimental confirmation & assessment with British Intelligence Scale, 2145 pictorial information processing, review of biological & computer

visual systems & psychology of perception & its computer simulation, 6343

picture-redundancy paradigm, stimulus encoding in paired-associate learning, preschool black children, 10805

pictures, subject-verb vs. noun phrase vs. subject-verb-object utterance initiation delay, 8421

polyvalent drug abuse, cognitive functioning & attention, drug abstinent addicts without abstinence symptoms, 11498

position bias, cognitive representation of completely vs. incompletely ordered hierarchical social structures, Dutch & French college students, 231

positive set size & set for speed vs. accuracy & backward mask presence vs. absence, choice RT to visually presented digits in information-reduction task, 84

practice with controlled stimulus pairs, same-different judgment RTs, college students, implications for human information processing theory, 5914

practice, factor structure of cognitive abilities tests, 7th & 8th graders, 6534

prediction time & correctly predicted steps & extent of deviation & number of controlled instruments & difficulty of principle, dynamics of prediction in simulated situation, operators & apprentices in chemical plant, 8144

preference for member of pair with extremely desirable or undesirable trait vs. for other member with same trait plus additional trait of similar but lesser polarity, integration of information about others, college students, 2336

pretask instructional set in recognition & recall task, pupil size distinguishing cognitive processing phase, college students, 6049

pretask instructional set in recognition & recall task, pupil size distinguishing cognitive processing phase, college students, 6068 previous high speed & exhaustive memory search, retrieval processes in short-term memory, nurses, 10382

primary evaluation factor & secondary potency & activity factor, affective meaning system, preschool children, 10845

probe technique & anticipation vs. recall learning methods, functional stimuli in serial learning, college students, 6039

probe technique, identification of serial learning processes, college students, 10490

problem representation & superior vs. peer receiver & work & production norm & situation implications, solutions offered to loosely defined problem, 3rd yr. teachers college students, 8453

processing visually presented verbal vs. spatial stimuli, hemispheric specialization, 5841

programed imagery & linguistic recoding, reading & listening comprehension & visual-motor skills, 1st 3rd graders, 7789 proximity between pairs of items in recall protocols, organization structure in free recall, 203

ranking sound stimuli according to pitch, human thinking processes, 8428

reaction time, information-processing in verbal learning, college students, 8408

reading achievement & age, auditory vs. visual processing of single words, 1st vs. 3rd vs. 5th graders vs. college freshmen vs. sophomores, 644

realizable holographic storage of neural interference patterns, predicting short-term memory performance, 10406 redundancy & complexity, coding processes in visual information

transmission, 6057
reflectivity-impulsivity, information-processing proficiency, 5th vs.

9th graders, 4190 registrational structure as model of memory, role in perceptual

registrational structure as model of memory, role in perceptual processes, 10372
repeated carbon monoxide poisoning, akinetic mutism & motor

repeated carbon monoxide poisoning, akinetic mutism & motor seizures & dementia & cognitive & social functioning, male patient, 2745

repetitions & organization in rehearsal, free recall, evidence for recoding as basis for retrieval, 1783

reproduction & transposition of iconic figure matrices, severely subnormal 17-52 yr. olds, 9402

resource level, ideal plans, college students, 6026

response requirements & directional fractionation, heart rate & skin conductance & digital & cephalic vasoconstriction, male college students, 8528

response-term predictability & stimulus-response conceptual similarity, paired-associate learning, college students, 10492

reticular formation, selection mechanisms & attention, review of D. Broadbent's theory, 8365

retrieval cues & set organization, short-term recognition memory, college students, 8410

right cerebral dysfunction, personality & nonverbal cognitive process, 3rd & 4th grade learning disabled vs. normal Ss, 7867

right vs. left visual field stimulus presentation, lateral asymmetry in physical & name matching response times, 3572

Role of Invisible Magnetism protocol & Inhelder-Piaget method of analysis of truth functional logic in solving problems, formal operational thinking, 581

RT & mental processes, facsimile & translation of J. J. de Jaager's 1865 text, book, 8374

RT of sentence-verification-of-picture judgments, 3660 RTs & error rates, judging nominal identity of successively presented letter strings, college students, 5926 RTs in choice reaction task, localization of divided-attention effects,

3652

same word & color vs. word named different color vs. neutral word vs. nonword, response competition vs. encoding interference in color-naming, 8402

sampling vs. comparison processing, communication development, 2nd vs. 4th vs. 6th graders, 572 search & recall & forgetting to-be-forgotten item in paired associate

probe, 8378 self- vs. work-pacing, relationship of information-processing rate & intelligence measures, college students, 10465

semantic category size & number, organized semantic information

retrieval processes, 8463

semantic familiarity & information load, arithmetical verbal problem solving performance, educable mentally retarded children in special classes, 9848

semantic organization, feelings about activity & forced nonactivity, coronary vs. bone fracture patients, 4853

sensory overload vs. deprivation, mental functions, college students, research problems & methods, 10447

sequence-picture verification, semantic control of eye movements in

picture scanning, 1571

sequential analysis, nature & method of information presentation, power plant operators, 10147

sequentially-presented shapes under cross-modal vs. intramodal conditions & age differences, recognition, 6 & 8 & 10 yr. olds,

serial position, visual processing of digits presented in rapid succession, college students, 5980

serial vs. parallel vs. integrality model, encoding & discrimination processes, 1684

setting & incrementing operations in counting process, simple addition model, children vs. adults, 209

sex differences & motivation level, inverted alphabet writing & substitution task performance & reminiscence, neurotic vs. stable vs. extroverted vs. introverted college students, 8431

shadowing vs. monitoring techniques of attention control vs. 1-trial serial recall technique & serial position effect, response organization & detection probability, college students, 3753

shift of emphasis from personality & emotions to cognitive aspects, school social work services, 1115

simultaneous & sequential presentation of sensory information effects on intrasensory & audiovisual cross-sensory integration skills, prediction of initial reading skills, 1st grade boys, 8022

simultaneous visual message presentation, preferred recall order & order of recall accuracy, replication of H. B. Savin's auditory task,

size vs. brightness vs. size-brightness redundant vs. size-brightness nonredundant stimuli, information gain rate & RT, undergraduate & highly trained graduate students, W. E. Hick's paradigm extended to M. E. Doherty's absolute judgment task, 1718

spatiotemporal characteristics, parallel processing of multielement displays using search & same-different detection tasks, 5967

speech coding, short-term memory for verbal material, 5 16 yr. old deaf schoolchildren, 2596

speed & accuracy & recall ease in semantic or positional probes & serial-position, expended-processing capacity, 1710 speeded recognition of ungrammaticality in sentences, 6029

stimulants & depressants, cognitive & motor test performance, nonpatient males with neurotic vs. psychotic vs. psychopathic vs. normal MMPI patterns, 407

stimulus availability & test pictures & risk of self-disclosure in analysis-by-synthesis model, cognitive behavior in projective testing, college students, 5763 stimulus combinations & dimensions & perception, stimulus

processing model, 1723

stimulus input rates & response time limits, missing scan paradigm performance, undergraduates, 1713

stimulus presentation rate & age, auditory shadowing & information processing in speech production, 12 & 18 yr. olds, 5933

stimulus redundancy in visual vs. tactile modality, naming of objects, aphasic patients, 4807

stimulus structure of auditorily presented digit strings, scanning strategies, college students, 8345

stimulus-response & general cognitive & factor analytic & computer simulation approaches, cognitive learning, 241

strategy types & cognitive factors, maze learning, 5th 11th graders. 655

stress, information processing, defensive & nondefensive 15 17 yr. olds, 6966

striate cortex feature detector cells vs. illusory object, production of cognitive contours, 3795

subliminal stimulation, simple & complex cognitive processes, 1715 suboptimal & optimal & superoptimal information load, informa-tion transmission characteristics between decision-making & information-acquisition dyads, 4-person teams of undergraduates,

success & failure goal-related performance feedback, cognitive

determinants of motivation & expectations, 6052 systematic variations of noise levels, information processing, undergraduates, 1554

tachistoscope & partial report procedure of color & form & shape

variables, visual information processing, 10330 tachistoscopic presentation of array of consonants & stimulus duration, spatial & verbal codes & short term memory, college students, 10319

tachistoscopic presentation of nonverbal & verbal stimuli, copying & oral reading performance, disabled vs. normal readers, 11502

tachistoscopic presentation, visual information processing, criticism of D. Rumelhart's model, 5948

tachistoscopically presented displays of consonant trigrams, interaction of short-term & very short-term memory, college students, 10379

tangible vs. intangible vs. no rewards & time of reward presentation, concept-switching performance, middle- vs. lower-class Israeli 5 yr. olds, 2119

task & social demands, locus of control differences in information processing, female college students, 4530

task difficulty & instructional set & performance limits, serial vs. parallel retrieval in short-term memory, 8486

temporal differences with analogue & digital time displays, mental subtraction speed & accuracy, 1779

thioridazine & dextroamphetamine, behavior & cognition, elementary school students with behavior disorders, 9590 third-dimensional manifold of mind & body, 10212

time stress vs. no time stress, information processing & peripheral vasoconstriction & heart rate, 8370

true vs. false-positive vs. negative sentences & circle location, sentence-picture comparison RT, college students, 8413

unlearning vs. loss of means of retrieval of list items & recognition, retroactive inhibition in free recall learning, 243

variable stimulus encoding, paired associate transfer, college students, support for E. Martin's theory, 10469

verbal vs. pictorial stimuli, encoding & recall, college students, 1784 verbal vs. spatial task, lateral specialization EEG recordings, righthanded adults, 8523

verbal vs. vocal vs. visual communication with videotapes & audiotapes & transcripts, amount & kind of information conveyed & difficulty with different sources & information processing from multiple modes, graduate student Os, 6890

verbal-logical & nonverbal-perceptual cognitive processes & sex & race & socioeconomic status, mathematical achievement prediction, 5th graders, 9992

videotape self-confrontration, ego & thought processes & Rorschach Prognostic Rating Scale scores, male schizophrenics, 2793 visual form familiarity & presentation rates, serial order recall & verbal coding, undergraduates, 3666

visual informaton, cross & within field integration, right-handed graduate & undergraduate students, 8276
visual noise level & RT accuracy level, speed/accuracy tradeoff

locus, 3548

WAIS & maximum rate of information acceptance, patients with alcoholic dementia, 7201

word-matching & directed word association tasks, syntagmaticparadigmatic shift, 7 yr. olds, 4119

2-dimensional probabilistic images, eye movements as indicators of perception & cognitive analysis in problem solving, 5937

Cognitive Style (See also Cognitive Complexity)

A-B type, verbal nonimmediacy to neurotic & schizoid communications early & late in therapy, male undergraduates, 2841

A B therapist types, postural & gestural behavior & emotional content of dyadic interview, male undergraduate & graduate students with extreme A&B scores, 2377

A B type, person perception & role taking accuracy, male undergraduates, 2460

acculturation, field dependence, college students & urban & rural Xhosa groups & white college students, 2298

age & intellectual level & psychological stress, social perception organization rigidity, 13 16 yr. old Flemish students, 10419

age & social status & personality trait information, impression formation, high vs. low cognitive differentiation Ss, 6823 analytical vs. global field approach & attention-concentration & verbal-comprehension, aged Ss, 5970

anxiety-evoking film viewing & psychological differentiation & gender identity, sex of figure drawing choice, males, 4492 cognitive controls in adaptation to life situation, cognitive style, 10519

cognitive differentiation & discrimination & integration abilities, complex decision making in management simulation, 3415 cognitive differentiation, level of abstraction used in construing

social issues, 5969

cognitive style & instructional modes of reading printed material vs. listening to recorded audio presentations, achievement, 10th & 11th graders, 7768

cognitive style & personality dimensions, sensitivity training effectiveness, black machine operators & their white supervisors & predominantly white low-level supervisors, 10149

cognitive style, academic achievement, 6th graders, 11906

cognitive style, field dependence & body concept & academic achievement & self-reliance & personal worth & freedom, adolescent educable retardates, 11819

cognitive style, language behavior in problem solving groups, female volunteers, 2381

cognitive tempo, discrimination skill in color-form sorting, impulsive vs. reflective 3 5 yr. olds, 6531

color-digit interference task & Stroop Color-Word Test & cognitive control dimensions, retardates vs. normals, 2773

concrete vs. abstract conceptual structure & sex, speed & accuracy on Matching Familiar Figures & design recall & Embedded Figures Test & familiar objects identification, undergraduates, 3759

cross-sexual identification & alienation & withdrawal tendencies, creative personality, 9190

dogmatism & belief vs. disbelief systems, cognitive differentiation & cognitive isolation, undergraduates, 847

dogmatism & discrepant vs. supportive vs. balanced information exposure, GSR & eye movements, students, 6933

fantasy styles, learning styles, schizophrenics vs. normals, 9437 field dependence & psychological differentiation concepts, 4545 field dependency & verbal mediation, cognitive style & conservation

task performance, kindergartners & 1st 2nd graders, 10424 field-dependence & impulsivity, 8 13 yr. old males with serious vs. moderate behavioral & learning disorders, 3219

field-dependence & intellectual-perception & figure drawing, Jewish traditional vs. nontraditional vs. Anglo-Saxon Protestant boys,

figures of speech, cognitive style & thinking & communication of thought, 3684

global vs. step-by-step learning, teaching strategies used to teach back, college students, 10019

global-articulated & verbal-comprehension & attention-concentration dimensions, cognitive patterning, congenitally totally blind vs. adventitiously totally blind resulting from retinoblastoma vs. normally sighted Ss, 1079

immediacy of military experience & cognitive style, attitude toward use of military force as national policy instrument, male undergraduates, 2211

integrated & cognitive complexity & extreme response style & construct integration, college drug users vs. nonusers, 2447 intelligence & cognitive style & direct learning ability measurement,

black vs. white lower-vs. middle-class 6 10 yr. olds, 5533 intelligence & cognitive style, creativity, book, 6994 interpersonal intellectual compatibility, thinking strategies in group problem solving, 6036

level of construct intercorrelation, level of anomia, non-freshmen college students, 9913

magnitude & temporal order congruency, 3-term series problem solving, blind vs. sighted 7 9 yr. olds, 7248

manifest anxiety, analytic & nonanalytic cognitive styles, American & Taiwanese 4th & 5th graders, 6475

menstrual cycle & estrogen level, cognitive styles & performance, females, 3765

motoric & ideational & sensory expressive styles, further validation of K. Stein & P. Lenrow's types, 4540

paradigmatic & syntagmatic attitudes, linguistic association styles, children & adolescents & young adults, 2078

perceptual differentiation vs. carpenteredness vs. skin pigmentation, Muller-Lyer susceptibility, 10 70 yr. old Temnes vs. Eskimos vs. Aborigines vs. Indigenes vs. Scots, 660

personality & cognitive style, marihuana use, college students, 6667 personality structure & perceptual organization, associative responses, 14 yr. olds, 583

positive vs. negative reactions to specified & unspecified persons & unspecified issue, cognitive balance, 10 vs. 14 vs. 17 vs. 21 vs. 45 vs. 68 yr. olds, 4128

presentation of potential disclosure target as high vs. equal in status & intrusive vs. reflective in interpersonal style, interpersonal trust & self-disclosure, high vs. low self-esteem Ss, 6803

reflection-impulsivity & field dependence-independence cognitive styles & optimistic-pessimistic responses to frustration threat, 6 vs. 8 vs. 10 yr. old boys, 11210

reflection-impulsivity & field dependence-independence cognitive styles & verbal intelligence, moral maturity level, preschoolers vs. school age children, 639

reflection-impulsivity evaluation dimension, quality of initial decoding & recall & hypothesis generation, school age children,

reflection-impulsivity, reading achievement, 2nd graders, 3222 reflectivity-impulsivity, information-processing proficiency, 5th vs. 9th graders, 4190

repression-sensitization, perceptual sensitivity & cognitive style, neurotics, 2774

risk-taking & anxiety, convergent & divergent thinking, 6th graders, 11231

sensorimotor function & cognitive style, normal 14-15 yr. olds vs. male delinquents vs. learning disabled boys, 7180 sex & race & socioeconomic status, conversation participation &

verbal interaction & encoding style in problem communication, adult vs. children dyads, 6809

social & ethnic background & style & competence levels, cognitive functioning & performance, implications for school instruction, middle-class white vs. working-class Puerto Rican preschool children, 1304 subjective organization & massed vs. distributed practice, single trial

free recall of primed vs. unprimed homographs, 1740 successful validation of social experiences, modification of cognitive sturcture, less differentiating persons, 866

SVIB interest scales, measuring J. Holland's 6 cognitive styles, test norms for college students, 11957

thinking style preferences & age & IQ & ethnicity & socioeconomic status & paired associate learning, school learning proficiency, school age children, 1354

worker-client cognitive styles, perception of casework relationship, clients, 9615

#### Cohabitation

heterosexual cohabitation, evolving courtship patterns & personal & marital adjustment, unmarried undergraduates, 7887

sex & marital status, attitudes about sex roles, antiwar demonstrators, 6697

Cohesion (Group) (See Group Cohesion)
Coltus (See Sexual Intercourse (Human))
Coltus (Animal) (See Animal Mating Behavior)
Coltus Interruptus

## Cold Effects

cold pressor test, pupillary dilation & constriction as indices of autonomic dysfunction, remitted schizophrenic, 9444

long exposure to cold water, controlling wet submersible, underwater pilots, 1464

mechanical & thermal stimuli, Type II slowly adapting receptors & field receptors in saphenous nerve response patterns, cats, 10527 ultrasonic distress calls, maternal behavior, rodents, 8752

Colds (Common) (See Common Colds) Colitis (See also Ulcerative Colitis)

#### Coll Ent Exam Bd Scholastic Apt Test

diagnostic & prognostic value, university entrance examination, 1294

## Collaboration (See Cooperation)

Collective Behavior (See also Riots)

Asch situation vs. Strickland-Crowne procedure vs. Marino-Parkin technique, group conformity measure equivalence, 9020

conception of group norms & nature of behavior tested & nature of group conformity to norms, high school & college students & male & female prisoners, 753

group sexual assaults, application of collective behavioral principals & characteristics of single vs. multiple offenders, 4693

multidimensional scaling of 9-point dissimilarity ratings, model for classification of collective behavior, undergraduates, 798

security-seeking, snack bar seating preferences & "looking up" behavior, solitary vs. grouped Ss, 6787 values & cultural climate with compulsion as collective obsessional

#### neurosis & will frustration & conscience, meaninglessness, 967 **College Academic Achievement**

academic & socioeconomic data & extracurricular activities, matriculation & college records, Yale fathers & sons, 3118

academic achievement prediction, physically disabled college students, 9967

Adlerian group counseling, academic performance, marginal commuter college students, 5402

advisees' self-reported satisfaction with & effectiveness of advisors, male vs. female upper vs. basic division elementary education majors, 9885

aspiration & motivation & academic achievement levels, disadvantaged vs. advantaged college students, 7936

authoritarianism, academic achievement, college students, 10104 behavioral objectives vs. ability vs. sex, academic achievement, junior college students, 12050

behavioral vs. insight emphasis, academic achievement, college students, 10023

capsulized mastery vs. traditional teaching strategies, elementary statistics achievement, undergraduate & graduate students, 7747 characteristics associated with completion of doctoral degree vs. withdrawal from graduate school, 9855

class standing & academic major & family income & rural home

environment, risk taking attitudes, undergraduates, 6662 client perceptions of group counselors, academic recovery, probationary college students, 3191

college roommate assignments based on high school grade averages,

academic performance, college students, 7732 comparison level scale for college testing situation & classroom

comparison level choice & achievement motivation & verbal learning & classroom performance & attention, 7983 computer application to college academic success prediction, 11942

computer test scoring & printout reports, academic proficiency & class standing feedback, large undergraduate classes, 9918

concurrent & predictive validity, selected scales of Comparative Guidance & Placement Program as measures of college success prediction, college students, 8207

counseling practicum grade, intellective & nonintellective differ-ences, male master's degree candidates, 7037

educational progress, disadvantaged students, book, 11821 experimental vs. traditional teaching approach, achievement level & personality factors & attitude toward teacher & course, black college teacher education majors, 3344

general & test anxiety & pass-fail vs. other grading, science examination performance, non-science major college students,

ghetto school background & teacher attitudes & academic performance consequences & majority vs. minority cultural patterns, predominantly white college campus experience, black undergraduates, 11891

GPA & self-acceptance & self-actualization scores, prediction of counselor effectiveness, graduate counseling program students, 4594

grade average & educational aspirations, factor analytically derived achievement-orientation dimensions, high school & college students, 7841

graduate career stage & employment & academic success, role relations in school, graduate students, 1265

self-reported views about academic success & failure & parents' occupation & education level & father's presence at home, academic achievement, Negro college students, 12114 sex & grade level, personal value development, commuting vs.

resident freshmen vs. senior college students, 9838 social & specific disabilities, learning disability problems, college

students, 12123 student proctor interaction in personalized instruction, academic

performance, college students, 11894 subjective secondary school personality factor evaluations as predictor of college success, college students, 9850

teaching with low vs. high consideration & initiating structure, academic performance, college students, 5360

traditional lecture techniques vs. self-directed study, educational outcomes, college students, 5426

unlimited class cuts using 2.5 grade average as cut-off point, earned grades of D & F, junior college students, 5312

urban vs. rural background, academic performance, 1st yr. college

year in school & academic achievement & success context, motivation to avoid success, female college students, 6965

College Characteristics Index

College Degrees (See Educational Degrees)

**College Dropouts** 

covert conditioning in behavior treatment, drug-taking behavior, drug-dependent college dropout, 7451 demographic & attitudinal differences, returning vs. nonreturning

black college students, 1281

fear & helplessness & sadness & insecurity & social disorientation & status loss & nonunderstanding of other cultures & adjustment problems, noncompletion of course of study, foreign students at German universities, 9898

personality & demographic factors, withdrawal from college, college freshmen, 5565

personality characteristics, successful & dropout & probationary black & white college students, 3279

personality factors, persistence in religious training or occupations, seminary persisters vs. leavers, 2262

satisfaction, college adjustment, college academic vs. nonacademic dropouts vs. nondropouts, 1370

scholastic aptitude & personality & biographical characteristics, nonreturning vs. returning community college students, 7770

College Environment

"universities without walls" units, enriching higher education, 8016 affective responses to college environment, college students, 3151 anomie & student ecology, suicidal ideation, students in large

university vs. small college setting, 11387

anticipation vs. actual experience, perceptions of university environment, incoming college freshmen vs. upperclassmen, 1311 attitudes toward college extracurricular program, alumni, 5578

campus atmosphere measured by College Characteristics Index & College & University Environmental Scales & Inventory of College Activities & Institutional Functioning Inventory, undergraduate educational experience, college students & faculties, 1369

Clark-Trow college categories, specific personality traits, college freshman, 1385

Clark-Trow college subtypes, attitudes & perceptions of environment & behaviors & perceived attainment of goals, 1319

college environment & conventional vs. innovative undergraduate programs, identity formation & identity orientation, male vs. female college students, 7840

college environment & rigidity vs. flexibility, changes in Omnibus Personality Inventory scores, male vs. female college freshman, 3341

college environment questionnaire & presidential candidate preferences, liberalism-conservatism, college students vs. middleaged Rizzo vs. Longstreth supporters in 1971 Philadelphia mayoralty campaign, 4351

college environment, alienation & satisfaction, students, 5506 college experiences, attitude changes, economically deprived college

students, 1309

college organizational climate & feasibility of student leader input, description & discussion of Organizational Climate Descriptive Questionnaire, Form VII, 5344

community vs. college psychiatry, 4925

geographical mobility & internal-external control, adaptation to

university environment, college students, 11899 ghetto school background & teacher attitudes & academic performance consequences & majority vs. minority cultural patterns, predominantly white college campus experience, black undergraduates, 11891

group psychotherapy & cotherapy styles & orientations & attitudes, therapists in university counseling centers, 1099

increasing black student participation, college mental health services utilization, 7422

individual & perceived group values, conservative private liberal arts college students, 5339

intervention by authority person, students' internal external orientation & satisfaction with school, college students, 11824

intra- & interpersonal conflicts in predominantly white large American universities, black administrators, 1308

parent characterization of children, parent vs. student perception of university life, parents of college students & freshmen vs. upperclassmen, 9864

perceptions of community college environment, directing highschool students to higher education institutions, community college counselors vs. students vs. high-school counselors, 1297 summer collegiate experience, self-actualization, high school

students, 11845

university mental health programs, role in influencing sociocultural environment & responsibility in meeting student needs, 4945

College Major (See Academic Specialization)

College Students (See also Dental Students, Graduate Students, Junior College Students, Medical Students, Post Graduate Students, ROTC Students)

Purpose For Your Life" instrument, self assessment & future planning, secondary & college students, 1274
"warm-cold" impression set, subsequent behavior, college students,

9012

ability & perceived effort-performance & performance-reward contingencies, performance on arithmetic task, college students, 10385

academic achievement prediction, physically disabled college students, 9967

acceptance & impact as cognitive mediators, attitude formation & attitude change, college students, 6700

achievement motivation & anxiety, competition effects on physical performance, physical education majors, 11912 achievement motivation, cheating, college students, 9897

Achiever Personality scale of Opinion Attitude & Interest Survey & 16 PF, introversion & sensitivity & creativity, college freshmen meeting test criteria, 4515

actor's age & evaluation & intensity of actor's behavior outcome & context in which actor causes outcome, attributed responsibility & personality traits, 3rd 4th graders vs. college students, 4377

actual vs. expected achievement valuation, profit sharing in sexually homo- & heterogeneous dyads, university students, 6839

adaptation level theory & anchor theory & peak shift phenomenon, weight discrimination, college students, 8313

additive transformations of payoff matrix & experimental setting, information purchase strategies, college students & gamblers,

additive-multiplication- vs. comparison-stages, simple multiplication response latencies, college students, 8444

adjective check & problem lists, perceived differences between attractive & expert student personnel workers, college students,

Adlerian approach, social interest attitude changes measurement, entering college students, 5413

Adlerian group counseling, academic performance, marginal commuter college students, 5402

advance organizer & film instruction & inductive vs. deductive methods, original learning on concept acquisition task & learning transfer to simulated classroom situation & perceived concept utility in teaching, college students in education course, 7717

advance organizers & search sets, learning written discourse, college students, 9949

affective component of racial stereotypes, attitudes of social distance toward Americans & Chinese & Japanese & Spanish mestizos, Filipino college students, 11037 affective responses to college environment, college students, 3151

affective role enactment under neutral & fear & anger & sorrow conditions, expressive behavior, 9036

affective style validity & reliability, impression formation, college students, 6855

affective visual stimulation, individual differences in heart rate & cephalic pulse amplitude of orienting vs. defensive responses, college students, 6144

affirmative vs. negative & conjunctive vs. disjunctive problems & presentation mode, matrix representation in deductive problem solving, college students, 8462

aftereffect vs. illusion vs. masking, tuning characteristics of feature analyzers in central vs. peripheral vision, college students, 5880 age & sex & task, interpersonal visual behavior in dyads, 4 yr. olds

to college students, 6827 age & sex & therapist title, patients' preference for therapists, college

students, 11319

age & success attained before university entrance & sense of responsibility regarding family & society, mental health, university students, 945

age & syntactic structure, language connectives & disjunctive relationships comprehension & propositional logical thinking, 2nd graders to college students, 6572

- age differences, occupational perceptions, 4th 6th graders vs. high school students vs. college freshmen vs. salesmen vs. employed women, 8804
- age level & word frequency, reading speed, 1st graders to graduate students, 10823
- age, declining sensitivity to brightness contours in Muller-Lyer vs. size reflectance-contrast illusion, 3rd & 6th graders & college students, 10929
- age, localization of spatial targets, 6 10 yr. olds & undergraduates,
- aggression anxiety, retention & learning ability, college males, 5392 alcohol ingestion, empathy & 2nd language pronunciation, college students, 6265
- all-or-none choice behavior model, verbal mediated responding, college students, 8443
- all-or-none vs. decremental learning theory, retention of learned paired-associates, college students, 6054
- alphabetic & word letter strings, verbal control over visual image sequencing, college students, examination of R. J. Weber & J. Castleman's conjecture, 8487
- ambiguity of emergency situation, helping behavior, college students, 9019
- amount of locus of choice motivation in paired-associate learning, college students, 10471
- amount of test data information, efficiency in achievement prediction, college students, 10010
- anecdotes & casual experience vs. scientific evidence, personal belief in occult, undergraduates, 6762
- animal cliches, students in veterinary medicine/animal sciences or husbandry, 6666
- aniseikonic lenses, phenomenological approach to behavior & perceptual experience, college students, 10306
- anomie & student ecology, suicidal ideation, students in large university vs. small college setting, 11387
- anti-Vietnam war film & expectations, attitudes & boomerang effect, 20 25 yr. old college students, 6740
- anticipation vs. actual experience, perceptions of university environment, incoming college freshmen vs. upperclassmen, 1311 anxiety level, perceptual RT, college students, 10362
- anxiety type & item difficulty sequencing, mathematics aptitude test
- performance, college students, 12100 anxiety, learning in negative transfer paradigm in competitive vs. noncompetitive situation, college students, 8457
- aperture size & stripe size & luminance & motion direction, visually
- perceived velocity, psychology students & staff, 5881 arousal & moral development level & childrearing
- emotional responsiveness to others, undergraduates, 9148 arousal value in auditory vigilance task, EEG, college students, 8521 aroused state anxiety, memory organization & immediate recall of words, college students, 6058
- artificial facts, retrieval from long-term memory, college students,
- artistic training, aesthetic preferences for pseudo-random computer-generated patterns, college students, 9134
- ascending vs. descending intervals, pitch acuity in unaccompanied
- solo vocal performance, music school undergraduates, 5833 aspiration & motivation & academic achievement levels, disadvan-
- taged vs. advantaged college students, 7936 assimilation theory, Poggendorff illusion, college students, criticism
- of D. Weintraub & D. Krantz's results, 8321 associate category cues vs. no cues, recognition in facilitation of
- recall, college students, 10402 association level & category membership & cues, free recall &
- clustering, college students, 10459 associatively related vs. unrelated words & free vs. cued recall, independent vs. dependent storage, college students, 6079
- attending behavior training, undergraduate residence hall assistants, 10045
- attention & awareness in continuous verbal test, heart rate,
- therapists & college students, 8565 attention & false heart rate feedback, behavior & physiological responses, college students, replication & extension of S. Valin's study, 10587
- attention, EEG correlates, college students, 8504 attitude agreement, male vs. female friendships, college students, 9112
- attitude conflict & belief importance, GSR & traditional-modern attitude change, Hong Kong Chinese college students, 8907

- attitude scale responses, prediction of social interaction with Africans, South African college students, 6728
- attitude toward campus distribution of birth control pills, female college students, 6707
- attitude toward school desegregation & internal-external control & differential social reinforcement, attitude change, black college students, 6765
- attitudes & values future, college students of present vs. 20 yr. ago, 10984
- attitudes toward & legal vs. illegal drug use, college students & parents, 11025
- attitudes toward action, action prediction, college students, 8997
- attitudes toward college extracurricular program, alumni, 5578 attitudes toward deafness, deaf vs. hearing college students & professionals, 4846
- attitudes toward ingroups & outgroups, liberal vs. conservative college students, 6779
- attitudes toward mental disorders & mental care, implications for medical training, medical & psychology & dental students, 4604
- attitudes toward mental illness, college students & physicians & police & nurses in Great Britain & Czechoslovakia & West Germany, 7217
- attitudes toward rights & roles of women in contemporary society, Attitudes toward Women Scale, male & female college students & their parents, 6764
- attitudes toward student unrest & drugs & marriage & work &
- sexual behavior, college students vs. parents, 2239
  attractiveness judgments of photographs depicting white vs. black
  males vs. females, attitudes toward blacks, white undergraduates,
- audiotape & film therapy education program showing good group therapy behavior, therapy group interaction & member anxiety & member-group attraction, undergraduates, 9778
- audiotaped directed group, perceived problems & rational thinking & self concept & perceived responses of others, college students, 11262
- audiovisual presentation of selected writings & slides & background music, awareness of emotions & feelings, college students, 11833
- audiovisual vs. visual vs. audio vs. still picture presentation of black vs. white expressors, emotion perception, male vs. female white undergraduates, 9038
- auditory stimulus intensity judgments, cortical evoked responses & heart rate & RT, male college students, 8506
- author sex & achievement, work evaluation, male vs. female undergraduates, 8924
- authoritarianism & dogmatism, orientations toward Vietnam War, college students, 6686
- authoritarianism, academic achievement, college students, 10104 autobiographies of college students, teaching & research tool in
- personality development study, 3214 aversive vs. nonaversive quality & contiguous presentation of UCS,
- covert sensitization, college students, 9639 avoidance conditioning & shock, GSR & heart rate, college students, 3820
- awareness of immediate university situation & larger political events, alienation, college students, 11073
- awareness of response alternatives, cloze task performance, college students, implications for search & retrieval paradigm, 10514
- axon length, dissipation of visual & kinesthetic aftereffects, college students & 14 15 yr. olds, 5897
- background color, percentage of correct or incorrect responses in verbal discrimination learning performance, college students,
- background lightness, contrast & assimilation, college students, support for H. Helson's hypotheses of differential stimulation & area-luminance, 5862
- backgrounds & personalities, nonsex typical occupational role
- innovations, senior college women, 9215 balance & agreement & attraction, pleasantness & tension & consistency rating of hypothetical social situations, college students, 9041
- behavioral contracts, reading & study improvement, college students, 3105
- behavioral objectives vs. ability vs. sex, academic achievement, junior college students, 12050
- behavioral vs. insight emphasis, academic achievement, college students, 10023

beliefs about consequences of using birth control pills times evaluation of beliefs, behavioral intention to use birth control pills, female college students, 8934

between-S agreement, strength of oppositional relationship between word pairs, 4462

binary choice reaction task, heart rate variability & analysis of scoring methods, college students, 3815

biographical & career-oriented information questionnaire, values, Thai college students, 9000

biographical & personality & attitude & program variables, initial participation & service duration in campus mental health volunteer hotline program, college students, 3059

biosensory stimulation, semantic processing, college students, 8419 birth order & family size, higher education, Maori vs. European New Zealand college students & Maori trade school trainees, 6691

black identity complex correlates, black high school & college students, 10976

black students at white colleges, book, 10111

black vs. white interviewer, acceptance of interviewer's situation definition, white male undergraduates, 9106

blink vs. vertical eye movement potential ratio, EEG recording artifacts, college students, 6114

blue & black & green & purple & red & orange & yellow letters printed on brown & grey cardboard, legibility & attractiveness, college students, 11164

body postures & eye contacts increasing intimacy of confederate, reciprocal intimate reactions, college students, 6794

breathing amplitude & cycle time & eyeblink rate & latency & finger pulse volume & heart rate & GSR & voice latency, detection of deception, college students, 6120

brief career development counseling, self concept & personal adjustment, college students, 11910

bystander presence, response to demand-without-threat nonemergency situation, college students, 4427

calculating means of momentary span & its standard deviation, determination of parameters of short-term memory, college students, 8354

campus atmosphere measured by College Characteristics Index & College & University Environmental Scales & Inventory of College Activities & Institutional Functioning Inventory, undergraduate educational experience, college students & faculties, 1369

capsulized mastery vs. traditional teaching strategies, elementary statistics achievement, undergraduate & graduate students, 7747 careers & marriage attitudes & life plans, female junior high school

& high school & college students, 7934 categorical & grammatical scoring systems, word association,

college students, 11174 categorical organization in acquisition, recognition latency, college

students, 6023 categories of mnemonic techniques used in paired-associate

learning, college students, 5935 category dominance & instance dominance, categorization time for

words, college students, 10456

category size & preservation vs. disruption of free recall subjective organization & imagery & control group selection & nouns vs. adjectives, free-recall to paired-associate transfer, college students, 10390

Cattell's 16 PF questionnaire norms, Irish male college students, 11237

causality judgments in physical vs. social situations, 4 vs. 7 vs. 11 vs. 15 yr. olds vs. college students, 10841

cautious & risky problems in choice-dilemma paradigm & predictions of others' choices, undergraduates vs. addict prisoners, 9081

cerebral hemisphere integration, visual information processing, college students, 8513

chaining-over vs. nonchaining paradigm groups & anticipation interval, recall & resistance to unlearning of verbal mediating associates, college students, 8376

changes in subdimensions of broad dimension of sense impression, release from proactive inhibition, college students, 8488

characteristics associated with completion of doctoral degree vs. withdrawal from graduate school, 9855

characteristics expected of counselors in university dormitory & counseling center, adjustment level, college students seeking help, child's physical attractiveness & sex & severity & type of transgression, evaluation of transgression & advocated punishment, female college students, 4397

choice & initial attitude salience & counterattitudinal behavior salience, cognitive dissonance vs. self-perception theories, college students, 11129

cigarette smoking & drug use, college students, 4294 Clark-Trow college categories, specific personality traits, college freshman, 1385

class standing & academic major & family income & rural home environment, risk taking attitudes, undergraduates, 6662

classical aversive conditioning with random vs. repeated vs. single CS-UCS pairings, CR extinction, high vs. low anxiety undergraduates, 8435

classically differentiated supplementary feedback cues, psychomotor learning facilitation, college students, 8318

clinical characteristics, late adolescent college underachievers, 3333 closed vs. open environment & videotaped feedback, form & accuracy & latency of classical fencing lunge, right-handed female college students, 5825

cluster analysis, profiles for occupational counseling, college students, 9958

cognitive complexity stability, construing social issues, college students, 6935

cognitive consequences, forced noncompliance, college students, 8372

cognitive determinants of defense behavior, norms & general beliefs & beliefs about self & goals, college students, 9184

cognitive expectancies & preexposure to high vs. low vs. no shock, classical conditioning measured by GSR, college students, 6034

cognitive similarity, proactive & retroactive interference in shortterm memory, college students, 3655

coherent vs. jumbled slides of real-world scenes, speed in searching for objects, college students, 10394

coital experience, love intensity & sexual desire, college students,

college educational background, dogmatic attitudes, police college students, 11070

college environment & conventional vs. innovative undergraduate programs, identity formation & identity orientation, male vs. female college students, 7840

college environment & rigidity vs. flexibility, changes in Omnibus Personality Inventory scores, male vs. female college freshman,

college environment, alienation & satisfaction, students, 5506

college experiences, attitude changes, economically deprived college students, 1309

college students as live-in counselors, 6-12 yr. old emotionally distubed children in state hospital, 5127

combined affective value of color & form, analytical study using Osgood's 3 dominant factors, college students, 6903

commitment & decisioning & pretest information level, attitude change, college students, 10009

commitment in sexual behavior, attitudes towards premarital sexual behavior, college students, 8906

community vs. college psychiatry, 4925

comparative competence-adjustment, social- vs. nonsocial-political activist vs. nonactivist college students, 4264

comparison of memory-drum vs. single channel theories, refractoriness of extended movement to directional change, right-handed male college students, 5915

comparisons of successively presented visual patterns in perception & short-term memory, classification RTs, college students, 6064 compensatory education programs & intelligence differences,

learning deficiencies & meeting university entrance requirements, minority vs. white students, 11954 compliant vs. neutral vs. excusing vs. rejecting replies to correction,

feelings toward frustrating agent, undergraduates, 9039 comprehension levels, processing normal & ambiguous sentences, college students, 6028

computer test scoring & printout reports, academic proficiency & class standing feedback, large undergraduate classes, 9918

concept type & pretraining extent & presentation method, concept attainment, college students, 5391

concepts of educational process, community college faculty vs. students, 11998

concurrent & predictive validity, selected scales of Comparative Guidance & Placement Program as measures of college success prediction, college students, 8207

conditioning, allusive vs. nonallusive thinking college students, 8355 confidence in displays, obedience to rotation-indicating visual displays, application to pilot training & instrument design, college students, 5638

confidence ratings, index of response latency in concept identification, college students, 10412

confidential multiple grade feedback system vs. single-grade system, college students, 9939

configural properties & Gestalt vs. associationism theory predictions, sentence memory, college students, 5921

conformity & information & confidence, willingness to take risk following group discussion, college students, 11119

conformity & underrecall of disagreement & rejection & devaluation of significance, response style to interpersonal disagreement, college students, 4407

confusion of English consonant clusters, lipreading, college students, 11158

congruity of expectations & interviewer personality characteristics & decisions in simulated employment interview setting, college students, 5649

constant level clicks during all-night sleep, averaged electroencephalic response, college students, 10568

constraint redundancy, attribute- & rule-learning in sequential pattern recognition, college students, 10414 construction & validity & reliability, semantic differential for inmate

concerns, inmates & college students, 8197 contemporary issue attitudes, college students vs. parents vs. grandparents, 8805

contingency & cognitive factors, failure to effect long-interval differential Pavlovian conditioning of GSR & digital volumepulse change, college students, 6050

contingency contracting, conditioning efficient study behavior, college students, 3257

continuous high intensity white noise vs. quiet, sleep cycle, college students, 10584

contraception method & use, sexual behavior, never-married undergraduates, 4271

contralateral masking stimulation, pressure adaptation, college students, 10309

conventional vs. 1st person vs. self-instructed prior experience, susceptibility to self-hypnosis, undergraduates, 6987

convergent vs. divergent thinking, test anxiety & curiosity, undergraduates, 8481

correct vs. incorrect vs. correct & incorrect item presentation, verbal discrimination learning, college students, 8441

correlations, occupational scales of Vocational Preference Inventory & basic interest scales of SVIB, female college students, 7757

counselor perceptions of sexual attitudes, female college students,

counselor-client racial differences, anticipation & perception of counselor behavior, black college students, 3087

counselor-initiated group vs. group-initiated group experiences, student adjustment, college freshmen, 9925

counting vs. motor responses to signal vs. nonsignal tone stimuli, heart rate & skin conductance, right-handed male college students, 6111

course description & evaluation of Woman in Crisis" curriculum, current status of women's studies courses & programs, male &

female college students, 12103 critical incident technique in questionnaire form, analysis of factors in motor vehicle accidents & near-accidents, college students & taxi-drivers, 12193

cross cultural differences, initial heterosexual experience, Swedish vs. American college students, 10968

cue utilization patterns, student-faculty evaluation, college students, 12038

cued vs. uncued vs. disparity UCS's, galvanic skin response amplitude & latency & rise time & Edelberg recovery measure, college students, 8541

cultural identification & feelings of discrimination & college major, Asian vs. U.S. born Chinese college students, 4362 cultural-environmental background & scholastic aptitude & biology

course attitude, biology achievement, college students, 5491 cumulative expectancy, alertness & skin resistance, college students,

Czechoslovak version of Kogan-Wallach Choice-Dilemma Ques-

tionnaire, validity, college students & adults, 5747 death awareness, suicide prevention training, college students & police officers, 9228

decay of acoustic proactive facilitation in short-term memory, college students, 5941

deflection of lines forming angle sides, line orientation judgments of Poggendorff illusion, college students, 5848

degree of monolithism in mode of perception of others & minority influences, submission to new norms, college students, 11012

delay following videotape self-confrontation & supportive companion's presence during self-confrontation & sex, self concept, college students, 11260

demographic & attitudinal differences, returning vs. nonreturning black college students, 1281

demographic & social & behavioral & psychological characteristics, usage patterns for marihuana & amphetamines & opium & LSD & barbiturates & cocaine & glue & heroin, college students, 4324 density & specificity of instructional objectives, text intentional &

incidental learning, high school & college students, 7952 descriptive & evaluative & letter grade-descriptive & letter grade-evaluative grading of themes, college students, 11903

development & validation, goal oriented course evaluation system, college students, 7966

development & validation, Japanese version of MPI, college students, 5769

development of professional psychological genealogy for academic advisors, course involvement & teaching value, college students,

developmental differences & word frequency, selection strategies in verbal discrimination learning, 4th grade to college level students,

developmental differences, perceived generation differences in moral-ethical value role-taking, college students, 4124

dichoptic interference, iconic & short-term memory & consolidation, undergraduates, 3698

differences across years & universities, evaluations of moral behavior, college students, 8926

differential relevance of external stimuli, heart rate under food deprivation, 3806

differential self-monitoring & incompatible response availability, modification of nail biting, college students, 11690 differential-reinforcement-of-low-rate schedule of reinforcement,

collateral behavior, college students, 10366 difficulty level & semantic vs. nonsemantic orienting task, recall &

organization of highly associated words, college students, 10438 direct vs. vicarious training group experience, personality changes, college students, 9064

directionality of transitory dominance in jokes & cartoons depicting superior-subordinate relationships, humor appreciation, college

students & professionals & businessmen, 4460 discrepancy between own & other-source opinion & other-source credibility, attitude change, undergraduates, 8961

discrimination learning of pictures vs. words, 4th graders & college students, 4207

display size & number of targets, visual target search time, college students, 8300

dissent of confederates, dissent from role demands of psychological S in experiment, college students, 4403 distance & movement speed, nonvisual aiming accuracy, college

students, 10290

distance between parallels, apparent angle of transversal judgments in Poggendorff illusion, college & graduate students, 5849 distance between related words, semantic relationship identification, undergraduates, 10434

double standard toward American vs. Russian actions, international affairs attitudes, American vs. British college students, 11007

draft lottery vs. laboratory analogue, attitudes toward alternatives & attribution of responsibility for outcomes to policies leading to lottery participation, 19 yr. olds & college students, 4265

drug abuse patterns, white activist & nonwhite militant college students, 4267 drug- vs. nondrug-anticipation, multiple drug use, college student vs.

prisoner vs. ghetto black marihuana smokers, 8927 dual flashes of 1 light & single flashes of paired light at 4 spatial

distances, verbal estimation of time, college students, 5810 E's baseline behavior, operant conditioning of opinion statements,

undergraduates, 10433 early & premarital coitus behavior, anxiety & fantasy, 14 18 yr. olds & college students, 11022

ease of denial, accuracy of perceiving death-related stimuli & adaptation to idea of personal death, college students, 10995

- educational level & program & nurturance & deference & autonomy & dominance levels, undergraduate & graduate students in social work, 5461
- educational level, belief in superstitions, Arab 8th vs. 11th graders vs. college students, Lebanon, 6783
- educational psychology course content preference, teacher education students vs. teachers, 11948
- EEG alpha & beta activity, automatization & vigilance & arithmetic performance, university students, 6096
- ego-involvement & competition & remuneration & placebo as motivational incentives, bicycle ergometer pedalling performance, college students, 5886
- elementary psychology examinations emphasizing productive thinking & originality & Scholastic Aptitude Test scores, college students, 5437
- EMG analysis of MAP patterns used to reproduce muscular tension, college students, 10579
- empirical judgments of adjectives denoting feeling, college students, 6883
- encoding cues, prose learning, college students, 7762
- encounter group sensitivity training, personality traits, undergraduates, 9181
- EPPS, personality needs, Catholic womens' college students vs. normative sample, 3319
- equilibrium & congruence models including structural balance schema, multirelational social structure representation, undergraduates & grammar-school students, 11065
- error model, multiple choice tests, college students, 10238
- error- vs. correct-response feedback, 2-choice figural discrimination acquisition, college students, 6051
- ethnicity of occupational status incumbent & nature of occupation, perception of gilding in occupational statuses, female college students, 7818
- ethnocentrism, social distance, college students & nurses, 6811
- expectation of future interaction & choice of less desirable alternatives, conformity in ongoing social interaction, college students, 6828
- expectations & possibilities, campus minority students, 11818
- expectations for student vs. professional performance, recorded muscial performance evaluation, music & nonmusic major undergraduates, 6888
- expectations of corporate life, college students, implications for management recruiting, book, 10184
- experiential awareness, psychotherapeutic approach to psychological crisis, college students, 11668
- experimental vs. traditional teaching approach, achievement level & personality factors & attitude toward teacher & course, black college teacher education majors, 3344
- experimentally induced anxiety, human figures drawing proportionality, male undergraduates, 9151
- exposure duration & luminance & frame tilt & frame-rod interval, verticality judgments, field dependent vs. independent college students, 10304
- exposure duration, magnitude estimates of smiles, college students, 11128
- exposure to audiotape or videotape production demonstrating expression specificity, expression concreteness, 1st yr. education student counselees, 8020
- exposure to President Nixon's Vietnam speech, pre- & postspeech war attitudes, undergraduates, 6703
- exposure vs. familiarity, stimulus preference, college students, 10415 extraretinal feedback effects & testing before & during & after saccades, visual localization, college & graduate students, 5875
- extraversion & neuroticism personality measures, movement behavior during difficult problem-solving tasks, male vs. female college students, 11267
- extreme combinations of energizing & disruptive drive on Serial Reaction Time Test & Eysenck Personality Inventory, noncompetitive & competitive paired-associate learning performance stages, college students, 6082
- extreme group members, risky shift in choice dilemma problems, college students, 6844
- extroversion & neuroticism & sex & time of day & tonic & phasic electrodermal activity & tonic occipital EEG, auditory vigilance task performance, college & graduate students, 5835
- extroversion, perceptual aftereffect from tachistoscopic presentation, college students, 8267

- eye contact & social approach behaviors during interviews, inkblot test human movement response, male psychiatric patients vs. undergraduates, 9393
- Eysenck Personality Inventory Extroversion & Neuroticism scales, item factor analysis, college students, 9175
- facial & contextual cue combinations, judgment of emotion, college students, 9108
- facilitation vs. frustration & attitude similarity & race, interpersonal attraction, college students, 6822
- factor analysis methodology, individual differences in conditioned cardiac responses, college students, 6205
- factor analysis of religious measures, dimensionality of religion, college students, 6777
- factor analysis, selected markers for objective personality factors, college students, replication of Cattell's Universal Index, 9176
- factor analysis, somatic perception questionnaire about physical symptoms & strength of reaction, college students, 7209
- factor structure & imagined contexts, connotative meaning of social interaction concepts, college students, 9082
- faint afterimages of geometric or symbolic figures, ability to visualize & control images, college students, 10484
- family role, inadequacy & impotence feelings, students flunking out of college, 5423
- family structure & dominance, achievement motivation, American vs. Iranian college students, 8917
- favor & dependency of reinforcing agent, verbal operant conditioning, college students, 8405
- fear & helplessness & sadness & insecurity & social disorientation & status loss & nonunderstanding of other cultures & adjustment problems, noncompletion of course of study, foreign students at German universities, 9898
- fear vs. embarrassment stress & presence of friendly vs. neutral person, affiliative behavior & physiological stress, 1st vs. later born college students, 4388
- feedback of information about values & attitudes of self & others, long-term cognitive & behavioral change, college students, 6747
- feedback vs. practice, judgment of others' social attitudes, undergraduates, 9005
- feedback, congruency vs. positive effects in reaction to personal evaluation, college students, 9032
- female sex-role stereotypy, trust measured by cooperation & competition, female college students, 4392
- field dependence-independence, venous blood pressure in forearms during rest & white noise & emotional words & mental arithmetic, male college students, 6194
- figural creativity, predicting grades, college students, 10073 figure homogeneity & completeness & roundedness, repetitious syllable assignment, undergraduates, 6886
- fixed vs. variable interstimulus interval, RT & heart rate, male undergraduates, 8297
- fixed-interval reinforcement, palmar skin potential response characteristics, college students, 6191
- Flash Lab teaching methods, representation accuracy & looking & drawing behavior, college students in beginning drawing class,
- flexibility & speed of closure & associational fluency & verbal comprehension, cloze performance, college students, 6035
- fluency & verbal ability & extroversion & neuroticism, wordassociation commonality, college students, 5992
- food deprivation, salivation to lists containing food & nonfood words, college students, 6067
- food preference & hunger, eating behavior, male undergraduates, 8401
- formal learning of personality concepts vs. discovery of concepts based on experience, teaching psychology classes, college students, 10026
- format modification in confirmation procedures, program learning & retention of programmed materials, undergraduates, 3215
- forward & backward masking by random noise, visual recognition of Japanese Kata-Kana letters, Japanese undergraduates, 3600
- forward vs. backward associations in paired associate learning, college students, 8393
- foward vs. backward masking in tachistoscopic presentations, recall, college students, 6024
- Fowler-Parmenter Self-Scoring Interest Record & Thurstone Interest Schedule, vocational interests, college students, 5316
- free associational vs. judgmental selection vs. random selection methods of compiling lists of semantically unrelated words, free recall, college students, 5919

free choice vs. fixed postfeedback interval, response latency in

concept identification, college students, 10458 frequency & severity of suicidal thought, college students, 2598

frequency of stimulus, naming category members for nouns & adjectives, college students, support for noun categories organization of semantic memory store, 6016

frustrative nonreward & task complexity, performance errors & learning, college students, 6013

games & desensitization & discovery experiences & instruction, mathematics attitude, undergraduates, 5290

general college counselor sex & topics discussed, willingness to make & keep appointments, male vs. female undergraduates, 9858 general consistency mechanism repeated use, sequential information processing, college students, 5981

generality between forward & backward & left & right directions, RT & movement time of dominant hand & total body under

choice stimulus conditions, college students, 8309 genuineness in group interaction, personality characteristics, college students, 6875

geographical mobility & internal-external control, adaptation to university environment, college students, 11899

geometrical disparity & number of trials, stereopsis & depth perception response latency, undergraduates & staff members, 5838

ghetto school background & teacher attitudes & academic performance consequences & majority vs. minority cultural patterns, predominantly white college campus experience, black undergraduates, 11891

global vs. step-by-step learning, teaching strategies used to teach back, college students, 10019

goal & stressful tasks & personality traits, time perception, college students & psychiatric patients & introverted vs. extroverted normal Ss, 5819

grade average & educational aspirations, factor analytically derived achievement-orientation dimensions, high school & college students, 7841

group coaction & anxiety level, paired-associate learning & activation, male undergraduates, criticism of R. Zajone's socialfacilitation theory, 9102

group counseling & behavior therapy, academic achievement, testanxious college students, 7902

group encounter & counseling & study skills instruction, academic performance & self-attitudes, underachieving college students, 10077

group implosive therapy, test anxiety reduction, college students,

group influence, conformity to confederates' judgments in weight determination task, college students, 6848

group leader confrontation behavior, group counseling for academic improvement, college students, 3195

group participation, self concept change, college students, 11097

group pressures & individual characteristics, conformity behavior prediction, college students, 6847

group systematic desensitization & initial test anxiety level, test anxiety & academic achievement, scholastic probation college students, 3347

group systematic desensitization vs. test wiseness training, reducing

test anxiety, college students, 11675 group vs. individual gambling, strategy differences, college students, use of P. Slovic & S. Lichtenstein's duplex bet paradigm, 11101 grouped vs. ungrouped words & position in list, free recall, college

students, 8391 groupings from autobiographical data dealing with life histories &

panoramas & families & family members & marriage & divorce & death & friendships & college & school & military experiences & racial factors & drug use, experiences contributing to maturity,

college students, 574
GSR during drawing human figure & visual imagery, assessing psychosexual conflict, college students, 6913

guizzes & discussion of impending quizzes & attendance credit, university lecture attendance, undergraduates, 1324

heterosexual cohabitation, evolving courtship patterns & personal & marital adjustment, unmarried undergraduates, 7887 hierarchical stimulus & preference structures, free vs. restricted

classification of 1-dimensional stimuli, college students, 5991 high & low subvocalization effort ratings for CVCs, serial learning of CVCs composed of high & low meaningfulness values, college students, 6004

high school origin & sex & curriculum & interruption variables, GPA prediction, college students, 10086

high vs. low competence & pratfall vs. no pratfall & sex, interpersonal attraction & judgment of others, undergraduates,

high vs. low conflict & unknown vs. known decision consequences, free choice behavior, college students, application of D. Bem's self-perception hypothesis & interpersonal simulation technique to J. Jecker's conflict experiment, 6878

high vs. low draft lottery position, externality, male undergraduates, criticism of L. A. McArthur's findings, 9179

high vs. low probability of reward occurrence, time estimation, internal vs. external gratification delay vs. nondelay undergraduates, 8476

high vs. low risk taking scores & locus of control, risky choice shift, undergraduates from India, 9209

high vs. low situational demand & justification, role playing & attitude change toward police after campus riot, 2247

high vs. medium vs. low interstimulus similarity, study time in selfpaced paired-associate learning, university students, 10452 high- & low-approval motivation, self-estimates of academic

performance, college students, 5527 high- vs. low-implied movement, response latencies in autokinetic movement task, college students, 10296

high-priority events inserted in lists of common words, recognition of adjacent items, college students, 8461

high-speed memory scanning, recognition memory performance, college students, use of S. Sternberg's task, 8469

highly preferred vs. low priority interpersonal reinforcer, agreeing to help another person, undergraduates, 9048

highway safety scare film, motor performance & mood, male vs. female college students, 12161

Hindi version of Maudsley Personality Inventory adaptation, neuroticism & extroversion, Indian college students suspected vs. not suspected of cheating, 6996 Holland's Self-Directed Search for Educational & Vocational

Planning, satisfied vs. dissatisfied users, college freshmen, 3132

homonyms & synonyms, retrieval cues in free recall memory, high school & college students, 8420

human valuation continuity, college students, 11023 humor, induced anxiety reduction, black vs. white male undergradu-

ates, 3730

hypothesis-testing strategies, concept identification response latency, college students, 8383 ideal date preferences & 16 PF & Motivational Analysis Test

characteristics & S's scores, date success & interpersonal characteristics & 55 scores, untersuccess & interpretable attraction, undergraduate & graduate students, 6798 identifying & classifying vs. viewing & naming concepts, mediation of perceptual sets, 4 & 5 yr. olds & college students, 10930

identity & spatial position information, visual & verbal codes, college students, 10318

identity status, regression in service of ego, college students, 4493

illusion measurement technique, parametric variations of Muller-Lyer & Ebbinghaus figures, college students, 3556 illusory correlates, subjective homosexuality judgments, college students, extension of L. Chapman & J. Chapman's findings, 8925 imagery codes, human information retrieval from short-term

recognition memory, college students, 8464

imagined vs. real aversive stimulation, role playing & deception in social psychology experiments, college students, 11122 improvisation & role-taking skill, role playing induced attitude change, college students, use of A. Elms's & E. Lee-Teng's & T. Sarbin & D. Jones's & V. Cline's measure of predictive accuracy, 9060

In Vivo Accelerated Massed Desensitization, speech making anxiety, male undergraduates, 9750

incidence of psychiatric symptoms & contact with psychiatric services, marihuana usage, college students, 11671

increasing black student participation, college mental health services utilization, 7422 individual & group feedback, group participation & structure

changes, college students, 9096 individual & perceived group values, conservative private liberal arts college students, 5339

individual item rehearsal, short-term memory, college students, 8430

individual risk-taking behavior & group size & confederate position, group decision making, undergraduates, 6838 individual vs. group exposure & structured vs. unstructured questionnaire & personal characteristics, labelling of pictures &

reading as obscene & pornographic, conservative college students,

individuals' initial ability level, individual vs. tetradic complementary task performance, college students, 6826

induced anxiety, cardiac rate & state trait measures of anxiety, high & middle & low trait-anxious college students, significance for behavior therapy research, 9658

induced sets of high vs. low expertness during vocational counseling, interview evaluation, college students, 11923

induction of threat to self-esteem, arousal & resolution of affect, college students, 6976

information amounts & categories, person perception accuracy, undergraduates, 6849

information feedback & knowledge of results, paired associate learning, college students, 8451

information feedback & learner control & cognitive ability, state anxiety & C.A.I. task performance, female college students, 11929 information vs. cooperation vs. information-cooperation preexperimental instructions, awareness in verbal conditioning, college students, 3755

ingratiating vs. noningratiating situations, evaluation of person who uses another's name, college students, 6825

initial similarity, interpersonal attraction, undergraduates & courting couples, criticism of W. Griffitt & D. Byrne's reinforcement paradigm, 9055

institutional innovation problem & search for effective techniques in treating chronic mental patients & finding meaningful roles for college students, book, 11726

instructional methods using manipulative & pictorial vs. symbolic approach in basic probability & statistics course, cognitive & affective variables, college students, 9832

instructional pace, classroom attentiveness, college students, 9914 instructional strategies derived from theoretical analysis of learning process vs. procedure with S making own decisions, learning of 2nd-language vocabulary, college students, 5922

instructions & luminance & interstimulus interval & u-shaped metacontrast functions, detection, college students, 8274

instructions & temporal & spatial organizational cues & age, shortterm memory, kindergartners & 1st & 4th graders & college students, 10881

instructions & test anxiety, digit symbol performance, college students, 12165

instructions & test anxiety, digit symbol performance, college students, 12010

instructions regarding future testing date, verbal & motor memory, college students, 10381

instructions regarding rehearsal & presentation rates & critical item exposure duration, anterograde vs. retrograde amnesia in shortterm memory, college students, 8375

instructions to fake & test cues & prior information about test in course, achievement motivation on Thematic Apperception Test & Arnold's Story Sequence Analysis, college students, 12127

instructions to imagine symmetrical dot pattern as vertical vs. horizontal grating, detection of vertical grating in same visual field as dot pattern, college students, 10350

instructions to reproduce earlier associates vs. instructions to give 1st occurring associates, probability of repeating associates, college students, 10443

instructions to use formula vs. graphic strategies, learning speed in binary task, fast vs. slow learning college students, 10475

instructions to use formula vs. graphic strategies, learning speed on binary task & subjective stress, fast vs. slow learning college students, replication & extension of A. Neufeldt's study, 10474

integrated & cognitive complexity & extreme response style & construct integration, college drug users vs. nonusers, 2447 intellectual ability, nonverbal problem solving, college students,

intelligence & creativity & critical thinking, selection of college major, college students, 7741

intelligence & personality & interests & self concept & attitudes toward university, women student leaders during 1958 vs. 1970,

intelligence & practice, time estimation, college students, 8323 interaction of S characteristics & behavioral phenomenon studied,

nonreplication of results of reinforcement effects on participation in group discussion, college students vs. nonstudent volunteers,

interactive dynamics, social desirability motivation & positive & negative reinforcement contingencies & public vs. private vs. no acknowledgement of performance in test-taking situation, college students, 9069

interethnic-group comparisons & attitudes, task performance in homo vs. heterocultural setting, Flemish college students, 8943 interlist similarity of stimuli &/or responses, paired associate

learning transfer, college students, 8478

internal-external control & authoritarianism, interpersonal trust & self-esteem & social desirability, concern about overpopulation & intention to limit family size, nursing & college students, 6676

interpersonal comparisons of outcomes under free responding, mutual positive outcomes in dyads, college students, 11117 interpersonal loss & depressive moods, common cold susceptibility,

undergraduates, 9401

Interpersonal Check List & research instrument of Validity Scales of MMPI & Interpersonal Check List, self-rating of self concept on Interpersonal Check List, college students, 3194

Interpersonal Check List & Jourard's Self-Disclosure Scale, selfdescribed personality & sex differences, college students, 9149 interpolated activity, interference effects on motor short-term

memory, college students, 6047

interpolated task difficulty & similarity & activity & kinesthetic & visual + kinesthetic cues, short-term motor memory, college students, 8299

interstimulus interval & time estimation, signaled & unsignaled

shock aversiveness, college students, 8472 interstimulus interval, time estimation processes in classical

conditioning, college students, 8475 intervention by authority person, students' internal external orientation & satisfaction with school, college students, 11824

interview with vs. without brief videotape self-confrontation, affect & self-description & self-evaluation of performance, high vs. low self-satisfaction college students, 6959

interviewer's demand characteristics & expectations & question length, Matarazzo effect in answers, undergraduates, 9098

interviewers' preformed attitudes, personnel recruitment objectivity, graduating college students, 12182

intrinsic vs. concurrent vs. individual terminal vs. group terminal feedback, fine & gross motor skill learning, college students, 5888 introversion & extroversion, motion sickness, college students, 9220 introversion vs. extroversion, preferences for abstract art forms, college students & adults, 6960

introversion-extroversion & neuroticism, self-reported fears, female undergraduates, 6938

IQ & personality traits & demographic characteristics & parentchild relations, dogmatism, college students, 6936

irrelevant information & presentation irregularity, rehearsal in sequential short-term memory, college students, 5998 irrelevant information & processing mode, speeded visual discrimi-

nation, college students, 8399 isolated syllables & background list meaningfulness & isolated syllables number, serial learning, college students, 5997

item recency & visual vs. auditory presentation, modality effect in free recall, college students, 6078

Kahn Test of Symbol Arrangement, validity as predictor of college academic achievement, 11826

Keller vs. traditional method involving frequent lectures & occasional examinations, course attitudes & performance, college students, 10003

kinesthetic aftereffects procedure, measuring strength of nervous system, college students, 6185

knowledge & provisions & attitudes at universities to meet psychosocial & educational-vocational guidance needs of homosexual students, deans of students & directors of counseling & male homosexual college students, 3106

knowledge of contingency & response-contingent neutral stimuli, normal speech disfluency, college students, 11766

large vs. small course section & pass-fail grading & tutorials vs. written assignments vs. group discussion, weekly test performance & effectiveness & enjoyability ratings, psychology students, 5581 laterally presented pictures, visual & verbal coding, college students,

law & order stage & political activism, level of moral development & moral behavior & need for structure, undergraduates, 4517

leader personality type, change in T-groups, college students, 9094 leadership style moderated by group development stage, small decision making group effectiveness, college students, 4450 leadership training in posing problems & sharing information, increasing innovation in group change situations, college students, 4211

Learning Reinforcer instrument using operant conditioning principles, flexible reading behavior development, college students, 5341

length of performance on simple cognitive task, body contact with confederate & sex of confederate, male & female college students, 8436

letter recognition learning, hemispheric dominance & free recall, college students, 6055

letters vs. digits & interstimulus interval & storage instructions, bisensory recall & recognition memory, college students, 8386 level of construct intercorrelation, level of anomia, non-freshmen

college students, 9913

level of training in behavioral objectives & possession of objectives, attitudes toward & use of objectives in learning task, college students, 12019

life changes & reporting style & geographical & socioeconomic characteristics, college students with vs. without infectious mononucleosis, 4901

life history factors & sex differences, creative abilities, potential teachers, 11927

life stress, mental health, college students, 11335

light vs. tone masking & central processing, auditory recognition, college students, 10339

line orientation, binocular vs. monocular afterimages, college students, 8344

linguistic rule conformity, free recall, 1st & 5th graders & college students, 10911

listening comprehension test, identifying college potential, disadvantaged junior high school boys, 7823

lists containing related words in middle vs. at end vs. unrelated words, free recall, college students, 5973

locus of control & achievement, participation in structured & unstructured introductory psychology courses, college students,

locus of control & chance-skill instructions & social reinforcement, success expectancies & confidence shifts, undergraduate females, 7007

locus of control & interpersonal trust, academic achievement, college students, 7894

locus of control, free recall category clustering, college students,

logical vs. mnemonic learning strategy, course & test & laboratory & term-paper performance, college students, 7820

low vs. high subordinate competence & task complexity, perception of leadership consideration & initiating structure, undergraduates, 11076

Luscher Color Test & IPAT Anxiety Scale Questionnaire, instinctive psychological responses to color & anxiety score validity, undergraduates, 1517

magnitudes estimation vs. rating scales, internal & external consistency of weight measurements, college students, 8260

manifest anxiety level, visual exploration time, undergraduates, 6983 marathon vs. traditional encounter participation, self concept & self-disclosure & interpersonal relationships, college students, 10054

marihuana & mescaline & LSD & psilocybin, hypnotic susceptiblity, college students, 10690

marihuana vs. LSD usage attitudes, female undergraduates, 4328

marihuana, sexual activity, college students, 8916 marital status & partner self-disclosure level, self disclosing behavior

& intimacy, female college students & married women, 6852 marker vs. no marker in library study space & personal vs. nonpersonal marker in pub, territorial rights, college students & pub patrons, 9043

masking noise, disfluency frequency, nonstuttering college students,

masking stimulus duration & dark interval, detection thresholds for disk of light, college & high school students, 8292

masturbation & sexual intercourse frequency, self-esteem, undergraduates, 6688

Mathematics Anxiety Rating Scale, normative & reliability & validity data, college students, 5788

Maudsley Personality Inventory vs. verbal description of perceived self, college students, 6918 meaningful & pronounceable & random chunking units, acquisition

& retention, college students, 8429 measurable discovery process variables in problem formulation, creativity in final product, college art students, 6945 measurement techniques & validity & reliability, empathy, undergraduates, 9168

measuring cognitive complexity & affective values of literary stimuli, college students, 10448

measuring instrument development, attitudes toward obesity, college students, 10947

mechanical stimulation of contralateral middle finger pad, electrical activity of bony orbits & frontal cranium during signal-averaging of somatosensory evoked responses of conventional scalp site, college students, 6200

memory load, RT, college students, 5954
memory search for CRC & CCC trigrams, college students, 5942
menstrual cycle & oral contraception, intellectual performance,

female college students, 3830

mental &/or physical practice, learning & retention & bilateral transfer of motor skill, female college students, 5837

messages based on operationalizations of knowledge & social adjustment & values, attitude change toward socialized medicine, self-rated liberal vs. conservative undergraduates, 8985

mixed vs. coed vs. single-sex dorms, personality & social life & sex attitudes & behavior, college students, 7922

MMPI & Personality Research Form, person test-retest reliability, undergraduates, 9192

MMPI & sociodemographic questionnaire, emotional stability, college student drug users, 4350

mnemonic vs. repetitive method, recall & recognition of vocabulary word learning, college students, 12002

model-reinforcement counseling, choice of college major & vocational decision making, male college students, 3340

modeling & model-O similarity on social activism measure, imitation & generalization of aggressive verbal behavior, 9031 modernization, 1st drawn picture on Draw-A-Person test, Saudi

college students, 11241 modified Muller-Lyer illusion, length & width judgment, college

students, 5826 modified Panzarella cognitive preference test, predicting major

fields of study, college students, 3237 monetary reinforcement & interstimulus intervals, recognition of musical stimuli recurring in context, college students majoring in music & high school students at music camp, 8281

monochrome vs. lithographic photograph positives vs. negatives, recognition of familiar faces, college students, 8320

monotic vs. dichotically alternating clicks & number of clicks & repetition rates, interaural attention shifting, college students,

moral development level, social attitudes & attitude change, adults & college students, 10943

moral judgment & education level, prediction of maladaptive aggression in experimental social conflict, 18-30 yr. old male psychiatric patients vs. undergraduates, 9274

motivational approach to developmental reading program, academic achievement, college fraternity & sorority pledges, 9993 motives & values & attitudes & intelligence & sociological background, participation in student activist movements, college students, 6682

movement velocity & movement time, preprogramming in simple

movement, college students, 8331 moving speed, perceived size of moving figures, college students, 5903

multidimensional evaluation structure analysis, change resulting from encounter group interaction, college students & professional counselors, 11084

Multiple Affect Adjective Check List, anxiety & depression & hostility, college students & psychiatric outpatients, 1537

multiple discriminant analysis of Personal Orientation Inventory & Tennessee Self Concept Scale & Differential Value Profile & Mehrabian Achievement Scales & personal data questionnaire, identification of variables discriminating between groups differing

in self-actualization level, freshman college students, 8026 muscle relaxation training, state & trait anxiety, introverted vs.

extroverted female college students, 5228
muscle relaxation vs. muscle tension training vs. no treatment spontaneous remission control & high vs. low initial skeletal muscle levels, analog systematic desensitization, snake-phobic college students, 9536

Myers-Briggs Type Indicator scores, Negro vs. Caucasian under-graduates, 6968

name vs. physical similarity, tachistoscopic letter recognition, undergraduates, 8404

narrative symbolism as learning method, vocabulary skills acquisition, college students, 9940

nature of transconsonantal vowel, terminal formant frequency transition values, college students, exploration of S. Ohman's findings on perceptual correlates, 11167

need approval & uncertainty anxiety & client role induction exercises, expectancies of interview behavior with psychologist, college students, 7775

need for achievement & fear of failure, coercive achievement motivation, male vs. female college students, 6946

need for achievement & locus of control, performance & level of aspirations & self-ratings following success or failure, college students, 6937

need for approval, autonomy patterns, high academic achieving female college students, 3301

need for power, career preferences, college juniors & seniors, 8079 neuroticism vs. stability & extraversion vs. introversion, pupillary response, undergraduates, 8501

neutral vs. distraction vs. direct-suggestion pain tolerance instructions & group pressure, pain tolerance, male vs. female college students, 6864

noise & response complexity, visual vigilance performance, college students, 10300

nominalizations vs. transformation & stated vs. unstated subjects, reading comprehension, college students, 9844

noncognitive personality differences, successful vs. unsuccessful college graduates vs. nongraduates, 9872

nonsense syllables paired with pleasant vs. indifferent pictures,

paired-associate learning, college students, 10503 norms & cohesion as adaptive responses, coping with potential conflict in Prisoners' Dilemma-like situations, college students, 6791

novel figures presentation, associative response norms & type-token ratios & uncertainties, undergraduates, 5953

numbered vs. unnumbered lists of CVC trigrams of midrange meaningfulness, serial list learning, college students, 10454 objection-reducing instructions, MMPI & Personality Research

Form profiles, undergraduates, 6939

objective vs. subjective criteria, validity of subjective student evaluation of teachers, college students, 7945

observation studies, value in increasing proficiency in interpreting adolescent behavior, undergraduates in adolescent psychology course, 3261

obsessional & hysteroid traits & academic specialization, cause and effect thinking & perceived determinism & internal locus of control & intentionality & salience of actions, female college students, 6990

Omnibus Personality Inventory non-authoritarian scales, satisfaction with academic advising, college students, 9991

operant vs. classical conditioning, task performance, high facilitating vs. high debilitating anxiety undergraduates, 8454

opponent's concession rate & information about opponent's payoff schedule, bargaining behavior, college students, 9078

originality vs. neutral instructions, fluency & originality on Unusual Uses Test, architecture students, 6947

orthographic & acoustic & associative memory attributes & age, recognition, 1st & 3rd graders & college students, 6496 outcome severity & situational ambiguity & internal-external

control, responsibility attribution, college students, 4437 paced vs. unpaced decision-time & rare vs. common verbal material,

recognition memory, college students, 5974 pair-specific effects, retroactive inhibition, college students, 5958

parent characterization of children, parent vs. student perception of university life, parents of college students & freshmen vs. upperclassmen, 9864

parental education & occupational status, political & social values & political protest activity, college freshmen, 8921

parental educational level & average family income, black freshmen attending predominantly black colleges, 1967 1969, 5553
part-whole list transfer, free recall, college students, replication of E.

Tulving's work, 8400 partial reinforcement & instructional set, discrimination condition-

ing of eyelid response, college students, 10509

partial vs. continuous reinforcement with similar attitudes, acquisition & extinction, college students, 10451
pattern masking of unfamiliar & nameless shapes, short-term visual memory, college students, alternative to G. Sperling's model, 10242

perceived choice in selecting scenes, process & outcome data using systematic desensitization, college students with fear of snakes,

perceived effort-performance & performance-reward contingencies,

task performance, college students, 3640
perceived empathy & timing of interviewer responses, anxiety
during interview, college students, 11111
perceived motivation & role variations & stimulus person's

perceived trustworthiness, attribution of personal characteristics, college students, 6836

perceived opponent aggressiveness, aggressive behavior, male undergraduates, 9070

perception of power situation, risk taking, validity of game board to measure risk-taking behavior, college students, 6841

perception of simulated other's strategy, cooperation & reciproca-tion in Prisoner's Delemma game, college students, 6866

perceptions of community college environment, directing highschool students to higher education institutions, community college counselors vs. students vs. high-school counselors, 1297

perceptions of each other, construction workers & college students,

perceptions of large midwestern university, generation gap, college students vs. parents, 1365

perceptions of male models of femininity, female career choice, female college students, 1419

perceptions of role of university counseling center, clients, 7815 perceptual speed & billboard layout, advertisement recognition &

recall, college students, 10142

performance evaluation rating scale size, information required & accuracy, college students, 12133
peripheral cue relevance of location-specific stimuli under aroused

states, perceptual field narrowing, college students, 10354 personal & system control dimensions of internal-external locus of control, level & confidence of academic aspirations & social protest behaviors & attitudes toward political protest, college students, 6775

personal problems accompanying vocational development & college graduation, junior vs. senior college students, 7859

personal responsibility-for-consequences, attitude change, college students, integration & extension of forced compliance literature, 11055

personality & cognitive style, marihuana use, college students, 6667 personality characteristics & family background & anxiety, discrepancy between academic aptitude & achievement, college students, 11968

personality characteristics, college students with history of suicide vs. other student groups, 7168

personality characteristics, persons' group goals & technique preference in growth oriented human relations training, college students, 6785

personality characteristics, selection vs. nonselection of sensitivity training & training outcomes, college students, 7817
personality characteristics, successful & dropout & probationary

black & white college students, 3279

personality characteristics, users vs. nonusers of university counseling center, college students, 3155
personality differences, feminists vs. female undergraduates vs.

noninstitutionalized vs. institutionalized elderly women, 6941 personality factors, altruism, college students & philanthropists,

personality integration, cognitive differentiation & cognitive integration & information yield on classification task, college students, 4542

personality needs & college satisfaction, students, 5381 personality rigidity, incidental learning, college students, 8353

personality traits & kinesthetic augmentation & reduction, college female athletes vs. nonathletes, 3124

personality traits & self-evaluation, creative performance, college students, 11249

personality traits, participation in outdoor recreational activities, college students, 11224

personality traits, perceived product symbolism as indicator of

consumption patterns, college students, 11239 personality types as classified by J. Holland, vocational counseling

outcomes, college student clients, 1384
personality variables, consistent & inconsistent & undecided career

preferences, college freshmen, 8013
personality variables, football performance, high school & college football players, 7958

phonetic pretraining with sound in initial vs. final position vs. no pretraining, pronunciation of foreign sound & positive positional transference, college students, 5987

phonetic vs. imaginal word features, processing low imagery abstract vs. high imagery words, college students, 10473

phonological permissibility, paired-associate learning of phonemic CCVCs, college students, 6060

physical appearance, social responsiveness, college students, 6789 physical distance vs. like vs. opposite sex counselor, counselor-client

interaction & counseling effectiveness, college students, 3220 physical proximity & self-disclosure & immediacy & maternal vs. paternal influences, rational vs. emotional trust, male undergraduates, 9059

physiological feedback with bogus pipeline paradigm, racial attitude & stereotype change, college students, 11008

pictorial meaningfulness & picture detail & presentation mode, pictorial recognition learning, college students, 8385

picture vs. word manipulations & relevant value relatedness, rulelearning problems, college students, 5928

Piles' stages & unipolar vs. bipolar vs. number theme grading, reliability & level of grades awarded to themes, college student graders, 9903

plural atmospheres, verbs used to complete sentences, college students, 6901

Poggendorf illusion measurements, normal vs. mentally retarded children vs. college students, 7216

political ideology & interpersonal values & participation in demonstrations, attitudes toward social change & use of force & militarism & racial identification & drug use, male college students from U.S.A. & Canada & Netherlands & Denmark & Sweden & Finland, 684

Ponzo illusion, Ugandan college students vs. villagers, 8304

positive & negative feedback sequence manipulation, feedback acceptance & group attractiveness, college students, 11125

positive social reinforcement, delinquency & subtype delinquent behavior, delinquents vs. college students, test of Patterson's etiological model, 11628

positive vs. negative general feelings, class standing, undergraduates,

positive vs. negative vs. neutral emotional content mnemonic aids, paired-associate learning retention, college students, 8455

postural training, self concept, female college students, 11253 potential for black retaliation & white aggressive behavior, white rewarding behavior, black & white college students, 8910

poverty & ghetto backgrounds, social work & mental health services, college students, 9508

poverty background, childhood characteristics of black college graduates, IQ scores in 2nd & 6th & 8th grade, black college graduates, 10866

practice in tracking & aiming task, hand movement towards target, female college student, 10289

practice with controlled stimulus pairs, same-different judgment RTs, college students, implications for human information processing theory, 5914

pre- & post-parasleep recordings of skin potential level & response, college students, 6172

preadolescent development, predicting career preference, under-graduate education & law & medicine & engineering & business majors, 1410

precollege experience & biographical data, college leadership role development, male groups, 5318

prediction-stimulus interval, memory & choice reaction time, college students, 8390

predictive validity compared to GPAs, Career Planning Profile vs. Comparative Guidance & Placement Program vs. Differential Aptitude Test vs. American College Test, community college students, 8002

predictive value of perceptual reactance, self-image discrepancies, college & graduate students vs. prisoners, 11452

predictor of law school success & possible cultural bias, Law School Admission Test, minority students, 11868

prednisone, REM & stage II sleep & eye movement & waking time, 18 22 yr. old college students, 6261

preference for signaled vs. unsignaled unmodifiable rewarding outcomes, college students, 8388

premarital sexual experiences & sexual standards & religiosity & political attitudes & reactions to erotic movie, high vs. low sexguilt & male vs. female college students, 8952

prenegotiation experience & cohesiveness & evaluation potential, conflict resolution time, college students, 11083

presentation mode & ordering of organized hierarchical information, acquisition & retention of hierarchy of connections between letters, college students, 8440

presentation modes & recall & interitem interval, connected discourse learning rate, college students, 6000

presentation of unattended-channel processing on attended, memory for unattended input, college students, 8373

presentation order & message about artist & preexperimental experience with scale & anchors, aesthetic judgment of paintings, college students, 11155

presentation rate & list type & stimulus position & formal response similarity, free recall & paired-associate learning, college students,

pretask instructional set in recognition & recall task, pupil size distinguishing cognitive processing phase, college students, 6068 pretraining & task instructions, reversal vs. nonreversal shifts performance, college students, 10476

prior attitudes, postmanipulation attitudes in forced-compliance, college students with extreme vs. neutral attitudes, 11035

prior exposure to high- vs. low-valued personality trait adjectives,

impression formation, college students, 11093 prior information & favorable vs. nonfavorable emotional appeal, attitude change toward little-known country, undergraduates, replication & extension of P. Lewan & E. Scotland's study, 8992

prior social setting & fear vs. anxiety arousal & birth order, affiliative preference in working situation, college students, 9068

proactive interference from trigrams presented visually or auditorily & retention interval with shadowing numbers or letters, short-term memory, college students, 10450

probe technique & anticipation vs. recall learning methods, functional stimuli in serial learning, college students, 6039

probe technique, identification of serial learning processes, college students, 10490

problem representation & superior vs. peer receiver & work & production norm & situation implications, solutions offered to loosely defined problem, 3rd yr. teachers college students, 8453

product specificity & product offerings & appeal to males vs. females, effectiveness of birth control advertising in college newspapers, college students, 10138

professional counseling with talking-relationship focus vs. action focus vs. arranged social interaction with peers, fear of dating, male college students, 7837

programed text vs. video presentation as counselor training methods, depressive cues discrimination, undergraduates, 7027

progressive relaxation vs. transcendental meditation training, psychological test scores & physiological measures, college students, 6195

projective vs. self-report measurement, need aggression & achievement & nurturance, institutionalized acting out adolescents & undergraduates & nursing students, 7275

prolonged practice, set size effect in item recognition with complete response consistency & nested positive sets, college students, 6005 prolonged work & cardiac frequency manipulated by heat, perceived exertion, college students, 10575

proneness to behavioral stereotypy, problem-solving & decision-making behavior, college students, 8394

pronounceability of letter arrays, verbal report & visual matching

latency, graduate & undergraduate students, 5846 proper name vs. white noise inserted in list, recall & recognition, extraverted vs. introverted college students, 10464

psychoeducational enrichment college preparatory counseling program, emotional & cognitive development, disadvantaged entering college students, 7706

psychological & sociological & educational factors, role identifica-

Psychological Scenological & educational ractors, fole identifica-tion & sex stereotype of occupational choice, college women, 5443 Psychological Screening Inventory & Adjective Check List human relations participants vs. personal-adjustment clients vs. non-clients, college students, 11105 psychology of human consciousness, description of college course, 11936

psychopathology as measured by MMPI, homosexual vs. heterosex-ual male college students, 7177

psychotherapy expectancy inventory, patient's role expectancies, college students & clinic patients, 11729

punishment & response prevention of avoidance responding, immediate generalized & enduring effectiveness, college students,

quantitative & verbal abilities, vocational interests & personality characteristics, Chinese-American college students, 7002

quantity vs. quality response reinforcement & verbal vs. monetary reinforcers & reinforcement before vs. after contingency shift, changes in job performance, college students, 10119 questionnaires depicting life & death situations vs. time-money-

effort situations, risk-taking responses, college students, 5971 quiet vs. speech vs. music vs. industrial noise, arithmetic

performance, college students, 10522

race & counselor experience level, counselor effectiveness, black college students, 4969

race & expressed experience of hypnotist, hypnotic susceptibility, college students, 10387

race & sex of perceivers & expressors, judgments of photographs depicting enactment of different emotions, undergraduates, 9037 racial differences, Eysenck Personality Inventory Extroversion & Neuroticism scores, black vs. white college students, 8944

rated preference & complexity for natural vs. urban environment visual material, college students, 5854

rater's judgment of own voice characteristics, judgment of others' voices, college students, 11146

rating person descriptions with corresponding behavioral statements, racial prejudice, Australian vs. New Zealand college students, 8971

ratio vs. successive categories interval scale, ratings of subjective utility of money, college students, 5780

reaction time & digit-span & time estimation task variability, retardates vs. 1st vs. 3rd vs. 5th vs. college students, 10870

reaction time, information-processing in verbal learning, college students, 8408

reaction to persuasion, left- vs. right-eye movement predominance upon inward direction of attention, college students, 6760

reading & group discussion of Bible, manifest anxiety, college students, 7994

reading & study behavior problems, freshman college students, 3240 reading spatially transformed digits, RT, college students, 8474

reading vs. listening presentation mode, learning programed material, college students, 5295

realistic vs. symbolic materials, deceptive reasoning problem solving, college students, 5995

recall expectancy & presentation interval length, recall & rehearsal strategies in short term memory, college students, 10407 recall of transfer paradigm in verbal discrimination, retroactive

inhibition, college students, 8483 recent experience, Machover Draw-A-Person Test performance,

psychology vs. anthropology students, 6932

recent religious & moral & political attitude change, social-political attitude interrelationship, college students, 11011

recognition of melodic inversion vs. retrograde vs. retrograde inversion transformations, college students, 8278

recognition responses to single words from short active sentences, semantic constraints on location operations in simple sentences, college students, 5999

recognizability of behaviors associated with sadness vs. anger vs. depression vs. hostility vs. fear vs. anxiety, college students, 9159 recording of counseling interview, clients' evaluation of counseling

& inhibition, college students, 7814 recreational behavior & personality traits, drug & alcohol & residence hall security & visitation procedure violation, female

college students, 7801 rectangular vs. nonrectangular parallelopipeds, imposed geometric constraints in visual discrimination, college students, 8319

redundant vs. nonredundant & attitude congruent vs. incongruent stimuli, attitude change on social judgment scales, college students, 6742

reference-other support & ethnic attitudes, intergroup behavior, white college students, 11061

rehearsal & modality, delayed recall of continuously presented paired associates, college students, 3649

reinforced aggression, reaction to aggression related stimuli, male college students, 11218

reinforcement-test interval distribution in paired-associate & verbal discrimination learning, short- vs. long-term retention, college students, 5993

reinforcer strength, instrumental modifiability of heart rate & respiration & GSR, male undergraduates, 8527

reinforcing weight gain, anorexia nervosa, 16 & 22 yr. old females,

relational organization & physical distance, recall of picture paired associates, college students, support for W. Epstein & I. Rock & C. Zuckerman's findings, 10396

relative stimulus frequency, choice RT, 3578

relevant vs. irrelevant expertise influence source, student activism opinion change, internal vs. external college students, 6750

reliability & validity & usefulness, ratings of college teaching & courses, undergraduates, 9882

reliability & validity, liberalism-conservatism scale development, white vs. black college students vs. middle-aged middle-class graduates, 6744

REM & NREM sleep reports, hallucinatory fantasy, schizophrenics & college students, 9314

repairing & number of alternatives & meaningfulness, verbal discrimination learning, college students, 6075

repeated exposure to stimuli, subsequent rating of stimuli on like-

dislike scale, college students, 5950 repeated viewings of filmed accident vs. benign scene in vs. out of context, skin conductance & self-reported distress & heart rate, implications for desensitization therapy, male undergraduates,

repertory grid technique, parental & sex-role identification, college students, 6989

required tutoring, attitude toward black children, white education students, 5498

research abilities, graduate vs. undergraduate students in psychology of music, 7834

resolution of cognitive dissonance, religious vs. nonreligious college students, 6743

resource level, ideal plans, college students, 6026

response alternation & availability, selective learning on 2- & 4choice tasks, college students, 8316

response primacy, recall of simultaneous nonredundant bisensory stimuli in auditory & visual modalities, college students, 6044

response requirements & directional fractionation, heart rate & skin conductance & digital & cephalic vasoconstriction, male college students, 8528

response timing & reward source & behavioral processes, choices in Prisoner's Dilemma Game, college students, 9111

response to authority & acceptance vs. rejection of Christian commitment, obedience, college students, 10946

response-dependent payoff matrices, models of choice behavior in 2 person non-zero sum games, college students, 6879

response-term predictability & stimulus-response conceptual similarity, paired-associate learning, college students, 10492 responses to metaphors & death anxiety scales, ways of thinking

about death, male vs. female undergraduates, 4477

retinal separation between test & inducing fields & inducing luminance & inducing area, threshold of test field, college & graduate students, 8337

retrieval cues & set organization, short-term recognition memory, college students, 8410

review paradigms, academic performance in individualized computer-managed course, undergraduates, 1283

revised Pittsburgh Scales of Social Extraversion-Introversion & Emotionality reliability, rural 3rd 9th & urban 5th graders & neglected residential high school students & college students, 10276

reward magnitude & sequence of magnitudes, resistance to extinction, college students, 8415

right- vs. left-ear presentation & normal vs. permuted sentences & semantic neutrality vs. constraint, speed & accuracy of sentence recall, college students, 10321

right-eye vs. left-eye dominance, perceptual accuracy, college students, 10344

right-hand practice & rest &/or left-hand practice, movement-speed task, college students, activity-set hypothesis for warm-up decrement, 5894

Rokeach categories vs. open-ended responses, dogmatism scores, college students, 11261

role choice traditionality & failure need in masculine & feminine domains, college women, 6722

role playing, Rorschach Test scoring & interpretation, female undergraduates, 5750

room & board in exchange for work, psychiatric hospital live-in program, undergraduates, 4579

Rorschach test, banal & anatomical & sexual responses, Congolese college students, 11234

Rotter's construct of personal power & manifest anxiety & occupational aspiration & high school average & class rank & standardized test scores & socioeconomic variables, academic success prediction & persistence in community college, freshmen college students, 9975

RTs & error rates, judging nominal identity of successively presented letter strings, college students, 5926

race & sex & E race, classroom-related risk-taking behavior, white & black college students, 4386

S strategies & interference, discrete motor task, college students, 3635

safety & availability, frequency & pattern of drug use, college students, 4344

scaling analysis of similarity ratings of teaching activities, American vs. German psychology students vs. teachers, 7927

scholastic aptitude & personality & biographical characteristics, nonreturning vs. returning community college students, 7770

Scholastic Aptitude Test scores, grade point averages over 4 yr., college students from 1962 1971, 7904

seating arrangement, sensitivity training interaction, college students, 11053

sedative background music & anxiety level, initial client-therapist relationship, college students, 5281

selected poor item-writing practices in political science examination, test difficulty & reliability & validity, undergraduates, 5317 selecting reading & mathematics tests, predicting need for

remediation in open admissions university, high school seniors,

selective attention & set & interference, schizophrenic graphic representations, nonparanoid schizophrenics vs. paranoid schizophrenics & sleep-deprived college students, 11456

self concept & academic achievement & parent educational background & socioeconomic status & psychological needs, career decision making abilities, community college students,

self concept & academic achievement, athletic achievement, college students, 9890

self concept, perception of others, college students, 9083

self concept, self-disclosure in group counseling, underachieving college students, 7926

self- vs. work-pacing, relationship of information-processing rate & intelligence measures, college students, 10465

self-acceptance, acceptance by peer intimates & nonintimates, college sorority residents, 6872

self-actualization construct & Styles of Living Preference Scale, validity & problem-solving & social situations evidence, college students & faculty & civil service workers, 9196

self-checking in correct signal detection, vigilance, 19 25 yr. old male undergraduates, 5860

self-concept & occupational ratings, occupational choice, college students in medical & legal & engineering programs & preuniversity students choosing these programs, 8123

self-consistency vs. inequity dissonance, undercompensation,

college students, 11079 self-development class & positive value statements about self, self-

esteem, college students, 12052 self-disclosure timing, personal attraction, college students, 9044 self-esteem & issue familiarity, attitude change occurring prior to

exposure to persuasive communication, college students, 9029 self-motivation, academic effort & performance, undergraduates, 7911

self-perceived & ascribed characteristics, Mexican-American & Anglo & bicultural college students, 8970

self-perception & interpersonal relationships, academic exclusion, college students, 11993

self-ratings & roommate's ratings congruency, satisfaction with roommate, college students, 9030

self-report form as predictor of consultation for psychological & psychosomatic & organic problems at university health service, university freshmen, 4929

self-report of anxiety, digit symbol performance, college students, 5972

self-reported views about academic success & failure & parents' occupation & education level & father's presence at home,

academic achievement, Negro college students, 12114 semantic conditioning using CS & UCS manipulation of orienting reflex, perception enhancement & subsequent CRs magnitude augmentation, college student, 8308

semantic content & phrase structure, multitrial free recall of sentential material, college students, 5923

semantic differential & objective test battery & self & other judgments, personality type on polarity profile, college students & male high school graduates, 11254

semantic differential scale ratings of common concepts taught in psychology, relevance in undergraduate psychology instruction, high-risk students & psychology majors & independent-study enrollees, 12008

sensation seeking, simulated vs. behavioral personal space, male vs. female college students, 11246

sensitivity training, coping with life stress, college students, 9021 sensitivity training, high vs. low dependency needs, college students,

sensory overload vs. deprivation, mental functions, college students, research problems & methods, 10447

sensory overload vs. deprivation, EEG & EKG & eye movement, college students, 10547

sequence organization & subunit position, serial light pattern tracking, college students, 8327

sequential presentation of near span-length strings of digits or letters, short-term recognition memory, college students, 8407

serial & paired associate lists, probe & free recall performance, college students, 5960

serial & parallel encoding processes, memory & visual search, college students, 8367

serial position of personality-trait adjectives, impression formation, college students, 10384

serial position, negative recency vs. positive primacy in repeated free recall, college students, 5929

serial position, probe recall, college students, 8465

serial position, visual processing of digits presented in rapid succession, college students, 5980

sex & grade level, personal value development, commuting vs. resident freshmen vs. senior college students, 9838

sex & initial levels, cooperation in non-zero-sum games vs. Prisoner's Dilemma, undergraduates, 6832

sex & internal vs. external motivation & motivation intensity & positive vs. negative outcome, attribution of responsibility, college students, 9089

sex & stereotyped notions of personality traits, physical attractiveness, 9160

sex differences & motivation level, inverted alphabet writing & substitution task performance & reminiscence, neurotic vs. stable vs. extroverted vs. introverted college students, 8431

sex differences, time estimation, college students, 10355

sex differences, AM vs. PM time estimation, college students, 10376 sex of competitor, performance following success, female college students, 10979

sex of judge & of person being judged, perception of feelings of male & female clients during videotaped counseling sessions, college students, 6850

sex of S & approacher & approach angle, personal space, 18 30 yr. old psychology students, 6853

sex role, 2-person mixed-motive competitive choice behavior, college students, 9065

sex vs. repetition vs. belonging together, recall of nouns from adjective-noun pairs, college students, 6083 sex-role concepts, ego strength & happiness & achievement plans, senior college women, 9166

sexual attitudes & behavior, college students, 6651

sexual attitudes & behavior, college students in U.S.A. vs. Canada vs. England vs. Norway vs. Germany, 8945

sexual attitudes, college students, critique of follow-up survey, 2256 shock capability of potential harmdoer & monetary vs. no incentive to do harm & actual frequency of being harmed, subjective estimations of possible harm, male undergraduates, 9013

short- vs. long-latency associative RT units & high vs. low meaningfulness & single vs. multiple associations vs. silent vs. aloud rehearsal, free recall, college students, 8423

short-term change, state vs. trait anxiety, college students, 11209 short-term secular & religious-oriented counseling, self concepts & values, college students, 9762

sibling sex & ordinal position, male psychosexual development, college students, 8819

signal detection vs. high vs. low threshold theory, multiple observation task performance, militiamen & undergraduates,

- signal intensity, RT to 2nd of 2 shortly spaced auditory signals, college students, 3587
- silence vs. broadband noise vs. continuous vs. random music background stimulation & sex, visual vigilance, undergraduates, 5824
- similarity & role definition & setting, interpersonal attraction, college students, 11071
- similarity & semantic space judgments of random shapes, college students, 5855
- simultaneous vs. successive presentation & exposure duration of parallel lines of unequal length, complete assimilation, college students, 5850
- simultaneous vs. successive presentation of 3-element visual patterns, judged complexity & interestingness & pleasingness, college & high school students, 5814
- single vs. array social stimuli presentation methods, social judgment, college students, 11114
- single- vs. multi-concept films & film-lecture combinations, chemistry achievement & retention & attitude, community college students, 5588
- sleep & controlling for time of day, memory, college students, 8356 sleep & dreaming vs. dream deprivation, recall of ego-threatening material college students, 8396
- nonthreatening material, college students, 8396
  small group discussion characteristics, perception of group
  consensus & leader behavior, college students, 6799
- smoking vs. nonsmoking, self-esteem, college students, 6995
- sociability & emotional adjustment, personal space preference in morning vs. afternoon, college students, 6857
- social & religious values, college students, longitudinal study, 5452 social & specific disabilities, learning disability problems, college students, 12123
- social desirability & item ambiguity of questionnaire items & item format, response biases, college students, 8995
- social influence model of H. Kelman, intellectual orientation, college freshmen, 11855
- social influence, diffusion of responsibility in emergency, college students, 6790
- social intelligence & social teaching methods, academic achieve-
- ment, college students, 11817 social maturity & multivariate discriminant analysis, personality descriptions of conservatives & activists & radicals, male college
- students, 10999
  social values & gender role behavior, pornography & erotica use, 15
  22 yr. old high school & college students, 4346
- societal influences, perception of social vs. political intervention for organizational success, college students from United States & Britain & Netherlands & France & West Germany & Sweden, 1390
- socio-demographic variables, drug use, college students, 4348
- sociodemographic & social psychological correlates & smoking behavior, drug use, female college students, 4349
- sociodemographic & social psychological correlates & smoking behavior, drug use, female college students, 4276
- socioeconomic status, changes during college in family & peer independence & liberalism & social consciousness & cultural sophistication & satisfaction with administration & faculty & major & students & study habits & extracurricular activities,
- students at Catholic college for women, 11982 sound source spatial separation, auditory evoked response amplitude, undergraduates, 3772
- sound vs. meaning, aesthetic preferences in poetry, college students,
- source message association & credibility, opinion change, undergraduates, 9144
- spatial & group sex composition & group activity, intrusion upon group-shared space, college students, 9018
- speaker & listener sex, listening comprehension, undergraduates,
- special minority group educational program, scholastic performance, minority group college students, 9948
- spelling vs. pronunciation practice & pronounceability, anagram problem solving, undergraduates, 5966
- sports competition, personality development, junior high & senior high & college students & adult female athletes, 7907
- stability or change, goals & plans & background characteristics, entering college students, 7748
- standardized polling questions, stability of self-reported protest activity & political attitude measurement, college students, 8895

- stereotyped attitudes during war toward Indians & Indonesians & Iranians & Pakistanis & Saudi Arabians & Turks, Pakistani university students, 4300
- stigma & problem seriousness & attitudes & counseling experience & information, use of university counseling services, college students. 1233
- stimulated state epistemic curiosity, state anxiety & performance on complex computer-assisted learning task, college students, 9980
- stimuli directed to left vs. right hemisphere vs. both hemispheres, color naming response latency, right- vs. left- vs. mixed-handed college students, 5830
- stimulus & response patterns, reaction latency to identify outcome of stimulus prediction, college students, 8347
- stimulus availability & test pictures & risk of self-disclosure in analysis-by-synthesis model, cognitive behavior in projective testing, college students, 5763
- stimulus dimensions with 4 values & multiple-hypothesis tracking,
- hypothesis-testing behavior, undergraduates, 10437 stimulus distribution & judgment of glare & loudness, internal consistency of magnitude estimations, college students & faculty
- members & graduate students, 10286 stimulus duration & interstimulus interval & encoding technique, short-term retention of auditory sequences, college students, 6027
- short-term retention of auditory sequences, college students, 6027 stimulus light preceding timeout & point-loss periods & response cost, operant responding, college students, 8448
- stimulus novelty & exposure frequency, persuasion, college students, replication of R. Zajonc's research, 11198
- stimulus presentation method & type of focal instance & type of strategy & sex, conjunctive concept attainment task performance,
- college students, 10502 stimulus size & spatial position & identity, visual hierarchical
- feature processing, college students, 3562 stimulus structure of auditorily presented digit strings, scanning strategies, college students, 8345
- stress & concept attributes & attribute values & successive problems, concept attainment, college students, 6008
- stressful movie-viewing & REM & non-REM sleep deprivation,
- anxiety & adaptation, college students, 3688 structural & semantic factors, pure hypothetical syllogistic reasoning, college & graduate students, 6045
- reasoning, college & graduate students, 0045 student characteristics & control, learning & college aptitude & inquisitiveness, college students, 3165
- student knowledge of behavioral objectives, achievement & attitudes in educational psychology, college students, 3282
- student personality type, major course selection in choice-free
- curriculum, college students, 11870 student proctor interaction in personalized instruction, academic
- performance, college students, 11894 student sex & academic level & predicted grade & department,
- rating teacher effectiveness, college students, 12057 student- vs. instructor-centered operant-based instruction, study habits & extracurricular involvement & teaching intent & level,
- self-actualized vs. non-self actualized undergraduates, 1363 student-led discussion groups, enhancement of learning potential in large lecture class, college students, 7773
- student-to-student counseling, motivating academic achievement,
- book, 9865 students' personal & scholastic characteristics & type & preferred sources of assistance sought, perception of educational counselor's role & function & personal-professional characteristics,
- college students, 11869 subjective probability model of cognitive organization, Socratic
- effect," college students, 8452 subjective secondary school personality factor evaluations as predictor of college success, college students, 9850
- subjective urban space estimation, architecture students, 5813
- subjective vs. objective cues, moral judgment, consequence-vs.
  motive-oriented 2nd & 4th & 6th graders & college students, 6514
  success-failure decathexis, dream incorporation, male undergradu-
- ates, 7009
  Success-Motivation & Failure-Avoidance & Difference Scales of
  Success-Failure Inventory, relationship to Marlowe-Crowne
- Social Desirability scale, college students, 7010 summary of research on later adolescent & junior & community college students, implications for community college programs, book, 1312
- surface coloration & lettering & referential dimension, traffic marker targets perception, college students, 12169

surround vs. no-surround condition of test stimuli, onset & offset RT, college students, 5882

SVIB for Men, Occupation scale vs. Basic Interest scale scores, male college students, 8092

SVIB interest scales, measuring J. Holland's 6 cognitive styles, test norms for college students, 11957

switching answers to questions on multiple-choice test, neutral vs. positive vs. negative effects on course examinations, college students, 7802

synonyms vs. antonyms generation, synonym vs. antonym vs. original word recognition, college students, 10403

systematic desensitization & behavioral training, university quiz participation difficulties, college students, 11814

systematic desensitization therapy, reducing test anxiety, college students with specific vs. generalized anxiety, 7898

T group vs. practicum approaches vs. no training, competence, undergraduate resident assistants, 3247

T-group sessions, attitude change & dogmatism & trust, college students, 5475

T-group training, personality differences, volunteers vs. nonvolunteers, 9022

tachistoscopic presentation of array of consonants & stimulus duration, spatial & verbal codes & short term memory, college students, 10319

tachistoscopically flashed consonants under posthypnotic cue influence, shifts in mental concentration level, 20 yr. old hypnotic college students, 10395

tachistoscopically presented displays of consonant trigrams, interaction of short-term & very short-term memory, college students, 10379

target length & separation, vernier acuity, college students & E, 8336 task & social demands, locus of control differences in information processing, female college students, 4530

task predictability & cue consistency, cue utilization on multiple-cue probability learning task, college students, 5938

task structure & transparency level, interpersonal attraction in small groups, college students, 11077

taxonomy of selection mechanisms, analysis of stimulus selection at various levels of competing stimuli, college students, 6066

Taylor Manifest Anxiety scores & introversion-extroversion & GSR, verbal ability & problem solving, college students, 9211

Taylor-Spence drive theory, application to vocational choice behavior, high- & low-anxious college students, 7972

teacher & student expectations, student achievement in reading improvement course, college students, 11110 teacher appearance, student ratings of teacher effectiveness, college

students, 12007

teacher education level, identification of helping relationship, college students majoring in elementary education, 9853 teachers & employers & friends & family influences, attending

college & curriculum choice, technical undergraduates, 11880 telepathic influence with sensory bombardment, dream content &

recall, college students, replication of S. Krippner's findings, 10311

test anxiety & relevant & irrelevant interruptions, emotional arousal & reading test performance, undergraduates, 7903

therapeutic instruction & praise, systematic desensitization of snake avoidance behavior, college students, 11661

therapeutic suggestion in implosive therapy, anxiety extinction, snake fearing college students, 7561

time & space, velocity estimations of motion, 1st vs. 4th graders vs. college students, 6556

tobacco & alcohol & marihuana & LSD & mescaline & barbiturate & amphetamine use, Bender-Gestalt Test performance, college students, 6647

total presentation time, free-recall learning, college students, 6040 traditional lecture techniques vs. self-directed study, educational outcomes, college students, 5426

traditional vs. behavioral college teaching procedures, undergraduates, application of J. M. Johnston & H. S. Pennypacker's procedures for improving teaching technologies, 1260

traditional vs. participation courses, initiation into philosophy, students, 9929

training in production &/or judgment of solutions, creative thinking improvement, college students, 7996

training procedures & duties, utilization as behavioral technicians in token economy program for chronically mentally ill inpatients, college students, 9250

transductive learning technique, social incompetence treatment, male undergraduates, 7682

transition probability & word frequency, anagram solving, college students, 10428

true responding & item endorsement, acquiescence response style, college students, 8434

true vs. false-positive vs. negative sentences & circle location, sentence-picture comparison RT, college students, 8413

underlining vs. repetitive reading & frequency of underlining target information, completion test performance, college students, 7849 underlying processes differences, figural aftereffects & apparent motion & paracontrast, college students, 5851

university counseling center name, referral of educational & vocational & social-personal problems, college students, 1357 university mental health programs, role in influencing sociocultural environment & responsibility in meeting student needs, 4945

unorganized learning experiences vs. organized drug education courses, undergraduates, 7821

value concept rating & participation in competitive vs. cooperative game situation, college student commune residents vs. fraternity & sorority members, 1350

value dimensions, female college students, 5412

value orientations & perceived value sources, psychology & education college students, 6679

value similarity & counselor experience & formality, client reactions to initial counseling interviews, college students, 11785

values, college female marihuana smokers vs. nondrug users vs. heroin users vs. noncollege nondrug users, 4609

variable perspective, bargaining perspective & process in simulated labor-management dispute, college students, 11042

variation in auditory stimulus, individual differences in nonspecific electrodermal responding & recovery of electrodermal component of orienting reaction, 6177

variations in rating scale characteristics, means & reliabilities of ratings, college & graduate students, 8213

varied levels of beliefs & race with primacy, evaluative semantic differential scales & behavior differentials, college students, 11026 varying information, decision behavior in yes-no & forced-choice decision tasks, college students, 10489

varying task sequence with student verbal aptitude, time to learn &

relearn to mastery, community college students, 7921 Venn diagrams vs. multiple-choice Venn diagrams as transformational mediators, rule learning, college students, 10099 verbal conversation protocol, neuroticism & extroversion vs. introversion perception, psychology students, 9053

verbal feedback of test results, learning, college students, 12119 verbal fluency & personality variables, interpretation of utility on continuum of objectivity—subjectivity, college students, 9127 verbal labels, recognition memory for form, college students, 5952

verbal operant conditioning awareness, learning, college students, 10378

verbal productivity, transcendence on TAT, male undergraduates, 6984

verbal reinforcement during induction & test-suggestion phases, responsiveness to hypnotic suggestions & subjective ratings of experience vividness, college students, 10400

verbal reinforcement, balanciometer performance, college students,

very long-term memory, personality, college students, 11230 vicarious reinforcement & model's behavior, imitation & verbal learning, college students, 8411

viewing motion picture film explaining group counseling & group therapy process, decreasing unclarified counseling expectations, adults & adolescents & college students, 7397

viewing photographs of lookers alone vs. with 2nd person gazing in various directions, perceived direction & focus of gaze & expression of emotion, college students, 6812

vision & touch interaction, conflict & nonconflict form perception tasks, college students, 5873

visual &/or auditory continuous proportional feedback, heart rate self-control, college students, 6100

visual informaton, cross & within field integration, right-handed

visual information, cross & within feet integration, right and graduate & undergraduate students, 8276 visual noise masking on parallel mechanism & post exposure cuing on serial mechanism, tachistoscopic recognition, college students,

visual pattern complexity, concurrent variable-interval reinforce-ment values, psychology students, 3644

visual presentation of word vs. picture stimuli, recall & recognition without delay & after rehersal & verbal interference intervals, college students, 6070

visual search varying in target stimulus discriminability, cardiac &

respiratory activity, college students, 8271
visual vs. auditory interference, short term retention, college students, 8427

visual vs. auditory presentation & retention interval, trigram retention, college students, 8460

visual vs. visual & proprioceptive vs. proprioceptive training, motor learning & RT, college students, 10323

visual/tactual-kinesthetic & auditory/tactual-kinesthetic modalities, estimation of short time durations, college students, 10343

vivid vs. weak imagers, EEG, college students, 10542

vocational & educational plans, students transferring from 4 yr. to 2 vr. colleges, 7874

vocational choice factors, university students, 3397 vocational developmental outreach program, occupational information seeking & vocational alternatives & attitudes & self ratings, male college students, 11861 von Restorff effect with nonnoxious isolation stimuli, over-all list

facilitation, college students, 8468

weather & internal-external control, mood, college students, 11221 weighted averaging model, integration of information in personality impression formation, college students, 6868

white & black voices, I.Q. scores, black & white 1st-4th graders, 10426

white noise, motor performance, college students, 8338

Williams Scale for the Specification of Position, situational social perception assessment & pathological response patterns, university students & delinquents & psychotic youths, 7329

work experience & sex & socioeconomic level, money meaning & values, hard-core trainees vs. employed persons vs. college students, 1466

year in school & academic achievement & success context, motivation to avoid success, female college students, 6965

1-trial vs. multitrial vs. no information situational context & parental occupation, cooperative/competitive responses in Prisoner's Dilemma game, bureaucratic vs. entrepreneurial college students, 11112

2-dimensional flat surface traffic signs, perceptual space & accurate reference, college students, 10158

24-hour sleep deprivation, decrement rate in auditory reaction time, college students, 8306

College Teachers

age & place of training & American Psychological Association division affiliation, psychology department chairmen selection, experimental vs. clinical vs. applied psychologists, 11296

attitude survey on race related questions, cognitive differentials, black vs. white college teachers in Afro-American study program,

campus atmosphere measured by College Characteristics Index & College & University Environmental Scales & Inventory of College Activities & Institutional Functioning Inventory, undergraduate educational experience, college students & faculties, 1369

concepts of educational process, community college faculty vs. students, 11998

cue utilization patterns, student-faculty evaluation, college students,

development of professional psychological genealogy for academic advisors, course involvement & teaching value, college students, 8018

extrinsic vs. intrinsic factors, job satisfaction & dissatisfaction, private liberal arts college faculty, 12017

growth of 2 yr. colleges & job setting & working conditions & opportunities for psychology instructors, 2544
Holland's theory of vocational choice & concepts of congruence &

consistency & homogeneity, satisfaction & achievement prediction in graduate school, graduate school faculty & students, 8063 mobility & productivity & inbreeding, church-related vs. small state

college faculty members, 7755

objective vs. subjective criteria, validity of subjective student evaluation of teachers, college students, 7945 preferred importance of criteria in pay-promotion matters, college &

university faculty, 5311 promotion & salary policies & administrative practices, job satisfaction & turnover, college professors, 10006

reliability & validity & usefulness, ratings of college teaching & courses, undergraduates, 9882

role perception, departmental chairmen characteristics, faculty members & administrators at land grant universities, 3317

scale construction & evaluation, rating college instructors, 7776 scaling analysis of similarity ratings of teaching activities, American

vs. German psychology students vs. teachers, 7927

selected attitudes & behaviors & demographic variables, innovativeness, school of education faculty, 1358

self-actualization construct & Styles of Living Preference Scale, validity & problem-solving & social situations evidence, college students & faculty & civil service workers, 9196

student sex & academic level & predicted grade & department, rating teacher effectiveness, college students, 12057

teacher & course folklore, attitudes on course evaluation questionnaire, graduate students, 9824

teacher & student expectations, student achievement in reading improvement course, college students, 11110

teacher appearance, student ratings of teacher effectiveness, college students, 12007

teachers ranking of terminal & instrumental values, self & social perception, college teachers, 11878

work of psychology professor in liberal arts colleges & fringe benefits & college vs. university spending per student, 910
College University Environment Scale

Colleges

balance sheet" as tallying procedure, improvement of quality of college decision making, high school seniors, 7890

emphasis on academic areas from admission & degree requirements of colleges surveyed, revision of high school curriculum, survey of 100 colleges, 11816

growth of 2 yr. colleges & job setting & working conditions & opportunities for psychology instructors, 2544

negotiated accountability, making mutual expectations explicit, university extension division staff, 10057

perceptions of large midwestern university, generation gap, college students vs. parents, 1365

proactive university counseling service programs, personal growth center model, 3163

problems & solutions, college mental health, 7492

psychological services at small liberal arts college, development & primary & secondary activities, 5564

scholastic aptitude & personality & biographical characteristics, nonreturning vs. returning community college students, 7770

science education in liberal arts colleges, longitudinal study of selected private 4 yr. colleges, book, 10069

self concept & personality traits & job satisfaction, helpful behavior, resident hall student advisors, 12090

summary of research on later adolescent & junior & community college students, implications for community college programs, book, 1312

Colon Colon Disorders (See also Colitis, Constipation, Diarrhea, Fecal Incontinence, Ulcerative Colitis)

radical surgery for rectum & sigmoid colon cancer, sexual performance, males, 9528

Color (See also Achromatic Color, Hue)

aphasia, associating characteristic color to form, brain damaged patients, 4658

background color, percentage of correct or incorrect responses in verbal discrimination learning performance, college students,

blue & black & green & purple & red & orange & yellow letters printed on brown & grey cardboard, legibility & attractiveness, college students, 11164

blue & 7 as choices between any color & number from 0-9, elementary & junior high school students, investigation of W. Simon's "blue seven phenomenon", 4229

color & intensity & stripe width of moving patterns & movement direction, contingent movement aftereffects & color transposition,

color value & selection locus & exposure time & payoff, recall for visually presented letters, undergraduates, 1725

color-specific amplitude variations, visual evoked responses, 6179 cue selection & mediation of color vs. verbal stimuli, pairedassociate & transfer task performance, 3rd vs. 5th vs. 7th graders, 2156

direct comparison with white vs. step by step vs. flicker photometry vs. minimally distinct-border method, heterochromatic photome-

EEG pattern recovery under photic stimulation by different color light, cortical habituation response, male 22 30 yr. olds, 1787

Luscher Color Test & IPAT Anxiety Scale Questionnaire, instinctive psychological responses to color & anxiety score validity, undergraduates, 1517

monochrome vs. lithographic photograph positives vs. negatives, recognition of familiar faces, college students, 8320

needs for achievement & affiliation & power, color choice, psychiatrists & executives, 11211

paintings, color choices, schizophrenic inpatients vs. normals, 9365 same word & color vs. word named different color vs. neutral word vs. nonword, response competition vs. encoding interference in color-naming, 8402

solid objects vs. photographs vs. drawings of objects as visual stimuli & grade level & sex, visual observation & comparison tasks focusing on color & size & form & form-detail, elementary school students, application to teaching materials & methods selection,

stimuli color variability, habituation of attention on cue-related task, 4 & 5 yr. old children, 4234

Color Blindnes

Hardy & Rand & Rittler pseudo-isochromatic plates & Tokyo Medical College color vision test, color blindness, color-defective Ss, 9488

**Color Perception** 

achromatic zone for red light in fovea & green light in periphery, threshold mechanisms for scotopic & photopic retinal system,

chromatic contrast, monochromatic stimuli detection & identification thresholds, 10328

color & intensity & stripe width of moving patterns & movement direction, contingent movement aftereffects & color transposition,

color adaptation during inspection of stimulus pattern, variation in hue of contour-contingent aftereffect, 113

color contrast combinations discriminability, partially seeing 8 12 vr. olds. 9414

color naming ability, color recognition ability, 3-5 yr. olds, 4157 color word vs. chromatic response form, paired associate learning,

undergraduates, 3662 combined affective value of color & form, analytical study using

Osgood's 3 dominant factors, college students, 6903

delayed vs. immediate reinforcement, color learning, honey bees, 8729

differential early visual experience, visual preferences, neonates, 10357

differential training & spontaneously preferred vs. disliked stimuli, taste discrimination, goldfish, 6455

form-color stimuli relationships, names for & matches to form-color stimuli, 4 5 yr. olds, 8842

hard vs. easy & color vs. shape cues, discrimination learning, pigeons, 6446

Hardy & Rand & Rittler pseudo-isochromatic plates & Tokyo Medical College color vision test, color blindness, color-defective

intelligence & personality type, attentiveness to color on color-word interference test, 12 14 yr. old boys, 11258 interval between pretest & test stimulation, scotopic contrast hue

changes, 163

irrelevant colors, reading of color names, 17 21 yr. olds, replication of W. Gumenik & R. Glass's reversed form of Stroop Color-Word Test interference, 3565

lateral movement of achromatizing lens in front of eye, dissociation of stimulus areas of different hue, 1559

lined pattern evoked complementary afterimage, McCullough color aftereffect, 1736

matching visual stimuli, selection preference for color & orientation & form & size dimensions, 6 9 yr. old deaf & normal-hearing children, 2769

monoptic vs. dichoptic & moving vs. stationary & same vs. mixed color pairs, motion aftereffect, 3595

objective & subjective studies & animal behavior, color vision, 1968-1970 review, 342

perception of assimilation & contrast in regard to brightness, theory combining aspects of Helmholtz's unconscious inference & Koffka's gestalt theory, 3563

peripheral visual field, color vision, 8285

prestimulation duration & additive opponent hue & wavelength, scotopic contrast hue, 164

response simultaneity, detection & recognition of colored light flashes, male Ss, 3618

retinal area specificity, contour-contingent McCullough color aftereffects, untrained undergraduates & experienced Ss, 1770

rod-cone interaction, color perception, 8314 schizothymic vs. cyclothymic vs. ixothymic personality types, stereoscopic vision & color discrimination, adults, 840

semantic differential method vs. 6-point scale rating method, 3-color harmony & impression formation studies, 3521

semantic factors in color comparison task, locus of color-word interference, undergraduates, 87

steady & intermittent illumination, border enhancement, 8326 stimuli directed to left vs. right hemisphere vs. both hemispheres, color naming response latency, right- vs. left- vs. mixed-handed college students, 5830

stimulus luminance, hue discrimination, practiced emmetropic color-normal Ss, 3621

stimulus-light color presentation against different background colors & dim vs. bright illumination, detection speed & recognition of signal lights, college students, 1638 successive presentations & paired comparisons of stimuli, color

preference role in pecking responses, neonatal herring gull chicks, 2023

surface coloration & lettering & referential dimension, traffic marker targets perception, college students, 12169

symmetry of hue range & brightness & color pleasantness, color recognition & discrimination of stamps, normally visioned adults,

tachistoscope & partial report procedure of color & form & shape variables, visual information processing, 10330 target size & tachistoscopic Ganzfeld, Kollner effect & transient

binasal hemianopia, undergraduates, 3557

varying components of lightness & saturation within hues & difficulty level, color perception, kindergartners, 4122
varying yellow & blue filters, detection & resolution thresholds for

blue & yellow targets against blue & green & yellow backgrounds,

visibility of color contrast borders, 101

visual agnosia with color perception disability & symptoms & lesions, 33 yr. old male accident victim surviving 18 hr. coma & 60 yr. old male with no preceding problems, 2708

Color Pyramid Test

Luscher Color Test & IPAT Anxiety Scale Questionnaire, instinctive psychological responses to color & anxiety score validity, undergraduates, 1517

Color Vision (See Color Perception)

Colostomy

Columbia Mental Maturity Scale

validity of Columbia Mental Maturity Scale & Peabody Picture Vocabulary Test & Slosson Intelligence Test, mental abilities assessment, mentally retarded children, 9950

cerebrovascular injuries & prolonged coma, EEG & sleep cycles & REM & NREM sleep, 7264

habituation rate to various types of stimuli & classification technique, unconscious brain-damaged patients, 9361 l-glutamine & l-glutamic acid iv under basal conditions & in

hypoglycemic coma, cerebral blood flow & cerebral metabolism, male schizophrenics, 7086

visual agnosia with color perception disability & symptoms & lesions, 33 yr. old male accident victim surviving 18 hr. coma & 60 yr. old male with no preceding problems, 2708

Commerce (See Business)

Commissioned Officers

achievement motivation on R. Lynn's questionnaire, officer success,

achievement motivation, Officer Cadet Unit graduation, officer candidates, 10482

career values, perception of importance & obtainability of work rewards, low vs. high tenure NROTC officers, 3429

demographic & environmental & attitudinal factors, career decision predictability, U.S. Air Force officers, 8139

Differential Officer Battery, differentiation of combat & administrative & technical leadership potential, incoming commissioned officers, 5631

military career structure & officer utilization, military officers,

officer candidate school training, immediate vs. long-term changes in behavioral style & leadership, Army Engineer Officer Candidate School students, 5663

outcome evaluation & behavioral instrumentality for outcome attainment, prediction of job satisfaction & performance & effort & retention, naval aviation officers, 1441

simulated combat situation, defining leadership dimensions for officer prediction & selection criteria, 8078

SVIB, prediction of retention in National Oceanic & Atmospheric Administration, retired vs. resigned vs. active duty Navy officers,

Committment (Psychiatric)

history review & social & legal status, mental health treatment movement & security of patient, 7506

lawyer's role, involuntary psychiatric hospitalization, New York,

protective legal services & legal status of voluntarily & involuntarily hospitalized patients, mentally ill, 4756

psychiatrist's power, civil commitment of mentally ill, 4661

transfer from state to civil mental hospitals, community adjustment & criminal activity, patients, 4 yr. follow-up, 7655

voluntary mental hospital admission under contractual conditions vs. court-mediated involuntary commitment, 2948

voluntary vs. involuntary admission, mental hospitalization & right to leave, 3052

Common Colds

Common Law Marriage Communes (See also Kibbutz)

communes, group development problem solutions, 2344 ethical & ideological problems, communal living, 6756

family life & marital relationship & institutions & work & leisure & life, need satisfaction, low- & high-status married men & women living in rural communes, 690

group size & goals & structure & mode of organization, social interaction in groups & collectives, 9047

group therapy, confusion about choice of life style, adults moving in communal living situation, 9660

relationship between individual & commune, USSR, 8960

social origins & philosophies & problems & political noninvolvement, hippie communes, 11031

value concept rating & participation in competitive vs. cooperative game situation, college student commune residents vs. fraternity & sorority members, 1350

Communication (Privileged) (See Privileged Communication)
Communication (Professional) (See Scientific Communication)

Communication Skills

Carkhuff's Systematic Human Relations Training Model for Lay Helpers vs. Northern Systems Company's sociodrama training program, student teacher classroom behavior, college students, 12073

communication skills therapeutic approach, trainable mentally retarded, 9625

communication workshop, memoranda use attitudes & behaviors, vice president & subordinates, 8075

correlational vs. comparative methodology, factor analyses of communication skills & intelligence, deaf children & adolescents, summary of 9 studies, 4627

encounter groups, interpersonal & communication skills, adults, 11130

identifying language problems & developing language skills program, communication skills in legal materials, minority students, 11883

manual methods vs. spoken English in describing referents & game rules, quality & accuracy of peer-to-peer communication skills, deaf vs. hearing 8 & 11 yr. olds, 4727

message characters & probabilities & contextual constraints, acquisition of International Morse Code receiving, adult males,

music enrichment program, intelligence & knowledge & communi-cative skills & social behavior, mentally retarded children, 8029

personality characteristics, effective technical communication ratings by peers, research & development engineers & scientists, 8130

sampling vs. comparison processing, communication development, 2nd vs. 4th vs. 6th graders, 572

Communication Syste

communication systems design, 8090

communication technology, communication usefulness, 8067 cost-effectiveness factors, retrospective search systems, 5718 man-computer dialogue, 11141

public opinion research & present & future directions, social communication network, 9120

Communication Theory communication model within framework of channels & levels & processes, evaluative & prescriptive & instructional practices clarification, exceptional children, 9856

systems theory & transactional psychology, human communication, book, 11171

audiotape & prosthetic device, acquisition of information from exhibits, 11188

communication & social behavior training, educators, 9902 communication & teaching, 7892

communication barriers between doctor & patients, 2842

communication patterns, families with identified social or emotional adjustment problems vs. ambulatory families, 2687

comparative approach, communication of affect, book, 8701 cross-cultural differences, communication & adoption of new ideas

& products & practices, book, 8965

individual communication model evaluations, psycholinguistic origins & developments & literature, 9139

message characters & probabilities & contextual constraints, acquisition of International Morse Code receiving, adult males,

public policy for monitoring communications research, 9129

punitive-custodial vs. treatment-educational prison organizational structure, communication system within prison organizations,

role & technological advances, communication technology & mass communications, 6907

social role of human communication, 2429 sociology of communication, book, 9116

systems theory & transactional psychology, human communication, book, 11171

techniques & social impact & social factors interaction & psychological & psycholinguistic research, mass communication development, 9138

visual images, function in communication, 6893

Communications Media (See also Audiotapes, Audiovisual Communications Media, Books, Closed Circuit Television, Educational Audiovisual Aids, Educational Television, Film Strips, Magazines, Mass Media, Motion Pictures, Motion Pictures (Educational), Motion Pictures (Entertainment), Newspapers, Photographs, Printed Communications Media, Radio, Telecommunications Media, Telephone Systems, Television, Television Advertising, Videotapes)

communication & media & audience effects, attitude change toward automobile safety responsibility, 2309

delinquency & communication medium & social factors of

capitalistic society & journalism, crime, 7207
demographic & psychological characteristics, identification of consumer types with similar media patterns, urban & rural adults,

interest patterns & media preference, male vs. female & black vs. nonblack & high vs. middle vs. low socioeconomic status 4th & 5th graders, 2108

laws & governmental interference, freedom of expression, 6889 techniques & social impact & social factors interaction & psychological & psycholinguistic research, mass communication development, 9138

Communities (See also Communes, Kibbutz, Neighborhoods) community & family & school climate & values, class values & social & personal expectations & modal relationships, white working class adolescents, 4230

economic & occupational & educational levels & SVIB & Edwards Personal Preference Schedule community economic development & upward social mobility, black high school seniors, 2249

development, urban mental health center, book, 5258

developments in mental health community services & manpower limitations & emphasis on mental health vs. mental illness, U.S.A., 9636

educational psychologist, role in promotion of community mental health, 7404

emphasis on neighborhood-based programs, community mental health services, 7457

emphasis on personality strength & adaptability & utilization of neighborhood paraprofessionals, partial hospitalization, urban slum psychiatric day patients, 3005 generic mental health team, development in neighborhood health

center, 5097

generic mental health team, organization of urban mental health center, 5260

Goal Attainment Scaling evaluation technique & content analysis, categorization & description of patient problems, community mental health center outpatients, 9599

goals & functions, community mental health centers, 5246 group psychotherapy & psychodrama, social & racial attitudes,

racially mixed patient groups in community mental health clinic, 7455

health promotion & specific protection against disorder & detection & treatment of disorder in earliest stages & disability limitation & rehabilitation, community mental health center self-study, implications for staff needs & training, 2998

high vs. low time-utilization & professional type utilized by patients, community time utilization of professional mental health workers, 2939

high- & low-expectation community programs, vocational & social rehabilitation, discharged long term mental patients, 9662

independence training effectiveness, mentally subnormal & severely subnormal adults in hospital vs. local authority hostels, 4964 initial organization & deployment of resources, urban mental health

center, 5261

institutional lodgement, comprehensive community mental health center, 7690 integrating individual needs with organizational goals using

behavioral science techniques, organizational development model for community mental health programs, 5036

interaction between supraprocesses" & infraprocesses," development & organization & programs of urban mental health center, population of varied socioeconomic characteristics, 9668

legal services & community mental health centers, book, 3071

local & state & federal relationships, community mental health center development, 4938

mental health agency, problems in community organization programs, 9676

mental health delivery systems, professional roles & funding & paraprofessionals & community control & decentralization & primary prevention, 5185

mental health plan & psychiatric hospitals & mental health centers. Nova Scotia, Canada, 9790

mental health services at suicide clinic, suicide attempters, 7658 migration & mental health & community services, book, proceed-ings of conference by American Joint Distribution Committee co-

sponsored by World Federation for Mental Health, 2834 modification of traditional medical model components for mental health professionals, preventive mental health programs, Puerto

Ricans & other ethnic minorities, 1113 moral treatment philosophy, community mental health programs, 9539

objectives & initiation, urban mental health center, 5259

participation of psychiatrists, comprehensive health program including mental health services, 5105

partnership with community, mental health center, 5196

patient status & ages served & sources of referral & necessity for public financing & improved recordkeeping, community mental health centers, 1203

problems & progress, community mental health programs, book, 7362

Project Community, institution of socialization, adolescents, 9772 rehabilitation services comprehensive community mental health center, 5269

roles & functions, community mental health center director, 7018

self-descriptions of occupational roles, social work role appropriate for community mental health practice, social workers with vs. without master's degree, 2542

social history & professional ideology & new areas of concern & community control, community mental health movement, 2889 staff supports, child guidance & community mental health clinics,

subcontract arrangements for community development & service, inner-city community mental health center, 7456

successful negotiation of government contract & selection of entry in community for visibility & acceptance & direct & indirect consultation services provision & systematic program evaluation method, community mental health consultation program development, rural American Indian population, 2917

TAT, assessment of therapeutic change after community based treatment, antisocial 9 14 yr. old boys, 2912

teaching art & aesthetic concepts & art interpretation, art therapy program, mental health center, 9674

therapeutic orientation of mental health facility & staff occupational discipline & demographic variables, ideological differences, mental health personnel, 903

treatment program in community mental health center, alcoholism,

treatment program in community mental health inpatient unit, heroin addicts, 5168

uninsulated caseload, neighborhood mental health clinic, 5085 university mental health programs, role in influencing sociocultural

environment & responsibility in meeting student needs, 4945 Community Mental Health Training (See also Mental Health

Inservice Training) biographical data & objectives summary & perception of training relevancy, employed graduates of associate-degree programs in

mental health, 9225 community control & black representation, community mental

health in black communities, 9514 individualistic vs. person-in-community mental health model,

pastoral counseling, 3023 mental health consultation & education, book, 9227

Community Psychiatry

mental health worker training program, Harlem community residents, 4580

regional experimental educational program, mental health consultation process & outcome, mental health professionals, 9709 research & demonstration & personnel training, care of aged, 10806

community psychiatry, implications for comprehensive multidisciplinary treatment in children's center, 9509

community vs. college psychiatry, 4925

hospital services program, psychiatric patients, 5052

mobile health unit, neighborhood psychiatry, adolescents & young adults in deprived urban area, 5119

provision of psychiatric treatment facilities, black activism, 2867

Community Psychology

community psychology approach including basic skills remediation & appropriate psychotherapy, attrition rate, high risk freshmen nursing students, 2549

social history & professional ideology & new areas of concern & community control, community mental health movement, 2889

Community Services (See also Community Welfare Services, Crisis Intervention Services, Home Visiting Programs, Hot Line Services, Public Health Services)

absence vs. presence of supportive services facilitating viable independent community living, selection criteria & preferred dispositions for institutionalized care, elderly, 9788 analysis of basic problems, community mental health services, 9645

analysis of interview information, measuring citizen board accomplishment in community mental health & retardation, 9694 attitudes toward use of allied mental health workers & community

mental health ideology, professional mental health workers, 4561 citizen participation & control, community mental health programs, 7618

community mental health approach, welfare mothers, 2799 community mental health from motivational perspective, role of human relations center, 11681

community mental health programs, 1972, 7635

community resources & housing & employment availability, success of projects to reestablish recently released mental patients in communities, 2930

community services vs. institutionalized care, elderly & handicapped, 9652

Community Treatment Project vs. traditional programs, suspensions & recidivism & discharge favoribility & psychological tests & postdischarge arrest, delinquent adolescents, 11710

comprehensive community services, alcoholics, 11519

counseling services, society & client's view of individual worth, rehabilitation counselors, 1180

definition of elements, community service, 9647

evolutionary process with close community involvement at all levels of development, shift in locus & emphasis for municipal mental health services, 9691

family life education program in family social work agency, increased further counseling & referral to other community services, 1108

formal & informal relationship establishment with mentally handicapped & keeping social service agencies relevant & changeoriented, citizen volunteers, 5278

foster family care of retardates, management concerns & community resource availability & utilization by caretakers, 11641

government & nongovernment programs & facilities & services, aged, 10864

interdisciplinary mental health team evaluation, exploring community alternatives to state hospital commitment, elderly patients, 9619

labor center rehabilitaton program, drug abuse, Mexican youth, 11701

manpower needs & resources & innovations, community mental health, 7354

methadone maintenance & group therapy & social services, drug addiction treatment program in neighborhood health center, 7485 migration & mental health & community services, book, proceed-

ings of conference by American Joint Distribution Committee cosponsored by World Federation for Mental Health, 2834

Companies (See Business Organizations)

Comparative Psychology

aggressive & scent gland associated behavior & listening postures, intra- & interspecific differences, captive & wild collared peccary, 4063

alarm calls, description & comparison, 4 species of Mediterranean warblers, 3990

analysis of behaviors by methodological stages, comparative

psychology, 8186 behavioral data, criteria for generalizing vs. not generalizing between human & nonhuman species, 1477

chimpanzees, comparative literature review, 1804

comparative psychology & art, book, 9115 comparative psychology & contribution of psychogenetics, 346 comparative psychology, selected writings of T. C. Schneirla, 8702 comparative psychology, textbook, 10721 conspecific fish & prey-objects, aggressive behavior, 4 species of

piranhas, 4046

cross-species vs. inter-species vs. isolation housing, inter- & intraspecies social attraction, rats & gerbils & hamsters, 4077

frame assembly task solution time & performance, 7 yr. old female chimpanzee vs. 2 yr. old girl, 1986

hippocampal destruction, recent memory deficit, humans vs. animals, 1160

interspecies sexual discrimination & approach-avoidance conflict, Uca pugnax vs. Uca pugilator fiddler crabs, 479

labor duration & licking of neonate, great apes & man vs. nonprimate mammals, 311

levodopa, hyperkinesia & behavioral changes, monkeys, 10674 mechanical & electrical stimulation & intertrial interval adaptation of closing response & comparison to animal physiology, mimosa leaves, 352

methamphetamine, intergeneric behavioral differences, grasshopper & deer mice & meadow vole & 4 strains of Mus musculus, 394

minimal space parameters, 3-dimensional space perception, monkeys vs. college students, 1620

review of research in animal behavior development, biological basis for comparative psychopathology of animals & man, 499 scaled ratio of body to brain weight, comparative index for relative

importance of brain size, mammals of widely varying body mass,

similarities in methodologies of subjectivist C.L. Morgan & behaviorist E.C. Tolman, integration of introspective human & objective animal psychologies, 1488 social attachment behaviors, impact on mother's socialization,

primate & human mother-infant interactions, 11118

social behavior & organization & development, Polynesian vs. roof rats, 6404

symptom localization & time factor analysis, granular prefrontal cortex functions, primates & man & homologues in rodents & carnivores, 8681

visual perception & sensation & conceptual learning & physiological & comparative & mathematical psychology, Japan, review, 16
Compatibility (Interpersonal) (See Interpersonal Compatibility)

Compensation (Defense Mechanism)

decompensation, acute psychotic episodes, mentally retarded adolescents, 7292

self-consistency vs. inequity dissonance, undercompensation, college students, 11079

Competition

achievement motivation & anxiety, competition effects on physical performance, physical education majors, 11912

act attitude vs. normative belief persuasive messages, cooperative vs. competitive behavioral intentions & Prisoner's Dilemma game behavior, undergraduates, 740

anxiety, learning in negative transfer paradigm in competitive vs. noncompetitive situation, college students, 8457

communication presence vs. absence, cooperation & competition in Prisoner's Dilemma game, high vs. medium vs. low trust Ss in dvads, 2337

comparative vs. competitive vs. individualistic goal structures & egocentric behaviors, deindividuation in groups, college students,

competitional & cooperative conditions, ability attributions, advantaged & disadvantaged 5th & 6th grade public school students, 1774

competitional vs. noncompetitional paired-associates, emotionality & performance, criticism of R. Willoughby's study of F. Spence & I. Farber & H. McFann's procedures, 3647

cooperation & competition & self esteem, 870

cooperation-competition & cohesiveness & leadership & social influence, E-S interactions, 9074

cooperative vs. competitive dyadic situation, intergroup mixedmotive bargaining, college students, 2332

crowding, human aggressiveness, 11066

decomposed games, motivational bases of choice, 217

demographic variables & cooperation & competition & personality, high vs. low sympathy towards Women's Liberation Movement, female college students, 2279

dyadic game-type experiment, acquisition of information, 2457 ego-involvement & competition & remuneration & placebo as

motivational incentives, bicycle ergometer pedalling performance, college students, 5886

Reaction Time Test & Eysenck Personality Inventory, noncompetitive & competitive paired-associate learning performance stages, college students, 6082

female sex-role stereotypy, trust measured by cooperation & competition, female college students, 4392

group vs. individual reward, cooperative vs. competitive behavior, Blackfoot Indian vs. urban Canadian 7 11 yr. olds, 4183

interpersonal cooperation & competition, out- and in-group processes, 800

marital adjustment & stress, cooperation & competition in bargaining game, couples, 6860

nose-poke apparatus & videotaping & free-operant testing methods, determination of competition & dominance hierachies, rats, 542 personality characteristics, temporal-spatial uncertainty & probabil-

ity of physical harm & nature of competition, athletes, 3100 prize vs. no prize condition, retrospective misattribution & team

competition enjoyment, 5th graders, 11085 representation & perception of behaviorial interactions, experimental games, 9004

rivalry & coaction & audience components as overall motivational effects of competition, RT movement-time task & arousal &

alertness, 7th & 8th graders, 5911 sex & achievement level, individualism & competitiveness in social interaction, college student male and/or female pairs, 819

sex of competitor, performance following success, female college students, 10979

sex role, 2-person mixed-motive competitive choice behavior, college students, 9065

sex roles vs. situational requirements, accommodative or anticompetitive strategy adoption in competitive situations, women, criticism of W. Vinacke & J. Bond & T. Vesgi's hypothesis & application to complex organizational structure, 5650

sports competition, personality development, junior high & senior high & college students & adult female athletes, 7907

sublimation & Freudian interpretation invalidity, societal approval of proscribed behaviors & aggression & competition & envy & incest, 4336

value concept rating & participation in competitive vs. cooperative game situation, college student commune residents vs. fraternity & sorority members, 1350

Word Association Test & GSR before competition, emotional reactivity rate, top athletes, 1735

working behind vs. ahead of vs. even with 2nd person, rate of observing personal & partner scores during parallel work situation, high school students, 6876

1-trial vs. multitrial vs. no information situational context & parental occupation, cooperative/competitive responses in Prisoner's Dilemma game, bureaucratic vs. entrepreneurial college students, 11112

100% cooperative vs. 100% competitive vs. 50% random cooperative conditions & attributed power, Prisoner's Dilemma game behavior, male vs. female college students, 2350

Complex (Electra) (See Electra Complex)

Complex (Oedipal) (See Oedipal Complex)
Complexity (Cognitive) (See Cognitive Complexity)

Complexity (Stimulus) (See Stimulus Complexity)

Complexity (Task) (See Task Complexity)

Compliance

choice & aversive consequences & truth-telling potential & financial inducement, judgment of actions in forced compliance situation & attitude change, college students, 2224 cognitive consequences, forced noncompliance, college students,

developing ideas of rules & justice & compliance, 10924

diagnosis & disability & anxiety & depression & paranoia & object relatedness & compliance, success in methadone maintenance program, black male heroin addicts, 7535

feelings of competence & pressure to conform, compliance & manipulation awareness, 4439

hypnosis & relaxation & verbal reinforcement, hypnotic compliance,

perceived locus of control of reinforcement, resistance to demands for compliance & creativity, college students, 2494

personal responsibility-for-consequences, attitude change, college students, integration & extension of forced compliance literature,

recreational behavior & personality traits, drug & alcohol & residence hall security & visitation procedure violation, female college students, 7801

refusal vs. nonrefusal to complete nonrequired Leadership Concept Scale, Amsterdam Biographical Questionnaire scores, students, 6957

sex roles vs. situational requirements, accommodative or anticompetitive strategy adoption in competitive situations, women, criticism of W. Vinacke & J. Bond & T. Vesgi's hypothesis & application to complex organizational structure, 5650

target- vs. victim-oriented appeals for help & legitimacy of appeal, compliance, 4425

Comprehension (See also Listening Comprehension, Number Comprehension, Reading Comprehension, Sentence Comprehension)

achievement test construction, assessing comprehension, 9826

age & sex & IQ & GPA, understanding selected concepts of motion, 7 17 yr. olds, 4130

annotating Scientific American" articles, comprehension, high school science students, 5459

auditory-perceptual & vocal & visual-perceptual & motor & oralmotor functions, language comprehension, 72 91 mo. old dysphasic boys & normals, 11508

chance, role in imitation-comprehension-production test results, 1668

cognitive decentration level & social status among peers & concep comprehension, school-related concept communication in 2-child communication task, black inner-city 2nd & 4th graders, 9067

comprehension of tool name vs. structure vs. function, elementary vs. high school vs. technical high school mechanics students, 5396 conceptual dependence, theory of natural language understanding,

developmental view, comprehension of filmed messages, children, 6483

explicit vs. implicit verbal request vs. nonverbal facial expressions of noncomprehension, reformulation of initial messages, 4 yr. old preschoolers & 7 yr. old 1st graders, 10893

incongruity- & resolution-removed cartoon forms, appreciation & comprehension of cartoon humor, 2nd & 3rd & 6th & 7th graders, IQ & hospitalization length, understanding of common English expressions, 23-61 yr. old chronic psychiatric patients vs. 8-11 yr.

method of encoding verbal information on films, verbal comprehen-

sion, hearing impaired high school students, 12046
motor ability & memory & understanding, learning braille, blind children, 7100

positive vs. negative superlative word combinations, understanding, school age children, 10888

story presentation via speech reading with voice & Rochester method & total communication, language comprehension ability, 13 20 yr. old deaf students, 2663

task instructions, task performance & comprehension & retention of mathematics-related tasks, 6th 7th graders, 7992

Comprehension Tests

development of Basic Algebraic Concepts Test, assessment of comprehension, secondary school mathematics teachers, 5471

evoked response thresholds vs. conventional manual audiometry, acoustically-evoked vertex responses, Ss with peripheral hearing losses, 2576

status of comprehensive examination in PhD program, survey of psychology department chairmen, 3221

ressed Speech

age & hearing ability, understanding time-compressed & expanded monosyllables, normal & hearing impaired & aged, 9453

listening to compressed speech, attention & concentration & abstraction of important information & spoken information processing, disadvantaged 3rd & 6th graders, 3324

speeded speech as educational medium, listening & test materials for college level courses, 7809

time compressed speech, speech perception, 2404

Compulsions (See also Compulsive Orderliness, Compulsive Repetition, Serial Compulsions)

psychogenic water intoxication, 41 yr. old schizophrenic woman, 7125

short-term psychotherapy, compulsive personality & obessive-compulsive neurotics, 7661

systematic desensitization therapy, severe handwashing compulsion, 26 yr. old female, 2985

Compulsions (Serial) (See Serial Compulsions)
Compulsive Neurosis (See Obsessive Compulsive Neurosis)

Compulsive Orderliness **Compulsive Repetition** 

passive automatic vs. active repetition, philosophical views, 7214

Computer Applications (See also Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Simulation)

analog frequency analyzer & digital computer methods, quantitative EEG analysis of electrosleep, 22 41 yr. old male volunteers, 3804 behavioral research & computer methods, application to managerial

resume design, 8077
computer application to college academic success prediction, 11942
computer applications, psychotherapy goal-attainment, 11767
computer history-taking & object relations & impulse control &
defensive functions diagnosis & identification, mentally healthy vs. ill children, 7109

computer implementation, morphological & syntactic & higher level surface syntax analyses models, 11199

computer languages, ease in learning & suitability for experimental control, 10204

computer model, learning semantics of language in which syntax is known, 7980

computer programs simulating educational experiments to exclude teacher variance in hierarchical analysis of variance designs, curriculum treatment difference detection, 12044

computer technology for elucidation of algorithms, treatment of information in human visual system, 12168

computer test scoring & printout reports, academic proficiency & class standing feedback, large undergraduate classes, 9918 computer-based psychology research laboratory, guidelines for

hard- & software & use of programing language for human information processing experiments, 3464

contextual model, human behavior in interactive computer program

using simple word recognizer, 8159 digital computer, study of cognitive motor learning, 6056

digital general-purpose computers, application in clinical EEG laboratory, 6107

digital generation of acoustic stimuli, program operation & implementation & adaptation, 10335

empirical research on decision making subtasks of experienced professionals, computer applications, 5691

eye movements during detection of particle events in photographs, implications for computerized bubble chamber photograph reader, experienced vs. inexperienced readers, 5592

machine-aided vs. hand translated Russian scientific documents,

comprehensibility, 5729

method of obtaining information, classical clinical & psychoanalytic & computer analyzed data & theoretic-psychiatry modes of psychiatric knowledge, 7558

recent technological developments & applications in psychiatry & medicine, 5025

recording form, computerized scoring of Illinois Test of Psycholin-

guistic Abilities, 1524 sequence segmenting & increased control using computer program, group problem-solving performance, 12th graders, 10515

3-dimensional convex objects, visual learning & recognition by computer, 10233

**Computer Assisted Diagnosis** 

diagnostic task & learner competence analysis, computer-controlled diagnostic game, medical students, 9248

normal vs. elevated MMPI profiles, computer- vs. technicianwritten reports, psychological technicians & advanced clinical psychology graduate students, 4952

nosographic classifications vs. computer analysis, diagnostic evaluation of schizophrenic cases, 4839

standardized interview & computer diagnosis, psychopathology evaluation, 7133

**Computer Assisted Instruction** 

anxiety & response mode & subject matter familiarity & learning time, achievement in computer-assisted learning, 7880

automated teaching machine in remedial reading, reading ability & achievement, 6th graders, 7995

computer applications in individualized instruction, annotated bibliography, 7797

computer-assisted instruction program fostering decision-making ability, 5345

diagnostic task & learner competence analysis, computer-controlled diagnostic game, medical students, 9248

instructional strategies derived from theoretical analysis of learning process vs. procedure with S making own decisions, learning of 2nd-language vocabulary, college students, 5922

interactive computer-assisted instruction system, associative learn-

ing, students, 3297

reading learning theories & oral language competence & reading skill acquisition & programs evaluation & teacher training & skill acquisition & programs evaluation & teacher training & computer-assisted instruction, implications for research on individual differences & learning by reading, 9851 response modes to programed & computer-assisted instruction, achievement, students, 10082

review paradigms, academic performance in individualized computer-managed course, undergraduates, 1283

stimulated state epistemic curiosity, state anxiety & performance on complex computer-assisted learning task, college students, 9980

technical feasibility, automation of ground control approach training in aircraft simulator, F-4 pilots, 1400

training objectives specifications, computer-aided instruction, 11842 Computer Programing Languages computer system, understanding natural language, book, 9147

design & development of computer-controlled laboratory, 1490

heuristic programing approach to computer-controlled laboratory, 1499 heuristic programing approach to computers, book, 11259 syntax & grammar & semantics, programing languages, 11175 Computer Programs (See Computer Software)

Computer Simulation

Associatron, description of machine model of associative memory & application for concept formation & game playing, 1486 computer simulation & human information processing & inference,

semantic memory, 5947 computer simulation of counseling interviews, counselor education,

computer-simulated visual distortion, correlations between motor learning & visual & arm adaptation, 5843

diagnostic task & learner competence analysis, computer-controlled

diagnostic game, medical students, 9248

hybrid-computer simulation of L. Peterson & E. Bogert's cochlea model, 117

mathematical analysis of instantaneous values of electroencephalograms, 8536

pictorial information processing, review of biological & computer visual systems & psychology of perception & its computer simulation, 6343

simulation of human creative problem solving using analogies, description of computer program, 5614

stimulus-response & general cognitive & factor analytic & computer simulation approaches, cognitive learning, 241

Computer Software

analog tape recording of pulse series for digital computer fast input, 3476

auditory psychophysical procedures, software system to collect & analyze data, 1602

automatic speech-pause analyzer, flow charts of computer programs, 4464

Birnbaum's 3-parameter logistic model, computer program for estimating item characteristic curve parameters, 10261 computer calculations, means & standard deviations & correlation

coefficients, 8256

computer languages, ease in learning & suitability for experimental control, 10204

computer software applicable to psychophysiology, sources & availability, 6156

computer-based psychology research laboratory, guidelines for hard- & software & use of programing language for human information processing experiments, 3464

digital generation of acoustic stimuli, program operation & implementation & adaptation, 10335

general interactive computer program, analysis of sequential interaction behavior, 37

linguistic analysis of children's speech, computer program, book,

modification of Hewlett-Packard version of BASIC language, data acquisition & control of on-line experiments, 1489

retrieval & recognition processes, free recall model for computer program, 16 32 yr. olds, 10383

salient variable similarity index, computer program & probability tables, 5800

self-generating distinctive feature model for diagnosis & prognosis & therapy, patients with speech & hearing deficiencies, 2740

1- & 2- & 3-treatment experimental designs, operating instructions for analysis of variance programs for PDP-8, 3469 Computers (See also Analog Computers, Digital Computers)

"hand-shaking" multiplexer device, interfacing non-IBM peripheral devices to IBM 1800, 8191

alpha rhythms detection & electronic feedback control of visual & auditory displays & clocks & counters & computer sampling routines, 8502

nalogue signal processor, adapting cardiovascular signals to minicomputer, 6160 analogue signal

artistic training, aesthetic preferences for pseudo-random computer-generated patterns, college students, 9134

capital & lowercase computer printout, legibility of Chapman-Cook Speed of Reading Test, college students, 829

computer & office equipment operator characteristics & keyboard design, literature review, 3361

computer access & negligent use of highly-complex analytic techniques, 8209

computer-based psychology research laboratory, guidelines for hard- & software & use of programing language for human information processing experiments, 3464 deterministic Moore automata model learning machine, 3413

digital programer for use with audio tape decks, functioning & wiring circuits & components, 8170

discrete response interface, transforming laboratory occurrences into events in computer that have fixed electrical & temporal parameters, 8181

man-computer dialogue, 11141 modification of Hewlett-Packard version of BASIC language, data acquisition & control of on-line experiments, 1489

Concentration Camp

concentration camp antisocial stress, personality desocialization, literature review, 4815

psychoanalysis & psychoanalytically-oriented psychotherapy, con-

centration camp syndrome, 7425
psychotherapy, adolescent children of concentration camp survivors, 1221

Concept (Self) (See Self Concept)

**Concept Formation** 

- accuracy-emphasized instructions, attribute-identification task performance, 12th graders, 6077
- age & education & culture-related differences, conjunctive vs. disjunctive concept-formation, Americans vs. Liberians, 1680
- age & sex differences, hierarchy of conceptual development, 3 & 4 & 5 yr. olds & kindergartners, 6618
- analysis of Marcel Marceau's techniques, creation of perceptual objects, 11191
- Associatron, description of machine model of associative memory & application for concept formation & game playing, 1486
- attribute vs. dimensional approach, measurement of cognitive complexity & integration of incongruent information in impression formation task, 6043
- Bender Gestalt Test, use as conceptual development test, 4 13 yr. olds, 1539
- Categories Test, abstract-spatial concept development & use, 9 yr.-10 yr. 11 mo. old poor vs. normal readers vs. brain damaged children, 928
- comparisons of concrete objects varying in number & kind, concept formation, 5th-8th graders, 8818
- concept formation test in clinical psychology, book, 7265 concept formation, schizophrenic & learning disabled & normal 10 15 yr. olds, 9432
- conception of images vs. verbal descriptions of objects, 10 12 yr. olds, review of L. Vygodsky's & J. Piaget's theories, 8796
- conceptual tempo, ability to achieve conservation, 2nd graders, 2169 cue-selection theory of learning, model concept identification & paired-associate learning processes in concept-acquisition paradigm developed by C. L. Hull, 1749
- culture, concept of intelligence, Uganda, 6780
- decreased vs. increased auditory & visual stimuli, thought processes of cognitive focusing & reasoning & concept formation, chronic nonparanoid female schizophrenics, test of interference theory of schizophrenic psychological deficit, 4766
- development of political concepts, young children, 10860
- developmental level & emotional involvement & inconsistency resolution, impression formation, 6 7 & 12 13 & 18 19 yr. olds,
- ego delay capacity, conceptualization development, 7 8 yr. old disadvantaged impulsive vs. reflective disadvantaged children, longitudinal study, 8786
- equivalence of information, concept identification, comment on D. Arenberg's method, 208
- experiences of death & age, development of concept of death, 9 14 yr. olds, 8787
- fragmented subconcepts related to stimulus contexts & perceptual attributes, natural language concept development, 5-6 & 8-9 & 11-12 yr. old schoolchildren, 10906
- geographical concept attainment, improving ability to interpret embossed maps, visually handicapped, 11905
- hierarchization & integration & consolidation & structuring, volume concept development within Piaget's theory, 4th vs. 6th vs. 8th vs. 10th graders, 2069
- highly vs. moderately vs. minimally ambiguous task structure, conceptual behavior on Object Sorting Task, 7 vs. 8 vs. 9 yr. olds,
- hypothesis testing behavior, solution of concept problems, nonretarded & mildly retarded children, 7249
- hypothesis-testing strategies, concept identification response latency, college students, 8383
- identity vs. equivalence conservation & visual vs. kinesthetic perceptual modality, level of understanding of conservation of weight concept & rate of concept development, 5 12 yr. olds, 646
- inability for grouping according to similarity & ability for grouping partially according to similarity & grouping entire stimulus array according to similarity, free classification, preschool children, 10830
- intrusion of idiosyncratic associations, conceptual performance, schizophrenic & nonschizophrenic inpatients, 2752
- Kagan's Matching Familiar Figures Test, response quickness & visual analysis skill & time estimation accuracy & concept
- identification problem-solving ability, 2nd graders, 2131 language-activation training on relational terms, conservation acquisition & reasons given for response, 6 yr. old non- vs. partialconservers vs. conservers, 1300
- logical hypotheses & possible strategies, concept formation, 5-15 yr. olds, 6625

- manipulation & classification & concept development vs. traditional arithmetic training, Piagetian tasks of cognitive development, disadvantaged 1st graders, 5425
- marihuana, concept formation & usage, experienced marihuana smokers, 6301
- mathematical model, wholist strategy in concept identification, 1703 mathematical models, concept identification & perceptual adaptation & choice probabilities, book, 10273
- nonlinguistic contextual comprehension of concepts of more & less, development of ability to make quantitative comparisons, 2 & 3 yr. old children, 2203
- object concept development stages, infants, 6466 oneness & linear vs. numerical magnitude concepts development, 3-4.11 yr. olds, 4227
- overinclusive thinking & clinical assessment, concept identification, schizophrenic & nonschizophrenic psychiatric patients, use of R. Payne's & D. Friedlander's test battery, 11393
- personality traits & simulation game playing, social studies concept recognition, 11th grade history class students, 5541
- physiological & sensory & perceptual-motor functions & concept formation & abstracting abilities & memory, chronic heavy marihuana use, 8595
- Piaget's 3-stage model of conservation acquisition, ordinal investigation of number & liquid quantity conservation, kindergartners & 1st & 2nd graders, 10812
- picture vs. word manipulations & relevant value relatedness, rule-
- learning problems, college students, 5928
  relationship among & between selected measures of concept
  formation, aptitude & achievement & intelligence, 8th graders,
- resolving problems requiring practical intelligence, strategies & conceptual awareness & strategy, 5 7 & 7 10 & over 10 yr. olds,

- sex of E & S & body percept, body part verbal concept identification, undergraduates, 4533
- stimulus dimensions with 4 values & multiple-hypothesis tracking, hypothesis-testing behavior, undergraduates, 10437
- stimulus similarity & strategies of correct example comparison vs. rejection of irrelevant examples vs. hypothesis testing vs.
- anchoring, conjunctive vs. inclusive vs. exclusive disjunctive concept formation, students, 201 success & error trial position, attribute observation & selection &
- concept identification, undergraduates, 3659 task complexity, horizontal-vertical line representation, 79 yr. olds,
- varying sentence order, search for concept information & retention, 1693
- verbalizing hypotheses &/vs. making category responses, concept
- acquisition, college students, 3757 video-taped TV sequences of black & white children in leadership roles, concept attainment & social preference, kindergartners in
- integrated black-&-white & all-white classrooms, 1277 Concept Learning (See also Nonreversal Shift Learning, Reversal Shift Learning)
- advance organizer & film instruction & inductive vs. deductive methods, original learning on concept acquisition task & learning transfer to simulated classroom situation & perceived concept.
- utility in teaching, college students in education course, 7717 anxiety & task difficulty levels & memory support & estimated task competency, concept identification, 1675
- audience vs. no audience, concept-attainment task performance & perception of performance, high vs. low self-esteem female college students, 873
- cognitive baselines, developmental learning & competence rule system differentiation, young children, 595
- concept type & pretraining extent & presentation method, concept attainment, college students, 5391 concepts defined by disjunction vs. conjunction of relevant
- characteristics, acquisition strategies, 10th 12th graders, 5979 conceptual tempo & strategy, mathematics achievement & pattern recognition & concept learning, 4th & 6th grade mathematics
- underachieving boys, 5288 cue-selection theory of learning, model concept identification & paired associate learning processes in concept-acquisition paradigm developed by C. L. Hull, 1749
- definitions of unfamiliar concepts, concept learning, college students, 3639

dimensional preference & relative cue similarity, optional shift behavior, 1st & 3rd graders, 4232

formal learning of personality concepts vs. discovery of concepts based on experience, teaching psychology classes, college students, 10026

fragmented subconcepts related to stimulus contexts & perceptual attributes, natural language concept development, 5 6 & 8 9 & 11 12 yr. old schoolchildren, 10906

free choice vs. fixed postfeedback interval, response latency in concept identification, college students, 10458

geometric vs. thematic stimulus arrays, information selection vs. assimilation of information encountered & concept attainment, female undergraduates, 3669

height-width compensation concept mastery, susceptibility to conservation concept training, kindergartners, 4106

individual sequenced vs. terminal objective vs. no instruction, multiple-classification problem solution, 5 vs. 6 vs. 7 yr. olds , 635 information processing in concept learning task varying in complexity, GSR, 9th & 10th graders, 257

intellectual processes of hypothesis generation & evaluation & memory, concept learning abilities, 1681

intra- vs. extradimensional stimulus-change cards in card sorting task, orienting reflex & attention to concept utilization, college & graduate students, 3718

IQ & abstract reasoning & sex, learning biological concept using audio vs. visual vs. written advance organizers, 7th graders, 11988 language-activation training on relational terms, conservation acquisition & reasons given for response, 6 yr. old non- vs. partialconservers vs. conservers, 1300

level 4 & level 5 object permanence concept as discriminated operant response, concept learning & conceptual development, 21 32 mo. olds, 4202

meaningful verbalization & complexity, concept identification, 4th graders, implications for classroom applications, 8028

mental development level, classification learning, 4 & 5 & 7 yr. olds, 8816

model observation & rule provision & stimulus sequence, learning & transfer & retention of dial reading numerical concept, 3rd grade students, 2210

movement response treatment vs. traditional concept teaching method, concept learning & attentiveness & verbal memory for new material, lower-class black 4 yr. olds & heterogeneous kindergartners to 4th graders, 3182 movie presentation of Piagetian conservation tasks of length & area

& continuous quantity in solid & liquid, conservation attainment, 67 yr. olds, 8848

operant conditioning, social behaviors & positive school attitudes development & language & concept learning, 3 5 yr. olds, 11907

perceptual & conceptual skill training, geometric form discrimina-tion & reproduction, 1st graders, 11990 Piaget's vs. P. Gal'perin's interpretation, teaching concept of weight

& mass consistency, 4 6 yr. olds, 8874 Piagetian development stages, reversal vs. extra-dimensional vs.

nondimensional shift learning, 2nd & 3rd graders, 6608 pretraining, conceptual & problem solving ability, middle vs. lower

class 4th graders, 2182 reinforcement for people over object pictures, people concept

acquisition, pigeons, 4045

relevant & stimulus dimensional responses & nondimensional & conceptual discrimination, consecutive intradimensional & extradimensional & control shifts, 50 61 mo. olds, 6614

relevant rule presentation & complete feedback, conservation of liquid quantity problems, 5.5-6.5 yr. olds, 643

reversals of cue reward assignments on alternate errors, concept identification, kindergartners & 1st & 5th graders, application of G. Bower & T. Trabasso's test for noncontinuity processes, 2195

sampling hypothesis which dictates responses, discrimination learning, 216

simultaneous vs. sequential presentation & total vs. partial vs. no specific review & easy vs. hard instance difficulty, concept learning degree, 1785

single-array conservation task, acquisition of number concepts preceding Piagetian conservation, 3 4 yr. olds, 6487

stimulus figures presentation in passive receiving active instrumental & active verbal procedures, concept learning, 12 13 yr. olds, test of R. Rommetveit's theory, 645

stimulus intensity & locus of feedback in response concept learning, acquisition & transfer of behavioral strategies, 10380

stimulus presentation method & type of focal instance & type of strategy & sex, conjunctive concept attainment task performance, college students, 10502

stimulus similarity & preference & saliency, concept attainment, 10405

stress & concept attributes & attribute values & successive problems, concept attainment, college students, 6008

structuring learning sets & writing programed study course, concept attainment, 3127

successive strategies, learning to use lazy susan" lever, 12 24 yr. olds,

systematic conceptual learning program, IQ & intellectual development, preschoolers from poverty backgrounds, follow-up investigation, 5434

testing as teaching method, conservation of volume & identity & equivalence concepts attainment & D. Elkind's ordering system validity, prospective elementary school teachers, 7738

Venn diagrams vs. multiple-choice Venn diagrams as visual transformational mediators, rule learning, college students, 10099 verbal coding & human vs. stimulus modeling treatment, vicarious acquisition of novel conceptually guided behavior, 2nd graders,

verbalization & reinforcement, concept-solution efficiency, introverted vs. extroverted 11 & 12 yr. olds, 8424

verbalization of model's behavior, vicarious learning of abstract vs. conceptual rule & generalization & retention, 5th graders, 4262

visual perception & sensation & conceptual learning & physiological & comparative & mathematical psychology, Japan, review, 16 Concept Mastery Test

Concepts

academic performance & motivation & individual & status variables, conceptual functioning, disadvantaged high school seniors in special college preparatory program, 1340 analysis & clarification, nonverbal & verbal or abstract concepts & meaning of term "abstract", 3724

cognitive decentration level & social status among peers & concept comprehension, school-related concept communication in 2-child communication task, black inner-city 2nd & 4th graders, 9067

concept type & pretraining extent & presentation method, concept attainment, college students, 5391 conceptual dependence, theory of natural language understanding,

confidence ratings, index of response latency in concept identifica-

tion, college students, 10412

discrimination learning vs. perceptual screening training to attend to relevant cues, use of concept of intent in judgments of social & achievement behaviors of story characters, 5 8 yr. olds, 6637

low vs. middle socioeconomic status, semantic differential ratings of concepts, 5th graders, 837 Piaget's number concept, general intelligence development, kinder-

gartners, 6511 prior knowledge & conceptual conflict, desire for new information,

6th & 11th graders, 5956 relational vs. absolute response reinforcement & verbal mediators, intermediate size transposition task performance, 1st graders,

semantic differential analysis of familiar concepts, normal & neurotic 17 20 yr. olds, 11490

semantic differential test of perceptions of persons & concepts & drugs, drug-addict patients, 7288

story naturalistic information & relatedness between misdeed & accident interaction, belief in immanent justice, 2nd graders, 2130 tangible vs. intangible vs. no rewards & time of reward presentation, concept-switching performance, middle- vs. lower-class Israeli 5

yr. olds, 2119 Conceptual Imagery

bizarreness & interaction of pictures of word pairs, recall, 3760 eye movements, recall of information with iconic vs. spatial organization vs. motion imagery, 210

guided fantasy counseling technique, increasing self-awareness & emotional expression, teenagers & young adults, 2909

imagery & verbal elaboration, recall of paired associates, 10 15 yr. old educable retardates, 4876

imagery & verbal symbolic processes, book, 230

imagery vs. linguistic theory of reasoning, criticism of H. Clark's criticism of J. Huttenlocher & E. Higgins & H. Clark's reply, 1709 instructions to visualize stimuli during unfilled delay, visual recognition of nonsense shapes, preschoolers, 4182

language & thinking & imagery, human development, book, 579

mnemonic alterations & elaboration, retroactive interference from learning multiple word lists, 1676

social change, moral teaching & affiliation & power & achievement imageries content. Egyptian stories & folk tales, 661

sophistication & culture similarity to European society, eidetic & memory imagery, 8 12 yr. old Australian Aborigines, 728

talents for auditory processing & imitation & planning & producing finely controlled motor sequences & phonological system & grammatical rule abstraction & symbolization & discourse, language acquisition, children, 2173

Conceptualization (See Concept Formation)
Concussion (Brain) (See Brain Concussion)

**Conditioned Emotional Responses** 

truly random" vs. traditional control procedures, on-base-line CER for licking behavior, rats, 6411

Centrum-Medianum-Parafascicularis lesion, food-reinforced operant response frequency increase & CER intensity & persistence decrease measured by conditioned suppression, rats, 1856

concurrent random interval reinforcement & stimulus changeover delay & reinforcer duration & noncontingent & signaled shock, lever pressing response rate, rats, 4003

difficult auditory discrimination, discrimination reversal in conditioned emotional response experiment, rats, 4047

ECS after reactivation of consolidated memory trace, retrograde amnesia for fear conditioning, rats, replication of J. R. Misanin & R. R. Miller & D. J. Lewis's study, 8608

electrolytic destruction of 1 amygdaloid complex & electrical stimulation of intact amygdala to develop kindled epileptic focus, long-term prograde effect on CER acquisition, rats, 1910

long-term prograde effect on CER acquisition, rats, 1910 emotional responses classically conditioned to words, social behavior, bibliography, 10508

genetic analysis, CERs, 3 strains of mice & their hybrid crosses,

inconsistency with interstimulus associations hypothesis, 2nd-order

conditioning & sensory preconditioning, rats, 4058
infantile handling, heart rate & response suppression, rats, 10710
shock predictability, essensibility, conditioned emotional response

shock predictability & escapability, conditioned emotional response & basal emotional level, male rats, 6386

Conditioned Reflex (See Conditioned Responses)

Conditioned Responses (See also Conditioned Emotional Responses, Conditioned Suppression)

a-methyltyrosine & reserpine, operant shuttle-box & t-maze task performance, 6-hydroxydopamine treated & centrally-sympathectomized rats, 10607

alternating vs. irregular partial reward schedules, response patterning & speed on runways, rats, 6358

apomorphine vs. amphetamine, dose-related lever-pressing behavior, rats, 3875

appetitive barpressing, hippocampal EEG & visual evoked responses, rats, 6182

application of reflexology in sports activities, conditioning of study & behavior, children & adolescents, 3242

armine introduction into motor area of right hemispheres, motor CR, cats. 8621

atropine injection in caudate nuclei, maintenance of instrumental

motor conditioned responses, cats, 3946 attitudinal reinforcement magnitude shifts, instrumental response

speed, male undergraduates, 3711 autoshaping, lever pressing in operant responding, mental

retardates, 11724 awareness, skeletal muscle EMG response training & retraining,

8525
CER & heart rate & defecation, partially immunosympathectomized

& normal pregnant rats, 380 chlorpromazine & amphetamine, basal metabolism & conditioned

reflex activity under stress conditions, rats, 1918 chronic vs. acute ip marihuana extract injections, acquisition &

retention of conditioned fear, rats, 392 classical aversive conditioning with random vs. repeated vs. single CS-UCS pairings, CR extinction, high vs. low anxiety undergraduates. 8435

compound conditioned stimuli presentation with each stimulus controlling degree of response strength, summation of response strengths in operant discrimination situation, moderately retarded children, 4788

compounding discriminative stimuli controlling variable-interval limited-hold avoidance, response summation, dogs, 8740

concurrent fixed-interval schedules with DRL procedures & concurrent fixed-interval fixed ratio schedules, fixed-interval performance, 18 24 yr. olds, 232

concurrent vs. multiple reinforcement schedules, local response patterns, pigeons, 2017

conditioned inhibition training, nictitating membrane response, rabbits, 8743

conditioned movement responding, changes in somesthetic cortical evoked potentials, cats, 3778

conditioned reflex, history of early research, 10538 conditioned responses in reticular formation, rats. 8737

cortical steady potential shifts & anodal polarization, delayed response performance, monkeys, 8567

CS vs. no stimulus vs. UCS vs. paired CS-UCS, acquisition & maintenance & extinction of jaw-movement pseudo-CRs & CRs, rabbits, 4065

delta-9-tetrahydrocannabinol & chlordiazepoxide, shock-elicited fighting & fixed interval food-reinforced lever-pressing, male albino rats, 419

discrimination learning on variable interval reinforcement schedule with different light & tone combinations, response summation, rats, 8747

duration of detention period & time interval between detention & learning & CR strength, passive-avoidance CR level & amnesia, mice, 8756

duration of differential reinforcement of low rates correlated stimuli, timing & collateral responding, pigeons, 8741

stimuli, timing & collateral responding, pigeons, 8741 early conditioned reflexes, beginning of learning processes, human infants, 8820

EEG, 14 16 yr. old monozygotic vs. heterozygotic twins, 10585

electrical brain stimulation as UCS & lights as rewarded & unrewarded stimuli in discriminative classical conditioning & counterconditioning of sniffing response, hippocampal EEG correlates, rats, 3907

factor analysis methodology, individual differences in conditioned cardiac responses, college students, 6205

fixed delay of reinforcement procedure, variable-interval responding, rats, 534 food & electrical brain stimulation as reinforcing stimuli, positive

behavioral contrast, rats, 10596 imprinting on neutral object, conditioned imitative reaction, chicks,

6370

interstimulus interval & time estimation, signaled & unsignaled shock aversiveness, college students, 8472

interstimulus intervals, acquisition of conditioned suppression of ongoing consummatory lick response, rats, replication of Libby's investigation, 518

intertrial reinforcement amount, successive contrast effects, rats, frustration theory application, 10712 level 4 & level 5 object permanence concept as discriminated

level 4 & level 5 object permanence concept as discriminated operant response, concept learning & conceptual development, 21 32 mo. olds, 4202

low response rate differential reinforcement, collateral responses development, rats, 6414 medial prefrontal cortex removal, classical defensive conditioned

reflexes & heart rate, dogs, 8675 mixed & multiple fixed ratio reinforcement schedules, behavioral

mixed & multiple fixed ratio reinforcement schedules, behavioral contrast, rats, 517

multiple schedule with equal variable-interval schedules in 2 components vs. variable-interval schedule in 1 component & extinction schedule in other, sustained behavioral contrast, 5 8 yr. olds, 252

omission training, jaw-movement CR to water UCS, rabbits, 10739 orotic acid, acquisition vs. extinction vs. reacquisition of conditioned response, isolated metathoracic ganglia vs. headless vs. intact cockroaches, 1932

oxazepam, facilitation of learned behavior suppressed by CER or punishment, rats, 421

physical & reflexological conditioning, water polo, 1670

positive conditioned reinforcement, maintenance of keypecking which prevents delivery of primary reinforcement, pigeons, 4062 posttrial hippocampal stimulation, blocked CER acquisition, rats,

punishing different bands of noncriterion interresponse times, DRL responding, rats, 4073

puromycin, retention of conditioned cardiac deceleration, goldfish, 1944

reflexological conditioning, swimming, 1721

reinforcement omission on pause-respond vs. respond-pause conditioned patterns, response rate, pigeons, 4068

response contingent reinforcement criterion variation, shaping high correct response rates in matching to sample task, kindergartners,

response prevention, repeated acquisition & extinction of avoidance, rats, 3988

response-contingent changes in UCS intensity, nictitating membrane response, rabbit, 3998

responsive-contingent sensory change in bar pressing, preference for ambient light intensity & sound, rats, 6377

septal area lesions & base-line activity levels, conditioned & unconditioned heart-rate response, rats, 3878

signalled extinction, suppression of responding during warning stimulus, pigeons, 509

stimulus relevance, control of drinking & conditioned fear responses, domestic chicks, 547

synaptic nervous function quantum description, conceptual dualism resolution among biology & physics & chemistry & conditioned reflex phenomenological status, 6151

UCR to shock vs. conditioned key-peck response, response topography, pigeons, 552

US magnitude, classical reward conditioning & extinction of jaw-movement response & URs & CRs & pseudo-CRs, rabbits, 8763

visual CS & nonlight stimuli, high response levels under massed practice & avoidance levels, C3H & DBA mice, contribution to J. Wilcock & D. Thiessen's review, 6103

work requirements & punishment of unmerited self-feeding, selfreinforcement for contingent response without external contingencies, pigeons, 4043

yeast ribonucleic acid, fixed-ratio performance, pigeons, 10740 2nd order schedules of shock delivery, lever-pressing responses, squirrel monkeys, 487

Conditioned Stimulus

amount of discrimination training, conditioned inhibition & degree of stimulus control, pigeons, 569

appetitive CSs, instrumental avoidance behavior, 10765

auditory CS & intertrial interval variation, Pavlovian cessation conditioning, dogs, 6412

avoidance conditioning using light as CS & brief shock as UCS, general activity, goldfish, 2001

classical aversive conditioning with random vs. repeated vs. single CS-UCS pairings, CR extinction, high vs. low anxiety undergraduates, 8435

compound conditioned stimuli presentation with each stimulus controlling degree of response strength, summation of response strengths in operant discrimination situation, moderately retarded children, 4788

compound summation as index of excitatory properties, CSs acquired in brief acquisition period & after prolonged extinction, rats. 4055

conditioned hope & success stimulus, fear & maximum jumping height decisions, 15-17 yr. old males, test of Mowrer's 2-factor learning theory, 3641

conditioned stimulus associated with formalin administration, water & sodium intake, rats, 473

contingent vs. random CS & UCS presentations during time-related base-line positive reinforcement, response facilitation, college students, 1756

cortical spreading depression & slow potential change, cortical representation of conditioned eye blink, rabbits, 10626

CS paired with avoidable vs. unavoidable shock, alteration of Sidman avoidance baselines, dogs, 4051

CS vs. no stimulus vs. UCS vs. paired CS-UCS, acquisition & maintenance & extinction of jaw-movement pseudo-CRs & CRs,

lesions of amygdaloid & corticomedial amygdaloid nuclei, freezing & avoidance of unconditioned & conditioned threat stimuli, male rats, 6228

magnesium pemoline, performance on 1-way avoidance task in absence of discrete CS vs. excitatory properties of strong CS, rats, 1858

manipulating temporal contingency between neutral stimulus & food reinforcer & varying percentage parameter of pairings, establishing neutral stimulus as conditioned reinforcers, pigeons,

mixed schedule stimulus removal & discriminative stimuli production, Wyckoff pedal response & standing time & keyresponse rates, male pigeons, 4026

nonreinforced preconditioned exposures to CS, Pavlovian eyelid conditioning & latent inhibition effect, rabbits, 4057

pairing & instructional procedures, reinforcement function acquisition in neutral stimuli, 8392

pretraining compatible & incompatible responses, subsequent one-way & shuttle-avoidance performance, rats, 10698

redundancy of stimuli established as conditioned reinforcers, observing-response during positive vs. negative trials, pigeons,

semantic conditioning using CS & UCS manipulation of orienting reflex, perception enhancement & subsequent CRs magnitude augmentation, college student, 8308

serial & simultaneous compound presentations of separately established conditioned stimuli, escape maintenance, college students, replication of D. Levis's study, 8418

serial CS component similarity, consummatory licking suppression, rats, 10728

single stimuli response rates & consequences, combining punish-ment signalling stimuli, rats, 6450

UCS shock durations & unreinforced CS presentations, resistence to extinction, rats, 10773

US magnitude, classical reward conditioning & extinction of jaw-movement response & URs & CRs & pseudo-CRs, rabbits, 8763

Conditioned Suppression adrenalectomy & gonadectomy & TACE, conditioned suppression to noxious stimuli, rats, 8663

attention & social contact withdrawal, hysterical vomiting, 17 yr. old female, 11527

Centrum-Medianum-Parafascicularis lesion, food-reinforced operant response frequency increase & CER intensity & persistence decrease measured by conditioned suppression, rats, 1856

compound summation as index of excitatory properties, CSs acquired in brief acquisition period & after prolonged extinction, rats, 4055

conditioned reinforcer withdrawal to suppress response, behavior therapy, review, 9643

conditioned suppression technique, criterion discrimination of amyl acetate at 10 of vapor saturation, rats, 2027

conditioned suppression, consecutive responding in counting behavior, rats, 10707

conditioned-suppression, effects of UCS habituation, rats, 10772 conditioning apparatus & procedure, suppression of running

response, gerbils, 4014 hippocampal afterdischarges, conditioned suppression & extinction & cue-controlled behavior, rats, 6139

interstimulus intervals, conditioned suppression, rats, replication of A. Libby's study, 6393

massed extinction sessions, spontaneous recovery of conditioned suppression, rats, 10752 posterior hypothalamic stimulation, conditioned suppression of

food-reinforced barpressing behavior, rats, 6290 prenatal exposure to extreme low frequency rotating magnetic field,

conditioned suppression, rats, 2026 resistance to reminder effect, flurothyl-induced retrograde amnesia

for learned peak-suppression, cockerel chicks, 3869 self-modification, suppression of inflammatory scratching, 21 yr. old female, 11804

self-stimulation & its suppression, discrimination learning, autistic children, 11422

serial CS component similarity, consummatory licking suppression, rats, 10728

variable-interval vs. fixed-interval schedules of response-dependent

shock & visual cues, response suppression, rats, 10749
Conditioning (See also Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus)

conditioning vs. hypnosis, Lamaze childbirth method, 10495 conditioning vs. pseudoconditioning, unit responses & movement behavior in thalamus & cortex, rat, 8514

conflict situation demanding difficult visual discrimination, conflict severity & decision time in conflict resolution, normals & hospitalized dysthymics, 11489

conflict, sensory & cognitive & personality processes, perceptual adaptations, 80

cross-pressure & cognitive dissonance & interpersonal balance theories, human & political behavior under conflict, book, 11024 delineation & behavioral conceptualization, organizational conflict,

direct vs. vicarious vs. perceived racial conflict, awareness of different black liberation groups, black vs. white 7th-12th graders, 675

expected utility behavior models, conflict management strategies, 11064

food-shock conflict, experimental neurosis, cats, 6364

high vs. low conflict & unknown vs. known decision consequences, free choice behavior, college students, application of D. Bem's self-perception hypothesis & interpersonal simulation technique to J. Jecker's conflict experiment, 6878

internal-external locus of control & sex, use of promises & threats in interpersonal conflict, 4391

intra- & interpersonal conflicts in predominantly white large American universities, black administrators, 1308

MMPI scale development, evaluation of ability to resolve conflicts,

moral judgment & education level, prediction of maladaptive aggression in experimental social conflict, 18 30 yr. old male psychiatric patients vs. undergraduates, 9274

multidisciplinary approach synthesized frustration-aggression & decision-making & subjectively expected utility models, conflict behavior, 11098

mutual developmental stake & investment, age & generational differences in perceptions & conflict, 4092

norms & cohesion as adaptive responses, coping with potential conflict in Prisoners' Dilemma-like situations, college students,

occupational vs. love vs. sex vs. death conflict situations, asthmatic & pulmonary tuberculosis symptom initiation, male vs. female patients, 1066

outpatient clinic control structure variations, conflict perception, teaching vs. community hospital pediatric clinic physicians, 7587 power & social conflict, R. Dahrendorf's & C. W. Mills' theories,

psychiatry contributions through scholarly knowledge of conflicts, international conciliation, 11734

psychoanalytic theory & clinical case material, conflict & defense, book, 857

recreation therapy, social interaction & detection of hostility & conflict, nursing home patients, 11640 role playing intellectual insight & emotional catharsis & reduction

of interpersonal conflict, female college students open vs. not open to feeling life, 1104

role reversal to facilitate attitude change & negotiation & interpersonal attraction & conflict resolution, literature review, 2341

Skinnerian conflict model, intra-nation political decision-making,

social conflict in organizations, literature review, 6846

Split Field: Relayer System, anxiety reactions, hospital administrator & therapist & patient, 11632

threats eliciting different perceptual & behavioral reactions, interpersonal conflict, male vs. female college students, 4419

variable perspective, bargaining perspective & process in simulated labor-management dispute, college students, 11042

Conflicts (Role) (See Role Conflicts)

Conformity (Personality)

age & sex & stimulus ambiguity, social conformity on perceptual judgment tasks, 16 21 & 60 80 yr. olds, 4159

agreement & disagreement, memory performance & confidencelevel & response bias, group, 9105

analytic vs. client-centered orientation, importance of adaptability vs. personal conformity & rigidity, psychotherapists, 901
Asch situation vs. Strickland-Crowne procedure vs. Marino-Parkin

technique, group conformity measure equivalence, 9020 conception of group norms & nature of behavior tested & nature of group conformity to norms, high school & college students & male & female prisoners, 753 confederates vs. simulated group vs. naive majority technique,

conformity studies, 8184

conformity & attitudes toward environmental quality & behavior, social psychological aspects of littering, 662

conformity & information & confidence, willingness to take risk following group discussion, college students, 11119

conformity & underrecall of disagreement & rejection & devalua-tion of significance, response style to interpersonal disagreement, college students, 4407

conformity pressure & modeling, attraction toward interviewer, hospitalized female psychiatric patients, 1247

E bias & S's suspicion of deception & attitudes toward psychology experiments & current issues, dot-estimation conformity task, undergraduates, 2311

early nonconformity & subsequent conformity of confederate influence & approval in 4-person decision groups, replication & extension of E. Hollander's study, 6877

ego development & child rearing practices, conformity & social change, New Zealand, 8856

empathy, male undergraduates with low Socialization scale scores on California Psychological Inventory vs. incarcerated male delinquents with matched scores, 4509

expectation of future interaction & choice of less desirable alternatives, conformity in ongoing social interaction, college students, 6828

experimental manipulation & self-perception of relative competence, conformity in group social communication task, Canadian 8th 10th vs. 11th 13th graders, 6804

feelings of competence & pressure to conform, compliance & manipulation awareness, 4439

group influence, conformity to confederates' judgments in weight determination task, college students, 6848

group pressure & task difficulty, errors in line estimations as indication of personality stability, 9th & 10th graders, replication of Asch's conformity experiment, 4481 group pressures & individual characteristics, conformity behavior

prediction, college students, 6847 IQ & Scholastic Aptitude Test scores & content vs. visual stimuli,

conformity, white training school inmates, 4511

issue ambiquity, conformity in petition-signing, 717 live vs. televised behavioral vs. live verbal peer model, conformity vs. deviation, 2nd & 3rd graders, 1-mo. follow-up, 10523

moral judgment level & interdependent vs. independent goal

conditions, conformity, 7th graders, 4214
Multidimensional Scale for Rating Psychiatric Patients, increased behavioral conformity & decreased visibility of secondary

symptoms & decreased energy expenditure, aged schizophrenics hospitalized for 30 yr. or more, 2668 nationalism & industrialization, conformity, 8980

no knowledge vs. knowledge vs. lived through knowledge concerning conformity situation, attribution of conformity, college students, 817

own-behavior expectation prediction & behavioral conformity prediction to conflicting expectations concerning performance, expectational formation & behavior, 2385

peer group conformity & individuality, adolescent development, non-Maori New Zealand adolescents, 8781

peer vs. authority source & prior experience of agreement vs. disagreement, conforming behavior, adolescents, 4402

perceived competence & conformity of leaders in successful & unsuccessful groups, social status, 2384

power vs. status, deviation from prescribed organization norms of equity vs. self-interest theory, college students, 12154

prior agreement vs. disagreement by peer, influence susceptibility by same vs. different peer, 3rd & 4th & 5th graders, 9095 sensitivity to injustice & socialization level & empathy & autonomy,

mature moral judgment, 4499

mail group dynamics, corrective groups conformity & social control & application to smoking cessation groups, 7418 televised verbal &/or behavioral conforming vs. deviant vs. no peer model, resistance to deviation, 1st & 2nd graders, 11139

warmth & intelligence & emotional stability & boldness & suspicion & sophistication, deviance & subsequent conformity perception & sociometric task leadership, department store salesgirls, 782

4-state absorbing Markov chain model, conforming responses in experiments modeled after those of S. E. Asch, 1531

Confusion (Mental) (See Mental Confusion)

Congenital Disorders (See also Cleft Palate, Drug Induced Congenital Disorders, Hermaphroditism)

characteristics of congenital nystagmus during REM & NREM sleep, replication of A. Arkin & E. Weitzman & J. Hastey's study, 11328

congenital background, behavior disturbance, 7309

congenital retinal blindness, mental retardation & neurologic involvement, congenitally blind children, 7121

emotional & cognitive & interpersonal confrontation of birth defect, self-esteem & overall adjustment, 8-14 yr. old children, 4678

hearing loss & congenital anomalies & therapy & environmental causes, intelligence measures, 4 16 yr. old cleft-lip &/or cleftpalate children, 9395

incidence & type of schizophrenic syndrome, congenital syphilitics, 2741

Marfan's syndrome with mental subnormality, 34 yr. old female,

maternal attitudes & behavior, self-esteem & overall adjustment, 8 14 yr. old children with birth defects, 4679

Congenitally Handicapped

dichotic listening recall, patients with congenital vs. infantile

hemispherectomy, 4805

global-articulated & verbal-comprehension & attention-concentration dimensions, cognitive patterning, congenitally totally blind vs. adventitiously totally blind resulting from retinoblastoma vs. normally sighted Ss, 1079

normal cueness & visual cueness & visual deprivation, balance skill learning rate, normal vs. congenital deaf vs. acquired deaf 12 15 yr. olds, 11388

sign language therapy, language development, congenitally deaf

tactual motor scanning, compound figures perception, congenitally blind vs. normally seeing with eyes closed vs. persons blinded after birth vs. normally seeing children, 7196

Conjoint Therapy
Connective Tissue Cells
Connective Tissues (See also Bones, Cartilage)

Connotations

communication barriers & measurement of semantic space, identification of connotations of key terms causing confusion, small group participants of different professional backgrounds,

good-bad word effects, tachistoscopic recognition thresholds & recall of words, 4th vs. 7th graders, 4115 judgments of inherent sexual connotation of products, analysis of

sex in advertising, undergraduates, 3424 repression-sensitization & sexual stimulation, associative responses

to double entendre words, college students, 4491
right vs. left brain damage, forced-choice semantic differential

judgments of connotative meaning, aphasia patients, 7127 semantic differential analysis of familiar concepts, normal & neurotic 17-20 yr. olds, 11490

Consanguinous Marriage assortative mating & genetic consequences of nonrandom mating & consanguinity effects on offspring, 338

values & cultural climate with compulsion as collective obsessional neurosis & will frustration & conscience, meaninglessness, 967

Conscious (Personality Factors)

inner experiences & consciousness, free will vs. deterministic view of

life, applicability for teaching, 11919

onscloussess Disturbances (See also Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Place Disorientation, Sleep Disorders, Sleep Talking, Sleepwalking, Somnambulism, Suggestibility, Time Disorientation)

altered states of awareness, book of readings, 10590

cerebrovascular injuries & prolonged coma, EEG & sleep cycles & REM & NREM sleep, 7264

consciousness changes & group relationships, paranoid patients,

Consciousness States (See also Awareness, Wakefulness) organo-dynamic" theory of H. Ey, organization & disorganization

of consciousness, 3784

active subjective role involved in process of knowing & informing image, implications for educational strategies, 8178
altered consciousness states & free association & sensory

deprivation & regressive style, visual imagery imaginative elaboration & vividness & unreality, schizophrenics & artists & engineers, 7300

altered consciousness states, violent criminal patients & hospital ward staff, 9456

altered states of awareness, book of readings, 10590

altered states of consciousness, scientific method of study, 10589 archetype of consciousness, personality & psychological faith &

evolution of C. Jung's views, 9165

clinical implications & neurophysiological basis, altered states of consciousness through meditation, 290 comparative analysis of theistic & psychological & cosmological

schemata, transpersonal experience, 10222

consciousness sampling, current thoughts about past vs. present vs. future, elderly, 8799

consciousness, society & social psychology, 6683 EEG, wakefulness, 63 yr. old woman, 8534

expanded consciousness, book of readings, 3499

habituation rate to various types of stimuli & classification technique, unconscious brain-damaged patients, 9361

information processing model for cognitive processes with consciousness properties, 1763

low frequency noise generator, simulating waking & sleeping EEG,

mind games, altering & regulating & exploring human consciousness, book, 9191

mind-altering drugs, higher consciousness, book, 8996

paradoxical caloric response in altered states of consciousness, clinical & EEG correlations, patients with toxic metabolic encephalopathies, 7228

psychology of human consciousness, description of college course, 11936

self-induced altered conscious vs. sensory-bombardment induced altered vs. waking states, clairvoyant perception of art prints in sealed envelopes, 5722

senex consciousness, 9169

Conservation (Concept)

acquisition order of transitivity vs. conservation vs. class inclusion of length & weight, Canadian kindergartners & 1st & 2nd graders & American 2nd graders, 10813

age & stimulus intensity, transition from concrete to abstract cognitive processes, educable mentally retarded vs. normal children, 11447

age, conservation concept development, 2.4 5.9 yr. olds, 641

behavioral vs. Piagetian-type verbal interview technique, conservation of length assessment, 1st graders, 606

blindness vs. partial-sight & age, conservation of substances, 5-15 yr. olds, 1378

conceptual tempo, ability to achieve conservation, 2nd graders, 2169 conservation of number & substance & weight & volume performance, 6.8 74.9 yr. olds, 6571

conservation test of M. Goldschmid & P. Bentler, kindergartners vs. 1st vs. 2nd grade boys, 4116

conservation vs. nonconservation, semantic distinction of lexically marked adjectives, 3rd-6th graders, 4129

cultural differences, basic Piagetian conservation task performance, 10 11 yr. old Mexican- vs. Negro- vs. Euro-Americans, 4090 curriculum evaluation, class & size & area & volume concept

acquisition, kindergartners & 1st graders, 3154 developmental age, conservation task performance & chronological

age & sex & IO, 5-8 yr. olds, 10882

empirical return vs. reversibility in sensory-motor context, quantity conservation, nonconserving 5-6 yr. olds, 4218 ethnic group differences, ability to reproduce direction & orientation, Anglo-Saxon American & bilingual Spanish-American 8 12 yr. olds, 4156

field dependency & verbal mediation, cognitive style & conservation task performance, kindergartners & 1st 2nd graders, 10424

filled vs. empty distance conservation task, composition error & class inclusion error, conserver vs. nonconserver 1st graders, 6472

height-width compensation concept mastery, susceptibility to conservation concept training, kindergartners, 4106

identity vs. equivalence conservation & visual vs. kinesthetic perceptual modality, level of understanding of conservation of weight concept & rate of concept development, 5-12 yr. olds, 646

identity vs. reversibility by inversion vs. compensation, reasons for judgments on conservation, 1st & 2nd graders, 10844

individual differences at 1 developmental stage, conservation of continuous quantity, 49 yr. olds, 6512

language as facilitating factor, ability to achieve conservation of number, 1st graders, 8845

language-activation training on relational terms, conservation acquisition & reasons given for response, 6 yr. old non- vs. partialconservers vs. conservers, 1300

MA & CA & low vs. middle socioeconomic status & maturity & number of languages spoken & sex, conservation of 2-dimensional space & substance & continuous quantity & weight, retarded & average children, 2578

movie presentation of Piagetian conservation tasks of length & area & continuous quantity in solid & liquid, conservation attainment,

6-7 yr. olds, 8848

neutral vs. conflictive vs. screened stimulus conditions, transitivity of 3 matching relations, 65-75 mo. old conservers & nonconser-

number concept & conservation, Piagetian tasks, 5 15 yr. old schizophrenics, implications for educational program planning,

optimum learning model, developing component skills of substance conservation, nursery school children & kindergartners, 630

physical objects appearance vs. reality vs. identity judgments, 4-5 yr. olds, 6545

Piaget's conservation construct & psychometric intelligence, 6498 Plaget's 3-stage model of conservation acquisition, ordinal investigation of number & liquid quantity conservation, kindergartners & 1st & 2nd graders, 10812

Piagetian simultaneity & order of events tasks, time conservation, Afro- & Anglo-American 7 & 9 & 11 yr. olds, 2099

Piagetian tasks & egocentrism index & Stanford-Binet Vocabulary ibtest & Raven Progressive Matrices & Test of Behavioral Rigidity, performance levels & interrelationships among tasks, 55 79 yr. olds, 6613

relevant rule presentation & complete feedback, conservation of liquid quantity problems, 5.5 6.5 yr. olds, 643

reversibility & semantic confusion with "renversibilite," role in conservation attainment, 626

sequenced training units, acquisition of conservation, kindergartners in disadvantaged area, 7772

single-array conservation task, acquisition of number concepts preceding Piagetian conservation, 3 4 yr. olds, 6487

structured science curriculum in Piagetian type operations, cognitive coping, 3rd graders, 7737

syntactical transformations, conservation of meaning task, urban black & white high school students with dialectal differences,

testing as teaching method, conservation of volume & identity & valence concepts attainment & D. Elkind's ordering system validity, prospective elementary school teachers, 7738

weight & mass & volume conservation, 0 3rd vs. 4th 6th vs. 7th 8th grade level educated adults, 602

Conservatism (Political) (See Political Conservatism)

Consistency (Measurement)
adaptation for dichotomous data use & establishment of significance levels for coefficient using Cochran's Q-test, Kendall's coefficient of concordance, 35

extension of Bannister's method & outcome of computing program, coefficient of convergence for consistency measurement in repertory grids, 8245

magnitudes estimation vs. rating scales, internal & external consistency of weight measurements, college students, 8260 multitrait multimethod matrix, convergent & discriminant validity

of dominance, 2486

stimulus distribution & judgment of glare & loudness, internal consistency of magnitude estimations, college students & faculty members & graduate students, 10286 subjective probability model of cognitive organization, "Socratic

effect," college students, 8452

Ward Atmosphere Scale, internal consistencies & subscale intercorrelations & means & standard deviations & profiles, British psychiatric wards, 2961

Consonants

confusion of English consonant clusters, lipreading, college students, 11158

consonant identification vs. discrimination of distinctive features, speech perception, college & graduate students, 75

electronic gating, perception of partial vs. complete deletions of consonant-vowel syllables, 11165

lateral-view cinefluorographic analyses of selected lingual consonants, articulatory velocity & patterns, 11162

nature of transconsonantal vowel, terminal formant frequency transition values, college students, exploration of S. Ohman's findings on perceptual correlates, 11167

successive vs. simultaneous discrimination tasks, noncategorical perception to stop consonants, college students, 69

voiced vs. whispered vowel environments, bilabial closure duration for /p/ & /b/ & /m/, normal-speaking young adult males, 835

Constipation doxepin & diazepam, anxiety & somatic complaints & drowsiness,

muscular weakness & constipation, anxious neurotic outpatients, planned reinforcement & repetitive suggestions, 4 yr. old boy with

constipation & severe abdominal distention, 2978

Construction (Test) (See Test Construction)

Consultation (Professional) (See Professional Consultation)

Consumer Attitudes

additive & negative exponential & positive exponential mathematical models, underlying psychological processes in consumer preferences, 8089

advertisment size, product advertisement & advertising exposure,

demographic &/or sociopsychological variables, socially conscious consumer, 5593

demographic variables & innovative behavior & interest in & knowledge about topic, opinion leadership, housewives, 5656

estimated & actual price & flavor & aroma ratings of cheeses, middle- & upper-middle-class Ss, 8129

over- vs. understatement of product quality, consumer product ratings, 5661

perceived instrumentality vs. value importance, determination of consumer attitudes toward brand, 5675

perceptions of favorable & unfavorable qualities of retail salesperson, college students, replication of H. Townsend's study,

personality traits, perceived product symbolism as indicator of

consumption patterns, college students, 11239 preferred qualities of vegetable oil, Pakistani housewives, application of semantic differential, 10146

responses to white vs. black TV commercial actors, white & black females, 3444

statistical analysis & evaluating criteria, tests of television commercial effectiveness, 10163

Consumer Behavior

anxiety & fear, attitudes toward life insurance & predicting life insurance purchasing behavior, 3368 choice of beer brand, descriptions of personalities of buyer, 10186

demographic & psychographic characteristics, intermarket patron-

age, female homemakers, 10167 demographic & psychological characteristics, identification of consumer types with similar media patterns, urban & rural adults,

demographic &/or sociopsychological variables, socially conscious consumer, 5593

media exposure patterns of consumer innovators, female homemakers, 11196

microanalytic modeling, consumer patterns & store location analysis, 3416

packaging & pricing practices, consumer price comparisons of retail products, 10139

perceptual & personality & economic variables, price level of product selections, college students, 5645 prepurchase information seeking & product purchase & use, new car & major household appliance buying behavior, 5658

price-per-unit information, package size choice, consumers, 5626

psychological approach, saving, book, 3432 sale of goods to panel households from mobile van, prediction of buyer behavior under mini-test" conditions, 5608

threshold model of purchasing decisions & multivariate profit parameter estimation, 5639

sumer Protection ner Psychology

ner Research (See also Consumer Surveys) lottery model, manager pricing decision making, 5600

perceived instrumentality vs. value importance, determination of consumer attitudes toward brand, 5675

preferred qualities of vegetable oil, Pakistani housewives, application of semantic differential, 10146

prepurchase information seeking & product purchase & use, new car & major household appliance buying behavior, 5658

price-per-unit information, package size choice, consumers, 5626 testing advertising copy, evaluation of techniques & approach to measure effectiveness, 3459

urban socioeconomic structure, managerial & conceptual viability & implications for marketing research, 5640

umer Surveys

demographic factors & radio station selection, listed vs. unlisted telephone subscriber households, implications for telephone interviewing in survey research, 10168

random-digit dialing, telephone surveys, 5625 sale of goods to panel households from mobile van, prediction of buyer behavior under "mini-test" conditions, 5608

Contact (Eye) (See Eye Contact)

Contact Lenses
Content (Emotional) (See Emotional Content)

Content Analysis (Test)
comments on R. Boshier's rotation of factor matrices of Conservatism Scale, New Zealand, 8236

controlled association & marker tests, factorial structures with divergent- & convergent-production abilities, 17 18 yr. old Yugoslavians & Americans, 5757

protocol unitizing procedure, applying content analysis system to descriptions of emotional states, 7011

rotation of factor matrices of Conservatism Scale, New Zealand,

SVIB for Men, content analysis of empirical scales, 8093

written composition analysis, self-evaluation, imprisoned youthful delinquents, 9295

Contextual Associations

adjective pairs chosen from Osgood-Suci-Tannenbaum pool with Catholic School as cognitive object to be judged on 7-point scale, parental attitudes toward Catholic education, parents in East & Midwest dioceses, 3278

age differences & varied visual fields & stimuli exposure time & complexity & association value & training level, random shape

recognition, middle-aged & young adults, 6612
altered consciousness states & free association & sensory deprivation & regressive style, visual imagery imaginative elaboration & vividness & unreality, schizophrenics & artists & engineers, 7300

content & intonation, perceptions of meaning of verbal evaluation statements, kindergartners & 2nd & 4th & 6th & 8th & 10th & 12th graders & college sophomores, 4233 context & frequency & grade level, ability to determine denotative

word meanings, average intermediate grades, 11822

context supporting weak associates, adherence to strong verbal meaning definitions, schizophrenic & neuropsychiatric & braindamaged patients, 9415

controlled association & marker tests, factorial structures with divergent- & convergent-production abilities, 17 18 yr. old Yugoslavians & Americans, 5757

cue selection & intercue associations, paired associate learning stage, undergraduates, 3645

data relating to &/or emanating from source & message & context, persuasive communication, 9142

factor structure & imagined contexts, connotative meaning of social interaction concepts, college students, 9082 imagery & verbal elaboration, recall of paired associates, 10 15 yr.

old educable retardates, 4876 interfering associations context & source number, recall & forgetting

in paired associate learning, 60 83 yr. olds, 4097 interrelatedness of personality trait adjectives & test trait rating

order, context effect in personality trait adjectives & test trait rating order, context effect in personality impression formation, 6869 listening to tapes of story vs. philosophical treatise, EMG recordings of tongue biopotentials, 4th form pupils & undergraduates, 267 modality of memory set & test item & visual & acoustic similarity, context recall, 5943

nonlinguistic contextual comprehension of concepts of more & less, development of ability to make quantitative comparisons, 2 & 3 yr. old children, 2203

norms for rhyming associates, college students, 2434

personality-trait word dyads with varied context trait values, person preference judgments, college students, 802 Piagetian operational level, metalinguistic performance, kindergart-

ners vs. 1st graders, 8815

presentation mode & ordering of organized hierarchical information, acquisition & retention of hierarchy of connections between letters, college students, 8440

recall & learning context similarity & differential rehearsal & intertrial interval & activity during trial, short-term memory, college students, 3679

recognizability of behaviors associated with sadness vs. anger vs.

depression vs. hostility vs. fear vs. anxiety, college students, 9159 relational organization & physical distance, recall of picture paired associates, college students, support for W. Epstein & I. Rock & C. Zuckerman's findings, 10396

repeated viewings of filmed accident vs. benign scene in vs. out of context, skin conductance & self-reported distress & heart rate, implications for desensitization therapy, male undergraduates,

3766

roles & context & person vs. object meaning, language development & verbal communication, 6464 sentence contexts, facilitation of noun pair learning, 5th graders,

4110

sex vs. repetition vs. belonging together, recall of nouns from adjective-noun pairs, college students, 6083

statistical approximation technique, generating conversations with systematically variable context, 6904

surface & deep structure sentence changes & context, same-different judgments, 6 yr. olds, 2197

visual scene coherence, single cued object identification accuracy, 3541

Contiguity (Cognitive) (See Cognitive Contiguity)

Contingency Management (See also Token Economy Programs) enriched" ward environment contingency for nonexcessive drinking, abstinence vs. moderate drinking, chronic alcoholics, 7374

attention & praise contingent upon weight loss per week, obese mildly retarded 14 yr. old female, 2854

behavior-contracting, effective group therapy, emotionally disturbed boys, 7361

behavioral contracting to change reinforcement contingencies maintaining drinking, 44 yr. old alcoholic & his wife, 9697

behavioral functions in language acquisition, formulating language training intervention strategy, mental retardates, 7356

contingency contracting, conditioning efficient study behavior, college students, 3257 contingency contracting, deceleration of amphetamine use, female

adult, 11553

contingency contracting, weight control, 18-33 yr. olds, 1185 contingency management using recess time loss as punishment, elimination of disruptive classroom behavior, institutionalized retarded adolescents, 1142

contingency management, reading achievement, junior high school educable retarded students, 9869

contingency reinforcement system, study behavior & academic performance in laboratory vs. classroom setting, 5 & 7 & 9 yr. old sisters & 3rd graders, 11961

contingent & noncontingent social reinforcement, simple operant task, 3rd graders, 10485

contingent mother availability, aversive & prosocial behavior in mildly aversive situation, 2 3 yr. olds, 9574

contingent social reinforcement training program, increased child obedience, mothers of preschoolers, 4245

contingent teacher remarks, nontask classroom behavior modification, 2nd & 5th graders, 11914

contingent vs. noncontingent reinforcement periods, verbalizations, nontalking 5 yr. old Negro girl in Head Start program, 2790

degree of effort & payoff contingencies, trash recycling, middle class families, 6669

discrimination training & modeling & reinforcement, performing dental hygiene, severely retarded boys, 1089 elimination of contingent consummatory behaviors, extinction of

covert impulse responses, 8352

environmental stimulus- & response-outcome contingency expectancies vs. contingent reinforcement, operant learning, 1674

guizzes & discussion of impending quizzes & attendance credit, university lecture attendance, undergraduates, 1324

inhibitory effects of high ratio reinforcement program, attending behaviors & academic performance, highly active mildly retarded students, 10059

knowledge of contingency & response-contingent neutral stimuli, normal speech disfluency, college students, 11766
low group &/or individual contingencies, cooperative behavior on

problem solving task, black 5th graders, 3353

music therapy using preferred music cessation contingent on rocking, rocking behavior decrease, institutionalized retarded young adults, 7484

music therapy, decreasing hand movement & rocking, profoundly retarded child, 7656

negative practice applied contingently, smoking behavior, 7592 no tokens vs. contingent tokens vs. noncontingent tokens, accuracy

& criterion performance on programmed handwriting materials, kindergartners, 3110

parental contingency management, modification of echolalic speech, blind & behaviorally-deficient 8 yr. old boy, 7573

parental self-recording, contingent attention to & increase of appropriate child behavior, mothers of deviant 5 yr. olds, 1148 peer behavior managers, programed mathematics, elementary school students, 11920

social praise & production charts & money, production rates, trainable retarded & severely emotionally disturbed 12-20 yr. olds

in public school workshop, 9862 stimulus-contingent & response-independent food presentation, key

pecking behavior, pigeons, 10738 structured lessons & group & individually contingent events & conditioned reinforcers, classroom behavior modification, 7th graders, 7884

teacher training techniques, teacher contingent reinforcement rate & on-task" behavior, 11915

timing with portable, wireless clock-switch, increased classroom

attending behavior, 1st grade students, 1386

token & social & unmanaged reinforcements, work & social behavior in occupational therapy, 16 45 yr. old male psychiatric inpatients, 9818

token reinforcement, verbal initiations in group therapy, hospitalized adolescents, 7700

work-contingent vs. noncontingent alcohol acquisition, alcohol drinking patterns, alcoholics, 7567

experimental methods, cross-cultural family planning research, 6772 fears, 7 8 yr. old Thais vs. Americans, 8803

group processes in training situation, cross-cultural trainees, 2328 group vs. individual judgments & cross-cultural differences, wage increase recommendations, management engineers, United States & Europe, 8081

Illinois Test of Psycholinguistic Abilities, Maori vs. European 5-6 yr. olds, 732

Illinois Test of Psycholinguistic Ability performance, characteristic patterns, Mexican-American sample population vs. norm group,

information sampled & search heuristics & efficiency in decision making, Mexican vs. North American undergraduates, 4305 inservice cross-cultural educational programs, preparation for

increasing intercultural contact, employees, 5630

international comparison, attitudes toward women & family, 657 international exchange & psychological study of children's art, fostering international understanding & cooperation, 4247

interpersonal risk, disrupting ongoing cooperation, cross-cultural & procedural generalization, replication of G. Marwell & D. Schmitt & R. Shotola's study, 11099

level of education, authoritarianism, adults, U.S.A. vs. Finland vs. Costa Rica vs. Mexico, 730

macular & retinal pigmentation & stimulus color, Muller-Lyer illusion susceptibility & space perception, Scottish vs. African Malawi university geography students, 119

manifest anxiety & time spent in U.S.A., attitudes towards disabled, American & Asian college students, 736

maternal verbal communication, resistance to temptation, 9 10 yr. olds of Canadian- vs. Italian mothers, 687

methodological & theoretical considerations, cross-cultural investigations of humor, children, 8838

mother vs. father influence & age, moral reasoning, male vs. female children in Iran vs. U.S.A. vs. Canada vs. Guatemala, 8973

mother-infant physical contact, social environment object differentiation, children, cross-cultural longitudinal study, 2209

multilanguage versions & writing translatable English, translation for cross-cultural research, 10948

multimethod multidimensional analysis, perceived similarities among 21 nations, Ss from United States & England & France & Yugoslavia & Colombia & India & Korea & Thailand, 11032

multiplicative vs. distance approach of quantitative analogues of Heider's balance theory, perceptions of international relations, 6-11 yr. olds from Britain vs. Austria vs. Belgium vs. Greece, 704

Occupational Photo Association Technique eliciting work readiness & general occupational development & vocational interest patterns indicators, cross-cultural vocational counseling facilitation, Eskimos & Aleuts & Indians, 1396

Persian translation of Cattell's 16 Personality Factor test, personality patterns & comparison with American norms, 17 19 yr. old Iranian high school students, 8950

political ideology & interpersonal values & participation in demonstrations, attitudes toward social change & use of force & militarism & racial identification & drug use, male college students from U.S.A. & Canada & Netherlands & Denmark & Sweden & Finland, 684

proficiency in English language & auditory vs. visual presentation of E, behavior ratings, Japanese vs. American Os, 6873

questionnaire & rating scales & quantification of behavior & crosscultural backgrounds & experimental-psychological tests & physiological & pharmacological & biochemical methods, quantification of depressive illnesses, 2577

reproduction of orientation of Kohs-type figures, Icelandic vs. Zambian 3rd graders vs. Zambian laborers, 2232

scaling analysis of similarity ratings of teaching activities, American vs. German psychology students vs. teachers, 7927

sex & academic group, self concepts, Thai vs. American high school students, 7979 sex & subculture & family relationships, personal space, Hawaiian

Orientals vs. Caucasians, 8899 sexual attitudes & behavior, college students in U.S.A. vs. Canada

vs. England vs. Norway vs. Germany, 8945 social & personal power, acquiescence to socially desirable peace

proposals, cross-national study of European Ss, 6713 social attitudes & life styles, 11 16 yr. old Japanese boys vs. American adolescents, 701

social influences leading to devaluation of S's national & ethnic group, ethnic preferences, 6 11 yr. old Scottish & British & English & Israeli children, 6769

social status as power function of income & education, Mexican- & Anglo- & Afro-American college students, 705

social-psychological methods & problems, cross-national research, book, 711

societal influences, perception of social vs. political intervention for organizational success, college students from United States & Britain & Netherlands & France & West Germany & Sweden, socioeconomic & linguistic characteristics of Peace Corps host countries, volunteer's behaviors & credibility, 6698

statistical analysis, suicidal tendencies & suicide attempts, French 12 20 yr. olds, 9473

time attributed to expected life events, Indian vs. American 9th graders, 6726

word associations, constructing cogent assertions & messages, crosscultural analysis, 6768

Crossed Eyes (See Strabismus) Crowding (See Overpopulation)

cruelty to animals in children, 18 case histories, 4875 Crustacea (See also Crabs, Crayfish)

dark vs. light & vertical vs. oblique vs. horizontal & many vs. few spines on sea urchin model, visual orientation, shrimp, 1997

immobilization vs. activity between original learning & extinction, relearning, isopods, 10744

tactile stimulation, avoidance reflex, naupliar vs. postnaupliar embryo vs. juvenile crustacean embryos, 481

daily amount & periodicity & changes over time, crying behavior, infants, 2172

infant cries, literature review, 4194

maternal response consistency & promptness, decline in frequency & duration of infant crying, infant-mother pairs, 1 yr. follow-up study, 11043

mechanisms & role of timbre & prosodic properties, reflexive crying, human neonates, 10901

time-out & assertive behavior training, frequent crying, 9 yr. old male, 5158

token economy program, crying & no smiling, 20 yr. old institutionalized female, 1211

**Crying Cat Syndrome** 

chromosomal aberrations affecting autosomes, intelligence level, 9412

CS (Conditioning) (See Conditioned Stimulus) Cube

Cues

absence of face-to-face cues, modeling effects, telephone interviews,

abstract motor response operant conditioning & spatial-contextual prompts, comprehension of prepositions, Mongoloid children, 2946

air vs. odor stimulus before unavoidable shock, food licking response suppression, rats, 10724

anxiety, cue intake range & attention in signal detection task, 3536 associate category cues vs. no cues, recognition in facilitation of recall, college students, 10402

association level & category membership & cues, free recall & clustering, college students, 10459

associative vs. rhyming cues vs. both, word clustering & free recall, undergraduates, 3671

associatively related vs. unrelated words & free vs. cued recall, independent vs. dependent storage, college students, 6079

atropine sulfate pretreatment, arecoline- vs. saline-cued lever-pressing discrimination, female albino rats, 456

auditory vs. visual vs. tactile vs. auditory-visual-tactile stimulation with training materials, learning & retention, college students, 3696

auditory-visual stimulus modality & cue-signal sequence & interval, signal detection, 5859

Brunswik's lens model with indication of direction of resultant vectors as feedback, multiple cue probability learning in vector composition task, college students, 251

category cues, free recall, retarded adults, 4723 classical vs. nondifferential punishment extinction procedures & discriminative cues, discriminated barpress avoidance, rats, 6387

classically differentiated supplementary feedback cues, psychomotor learning facilitation, college students, 8318
constrained & cued recall training, verbal memory performance,

2nd & 4th & 6th graders, 2181

context & recency cues, picture recognition memory, 11 18 yr. old retardates with mean MA of 9 yr., 932

cue properties & ambiguous-cue experience, 2-choice discrimination problem with plaque stimuli composed of rewarded stimulus & nonrewarded stimulus & ambiguous stimulus, monkeys, 3993

cue selection & intercue associations, paired associate learning stage, undergraduates, 3645

- cue selection & mediation of color vs. verbal stimuli, pairedassociate & transfer task performance, 3rd vs. 5th vs. 7th graders,
- cue utilization patterns, student-faculty evaluation, college students, 12038
- cue value of operantly controlled heart rate changes as discriminative stimuli, emotional response, male Ss, 347
- cue-selection theory of learning, model concept identification & paired-associate learning processes in concept-acquisition paradigm developed by C. L. Hull, 1749
- cued vs. uncued vs. disparity UCS's, galvanic skin response amplitude & latency & rise time & Edelberg recovery measure, college students, 8541
- deleted vs. identified orienting cues, learning of prose passage, undergraduates, 3706
- derived motives & cues predicting consequences, review, 482
- differential cognitive cues, pictorial depth perception, black 3rd graders, 5878
- dimensional preference & relative cue similarity, optional shift behavior, 1st & 3rd graders, 4232
- discrimination learning vs. perceptual screening training to attend to relevant cues, use of concept of intent in judgments of social & achievement behaviors of story characters, 5 8 yr. olds, 6637
- distributed vs. massed exposure to conditioned cues & exposure to distinctive apparatus stimuli previously paired with vs. never associated with shock, retention, immature rats, 4022
- encoding cues, prose learning, college students, 7762 exposure time to discriminative vs. nondiscriminative cues & start box confinement time & abrupt shift in start box confinement &/or cue presentation, differential conditioning in straight runway, rats, 10725
- familiar vs. relative size cues & surface texture, relative distance judgments, adults, 5877
- frontopolar lesions, utilization of response-produced visual cues, rats. 8640
- functional vs. nominal perceptual cues, attentive behavior in solving visual motor perceptual tasks, educable retardates, 3291
- hard vs. easy & color vs. shape cues, discrimination learning, pigeons, 6446
- hippocampal afterdischarges, conditioned suppression & extinction & cue-controlled behavior, rats, 6139
- homonyms & synonyms, retrieval cues in free recall memory, high school & college students, 8420
- incongruent verbal vs. nonverbal emotional cue response, stress detection, 8480
- instructions & temporal & spatial organizational cues & age, shortterm memory, kindergartners & 1st & 4th graders & college students, 10881
- instructions to fake & test cues & prior information about test in course, achievement motivation on Thematic Apperception Test & Arnold's Story Sequence Analysis, college students, 12127
- intentional vs. incidental cue utilization in verbal problem solving, individual differences measured by Remote Associates Test & R scale of MMPI, 1729
- interpolated task difficulty & similarity & activity & kinesthetic & visual + kinesthetic cues, short-term motor memory, college students, 8299
- intuitive vs. analytical thinking, consistent vs. inconsistent multiple-
- cue learning task, 5965 large vs. small & intermediate vs. small rewards on alternate trials &
- exteroceptive cues & transfer, pattern running, rats, 6451 learning & transfer, multicue judgment processes, 10513
- lens model analysis, cue employment in judgment, 10277 linear perspective & monocular movement parallax cues, Ames
- window perceived oscillation, 5817 meaningfulness & position, cue selection in verbal paired-associate learning, 4th & 5th graders, 3264
- mecamylamine, discrimination between nicotine- & arecolineproduced cues, rats, 10676
- multiple criteria, multiple-cue judgment task, generalization of linear lens model, 5821
- multiple cue use & cue validity, Brunswik lens model judgments, 3rd vs. 5th vs. 7th vs. 9th graders, 4186
- multiple schedule with component consisting of two-link chain, aversiveness of signaled vs. unsignaled shock, rats, 10756
- multiple-cue learning with redundant relevant cues, extended version of D. Zeaman & B. J. House's 1-look model of selective attention, 242

- nonrewarded vs. rewarded pretraining & positive vs. negative cues, color-form discrimination learning, retarded & nonretarded children with MA of 2 4.5 yr., 1013
- normal cueness & visual cueness & visual deprivation, balance skill learning rate, normal vs. congenital deaf vs. acquired deaf 12 15 vr. olds, 11388
- numerosity as cue, successive reversal, rats vs. pigeons, 10735
- orienting response, attention span & relevant cue discriminability in relevant redundant cue problem of concept identification, male college students, 1743
- perceptual cues, additive composition of classes, kindergarten & 1st grade students, 8880
- peripheral cue relevance of location-specific stimuli under aroused states, perceptual field narrowing, college students, 10354
- picture-redundancy paradigm, stimulus encoding in paired-associate learning, preschool black children, 10805
- presentation rate & list type & stimulus position & formal response similarity, free recall & paired-associate learning, college students,
- random blackout cues in successive reading of passage, distribution of moments of stuttering, 13 37 yr. old stutterers, 11467
- real vs. imputed distance, time judgments, Kappa phenomenon, 10349
- reinforcement & task & cues & number of therapists, stimulus & response generalization of classes of imitative & nonimitative behaviors, children, 11616
- response competition, 2-choice object discrimination task with rewarded stimulus & nonrewarded stimulus & ambiguous stimulus, monkeys, 4011
- response-independent rewards during ON & ON duration & reward patterns during ON & presence vs. absence of exteroceptive cues during ON & OFF, key pecking response rate, pigeons, 10762
- retrieval cues & set organization, short-term recognition memory, college students, 8410
- salience of odd cue during original training, color oddity problem training & transfer to form problems, 3-5 yr. olds, 4127
- selective cue & cue location attention, visual discrimination, rats,
- sets to use time & velocity cues, space estimation, 1st vs. 4th graders vs. undergraduates, 627
- single ECS following retention interval & pre-ECS reinstatement of memory cues, amnesia for maze learning, rats, 6289
- size cues vs. no cues, weight perception, congenitally vs. adventitiously blind Ss, 7191
- spatial-positional & verbal & nonverbal stimulus cues & development of ability to form internal representations of stimulus events,
- memory task, kindergarten students, 6479 spontaneous vs. externally-cued learning, permanent storage of schema, mentally retarded adolescents, 7990
- stimulus preview & supplemental visual cues, spatial representation & perceptual motor anticipation in discrete tracking task, 1st 5th graders, 6482
- subjective vs. objective cues, moral judgment, consequence- vs. motive-oriented 2nd & 4th & 6th graders & college students, 6514
- syntax & intonation & paralanguage & body motion in interpersonal verbal exchange, taking speaking turns in conversation, 754
- tachistoscopically flashed consonants under posthypnotic cue influence, shifts in mental concentration level, 20 yr. old hypnotic college students, 10395
- target distance & direction & perspective & size & accommodation & convergence cues, visually directed pointing, adults, 3570
- task predictability & cue consistency, cue utilization on multiple-cue probability learning task, college students, 5938
- threat control vs. no control, cue utilization, 1708 total vs. partial ablation of dorsolateral frontal cortex, supplementary articular-somesthetic & kinesthetic cues & delayed alternation performance, monkeys, 388
- traditional orthography vs. initial teaching alphabet vs. orthographies providing graphic cues, differentiation of grapheme-phoneme units, kindergartners, 3277
- unavoidable & inescapable shock, choice of longer vs. stronger signaled shock over shorter vs. weaker signaled shock, rats, 10700
- variable stimulus-response mapping & stimulus meaningfulness, single letter cue selection, 8359 verbal vs. pictorial prompting, paired-associate learning, undergrad-uates, criticism of M. W. Daehler & J. C. Wright's capturing

- verbal vs. visual dimension highlighting, discrimination & transfer
- learning, preschoolers vs. 2nd graders, 4260 visual noise masking on parallel mechanism & post exposure cuing on serial mechanism, tachistoscopic recognition, college students, 5829
- 3-cue selection models, multidimensional stimulus classification, alternatives to C. Spiker & W. Croll & A. Miller's analysis, 3646
- Meher Baba cult, mysticism & drug rehabilitation & postadolescent role conflict, 2288
- values & ego functioning in primitive cultures, atypical culture-specific reactive psychoses, 1076
- Cultural Assimilation
- culture assimilator training vs. essays vs. no training, performance evaluation & adjustment in foreign country, Air Force & civilian advisors in Thailand & Army advisors in Greece, 10187
- employment satisfaction and memberships in American organiza-tions, 2-directional ethnic identity, Polish post-World War II immigrants, 2276
- sophistication & culture similarity to European society, eidetic & memory imagery, 8-12 yr. old Australian Aborigines, 728
- **Cultural Deprivation** American College Test, predictive validity, community college students, Appalachia, 11994
- assessment for program evaluation purposes, Wechsler Preschool & Primary Scale of Intelligence & WISC, culturally deprived 6 yr. olds, 5576
- contingent recreation activity room access, daily quiz achievement & on-task" classroom behaviors, culturally-deprived students,
- creative dramatics & play therapy & speech improvement & specific language instruction, language development, culturally deprived children, 3207
- cultural deprivation, Maslovian needs, 6th & 9th & 12th graders, 5558
- culturally enriched vs. culturally deprived environment, pairedassociate learning & retention, 4th graders, 6474
- culture vs. genetics, intelligence differences, Negroes vs. Caucasians,
- rejection of A. Jensen's position, 10518
  expanded vocational rehabilitation program, intraagency processes
  & procedures, culturally disadvantaged & medically disabled,
- family structure in underdeveloped area, social change, Calabria, Italy, 719
- high vs. low socioeconomic status & average vs. low IQ levels, visual & auditory short-term memory & cross-modal coding task, 7 11 vr. olds, 6570
- highly cognitively-structured small group activities vs. traditional preschool program, language & cognitive development, disadvan-
- taged preschoolers & kindergartners, 3322 impoverished social environments, sociogenic brain damage & learning disabilities, children & adolescents, 7241
- instructional objective vs. traditional curriculum design, mental age & self concept, culturally disadvantaged kindergartners, 7948
- intellectual deprivation, perceptual-motor skills & intellectual performance, junior & senior high school students, 5493
- Kephart perceptual-motor program, academic readiness, culturally disadvantaged kindergartners, 5390
- language characteristics while engaged in problem tasks, disadvan-taged vs. nondisadvantaged children, 8811
- linguistic aspects & implications for educational programing,
- culturally disadvantaged children, 11882
  Lowenfeld Mosaic Test, psychological development, equally disadvantaged black vs. white preschoolers, 2141
- manipulation & classification & concept development vs. traditional arithmetic training, Piagetian tasks of cognitive development, disadvantaged 1st graders, 5425
- marital status & education of mother & father & teacher predictions & race & sex & reading readiness & intelligence & degree of handicap, school success vs. failure, culturally disadvantaged children, 10040
- milieu rehabilitation, adjustment training, socioculturally disadvantaged, 5057
- movement response treatment vs. traditional concept teaching method, concept learning & attentiveness & verbal memory for new material, lower-class black 4 yr. olds & heterogeneous kindergartners to 4th graders, 3182
- parental counseling, classroom scores & teacher satisfaction, deprived 1st graders, 5374

- personality & institutional affiliation & attitude changes toward culture of deprived child, teachers, 10029
- remedial educational programs, failure to be integrated into whole educational system, 7712
- structured treatment approach, hospitalized socially deprived adolescents, 5203
- teacher's self-concept, child's self-concept, low vs. middle socioeconomic status children, 5567
- verbal motivation, level of aspiration, disadvantaged 9 12 vr. old Negro boys, 5549
- vocational rehabilitation client sustention, culturally vs. medically handicapped, longitudinal study, 9600
- WISC classification value, studying learning-disabled & culturally disadvantaged pupils, 5476

  Cultural Familial Mental Retardation (See Psychosocial Mental
- Retardation)
- **Cultural Test Bias**
- Afrikaans version of Eysenck Personality Inventory & Eysenck Tender-Mindedness scale, prejudice & introversion-extroversion & neuroticism, Afrikaans-speaking high school students, South Africa, 5784
- black-white bias in item content, psychosocial maturity scale, 6950 controlled association & marker tests, factorial structures with divergent- & convergent-production abilities, 17 18 yr. old Yugoslavians & Americans, 5757
- cross-cultural stability of 2nd-order factor structure, 16 PF, 8238 culture fairness, personality test use in different culture from where
- developed & implications for use of non-Canadian tests in Canada, 869
- culture-fair assessments, intelligence, literature review, 10253 culture-freeness & validity, Wepman Test of Auditory Discrimina-tion & Harrison-Stroud Reading Readiness Profiles & Illinois Test of Psycholinguistic Ability, discussion of literature, 5395
- item-order & composition of word-list, Netherlands version of Hamburg Wechsler Intelligence Test for Children, 8 13 yr. old Dutch children, 5804
- judgments of intelligence test-item bias, cultural minority members, 5294
- methodological & theoretical considerations, cross-cultural investi-
- gations of humor, children, 8838 MMPI scores as reflection of values, discrimination in employee
- screening & diagnosis & need for test based on black norms, blacks vs. whites, 6952
- predictor of law school success & possible cultural bias, Law School Admission Test, minority students, 11868
- racial differences, Eysenck Personality Inventory Extroversion & Neuroticism scores, black vs. white college students, 8944
- uselessness & antidemocratic nature of psychometric testing & Galton paradigm, 5751
- Culturally Disadvantaged (See Cultural Deprivation)
  Culture (Anthropological) (See also Subculture (Anthropological)) academic achievement motivation & response set scores on Gumpgookies, Mormon vs. Catholic vs. Jewish vs. Puerto-Rican vs. urban Negro vs. rural Caucasian.vs. Hawaiian vs. West Coast Oriental vs. Mexican-American vs. American Indian preschool
- children, 8777 body build & personality, schizophrenic vs. affective vs. neurotic vs.
- normal Southern Chinese males, 9463 cultural group, value orientations, adolescents, 4288
- culture, concept of intelligence, Uganda, 6780 culture, mnemonic performance & memory, 6668
- distance & contact greetings, ethology of human greeting behavior, Waika Indians, 2235
- ecology in nature & culture & fantasy, environment & psychiatry, 5705
- family & culture, childhood development, book, 8865
- government policies & laws & customs, status of women & attitudes toward marriage & motherhood, 6770
- group culture & identity & group-oriented self-esteem, root causes
- intercultural contact & international stance, attitude change toward national hosts, American servicemen in Far East countries & civilians in Hawaii, 670
- language & psychology & culture, book, 9128
- linguistic relativity & cultural heritage, causality, 833
- multiple discriminant analysis of Illinois Test of Psycholinguistic Abilities, prediction of levels of modernization, 4th graders from cultural systems of varying modernization in Sierra Leone, 1533

New England Psychological Association's Eleventh Annual Meeting, proceedings, 8174

popular tradition or folklore psychiatry contrasted with ethnopsychiatry, Peru, 9755

psychosocial & cultural factors, Arab-Israeli conflict, literature review, 8888

teacher & course folklore, attitudes on course evaluation questionnaire, graduate students, 9824

textbook images of social problems, social development, 10 yr. old school children, 7842

textbooks, trends in educational psychology, 1951–1970, 3307 verbal intervention, locus of control ideology & cognitive dissonance & militant attitudes, black studies vs. social studies high school classes, 5359

Curriculum Development

American Psychological Association policy statement, kindergarten through 12th grade psychology & behavioral science teaching,

changing goal & curricula orientation & student selection criteria, history of higher education in France, 11951

cognition deficits, development of new educational programs & teaching methods, 1367

construction of college curriculum according to vocational effectiveness of course, satirical plea, 3285

creative use of different perspective & needs, legal education process reforms, minority students, 11946

curriculum evaluation, class & size & area & volume concept acquisition, kindergartners & 1st graders, 3154

developmental problem identification & curriculum development & effectiveness evaluation, deficit centered classroom training, developmental deficit, 1st graders, 1359

educational psychology course content preference, teacher education students vs. teachers, 11948

factor analysis application, pupil characteristics organization for educational program development, 7th & 8th graders, 7745

health problems & environmental deprivation, learning ability & curriculum development, migrant children, book, 11856

intuition vs. logical thought, learning mathematics, implications for mathematics curriculum development, 11900

judgments of educational objectives in cognitive & affective & psychomotor domains, nursery school & kindergarten & 1st grade teachers, 7986

knowledge of occupations test construction & validity & reliability, implications for counseling & instruction & curriculum planning,

learning theories of Gagne & Piaget, implications for curriculum development, 10078

low implementation costs & wide applicability, basic operational learning system & curriculum, 3102

Piaget's conception of structure in cognitive psychology, implica-tions for curriculum theory & development, 3288

prototypic-learner models, intrinsic individual differences in learning & developing individualized instructional programs for classroom subject matter, 1339

recognition of pluralistic nature of psychiatry, more rational planning of psychiatric curricula, 11306

socioeconomic status, concrete vs. abstract paired-associate learning task, Negro male kindergartners vs. 3rd vs. 6th graders, application to educational programming, 5557

teacher education & experience, importance ratings of role of curriculum consultant for exceptional children, special education & elementary school teachers, 5346

**Cursive Writing Cushings Syndro** 

Sense (See also Tactual Perception, Vibrotactile Thresholds)

bar-pressing time discrimination, spectral analysis of response force variations as evidence of neuromuscular sensory feedback, rats,

exploratory activity, haptic perception, blind, literature review, 7112 haptic perception of Mueller-Lyer illusion, congenitally vs. blinded in adulthood vs. sighted but blindfolded vs. sighted nonblindfolded Ss, 10351

haptic perception, 29 73 mo. old Africans, 6510

intra- & intermodal processing, short-term memory for shape information, 46 & 8 9 yr. olds, 6456

large septal lesions vs. medial forebrain bundle ablations at septum level, reactivity to handling & responsivity to quinine & saccharin solutions & footshock, rats. 365

positive vision-touch transfer of form in paired associate paradigm, adults, 3661

rate & pressure & direction of moving point across forearm volar surface, cutaneous perception, 16-25 yr. olds, 10331

size judgments presented through visual-haptic vs. visual touch commonality, visual-manual commonality, college students, 161 stimulus orientation, haptic perception of horizontal-vertical illusion, college students, 3561

Cybernetics

cybernetic & biochemical approach, personality & treatment, book, 11244

cybernetic experimental method applied to teaching machines, 12035

Cycles (Work Rest) (See Work Rest Cycles)

Cycloheximide

cycloheximide vs. saline & subsequent ECS, long-term & short-term memory processes, mice, 6217 Cyclothymic Personality

cyclothymia & schizothymia & androgeny, anthropometric measurements & masculinity-femininity data, males & females, 3816

frequency & occurrence, cyclothymic depression with vegetative somatic disorders, 2731

schizothymic vs. cyclothymic vs. ixothymic personality types, stereoscopic vision & color discrimination, adults, 840 untreatable cyclothymic depressions of late onset, characteristic

psychopathology, 2627 Cynicism Cysteine

Cytochrome Oxidase

Cytology

Cytoplasm Czechoslovakia

age & sex, doll-play technique, English vs. Czech 4 & 6 yr. olds vs.
Norwegian 5 & 6 yr. olds, 8825
Amthauer Test of Intelligence Structure applicability, Czech students up to 19 yr. old, 3522

applied psychology of creativity, current state, Czechoslovakia, 6956 attitudes toward mental illness, college students & physicians & police & nurses in Great Britain & Czechoslovakia & West Germany, 7217

Cattell Culture Free Intelligence Test scale 2 validity, Czech soldiers & high school students, 3515

creative ability test scores, creative talents & job ingenuity, Slovakian high school students & technical workers, 5666

Czechoslovak version of Kogan-Wallach Choice-Dilemma Questionnaire, validity, college students & adults, 5747

development of medical psychology, Czechoslovakia, 4987
London doll-play technique validity of T. Moore, English & Norwegian & Czech populations, 8226
London Play Technique with dolls, role distribution, 4 6 yr. old Czechs, comparison with L. Ucko & T. Moore's results with English children, 4162

personality variables, ethnic prejudice toward West Germans, Czechoslovakian Ss. 6753

psychiatric liaisons with psychiatric treatment centers & professionsl meetings, Czechoslovakia & Bulgaria & Turkey & Greece & Yugoslavia, 1970, 4571

Daily Biological Rhythms (Animal) (See Animal Circadian Rhythms)

body part judgment & exposure time, adaptation to visually distorted stimuli, professional ballet dancers vs. nondancers, 1606 dance program, mentally retarded, 9870

**Dance Therapy** 

dance therapy, socially acceptable behavior & verbal communication, state mental hospital patients, 7357

group psychotherapy in playgroups & art therapy & music & dance therapy, severely mentally ill & adolescents with adjustment problems & drug addicts & families, 5209

**Dark Adaptation** 

duration & illuminance & total light flux, dark-adaptation recovery times, 17 26 yr. olds, 99

search area size, target acquisition with passive night vision devices, operators, 5598

Darwinism

Freud's relationship to Darwinian theory & role of C. Claus, 5733 reaction to Darwinism & mental testing development & industrial schools reform, history of British special education, 12000 DAT (Test) (See Differential Aptitude Tests)

Data Processing

analog tape recording of pulse series for digital computer fast input, 3476

Dating (Social) (See Social Dating)

Daughters

Day Camps (Recreation) (See Summer Camps (Recreation))

Day Care (Child) (See Child Day Care)

**Day Care Centers** 

"zone" vs. "man-to-man" staff assignments, day care center

organization, 5473

individualized teaching with therapeutic aims in day care centers, implications for children with apathy-withdrawal vs. angerdefiance related to maternal overprotection vs. neglect, 9656

male volunteer aides in day care centers, classroom behavior, preschool age children, 8862 Parental Attitude Research Instrument, attitudes towards childrearing practices, day care center aides vs. developmental psychologists, 3335

sex & race & age differences, verbal fluency & flexibility & creativity, sighted vs. blind residential vs. day school 6 12 yr. olds, 11926

**Daydreaming** DDT (Insecticide)

Deaf

acquaintance with auditory-vocal components of language code, deaf education, profoundly deaf children, 12078

annoying social habits, image & job success, deaf adults, 11407 attitudes toward deafness, deaf vs. hearing college students & professionals, 4846

availability of verbal mediators, visual discrimination learning, 5 8 yr. old deaf vs. hearing children, 4899

biographical variables used in multivariate predictive model, identification of potential nonrehabilitants, deaf clients in vocational rehabilitation, 11805

biological mechanisms, development of babbling & development of song dialects, normal vs. deaf infants & normal vs. deaf vs. acoustically isolated birds, 9424

clinical psychology, multidisciplinary approach to speech & hearing disorders treatment, 9533

congenital blindness & deafness, development of tactile-kinesthetic discrimination, 6 14 yr. old congenitally blind & deaf & normal children, 4626

consonant presentation in auditory & visual & auditory-visual modalities, lipreading, normal-hearing & severely hearing-im-paired & profoundly deaf 9 15 yr. olds, 11371

correlational vs. comparative methodology, factor analyses of communication skills & intelligence, deaf children & adolescents, summary of 9 studies, 4627

deafness simulation & observation, attitudes & anxiety & behavior towards deaf, college students, 4902

deafness, formation of social attitudes toward general institutional categories, deaf college students, 2694

diagnosis & instruction, deaf-blind children, book, 7341 distance from speaker & stress patterns, visual reception of speech, profoundly deaf children, 11370 education & functional use of residual hearing & intelligent speech & social acceptance, deaf, 11867

educational & occupational & psychological & economic status, nonwhite deaf population, literature review, 11341

educational background & length of job experience, attitudes toward deafness & deaf people, rehabilitation counselors, 11290 factor analysis & orthogonal rotation of factor matrix, behavioral problems, 6 20 yr. old deaf students, 11470

feigned deafness & ascending vs. descending mode, Stenger Test,

young adults, 9718

knowledge of students' information-gathering pathways, teachers of deaf & blind, educational implications, 987

manual methods vs. spoken English in describing referents & game rules, quality & accuracy of peer-to-peer communication skills, deaf vs. hearing 8 & 11 yr. olds, 4727

matching visual stimuli, selection preference for color & orientation & form & size dimensions, 6 9 yr. old deaf & normal-hearing children, 2769

mean subvocalizing effort scale values of J. Greenberg & J. Jenkins's CCVCs, S effort ratings, Dutch & American deaf 13-18 yr. olds vs. hearing undergraduates, 11427

mediated visual-to-print approach, teaching reading & language, deaf children, 7707

method of encoding verbal information on films, verbal comprehension, hearing impaired high school students, 12046

miniature linguistic system using sequence of matrices, demonstra-tion of logic of language, 6 & 8 & 10 & 12 yr. olds in residential schools for deaf, 9960

needs from family & school & society & role of psychotherapy, deaf children, 9542

neooralism, special education, deaf children, Soviet Union, 10002 normal cueness & visual cueness & visual deprivation, balance skill learning rate, normal vs. congenital deaf vs. acquired deaf 12-15 yr. olds, 11388

parental attitudes, social abilities development & perceptual-motor skills, deaf children, 1054

pilot program, development of independent living skills, mentally retarded deaf 12-30 yr. old students, 1299

practical & theoretical implications, multiply handicapped deaf children, 11504

problems & potentialities of dealing with spoken language, oral deaf adult & children, 11888

psychoanalytic techniques, 21 yr. old female deaf-mute, 11549 recent personality research, deaf children, review, 11486

rehearsal strategies & encoding passages & confusions, short-term memory, deaf children, 11506

semantic space, school-related attitudes toward curricular areas & people, retarded vs. disturbed vs. blind vs. deaf students, 1377 sensory & perceptual abilities, tactual sensitivity, deaf vs. hearing adolescents, 11483

sex & deafness etiology & degree of deafness, mental development, urban vs. rural deaf 14 yr. olds, 9466

short-term individual training in sentence production, improvement of temporal features in speech, deaf children, 9926

sign language therapy, language development, congenitally deaf

speech coding, short-term memory for verbal material, 5-16 yr. old deaf schoolchildren, 2596

speechreading vs. manual communication, total communication, hearing-impaired children, 12107

spoken vs. gesture language, language-use development, deaf vs. hearing children, 7083

static view vs. social interaction visual stimuli & O differences & deafness, person perception & trait judgments, deaf & hearing undergraduates, 4845

story presentation via speech reading with voice & Rochester method & total communication, language comprehension ability, 13-20 yr. old deaf students, 2663

telephone coil vs. microphone in postaural hearing aids & H. Feldmann method, measurement of cocktail party effect, 8 16 yr.

old double prosthetized children, 2927 theory & method for teaching mother tongue to deaf children, book, 4888

time interval estimation, deaf vs. hearing high school students, 2761 transformational linguistic analysis, written language, normal & deaf 12 18 yr. olds, 1317

unique communication & maturation & adjustment problems, psychiatric unit, deaf patients, 1118

verbal vs. sign language, story communication & verbal thinking, deaf-mute vs. normal hearing 3rd 8th graders, 4735

videotape, education, deaf-blind children, 9916

visual speech displays, ba" & pa" production, 7 12 yr. old deaf children, 3038

vocal labels, short-term memory for pictures, younger vs. older hearing vs. deaf children, 7107

**Death And Dying** aggression & death theory, 2626

childhood sibling loss, Bertha Pappenheim's psychopathology, 7263 classroom group development stages, validation of Tuckman's model, students, 7955

consideration of death, anxiety level, cancer vs. medical patients vs. healthy Ss vs. heroin addicts, 7175

cremation, expression of life style, 2299

death & dying conceptions in personal poetry, 11200

death & dying, book, 6530

death anxiety, 6-10 yr. old leukemic vs. chronically ill children, 4868 death by suggestion, W. B. Cannon's vs. C. P. Richter's theories & new theory based on G. L. Engel's concept of giving up given up complex in medically ill patients, 708

dreams, preparation for death, terminal cancer patients, 11602 experiences of death & age, development of concept of death, 9 14

yr. olds, 8787

family member death, maladaptive reactions, 11429

Gestalt therapy, emotional relationship termination, psychotherapy patients, 11789

living & dying, Freud, book, 11257

moral & political & social & medical considerations, generating & analyzing criteria for determination of death, 1176

patient-spouse role expectations during terminal illness, patient anxiety & alienation, male terminal cancer outpatients & spouses, 11491

psychoanalytic theory of life & death forces from clinical viewpoint, aggressive aspects of narcissism, 2726 psychological death as adaptive response to life-threatening illness,

male with multiple myeloma, 9282

recognition of optimal state of tensions in patient, termination of analysis, parent-loss case, 3029

religious ritual & culturally constituted defense mechanisms, intrapsychic adaptive processes & mourning, 720

resistance & life review & transcendence, reaction to dying, people who have nearly died, 10480

sex & 1st hospitalization age & diagnosis & psychological history & demographic variables, longevity, 80 yr. old & older former psychiatric patients vs. patients deceased at 65 70 yr. old, 9359 sudden unexpected patient death, pathological grieving, psychiatric

patient & therapist, 11669

theologies of death, literature review, 5711

theories & processes of disengagement from society, quality of life, aging people, 642

theory of death instinct & distinctiveness from fear of dying, 11243 Death Attitudes

attitudes toward death & dying, denial, aged, 4158

death awareness, suicide prevention training, college students & police officers, 9228

death instinct & mental illness & adaptational failure, selfdestruction theories, 1068

defensive processes & affective states & issues presented & adaptive behavior, parent's mourning of child's expected death, counseling guidelines for social workers, 5122

depression & health, death anxiety, elderly & late middle-aged Ss, 6616

depression vs. nondepression, reaction on 1st anniversary of spouse's death, widows & widowers, 2582

dreams, preparation for death, terminal cancer patients, 11602

ease of denial, accuracy of perceiving death-related stimuli & adaptation to idea of personal death, college students, 10995 experiences of death & age, development of concept of death, 9 14

yr. olds, 8787 general & death anxiety, home vs. hospitalized dialysis patients &

wives, 2679 hallucinating presence of recently deceased family member,

mourning process, Hopi Indian women, 10997 life & death attitudes & dichotomous thinking & affective measures, suicidal thought, high & moderately & low lethality & nonsuicidal females, 1034

living & dying, Freud, book, 11257

LSD vs. dihydromorphine vs. meperidine therapy, pain reduction & mood change & approach to illness & death, terminally ill patients, 7641

mental impairment & regarding death as end to physical suffering & inadequacy & loneliness & belief in reunion with loved ones & denial of imminence & role of physician, attitude toward death, geriatric patients, 2768

psychological death as adaptive response to life-threatening illness, male with multiple myeloma, 9282

questionnaires depicting life & death situations vs. time-moneyeffort situations, risk-taking responses, college students, 5971

religious beliefs, attitudes toward death, Christians vs. non-Christians, 11020

religious convictions & attachments & attendance to religious functions, death anxiety, 6771
resistance & life review & transcendence, reaction to dying, people

who have nearly died, 10480

responses to metaphors & death anxiety scales, ways of thinking about death, male vs. female undergraduates, 4477

sibling death in childhood, parents & surviving siblings, 10807 social desirability & purpose in life, personal fear of death, female residents from retirement & nursing homes, 10958

social to terminal stage dying transition, emotional adjustment, nursing home patients, 7164

sudden unexpected patient death, pathological grieving, psychiatric patient & therapist, 11669

suicide from personal & literary & existential viewpoint, book, 922 theories & processes of disengagement from society, quality of life,

aging people, 642 theory of death instinct & distinctiveness from fear of dying, 11243

Death Penalty (See Capital Punishment) Death Rate (See Mortality Rate)

Death Rites

family member death, maladaptive reactions, 11429

Decarboxylases

Deception (See also Cheating, Confabulation, Faking, Malingering, Pathological Lying) age & prior help, lying behavior in behalf of peer, male 8 & 12 yr.

olds, 8814

breathing amplitude & cycle time & eyeblink rate & latency & finger pulse volume & heart rate & GSR & voice latency, detection of deception, college students, 6120

choice & aversive consequences & truth-telling potential & financial inducement, judgment of actions in forced compliance situation

& attitude change, college students, 2224 confidence in displays, obedience to rotation-indicating visual displays, application to pilot training & instrument design, college students, 5638

E bias & S's suspicion of deception & attitudes toward psychology experiments & current issues, dot-estimation conformity task, undergraduates, 2311

imagined vs. real aversive stimulation, role playing & deception in social psychology experiments, college students, 11122

questionnaire responses, truthfulness, addicts vs. aftercare counselors vs. relatives, 9470

role playing vs. deception methodologies in psychological experimentation, 3488

Decerebration

evoked responses, postulated neural circuit associated with sleep-waking process in lower brainstem, decerebellate intact cats & transected & transected split preparations, 361
head-tilting during positional reflexes from labyrinth, limb
responses, intact & decerebrate cats, 445

peripheral denervation & death, spontaneous skin potential

response, cats, 6337

Decision Making (See also Choice Behavior, Management Decision Making)

achievement motivation & sex, triadic coalition, game decision making, 11102 advanced vs. no quantitative training, interactive-decision simula-

tion game performance, 1689 analytical thinking & decision-making, identification & prediction

of leadership performance, hospital personnel, 8066 averaged vs. leader vs. committee decision vs. majority vote vs.

consensus vs. consensus after majority vote, group decisionmaking adequacy, Air Force cadets, 2338

Bayes's theorem vs. multiple regression analysis, descriptive models of graduate program admissions judgments, PhD faculty members, 7864 Bayesian vs. regression approaches, information processing in judgment, 10504

choice between 2 equally attractive organizations, postdecision dissonance reduction & self perception, adult male students,

commitment & utility & relevance & supportiveness, information receptivity, 6724

computer-assisted instruction program fostering decision-making ability, 5345

conflict & decision-making theory, political science, book, 2225 conflict situation demanding difficult visual discrimination, conflict severity & decision time in conflict resolution, normals & hospitalized dysthymics, 11489

correlated vs. noncorrelated binary variables & Inhelder & Piaget's cognitive structure, ability to make logical decisions, student nurses, 240

creativity & original thinking, decision-making & problem solving, power-dispatching engineers, 194

cue attendance vs. hypothesis generation training & verbal ability & predictable vs. unpredictable training stimuli, learning to generate subjective uncertainty, teacher education program students, 725

cumulative total events vs. correct detection vs. false alarm knowledge of results, decision-making in visual monitoring task, male undergraduates, 255

decision theory analysis, referral of students to school special services, teachers, 5324

decision theory approach to values & risky decision making on lifesituation problems, 9063

decision theory, analysis of social power, 9077

decision times & consistency measures, psychological distance & single stimulus & paired comparison judgments & task preference & judged complexity, 6063

decision-making processes of American Psychiatric Association, mental health, 1470

drug choices based on symptom prototype clinical profiles, decision behavior model, clinical psychopharmacology experts, 1202

dyadic game-type experiment, acquisition of information, 2457 efficient information-gathering & self-report techniques & mental health technicians & objective data combinations, decisionmaking in mental health services, 2929

ethnic characteristics of social models, social modeling of decisionmaking behaviors, 8th graders, 8908

fulfillment vs. violation of group expectations about authoritarian vs. participative leadership styles, attitudes & decision making, undergraduates, 803

full vs. partial participation in decision making group & facilitative vs. contrastive tasks, influence perceptions, college students, 818

group discussion & beer, modification of risk preferences in decision making, 24 40 & 58 68 yr. old men, 3860

high rate of information transmission & emotional tension in binary choice task, suppression of sinus arrhythmia, 10466

human factors evaluation of visual displays, adequacy in decision making tasks, 5647

human values & decision making & technology, perspectives, 8135 importance of individual decision, risky shift after group discussion, 744

increasing task complexity, RT & motor & decision-making time, hyperactive vs. normal 7 11 yr. olds, 3209

individual risk-taking behavior & group size & confederate position, group decision making, undergraduates, 6838 individual vs. group decisions for self vs. others, level of risk, female university students, 820

information sampled & search heuristics & efficiency in decision making, Mexican vs. North American undergraduates, 4305

interdependent preferences on finite sets, 1515

interstimulus interval & refractoriness, same-different judgment of visual stimuli pairs, 16 28 yr. old students, 10353

introspective observations over time, self reward decision making, graduate students, 5920

leadership style & group decision effectiveness, validation of F. Fiedler's contingency model, 11123

leadership style moderated by group development stage, small decision making group effectiveness, college students, 4450

lottery model, manager pricing decision making, 5600 methodological similarities of Bayes's theorem & clinical diagnosis, applications to suicidal risk prediction & differential diagnosis & response to treatment, 2921 military decision making, group risk taking, undergraduates, 4414

multidisciplinary approach synthesized frustration-aggression & decision-making & subjectively expected utility models, conflict behavior, 11098

multiple criteria, multiple-cue judgment task, generalization of linear lens model, 5821

multiple Os making binary risk decisions, signal detection performance, 8282

number of intervals on individual's rating scales & aggregation rules & number of group members & accuracy of individual judgments, error in combining individual member judgments to make group decisions, 2339

parameters of decision making, aviation performance, aircraft pilots, 10131

participatory decision-making, political knowledge & acquisition of democratic values, 9042

perceived importance & control of situation, risk preference in decision tasks, 211

progressivity, methods of dealing with concrete classroom situations, teachers, 12118

proneness to behavioral stereotypy, problem-solving & decision-making behavior, college students, 8394

pros & cons consideration in decision-making process vs. cons-only consideration, adherence to decision not to drink, alcoholics, 4884 real vs. synthetic family discussion, risky-shift in decision making, 2382

realistic decision-making situations vs. training vs. experience, validity of probability assessments about unknown quantities, college students in quantitative analysis course, 63

Rehabilitation Counselor Judgement Scale, risk-taking in rehabilitation counselor decision-making, Ss in general area of counseling, 1193

response set forms, decision making behavior, high & low dogmatic teachers, 11862

responses to problem situations & interviews, self-image vs. occupational image as passive nondecision-making individual, personnel managers, 3453

routine vs. nonroutine decisions & perceived uncertainty & perceived influence over environment, decision making structural profiles, groups in manufacturing & research & development organizations, 1405

self-consistency & ability expectations & gain-loss theory, decision making, 6735

single vs. multistage decision making, individual decision behavior, 1965-1970, 233

stage of commitment & participation in decision-making groups, satisfaction & perceived influence & decision-riskiness, 4394 status characteristics, distribution of participation & influence & prestige in decision-making groups, theory development, 1469

subjective predictors, regression analysis for policy capturing, 30 suboptimal & optimal & superoptimal information load, information transmission characteristics between decision-making & information-acquisition dyads, 4-person teams of undergraduates,

success effects, response rate in complex decision making, dyads, 6865

team size & decision rule, team monitoring performance, college students, 2389

threshold model of purchasing decisions & multivariate profit parameter estimation, 5639 varying information, decision behavior in yes-no & forced-choice

decision tasks, college students, 10489

3 vs. 20 vs. 24 vs. 45 hr. exposure to hypobaric conditions equivalent to 15,000 ft., simple & complex decision making & psychomotor task performance, enlisted military personnel, 10533

ression Effects

2383

Decortication (Brain) cortical spreading depression & food deprivation, glucose licking duration, rats, 6256

decortication, sound localization, opossums, 1931

simultaneous posterior neodecortication vs. successive damage with I wk. interoperative interval vs. successive damage with training during interoperative period, retention of discrimination learning, rats, 10687

Deductive Reasoning (See Inductive Deductive Reasoning)

death of fawn, antagonistic behavior & dominance & territoriality, female deer, 2019

Defecation

adrenalectomy, open-field behavior, rats, 6279

CER & heart rate & defecation, partially immunosympathectomized & normal pregnant rats, 380

exposure to odor of stressed conspecific communicator urinating or defecating, alarm pheromone phenomenon, mice, 8758

genotype-environment interaction & infantile stimulation, bodybuild & open-field ambulation & defecation & escape-avoidance behavior, rats, 287

handling & sex & repeated testing, open-field defecation & ambulation as indices of emotionality, rats, 8771

high & low iodine-releasing by genetic selection based on thyroid gland release, open-field behavior & water-maze learning & seizure susceptibility & endocrine & organ measures, mice, 264

repeated exposure to small chamber, activity & defectation decreases & heart rate increases during habituation sessions, rats, application of P. Groves & R. Thompson's dual-process theory of habituation, 302

Defense Mechanisms (See also Compensation (Defense Mechanism), Denial, Displacement (Defense Mechanism), Fantasy (Defense Mechanism), Identification (Defense Mechanism), Intellectualization, Introjection, Isolation (Defense Mechanism), Projection (Defense Mechanism), Rationalization, Reaction Formation, Regression (Defense Mechanism), Repression (Defense Mechanism), Sublimation, Suppression (Defense Mechanism), Withdrawal (Defense Mechanism))

anticipated contact with therapist, anxiety & defense mechanism use, neurotic depressive vs. S with free floating anxiety & multiple phobias, 11538

calathymic thinking processes as defense mechanism, parents & relatives of oligophrenic children, 7338

checkers in therapy, observation of ego strength & defensive structure, children, 2936

cognitive determinants of defense behavior, norms & general beliefs & beliefs about self & goals, college students, 9184

computer history taking & object relations & impulse control & defensive functions diagnosis & identification, mentally healthy vs. ill children, 7109

defense mechanisms analysis & ego development, historical outline of Freud's work, 7004

defense mechanisms uncovered during psychoanalysis, paranoid states, 11630

defense styles, dependent-dissatisfied vs. satisfied-symbiotic vs. unaccepting type suicide attempters, 1053

examination anxiety & depersonalization & hypochondria, defenses against inner persecution, patients in psychoanalysis, 11786

genesis of defense mechanisms & oral aggression as seen in primitive hand-mouth-eye coordination, 7-10 yr. old schizophrenics, 941

group phenomena developed as systems of social defense against anxiety, chronic psychotics, 7136 guidelines with emphasis on honesty & defense mechanisms, self-

improvement, book, 6992 heart rate & defensive style & stimulus type, recognition memory,

male repressors vs. nonrepressors, 301 Herzberg's motivator-hygiene results, defense mechanisms as

alternate explanation, comments on H. R. Bobbitt & O. Behling's study, 1433

Herzberg's motivator-hygiene results, defense mechanisms as alternative explanation, H. R. Bobbitt & O. Behling's reply to E. A. Locke's criticism, 1393

inhibition & anxiety criteria of defense effectiveness, anal impulse arousal, college students, 4534

interaction of ego defense mode & ego involvement, opinion change, junior college students, 724

perceptions of music & musical output & tastes & inconsistencies, defense functions & therapeutic & diagnostic values, hospitalized psychotics, 11775

psychoanalytic observations, social systems as defense against persecutory & depressive anxiety, 11408

psychoanalytic theory & clinical case material, conflict & defense, book, 857

race & threat value of stimulus, perceptual defense & personal space, black male repressors vs. sensitizers, 4476 religious ritual & culturally constituted defense mechanisms,

intrapsychic adaptive processes & mourning, 720 supervisory methods to deal with resistance in practicum situation, counselor trainees, 884

Defensiveness

age & sleep vs. awake states, heart-rate component of orienting & defensive responses, infants at 6 &/or 12 wk. of age, 10898

assessment method & defensiveness, job satisfaction, insurance company clerks, 10162

defensive vs. participative management practices in residential child care institutions, attitudes, staff & adolescent residents, 7552

guilt vs. shame proneness, defensive style, counseling outpatients,

induction of threat to self-esteem, arousal & resolution of affect, college students, 6976

Psychological Screening Inventory, Defensiveness & Alienation & Social Nonconformity, hospitalized alcoholics, 2650

stress, information processing, defensive & nondefensive 15 17 yr. olds, 6966

Deficiency Disorders (Nutritional) (See Nutritional Deficiencies)

Degrees (Educational) (See Educational Degrees) Dehydrogenases (See also Alcohol Dehydrogenases, Lactate Dehydrogenase)

Delayed Auditory Feedback

intrinsic vs. extrinsic motivation & delayed auditory feedback arousal, novelty preference & free recall, male high school students, 3709

**Delayed Develops** 

Delayed Feedback (See also Delayed Auditory Feedback)

delayed auditory feedback, speech rate, 3616

immediate & delayed feedback, delay-retention effect with multiplechoice tests, high school students, 3232

immediate vs. delayed feedback & testing, retention of reading material, 6th graders, 10050 immediate vs. delayed feedback, motivation & learning in reading,

adults, 5983

Delayed Reinforcement (See Reinforcement Schedules)

Deletion (Chromosome)

Delinquency (Juvenile) (See Juvenile Delinquency)

Delirium chlormethiazole, depressing REM sleep & blocking its rebound &

drug withdrawal, 11592

confrontation-problem solving therapy, confusional & delirious states, physically ill patients, 9607 confusional states & delirium & other neuropsychiatric symptoms,

patients with typhoid fever, 9419

family situation, passive & active deliriums, 2765

**Delirium Tremens Delta Rhythm** 

EEG vs. electro oculography, delta rhythmicity in human sleep, navy enlisted men, 6147

Delusions (See also Megalomania)

cranio-cerebral trauma, hallucinations & delusions & schizophrenic psychosis, head-injured 39 45 yr. olds, 7116

family environment & parent-child relations, paranoid delusions, 8 13 yr. old psychotic boys, 4605

psychoanalytic reflections on narcissistic trauma & decompensation & reconstitution of delusional self, interpretation of dream of Marquis de Sade, 7076

psychotraumatic event & development of consecutive delusions, 30 yr. old woman, 7115 superficial- vs. self-disclosure demand, pathological verbalization &

delusional & autistic responses, paranoid vs. nonparanoid schizophrenics vs. nonpsychotic psychiatric patients, 4861 token reinforcement & feedback, delusional verbal behavior,

verbal conditioning & assertive training, suppression of hallucinatory & delusional behavior, 20 yr. old male paranoid schizophrenic, 11703

Dementia (Presenlle) (See Presenile Dementia)

Dementia (Senile) (See Senile Dementia) Dementia Paralytica (See General Paresis)

Dementia Praecox (See Schizophrenia)

democratization as therapeutic vehicle, decision making in mental hospitals, 9535

participatory decision-making, political knowledge & acquisition of democratic values, 9042

regime coerciveness, development level & socioeconomic change, cross-national trends, 1935-1962, 10962

Democratic Party (See Political Parties)

Demographic Characteristics academic ability & occupational aspirations & biographic & demographic characteristics, husband-wife anxiety levels, married male graduate students, 12015

achievement aptitude & demographic & personality characteristics, academic success & failure & nonacademic withdrawal, freshman nursing students, 7953

age & race & marital status & employment & drug taking length & criminal activity, cocaine abuse, methadone maintenance

patients, 9563

age & sex & social class & marital status & social involvement, psychological health, people over 65 yr. old, longitudinal study, 4243

aging & sex & personal background & characteristics, self-image & involvement & self-evaluation & freedom & values, 45 70 yr. olds, 4084

appropriateness of input vs. output variables as social indicator data & nature & function of objective vs. subjective indicators & distinction between quality & importance of individual life aspects, life quality measurement, 2243

audience demographics & program content, television daytime serials, 2410

classroom group development stages, validation of Tuckman's model, students, 7955

comparison of driver population data, licensed drivers vs. new driver applicants vs. drivers involved in accidents & drivers with moving violations, 3456

CPI & demographic data questionnaire, positive personality traits, teachers in state schools & state-school hospitals & mental health & diagnostic centers, 3356

demographic & attitudinal differences, returning vs. nonreturning black college students, 1281

demographic & psychographic characteristics, intermarket patronage, female homemakers, 10167

demographic & psychological characteristics, identification of consumer types with similar media patterns, urban & rural adults, 3436

demographic & psychometric & behavioral variables, predicting community adjustment, retardates, cross-validation of M. Rosen & M. Kivitz & G. Clark & L. Floor's study, 5183

demographic & social & clinical factors, disorders treated & treatment methods & duration & clinic visits & treatment termination & attitudes, psychiatric outpatients, 7562

demographic & socioeconomic factors, intellectual maturity on

Goodenough-Harris Drawing Test, 6 11 yr. olds, 2122 demographic & sociological & clinical characteristics, amitriptyline treatment program success & dropout rate, depressed females,

demographic &/or sociopsychological variables, socially conscious consumer, 5593

demographic characteristics & self-help skills & physical handicaps & problem behaviors & education & occupation & placement,

institutionalized Down's syndrome patients, 7284 demographic characteristics, attitudes toward blacks & social action, 16-69 yr. old white urban residents, 6661

demographic characteristics, multiproblem families with psychiatry & psychosocial predicaments, 7235

demographic characteristics, preference for private vs. shared room, 10-80 yr. olds, 4165

demographic characteristics, psychiatric diagnosis, psychiatric outpatients, 7185

demographic context, metropolitan education, 8000

demographic factors & radio station selection, listed vs. unlisted telephone subscriber households, implications for telephone interviewing in survey research, 10168

demographic factors, attitudes toward abortion legalization, 4323 demographic factors, drug abuse treatment program type & success,

demographic pattern, help-seeking from 24 hr. crisis intervention

clinic, Ss in acute drug-induced anxiety-states, 7469 demographic variables & cooperation & competition & personality, high vs. low sympathy towards Women's Liberation Movement, female college students, 2279

demographic variables & innovative behavior & interest in & knowledge about topic, opinion leadership, housewives, 5656

department of enrollment & number of students & their demographic characteristics & public vs. private institutions & regional dispersion, survey of graduate training in psychology, 2530

factor analysis of demographic data & socioeconomic & cultural background factors & past history & crime circumstances & victim characteristics & personality & intelligence, males & females who pled insanity to 1st & 2nd degree murder, 990

heroin use patterns & distribution system & population & environment characteristics, white middle-class college communi-

intelligence & personality & achievement & interest & aptitude test scores & demographic variables, prediction of vocational rehabilitation success, potential rehabilitants, 5018

intelligence & personality traits & demographic variables, orientation & mobility & personal-social & vocational skills, 16 66 yr. old legally blind Ss, 4843

IQ & personality traits & demographic characteristics & parent-child relations, dogmatism, college students, 6936

job placement & training & demographic & wage data & case studies & trainee attitudes, government job training program turnover, disadvantaged trainees, 1457 loneliness & isolation & demographic characteristics, hot line" for

widowed callers, 7344

MMPI & sociodemographic questionnaire, emotional stability, college student drug users, 4350

multiple discriminant analysis of Personal Orientation Inventory & Tennessee Self Concept Scale & Differential Value Profile & Mehrabian Achievement Scales & personal data questionnaire, identification of variables discriminating between groups differing

in self-actualization level, freshman college students, 8026
personality & attitudinal & biographical characteristics of drinking
drivers, traffic accidents & violations, 3434

personality & demographic factors, withdrawal from college, college freshmen, 5565

population density, effective relationships, Logoli & Gusii & Kipsigis societies, East Africa, 4326

population studies, measuring individual human behavior, 2267 present & background personal & environmental characteristics, homemaker- vs. career-oriented women, 8991

recently hypothesized biases arising from long-term population trends, birth order effect, review of previously reported & unreported data, 727

religious affiliation & attendance & family size & employment & birth & childhood in large cities, heroin addiction & use, city jail prisoners, 9386

retrospective life history data, occupational success levels, black & white 30 39 yr. old men, 10133

selected attitudes & behaviors & demographic variables, innovative-ness, school of education faculty, 1358

sex & grade level & demographic mobility, dogmatism & interpersonal values & attitude toward school, high school students, 7857

sex & race & age at referral & education & emotional stability, prediction of vocational rehabilitation success, state mental hospital patients, 7349

sex & 1st hospitalization age & diagnosis & psychological history & demographic variables, longevity, 80 yr. old & older former psychiatric patients vs. patients deceased at 65 70 yr. old, 9359

social & demographic & age characteristics, codiene syrup abuse, drug-addict inpatients, 4898

social & demographic factors, widowed people living alone, 6664 socio-demographic variables, drug use, college students, 4348 sociodemographic & social psychological correlates & smoking behavior, drug use, female college students, 4276

sociodemographic & social psychological correlates & smoking behavior, drug use, female college students, 4349

subjective estimate of area & number of people & average population density of countries, psychophysical stimuli, college

subjective evaluations of health & economy & crime & education & social mobility & physical environment & participation vs. selected demographic & attitudinal variables, life quality, 2293

therapeutic orientation of mental health facility & staff occupational discipline & demographic variables, ideological differences, mental health personnel, 903

Demonstrations (Social) (See Social Demonstrations)

# Denatured Alcohol

chlorpromazine vs. stelazine vs. diazepam vs. chlordiazepoxide, EEG & dendritic & transcallosal responses, tracheotomized & scalped & craniotomized & artificial breathing rabbits & cats,

electrical junctions & dendrite spikes in fast flexor motoneurons, escape behavior, crayfish, 8581

enriched vs. isolated vs. social rearing environment, dendritic branching in visual cortex, rat, 8571

### Denial

anxiety denial, educational achievement, 3200

attitudes toward death & dying, denial, aged, 4158

defective ego functioning & repression of & denial of interest in sexual lives & absence of conscious pregnancy fears, unwed motherhood, 2464

denial, anxiety & perceived health status, myocardial infarction patients in coronary care unit, 4694

denial, reaction to crisis of myocardial infarction, hospitalized patients, 4710

ease of denial, accuracy of perceiving death-related stimuli & adaptation to idea of personal death, college students, 10995
Rorschach & Thematic Apperception Test, comparison of S's

Rorschach & Thematic Apperception Test, comparison of S' responses demonstrating psychic mechanism of denial, 4522 Denmark

cross-cultural differences, racial attitudes towards blacks & Mediterraneans, Danish vs. American students, 10949

cross-language factor stability of personality, Personality/Attitude Schedule, English vs. translated versions, male business managers, Belgium & Denmark & England & Finland & France & Greece & Switzerland & U.S.A., 2452

Danish version of Illinois Test of Psycholinguistic Abilities, use as diagnostic instrument in diagnostic teaching, 12053

history of school psychology, Denmark, 9821

inmate rights & prison reform, Sweden & Denmark, 11801

political ideology & interpersonal values & participation in demonstrations, attitudes toward social change & use of force & militarism & racial identification & drug use, male college students from U.S.A. & Canada & Netherlands & Denmark & Sweden & Finland, 684

### Dental Education

educational television as dissemination medium, assessment of continuing dental education, 10103

### Dental Students

attitudes toward mental disorders & mental care, implications for medical training, medical & psychology & dental students, 4604

Dental Surgery

Dental Treatment (See also Dental Surgery) aggression & locus of control, dental anxiety & behavior, 9164

aggression & locus of control, dental anxiety & behavior, 9164 health motivation, perceived vulnerability & benefits & dental trauma history & intention of taking health action, 8 17 yr. olds, implications for health education, 6502

hypnosis, dental anesthetic, 11609

psychoanalytic interpretations of dental procedures, anxiety associated with dental treatment, children, 11500

social modeling vs. desensitization, dentist avoidance, 11763

### Dentistry Dentists

## Deoxycorticosterone

desoxicorticosterone acetate, hydro-saline metabolism regulation in infantile epilepsy, 9595

## Deoxyribonucleic Acid

age & sex, alterations in DNA-bound amino acids, rats, 6186

successive competition DNA-RNA hybridization, detecting presence or absence of qualitative changes in RNA species during shock avoidance conditioning, 10541

# Departmentalized Teaching Method

Dependency (Drug) (See Drug Dependency)

Dependency (Personality)

alcohol drinking patterns, perception of dependent behavior toward mother, female juvenile delinquents, 4900

attractiveness & dependency, occurrence of social exchange rules & altruism & reciprocity, 9052

dependence-independence continuum & therapeutic relationship, therapist's goal, 7621

dependency & other personality traits, preferences for female body parts, males, 4550

dependency need in self & mate & parents, marital satisfaction, couples married 3-17 yr. & under 40 yr. old, 4345

dependency vs. aggressive vs. neutral verbalization choice & frustration, dependence expression, psychopathic vs. neurotic vs. subcultural 16-22 yr. old male delinquents, 1065

differential rank, stability maintenance in 2-man missile crews, Air Force commanders & deputies, 1434

early childhood experiences & high affiliation needs, achievement motives, females, 9171

encounter group experiences & Tennessee Self Concept Scale & phenomenological analysis, self concept & dependence/independence balance, diabetics, 2801

father absence, dependency & hypermasculinity, Negro vs. white male adolescent delinquents, 2693

field dependence vs. independence, time estimation of auditory stimulus in differental prevailing fields, 127

field-dependence & intellectual-perception & figure drawing, Jewish traditional vs. nontraditional vs. Anglo-Saxon Protestant boys, 672

freedom in individualized college mental retardation course, cognitive academic gain, dependent vs. independent learners, 11887

global vs. articulated field coherence, perceptual dependency & frustration reactions, 14 16 yr. old males, 846

high vs. low dependency & presence vs. no presence of human modeler in film, differential amounts of subsequent irrelevant imitation. 1st graders 2184

imitation, 1st graders, 2184
independence- & dependence-producing situation participation by
children, mothers' & fathers' behavior, 4 6 yr. old girls & their
parents, 632

initiation rites, aggression & dependence & validity of Freudian theory of culture, 8 10 yr. old Hopi boys, 686

need to be dependent & marriage, phobias, case reports of 3 women, 2754

passive-receptiveness & dependency, Roman Catholic priests vs. Portestant clergymen, 9177

power-dependence relations, psychotherapeutic interaction, 9649 psychoanalysis vs. faith healing, insight & independence vs. belief & dependence, 11723

psychotherapy termination, suicide, 11567

responses, aggressive vs. dependent sex-typed behaviors in children, 1st & 2nd grade teachers, 11094

sensitivity training, high vs. low dependency needs, college students, 12006

verbal feedback & monetary incentives, dependency-independency & extroversion-introversion scores, educable mentally retarded adolescents, 7609

# Dependent Variables

Depersonalization

descriptions of depersonalization, men & women, 9194

examination anxiety & depersonalization & hypochondria, defenses against inner persecution, patients in psychoanalysis, 11786

LSD induced body image & self-concept & external world perception disturbances, depersonalization symptoms & characteristics, 17 yr. old male, 471

originality & problems of self-motivation in depersonalized world, book, 9218

symptoms & causes, depersonalization & derealization & alienation, 9349

Depression (Emotion) (See also Anaclitic Depression, Involutional Depression, Neurotic Depressive Reaction, Postpartum Depression, Psychotic Depressive Reaction, Reactive Depression)

acridane vs. amitriptyline, antidepressant activity, depressed outpatients, 2969

active vs. simulated electrosleep treatment, anxiety & sleep disturbance & depression, neurotic & depressed outpatients, 1220 adjective intrajudge agreement, self-evaluation scale of endogenous depression, analyst & patient, 9744

ambiguity & failure, self-esteem, depressed vs. nondepressed Ss, 7144

amphetamine withdrawal, affective state & sleep patterns & methoxy-hydroxyphenylglycol excretion, hospital amphetamine users. 7684

antidepressants & drowsiness, therapeutic improvement, mildly depressive patients, 3076

anxiety & depression syndromes, heroin vs. barbiturate vs. amphetamine use, young inpatient addicts, 4721

anxiety & depression, patterns of emotions, book, 11228

anxiety & depression, physiological measures indicating risk of coronary atherosclerosis, male postal employees, 4852

anxiety states vs. depressive illnesses, prognosis of affective disorders, 7633

anxiety states vs. depressive illnesses, statistical analysis of affective disorder classification, 7476

anxiety vs. depressive syndromes, affective disorders classification, patients with affective disorders, 7627

attempted suicide & suicidal ideas, depressed inpatients, clinical observations over 10 yr., 975

autonomic effects of amytriptyline & amytriptyline with protriptyline & imipramine, correlation with antidepressant action, endogenous depressives, 11790 behavioral treatment, depression, 11764

benzoxazone, 18-71 yr. old depressives, 7511

biogenic amine hypothesis of depression, consideration of interactions between catecholamines & indoleamines & false transmitters, 4798

blood platelet monoamine oxidase activity, chronic & newly hospitalized & withdrawn from phenothiazine medication schizophrenic & manic-depressive & depressed patients, 4797 body disfunctions, depressions, 4887

brain monoamine dysfunction, depression & mania, 11353

change of residence, depression & dermatoid & demonopathic delirium, 74 yr. old with posttraumatic blindness, 11436 childhood & adolescent depressive states, proceedings of 4th

childhood & adolescent depressive states, proceedings of 4th Congress of Union of European Pedopsychiatrists, book, 7071

chlorimipramine, depressive states, 7526

clinical & therapeutic aspects, modified vs. latent depression, 11571 clinical importance & diagnosis & treatment, masked depressions, 3062

cognitive impairment & depressive symptoms before & after L-dopa therapy & acute psychotic disorders, Parkinson's disease patients, 9560

configurational analysis of core & ideal & remembered & TV self, schizophrenic vs. depressive vs. neurotic patients, 9347

cortical somatosensory evoked responses & peak latencies & late negative deviation & ratio of late wave to 1st Peak & latter ratio to that of latency Peak 3, senile dementia & elderly depressed patients, 2671

daily urinary elimination of phenethylamine, normals vs. Ss with endogenous depression vs. mania vs. schizophrenics, 9338

delta-8-tetrahydrocannabinol, EEG during sleep, depressed insomniac, 11552

demographic & sociological & clinical characteristics, amitriptyline treatment program success & dropout rate, depressed females, 7429

depression & anxiety & delinquency & learning difficulties & bodily symptoms & phobias & drug abuse & suicide & hypochondria,

adolescents in inpatient units, United Kingdom, 962 depression & health, death anxiety, elderly & late middle-aged Ss, 6616

depression & hyperkinesis, children with minimal brain dysfunction & emotional disturbance, 4913

depression & personality defects, suicidal behavior variations, female psychiatric inpatients, 9399

depression & suspiciousness content measures, Holtzman Inkblot Technique, psychiatric patients, 7134

depression confrontation, aggressive personality disorders treatment, 7543

depression vs. nondepression, reaction on 1st anniversary of spouse's death, widows & widowers, 2582

spouse's death, widows & widowers, 2582 depression, marital & family relations & hostility expression & suicide & therapy focus & casework implications, women, 7687

depression, role in problems related to alcoholism, 4647 depressive states, differential diagnosis & therapeutic indications, 5083

depressive symptoms, hypomania treatment & recovery, patients,

2962 depth of parent-child relationship & early experience, depression, 7124

7124 diagnosis & disability & anxiety & depression & paranoia & object

diagnosis & disability & anxiety & depression & paranoia & object relatedness & compliance, success in methadone maintenance program, black male heroin addicts, 7535 dibenzepin treatment, schizophrenic & manic-depressive & endo-

reactive dysthymia patients, 7649

dibenzepine chlorohydrate, clinical therapeutic effects & dosage & tolerance, 18 71 yr. old depressed patients, 11544

competitional & cooperative conditions, ability attributions, advantaged & disadvantaged 5th & 6th grade public school students, 1774

concrete & abstract stimuli, perceptual development, disadvantaged 5 yr. olds in Head Start, 9978

contingent vs. noncontingent reinforcement periods, verbalizations, nontalking 5 yr. old Negro girl in Head Start program, 2790 counseling, self concept & academic achievement, disadvantaged

dropouts, 9995

disadvantaged vs. advantaged status & sex & age, self concept, Negro 8th 12th graders, 11885

Duso Guidance Program, self-concept development, 1st 3rd graders in Appalachia, 1315

educational problems & harmful effects & social psychological strategy solution, inadequate school training, disadvantaged children, 11849

educational progress, disadvantaged students, book, 11821

ego delay capacity, conceptualization development, 7 8 yr. old disadvantaged impulsive vs. reflective disadvantaged children, longitudinal study, 8786

enactive vs. iconic vs. symbolic cognitive modes & grade level, reproduction & identification & extension of linear patterns, economically disadvantaged 4 7 yr. olds, 9883

experimental learning environment, self concept & positive vs. negative attitudes toward school, disadvantaged black & Puerto Rican 5th graders, 9875

factor analysis of Illinois Test of Psycholinguistic Abilities & Metropolitan Readiness Test or Stanford Achievement Tests, black vs. white disadvantaged 1st & 2nd & 3rd graders, 9877

group counseling & race & age & basic skills achievement, self concept, 16 20 yr. old economically disadvantaged females in federal job training program, 10140 group counseling, self concept & academic achievement, education-

ally disadvantaged 3rd 6th graders, 11991

guidance & counseling center model based on needs, prevention of school dropouts, disadvantaged inner city Negro youth, 9951 guided discovery vs. discovery vs. didactic teaching of math, poverty

kindergartners, 3088

heterogeneous vs. homogeneous grouping, social interaction, disadvantaged vs. privileged Israeli 3 yr. olds, 11062

implications of cultural theories of poverty & increased counseling effectiveness through consumer-supplier model, rehabilitation, disadvantaged, 11725

individually teacher-administered diagnostic tests & test-based

guidance, school readiness, Head Start pupils, 11924 job placement & training & demographic & wage data & case studies & trainee attitudes, government job training program turnover, disadvantaged trainees, 1457

legal system unresponsiveness to blacks & poor & deprived, reevaluation of lawyer's role in society & law school admission policy regarding blacks, 10980

listening comprehension test, identifying college potential, disadvantaged junior high school boys, 7823

listening to compressed speech, attention & concentration & abstraction of important information & spoken information processing, disadvantaged 3rd & 6th graders, 3324

Lowenfeld Mosaic & Incomplete Man & Copy Forms & Unusual Uses Tests, constructional ability & body parts understanding & ability to copy geometric forms & verbal ideational fluency, Chinese vs. Italian vs. Negro vs. Puerto Rican disadvantaged 4 yr. old Head Start students, 2263

maternal stimulation, early language development, disadvantaged preschool age Mexican Americans, 10843

mathematical skills, middle-class vs. disadvantaged kindergartners vs. 1st graders, 7782

mental abilities & scholastic achievement & personality inventories & socioeconomic & cultural disadvantage indices, kindergarten & 1st 8th grade Negroes & Mexican-American vs. whites, 11953

motivational problems, standardized achievement test performance at 2 levels of test difficulty, disadvantaged 3rd graders, 9990

occupational guidance effectiveness & Goodstein's Indecision & Indecisive Constructs, career decision, disadvantaged high school & college students, 11853

open classroom experience, self concept & academic & nonacademic achievement, disadvantaged high school students over 16 yr. old, 9880

parental attitudes & preschool experiences, intellectual development, disadvantaged children, 11865

perceptual-motor abilities, white vs. black male vs. female disadvantaged & middle class kindergartners, 10334

personnel selection & job placement, problems & issues & suggestions, disadvantaged, 5619

Piaget's views of cognitive development, early cognitive intervention programs effectiveness, disadvantaged urban children, 7547

positive vs. negative orientation & job training program vs. entry level job, power & effectance & achievement motivation, black disadvantaged male workers, 8102

preschool remedial educational programs, social disadvantagement, New Zealand Maori & Pakeha children, 7843

preventive mental health program, cognitive interpersonal problemsolving skills & adjustment, disadvantaged 4 yr. olds, 3315

professional vs. paraprofessional instruction of mothers & working directly with infants vs. teaching mothers & sex of infant, intellectual stimulation, 3 mo. to 1 yr. old disadvantaged children,

psychoeducational enrichment college preparatory counseling program, emotional & cognitive development, disadvantaged entering college students, 7706

psychotherapy for poor as liberating or oppressive, 11742 research review & educational program survey & suggestions, intellectual development & education of low socioeconomic status children, book, 1292

sculpture workshop for teacher candidates & disadvantaged children, teacher attitude change & design judgment & children's self concept, 11939

self-concept & occupational aspiration, advantaged vs. disadvantaged 8th grade boys, 7758

sequenced training units, acquisition of conservation, kindergartners in disadvantaged area, 7772

Sesame Street, reading readiness, male vs. female & advantaged vs. disadvantaged kindergarten children, 12013

sociocultural disadvantage in young children, implications for educational personnel, 5570

socioethnic factors in films of different teacher behaviors, imitation of teachers, white advantaged vs. black disadvantaged 3rd & 4th grade males vs. females, 5528

sociopsychiatric rehabilitation, economically deprived communities,

specialized teacher education program, personality variables & attitudes toward disadvantaged, secondary school student teachers, 12128

stimulus class & serial position & single- vs. multiple-match procedure, correct response & response latency in short-term memory, white middle class vs. black disadvantaged lower class 6 7 yr. olds, 8426

student-teacher transactions, educational system success & failure, disadvantaged children in 13 U.S. cities, book, 3130

subcultural group integration in cultural enrichment program, 5 8 yr. old disadvantaged black elementary school students, 3276 symposium, legal education, disadvantaged students, 11815

systematic conceptual learning program, IQ & intellectual development, preschoolers from poverty backgrounds, follow-up investigation, 5434

teaching tactics, disadvantaged, book, 12120

token economy & nonpunitive discouragement of bad behavior, social & learning behavior, hyperaggressive boys & normal 2 4 yr.

olds & nontalking ghetto & autistic children, 7833 transferring control from tokens to natural reinforcers, continuation of treatment gains, disadvantaged black problem adolescents, 7727

tutorial instruction & manipulation of tutors' expectation, intellectual growth, disadvantaged children, 5525

unstimulating preschool environment, development & implementation & evaluation of affective approach for combating intellectual

losses, mothers of disadvantaged preschoolers, 3231 urban & rural poverty lifestyles, Black & Chicano & Indian & Puerto Rican & Caucasian youth, book, 2245

Waldorf method applicability in cultural enrichment, education of disadvantaged elementary school students, 3172

Young Children's Social Desirability Scale, social desirability, economically disadvantaged 4 & 5 yr. olds, 10798

Disappointment

Disasters (See also Natural Disasters) Discipline (Child) (See Child Discipline)

Discipline (Classroom) (See Classroom Discipline)

Disciplines (See also Adolescent Psychology, Anesthesiology, Anthropology, Applied Psychology, Biochemistry, Biology, Botany, Cardiology, Chemistry, Child Psychiatry, Child Psychiatry, Child Psychiatry, Child Psychiatry, Child Psychiatry, Child Psychology, Community Psychiatry, Community Psychology, Comparative Psychology, Consumer Psychology, Counseling Psychology, Dentistry, Developmental Psychology, Educational Psychology, Endocrinology, Engineer-Psychology, Educational Psychology, Endocrinology, Engineering Psychology, Epidemiology, Experimental Psychology, Forensic Psychiatry, Geriatrics, Gerontology, Immunology, Industrial Psychology, Mathematical Psychology, Medical Psychology, Medical Sciences, Military Psychology, Neuroanatomy, Neurobiology, Neuroenmistry, Neurology, Neuropathology, Neurosciences, Obstetrics Gynecology, Ophthalmology, Orthopsychiatry, Physics, Physiological Psychology, Psychiatry, Psychology, Radiology, School Psychology, Social Psychiatry, Social Psychology, Social Sciences, Sociology, Surgery, Transcultural Psychiatry, Veterinary Medicine, Zoology)

**Discovery Teaching Method** 

discovery vs. expository approach, mathematical computation & concept & application retention & principles & relationships learning, 4th graders, 12032

games & desensitization & discovery experiences & instruction, mathematics attitude, undergraduates, 5290

guided discovery vs. discovery vs. didactic teaching of math, poverty kindergartners, 3088

Discrimination (Cognitive) (See Cognitive Discrimination)

attention & observing responses & choice behavior, simultaneous discriminations, chicks, 6142 chlorpromazine & pentobarbital & morphine & d-amphetamine,

temporal discrimination, pigeons, 6311 classical vs. nondifferential punishment extinction procedures & discriminative cues, discriminated barpress avoidance, rats, 6387

control group, discrimination-shift learning, 246 developmental level & intelligence, optional intra- & extradimensional discrimination shifts, preschoolers kindergartners & 2nd &

6th graders & college students, 4154 discrimination & cluster analysis, sleep staging systems, unres-

trained chimpanzees, 10557 discrimination training & response-dependent vs. independent schedules, post-discrimination stimulus control, pigeons, 10788

discriminative controlling function of interests, test of A-R-D theory, 12186

discriminative stimulus duration & variability in chained reinforcement schedules, stimulus control acquisition & maintenance, rats,

drive, correct responses in position reversal learning & t-maze & discrimination learning & running time, rats, 6341

generalized upper-lower item discrimination index B, interpreting discrimination indices in criterion-referenced testing situations,

imagery & acoustic coding instructions & distractor type, noun memory & discrimination, undergraduates, 3689

learning successive line-tilt discrimination task with vs. without errors, stimulus generalization, mentally retarded children, 4686 numerosity as cue, successive reversal, rats vs. pigeons, 10735

proactive inhibition, postdiscrimination generalization gradient,

pigeons, 8712 reinforcement schedule & days of training & beginning vs. midsession & 1 vs. 2 stimuli per session, asymptotic free-operant red-green discrimination reversal, goldfish, 10786

repairing & number of alternatives & meaningfulness, verbal discrimination learning, college students, 6075

septal damage, successive free-operant discrimination with fixed component durations & minimization of negative stimulus responding, rats, 10613

tension induced by positive motivation vs. frustration vs. electric shock, continuous discrimination & number 7 tests & memory & logic tests, 18 24 yr. olds, 10494

texture- & odor-discrimination learning, newborn kittens, 8757 verbal vs. visual dimension highlighting, discrimination & transfer

learning, preschoolers vs. 2nd graders, 4260 Discussion (Group) (See Group Discussion)

Diseases (See Disorders/)

Diseases (Venereal) (See Venereal Diseases)

Dishonesty

ethnicity of occupational status incumbent & nature of occupation, perception of gilding in occupational statuses, female college students, 7818

Dislike (See Aversion)

Disorders/

appendicitis, family reaction & child psychosis, 7 yr. old girl, 11497 body disfunctions, depressions, 4887

chronic physical illness among affective disorders, aged, 9441 compensatory education, motor impairment, book, 12018

confrontation-problem solving therapy, confusional & delirious states, physically ill patients, 9607 confusional states & delirium & other neuropsychiatric symptoms,

patients with typhoid fever, 9419

death by suicide & accidents & disease, postmortem cerebral cortex cortisol amount, patients, 2586

disability determination specialists, role & function, 7055

early infancy threatening situation memory, physical symptoms & manifestations of psychological processes, 7327 illness as justification of failure to fulfill socially prescribed role

obligations, welfare mothers & black working class women, 2223 income & sex & age & educational level, vulnerability to physical & mental illness, Costa Rica, 9273

incongruity between somatic state & psychosocial environment, sexual deprivation, 8886

mistakes in treating patients with physical & psychosomatic ailments, 11568

patient behavior classification scheme & taxonomy of social factors in illness, behavioral science & clinical medicine integration, 7238 physical illness, psychiatric hospital patients in Jamaica, 9307

psychosocial stress & social structures, disease & physical reactions, 4597

rating scale development, physical & mental impairment-of-function, chronically ill aged, 7162 regression analysis of self-reported life changes, illness prediction

improvement, U.S. Navy enlisted men, 4820

Rocky Mountain spotted fever, intellectual functioning, 6 15 yr. old former patients, 9500

social influences, disease incidence & patient & physician roles & health care administration, book of selected readings, 11636 symptom clusters & clinical impressions & statistical methods & taxonomies, disease classification, 2758

Disorientation (Place) (See Place Disorientation) Disorientation (Time) (See Time Disorientation)

Displacement (Defense Mechanism)

catharsis through annoyance, displaced aggression, 2347 Displays (See also Animal Courtship Displays, Auditory Displays,

Tactual Displays, Visual Displays) alpha rhythms detection & electronic feedback control of visual & auditory displays & clocks & counters & computer sampling routines, 8502

audiotape & prosthetic device, acquisition of information from exhibits, 11188

figure & ground & control-display relationships & airplane vs. horizon as moving element of display & pursuit vs. compensatory tracking due to steering command presentation, pilot performance, 1431

noise-intensity & display-difficulty levels & target location, visual target-detection performance, college students, 182

solid state digital display timer/counter, apparatus, 10234

varied display conditions, motor task learning & performance, 1593 Disposition (See Personality/)

Disruptive Behavior (See Behavior Problems)

Dissatisfaction

Dissociative Neurosis

Dissociative Patterns (See also Amnesia, Fugue Reaction, Multiple Personality, Somnambulism)

play therapy, dissociation, 10 yr. old boy, 5038 Dissonance (Cognitive) (See Cognitive Dissonance) Distance Discrimination (See Distance Perception) Distance Perception (See also Apparent Distance)

accommodation & convergence alteration, visual & proprioceptive adaptation, college students, 181

body stimuli & stimuli recognized vs. not recognized as human figures, estimates of distances between body landmarks, college students, 3620

developmental age differences, visual & kinesthetic judgments of distance, 4 & 6 & 8 yr. olds, 2153 disparity magnitude & direction, stereoscopic size & distance of

enclosed lines of Ponzo illusion, 8286 distance & lateral distortion of facemask, underwater hand-eye

coordination & adaptation, Navy Submarine trainees, 3619 distance & movement speed, nonvisual aiming accuracy, college students, 10290

duration & distance & speed of moving targets, interdependence in judgments, adults & accident-free vs. accident-prone 9 10 yr. olds, implications for identifying accident liability, 12170

filled vs. empty distance conservation task, composition error & class inclusion error, conserver vs. nonconserver 1st graders, 6472 inducing circles size & distance between inducing & test circles,

apparent size of test figures, 8283
light rear displays & following distance or headway variations, visual distance discrimination in driving following another

vehicle, 10157 mathematical modeling, estimation of distance by means of perceived size of reference-point & gradient & perceived velocity, 10291

monocular & binocular viewing & visual angles, size perception of standard & comparison rod located at different distances from S,

parallel vs. converging vs. diverging walls, apparent size & distance scales, college students, 179

peripheral stimulus eccentricity & illumination level & light adaptation, visual angle & apparent size & distance perception, male undergraduates, 3607

progressive increase of packing density of texture elements, distance bisection judgments under monocular vs. binocular conditions, criticism of study of J. J. Gibson & J. Purdy & L. A. Lawrence,

projection distance of computer-generated motion picture sequences rotating about vertical axis, perception of rotation in depth, 5818

real vs. imputed distance, time judgments, Kappa phenomenon, 10349

retinal frame size, binocular & monocular perception of line distance & size, undergraduates, 1592

stationary vs. rhythmical rotation of head about vertical axis & white vs. textured background, absolute distance estimation, Navy enlisted men, 8280

subjective geographic distance & emotional involvement, data from 8 studies, 133

target distance & direction & perspective & size & accommodation

& convergence cues, visually directed pointing, adults, 3570 target distance & visual adaptation & accommodation convergence, constancy of visual direction & distance perception, undergraduates, 1658

target speed & size & field dependence, near-far judgments, enlisted men, 3626

test field distance & afterimage apparent size, movement aftereffect duration, college students, 1566

training in air vs. water & water turbidity, absolute distance estimation underwater, 17-25 yr. old Navy enlisted men, 5620 trend analysis, divided distance illusion, 5902

turbidity & air vs. water environments, magnitude estimation of

absolute distance, Navy personnel, 10308
uniocular image magnification, perceived absolute distance & gaze
direction & depth judgment, 3566

Distortion (Perceptual) (See Illusions (Perception))

Distractibility

distractibility, performance on self-paced serial RT task requiring attention, 8340

distraction tone, visual RT performance, normal & brain-damaged & chronic alcoholic males, 9311

distraction, Continuous Performance Test of attention, braindamaged & non-brain-damaged 12 17 yr. old institutionalized & noninstitutionalized retardates, 948 experimentally induced vs. spontaneous distraction, pain, nursing

historical survey & psychoeducational perspective, learning disabilities including perceptual-motor problems & distractibility & hyperactivity, 7832

manifest anxiety & auditory distraction & dominant hand, H. Klove Motor Steadiness Battery performance, male undergraduates,

terminological confusion & symptoms & causes & treatment, childhood disorders characterized by hyperkinesis & impulsivity & emotional liability & distractibility, 4706

visual distraction, visual attention during vigilance task, aphasic vs. nonaphasic 6 7 yr. olds, 10377

Distress

choosing to reduce victim's distress, derogation of the victim, 1732 degree of monolithism in mode of perception of others & minority influences, submission to new norms, college students, 11430

discriminant validity of D. Watson's & R. Friends Social Avoidance & Distress Scale, social approach-avoidance & anxiety, 2496 mother separation, proximity & nipple contact & activity & distress & social play, 21 42 wk. old rhesus monkeys, 6384

personal vulnerability & emotional distress, bodily complaints, medical students, 1019

repeated viewings of filmed accident vs. benign scene in vs. out of context, skin conductance & self-reported distress & heart rate, implications for desensitization therapy, male undergraduates,

Distress Calls (Animal) (See Animal Distress Calls)
Distributed Practice

massed vs. distributed practice, free recall of critical word items, undergraduates, 1690

subjective organization & massed vs. distributed practice, single trial free recall of primed vs. unprimed homographs, 1740

Distribution (Frequency) (See Frequency Distribution)

Distrust (See Suspicion)
Disturbed (Emotionally) (See Emotionally Disturbed)

Diuresis

prolonged sleep deprivation, circadian variation & psychomotor performance & psychological ratings & catecholamine excretion & diuresis & fatigue, 20 64 yr. old military officers, 386

Diuretics (See also Acetazolamide, Caffeine)

Diurnal Variations (See Human Biological Rhythms) **Divergent Thinking** 

controlled association & marker tests, factorial structures with divergent- & convergent-production abilities, 17-18 yr. old Yugoslavians & Americans, 5757

convergent vs. divergent thinking, test anxiety & curiosity,

undergraduates, 848 l

creative thinking course, measures of originality & social consequences & situation & unusual uses of familiar objects, technological school students, 1379

creativity & original thinking, decision-making & problem solving, power-dispatching engineers, 194

creativity & thinking, 10499

divergent & nondivergent creativity tests, factor analysis & test selection in research, 6955

intelligence & social class & school achievement, divergent thinking, 9th 11th graders, 9197

open-ended divergency test scores, measurement of creativity vs. area of interest, college students, 2490

risk-taking & anxiety, convergent & divergent thinking, 6th graders,

science study unit attribute games & problems, divergent-productive thinking development, 5th graders, 9941 semantic divergent thinking & need for achievement & sex & IQ,

risk taking behavior, 5th graders, 7954 sex & adjustment & art-science preference & complexity-simplicity & type of school, creativity, adolescents, 6963 sex differences, divergent thinking, 9th 12th graders, 2157

sibling resemblances & socioeconomic status & achievement, divergent thinking, high school students, 10891

training in creativity, divergent thinking, criticism of D. W. Vaags study, 7780

training in divergent & convergent thinking & intelligence & creativity, problem solving, 14 15 yr. olds, 9842

Division Of Labor (Animal) (See Animal Division Of Labor)

court's application & meaning, child custody laws, 6649

divorce, postdivorce family relationships, 4280 emotional stress, driving performance, Ss involved in divorce

proceedings, 3421 intercorrelations among dropout & alcohol problems & jail & heroin use & divorce, actuarial evaluation of causes & consequences of

deviant behavior, young black men, 7274 long-term clinical follow-up & family study, divorce, black & white psychiatric patients, 9499

**Divorced Persons** 

Dizziness (See Vertigo)

DNA (Deoxyriiboucleic Acid) (See Deoxyribonucleic Acid)

Doctors (See Physicians)

Dogmatism (See Authoritarianism)

Dogs

agonistic behavior control & dominance relationship ontogeny & nonaggressive playful interaction development & cohabitation, social interaction development, 21 50 day old coyotes & beagles & wolves & coyote-beagle & wolf-malamute hybrids in dyads, 1972

androgenic stimulation at birth & pre- & postnatally, sexual development & masculine mating responses, female beagles, 6224 apomorphine, stereotypy in dogs, 8661

auditory CS & intertrial interval variation, Pavlovian cessation conditioning, dogs, 6412

aversive conditioning, heartrate & general activity & panel pressing,

behavior modification, howling, 7 mo. old Basenji dog, 6447

chlordiazepoxide vs. imipramine vs. chlorpromazine, anxiety reduction, genetically timid & normal dogs, 6296

classical aversive conditioning procedure, sympathetic innervation & influences on cardiac contractility vs. heart rate, dogs, 10574 compounding discriminative stimuli controlling variable-interval limited-hold avoidance, response summation, dogs, 8740

CS paired with avoidable vs. unavoidable shock, alteration of Sidman avoidance baselines, dogs, 4051

electrical brain stimulation, reinforcement value, neonatal dogs, 1837

evoked potential comparision, cortical auditory gyrus ectosylvius medius vs. anterior areas, dogs, 3845

halothane anesthesia, input-output relations of EEG spectral components, dogs, 1904

hypotension induced by trimethaphan vs. arterial bleeding, EEG activity, dog, 1963

integrative development of brain & behavior, dogs, book, 1800 intravenous infusion of L-tryptophan dopamine & 5 hydroxyindoles metabolism in brain & cerebrospinal fluid, male beagle dogs, 426

intravenous infusion of L-tryptophan, tryptophan & tyrosine distribution in plasma ultrafiltrate & whole plasma & erythrocytes & cerebrospinal fluid & brain regions, dogs, 425

L-dopa & dopamine, pancreatic secretion, dogs, 6268

L-dopa vs. D,L-5-hydroxy tryptophan, behavioral & cardiovascular effects during consciousness, dogs, 3879

medial prefrontal cortex removal, classical defensive conditioned reflexes & heart rate, dogs, 8675

medial vs. lateral prefrontal lesions, asymmetrical & symmetrical reinforced differentiation, dogs, 8607

ontogenetic & phylogenetic & social significance of inguinal contact & sociosexual vs. socioinfantile patterns, social investigatory behavior & passivity & inhibition, dogs, 1995

operant conditioning, direct control of hippocampus theta wave production, permanently implanted dogs & dogs with drug

induced skeletal muscular paralysis, 10599
orbital vs. proreal vs. medial precruciate lesions, left leg-right leg differentiation, dogs, 8678

proreal lesions, delayed alternation & spatial reversal & go left-go right tasks, dogs, 8638

theoretical propositions, primary social relationships & attachments, dogs & human infants, 6429

thioridazine & haloperidol & pimozide, antagonism of apomorphine-induced stereotypy & emesis, dogs, 6308

training with 3-lever auto-shaping technique, lever-pressing behavior, German shepherds, 2046

tryptamine, cross-tolerance, chronic spinal LSD-tolerant dogs, 10652

10-chloro-11b- (2-chlorophenyl) -2,3,5,6,7, 11b- hexahydrobenzo [6,7,]-1,4- diazepino[5,4-b] -oxazol-6-one, behavioral effects, mice & hamsters & rats & monkeys & dogs, 3913

**Doll Play** 

age & sex, doll-play technique, English vs. Czech 4 & 6 yr. olds vs. Norwegian 5 & 6 yr. olds, 8825

doll play, expression of anxiety & aggression & fear & hostility & reality adjustment & self-desensitization, English & Czech & Norwegian children, 4163

London Play Technique with dolls, role distribution, 4-6 yr. old Czechs, comparison with L. Ucko & T. Moore's results with English children, 4162

Dolphins

ability to utilize empirical figural metrics, dolphins, 519

Domestic Service Persons

Dominance (Animal) (See Animal Dominance)

**Dominance Hierarchy** 

incentive distance & aggressive interaction, dominance hierarchy, Japanese quail, 2024

nose-poke apparatus & videotaping & free-operant testing methods, determination of competition & dominance hierachies, rats, 542 remote-controlled underwater television system & establishing dominant-subordinate relationships & territoriality & reproduc-

tive behavior, social structure, bicolor damselfish, 2020 social behavior & group organization & reproductive cycles & reproductive behavior, caged vervet vs. Sykes' monkeys, 541

coalition strength, formation of contractual norms restricting power tactics usage, male undergraduates, 790

development & validation & comparison with need for power, need for influence measure based on TAT, male undergraduates, 876

directionality of transitory dominance in jokes & cartoons depicting superior-subordinate relationships, humor appreciation, college students & professionals & businessmen, 4460

dominance & assertive behavior, aggression, kindergartners, 10809 dominance-activity & liking in self-analytic group, self-referent accuracy, high vs. low participators, 9076

frequency of mother's dominant & boy vs. girl child's dominant vs. submissive behavior, mother & 4-6 yr. old child dyads, 4256

leader position power manipulation, leadership situational engineering, male college students, test of E. Fiedler's suggestion of leadership situation, 1456

multitrait multimethod matrix, convergent & discriminant validity of dominance, 2486

perceived heroin effects on dominance & interpersonal behavior, heroin-dependent vs. stimulant-dependent patients, 9476 social change, moral teaching & affiliation & power & achievement

imageries content, Egyptian stories & folk tales, 661

Domination (See Authoritarianism)

Dominican Republic cross-cultural household level-of-living scale construction, rural Georgia & Puerto Rico & Dominican Republic data, 658 Donors (See Charitable Behavior)

Dopa

amantadine & L-dopa, rigidity & tremor, parkinsonian syndrome patients, 7372

amphetamine & hydroxyamphetamine & dihydroxyphenylalanine & 5-hydroxytryptophan & reserpine & syrosingopine & methyl-ptyrosine & p-chlorophenylalanine & chlorpromazine & cyproheptadine, amphetamine state conditioned avoidance & recall, albino rats . 446

brain monoamine dysfunction, depression & mania, 11353

d- & l-amphetamine vs. cocaine vs. L-dopa vs. methylphenidate vs. emoline magnesium hydroxide, stereotyped behavior, cats, 8768

H-DOPA peripheral administration during pre- & postnatal development, brain production of [H] catecholamines, 405 imipramine vs. chlorimipramine pre- & posttreatment, L-dopa induced behavior & brain catecholamine & serotonin levels, rats,

L-dopa & dopamine & hydroxytryptamine, seminal fluid emission & central mediation through serotonergic mechanisms, rats, 385

L-dopa & dopamine & 3-methoxy-tyramine & dexamphetamine injections into rostromedial part of caput caudati & pretreatment with a-methyl-para-tyrosine, athetoid & choreiform hyperkinesias, cats, 367

L-dopa & dopamine, pancreatic secretion, dogs, 6268 L-dopa vs. D,L-5-hydroxy tryptophan, behavioral & cardiovascular effects during consciousness, dogs, 3879

L-dopa, memory & visual-motor performance & attention & mood, parkinsonism patients, 5243

L-dopa, mood & thinking & behavior, depression & parkinsonian patients, review, 7468

L-dopa, neuropsychiatric & psychometric effects using Rey's test, parkinsonians, 5128

L-dopa, prevention of haloperidol-induced blockade of conditioned avoidance response, rats, 6310 L-dopa, urinary excretion of L-dopa & dopamine & homovanillic

acid & vanilmandelic acid & cerebrospinal fluid & basal ganglia concentrations, Parkinson's disease patients, 2903

p-chlorophenylalanine & dopa & starvation, marihuana induced

aggressive behavior, rats, 8662

parachlorophenylalanine & 5-hydroxytryptophan & L-tryptophan & a-methyl-5-hydroxytryptophan & MAO inhibitors & a-methyl-paratyrosine & a-methyl-phenylalanine & L-dopa, REM sleep & soporific effect in insomniacs & slow wave sleep, medical & psychiatric patients & normals, 5282

a-methyltyrosine & reserpine, operant shuttle-box & t-maze task performance, 6-hydroxydopamine treated & centrally-sympathectomized rats, 10607

amphetamine & cocaine, turnover rate of brain catecholamines &

motor activity, rats, 1853

amphetamine vs. L-ephedrine p-hydroxylated derivations & unilateral lesion of nigrostriatal pathways, rotational behavior & striatum endogenous dopamine content on brain's intact side, rat, 1843

apomorphine induced motility, role of dopaminergic systems, rats, 8643

apomorphine, antagonistic effect on biochemical changes in dopamine caused by antipsychotic agents, mice, 1897

benztropine & erhybenztropine & diphenylpyraline & brompheniramine & chlorpheniramine & methixene, catecholamines accumulation in central dopamine nerve terminals, rats, 1871

brain monoamine dysfunction, depression & mania, 11353

chlorpheniramine & structural analogs, inhibition of dopamine uptake into synaptosomes of corpus striatum, rats, 1957

depletion of peripheral sympathetic noradrenaline induced by hydroxydopamine, escape & avoidance responding, rats, 8610

desipramine & imipramine & protriptyline & benztropine & d- & lamphetamine & p-chloroamphetamine & cocaine & pretreatment with nialamide, O-methylated noradrenaline & normetanephrine & nor-O-methylated dopamine & 3-methoxytyramine levels in brain & locomotor & rearing & stereotyped behaviors, rats, 8670 dopamine, ileum & heart & vas deferens adrenergic receptors,

rabbits & rats, 3894

fluorescence histochemical technique & biochemical measurements, postnatal development of monoamine-containing neurones, albino rat, 10561

intracisternal injection of 6-hydroxydopamine, behavioral task performance & whole brain norepinephrine levels & behavioral stimulation produced by d-amphetamine & foot-shock-induced aggression & active avoidance acquisition, rats, 1953

intravenous infusion of L-tryptophan dopamine & 5 hydroxyindoles metabolism in brain & cerebrospinal fluid, male beagle dogs, 426

ip injection of 6 hydroxydopamine vs. vehicle solution vs. removal of adrenal medullae vs. sham operation, adrenaline or peripheral noradrenaline depletion & passive avoidance, rats, 1859

L-dopa & dopamine & hydroxytryptamine, seminal fluid emission & central mediation through serotonergic mechanisms, rats, 385

L-dopa & dopamine & 3-methoxy-tyramine & dexamphetamine injections into rostromedial part of caput caudati & pretreatment with a-methyl-para-tyrosine, athetoid & choreiform hyperkinesias, cats, 367

L-dopa & dopamine, pancreatic secretion, dogs, 6268 L-dopa, Parkinson's disease, 4993

L-dopa, urinary excretion of L-dopa & dopamine & homovanillic acid & vanilmandelic acid & cerebrospinal fluid & basal ganglia concentrations, Parkinson's disease patients, 2903

long-term immobilization stress, serum dopamine-b-hydroxylase & hypothalamic tyrosine hydroxylase activity & shock-induced fighting behavior, rats, 6161

morphine injection, brain concentrations of noradrenalin & dopamine & 5-hydroxytryptamine & 5-hydroxyindoleacetic acid & motor activity, mice, 381

p-nitromethylamphetamine, brain noradrenaline & dopamine & 4,adimethyl-m-tyramine & 5 hydroxytryptamine & tyrosine & gamino-n-butyric acid & tryptophan, rats, 412

physostigmine vs. oxotremorine vs. morphine & naloxone & nalorphine & 5-hydroxytryptamine & dopamine & noradrenaline, antinociceptive activities, mice, 440

**Dormitories** 

attending behavior training, undergraduate residence hall assistants,

characteristics expected of counselors in university dormitory & counseling center, adjustment level, college students seeking help,

college roommate assignments based on high school grade averages, academic performance, college students, 7732

helping role training procedure using E. Beier's interpersonal communication model, self-perception & students' perceptions, dormitory advisors, 9873

mixed vs. coed vs. single-sex dorms, personality & social life & sex attitudes & behavior, college students, 7922

recreational behavior & personality traits, drug & alcohol & residence hall security & visitation procedure violation, female college students, 7801

self concept & personality traits & job satisfaction, helpful behavior, resident hall student advisors, 12090

sex & grade level, personal value development, commuting vs. resident freshmen vs. senior college students, 9838

dorsal root stimulation, ventral root potentials in habituation & dishabituation, isolated frog spinal cords, 379
